Where, pursuant to General Condition 9 (*Taxation*), some but not all of the Warrants are purchased and cancelled or pursuant to General Condition 13 (*Replacement of Securities*) additional Warrants are issued, the Calculation Agent may adjust the Conditions (including, without limitation, the Floating Rate Payer Calculation Amount and/or the Original Notional Amount under the Notional Transaction), as it determines to be appropriate, acting in good faith and in a commercially reasonable manner, to preserve for the Warrantholders the economic equivalent of the payment obligations of the Issuer (if any) in respect of the outstanding Warrants after the purchase and cancellation or issue, as the case may be, of such Warrants.

Upon the Calculation Agent making such adjustment(s), the Issuer shall give notice as soon as practicable to the Warrantholders in accordance with General Condition 12 (*Notices*) giving details thereof.

SCHEDULE D – CITIGROUP INC. TLAC ELIGIBLE NOTES

The General Conditions of Securities issued by Citigroup Inc. shall be amended as follows where Schedule D is specified to apply to the relevant Securities in the applicable Issue Terms:

1. Redemption and Purchase

The following shall be inserted at the end of General Condition 6 (*Redemption and Purchase*) in respect of Securities which are Notes or Certificates as General Condition 6(j):

"(j) Regulatory Approval

The redemption or repurchase of any Security that is included in Citigroup Inc.'s capital and total loss absorbing capacity may be subject to prior approval of the Federal Reserve of the United States, which may not acquiesce in the redemption or repurchase of such Security unless it is satisfied that the capital position, total loss absorbing capacity or both of Citigroup Inc., as applicable will be adequate after the proposed redemption or repurchase."

2. Events of Default

The definition of "Event of Default" set out in General Condition 11 (*Events of Default*) in respect of Securities which are Notes or Certificates shall be deleted and replaced by the following:

"**Event of Default**" wherever used herein with respect to the Securities means any one of the following events:

- (a) default in the payment of any interest upon any Security when it becomes due and payable, and continuance of such default for a period of 30 days; or
- (b) default in the payment of the principal or termination amounts of any Security at its due date or default in the delivery of any Entitlement or Physical Redemption Assets in respect of any Security at its due date and, in each case, continuance of such default for a period of 30 days; or
- (c) the entry of a decree or order for relief in respect of the Issuer by a court having jurisdiction in the premises in an involuntary case under the United States Federal bankruptcy laws, as now or hereafter constituted, or any other applicable United States Federal or State bankruptcy, insolvency or other similar law, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the Issuer or of the whole or substantially the whole of its property, or ordering the winding-up or liquidation of its affairs, and the continuance of any such decree or order unstayed and in effect for a period of 90 consecutive days; or
- (d) the commencement by the Issuer of a voluntary case under the United States Federal bankruptcy laws, as now or hereafter constituted, or any other applicable United States Federal or State bankruptcy, insolvency or other similar law, or the consent by it to the entry of an order for relief in an involuntary case under any such law or to the appointment of a receiver, liquidator, assignee, custodian, trustee, sequestrator (or other similar official) of the Issuer or of the whole or substantially the whole of its property, or the making by the Issuer of an assignment for the benefit of its creditors generally, or the admission by the Issuer in writing of its inability to pay its debts generally as they become due.

For the avoidance of doubt, only the Events of Default described above provide for a right of acceleration of the Securities. No other event, including a default in the performance of any other covenant of the Issuer, will result in acceleration.

3. Meetings of Securityholders, Modifications, Determinations and Rounding

The following shall be inserted after General Condition 12(d)(ii) (*Determinations and Exercise of Discretion (BEC)*) in respect of Securities which are Notes or Certificates as General Condition 12(d)(iii):

- "(iii) For the avoidance of doubt, notwithstanding anything in the terms and conditions of the Securities to the contrary, the ability of the Issuer or Calculation Agent to exercise any discretionary authority under the terms and conditions of the Securities shall be limited to exercises of such discretionary authority under which each Security of the series of Securities remains an "eligible debt security" for purposes of the Federal Reserve's TLAC rule."

SCHEDULE E – APAC COMPLIANCE SCHEDULE

This APAC Compliance Schedule shall apply in respect of Securities where "Indian Compliance Representations, Warranties and Undertakings" or "China Compliance Representations, Warranties and Undertakings" or "Taiwan Compliance Representations, Warranties and Undertakings" or "Additional Provisions for Shares traded through the China Connect Service" or "Additional Index Provisions for China Connect Service" are specified as applicable in the applicable Issue Terms and/or the Securities are specified in the applicable Issue Terms to be APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are Indian Participation Certificates or China Participation Certificates or Taiwan Participation Certificates.

Capitalised terms used but not otherwise defined herein shall have the meanings given to them in the General Conditions, the relevant Underlying Schedule, the Multi-Underlying Annex or the Participation Conditions Annex, as applicable.

1. Indian Compliance Representations, Warranties and Undertakings

Where "Indian Compliance Representations, Warranties and Undertakings" are specified as applicable in the applicable Issue Terms and/or the Securities are specified in the applicable Issue Terms to be APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are Indian Participation Certificates, the holders thereof should note that the terms of the Securities will require them to make certain representations, warranties, undertaking and/or agreements (as applicable) as further detailed below and in the Valuation and Settlement Schedule:

The Indian government imposes upon foreign portfolio investors in India certain restrictions in connection with their investment in the Indian securities and derivatives market and in their transactions with counterparties. In particular, the Indian government requires such foreign portfolio investors to comply with certain know-your-client obligations. In order to fulfil these obligations, certain acknowledgements, representations, warranties and undertakings are required from the holders of Securities in connection with any transaction with the holders of Securities in respect of any Securities. Accordingly, by the purchase of any Securities, each holder of a Security will be deemed to have represented, warranted, acknowledged, agreed and/or undertaken (as applicable) that:

On the date of purchase and on each day the Securities are being held, each holder of Securities will be deemed to represent, warrant and/or acknowledge (as applicable) that its purchase of the Securities is in full compliance with the following selling restrictions and it undertakes to comply with and agrees to the selling restrictions below (or if any holder of Securities is a broker-dealer acting on behalf of a client or other professional fiduciary acting on behalf of a discretionary or similar account held for the benefit or account of a client, such holder of Securities will be deemed to represent, warrant and undertake that such client has confirmed to such holder of Securities that such client represents, warrants, acknowledges, agrees and/or undertakes (as applicable) that):

1. It is not (i) an "Indian Resident" or (ii) a "Non-Resident Indian" or (iii) an "Overseas Citizen of India" (each of (i),(ii) and (iii) a "**Restricted Entity**") or (iv) a "Category II foreign portfolio investor" in terms of the FPI Regulations (a "**Prohibited Entity**");
2. It is not a person/entity wherein:
 - (a) contribution of a single Restricted Entity is 25 per cent. or above of the total contribution in its corpus; or
 - (b) aggregate contribution of Restricted Entities is 50 per cent. or above of the total contribution in its corpus; or
 - (c) A Restricted Entity is in control of it, except where:
 - (i) it is an "offshore fund" for which a no-objection certificate has been provided by SEBI in terms of Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 (as amended from time to time); or
 - (ii) it is controlled by investment managers (which are controlled and/ or owned by a Restricted Entity) who are either (i) Appropriately Regulated in their

respective home jurisdiction and registered with SEBI as non-investing foreign portfolio investors; or (ii) incorporated or set up under Indian laws and appropriately registered with SEBI.

For the purposes of this representation, an "**investment manager**" means an entity performing the role of investment management, investment advisory or any equivalent role, including trustee.

For the purpose of this representation, "**control**" includes the right to appoint a majority of the directors or to control the management or policy decisions exercisable by a person or persons acting individually or in concert, directly or indirectly, including by virtue of their shareholding or management rights or shareholders agreements or voting agreements or in any other manner;

- (d) its beneficial owner is a Restricted Entity or a Prohibited Entity.

(For the purposes of this representation, the term "**beneficial owner**" shall be as provided under sub rule (3) of rule 9 of the Prevention of Money-laundering (Maintenance of Records) Rules, 2005 (the "**PML Maintenance of Records Rules**") read with the provisions of the Master Circular for Foreign Portfolio Investors, Designated Depository Participants and Eligible Foreign Investors, as notified by SEBI master circular no. SEBI/HO/AFD/AFD-PoD-2/P/CIR/2024/70 dated 30 May 2024 ("**SEBI Master Circular**"), and the relevant provisions of the FPI Regulations, each as supplemented, amended and modified from time to time);

3. Where an Indian Resident (being an individual) is a constituent of the holder of Securities, the contribution of resident Indian individuals shall have been made through the Liberalised Remittance Scheme ("**LRS**") notified by the Reserve Bank of India and shall have been in global funds whose Indian exposure is less than 50 per cent;
4. Where Indian Residents (other than individuals) are constituents of the holder of Securities:
 - (i) (a) such Indian Resident is an eligible fund manager of the holder of Securities, as provided under sub-section (4) of section 9A of the Income Tax Act, 1961 (43 of 1961); and (b) such holder of Securities is an eligible investment fund as provided under sub-section (3) of section 9A of the Income Tax Act, 1961 (43 of 1961) which has been granted approval under the Income Tax Rules, 1962; or
 - (ii) (a) the holder of the Securities is an Alternative Investment Fund set up in the International Financial Services Centres and regulated by the International Financial Services Centres Authority; (b) such Indian Resident is a sponsor or manager of the holder of Securities; and (c) the contribution of such Indian resident shall be up to 2.5 per cent. of the corpus of the holder of Securities or U.S.\$ 750,000 (whichever is lower), if the holder of Securities is a Category I or Category II Alternative Investment Fund; or 5 per cent. of the corpus of the holder of Securities or U.S.\$ 1.5 million (whichever is lower), if the holder of Securities is a Category III Alternative Investment Fund.
5. It agrees and undertakes to comply with the requirements set out in paragraphs 2, 3 and 4 above at all times and it shall rectify any breach of the conditions therein within a prescribed period (which, as of the date of this Base Prospectus, means a period of 90 days) as may be permitted under relevant applicable laws (including, without limitation, any legislations, rules, regulations, notifications, circulars or guidelines), or, upon issue of any orders or directives to that effect, from time to time, from the date of occurrence of such breach. If the breach is not rectified within this time period, it shall take all steps as may be required by the Issuer, including, if required, to ensure that the Securities is terminated immediately and in the manner required by the Issuer.
6. It is:
 - (a) a resident of a country whose securities market regulator is a signatory to the International Organization of Securities Commission's Multilateral Memorandum of

Understanding (Appendix A Signatories) ("**IOSCO MMOU**") or a signatory to a bilateral Memorandum of Understanding with the SEBI,

provided that in case of a country where there are separate securities market regulators for different provinces/states within that country, it is a resident of a province/state whose securities market regulator is a signatory to the IOSCO MMOU or has entered into a Bilateral Memorandum of Understanding with SEBI, or in the case of a holder being Government or Government related investor, a resident of a country otherwise approved by the Government of India for the purposes of registration of foreign portfolio investors. Provided that this representation is not applicable to holders of Securities that have been incorporated or established in an "**International Financial Service Centre**", which shall have the same meaning as assigned to it in clause (q) of section 2 of the Special Economic Zones Act, 2005 (as may be amended from time to time); or

- (b) where it is a bank (not being a central bank), a resident of a country whose central bank is a member of the Bank for International Settlements,

provided that this representation is not applicable to holders of Securities that have been incorporated or established in an "International Financial Service Centre" which shall have the same meaning as assigned to it in clause (q) of section 2 of the Special Economic Zones Act, 2005 (as may be amended from time to time);

7. It, as well as its underlying investor(s) contributing more than the threshold prescribed under sub-rule 3 of rule 9 of PML Maintenance of Records Rules in its corpus or identified on the basis of control are not mentioned in the Sanctions List notified by the United Nations Security Council;
8. It, as well as its underlying investor(s) contributing more than the threshold prescribed under sub-rule (3) of rule 9 of the PML Maintenance of Records Rules in its corpus or identified on the basis of control, is not resident in a country identified in the public statement of Financial Action Task Force as (i) a jurisdiction having a strategic Anti-Money Laundering or Combating the Financing of Terrorism deficiencies to which counter measures apply; or (ii) a jurisdiction that has not made sufficient progress in addressing the deficiencies or has not committed to an action plan developed with the Financial Action Task Force to address the deficiencies;
9. Where it is a multi-class share vehicle by constitution and has more than one class of shares or sub-funds or an equivalent structure, either (i) a common portfolio is being maintained for all classes of shares or sub-funds or equivalent structure, or (ii) a segregated portfolio is being maintained for separate classes of shares or sub-funds or equivalent structure; and that in the case of a segregated portfolio, the holder has, in the past, submitted beneficial ownership details in compliance with applicable law, and shall provide details of beneficial owners for each fund/sub-fund/share class/equivalent structure that invests in India, as may be sought by the Issuer, associates and/or its affiliates;
10. The relevant Securities do not violate any applicable laws (including, without limitation, any legislations, rules, regulations, notifications, circulars or guidelines), or, any orders or directives, which may be issued from time to time, including in relation to its eligibility and permissibility of it to transact in Securities;
11. The relevant Securities have been purchased (and are being held by) or have been entered into by it as a principal for its own account and not as an agent, nominee, trustee or representative of any other person/entity and that it has not entered into any agreement or arrangement for the issuance of a back to back offshore derivative instrument ("**ODI**") (as such term is defined for the purposes of the FPI Regulations and notifications, circulars, rules and guidelines of the SEBI issued from time to time as may be amended from time to time against the relevant Securities;
12. It has not entered into the relevant Security transaction(s), or will not deal in the Securities, with the intent of circumventing or otherwise avoiding any requirements applicable under any laws applicable in India (including, without limitation, the FPI Regulations and any restrictions applying to foreign portfolio investors in relation to their issuances and/or other dealings of or

in Securities with, Restricted Entities, Prohibited Entities and Ineligible Entities (as hereinafter defined) or laws governing dealing in the securities market, including the Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015, the Securities and Exchange Board of India (Prohibition of Fraudulent and Unfair Trade Practices relating to Securities Markets) Regulations, 2003 and Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, each as amended from time to time, together with any modifications thereto or re-enactments thereof);

13. It also confirms that subscribing to the relevant Securities would not result in Ineligible Entities indirectly subscribing to or dealing in Securities in contravention of Regulation 21 of the FPI Regulations;
14. It shall notify the Issuer immediately, as soon as it becomes ineligible for registration as a "Category I foreign portfolio investor" in terms of the FPI Regulations, and shall take all steps as may be required by the Issuer, including, if required, to ensure that the Securities are terminated immediately and in the manner required by the Issuer. Further, in the event it has an investment manager who is from the Financial Action Task Force member country, and therefore the investment manager is not required to be registered as a Category I foreign portfolio investor as permitted under the FPI Regulations, it undertakes and agrees to provide such information and documents as may be requested by the Issuer from time to time in relation to the relationship between itself and its investment manager;
15. It is an Eligible Entity as defined in Annex A to these "Indian Compliance Representations, Warranties and Undertakings";
16. It is a fit and proper person based on the criteria specified in Schedule II of the Securities and Exchange Board of India (Intermediaries) Regulations, 2008 (as may be amended from time to time);
17. It has not been restricted or constrained (including, without limitation, by any authority, regulator or court), from investing in its home country or overseas, or, convicted of any money laundering related offence;
18. It undertakes and agrees to provide such information and documents (including in relation to any procedures on identification and verification of identity) as may be requested by the Issuer from time to time in relation to its beneficial owners, as set out below. For the purposes of this paragraph the term "**beneficial owner**" shall be as provided under sub rule (3) of Rule 9 of the PML Maintenance of Records Rules read with the provisions of the Master Circular and the relevant provisions of the FPI Regulations, each as amended and modified from time to time:
 - (a) Where it is a company (other than a company listed on a stock exchange in India or resident in and listed on stock exchanges of jurisdictions notified by the Government of India, or a subsidiary of such listed company), natural person(s), who, whether acting alone or together, or through one or more juridical person, has a controlling ownership interest or exercises control through other means. For the purposes of this paragraph, "**controlling ownership interest**" shall have the same meaning as set out in clause (a) of sub rule (3) of Rule 9 of the PML Maintenance of Records Rules, which, as of the date of this Base Prospectus, means ownership of or entitlement to more than 10 per cent. of shares or capital or profits of the company; and "**control**" shall have the same meaning as set out in clause (a) of sub rule (3) of Rule 9 of the PML Maintenance of Records Rules, which, as of the date of this Base Prospectus, includes the right to appoint a majority of the directors or to control the management or policy decisions including by virtue of their shareholding or management rights or shareholders agreements or voting agreements;
 - (b) Where it is a trust, beneficial owners shall be identified on the basis of the author of the trust, the trustees, beneficiaries with 10 per cent. or more interest in it and any other natural person exercising ultimate effective control over the trust through a chain of control or ownership;

SCHEDULE E – APAC COMPLIANCE SCHEDULE

- (c) Where it is a partnership firm, natural person(s) who, whether acting alone or together, or through one or more juridical person, has ownership of/entitlement to more than 10 per cent. of capital or profits of the partnership or who exercises control through other means. For the purpose of this clause, "Control" shall have the meaning as set out in clause (b) of sub-rule (3) of rule 9 of the PML Maintenance of Records Rules which, as on the date of the Base Prospectus, shall include the right to control the management or policy decision; and
- (d) Where it is an unincorporated association or a body of individuals, a natural person who, whether acting alone or together, or through one or more juridical person, has ownership of or entitlement to more than 15 per cent. of the property or capital or profits of such association or body of individuals;

Provided that, for the purpose of (a), (c) and (d) above, where no natural person is the beneficial owner, the beneficial owner shall be the relevant natural person who holds the position of senior managing official.

- 19. It also undertakes and agrees that where no beneficial owner is identified by applying the thresholds under paragraph 18 above, it shall provide such information and documents (including in relation to any procedures on identification and verification of identity) as may be requested by the Issuer including in relation to the natural person who holds the position of its senior managing official (meaning individual(s) as designated by the holder who holds a senior management position and makes key decisions relating to such holder);
- 20. It shall not, and shall ensure that none of its nominees, associates or affiliates shall sell, transfer, assign, novate or otherwise dispose of any Security or any interest in any Security to, or enter into any agreement or arrangement for the issuance of back-to-back ODIs against the relevant Security or enter into an agreement or arrangement with respect to any of the foregoing (each, a "**Transfer**") with, any person/entity which is a Restricted Entity, a Prohibited Entity or any person/entity which is not an Eligible Entity (an "**Ineligible Entity**"). Save for any Transfer(s) to a Pre-Approved Transferee (as defined below) pursuant to paragraph 21 below, prior to any Transfer being undertaken in respect of any Security:
 - (a) the prior written consent of the Issuer and/or the Issuer's associates/affiliates shall be obtained by it and;
 - (i) it shall issue a written notice ("**Transfer Notice**") to the Issuer in such form as the Issuer may determine for the purpose of obtaining such prior written consent; and
 - (ii) the Issuer and/or the Issuer's associates/affiliates shall have absolute discretion in granting or withholding such prior written consent;
 - (b) upon receipt of the Transfer Notice, the Issuer, its associates and affiliates shall have the right to require the person/entity to whom the Transfer is proposed to be made ("**Proposed Transferee**") to provide, and it shall procure that the Proposed Transferee promptly provides, the Issuer or the Issuer's associates/affiliates (as the case may be) with all such information that the Issuer or the Issuer's associates/affiliates (as the case may be) may require with respect to its or their client on-boarding programme, policies or procedures, anti-money laundering programme, or other such programme (as the case may be) (collectively, "**Client Identification Programme**"); and
 - (c) the Proposed Transferee shall issue a written undertaking ("**Transferee Undertaking**") to the Issuer or its associates/affiliates in such form as the Issuer or its associates/affiliates may determine.

For the avoidance of doubt it is clarified that this paragraph 20 shall not apply: (i) in the event the Transfer is pursuant to a direct sale and purchase of the Securities to and by the Issuer or its associates/affiliates, or (ii) to the registration on its behalf of any Security in the name of any custodian, sub-custodian or nominee. Further, a Proposed Transferee who has obtained the

written consent of the Issuer or its associates/affiliates in respect of a Transfer pursuant to this paragraph 20 shall for the purposes hereof hereafter constitute a "**Pre-Approved Transferee**";

21. In the case where it or its nominees, associates or affiliates sell, transfer, assign, novate or otherwise dispose of any Security, or any interest in any Security, to, or enter into any back-to-back ODI or enter into an agreement or arrangement with respect to any of the foregoing with, a Pre-Approved Transferee (a "**Pre-Approved Transferee Transfer**"), it shall issue a written notice to the Issuer in such form as the Issuer may determine within two (2) Hong Kong business days after the Pre-Approved Transferee Transfer;
22. The Issuer and its associates/affiliates are authorised to provide information in their possession regarding it, each Proposed Transferee, its nominees or associates/affiliates and/or the Proposed Transferee, each Security transaction and any breach of the terms of these "Indian Compliance Representations, Warranties and Undertakings" to any Indian governmental or regulatory authority (each an "**Authority**") as the Issuer or its associates/affiliates reasonably deem necessary or appropriate in order to comply with regulations or requests of such Authority from time to time, including but not limited to disclosures in periodic reporting made by the Issuer or its associates/affiliates to any Authority;
23. In the case where it changes investment manager/advisers/sub-manager/sub-advisers (each, a "**Manager/Adviser Transfer**"), it shall issue a written notice to the Issuer in such form as the Issuer may determine thirty (30) Hong Kong business days prior to the Manager/Adviser Transfer;
24. It agrees and undertakes to pay such fees, as sought by the Issuer, in terms of the applicable laws (including, without limitation, any legislations, rules, regulations, notifications, circulars or guidelines), or, any orders or directives, which may be issued from time to time, including in relation to the subscription for Securities;
25. It shall ensure that investment (including, synthetically through Securities) by it, whether directly in its own name as a foreign portfolio investor or as an ODI subscriber, or by entities in the Investor Group (as such term is defined in Annex A to these "Indian Compliance Representations, Warranties and Undertakings") to which it belongs, in equity shares of each Indian company is below ten per cent. of the total issued capital of such company on a fully diluted basis and it shall provide information in this regard to the Issuer, as and when and in such form and manner as may be required;
26. It shall procure its nominees or associates/affiliates to provide the Issuer or its associates/affiliates (as the case may be) promptly with such additional information that the Issuer or its associates/affiliates (as the case may be) reasonably deems necessary or appropriate in order to comply with regulations or requests of any Authority from time to time;
27. It acknowledges that non-compliance with, or breach, violation or contravention of, any terms or obligations under these "Indian Compliance Representations, Warranties and Undertakings" (including, without limitation, any restrictions with respect to a Transfer) ("**Securityholder Obligations**") may result in non-compliance with, or breach, violation or contravention of, applicable laws, rules, regulations, governmental orders or directions, or in regulatory sanctions or other actions against any Issuer and/or its associates/affiliates and may cause irreparable harm to any Issuer and/or its associates/affiliates. Accordingly, it further acknowledges that, in the event of any non-compliance with, or breach, violation or contravention of any Securityholder Obligations by it, the Issuer and/or its associates/affiliates may notify any Authority of any such breach, violation or contravention and exercise any rights and take any measures available to it under the terms of any Security or these "Indian Compliance Representations, Warranties and Undertakings", or any other measures to prevent, avoid, mitigate, remedy or cure such non-compliance, breach, violation or contravention, including but not limited to termination of the Securities by the issuer or its associates/affiliates;
28. These "Indian Compliance Representations, Warranties and Undertakings" replace and subsume any previous "Indian Compliance Representations, Warranties and Undertakings" undertaken or agreed to by it;

SCHEDULE E – APAC COMPLIANCE SCHEDULE

29. The Issuer and/or its associates/affiliates may, to the extent required to comply with applicable laws, regulations, notifications, circulars, rules, guidelines, clarifications, directions, orders and/or decrees issued by a governmental or regulatory authority, issue a written notice to it, unilaterally amending the terms of these "Indian Compliance Representations, Warranties and Undertakings" and such written notice shall be effective and deemed agreed and accepted by it when issued;
30. It shall promptly notify the Issuer or its associates/affiliates should any of the representations, warranties, acknowledgements, agreements and undertakings and material information given by it, whether in respect of it or otherwise, be in breach, change or no longer hold true after the purchase of the relevant Securities; and
31. All the provisions of these "Indian Compliance Representations, Warranties and Undertakings" shall survive the termination of any Security which is the subject matter of these "Indian Compliance Representations, Warranties and Undertakings".

The paragraphs above being the **"Indian Compliance Representations, Warranties and Undertakings"**.

As used above, the following terms shall bear the meanings given to them below:

ANNEX A

Definitions

- (a) **"Appropriately Regulated"** as the term is defined in Regulation 2(1)(b) of the FPI Regulations, which, as of the date, means a person regulated by the securities market regulator or the banking regulator of home jurisdiction or otherwise, in the same capacity in which it proposes to make investments in India. A person under bank category (other than a central bank) would be deemed to be appropriately regulated if it is regulated by the unified financial sector regulator in its home jurisdiction or by a banking sector regulator in its home jurisdiction. Insurance and reinsurance entities shall be deemed to be appropriately regulated for the purpose of the Regulations, if they are regulated or supervised by the relevant regulator in their concerned foreign jurisdiction in the same capacity in which they propose to make investments in India.
- (b) **"Non-resident Indian"** as the term is defined in Rule 2(aj) of the Foreign Exchange Management (Non-debt Instruments) Rules 2019 ("**FEMA Non-debt Rules**") means an individual resident outside India who is a citizen of India.
- (c) **"Person"** includes:
- (i) an individual;
 - (ii) a Hindu Undivided Family;
 - (iii) a company;
 - (iv) a firm;
 - (v) an association of persons or a body of individuals, whether incorporated or not; and
 - (vi) a local authority
 - (vii) every artificial juridical person, not falling within any of the preceding sub-clauses.; and
 - (viii) any agency, office or branch owned or controlled by such person.
- (d) **"Indian Resident"** means a Person resident in India in terms of Section 2(v) of FEMA as set out below:
- (i) a person residing in India for more than one hundred and eighty-two (182) days during the course of the preceding financial year but does not include:

- (A) a person who has gone out of India or who stays outside India, in either case:
 - (a) for or on taking up employment outside India, or
 - (b) for carrying on outside India a business or vocation outside India, or
 - (c) for any other purpose, in such circumstances as would indicate his intention to stay outside India for an uncertain period;
- (B) a person who has come to or stays in India, in either case, otherwise than:
 - (a) for or on taking up employment in India, or
 - (b) for carrying on in India a business or vocation in India, or
 - (c) for any other purpose, in such circumstances as would indicate his intention to stay in India for an uncertain period;
- (ii) any person or body corporate registered or incorporated in India;
- (iii) an office, branch or agency in India owned or controlled by a person resident outside India;
- (iv) an office, branch or agency outside India owned or controlled by a person resident in India.
- (e) **"Eligible Entity"** shall refer to:
 - (i) Government and Government related investors such as central banks, sovereign wealth funds, international or multilateral organisations or agencies including entities controlled or at least 75 per cent. directly or indirectly owned by such Government and Government related investor(s);
 - (ii) Pension funds and university funds;
 - (iii) Appropriately Regulated entities such as insurance or reinsurance entities, banks, asset management companies, investment managers, investment advisors, portfolio manager, broker dealers and swap dealers;
 - (iv) Entities from the Financial Action Task Force member countries, or from any country specified by the Government of India by an order or by way of an agreement or treaty with other sovereign Governments, which are:
 - (A) Appropriately Regulated funds;
 - (B) unregulated funds whose investment manager is Appropriately Regulated and registered as a 'Category I foreign portfolio investor'. Provided that the investment manager undertakes the responsibility of all the acts of commission or omission of such unregulated fund;
 - (C) university related endowments of such universities that have been in existence for more than five years;
 - (v) An entity (A) whose investment manager is from a Financial Action Task Force member country and such investment manager is registered as a 'Category I foreign portfolio investor'; or (B) which is at least 75 per cent. owned, directly or indirectly by another entity, eligible under sub-clause (ii), (iii) and (iv) of this paragraph and such an eligible entity is from a Financial Action Task Force member country. Provided that such an investment manager or eligible entity undertakes the responsibility of all the acts of commission or omission of the entity.
- (f) **"Investor Group"** shall include two or more investors having common ownership, directly or indirectly, of more than 50 per cent. or common control.

SCHEDULE E – APAC COMPLIANCE SCHEDULE

For the purposes of this definition common control shall not be considered where:

- (i) the holder is an Appropriately Regulated public retail fund;
 - (ii) the investors in the holder are public retail funds majority owned by Appropriately Regulated public retail fund on look through basis;
 - (iii) the holder is a public retail fund and the investment managers of the fund are Appropriately Regulated.
- (g) **"Public retail funds"** means:
- (i) mutual funds or unit trusts which are open for subscription to retail investors and which do not have specific investor type requirements like accredited investors'
 - (ii) insurance companies where segregated portfolio with one-to-one correlation with a single investor is not maintained; and
 - (iii) pension funds.
- (h) **"Overseas Citizen of India"** as the term is defined under Rule 2 of the FEMA Non-debt Rules, which, as of the date of this notice, means an individual resident outside India who is registered as an Overseas Citizen of India Cardholder under Section 7-A of the Citizenship Act, 1955.

2. Additional provisions for Indian Participation Certificates

Where "Indian Compliance Representations, Warranties and Undertakings" are specified as applicable in the applicable Issue Terms and the Securities are specified in the applicable Issue Terms to be APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are Indian Participation Certificates, then the Issuer has the right at any time, at the expense and risk of the relevant holder of the Securities, to cancel all or some only of the Securities (the **"Regulatory Termination Securities"**) upon a breach by any holder of any of the Indian Compliance Representations, Warranties and Undertakings set out in sub-paragraph 1 above, and determine whether such Regulatory Termination Securities will be Cash Settled Securities or Physical Delivery Securities.

As provided above, the Issuer has the right to cancel all or some only of the Securities but where, in the determination of the Issuer, it is practicable (including if so provided for by the operating procedures from time to time of any relevant clearing system), the Issuer shall cancel only the Securities of the or each Securityholder that has breached or is in breach of the Indian Compliance Representations, Warranties and Undertakings.

For the purposes of determining the Final Settlement Amount or the Entitlement in respect of the Regulatory Termination Securities, the date of cancellation will be deemed to be the Actual Exercise Date in respect of such Regulatory Termination Securities.

Any settlement will be made as provided above or as the Issuer may otherwise notify to the Securityholders. Upon any such settlement, all obligations of the Issuer in respect of the Securities shall be discharged.

3. China Compliance Representations, Warranties and Undertakings

Where the Securities are APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are China Participation Certificates or "China Compliance Representations, Warranties and Undertakings" is specified as applicable in the applicable Issue Terms, by the purchase of any Security, each Securityholder will be deemed to have represented, warranted, undertaken and agreed that:

On the date of purchase and on each day the Securities are being held, each holder of Securities will be deemed to represent and/or warrant (as applicable) that its purchase of the Securities is in full compliance with the following selling restrictions and it undertakes and agrees to the selling restrictions below (or if any holder of Securities is a broker-dealer acting on behalf of a client or other professional fiduciary acting on behalf of a discretionary or similar account held for the benefit or account of a client, such holder of Securities will be deemed to represent, warrant and/or undertake (as applicable) that such client

has confirmed to such holder of the Securities that such client acknowledges, represents, warrants, agrees and/or undertakes (as applicable) that):

1. It is not: (1) a PRC Citizen resident in the PRC, (2) a PRC Citizen resident outside the PRC who is not a permanent resident of another country or permanent resident of Hong Kong Special Administrative Region, Macau Special Administrative Region or Taiwan region, unless otherwise permitted by the laws, administrative regulations and rules of the PRC or (3) a Legal Person Registered in the PRC (except a Legal Person Registered in the PRC whose purchase of Securities has been conducted pursuant to a programme approved by, or registered with, any competent regulator in the PRC) (each a "**Domestic Investor**");
2. In the case where the Securities are purchased by the holder as or on behalf of a trustee for a trust, interests in the trust are not majority-owned by, and the management decision over the trust is not controlled by, one or more Domestic Investor(s). For the avoidance of doubt, in the case only where a trust's investments are being managed on a discretionary basis by an investment manager, such investment manager shall not be deemed to control such entity for the purposes of this representation by reason only of it being able to control the decision-making in relation to the entity's financial, investment and/or operating policies;
3. All amounts paid or to be paid by it in connection with any Security did not and will not involve moneys financed by or sourced from any Domestic Investor in contravention of the laws and regulations of the PRC; and
4. It confirms that its transactions in the Securities (i) will not contravene any applicable law or regulation of the PRC; and (ii) are not for purposes of gaining or exercising control or influence over the management of the issuer of the securities underlying the Securities, and the holder fully understands that the Issuer relies on this confirmation to enter into any transactions in the Securities with the holder.

Each purchaser of the Securities is deemed to have agreed and undertaken as follows (and for the avoidance of doubt, such agreements and undertakings shall survive the maturity or expiration date of such Securities):

1. It will comply with all applicable PRC laws and regulations, including those in relation to foreign exchange, disclosure of interests and any related disposal restrictions;
2. It acknowledges that the Issuer or its Affiliates may be required to disclose information relating to, among other things, the details of its transactions in the Securities or the identities of any party having a legal or beneficial interest in the Securities as may be required by any relevant regulatory authorities (including, without limit, PBOC, CSRC, NAFR and SAFE) or as may be required under any law, regulation, orders or other lawful request, and it agrees to all such related disclosure and hereby waives confidentiality with regard thereto.
3. It shall promptly provide the Issuer or its Affiliates with such additional information that they reasonably deem necessary or appropriate in order to comply with regulations or requests of any governmental or regulatory authorities from time to time; with regard to the identity and other details of the holder or the beneficial owners in respect of the transactions in the Securities, these include but are not limited to (i) the category to which the holder belongs (i.e., hedge fund, corporate, individual, pension fund, trust, etc.); (ii) in the case where the holder is a fund or the Securities are purchased by the holder as or on behalf of a trustee for a trust fund, names of the fund managers and investment advisors; and (iii) the source of funding of the holder. Where any such information is maintained by any third party on behalf of the holder and the trust fund, it shall ensure that appropriate procedures are implemented with such third party to enable the prompt disclosure of such information to the Issuer or its Affiliates on request;
4. It will not sell, transfer, assign, novate or otherwise dispose of the Securities to any transferee without the prior written consent of the Issuer or its Affiliates, and will provide notice of the transfer restrictions in this paragraph to any subsequent transferee. To the extent such Securities or any of its interest or obligation therein is sold, transferred, assigned, novated or disposed of by the holder in accordance with these terms, the holder undertakes to ensure that the transferee (i) is not a Domestic Investor, (ii) in the case where the Securities are purchased by the transferee

as or on behalf of a trustee for a trust, interests in the trust are not majority-owned by, and the management decision over the trust is not controlled by, one or more Domestic Investor(s), and (iii) is not financing all or any part of the Securities from any Domestic Investor in contravention of the laws and regulations of the PRC. Any purported transfer that is not in compliance with this clause will be void;

5. It will promptly notify the Issuer or its Affiliates should any of the representations, warranties, agreements and undertakings given by it changes or no longer holds true.

The Paragraphs 1 to 9 above being the "**China Compliance Representations, Warranties and Undertakings**".

As used above, the following terms shall bear the meanings given to them below:

Definitions

- (a) "**CSRC**" means the China Securities Regulatory Commission of the People's Republic of China.
- (b) "**Legal Person Registered in the PRC**" means an entity incorporated or organised in the PRC (excluding Hong Kong Special Administrative Region, Macau Special Administrative region and Taiwan region).
- (c) "**NAFR**" means the National Administration of Financial Regulation of the PRC (formerly the China Banking and Insurance Regulatory Commission) including its successors and its local counterparts).
- (d) "**PBOC**" means the People's Bank of China.
- (e) "**PRC**" means the People's Republic of China (excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan region for this purpose).
- (f) "**PRC Citizen**" means any person holding a resident identification certificate of the PRC (excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan region).
- (g) A "**trust**" includes a trust fund or any similar arrangement where the legal title to the trust assets are held by a trustee or legal representative but the beneficial interests in the trust assets are held by beneficiaries; and trustee shall be construed accordingly.
- (h) "**SAFE**" means the State Administration of Foreign Exchange of the People's Republic of China.

4. Additional provisions for China Participation Certificates

Where "China Compliance Representations, Warranties and Undertakings" are specified as applicable in the applicable Issue Terms and the Securities are specified in the applicable Issue Terms to be APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are China Participation Certificates, then the Issuer has the right at any time, at the expense and risk of the relevant holder of the Securities, to cancel all or some only of the Securities (the "**Regulatory Termination Securities**") upon a breach by any holder of any of the China Compliance Representations, Warranties and Undertakings set out in sub-paragraph (b) below, and determine whether such Regulatory Termination Securities will be Cash Settled Securities or Physical Delivery Securities as long as not prohibited by any applicable law.

As provided above, the Issuer has the right to cancel all or only some of the Securities but where, in the determination of the Issuer, it is practicable (including if so provided for by the operating procedures from time to time of any relevant clearing system), the Issuer shall cancel only the Securities of the or each Securityholder that has breached or is in breach of the China Compliance Representations, Warranties and Undertakings.

For the purposes of determining the Final Settlement Amount or the Entitlement in respect of the Regulatory Termination Securities, the date of cancellation will be deemed to be the Actual Exercise Date in respect of such Regulatory Termination Securities.

Any settlement will be made as provided above or as the Issuer may otherwise notify to the Securityholders. Upon any such settlement, all obligations of the Issuer in respect of the Securities shall be discharged.

5. Taiwan Compliance Representations, Warranties and Undertakings

Where the Securities are APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are Taiwan Participation Certificates or "Taiwan Compliance Representations, Warranties and Undertakings" is specified as applicable in the applicable Issue Terms, by the purchase of any Security, each Securityholder will be deemed to have represented, warranted, undertaken and agreed that:

By the purchase of any Security, each Securityholder will be deemed to have represented, warranted, undertaken and agreed that (or if any holder of the Securities is a broker-dealer acting on behalf of a client or other professional fiduciary acting on behalf of a discretionary or similar account held for the benefit or account of a client, such holder of the Securities will be deemed to represent, warrant and undertake that such client has confirmed to such holder of the Securities that such client acknowledges, represents, warrants, agrees and undertakes that) on the date of purchase and on each day the Securities are being held:

1. it is not, and it is not purchasing the Securities for the benefit or account of (1) a person with household registration in, or an entity(ies) incorporated in the PRC (collectively, "**PRC Person**"), (2) an entity(ies) incorporated outside the PRC (including an entity(ies) incorporated in Hong Kong, Macau or Taiwan) that is controlled by a PRC Person(s) or (3) an entity(ies) incorporated outside the PRC (including an entity(ies) incorporated in Hong Kong, Macau or Taiwan) which is more than thirty per cent. (30%) owned, directly or indirectly, by a PRC Person(s).
2. it is not purchasing the Securities utilising funds sourced from the PRC or Taiwan.
3. when purchasing the Securities, it is not (1) an Insider or (2) the spouse or minor child of an Insider or (3) a person or entity which would be deemed to be a "nominee" of an Insider.
4. it authorises, instructs and empowers the Issuer and its Affiliates to submit all such information and file all such reports with the regulatory authorities of Taiwan regarding the Securityholder, the Securities, or otherwise, as may be required by the Taiwan Regulations Governing Investments in Securities by Overseas Chinese and Foreign Nationals or otherwise as may reasonably be requested by Taiwan authorities;
5. it undertakes and agrees that it will provide the Issuer and/or its Affiliates or, to the extent permitted by the relevant governmental or regulatory authority, provide directly to such governmental or regulatory authority, such additional information, from time to time, that the Issuer or its Affiliates deems necessary or appropriate in order to comply with any request by any governmental or regulatory authority or the court of competent authority or if so required under applicable regulations in Taiwan; and
6. it waives any objection such Securityholder may have with respect to 4 or 5 immediately above on the grounds of confidentiality or otherwise, and, for the avoidance of doubt, such agreements and undertakings shall survive the maturity date of the relevant Securities.

Paragraphs 1 to 6 above being the "**Taiwan Compliance Representations, Warranties and Undertakings**".

As used above, the following terms shall bear the meanings given to them below:

Definitions

- (a) "**Insider**" means a shareholder holding directly, or indirectly through nominees, their spouse or minor children, more than ten per cent. (10%) of the shares issued by, or a director, supervisor or dealer of, a Taiwan company the shares of which are traded on the Taiwan Stock Exchange or Taipei Exchange and which constitute an Underlying in respect of the Securities.

- (b) "PRC" means the People's Republic of China (excluding Hong Kong, Macau and, for the avoidance of doubt, Taiwan, for this purpose).

6. Additional provisions for Taiwan Participation Certificates

Where "Taiwan Compliance Representations, Warranties and Undertakings" are specified as applicable in the applicable Issue Terms and the Securities are specified in the applicable Issue Terms to be APAC Participation Certificates or APAC Convertible Bond Participation Certificates that are Taiwan Participation Certificates, then the Issuer has the right at any time, at the expense and risk of the relevant holder of the Securities, to cancel all or some only of the Securities (the "**Regulatory Termination Securities**") upon a breach by any holder of any of the Taiwan Compliance Representations, Warranties and Undertakings set out in sub-paragraph (b) below, and determine whether such Regulatory Termination Securities will be Cash Settled Securities or Physical Delivery Securities.

As provided above, the Issuer has the right to cancel all or some only of the Securities but where, in the determination of the Issuer, it is practicable (including if so provided for by the operating procedures from time to time of any relevant clearing system), the Issuer shall cancel only the Securities of the or each Securityholder that has breached or is in breach of the Taiwan Compliance Representations, Warranties and Undertakings.

For the purposes of determining the Final Settlement Amount or the Entitlement in respect of the Regulatory Termination Securities, the date of cancellation will be deemed to be the Actual Exercise Date in respect of such Regulatory Termination Securities.

Any settlement will be made as provided above or as the Issuer otherwise may notify to the Securityholders. Upon any such settlement, all obligations of the Issuer in respect of the Securities shall be discharged.

7. Additional Provisions for Securities linked to Shares traded through the China Connect Services or for Security Index Linked Securities where Additional Provisions for China Connect Service apply

(A) Where "Additional Provisions for Shares traded through the China Connect Service" or "Additional Index Provisions for China Connect Service" are specified as applicable in the applicable Issue Terms, (i) each Securityholder undertakes that its purchase of the Securities shall be fully in compliance with applicable laws, administrative regulations and rules of the China Connect Services; and (ii) each Securityholder acknowledges that such Securities are not being offered or sold and may not be offered or sold, directly or indirectly, in the PRC or to:

1. (1) a PRC Citizen, unless such person holds a permanent residence identification document of another country or permanent resident of Hong Kong Special Administrative Region, Macau Special Administrative Region or Taiwan region;

or (2) a Legal Person Registered in the PRC (other than its branches registered in other countries or in Hong Kong Special Administrative Region, Macau Special Administrative Region or Taiwan region) (each a "**Domestic Investor (China Connect)**"); or
2. a trustee for a trust, where interests in the trust are majority owned by, and the management decision over the trust is controlled by, one or more "Domestic Investor(s) (China Connect)". For the avoidance of doubt in the case only where a trust's investments are being managed on a discretionary basis by an investment manager, such investment manager shall not be deemed to control such entity for the purposes hereof by reason only of it being able to control the decision making in relation to the entity's financial, investment and/or operating policies.

All amounts paid or to be paid by any investor in connection with any such Security may not involve moneys financed by or sourced from any Domestic Investor in contravention of the laws and regulations of the PRC and all applicable laws and regulations of the PRC must be complied with in respect of anything done in relation to any such Warrants in, from, or otherwise involving, the PRC.

(B) Holders of such Securities should note that the terms of the Securities will require them to make certain representations, warranties, undertaking and agreements as further detailed below and in the APAC Compliance Schedule.

By the purchase of any Security, each Securityholder will be deemed to have represented, warranted, undertaken and agreed that:

Each purchaser of the Securities is deemed to have agreed and undertaken as follows (and for the avoidance of doubt, such agreements and undertakings shall survive the maturity or expiration date of such Securities):

- (i) it will comply with all applicable PRC laws and regulations, including those in relation to foreign exchange, disclosure of interests and any related disposal restrictions;
- (ii) it acknowledges that the Issuer or its Affiliates may be required to disclose information relating to, among other things, the details of its transactions in Securities or the identities of any party having a legal or beneficial interest in the Securities as may be required by any relevant regulatory authorities (including, without limit, PBOC, CSRC and SAFE) or as may be required under any law, regulation, orders or other lawful request, and it agrees to all such related disclosure and hereby waives confidentiality with regard thereto.
- (iii) it shall promptly provide the Issuer or its Affiliates with such additional information that they reasonably deem necessary or appropriate in order to comply with regulations or requests of any governmental or regulatory authorities from time to time; with regard to the identity and other details of the holder or the beneficial owners in respect of the transactions in Securities, these include but are not limited to (i) the category to which the holder belongs (i.e., hedge fund, corporate, individual, pension fund, trust, etc.); (ii) in the case where the holder is a fund or the Securities are purchased by the holder as or on behalf of a trustee for a trust fund, names of the fund managers and investment advisors; and (iii) the source of funding of the holder. Where any such information is maintained by any third party on behalf of the holder and the trust fund, it shall ensure that appropriate procedures are implemented with such third party to enable the prompt disclosure of such information to the Issuer or its Affiliates on request;
- (iv) it will not sell, transfer, assign, novate or otherwise dispose of the Securities to any transferee without the prior written consent of the Issuer or its Affiliates, and will provide notice of the transfer restrictions in this paragraph to any subsequent transferee. To the extent such Securities or any of its interest or obligation therein is sold, transferred, assigned, novated or disposed of by the holder in accordance with these terms, the holder undertakes to ensure that the transferee (i) is not a Domestic Investor (China Connect), (ii) in the case where the Securities are purchased by the transferee as or on behalf of a trustee for a trust, interests in the trust are not majority-owned by, and the management decision over the trust is not controlled by, one or more Domestic Investor(s) (China Connect), and (iii) is not financing all or any part of the Securities from any Domestic Investor (China Connect) in contravention of the laws and regulations of the PRC. Any purported transfer that is not in compliance with this clause will be void; and
- (v) it will promptly notify the Issuer or its Affiliates should any of the representations, warranties, agreements and undertakings given by it changes or no longer holds true.

Paragraphs (A) and (B) above being the "*Additional Provisions for Securities linked to Shares traded through the China Connect Service or for Security Index Linked Securities where Additional Index Provisions for China Connect Service apply*" and paragraph (B)(i) to (v) above being the "*China Connect Service Compliance Representations, Warranties and Undertakings*".

As used above, the following terms shall bear the meanings given to them below:

Definitions

"CSRC" means the China Securities Regulatory Commission of the People's Republic of China.

"China Connect Service" means the securities trading and clearing links programme through which (i) the Stock Exchange of Hong Kong Limited and/or its affiliates provides order-routing and related services for certain eligible securities traded on the Shanghai Stock Exchange, the Shenzhen Stock Exchange or such other stock exchange as may be designated from time to time and (ii) China Securities Depository and Clearing Corporation Limited, Hong Kong Securities Clearing Company Limited or such other clearing system provide clearing, settlement, depository and related services in relation to such securities.

SCHEDULE E – APAC COMPLIANCE SCHEDULE

"Legal Person Registered in the PRC" means an entity incorporated or organised in the PRC (excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan region).

"PRC" means the People's Republic of China (excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan region for this purpose).

"PRC Citizen" means any person holding a resident identification certificate of the PRC (excluding Hong Kong Special Administrative Region, Macau Special Administrative Region and Taiwan region).

A **"trust"** includes a trust fund or any similar arrangement where the legal title to the trust assets are held by a trustee or legal representative but the beneficial interests in the trust assets are held by beneficiaries; and trustee shall be construed accordingly.

"SAFE" means the State Administration of Foreign Exchange of the People's Republic of China.

"Shares" means securities that are eligible for trading through the China Connect Service.

VALUATION AND SETTLEMENT SCHEDULE

PART A: VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

This Part A of the Valuation and Settlement Schedule shall apply to each Tranche of Securities which are Notes or Certificates. References in this Part A to the "Valuation and Settlement Schedule" shall be construed as references to this Part A of the Valuation and Settlement Schedule only.

All determinations, considerations, elections, selections, conversions (actual or notional) or calculations made or decided on in relation to matters set out in this Valuation and Settlement Schedule will be determined, considered, elected, selected, converted or calculated by the Calculation Agent.

Each defined term used in this Valuation and Settlement Schedule or in the applicable Issue Terms may be included more than once in the applicable Issue Terms and may be attributed a numerical or letter suffix value when so included in the applicable Issue Terms. Without limitation, the suffix can be denoted as "n", "t" or "i". Each suffix may denote that the relevant term relates to a specific Underlying, item, amount, date, or other variable associated with that suffix in order to differentiate such term for each identical term which has a different suffix, but will not otherwise amend the meaning of such term.

For example, an Interest Payment Date may appear as "Interest Payment Date 1" or "Interest Payment Date 2" and so on for each Interest Payment Date, or "Interest Payment Date n" (where n=1, 2...and so on), in each case when set out in the applicable Issue Terms. Related terms may also include such suffix; e.g. "Interest Barrier Level 1" and "Interest Barrier Event 1" could each pertain to Interest Payment Date 1, "Interest Barrier Level 2" and "Interest Barrier Event 2" could each pertain to Interest Payment Date 2, and so on. Similarly, by way of further example, a Mandatory Early Redemption Date may appear as "Mandatory Early Redemption Date 1" or "Mandatory Early Redemption Date 2" and so on for each Mandatory Early Redemption Date, or "Mandatory Early Redemption Date n" (where n=1, 2...and so on), in each case when set out in the applicable Issue Terms. Related terms may also include such suffix; e.g. "Mandatory Early Redemption Barrier Level 1" and "Mandatory Early Redemption Event 1" could each pertain to Mandatory Early Redemption Date 1, "Mandatory Early Redemption Barrier Level 2" and "Mandatory Early Redemption Event 2" could each pertain to Mandatory Early Redemption Date 2, and so on. The foregoing are examples only: other defined terms set out below and in the Issue terms may also be included more than once in the applicable Issue Terms and may be attributed a numerical or letter suffix value when so included in the applicable Issue Terms.

If the relevant Security is in the form of a Note, each reference to a Security in this Valuation and Settlement Schedule shall be construed as a reference to a Note representing a principal amount equal to the Calculation Amount for purposes of all calculations and determinations hereunder (save unless explicitly provided otherwise). Correspondingly, in such case, each reference in the Issue Terms to "per Security" shall be construed as a reference to a "Note representing a principal amount equal to the Calculation Amount".

1. Interest and Redemption Provisions

1.1 Definitions

(a) Definitions relating to interest

(i) Definitions relating to Dates

"Interest Payment Date" means each date specified as such in the Table set out in the applicable Issue Terms.

"Range Accrual Determination Date" means, as specified in the applicable Issue Terms, a Business Day or calendar day.

"Specified Interest Barrier Observation Date" means:

- (A) where the Securities are not specified in the applicable Issue Terms to be Range Accrual Securities and in respect of an Interest Payment

Date, each date or dates specified as such for such Interest Payment Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **"Interest Barrier Observation Date"**; or

- (B) where the Securities are specified in the applicable Issue Terms to be Range Accrual Securities and in respect of an Interest Period, each Range Accrual Determination Date falling from (and including) the first day of such Interest Period to (but excluding) the day falling the Cut-Off Number of Business Days prior to the last day of such Interest Period (the **"Accrual Cut-Off Date"**) and in respect of each Range Accrual Determination Date falling from (and including) the Accrual Cut-Off Date to (and including) the last day of such Interest Period, the Accrual Cut-Off Date shall be a Specified Interest Barrier Observation Date for such day. Each such date shall be deemed to be a Specified Valuation Date and:
 - (1) where Range Accrual Value What You Can Observation is specified as applicable in the applicable Issue Terms, if, in respect of an Interest Barrier Underlying, any such date is not a Scheduled Trading Day for such Interest Barrier Underlying or is a Disrupted Day for such Interest Barrier Underlying, then such date shall be the immediately preceding Range Accrual Determination Date that is a Scheduled Trading Day for such Interest Barrier Underlying and is not a Disrupted Day for such Interest Barrier Underlying, and each such date, as so adjusted, an **"Interest Barrier Observation Date"**. For the avoidance of doubt, an Interest Barrier Observation Date may be the Interest Barrier Observation Date for more than one Range Accrual Determination Date; or
 - (2) where Range Accrual Move In Block Observation is specified as applicable in the applicable Issue Terms, if any such date is not a Scheduled Trading Day for all Interest Barrier Underlying(s) or is a Disrupted Day for any Interest Barrier Underlying, then such date shall be the immediately preceding Range Accrual Determination Date that is a Scheduled Trading Day for all Interest Barrier Underlying(s) and is not a Disrupted Day for any Interest Barrier Underlying(s), and each such date, as so adjusted, an **"Interest Barrier Observation Date"**. For the avoidance of doubt, an Interest Barrier Observation Date may be the Interest Barrier Observation Date for more than one Range Accrual Determination Date.

"Specified Interest Initial Floor Strike Date" means, in respect of an Underlying, each date specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **"Interest Initial Floor Strike Date"**.

"Specified Interest Strike Date" means, in respect of an Underlying, each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **"Interest Strike Date"**.

"Specified Interest Valuation Date" means, in respect of an Interest Payment Date, each date designated as such for such Interest Payment Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, an **"Interest Valuation Date"**.

(ii) **Definitions relating to the Interest Underlying(s), the performance of the Interest Underlying(s) and levels of the Interest Underlying(s)**

"A" means the percentage specified as such in the applicable Issue Terms, which percentage may be 0 (zero) per cent.

"Absolute Value" or **"Abs"** means the positive percentage or decimal or numerical value of the percentage or decimal or number, as the case may be, without regard to its sign (thus for example the Absolute Value of -19 per cent. would be 19 per cent. and the Absolute Value of 19 per cent. would be 19 per cent.).

"B" means the decimal specified as such in the applicable Issue Terms, which decimal may be 0 (zero).

"Best Oasis Performer" means, in respect of an Interest Payment Date:

- (A) if "Oasis – Best Performing Only" is specified in the applicable Issue Terms, the Interest Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Oasis Interim Percentage for such Interest Payment Date; or
- (B) if "Oasis – Multiple Best Performing" is specified in the applicable Issue Terms, each Interest Underlying which has one of the X highest Oasis Interim Percentages, determined by the Calculation Agent by ranking each of the Interest Underlyings in order of their Oasis Interim Percentage in respect of such Interest Payment Date from highest to lowest, where (i) the Interest Underlying with the highest Oasis Interim Percentage will be **"Oasis Best Performer 1"**, (ii) the Interest Underlying with the second highest Oasis Interim Percentage will be **"Oasis Best Performer 2"**, and so on until (iii) the Interest Underlying with the X highest Oasis Interim Percentage will be **"Oasis Best Performer X"**,

PROVIDED THAT, if any two or more Interest Underlyings have an equal Oasis Percentage in respect of such Interest Payment Date, the highest of such Interest Underlyings shall be determined in accordance with the Equality Adjustment.

"Cross Rate I Designated Page" means, in respect of an Interest Underlying and the FX for such Interest Underlying, such page as is specified for such Interest Underlying in the applicable Issue Terms.

"Cross Rate II Designated Page" means, in respect of an Interest Underlying and the FX for such Interest Underlying, such page as is specified for such Interest Underlying in the applicable Issue Terms.

"Cross Rate I Designated Time" means, in respect of an Interest Underlying and the FX for such Underlying, the time specified for such Interest Underlying in the applicable Issue Terms.

"Cross Rate II Designated Time" means, in respect of an Interest Underlying and the FX for such Underlying, the time specified for such Interest Underlying in the applicable Issue Terms.

"Designated Page" means, in respect of an Interest Underlying and the FX for such Interest Underlying, such page as is specified for such Interest Underlying in the applicable Issue Terms.

"Designated Time" means, in respect of an Interest Underlying and the FX for such Interest Underlying, the time specified as such in the applicable Issue Terms.

"Equality Adjustment" means that, in respect of two or more performances, levels or values determined by the Calculation Agent to be equally high or low, the Calculation Agent will deem any of such equal highest or lowest performances, levels or values to be the highest or lowest performance, level or value, in its discretion.

"FX" means, for the purpose of this Condition 1.1(a) (*Definitions relating to interest*), where FX Provisions are specified as applicable in respect of the Interest Provisions in the applicable Issue Terms, (a) in respect of an Interest Underlying and the level or value (as provided on the applicable Electronic Page (as defined in Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) below)) of which is expressed or determined to be in a currency other than the Settlement Currency, (being in the case of Dual Currency Securities, the Denomination Currency) (the **"Relevant Currency"**), either: (i) where Quanto Provisions are specified as applicable in the applicable Issue Terms, the rate specified for such Interest Underlying in the applicable Issue Terms; or (ii) where Compo FX Provisions are specified as applicable in the applicable Issue Terms, the average of the mid Relevant Currency/Settlement Currency exchange rates quoted on the Designated Page at the Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Relevant Currency/Settlement Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (expressed as the number of units of the Relevant Currency (or part thereof) for which one unit of the Settlement Currency can be exchanged) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate; or (b) otherwise, 1,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be 1 divided by the rate calculated pursuant to the above (rounded to four decimal places); or (y) if Cross Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be the average of the mid Cross Rate A Currency/Cross Rate B Currency exchange rates quoted on the Cross Rate I Designated Page at the Cross Rate I Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Cross Rate I Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by Cross Rate A Currency/Cross Rate C Currency exchange rates quoted on the Cross Rate II Designated Page at the Cross Rate II Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid

Cross Rate A Currency/Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

"FX Performance" means, in respect of an Interest Payment Date, an amount expressed as a percentage and determined in accordance with the following formula:

$$\frac{\text{FX perf Final}}{\text{FX perf Initial}}$$

where,

"FX Perf Final" means:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Interest Valuation Date relating to that Interest Payment Date (or, if more than one such date is specified, the last occurring Specified Interest Valuation Date relating to that Interest Payment Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange

rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

"FX Perf Initial" means either an amount specified as such in the applicable Issue Terms or, if no such amount is so specified:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Interest Strike Date relating to that Interest Payment Date (or, if more than one such date is specified, the last occurring Specified Interest Strike Date relating to that Interest Payment Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/ FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/ FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Each of **"FX Perf Rate"**, **"FX Perf Designated Page"**, **"FX Perf Designated Time"**, **"FX Perf Cross Rate A Currency"**, **"FX Perf Cross Rate B**

Currency", **"FX Perf Cross Rate C Currency"**, **"FX Perf Cross Rate I Designated Page"**, **"FX Perf Cross Rate I Designated Time"**, **"FX Perf Cross Rate II Designated Page"**, **"FX Perf Cross Rate II Designated Time"**, **"Final FX Perf Valuation Date"** and **"Initial FX Perf Valuation Date"** shall be as specified in respect of the Interest Provisions in the applicable Issue Terms.

"Interest Initial Floor Level" means, in respect of an Interest Initial Floor Strike Date and/or the relevant Interest Payment Date and the or each Interest Underlying, the product of (A) the Underlying Closing Level of such Interest Underlying on the Interest Initial Floor Strike Date, as converted by reference to the relevant FX (if any) for the Interest Initial Floor Strike Date, and (B) the Interest Initial Floor Percentage.

"Interest Initial Floor Percentage" means, in respect of an Interest Initial Floor Strike Date and/or the relevant Interest Payment Date and the or each Interest Underlying, the percentage rate (if any) specified as such in the applicable Issue Terms.

"Interest Initial Level" means, in respect of an Interest Valuation Date, Interest Valuation Dates, Interest Barrier Observation Date or, as the case may be, Interest Barrier Observation Dates, and/or the relevant Interest Payment Date and the or each Interest Underlying:

- (A) where the Interest Initial Level is specified in the applicable Issue Terms to be "Closing Level on Interest Strike Date", the Underlying Closing Level of such Interest Underlying on the Interest Strike Date, as converted by reference to the relevant FX (if any) for the Interest Strike Date;
- (B) where the Interest Initial Level is specified in the applicable Issue Terms to be "Closing Level on Interest Re-Strike Date IPD", (i) the Interest Reference Level for the immediately preceding Interest Payment Date and the related Interest Valuation Date(s) or, if none, (ii) the Underlying Closing Level of such Interest Underlying on the Interest Strike Date, as converted by reference to the relevant FX (if any) for the Interest Strike Date;
- (C) where the Interest Initial Level is specified in the applicable Issue Terms to be the "Closing Level on Interest Re-Strike Date IVD", (i) the Interest Reference Level for the immediately preceding Interest Valuation Date relating to the relevant Interest Payment Date or, (ii) if none, the Interest Reference Level for the last occurring Interest Valuation Date relating to the immediately preceding Interest Payment Date, or (iii) if there has been no such Interest Valuation Date, the Underlying Closing Level for the Interest Underlying on the Interest Strike Date, as converted by reference to the relevant FX (if any) for such Interest Valuation Date or Interest Strike Date, as the case may be;
- (D) where the Interest Initial Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Interest Strike Dates", the arithmetic average of the Underlying Closing Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;
- (E) where the Interest Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Interest Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Interest Underlying on the Interest Strike Dates, as converted first in each

case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;

- (F) where the Interest Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Interest Strike Dates", the lowest (or equal lowest) Underlying Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;
- (G) where the Interest Initial Level is specified in the applicable Issue Terms to be "Highest Closing Level on Interest Strike Dates", the highest (or equal highest) Underlying Closing Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent;
- (H) where the Interest Initial Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Interest Strike Dates", the highest (or equal highest) Underlying Level of such Interest Underlying on the Interest Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Strike Date, as determined by the Calculation Agent; or
- (I) a level specified as such for the Interest Underlying in the applicable Issue Terms,

PROVIDED THAT where "Interest Initial Floor" is specified as applicable in the applicable Issue Terms, the Interest Initial Level shall be subject to a minimum level equal to the Interest Initial Floor Level.

"Interest Period Final Reference Level" means, in respect of an Interest Underlying and an Interest Payment Date, the Interest Reference Level for such Interest Underlying on the last occurring Interest Valuation Date in respect of such Interest Payment Date.

"Interest Period Initial Reference Level" means, in respect of an Interest Underlying and an Interest Payment Date, the Interest Initial Level for such Interest Underlying on the first occurring Interest Valuation Date in respect of the relevant Interest Payment Date.

"Interest Period Strike Level" means, in respect of an Interest Underlying and an Interest Payment Date, the Interest Period Strike Level specified for such Interest Underlying in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Interest Underlying's Interest Period Initial Reference Level.

"Interest Reference Level" means, subject as provided in sub-paragraph (G) of the definition of Interest Barrier Event below, in respect of an Interest Valuation Date or, as the case may be, Interest Valuation Dates, the related Interest Payment Date and the or each Interest Underlying, either:

- (A) where the Interest Reference Level is specified in the applicable Issue Terms to be "Closing Level on Interest Valuation Date", the Underlying Closing Level of such Interest Underlying on the Interest Valuation Date, as converted by reference to the relevant FX (if any) for such Interest Valuation Date;
- (B) where the Interest Reference Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Interest Valuation Dates", the arithmetic average of the Underlying Closing Level of such Interest Underlying on the Interest Valuation Dates, as

converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent;

- (C) where the Interest Reference Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Interest Valuation Dates", the lowest (or equal lowest) Underlying Closing Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent;
- (D) where the Interest Reference Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Interest Valuation Dates", the lowest (or equal lowest) Underlying Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent;
- (E) where the Interest Reference Level is specified in the applicable Issue Terms to be "Highest Closing Level on Interest Valuation Dates", the highest (or equal highest) Underlying Closing Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent; or
- (F) where the Interest Reference Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Interest Valuation Dates", the highest (or equal highest) Underlying Level of such Interest Underlying on the Interest Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Interest Valuation Date, as determined by the Calculation Agent.

"Interest Strike Level" means, in respect of an Interest Underlying, the Interest Strike Level specified for such Interest Underlying in the Table set out in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Interest Underlying's Interest Initial Level.

"Interest Underlying" means the or each Underlying (as defined in Condition 2(m) (*Definitions*) below) specified as an Interest Underlying in the applicable Issue Terms.

"Interim Outperformance A Underlying(s)" means, in respect of the Interim Performance Provisions, the or each Interest Underlying specified for OutPerf A in the applicable Issue Terms.

"Interim Outperformance B Underlying(s)" means, in respect of the Interim Performance Provisions, the or each Interest Underlying specified for OutPerf B in the applicable Issue Terms.

"Interim Performance" means, subject as provided in sub-paragraph (G) of the definition of Interest Barrier Event below, in respect of an Interest Payment Date and:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the Interest Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each

relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance

Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and

- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, all of the Interest Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance

Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not

override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;

- (C) where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, each of the Interest Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event

Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
 - (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (D) where "Outperformance Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula:

$$[\text{Outperf A} - \text{Outperf B}] \times 100$$

For which purpose:

"Outperf A" means, in respect of such Interest Payment Date and:

- I. where "Single Underlying Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance A Underlying in the applicable Issue Terms, the Interim Outperformance A Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance A Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance A Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such

maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance A Underlying in the applicable Issue Terms, all of the Interim Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance A Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance A Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A

(Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar); and

- (4) otherwise, if (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance A Underlying, each of the Interim Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance A Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance A Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf

A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

"Outperf B" means, in respect of such Interest Payment Date and

- I. where "Single Underlying Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance B Underlying in the applicable Issue Terms, the Outperformance B Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance B Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified

in the applicable Issue Terms, then the Outperf B is subject to such maximum decimal and minimum decimal (a collar);

- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);

II. where "Weighted Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance B Underlying in the applicable Issue Terms, all of the Interim Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance B Underlying, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar); and
- (4) otherwise, if (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B and a Minimum

Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions for Interim Outperformance B Underlying, each of the Interim Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interim Outperformance B Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Interim Outperformance B Underlying:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B (Barrier Event Not

Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar); and

- (4) otherwise, if (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);

- (E) where "Arithmetic Mean Underlying Return" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, each of the Interest Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\sum_{n=1}^n \frac{1}{n} \times \text{Underlying Return}$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a

Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
 - (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
 - (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (F) where "Himalaya Interim Performance – Asian Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the Interest Underlyings, an amount expressed as a percentage and determined as the arithmetic mean of the Multiple IVD Interim Performance

Percentage for the relevant Interest Underlying on the Interest Valuation Dates in respect of the relevant Interest Payment Date, as determined by the Calculation Agent, PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim

Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied) or Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of sub-paragraphs (1) to (4) above;
- (G) where "Cliquet" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, each of the Interest Underlyings, an amount expressed as a percentage and determined by reference to the following formulae, where each relevant constituent value is determined in relation to the relevant Interest Underlying:
- I. if "Sum of Underlying Return Cliquet" is specified as the Cliquet Underlying Return in the applicable Issue Terms:
- $$\sum_{t=1}^t \text{Cliquet Underlying Return} - A; \text{ or}$$
- II. if "Product of Underlying Return Cliquet" is specified as the Cliquet Underlying Return in the applicable Issue Terms:
- $$\prod_{t=1}^t \text{Cliquet Underlying Return} - A; \text{ or}$$
- III. if "Period Performance Less Cliquet Return - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:
- $$\text{Period Performance} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$
- IV. if "Absolute Period Performance Less Cliquet Return - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:
- $$\text{Abs (Period Performance)} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- V. if "Period Performance Less Cliquet Return - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\text{Period Performance} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- VI. if "Absolute Period Performance Less Cliquet Return - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\text{Abs (Period Performance)} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right); \text{ or}$$

- VII. if "Cliquet Return Less Period Performance - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Period Performance}; \text{ or}$$

- VIII. if "Cliquet Return Less Absolute Period Performance - Sum" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Abs (Period Performance)}; \text{ or}$$

- IX. if "Cliquet Return Less Period Performance - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Period Performance}; \text{ or}$$

- X. if "Cliquet Return Less Absolute Period Performance - Product" is specified as the Cliquet Underlying Return in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return} - A \right) - \text{Abs (Period Performance)},$$

PROVIDED HOWEVER THAT:

- (1) for the purposes of determining whether an Interest Barrier Event has occurred pursuant to Condition 1.1(a)(iii) below, if (x) a Maximum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event) and a Minimum Interim Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);

- (2) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar); and
- (3) for the purposes of determining any Interest Amount pursuant to Conditions 1.1(a)(iv)(F), 1.1(a)(iv)(G) and 1.1(a)(iv)(H) below and if an Interest Barrier Event has not occurred, if (x) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage (Barrier Event Not Satisfied) and a Minimum Interim Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (4) otherwise, if (x) a Maximum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage (a cap); (y) a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such minimum percentage (a floor); or (z) a Maximum Interim Performance Percentage and a Minimum Interim Performance Percentage is specified in the applicable Issue Terms, then the Interim Performance is subject to such maximum percentage and minimum percentage (a collar);
- (5) if an Interim Performance Adjustment Percentage is specified in the applicable Issue Terms in respect of Interim Performance, the Interim Performance will be adjusted by the addition of such Interim Performance Adjustment Percentage to the Interim Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Interim Performance Percentage, Minimum Interim Performance Percentage, Maximum Interim Performance Percentage (Barrier Event), Minimum Interim Performance Percentage (Barrier Event), Maximum Interim Performance Percentage (Barrier Event Satisfied), Minimum Interim Performance Percentage (Barrier Event Satisfied), Maximum Interim Performance Percentage (Barrier Event Not Satisfied), Minimum Interim Performance Percentage (Barrier Event Not Satisfied) or

Cliquet Interim Performance Floor is specified to apply to such Interim Performance, the Interim Performance Adjustment Percentage shall be applied first to the Interim Performance and will not override the effect of any cap or floor that may otherwise apply as a consequence of subparagraphs (1) to (4) above or (6) below; and

- (6) if (x) a Cliquet Interim Performance Floor is specified as "Cliquet Interim Performance Floor" in the applicable Issue Terms, the Interim Performance for such Interest Valuation Date will be subject to a minimum percentage (floor) (if any) determined as the Cliquet Interim Performance Floor, or (y) a Cliquet Interim Performance Floor is specified as "Global Lock-in Floor" in the applicable Issue Terms, the Global Lock-in Floor Trigger has been satisfied in respect of any Interest Valuation Date, the Interim Performance for such Interest Valuation Date will be subject to a minimum percentage (floor) of the Global Lock-in Floor Percentage specified in the applicable Issue Terms.

WHERE:

"Best Cliquet B Interest Valuation Date" means, in respect of each Specified Cliquet Interest Valuation Period, the Interest Valuation Date(s) in respect of such Specified Cliquet Interest Valuation Period with the Uth highest Cliquet Interim Decimals, determined by the Calculation Agent by ranking each of the Interest Valuation Dates in order of their Cliquet Interim Decimals from highest to lowest, where, (i) the Interest Valuation Date with the highest Cliquet Interim Decimal will be the highest ranking, (ii) the Interest Valuation Date with the second highest Cliquet Interim Decimal will be the second highest ranking, and so on until (iii) the Interest Valuation Date with the lowest Cliquet Interim Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Interest Valuation Dates have an equal Cliquet Interim Decimal, the highest of such Interest Valuation Dates will be determined in accordance with the Equality Adjustment.

"Cliquet Interim Performance Floor" means a percentage determined by the Calculation Agent as being the product of (A) an amount determined as being the Cliquet Interim Performance Sum Integer (if any), that is:

- (a) greater than,
- (b) greater than or equal to,
- (c) less than or equal to, or
- (d) less than, (in each case, as specified in the applicable Issue Terms in respect of Cliquet Performance Floor):

the Cliquet Interim Performance Sum determined in respect of each Interest Valuation Date relating to that Interest Payment Date and (B) if specified in the applicable Issue Terms, the Cliquet Interim Performance Sum Multiple, otherwise 100%,

PROVIDED THAT, if the relevant requirements in respect of any Cliquet Interim Performance Floor are not satisfied, then there shall be no Cliquet Interim Performance Floor.

"Cliquet Interim Performance Sum" means, in respect of an Interest Valuation Date and an Interest Payment Date, the sum of all Cliquet Underlying Returns determined in respect of each Interest Valuation Date in respect of the relevant Interest Payment Date occurring prior to (and including) the relevant Interest Valuation Date.

"Cliquet Interim Performance Sum Integer" means as specified in the applicable Issue Terms, "the highest (or equal highest) positive integer", "the highest (or equal highest) integer", "the lowest (or equal lowest) positive integer" or "the lowest (or equal lowest) integer". For which purpose, an integer shall be any whole number (including negative whole numbers and zero) and a positive integer shall be any whole number greater than or equal to 1 (one) and, where the relevant Cliquet Interim Performance Sum is not a whole number, the relevant integer shall be the nearest integer thereto, with any amount equal to a multiple of 0.5 being rounded up.

"Cliquet Underlying Return" means, in respect of the Interest Underlying and the Interest Valuation Date in respect of the relevant Interest Payment Date, an amount expressed as a decimal calculated in accordance with the following formulae (the Cliquet Interim Decimal), where each relevant constituent value is determined in relation to the relevant Interest Underlying:

- (A) if "Cliquet A", "Cliquet B" or "Cliquet C" is specified in the applicable Issue Terms,

$$\frac{\text{Interest Reference Level for such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}; \text{ or}$$

- (B) if "Cliquet A Absolute" "Cliquet B Absolute" or "Cliquet C Absolute" is specified in the applicable Issue Terms,

$$\text{Abs} \left(\frac{\text{Interest Reference Level for such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}} \right)$$

PROVIDED THAT, in either case,

- (1) if "Cliquet B" or "Cliquet B Absolute" and "Cliquet B Highest" are specified in the applicable Issue Terms, the Cliquet Underlying Return for the or each, as the case may be, Best Cliquet B Interest Valuation Date will be deemed to be the Cliquet B Highest Return Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Interest Valuation Period and not the Cliquet Interim Decimal calculated in accordance with the formula above;
- (2) if "Cliquet B" or "Cliquet B Absolute" and "Cliquet B Lowest" are specified in the applicable Issue Terms, the Cliquet Underlying Return for the or each, as the case may be, Worst Cliquet B Interest Valuation Date will be deemed to be the Cliquet B Lowest Return Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Interest Valuation Period and not the Cliquet Interim Decimal calculated in accordance with the formula above;
- (3) if "Cliquet C" or "Cliquet C Absolute" are specified in the applicable Issue Terms and the Cliquet Interim Decimal in respect of any Interest Valuation Date or any preceding Interest Valuation Date in the relevant Interest Period in respect of such Interest Payment Date has been either (i)

greater than, (ii) greater than or equal to, (iii) less than or equal to or (iv) less than (as specified in the applicable Issue Terms in respect of Cliquet C or Cliquet C Absolute, as applicable) the Cliquet C Interest Target specified in the applicable Issue Terms, the Cliquet Underlying Return for such Interest Valuation Date will be deemed to be the Cliquet C Lock-in Decimal specified in the applicable Issue Terms and not the Cliquet Interim Decimal calculated in accordance with the formula above,

PROVIDED FURTHER THAT:

- (I) if a Cliquet Underlying Return Cap is specified in the applicable Issue Terms and the Cliquet Interim Decimal in respect of any Interest Valuation Date is greater than such Cliquet Underlying Return Cap, the Cliquet Interim Decimal for such Interest Valuation Date will be the Cliquet Underlying Return Cap; and
- (II) if a Cliquet Underlying Return Floor is specified in the applicable Issue Terms and the Cliquet Interim Decimal in respect of any Interest Valuation Date is less than such Cliquet Underlying Return Cap, the Cliquet Interim Decimal for such Interest Valuation Date will be the Cliquet Underlying Return Floor.

"Global Lock-in Floor Trigger" means that, in respect of an Interest Valuation Date, the Global Lock-in Sum for such Interest Valuation Date is (a) greater than, (b) greater than or equal to, (c) less than or equal to or (d) less than (as specified in the applicable Issue Terms in respect of the Global Lock-in Floor Trigger) the Global Lock-in Floor Trigger Level specified in the applicable Issue Terms.

"Global Lock-in Sum" means, in respect of an Interest Valuation Date and an Interest Payment Date, the sum of all Cliquet Underlying Returns determined in respect of each Interest Valuation Date in respect of such Interest Payment Date occurring prior to (and including) the relevant Interest Valuation Date.

"Period Performance" means either Period Performance 1, Period Performance 2 or Period Performance 3, as specified in the applicable Issue Terms PROVIDED THAT, in each case, if (x) a Maximum Period Performance is specified in the applicable Issue Terms, then the Period Performance is subject to such maximum percentage (a cap); (y) a Minimum Period Performance is specified in the applicable Issue Terms, then the Period Performance is subject to such minimum percentage (a floor); or (z) a Maximum Period Performance and a Minimum Period Performance is specified in the applicable Issue Terms, then the Period Performance is subject to such maximum percentage and minimum percentage (a collar).

"Period Performance 1" means, in respect of an Interest Payment Date and an Interest Underlying, a decimal determined in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Period Final Reference Level} - \text{Interest Period Strike Level}}{\text{Interest Period Initial Reference Level}}$$

"Period Performance 2" means, in respect of an Interest Payment Date and an Interest Underlying, a decimal determined in accordance

with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$B - \frac{\text{Interest Period Final Reference Level} - \text{Interest Period Strike Level}}{\text{Interest Period Initial Reference Level}}$$

"Period Performance 3" means, in respect of an Interest Payment Date and an Interest Underlying, a decimal determined in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$B \times \frac{\text{Interest Period Final Reference Level} - \text{Interest Period Strike Level}}{\text{Interest Period Initial Reference Level}}$$

"U" means the number specified in the applicable Issue Terms for the purpose of determining the Best Cliquet B Interest Valuation Dates or the Worst Cliquet B Interest Valuation Date, as the case may be.

"Worst Cliquet B Interest Valuation Date" means, in respect of each Specified Cliquet Interest Valuation Period, the Interest Valuation Date(s) in respect of such Specified Cliquet Interest Valuation Period with the Uth lowest Cliquet Interim Decimals, determined by the Calculation Agent by ranking each of the Interest Valuation Dates in order of their Cliquet Interim Decimals from lowest to highest, where, (i) the Interest Valuation Date with the highest Cliquet Interim Decimal will be the highest ranking, (ii) the Interest Valuation Date with the second highest Cliquet Interim Decimal will be the second highest ranking, and so on until (iii) the Interest Valuation Date with the lowest Cliquet Interim Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Interest Valuation Dates have an equal Cliquet Interim Decimal, the highest of such Interest Valuation Dates will be determined in accordance with the Equality Adjustment.

"Interim Performance Underlying(s)" or **"IPU"** means, subject to subparagraph (G) of the definition of Interest Barrier Event below, either:

- (A) where "Single Underlying Observation" or "Cliquet" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the Interest Underlying;
- (B) where "Weighted Basket Observation" or "Arithmetic Mean Underlying Return" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, all of the Interest Underlyings;
- (C) where "Best of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, the Interest Underlying with the Nth highest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal Nth highest, be determined in accordance with the Equality Adjustment) Interim Performance in respect of such Interest Payment Date, as determined by the Calculation Agent PROVIDED THAT if "Himalaya Interim Performance – European Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, an Interest Underlying may not be the Interim Performance Underlying if such Interest Underlying was the Interim

Performance Underlying in respect of any preceding Interest Payment Date and any such Interest Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Payment Date, all as determined by the Calculation Agent;

- (D) where "Worst of Basket Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, the Interest Underlying with the Nth lowest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal Nth lowest, be determined in accordance with the Equality Adjustment) Interim Performance in respect of such Interest Payment Date, as determined by the Calculation Agent PROVIDED THAT if "Himalaya Interim Performance – European Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interest Payment Date, an Interest Underlying may not be the Interim Performance Underlying if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Payment Date and any such Interest Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Payment Date, all as determined by the Calculation Agent;
- (E) where "Outperformance Observation" is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms and
 - (1) in respect of Outperf A, the Interest Underlying(s) determined in accordance with sub-paragraphs (A) to (D) above for which purpose references to (x) "the Interim Performance Provisions" shall be deemed to be references to "the Interim Performance Provisions for Interim Performance A Underlying(s)" and (y) an "Interest Underlying" shall be deemed to be references to an Interim Outperformance A Underlying; and
 - (2) in respect of Outperf B, the Interest Underlying(s) determined in accordance with sub-paragraphs (A) to (D) above for which purpose references to (x) "the Interim Performance Provisions" shall be deemed to be references to "the Interim Performance Provisions for Interim Performance B Underlying(s)" and (y) an "Interest Underlying" shall be deemed to be references to an Interim Outperformance B Underlying;
- (F) where "Himalaya Interim Performance – Asian Observation" and "Best of Himalaya Basket Observation" are specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of each Interest Valuation Date in respect of an Interest Payment Date, the Interest Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Multiple IVD Interim Performance Percentage on such Interest Valuation Date, PROVIDED THAT an Interest Underlying may not be the Interim Performance Underlying in respect of any such Interest Valuation Date if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Valuation Date for the relevant Interest Payment Date and any such Interest Underlying

will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Valuation Date, all as determined by the Calculation Agent; or

- (G) where "Himalaya Interim Performance – Asian Observation" and "Worst of Himalaya Basket Observation" are specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of each Interest Valuation Date in respect of an Interest Payment Date, the Interest Underlying with the lowest (which shall, if, in the determination of the Calculation Agent, two or more Interest Underlyings are equal lowest, be determined in accordance with the Equality Adjustment) Multiple IVD Interim Performance Percentage on such Interest Valuation Date, PROVIDED THAT an Interest Underlying may not be the Interim Performance Underlying in respect of any such Interest Valuation Date if such Interest Underlying was the Interim Performance Underlying in respect of any preceding Interest Valuation Date for the relevant Interest Payment Date and any such Interest Underlying will be deemed not to be an Interest Underlying for the purpose of determining the Interim Performance Underlying in respect of such Interest Valuation Date, all as determined by the Calculation Agent.

"Multiple IVD Interim Performance Percentage" means, in respect of an Interest Valuation Date and an Interest Underlying, a percentage, determined by the Calculation Agent in accordance with the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level in respect of such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

"n" means the number of Interest Underlyings specified in the applicable Issue Terms.

"t" means, in respect of an Interest Payment Date, the number of Interest Valuation Dates specified in respect of such Interest Payment Date in the applicable Issue Terms.

"Underlying Return" means, in respect of each Interest Underlying and an Interest Payment Date, either:

- (i) if "Single Cap - Single Valuation Date" and/or "Single Floor - Single Valuation Date" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

subject to, (i) if a "Single Cap" is specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in the applicable Issue Terms, (ii) if a "Single Floor" is specified in respect of Underlying Return in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if a Single Cap and a Single Floor are specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms; or

- (ii) if "Single Cap - Multiple Valuation Date" and/or "Single Floor - Multiple Valuation Date" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\sum_{t=1}^t \frac{1}{t} \times \frac{\text{Interest Reference Level for such Interest Valuation Date} - \text{Interest Strike Level}}{\text{Initial Interest Level}}$$

subject to, (i) if a "Single Cap" is specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in the applicable Issue Terms, (ii) if a "Single Floor" is specified in respect of Underlying Return in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if a Single Cap and a Single Floor are specified in respect of Underlying Return in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms; or

- (iii) if "Single Target" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula (the "**Single Target Percentage**"), where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED THAT:

- (1) if a Single Target Interest Threshold Percentage is specified in the applicable Issue Terms, and the Single Target Percentage is either (i) equal to or less than, (ii) equal to or greater than, (iii) less than, or (iv) greater than the Single Target Interest Threshold Percentage (in each case, as specified in the applicable Issue Terms), the Underlying Return will be the Single Target Underlying Performance Percentage specified in the applicable Issue Terms; or
- (2) if "Single Target (Barrier)" is specified in the applicable Issue Terms, and (i) if "Barrier Event Satisfaction Required" is specified in the applicable Issue Terms and an Interest Barrier Event has occurred, the Underlying Return will be a percentage equal to the Single Target Underlying Performance (Barrier Event Satisfied) Percentage, or (ii) if "Barrier Event Satisfaction Not Required" is specified in the applicable Issue Terms and an Interest Barrier Event has not occurred, a percentage equal to the Single Target Underlying Performance (Barrier Event Not Satisfied) Percentage; or
- (iv) if "Oasis" is specified as applicable in respect of Underlying Return in the applicable Issue Terms, an amount expressed as a percentage and determined in accordance with the following formula (the "**Oasis Interim Percentage**"), where each relevant constituent value is determined in relation to the relevant Interest Underlying:

$$\frac{\text{Interest Reference Level for such Interest Payment Date} - \text{Interest Strike Level}}{\text{Interest Initial Level}}$$

PROVIDED THAT:

- (1) if "Oasis – Best Performing Only" is specified in respect of Underlying Return in the applicable Issue Terms, the Underlying Return for the Best Oasis Performer will be deemed to be the Oasis Interest Underlying Performance Percentage specified in the applicable Issue Terms and not the Oasis Interim Percentage calculated in accordance with the formula above; or
- (2) if "Oasis – Multiple Best Performing" is specified in respect of Underlying Return in the applicable Issue Terms, the Underlying Return for each Best Oasis Performer will be deemed to be the Oasis Interest Underlying Performance Percentage specified in the Table set out in the applicable Issue Terms in respect of such Best Oasis Performer and not the Oasis Interim Percentage calculated in accordance with the formula above.

PROVIDED THAT, if (x) a Maximum Underlying Return is specified in the applicable Issue Terms, then the Underlying Return is subject to such maximum percentage (a cap); (y) a Minimum Underlying Return is specified in the applicable Issue Terms, then the Underlying Return is subject to such minimum percentage (a floor); or (z) a Maximum Underlying Return and a Minimum Underlying is specified in the applicable Issue Terms, then the Underlying Return is subject to such maximum percentage and minimum percentage (a collar);

"W_n" means

- (A) in respect of an Interest Underlying and an Interest Payment Date and where Weighted Basket Observation is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, the percentage weighting specified for such Interest Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Interest Underlying depending on such Interest Underlying's performance determined in respect of the relevant Interest Payment Date. Accordingly, in order to determine W_n for an Interest Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Interim Performance of such Interest Underlying shall first be calculated as provided in paragraph (C) of the definition of Interim Performance and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms;
- (B) where Outperformance Observation and, in respect of Interim Outperformance A Underlying, Weighted Basket Observation is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interim Outperformance A Underlying and an Interest Payment Date, the percentage weighting specified for such Interim Outperformance A Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Interim Outperformance A Underlying depending on such Interim

Outperformance A Underlying's performance determined in respect of the relevant Interest Payment Date. Accordingly, in order to determine W_n for an Interim Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Interim Performance of such Interim Outperformance A Underlying shall first be calculated as provided in paragraph III of the definition of Outperf A and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms; or

- (C) where Outperformance Observation and, in respect of Interim Outperformance B Underlying, Weighted Basket Observation is specified as applicable in respect of the Interim Performance Provisions in the applicable Issue Terms, in respect of an Interim Outperformance B Underlying and an Interest Payment Date, the percentage weighting specified for such Interim Outperformance B Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Interim Outperformance B Underlying depending on such Interim Outperformance B Underlying's performance determined in respect of the relevant Interest Payment Date. Accordingly, in order to determine W_n for an Interim Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Interim Performance of such Interim Outperformance B Underlying shall first be calculated as provided in paragraph III of the definition of Outperf B and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms,

PROVIDED THAT, where "Rainbow Weighting" applies, if two or more Interest Underlyings, Interim Outperformance A Underlyings or Interim Outperformance B Underlyings have an equal Interim Performance, their ranking shall be determined in accordance with the Equality Adjustment.

"X" means the number of Oasis Best Performers specified in the Table set out in the applicable Issue Terms in respect of Underlying Return.

(iii) **Definitions relating to the determination of whether interest is due on an Interest Payment Date**

An "**Interest Barrier Event**" will occur in respect of an Interest Payment Date, each related Interest Barrier Observation Date in the case of (G) below, and, as applicable, the relevant Interest Period, if:

- (A) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event European Observation", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Interest Barrier Underlying(s), satisfy the relevant Interest Barrier Level on the Interest Barrier Observation Date;
- (B) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event European Performance

Observation", in the determination of the Calculation Agent, the Interim Performance of the Interest Barrier Underlying(s) in respect of such Interest Payment Date satisfy the relevant Interest Barrier Level;

- (C) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on each Interest Barrier Observation Date;
- (D) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on each Interest Barrier Observation Date;
- (E) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American One-Touch Observation – Closing Level", the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on any Interest Barrier Observation Date;
- (F) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Interest Barrier Underlying(s) satisfy the relevant Interest Barrier Level on any Interest Barrier Observation Date;
- (G) where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American Performance Observation", in the determination of the Calculation Agent, the (i) Interim Performance or (ii) if "Sum of" is specified in respect of the Interest Barrier Event in the applicable Issue Terms, the sum of the Interim Performances of the Interest Barrier Underlying(s) in respect of such Interest Payment Date and each Interest Barrier Observation Date related thereto, satisfy the relevant Interest Barrier Level and, as the Interim Performance shall be calculated in respect of each Interest Barrier Observation Date relating to the relevant Interest Payment Date, then:
 - I. reference in the definition of Interim Performance to "Interest Reference Level for such Interest Payment Date" shall be construed to be to the "Underlying Closing Level for the relevant Interest Underlying for the relevant Interest Barrier Observation Date converted at the FX on such Interest Barrier Observation Date"; and
 - II. reference to Interim Performance being calculated "in respect of an Interest Payment Date" or "for an Interest

Payment Date" shall be construed to be to "in respect of or, as the case may be, for an Interest Payment Date and the relevant Interest Barrier Observation Date"; and

- III. the Interim Performance Underlying(s) (if any) shall be determined in respect of the relevant Interest Barrier Observation Date; and/or
- (H) where "Interest Barrier Event Lock-In" is specified as applicable in the applicable Issue Terms, in the determination of the Calculation Agent an Interest Lock-in Event has occurred in respect of any prior Interest Payment Date.

As used above, "**satisfy**" means that the relevant Underlying Closing Level, Interim Performance or Underlying Level, as the case may be, are in the case of (i) below in the definition of Interest Barrier Level, greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue Terms, in relation to the relevant Interest Barrier Event, the relevant Interest Barrier Level; or in the case of (ii) below in the definition of Interest Barrier Level, are neither less than or less than (or equal to) the relevant Lower Interest Barrier Level nor greater than or greater than (or equal to), as specified in the applicable Issue Terms the relevant Upper Interest Barrier Level, all as determined by the Calculation Agent and, in each case, where the Securities are specified in the applicable Issue Terms to be Multi-Chance Securities, an Interest Barrier Event shall be determined in respect of each Interest Barrier Underlying separately (as the Interest Amount due on the relevant Interest Payment Date is dependent on the number of Interest Barrier Underlyings for which an Interest Barrier Event occurs).

Where:

"Interest Barrier Underlying(s)" means the Interest Underlying(s) specified as such in the applicable Issue Terms.

"Interest Barrier Level" means, in respect of an Interest Payment Date and an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings, (i) where a single Interest Barrier Level is specified, whichever of greater than, greater than (or equal to), less than or less than (or equal to) in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings as specified in the applicable Issue Terms, the percentage level, amount or value specified as such for such Interest Payment Date in the Table set out in the applicable Issue Terms, or (ii) where percentage levels, amounts or values are specified in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings for such Interest Payment Date in the Table set out in the applicable Issue Terms, one as a Lower Interest Barrier Level and one as an Upper Interest Barrier Level for such Interest Barrier Underlying, that the Interest Barrier Level shall mean any level that is greater than or greater than (or equal to) such Lower Interest Barrier Level and less than or less than (or equal to) such Upper Interest Barrier Level.

"Interest Lock-in Event" means, in respect of an Interest Payment Date, each related Interest Barrier Observation Date in the case of (G) above, and, as applicable, the relevant Interest Period, that an Interest Barrier Event has occurred and on the Interest Payment Date or Interest Barrier Observation Date(s), as the case may be, on which the Interest Barrier Level was, as the case may be, or were satisfied the relevant Underlying Level, Underlying Closing Level or Interim Performance, as the case may be, used to determine the satisfaction of the Interest Barrier Level in respect of the Interest Barrier Underlying(s) also satisfied the Interest Lock-in Level. For such purpose,

"satisfy" shall be construed as set out in the definition of Interest Barrier Event above.

"Interest Lock-in Level" means in respect of an Interest Payment Date and an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings, (i) where a single Interest Lock-in Level is specified, whichever of greater than, greater than (or equal to), less than or less than (or equal to) in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings as specified in the applicable Issue Terms, the percentage level specified as such for such Interest Payment Date in the Table set out in the applicable Issue Terms or (ii) where percentage levels are specified in respect of an Interest Barrier Underlying or, as the case may be, all of the Interest Barrier Underlyings for such Interest Payment Date in the Table set out in the applicable Issue Terms one as a Lower Interest Lock-in Level and one as an Upper Interest Lock-in Level for such Interest Barrier Underlying, that the Interest Lock-in Level shall mean any level that is greater than (or equal to) such Lower Interest Lock-in Level and less than (or equal to) such Upper Interest Lock-in Level.

(iv) **Definitions relating to the determination of the amount of interest due on an Interest Payment Date**

"Interest Amount" means, in respect of an Interest Payment Date:

- (A) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities (other than Fixed Rate Securities that are specified in the applicable Issue Terms to be Lookback Securities, Multi-Chance Securities or Range Accrual Securities), Floating Rate Securities, CMS Rate Securities, Spread Securities, Range Accrual (Expanded) Securities, DIR Inflation Linked Interest Securities, Inflation Linked Interest Securities, Digital Securities, Digital Band Securities, Inverse Floating Rate Securities, Volatility Bond Securities, Synthetic Forward Rate Securities, Previous Coupon Linked Securities, FX Performance Securities, Reserve Coupon Securities, Global Interest Floor Securities, Global Interest Cap Securities or Restructure Interest Rate Securities the amount (if any) determined as provided in Condition 4 (*Provisions relating to Interest*) below and in the applicable Issue Terms;
- (B) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities that are Lookback Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, (i) the amount in respect of each Security specified as the "Interest Amount" for such Interest Payment Date in the Table set out in the applicable Issue Terms plus (ii) the sum of the amounts specified as the "Interest Amount" (if any) in respect of all of the Interest Payment Dates (if any) falling prior to such Interest Payment Date (x) on which an Interest Barrier Event did not occur and, therefore, such Interest Amount(s) was not paid on such prior Interest Payment Date and (y) which have not already been accounted for as described in this part (ii) on any prior Interest Payment Date, PROVIDED THAT the Securities may be expressed in the applicable Issue Terms to be Fixed Rate Securities that are Lookback Securities in respect of one or more specified Interest Amounts payable in respect of one or more specified Interest Payment Dates only, provided further that where more than one Interest Barrier Observation Dates are specified in respect of a relevant Interest Payment Date in the applicable Issue Terms and where the Interest Barrier Event is specified in the applicable Issue Terms to be "Interest Barrier Event American One-Touch Observation – Closing Level" or "Interest Barrier Event American

One-Touch Observation – Intra-Day Level" and (a) where "Memory Effect" is specified as applicable in the applicable Issue Terms, the Interest Amount shall be the amount in respect of each Security specified as the "Interest Amount" in respect of the most recent related Interest Barrier Observation Date for which an Interest Barrier Event has occurred in the Table set out in the applicable Issue Terms; or (b) where "Without Memory Effect" is specified as applicable in the applicable Issue Terms, the Interest Amount shall be the sum of the amounts specified as the "Interest Amount" in respect of all of the related Interest Barrier Observation Dates (if any), (falling prior to such Interest Payment Date) for which an Interest Barrier Event has occurred in the Table set out in the applicable Issue Terms;

- (C) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities that are Multi-Chance Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the amount in respect of each Security specified as the "Interest Amount" for the number of Interest Barrier Underlying(s) for which an Interest Barrier Event has occurred in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms (as the Interest Amount due shall depend on the number of Interest Barrier Underlyings for which an Interest Barrier Event occurs);
- (D) where the Securities are expressed in the applicable Issue Terms to be Fixed Rate Securities that are Range Accrual Securities, the amount (if any) determined as provided in Condition 4 (*Provisions relating to Interest*) below and in the applicable Issue Terms, which shall specify that the applicable Day Count Fraction shall be multiplied by the applicable Accrual Rate. The applicable Accrual Rate in respect of an Interest Period and the related Interest Payment Date shall be an amount expressed as a decimal determined in accordance with the following formula:

$$\frac{\text{Days Accrued}}{\text{Days Observed}}$$

Where:

"Days Accrued" means the number of Interest Barrier Observation Dates in such Interest Period on which an Interest Barrier Event occurs.

"Days Observed" means the number of Range Accrual Determination Dates in such Interest Period;

- (E) where the Securities are expressed in the applicable Issue Terms to be Inflation Rate Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the amount (if any) determined as provided in Condition 4 (*Provisions relating to Interest*) below and in the applicable Issue Terms;
- (F) where the Securities are expressed in the applicable Issue Terms to be Interim Performance Interest Securities and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, an amount in respect of each Security determined by reference to either:

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

- I. where neither an Interest Participation Rate nor an Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s); or

- II. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR; or

- III. where an FX Performance is specified as Applicable in the applicable Issue Terms but no Interest Participation Rate or Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x FX Performance; or

- IV. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) + Interest Adjustments; or

- V. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR x FX Performance; or

- VI. where an Interest Participation Rate and Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR + Interest Adjustment; or

- VII. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x FX Performance + Interest Adjustment; or

- VIII. where an Interest Participation Rate and an Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount x Interim Performance of Interim Performance Underlying(s) x IPR x FX Performance + Interest Adjustment

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

PROVIDED HOWEVER, in the case of each of I to VIII above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar);

(G) where the Securities are expressed to be Twin Win Interim Performance Interest Securities and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, any amount in respect of each Security determined by reference to either:

I. where neither an Interest Participation Rate or an Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)); or

II. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) \times IPR; or

III. where an FX Performance is specified as Applicable in the applicable Issue Terms but no Interest Participation Rate or Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) \times FX Performance; or

IV. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) + Interest Adjustment; or

V. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) \times IPR \times FX Performance; or

VI. where an Interest Participation Rate and Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) \times IPR + Interest Adjustment; or

- VII. where an Interest Adjustment but no Interest Participation is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) \times FX Performance + Interest Adjustment; or

- VIII. where an Interest Participation and an Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times Abs (Interim Performance of Interim Performance Underlying(s)) \times IPR \times FX Performance + Interest Adjustment

PROVIDED HOWEVER, in the case of each of I to VIII above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar); and

- (H) where the Securities are expressed to be Reverse Interim Performance Interest Securities and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, any amount in respect of each Security determined by reference to either:

- I. where neither an Interest Participation Rate nor an Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s)); or

- II. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s)) \times IPR; or

- III. where an FX Performance is specified as Applicable in the applicable Issue Terms but no Interest Participation Rate or Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, the following formula:

Calculation Amount \times (Z% – Interim Performance of Interim Performance Underlying(s)) \times FX Performance; or

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

- IV. where an Interest Adjustment but no Interest Participation Rate is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount $\times (Z\% - \text{Interim Performance of Interim Performance Underlying}(s)) + \text{Interest Adjustment}$; or

- V. where an Interest Participation Rate but no Interest Adjustment is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount $\times (Z\% - \text{Interim Performance of Interim Performance Underlying}(s) \times \text{IPR}) \times \text{FX Performance}$; or

- VI. where an Interest Participation Rate and Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, the following formula:

Calculation Amount $\times (Z\% - \text{Interim Performance of Interim Performance Underlying}(s) \times \text{IPR}) + \text{Interest Adjustment}$; or

- VII. where an Interest Adjustment but no Interest Participation is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount $\times (Z\% - \text{Interim Performance of Interim Performance Underlying}(s)) \times \text{FX Performance} + \text{Interest Adjustment}$; or

- VIII. where an Interest Participation and an Interest Adjustment are specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, the following formula:

Calculation Amount $\times (Z\% - \text{Interim Performance of Interim Performance Underlying}(s) \times \text{IPR}) \times \text{FX Performance} + \text{Interest Adjustment}$

PROVIDED HOWEVER, in the case of each of I to VIII above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar).

Where Target Mandatory Early Redemption (Capped) Provisions is specified as applicable in the applicable Issue Terms, then the relevant Interest Amount shall be determined in accordance with paragraph (A), (B), (C), (D), (E), (F), (G) or (H) above, as applicable, but such Interest Amount so determined shall be subject to a maximum amount (a cap). Such cap shall be an amount determined to be the Target Mandatory Early Redemption Threshold Amount specified in the applicable Issue Terms less (1) the sum of all the Interest Amount(s) (if any) paid in respect of a Security for all the Interest Payment Date(s) (if any) falling prior to such Interest

Payment Date and (2) where "Include Any Non-Contingent Interest Amount" is specified as applicable in the applicable Issue Terms, the sum of all the Non-Contingent Interest Amount(s) (if any) paid in respect of a Security for all the Non-Contingent Interest Payment Date(s) (if any) falling prior to such Interest Payment Date;

- (I) where the Securities are expressed in the applicable Issue Terms to be Buy the Dip Securities, and where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the amount (if any) determined as provided in Condition 4 (*Provisions relating to Interest*) below and in the applicable Issue Terms.

(b) ***Definitions relating to Mandatory Early Redemption***

(i) **Dates**

"Mandatory Early Redemption Coupon Payment Date" or **"MER Coupon Payment Date"** means, in respect of a Mandatory Early Redemption Date, each date specified as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms.

"Mandatory Early Redemption Date" or **"MER Date"** means each date specified as such in the Table set out in the applicable Issue Terms.

"Specified Early Exit MER Barrier Observation Date" means in respect of a Mandatory Early Redemption Date (and/or, as the case may be, an Early Exit MER Barrier Event), each date or dates specified as such for such Mandatory Early Redemption Date (and/or, as the case may be, such Early Exit MER Barrier Event) in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be an **"Early Exit MER Barrier Observation Date"**.

"Specified Mandatory Early Redemption Barrier Observation Date" or **"Specified MER Barrier Observation Date"** means in respect of a Mandatory Early Redemption Date (and/or, as the case may be, a Mandatory Early Redemption Barrier Event), each date or dates specified as such for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Mandatory Early Redemption Barrier Observation Date"** or a **"MER Barrier Observation Date"**.

"Specified Mandatory Early Redemption Initial Floor Strike Date" or **"Specified MER Initial Floor Strike Date"** means, in respect of an Underlying, each date specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Mandatory Early Redemption Initial Floor Strike Date"** or a **"MER Initial Floor Strike Date"**.

"Specified Mandatory Early Redemption Strike Date" or **"Specified MER Strike Date"** means, in respect of an Underlying, each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such

date, as so adjusted, shall be a "**Mandatory Early Redemption Strike Date**" or a "**MER Strike Date**".

"Specified Mandatory Early Redemption Upper Barrier Event Valuation Date or Specified MER Upper Barrier Event Valuation Date" means, in respect of a Mandatory Early Redemption Date, each date designated as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a "**Mandatory Early Redemption Upper Barrier Event Valuation Date**" or "**MER Upper Barrier Event Valuation Date**".

"Specified Mandatory Early Redemption Valuation Date" means, in respect of a Mandatory Early Redemption Date, each date designated as such for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a "**Mandatory Early Redemption Valuation Date**".

(ii) **Definitions relating to the Mandatory Early Redemption Underlying(s), the performance of the Mandatory Early Redemption Underlying(s) and levels of the Mandatory Early Redemption Underlying(s)**

"Cross Rate I Designated Page" means, in respect of a MER Underlying and the FX for such Underlying, such page as is specified for such MER Underlying in the applicable Issue Terms.

"Cross Rate II Designated Page" means, in respect of a MER Underlying and the FX for such Underlying, such page as is specified for such MER Underlying in the applicable Issue Terms.

"Cross Rate I Designated Time" means, in respect of a MER Underlying and the FX for such Underlying, the time specified for such MER Underlying in the applicable Issue Terms.

"Cross Rate II Designated Time" means, in respect of a MER Underlying and the FX for such Underlying, the time specified for such MER Underlying in the applicable Issue Terms.

"Designated Page" means, in respect of a Mandatory Early Redemption Underlying and the FX for such Underlying, such page as is specified for such Mandatory Early Redemption Underlying in the applicable Issue Terms.

"Designated Time" means, in respect of a Mandatory Early Redemption Underlying and the FX for such Mandatory Early Redemption Underlying, the time specified as such in the applicable Issue Terms.

"Equality Adjustment" means that, in respect of two or more performances, levels or values determined by the Calculation Agent to be equally high or low, the Calculation Agent will deem any of such equal highest or lowest performances, levels or values to be the highest or lowest performance, level or value, in its discretion.

"FX" means, for the purpose of this Condition 1.1(b), where FX Provisions are specified as applicable in respect of the Mandatory Early Redemption Provisions in the applicable Issue Terms, in respect of (a) a Mandatory Early Redemption Underlying and the level or value (as provided on the applicable Electronic Page (as defined in Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) below)) of which is expressed or determined to be in a currency

other than the Settlement Currency (being, in the case of Dual Currency Securities, the Denomination Currency) (the **Relevant Currency**), either: (i) where Quanto Provisions are specified as applicable in the applicable Issue Terms, the rate specified for such Mandatory Early Redemption Underlying in the applicable Issue Terms; or (ii) where Compo FX Provisions are specified as applicable in the applicable Issue Terms, the average of the mid Relevant Currency/Settlement Currency exchange rates quoted on the Designated Page at the Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Relevant Currency/Settlement Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (expressed as the number of units of the Relevant Currency (or part thereof) for which one unit of the Settlement Currency can be exchanged) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate; or (b) otherwise, 1,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such MER Underlying in the applicable Issue Terms, FX shall be 1 divided by the rate calculated pursuant to the above (rounded to four decimal places); or (y) if Cross Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be the average of the mid Cross Rate A Currency/Cross Rate B Currency exchange rates quoted on the Cross Rate I Designated Page at the Cross Rate I Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Cross Rate I Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by Cross Rate A Currency/Cross Rate C Currency exchange rates quoted on the Cross Rate II Designated Page at the Cross Rate II Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

"FX Performance" means, in respect of a MER Date, an amount expressed as a percentage and determined in accordance with the following formula:

$$\frac{\text{FX Perf Final}}{\text{FX Perf Initial}}$$

where,

"FX Perf Final" means:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified MER Valuation Date relating to that MER Date (or, if more than one such date is specified, the last occurring Specified MER Valuation Date relating to that MER Date); or

- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/ FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

"FX Perf Initial" means either an amount specified as such in the applicable Issue Terms or, if no such amount is so specified:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified MER Strike Date relating to that MER Date (or, if more than one such date is specified, the last occurring Specified MER Strike Date relating to that MER Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation

Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Each of "FX Perf Rate", "FX Perf Designated Page", "FX Perf Designated Time", "FX Perf Cross Rate A Currency", "FX Perf Cross Rate B Currency", "FX Perf Cross Rate C Currency", "FX Perf Cross Rate I Designated Page", "FX Perf Cross Rate I Designated Time", "FX Perf Cross Rate II Designated Page", "FX Perf Cross Rate II Designated Time", "Final FX Perf Valuation Date" and "Initial FX Perf Valuation Date" shall be as specified in respect of the Mandatory Early Redemption Provisions in the applicable Issue Terms.

"Mandatory Early Redemption Initial Floor Level" or "MER Initial Floor Level" means, in respect of a Mandatory Early Redemption Underlying and a Mandatory Early Redemption Date, the product of (A) the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Initial Floor Strike Date, as converted by reference to the relevant FX (if any) for the Mandatory Early Redemption Initial Floor Strike Date, and (B) the Mandatory Early Redemption Initial Floor Percentage.

"Mandatory Early Redemption Initial Floor Percentage" or "MER Initial Floor Percentage" means, in respect of a Mandatory Early Redemption Underlying and a Mandatory Early Redemption Date, the percentage rate (if any) specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Initial Level or MER Initial Level" means, subject as provided in sub-paragraph (G) of the definition of Mandatory Early Redemption Barrier Event below, in respect of a Mandatory Early Redemption Underlying and a Mandatory Early Redemption Date:

- (A) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Closing Level on Mandatory Early

Redemption Strike Date", the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Date, as converted by reference to the relevant FX (if any) for the Mandatory Early Redemption Strike Date;

- (B) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Closing Level on MER Re-strike Date", the Underlying Closing Level of such Mandatory Early Redemption Underlying on the immediately preceding MER Date or, if none, the Underlying Closing Level for such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Date, as converted by reference to the relevant FX (if any) for the Mandatory Early Redemption Strike Date;
- (C) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Mandatory Early Redemption Strike Dates", the arithmetic average of the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (D) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Mandatory Early Redemption Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (E) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Mandatory Early Redemption Strike Dates", the lowest (or equal lowest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (F) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Closing Level on Mandatory Early Redemption Strike Dates", the highest (or equal highest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent;
- (G) where the Mandatory Early Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Mandatory Early Redemption Strike Dates", the highest (or equal highest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Strike Date, as determined by the Calculation Agent; or
- (H) a level specified as such for the Mandatory Early Redemption Underlying in the applicable Issue Terms,

PROVIDED THAT where "MER Initial Floor" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Initial Level shall be subject to a minimum level equal to the Mandatory Early Redemption Initial Floor Level.

"Mandatory Early Redemption Outperformance A Underlying(s)" means, in respect of the Mandatory Early Redemption Performance Provisions, the or each Mandatory Early Redemption Underlying specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Outperformance B Underlying(s)" means, in respect of the Mandatory Early Redemption Performance Provisions, the or each Mandatory Early Redemption Underlying specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Performance" or "MER Performance" means, subject as provided in sub-paragraph (G) of the definition of Mandatory Early Redemption Barrier Event below, in respect of a Mandatory Early Redemption Date and:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, the Mandatory Early Redemption Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage and a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar),
- II. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) and a Minimum Mandatory Early Redemption Performance

Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

III. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar); and

IV. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

(B) where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, all of the Mandatory Early Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage and a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar); and
- IV. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early

Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

- (C) where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, each of the Mandatory Early Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage and a Minimum Mandatory Early Redemption Performance Percentage is specified in the Table set out in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar); and
- IV. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage (a cap); (y) a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) and a Minimum Mandatory Early Redemption Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Mandatory Early Redemption Performance is subject to such maximum percentage and minimum percentage (a collar);
- (D) where "Outperformance Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula:

$$[\text{Outperf A} - \text{Outperf B}] \times 100$$

For which purpose:

"Outperf A" means, in respect of such Mandatory Early Redemption Date and:

- I. where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance A Underlying in the applicable Issue Terms, the Mandatory Early Redemption Outperformance A Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to

the relevant Mandatory Early Redemption Outperformance A Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance A Underlying (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum

Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance A Underlying in the applicable Issue Terms, all of the Mandatory Early Redemption Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance A Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance A Underlying (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue

Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); and

4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); or

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance A Underlying, each of the Mandatory Early Redemption Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance A Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance A Underlying (x) a Maximum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Outperf A and a Minimum Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a

Maximum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event) and a Minimum Outperf A (Barrier Event) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar);

3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Satisfied) and a Minimum Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage (a cap); (y) a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such minimum percentage (a floor); or (z) a Maximum Outperf A (Barrier Event Not Satisfied) and a Minimum Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf A is subject to such maximum percentage and minimum percentage (a collar).

"Outperf B" means, in respect of such Mandatory Early Redemption Date and:

- I. where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance B Underlying in the applicable Issue Terms, the Outperformance B Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance B Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance B Underlying (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
 2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
 3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); and
 4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
- II. where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance B Underlying in the applicable Issue Terms, all of the Mandatory Early Redemption

Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance B Underlying:

$$\sum_{n=1}^n w_n \times \frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance B Underlying (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has not occurred, if (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a

Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); or

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions for Mandatory Early Redemption Outperformance B Underlying, each of the Mandatory Early Redemption Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Mandatory Early Redemption Outperformance B Underlying:

$$\frac{\text{MER Reference Level for such MER Date} - \text{MER Strike Level}}{\text{MER Initial Level}}$$

PROVIDED HOWEVER THAT:

1. if, in respect of Mandatory Early Redemption Outperformance B Underlying (x) a Maximum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Outperf B and a Minimum Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
2. for the purposes of determining whether a Mandatory Early Redemption Barrier Event has occurred pursuant to Condition 1.1(b)(iii), if (x) a Maximum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event) and a Minimum Outperf B (Barrier Event) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar);
3. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early Redemption Barrier Event has occurred, if (x) a Maximum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Satisfied) and a Minimum Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar); and
4. for the purposes of determining any Performance-Linked Mandatory Early Redemption Amount pursuant to Condition 1.1(b)(iv) below and if a Mandatory Early

Redemption Barrier Event has not occurred, if (x) a Maximum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage (a cap); (y) a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such minimum percentage (a floor); or (z) a Maximum Outperf B (Barrier Event Not Satisfied) and a Minimum Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then Outperf B is subject to such maximum percentage and minimum percentage (a collar).

"Mandatory Early Redemption Performance Underlying(s)" or **"MERPU"** means, in respect of a Mandatory Early Redemption Date, subject as provided in sub-paragraph (G) of the definition of Mandatory Early Redemption Barrier Event below, either:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, the Mandatory Early Redemption Underlying;
- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, all of the Mandatory Early Redemption Underlyings;
- (C) where "Best of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Date, the Mandatory Early Redemption Underlying with the Nth highest (which shall, if, in the determination of the Calculation Agent, two or more Mandatory Early Redemption Performance Underlyings are equal Nth highest, be determined in accordance with the Equality Adjustment) Mandatory Early Redemption Performance in respect of such Mandatory Early Redemption Date, as determined by the Calculation Agent;
- (D) where "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Date, the Mandatory Early Redemption Underlying with the Nth lowest (which shall, if, in the determination of the Calculation Agent, two or more Mandatory Early Redemption Performance Underlyings are equal Nth lowest, be determined in accordance with the Equality Adjustment) Mandatory Early Redemption Performance in respect of such Mandatory Early Redemption Date, as determined by the Calculation Agent; or
- (E) where "Outperformance Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, all of the Mandatory Early Redemption Outperformance A Underlying(s) and Mandatory Early Redemption Outperformance B Underlying(s).

"Mandatory Early Redemption Reference Level" or **"MER Reference Level"** means, in respect of a Mandatory Early Redemption Valuation Date or, as the case may be, Mandatory Early Redemption Valuation Dates, the related Mandatory Early Redemption Date and the or each Mandatory Early Redemption Underlying, either:

- (A) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Closing Level on Mandatory Early Redemption Valuation Date", the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Date, as converted by reference to the relevant FX (if any) for such Mandatory Early Redemption Valuation Date;
- (B) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Mandatory Early Redemption Valuation Dates", the arithmetic average of the Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent;
- (C) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Mandatory Early Redemption Valuation Dates", the lowest (or equal lowest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent;
- (D) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Mandatory Early Redemption Valuation Dates", the lowest (or equal lowest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent;
- (E) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Highest Closing Level on Mandatory Early Redemption Valuation Dates", the highest (or equal highest) Underlying Closing Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent; or
- (F) where the Mandatory Early Redemption Reference Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Mandatory Early Redemption Valuation Dates", the highest (or equal highest) Underlying Level of such Mandatory Early Redemption Underlying on the Mandatory Early Redemption Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Mandatory Early Redemption Valuation Date, as determined by the Calculation Agent.

"W_n" means

- (A) in respect of a Mandatory Early Redemption Underlying and a Mandatory Early Redemption Date and where Weighted Basket Observation is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, the percentage weighting specified for such Mandatory Early Redemption Underlying in the applicable Issue Terms. Where

"Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Mandatory Early Redemption Underlying depending on such Mandatory Early Redemption Underlying's performance determined in respect of the relevant Mandatory Early Redemption Date. Accordingly, in order to determine W_n for a Mandatory Early Redemption Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Performance of such Mandatory Early Redemption Underlying shall first be calculated as provided in paragraph (C) of the definition of Mandatory Early Redemption Performance and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms;

- (B) where Outperformance Observation and, in respect of Mandatory Early Redemption Outperformance A Underlying, Weighted Basket Observation is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Outperformance A Underlying and a Mandatory Early Redemption Date, the percentage weighting specified for such Mandatory Early Redemption Outperformance A Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Mandatory Early Redemption Outperformance A Underlying depending on such Mandatory Early Redemption Outperformance A Underlying's performance determined in respect of the relevant Mandatory Early Redemption Date. Accordingly, in order to determine W_n for a Mandatory Early Redemption Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Performance of such Mandatory Early Redemption Outperformance A Underlying shall first be calculated as provided in paragraph III of the definition of Outperf A and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms; or
- (C) where Outperformance Observation and, in respect of Mandatory Early Redemption Outperformance B Underlying, Weighted Basket Observation is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, in respect of a Mandatory Early Redemption Outperformance B Underlying and a Mandatory Early Redemption Date, the percentage weighting specified for such Mandatory Early Redemption Outperformance B Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Mandatory Early Redemption Outperformance B Underlying depending on such Mandatory Early Redemption Outperformance B Underlying's performance determined in respect of the relevant Mandatory Early Redemption Date. Accordingly, in order to determine W_n for a Mandatory Early Redemption Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Mandatory Early Redemption Performance of such Mandatory Early Redemption Outperformance B Underlying shall first be calculated as provided in paragraph III of the definition of Outperf B and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms,

PROVIDED THAT, where "Rainbow Weighting" applies, if two or more Mandatory Early Redemption Underlyings, Mandatory Early Redemption Outperformance A Underlyings or Mandatory Early Redemption

Outperformance B Underlyings have an equal Mandatory Early Redemption Performance, their ranking shall be determined in accordance with the Equality Adjustment.

"Mandatory Early Redemption Strike Level" or "MER Strike Level" means, in respect of a Mandatory Early Redemption Underlying, the Mandatory Early Redemption Strike Level specified for such Mandatory Early Redemption Underlying in the Table set out in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Mandatory Early Redemption Underlying's Mandatory Early Redemption Initial Level.

"Mandatory Early Redemption Underlying(s)" or "MER Underlying(s)" means, in respect of the Mandatory Early Redemption Provisions, the or each Underlying specified as such in the applicable Issue Terms.

(iii) **Definitions relating to the determination of whether a Mandatory Early Redemption Barrier Event has occurred and therefore that the Mandatory Early Redemption Amount will be due on the relevant Mandatory Early Redemption Date**

An **"Early Exit MER Barrier Event"** will occur in respect of a Mandatory Early Redemption Date, if:

- (A) where the Early Exit MER Barrier Event is specified in the applicable Issue Terms to be "Early Exit MER Barrier Event European Observation", in the determination of the Calculation Agent, the Underlying Closing Level of the Early Exit MER Barrier Underlying(s) satisfy the relevant Early Exit MER Barrier Level on the Early Exit MER Barrier Observation Date;
- (B) where the Early Exit MER Barrier Event is specified in the applicable Issue Terms to be "Early Exit MER Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Early Exit MER Barrier Underlying(s) satisfy the relevant Early Exit MER Barrier Level on each Early Exit MER Barrier Observation Date;
- (C) where the Early Exit MER Barrier Event is specified in the applicable Issue Terms to be "Early Exit MER Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the Underlying Level of the Early Exit MER Barrier Underlying(s) satisfy the relevant Early Exit MER Barrier Level on each Early Exit MER Barrier Observation Date;
- (D) where the Early Exit MER Barrier Event is specified in the applicable Issue Terms to be "Early Exit MER Barrier Event American One-Touch Observation – Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Early Exit MER Barrier Underlying(s) satisfy the relevant Early Exit MER Barrier Level on any Early Exit MER Barrier Observation Date; or
- (E) where the Early Exit MER Barrier Event is specified in the applicable Issue Terms to be "Early Exit MER Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the Underlying Level of the Early Exit MER Barrier Underlying(s) satisfy the relevant Early Exit MER Barrier Level on any Early Exit MER Barrier Observation Date.

A **"Mandatory Early Redemption Barrier Event"** will occur in respect of a Mandatory Early Redemption Date, or each related MER Barrier Observation Date in the case of (G) below, if:

- (A) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event European Observation" and:
 - (1) where "Autocall Memory Event" is not specified as applicable in the applicable Issue Terms, in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on the Mandatory Early Redemption Barrier Observation Date; or
 - (2) where "Autocall Memory Event" is specified as applicable in the applicable Issue Terms and where (I) the Mandatory Early Redemption Barrier Underlying(s) is specified as Mandatory Early Redemption Performance Underlying in the applicable Issue Terms and where "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, or (II) the Mandatory Early Redemption Barrier Underlying(s) is specified as all of the Mandatory Early Redemption Underlyings in the applicable Issue Terms, either:
 - (a) in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on the Mandatory Early Redemption Barrier Observation Date; or
 - (b) in the determination of the Calculation Agent, the Underlying Closing Level of each Mandatory Early Redemption Underlying(s) satisfy or have satisfied the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date(s) in respect of any Mandatory Early Redemption Date(s) falling on or prior to such Mandatory Early Redemption Date (which, for the avoidance of doubt, may be satisfied on the same or different Mandatory Early Redemption Barrier Observation Date(s) or Mandatory Early Redemption Date(s) in respect of each Mandatory Early Redemption Underlying(s));
- (B) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Mandatory Early Redemption Performance of the Mandatory Early Redemption Barrier Underlying(s) in respect of such Mandatory Early Redemption Date satisfy the relevant Mandatory Early Redemption Barrier Level;
- (C) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption

Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on each Mandatory Early Redemption Barrier Observation Date;

- (D) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the Underlying Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on each Mandatory Early Redemption Barrier Observation Date;
- (E) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American One-Touch Observation – Closing Level" and:
 - (1) where "Autocall Memory Event" is not specified as applicable in the applicable Issue Terms, in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date; or
 - (2) where "Autocall Memory Event" is specified as applicable in the applicable Issue Terms and where (I) the Mandatory Early Redemption Barrier Underlying(s) is specified as Mandatory Early Redemption Performance Underlying in the applicable Issue Terms and where "Worst of Basket Observation" is specified as applicable in respect of the Mandatory Early Redemption Performance Provisions in the applicable Issue Terms, or (II) the Mandatory Early Redemption Barrier Underlying(s) is specified as all of the Mandatory Early Redemption Underlyings in the applicable Issue Terms, either:
 - (a) in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date; or
 - (b) in the determination of the Calculation Agent, the Underlying Closing Level of each Mandatory Early Redemption Underlying(s) satisfy or have satisfied the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date(s) in respect of any Mandatory Early Redemption Date(s) falling on or prior to such Mandatory Early Redemption Date (which, for the avoidance of doubt, may be satisfied on the same or different Mandatory Early Redemption Barrier Observation Date(s) or Mandatory Early Redemption Date(s) in respect of each Mandatory Early Redemption Underlying(s));

- (F) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the Underlying Level of the Mandatory Early Redemption Barrier Underlying(s) satisfy the relevant Mandatory Early Redemption Barrier Level on any Mandatory Early Redemption Barrier Observation Date;
- (G) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event American Performance Observation", in the determination of the Calculation Agent, the Mandatory Early Redemption Performance of the Mandatory Early Redemption Barrier Underlying(s) in respect of such Mandatory Early Redemption Date and each Mandatory Early Redemption Barrier Observation Date related thereto, satisfy the relevant Mandatory Early Redemption Barrier Level and, as the Mandatory Early Redemption Performance shall be calculated in respect of each Mandatory Early Redemption Barrier Observation Date relating to the relevant Mandatory Early Redemption Date, then:
 - I. reference in the definition of Mandatory Early Redemption Performance to "Mandatory Early Redemption Reference Level for such Mandatory Early Redemption Date" shall be construed to be to the "Underlying Closing Level for the relevant Mandatory Early Redemption Underlying for the relevant Mandatory Early Redemption Barrier Observation Date converted at the FX on such Mandatory Early Redemption Barrier Observation Date"; and
 - II. reference to Mandatory Early Redemption Performance being calculated "in respect of a Mandatory Early Redemption Date" or "for a Mandatory Early Redemption Date" shall be construed to be to "in respect of or, as the case may be, for a Mandatory Early Redemption Date and the relevant Mandatory Early Redemption Barrier Observation Date";
 - III. the Mandatory Early Redemption Performance Underlying(s) (if any) shall be determined in respect of the relevant Mandatory Early Redemption Barrier Observation Date; or
- (H) where the Mandatory Early Redemption Barrier Event is specified in the applicable Issue Terms to be "Target Mandatory Early Redemption Barrier Event", in the determination of the Calculation Agent and in respect of the Interest Payment Date or, as the case may be, Non-Contingent Interest Payment Date scheduled to fall on such Mandatory Early Redemption Date:
 - (1) the sum of the aggregate Interest Amount(s) paid in respect of all of the Interest Payment Dates falling prior to such Interest Payment Date or such Non-Contingent Interest Payment Date;
 - (2) and, where "Include Any Non-Contingent Interest Amount" is specified as applicable in the applicable Issue Terms, the sum of the aggregate Non-Contingent Interest Amount(s) paid in respect of all of the Non-Contingent Interest Payment Dates falling prior to such Interest

Payment Date or such Non-Contingent Interest Payment Date; and

- (3) where:
 - (a) "Include Any Interest Amount Due On Mandatory Early Redemption Date" is specified in the applicable Issue Terms, and any Interest Amount due on such Interest Payment Date (and, where "Include Any Non-Contingent Interest Amount" is specified as applicable in the applicable Issue Terms, any Non-Contingent Interest Amount due on such Non-Contingent Interest Payment Date); or
 - (b) "Exclude Any Interest Amount Due On Mandatory Early Redemption Date " is specified in the applicable Issue Terms, but excluding any Interest Amount due on such Interest Payment Date and excluding any Non-Contingent Interest Amount due on such Non-Contingent Interest Payment Date; and
- (4) where "Interest Rollup" is specified as applicable in the applicable Issue Terms, the sum of all the Interest Amounts determined in respect of (i) the Interest Period ending on or about such Mandatory Early Redemption Date (the "**End Interest Period**") and (ii) each Interest Period preceding the End Interest Period,

in each case, is equal to or greater than the Target Mandatory Early Redemption Threshold Amount specified in the applicable Issue Terms.

PROVIDED THAT where "Early Exit MER Barrier Event" is specified as applicable in respect of a Mandatory Early Redemption Date in the applicable Issue Terms, a Mandatory Early Redemption Barrier Event will occur in respect of such Mandatory Early Redemption Date if either (1) any such event in paragraph (A), (B), (C), (D), (E), (F), (G) or (H) above, as applicable, occurs in respect of such Mandatory Early Redemption Date, or (2) an Early Exit MER Barrier Event occurs in respect of such Mandatory Early Redemption Date.

A "**Mandatory Early Redemption Upper Barrier Event**" or "**MER Upper Barrier Event**" will occur in respect of a Mandatory Early Redemption Date if:

- (A) where the Mandatory Early Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Mandatory Early Redemption Performance of the Mandatory Early Redemption Barrier Underlying(s) in respect of such Mandatory Early Redemption Date satisfy the MER Upper Barrier Percentage; or
- (B) where the Mandatory Early Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Mandatory Early Redemption Upper Barrier Event European Observation", in the determination of the Calculation Agent, the Underlying Closing Level of the Mandatory Early Redemption Barrier Underlying(s)

satisfy the MER Upper Barrier Percentage on the Mandatory Early Redemption Barrier Observation Date.

As used in (A) and (B) above, "**satisfy**" means that the relevant Underlying Closing Level, Mandatory Early Redemption Performance or Underlying Level, as the case may be, are in the case of (i) below in the definition of Mandatory Early Redemption Barrier Level, greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue Terms in relation to the relevant Mandatory Early Redemption Barrier Event, the relevant Mandatory Early Redemption Barrier Level; or in the case of (ii) below in the definition of Mandatory Early Redemption Barrier Level, are neither less than the relevant Lower Mandatory Early Redemption Barrier Level nor greater than the relevant Upper Mandatory Early Redemption Barrier Level, all as determined by the Calculation Agent; or in the case of the definition of MER Upper Barrier Percentage below, are greater than, greater than (or equal to), less than or less than (or equal to), as applicable, the relevant Mandatory Early Redemption Barrier Level.

Where:

"Early Exit MER Barrier Underlying(s)" or **"Early Exit MERBU"** means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, an Early Exit MER Barrier Event), the Mandatory Early Redemption Underlying(s) specified as such in the applicable Issue Terms.

"Early Exit MER Barrier Level" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, an Early Exit MER Barrier Event):

- (i) other than where any Early Exit Lower MER Barrier Level and Early Exit Upper MER Barrier Level are specified for such Mandatory Early Redemption Date (and/or, as the case may be, such Early Exit MER Barrier Event) in respect of such Early Exit MER Barrier Underlying or, as the case may be, Early Exit MER Barrier Underlyings, whichever of greater than, greater than (or equal to), less than or less than (or equal to), as is specified in the applicable Issue Terms, (A) the percentage level specified as such for such Early Exit MER Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Early Exit MER Barrier Event) in the applicable Issue Terms; or
- (ii) where any Early Exit Lower MER Barrier Level and Early Exit Upper MER Barrier Level are specified for such Mandatory Early Redemption Date (and/or, as the case may be, such Early Exit MER Barrier Event) in respect of an Early Exit MER Barrier Underlying or, as the case may be, the Early Exit MER Barrier Underlyings in the applicable Issue Terms one as an Early Exit Lower MER Barrier Level and one as an Early Exit Upper MER Barrier Level for such Early Exit MER Barrier Underlying, that the Early Exit MER Barrier Level shall mean any level that is greater than (or equal to) such Early Exit Lower MER Barrier Level and less than (or equal to) such Early Exit Upper MER Barrier Level.

"Early Exit Lower MER Barrier Level" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, an Early Exit MER Barrier Event) and an Early Exit MER Barrier Underlying or, as the case may be, the Early Exit MER Barrier Underlyings, the percentage level specified as such for such Early Exit MER Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Early Exit MER Barrier Event) in the applicable Issue Terms.

"Early Exit Upper MER Barrier Level" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, an Early Exit MER Barrier Event) and an Early Exit MER Barrier Underlying or, as the case may be, the Early Exit MER Barrier Underlyings, the percentage level specified as such for such Early Exit MER Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Early Exit MER Barrier Event) in the applicable Issue Terms.

"Latest Preceding MER Level" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings (the **"Relevant MERBU(s)"**):

- (A) where "Performance" is specified as applicable in respect of the Latest Preceding MER Level in the applicable Issue Terms, the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the most recently preceding Mandatory Early Redemption Date for which the Mandatory Early Redemption Barrier Level is specified in the applicable Issue Terms to be "Reset MER Barrier Level" or "Latest Reset MER Barrier Level"; or
- (B) where "Performance Product" is specified as applicable in respect of the Latest Preceding MER Level in the applicable Issue Terms, an amount determined to be the product of (I) the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the most recently preceding Mandatory Early Redemption Date for which the Mandatory Early Redemption Barrier Level is specified in the applicable Issue Terms to be "Reset MER Barrier Level" or "Latest Reset MER Barrier Level", and (II) the Performance Product Base Level of the Relevant MERBU(s); or
- (C) where "Reference Level" is specified as applicable in respect of the Latest Preceding MER Level in the applicable Issue Terms, the MER Reference Level, in respect of the most recently preceding Mandatory Early Redemption Date for which the Mandatory Early Redemption Barrier Level is specified in the applicable Issue Terms to be "Reset MER Barrier Level" or "Latest Reset MER Barrier Level", of the Relevant MERBU(s).

"Latest Reset MER Barrier Level" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings, an amount determined by reference to the following formula:

$$\text{Max(Reset MER Floor Level, Latest Preceding MER Level)}$$

"Lower Mandatory Early Redemption Barrier Level" or "Lower MER Barrier Level" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, a Mandatory Early Redemption Barrier Event) and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings, the percentage level specified as such for such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in the Table set out in the applicable Issue Terms.

"Mandatory Early Redemption Barrier Underlying(s)" or "MERBU" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, a Mandatory Early Redemption Barrier Event), the Mandatory Early Redemption Underlying(s) specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Barrier Level" or "MER Barrier Level" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, a Mandatory Early Redemption Barrier Event):

- (i) other than where any Lower Mandatory Early Redemption Barrier Level and Upper Mandatory Early Redemption Barrier Level are specified for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in respect of such Mandatory Early Redemption Barrier Underlying or, as the case may be, Mandatory Early Redemption Barrier Underlyings, whichever of greater than, greater than (or equal to), less than or less than (or equal to), as is specified in the applicable Issue Terms, (A) the percentage level specified as such for such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in the Table set out in the applicable Issue Terms, (B) if "Reset MER Barrier Level" is specified as such for such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in the Table set out in the applicable Issue Terms, the Reset MER Barrier Level in respect of such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date, or (C) if "Latest Reset MER Barrier Level" is specified as such for such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in the Table set out in the applicable Issue Terms, the Latest Reset MER Barrier Level in respect of such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date; or
- (ii) where any Lower Mandatory Early Redemption Barrier Level and Upper Mandatory Early Redemption Barrier Level are specified for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in respect of a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings in the Table set out in the applicable Issue Terms one as a Lower Mandatory Early Redemption Barrier Level and one as an Upper Mandatory Early Redemption Barrier Level for such Mandatory Early Redemption Barrier Underlying, that the Mandatory Early Redemption Barrier Level shall mean any level that is greater than (or equal to) such Lower Mandatory Early Redemption Barrier Level and less than (or equal to) such Upper Mandatory Early Redemption Barrier Level.

"MER Upper Barrier Percentage" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying, whenever of greater than, greater than (or equal to), less than or less than (or equal to), as is specified for such Mandatory Early Redemption Barrier Underlying in the applicable Issue Terms, the percentage level specified as such in the applicable Issue Terms.

"Performance Product Base Level" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings, the level specified as such for the Mandatory Early Redemption Barrier Underlying(s) in the applicable Issue Terms or, if none is so specified, the Mandatory Early Redemption Initial Level of the Mandatory Early Redemption Barrier Underlying(s).

"Preceding MER Level" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings (the **"Relevant MERBU(s)"**):

- (A) where "Performance" is specified as applicable in respect of the Preceding MER Level in the applicable Issue Terms, the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the immediately preceding Mandatory Early Redemption Date; or
- (B) where "Performance Product" is specified as applicable in respect of the Preceding MER Level in the applicable Issue Terms, an amount determined to be the product of (I) the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the immediately preceding Mandatory Early Redemption Date, and (II) the Performance Product Base Level of the Relevant MERBU(s); or
- (C) where "Reference Level" is specified as applicable in respect of the Preceding MER Level in the applicable Issue Terms, the MER Reference Level in respect of the immediately preceding Mandatory Early Redemption Date of the Relevant MERBU(s).

"Reset MER Underlying(s)" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, a Mandatory Early Redemption Barrier Event), the Mandatory Early Redemption Underlying(s) specified as such in the applicable Issue Terms.

"Reset MER Barrier Level" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings, an amount determined by reference to the following formula:

$$\text{Max}(\text{Reset MER Floor Level, Preceding MER Level})$$

"Reset MER Floor Level" means, in respect of a Mandatory Early Redemption Date and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings, the percentage level specified as such for such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date in the Table set out in the applicable Issue Terms.

"Upper Mandatory Early Redemption Barrier Level" or "Upper MER Barrier Level" means, in respect of a Mandatory Early Redemption Date (and/or, as the case may be, a Mandatory Early Redemption Barrier Event) and a Mandatory Early Redemption Barrier Underlying or, as the case may be, the Mandatory Early Redemption Barrier Underlyings, the percentage level specified as such for such Mandatory Early Redemption Barrier Underlying for such Mandatory Early Redemption Date (and/or, as the case may be, such Mandatory Early Redemption Barrier Event) in the Table set out in the applicable Issue Terms.

- (iv) **Definitions relating to the determination of the Mandatory Early Redemption Amount due if a Mandatory Early Redemption Barrier Event has occurred**

"Early Exit MER Amount" means, in respect of each Security and a Mandatory Early Redemption Date, the amount specified as such in the applicable Issue Terms.

"Performance-Linked Mandatory Early Redemption Amount" means, in respect of each Security and a Mandatory Early Redemption Date, either

(A) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Put Option and:

I. neither a Mandatory Early Redemption Participation Rate nor a Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU); or

II. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("MERPR"), expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) \times MERPR ;
or

III. FX Performance is specified as Applicable in the applicable Issue Terms and no Mandatory Early Redemption Participation Rate or Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by FX Performance, expressed as a formula:

Calculation Amount \times (Relevant Percentage +
MER Performance of MERPU) \times FX Performance; or

IV. a Mandatory Early Redemption Adjustment Amount ("MERAA") but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) + MERAA; or

- V. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("MERPR") multiplied by FX Performance, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) + MERPR \times FX Performance; or

- VI. a Mandatory Early Redemption Participation Rate ("MERPR") and a Mandatory Early Redemption Adjustment Amount ("MERAA") are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU); or

- VII. a Mandatory Early Redemption Adjustment Amount ("MERAA") but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the FX Performance plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount \times (Relevant Percentage + MER Performance of MERPU) \times MERPR; or

- VIII. a Mandatory Early Redemption Adjustment Amount and a Mandatory Early Redemption Participation Rate are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Mandatory Early Redemption

Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("**MERPR**") multiplied by FX Performance plus the MERAA, expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{MER Performance of MERPU}) \times \text{FX Performance} + \text{MERAA}$$

PROVIDED HOWEVER, in the case of each of (A)I to (A)VIII above, that if (x) a Maximum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount and a minimum amount (a collar) PROVIDED FURTHER THAT, different Maximum Mandatory Early Redemption Amounts or Minimum Mandatory Early Redemption Amounts may apply if specified in the applicable Issue Terms in respect of the satisfaction or non-satisfaction of a Mandatory Early Redemption Barrier Event and/or a Mandatory Early Redemption Upper Barrier Event and/or in respect of different Mandatory Early Redemption Dates;

(B) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Call Option and:

I. neither a Mandatory Early Redemption Participation Rate nor a Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date, expressed as a formula:

$$\text{Calculation Amount} + (\text{Calculation Amount} \times \text{MER Performance of MERPU}); \text{ or}$$

II. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("**MERPR**"), expressed as a formula:

$$\text{Calculation Amount} + (\text{Calculation Amount} \times \text{MER Performance of MERPU} \times \text{MERPR}); \text{ or}$$

- III. FX Performance is specified as Applicable in the applicable Issue Terms but no Mandatory Early Redemption Participation Rate or Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU × FX Performance); or

- IV. a Mandatory Early Redemption Adjustment Amount ("MERAA") but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) + MERAA; or

- V. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("MERPR") multiplied by FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) × MERPR × FX Performance); or

- VI. a Mandatory Early Redemption Participation Rate and a Mandatory Early Redemption Adjustment Amount ("MERAA") are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("MERPR") plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

Calculation Amount + (Calculation Amount × MER Performance of MERPU) × MERPR + MERAA; or

- VII. a Mandatory Early Redemption Adjustment Amount ("MERAA") but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the FX Performance plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

Calculation Amount + (Calculation Amount × MER Performance of MERPU) + FX Performance × MERAA; or

- VIII. a Mandatory Early Redemption Adjustment Amount ("MERAA") and a Mandatory Early Redemption Participation Rate ("MERPR") are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the sum of the Calculation Amount multiplied by the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate multiplied by FX Performance plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

$$\text{Calculation Amount} + (\text{Calculation Amount} \times \text{MER Performance of MERPU}) \times \text{FX Performance} \times \text{MERPR} + \text{MERAA}$$

PROVIDED HOWEVER, in the case of each of (B)I to (B)VIII above, that if (x) a Maximum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such maximum amount and a minimum amount (a collar) PROVIDED FURTHER THAT, different Maximum Mandatory Early Redemption Amounts or Minimum Mandatory Early Redemption Amounts may apply if specified in the applicable Issue Terms in respect of the satisfaction or non-satisfaction of a Mandatory Early Redemption Barrier Event and/or a Mandatory Early Redemption Upper Barrier Event and/or in respect of different Mandatory Early Redemption Dates;

- (C) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Call Spread - Put Spread Option and:

- I. none of a Global Participation Rate, a Mandatory Early Redemption Participation Rate Call or a Mandatory Early Redemption Participation Rate Put are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf}))] + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- II. a Mandatory Early Redemption Participation Rate Call and a Mandatory Early Redemption Participation Rate Put but no Global Participation Rate, is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date ("**MERPerf**"), multiplied by the Mandatory Early Redemption Participation Rate Call ("**MERPR Call**")) less the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date, multiplied by the Mandatory Early Redemption Participation Rate Put ("**MERPR Put**")) plus the Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

$$\text{Calculation Amount} \times [(\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \text{MERPRCall}) - (\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf})) \times \text{MERPR Put})] + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but none of a Mandatory Early Redemption Performance Rate Call, a Mandatory Early Performance Rate Put or a Global Participation Rate is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being

the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) multiplied by FX Performance plus the Mandatory Early Redemption Adjustment Amount ("MERAA"), expressed as a formula:

$$\frac{\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf}))] \times \text{FX Performance} + \text{MERAA}}{\text{MERAA}}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- IV. a Global Participation Rate but no Mandatory Early Redemption Participation Rate Call or Mandatory Early Redemption Participation Rate Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) multiplied by the Global Participation Rate ("GPR") plus a Mandatory Early Redemption Adjustment Amount ("MERAA"), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf}))] \times \text{GRP} + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- V. FX Performance is specified as Applicable in the applicable Issue Terms and a Mandatory Early Redemption Participation Rate Call and a Mandatory Early Redemption Participation Rate Put but no Global Participation Rate is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date, multiplied by the Mandatory Early Redemption Participation Rate Call ("MERPR Call")) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption

Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Rate Put ("**MERPR Put**") multiplied by FX Performance plus a Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

$$\begin{aligned} &\text{Calculation Amount} \times \left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \right. \right. \\ &\quad \left. \text{MERPR Call} \right] + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}), 100\% + \text{MERPerf}) \times \\ &\quad \left. \text{MERPR Put} \right] \times \text{FX Performance} + \text{MERAA} \end{aligned}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- VI. a Mandatory Early Redemption Participation Rate Call and a Mandatory Early Redemption Participation Rate Put and a Global Participation Rate ("**GPR**") are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Call ("**MERPR Call**") plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Put ("**MERPR Put**") multiplied by the Global Participation Rate plus the Mandatory Early Redemption Adjustment Amount, expressed as a formula:

$$\begin{aligned} &\text{Calculation Amount} \times \left[\left[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \right. \right. \\ &\quad \left. \text{MERPR Call} \right] + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}), 100\% + \text{MERPerf}) \times \\ &\quad \left. \text{MERPR Put} \right] \times \text{GPR} + \text{MERAA} \end{aligned}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- VII. an FX Performance is specified as Applicable in the applicable Issue Terms and a Global Participation Rate ("**GPR**") but no Mandatory Early Redemption Participation Rate Call or Mandatory Early Redemption Participation Rate Put is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption

Performance Underlying(s) for such Mandatory Early Redemption Date) multiplied by the FX Performance multiplied by the GPR plus the Mandatory Early Redemption Adjustment Amount ("MERAA"), expressed as a formula:

$$\text{Calculation Amount} \times (\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf})) \times \text{FX Performance} \times \text{GPR} + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar); or

- VIII. a Mandatory Early Redemption Participation Rate Call, a Mandatory Early Redemption Participation Rate Put and a Global Participation Rate ("GPR") are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Call ("MERPR Call")) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of 100 per cent. and the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate Put ("MERPR Put")) multiplied by the FX Performance multiplied by the GPR plus the Mandatory Early Redemption Adjustment Amount ("MERAA"), expressed as a formula:

$$\text{Calculation Amount} \times \left[[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{MERPerf})) \times \text{MERPR Call}] + [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, 100\% + \text{MERPerf})) \times \text{MERPR Put}] \right] \times \text{FX Performance} \times \text{GPR} + \text{MERAA}$$

Such amount is therefore subject to a Maximum Mandatory Early Redemption Amount and a Minimum Mandatory Early Redemption Amount (a collar);

- (D) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Twin Win Option and:

- I. neither a Mandatory Early Redemption Participation Rate or a Mandatory Early Redemption Adjustment Amount are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("MERPU") for such Mandatory Early Redemption Date, expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs} [\text{MER Performance of MERPU}]); \text{ or}$$

- II. a Mandatory Early Redemption Participation Rate but no a Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by the Mandatory Early Redemption Participation Rate ("**MERPR**"), expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs [MER Performance of MERPU]}) \times \text{MERPR}; \text{ or}$$

- III. FX Performance is specified as Applicable in the applicable Issue Terms but no Mandatory Early Redemption Participation Rate or Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by FX Performance, expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs [MER Performance of MERPU]}) \times \text{FX Performance}; \text{ or}$$

- IV. a Mandatory Early Redemption Adjustment Amount but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date plus a Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs [MER Performance of MERPU]}) + \text{MERAA}; \text{ or}$$

- V. a Mandatory Early Redemption Participation Rate but no Mandatory Early Redemption Adjustment Amount is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by a Mandatory Early Redemption Participation Rate ("**MERPR**") multiplied by FX Performance, expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Abs [MER Performance of MERPU]}) \times \text{MERPR} \times \text{FX Performance}; \text{ or}$$

- VI. a Mandatory Early Redemption Participation Rate and a Mandatory Early Redemption Adjustment Amount are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by a Mandatory Early Redemption Participation Rate ("**MERPR**") plus a Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) \times MERPR + MERAA; or

- VII. FX Performance is specified as Applicable in the applicable Issue Terms and a Mandatory Early Redemption Adjustment Amount but no Mandatory Early Redemption Participation Rate is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by FX Performance plus a Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) \times FX Performance + MERAA; or

- VIII. FX Performance is specified as Applicable in the applicable Issue Terms and a Mandatory Early Redemption Adjustment Amount and a Mandatory Early Redemption Participation Rate are specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of 100 per cent. and the Absolute Value of the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date multiplied by a Mandatory Early Redemption Participation Rate ("**MERPR**") and multiplied by FX Performance plus a Mandatory Early Redemption Adjustment Amount ("**MERAA**"), expressed as a formula:

Calculation Amount \times (100% + Abs [MER Performance of MERPU]) \times FX Performance \times MERPR + MERAA

Such amount is therefore subject to a Minimum Mandatory Early Redemption Amount (a floor).

- (E) where the relevant Performance-Linked Mandatory Early Redemption Amount is expressed in the applicable Issue Terms to be Greater of Option, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of (a) the Relevant Percentage and (b) the greater of (i) the MER Percentage ("**MERP**") and (ii) the Mandatory Early Redemption Performance of the Mandatory Early Redemption Performance Underlying(s) ("**MERPU**") for such Mandatory Early Redemption Date, expressed as a formula:

Calculation Amount \times [Relevant Percentage + Max (MERP, MER Performance of MERPU)]

PROVIDED HOWEVER, that if a Minimum Mandatory Early Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Mandatory Early Redemption Amount is subject to such minimum amount (a floor); PROVIDED FURTHER THAT, different Minimum Mandatory Early Redemption Amounts may apply if specified in the applicable Issue Terms in respect of the satisfaction or non-satisfaction of a Mandatory Early Redemption Barrier Event and/or a Mandatory Early Redemption Upper Barrier Event and/or in respect of different Mandatory Early Redemption Dates;

Where:

"Absolute Value" or **"Abs"** means the positive percentage or decimal or numerical value of the percentage or decimal or number, as the case may be, without regard to its sign (thus for example the Absolute Value of -19 per cent. would be 19 per cent. and the Absolute Value of 19 per cent. would be 19 per cent.).

"Call Cap" means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

"Call Floor" means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

"Put Cap" means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

"Put Floor" means the percentage (if any) specified as such in respect of the Underlying Linked Securities Mandatory Early Redemption Provisions in the applicable Issue Terms.

"Maximum Mandatory Early Redemption Amount" means, in respect of a Mandatory Early Redemption Date, the amount (if any) in the Settlement Currency specified as such in the applicable Issue Terms.

"Minimum Mandatory Early Redemption Amount" means, in respect of a Mandatory Early Redemption Date, the amount (if any) in the Settlement Currency specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Participation Rate" or **"MERPR"** means, in respect of a Mandatory Early Redemption Date, the percentage rate (if any) specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Participation Rate Call" or **"MERPR Call"** means, in respect of a Mandatory Early Redemption Date, the percentage rate (if any) specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Participation Rate Put" or **"MERPR Put"** means, in respect of a Mandatory Early Redemption Date, the percentage rate (if any) specified as such in the applicable Issue Terms.

"Min" means the lesser of the two terms separated by a comma or semi-colon or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

"**Max**" means the greater (or equal greatest) of the two terms separated by a comma or semi-colon or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

"**MERPerf**" means, in respect of the relevant Mandatory Early Redemption Date, the MER Performance of the MER Performance Underlying for such Mandatory Early Redemption Date.

"**Snowball Accrual Day**" means each day specified as such in the applicable Issue Terms or, if none is so specified, each calendar day.

"**Snowball Accrual Denominator**" or "**SA Denominator**" means the number (if any) specified as such in the applicable Issue Terms.

"**Snowball Accrual Mandatory Early Redemption Amount**" means, in respect of each Security and a Mandatory Early Redemption Date, an amount in the Settlement Currency determined by reference to the following formula:

$$\text{Calculation Amount} \times \left[\text{SA Relevant Percentage} + \left(\text{SA Rate} \times \frac{\text{SA Numerator}}{\text{SA Denominator}} \right) \right]$$

"**Snowball Accrual Numerator**" or "**SA Numerator**" means the number of Snowball Accrual Days falling in the Snowball Accrual Period.

"**Snowball Accrual Period**" means the period (if any) specified as such in the applicable Issue Terms.

"**Snowball Accrual Rate**" or "**SA Rate**" means the percentage rate (if any) specified as such in the applicable Issue Terms.

"**Snowball Accrual Relevant Percentage**" or "**SA Relevant Percentage**" means the percentage rate (if any) specified as such in the applicable Issue Terms.

(c) ***Definitions relating to redemption***

(i) **Definitions relating to Dates**

"**Specified Market Timer Redemption Strike Date**" means the or each date designated as such in the applicable Issue Terms. The or each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and the or each such date, as so adjusted, shall be a "**Market Timer Redemption Strike Date**".

"**Specified Final Valuation Date**" means the or each date designated as such in the applicable Issue Terms. The or each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and the or each such date, as so adjusted, shall be a "**Final Valuation Date**".

"**Specified Gemini Event Valuation Date**" means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a "**Gemini Event Valuation Date**".

"**Specified Redemption Barrier Observation Date**" means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms,

and each such date, as so adjusted, shall be a **"Redemption Barrier Observation Date"**.

"Specified Redemption Initial Floor Strike Date" means, in respect of an Underlying, each date specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Redemption Initial Floor Strike Date"**.

"Specified Redemption Strike Date" means, in respect of an Underlying, each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Redemption Strike Date"**.

"Specified Redemption Lock-in Event Valuation Date" means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Redemption Lock-in Event Valuation Date"**.

"Specified Redemption Lower Barrier Event Valuation Date" means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Redemption Lower Barrier Event Valuation Date"**.

"Specified Redemption Upper Barrier Event Valuation Date" means each date or dates specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, shall be a **"Redemption Upper Barrier Event Valuation Date"**.

(ii) **Definitions relating to the Redemption Underlying(s), the performance of the Redemption Underlying(s) and levels of the Redemption Underlying(s)**

"Best Oasis Redemption Performer" means, in respect of an Final Valuation Date:

- (A) if "Oasis – Best Performing Only" is specified in the applicable Issue Terms, the Redemption Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Redemption Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Oasis Final Percentage for such Final Valuation Date; or
- (B) if "Oasis – Multiple Best Performing" is specified in the applicable Issue Terms, each Redemption Underlying which has one of the X highest Oasis Final Percentages, determined by the Calculation Agent by ranking each of the Redemption Underlyings in order of their Oasis Final Percentage in respect of such Final Valuation Date from highest to lowest, where (i) the Redemption Underlying with the highest Oasis Final Percentage will be Best Oasis Redemption Performer 1, (ii) the Redemption Underlying with the second highest Oasis Final Percentage will be Best Oasis Redemption Performer 2,

and so on until (iii) the Redemption Underlying with the X highest Oasis Final Percentage will be Best Oasis Redemption Performer X,

PROVIDED THAT, if any two or more Redemption Underlyings have an equal Oasis Final Percentage in respect of such Final Valuation Date, the highest of such Redemption Underlyings shall be determined in accordance with the Equality Adjustment.

"C" means the percentage specified as such in the applicable Issue Terms, which percentage may be 0 (zero) per cent.

"Cross Rate I Designated Page" means, in respect of a Redemption Underlying and the FX for such Underlying, such page as is specified for such Redemption Underlying in the applicable Issue Terms.

"Cross Rate II Designated Page" means, in respect of a Redemption Underlying and the FX for such Underlying, such page as is specified for such Redemption Underlying in the applicable Issue Terms.

"Cross Rate I Designated Time" means, in respect of a Redemption Underlying and the FX for such Underlying, the time specified for such Redemption Underlying in the applicable Issue Terms.

"Cross Rate II Designated Time" means, in respect of a Redemption Underlying and the FX for such Underlying, the time specified for such Redemption Underlying in the applicable Issue Terms.

"D" means the decimal specified as such in the applicable Issue Terms, which decimal may be 0 (zero).

"Designated Page" means, in respect of a Redemption Underlying and the FX for such Underlying, such page as is specified for such Redemption Underlying in the applicable Issue Terms.

"Designated Time" means, in respect of a Redemption Underlying and the FX for such Redemption Underlying, the time specified as such in the applicable Issue Terms.

"Equality Adjustment" means that, in respect of two or more performances, levels or values determined by the Calculation Agent to be equally high or low, the Calculation Agent will deem any of such equal highest or lowest performances, levels or values to be the highest or lowest performance, level or value, in its discretion.

"Final Outperformance A Underlying(s)" means, in respect of the Final Performance Provisions, the or each Redemption Underlying specified as such in the applicable Issue Terms.

"Final Outperformance B Underlying(s)" means, in respect of the Final Performance Provisions, the or each Redemption Underlying specified as such in the applicable Issue Terms.

"Final Performance" means, subject as provided in sub-paragraph (G) of the definition of Redemption Barrier Event below:

- (A) where "Single Underlying Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of the Redemption Underlying, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level—Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is

subject to such maximum percentage and minimum percentage (a collar); or

- V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (B) where "Weighted Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of all of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
 - IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or
 - V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (C) where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of each of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level—Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the

applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or

- V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;

- (D) where "Outperformance Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula:

$$[\text{Outperf A} - \text{Outperf B}] \times 100,$$

For which purpose:

"Outperf A" means

- I. where "Single Underlying Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance A Underlying in the applicable Issue Terms, and the Final Outperformance A Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance A Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance A Underlying:

- (a) (x) a Maximum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf A and a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant

to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event) and a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Satisfied) and a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Not Satisfied) and a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance A Underlying in the applicable Issue Terms, and all of the Final Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance A Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance A Underlying:

- (a) (x) a Maximum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf A and a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event) and a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Satisfied) and a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf

A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Not Satisfied) and a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance A Underlying, and each of the Final Outperformance A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance A Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance A Underlying:

- (a) (x) a Maximum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf A and a Minimum Final Outperf A is specified in the applicable Issue Terms, then Outperf A is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event) and a Minimum Final Outperf A (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf

A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Satisfied) and a Minimum Final Outperf A (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf A (Barrier Event Not Satisfied) and a Minimum Final Outperf A (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

"Outperf B" means

- I. where "Single Underlying Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance B Underlying in the applicable Issue Terms, and the Outperformance B Underlying, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance B Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance B Underlying:

- (a) (x) a Maximum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf B and a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum

Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event) and a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Satisfied) and a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Not Satisfied) and a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- II. where "Weighted Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance B Underlying in the applicable Issue Terms, and all of the Final Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance B Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance B Underlying:

- (a) (x) a Maximum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf B and a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event) and a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Satisfied) and a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf

B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Not Satisfied) and a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or

- III. where "Best of Basket Observation" or "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions for Final Outperformance B Underlying, and each of the Final Outperformance B Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Outperformance B Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of Final Outperformance B Underlying:

- (a) (x) a Maximum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal (a cap); (y) a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such minimum decimal (a floor); or (z) a Maximum Final Outperf B and a Minimum Final Outperf B is specified in the applicable Issue Terms, then Outperf B is subject to such maximum decimal and minimum decimal (a collar);
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event) and a Minimum Final Outperf B (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf

B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Satisfied) and a Minimum Final Outperf B (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Outperf B (Barrier Event Not Satisfied) and a Minimum Final Outperf B (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- (E) where "Himalaya Final Performance – Asian Observation" is specified in as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of the Redemption Underlyings, an amount expressed as a percentage and determined as the arithmetic mean of the Multiple FVD Final Performance Percentage for the relevant Redemption Underlying on the Final Valuation Dates, as determined by the Calculation Agent, PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar),
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in

the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);

- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
 - IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
 - V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (F) where "Arithmetic Mean Underlying Return" is specified in as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of the Redemption Underlyings, an amount expressed as a percentage and determined be reference to the following formula, where each relevant

constituent value is determined in relation to the relevant Redemption Underlying:

$$\sum_{n=1}^n \frac{1}{n} \times \text{Underlying Return (Final)}$$

PROVIDED HOWEVER THAT:

- I. if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar),
- II. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- IV. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a

Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); and

- V. if a Final Performance Adjustment Percentage is specified in the applicable Issue Terms, the Final Performance will be adjusted by the addition of such Final Performance Adjustment Percentage to the Final Performance determined in accordance with the formula above PROVIDED FURTHER THAT, if a Maximum Final Performance Percentage, Minimum Final Performance Percentage, Maximum Final Performance Percentage (Barrier Event), Minimum Final Performance Percentage (Barrier Event), Maximum Final Performance Percentage (Barrier Event Satisfied), Minimum Final Performance Percentage (Barrier Event Satisfied), Maximum Final Performance Percentage (Barrier Event Not Satisfied) or Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified to apply to such Final Performance, the Final Performance Adjustment Percentage shall be applied first to the Final Performance and will not override the effect of any cap or floor that may apply;
- (G) where "Cliquet" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, each of the Redemption Underlyings, an amount expressed as a percentage and determined by reference to the following formulae, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:
- I. if "Sum of Underlying Return Cliquet (Final)" is specified in the applicable Issue Terms:
- $$\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C; \text{ or}$$
- II. if "Product of Underlying Return Cliquet (Final)" is specified in the applicable Issue Terms:
- $$\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C; \text{ or}$$
- III. if "Period Performance Less Cliquet Return – Sum (Final)" is specified in the applicable Issue Terms:
- $$\text{Final Period Performance} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$
- IV. if "Absolute Period Performance Less Cliquet Return – Sum (Final)" is specified in the applicable Issue Terms:
- $$\text{Abs (Final Period Performance)} - \left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$
- V. if "Period Performance Less Cliquet Return – Product (Final)" is specified in the applicable Issue Terms:

$$\text{Final Period Performance} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$

- VI. if "Absolute Period Performance Less Cliquet Return – Product (Final)" is specified in the applicable Issue Terms:

$$\text{Abs (Final Period Performance)} - \left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right); \text{ or}$$

- VII. if "Cliquet Return Less Period Performance – Sum (Final)" is specified in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Final Period Performance}; \text{ or}$$

- VIII. if "Cliquet Return Less Absolute Period Performance – Sum (Final)" is specified in the applicable Issue Terms:

$$\left(\sum_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Abs (Final Period Performance)}; \text{ or}$$

- IX. if "Cliquet Return Less Period Performance – Product (Final)" is specified in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Final Period Performance}; \text{ or}$$

- X. if "Cliquet Return Less Absolute Period Performance – Product (Final)" is specified in the applicable Issue Terms:

$$\left(\prod_{t=1}^t \text{Cliquet Underlying Return (Final)} - C \right) - \text{Abs (Final Period Performance)}$$

PROVIDED HOWEVER THAT:

- (a) if (x) a Maximum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage and a Minimum Final Performance Percentage is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar),
- (b) for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance

is subject to such maximum percentage and minimum percentage (a collar);

- (c) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- (d) for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar), and
- (e) if (x) a Cliquet Final Performance Floor is specified as "Cliquet Final Performance Floor" in the applicable Issue Terms, the Final Performance for such Final Valuation Date will be subject to a minimum percentage (floor) (if any) determined as the Cliquet Final Performance Floor, or (y) a Cliquet Final Performance Floor is specified as "Global Lock-in Floor" in the applicable Issue Terms, the Global Lock-in Redemption Floor Trigger has been satisfied in respect of any Final Valuation Date, the Final Performance for such Final Valuation Date will be subject to a minimum percentage (floor) of the Global Lock-in Floor Percentage specified in the applicable Issue Terms,

where:

"Best Cliquet B Final Valuation Date" means, in respect of each Specified Cliquet Final Valuation Period, the Final Valuation Date(s) in respect of such Specified Cliquet Final Valuation Period with the Uth highest Cliquet Final Decimals, determined by the Calculation Agent by ranking each of the Final Valuation Dates in order of their Cliquet Final Decimals from highest to lowest, where, (i) the Final Valuation Date with the highest Cliquet Final Decimal will be the highest ranking, (ii) the Final Valuation Date with the second highest Cliquet Final Decimal will be the second highest

ranking, and so on until (iii) the Final Valuation Date with the lowest Cliquet Final Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Final Valuation Dates have an equal Cliquet Final Decimal, the highest of such Final Valuation Dates will be determined in accordance with the Equality Adjustment.

"Cliquet Final Performance Floor" means a percentage determined as the product of (A) an amount determined by the Calculation Agent as being the Cliquet Final Performance Sum Integer (if any) that is:

- (a) greater than,
- (b) greater than or equal to,
- (c) less than or equal to, or
- (d) less than (as specified in the applicable Issue Terms in respect of Cliquet Final Performance Floor),

the Cliquet Final Performance Sum determined in respect of each Final Valuation Date and (B) if specified in the applicable Issue Terms, the Cliquet Final Performance Sum Multiple or otherwise 100%,

PROVIDED THAT, if the applicable requirements in respect of any Cliquet Final Performance Floor are not satisfied, then there shall be no Cliquet Final Performance Floor.

"Cliquet Final Performance Sum" means, in respect of a Final Valuation Date, the sum of each Cliquet Underlying Return determined in respect of each Final Valuation Date occurring prior to (and including) the relevant Final Valuation Date.

"Cliquet Final Performance Sum Integer" means, as specified in the applicable Issue Terms, "the highest (or equal highest) positive integer", "the highest (or equal highest) integer", "the lowest (or equal lowest) positive integer" or "the lowest (or equal lowest) integer". For which purpose, an integer shall be any whole number (including negative whole numbers and zero) and a positive integer shall be any whole number greater than or equal to 1 (one) and, where the relevant Cliquet Final Performance Sum is not a whole number, the relevant integer shall be the nearest integer thereto, with any amount equal to a multiple of 0.5 being rounded up.

"Cliquet Underlying Return (Final)" means, in respect of the Redemption Underlying and the Final Valuation Date, an amount expressed as a decimal calculated in accordance with the following (the **"Cliquet Final Decimal"**):

- (A) if "Cliquet A (Final)", "Cliquet B (Final)" or "Cliquet C (Final)" is specified in the applicable Issue Terms, the Multiple FVD Final Performance Percentage; or
- (B) if "Cliquet A Absolute (Final)" "Cliquet B Absolute (Final)" or "Cliquet C Absolute (Final)" is specified in the applicable Issue Terms,

Abs (Multiple FVD Final Performance Percentage),

PROVIDED THAT, in either case,

- I. if (i) "Cliquet B (Final)" or "Cliquet B Absolute (Final)" and (ii) "Cliquet B Highest (Final)" are specified in the applicable Issue Terms, the Cliquet Underlying Return (Final) for the or each, as the case may be, Best Cliquet B Final Valuation Date will be deemed to be the Cliquet B Highest Return Redemption Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Final Valuation Period and not the Cliquet Final Decimal calculated in accordance with the formula above;
- II. if (i) "Cliquet B (Final)" or "Cliquet B Absolute (Final)" and (ii) "Cliquet B Lowest (Final)" are specified in the applicable Issue Terms, the Cliquet Underlying Return (Final) for the or each, as the case may be, Worst Cliquet B Final Valuation Date will be deemed to be the Cliquet B Lowest Return Redemption Decimal specified in the applicable Issue Terms in respect of such Specified Cliquet Final Valuation Period and not the Cliquet Final Decimal calculated in accordance with the formula above;
- III. if "Cliquet C (Final)" or "Cliquet C Absolute (Final)" are specified in the applicable Issue Terms and the Cliquet Final Decimal in respect of Final Valuation Date or any preceding Final Valuation Date has been either (i) greater than, (ii) greater than or equal to, (iii) less than or equal to or (iv) less than (as specified in the applicable Issue Terms in respect of Cliquet C (Final) or Cliquet C Absolute (Final), as applicable) the Cliquet C Redemption Target specified in the applicable Issue Terms, the Cliquet Underlying Return (Final) for such Final Valuation Date will be deemed to be the Cliquet C Lock-in Redemption Decimal specified in the applicable Issue Terms and not the Cliquet Final Decimal calculated in accordance with the formula above,

PROVIDED FURTHER THAT:

- (a) if a Cliquet Underlying Return Redemption Cap is specified in the applicable Issue Terms and the Cliquet Final Decimal in respect of any Final Valuation Date is greater than such Cliquet Underlying Return Redemption Cap, the Cliquet Final Decimal for such Final Valuation Date will be the Cliquet Underlying Return Redemption Cap; and

if a Cliquet Underlying Return Redemption Floor is specified in the applicable Issue Terms and the Cliquet Final Decimal in respect of any Final Valuation Date is greater than such Cliquet Underlying Return Redemption Floor, the Cliquet Final Decimal for such Final Valuation Date will be the Cliquet Underlying Return Redemption Floor.

- (H) where "Best of Profile Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula

$$\text{Max [Profile A; Profile B]} \times 100$$

PROVIDED HOWEVER THAT:

- I. for the purposes of determining whether a Redemption Barrier Event has occurred pursuant to Condition 1.1(c)(iii) below, if (x) a Maximum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event) and a Minimum Final Performance Percentage (Barrier Event) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- II. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Satisfied) and a Minimum Final Performance Percentage (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar);
- III. for the purposes of determining any Performance-Linked Redemption Amount pursuant to Condition 1.1(c)(iv) below and if a Redemption Barrier Event has not occurred, if (x) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Performance Percentage (Barrier Event Not Satisfied) and a Minimum Final Performance Percentage (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Final Performance is subject to such maximum percentage and minimum percentage (a collar); or

For which purpose:

"Profile A" means, in respect of the Final Profile A Underlyings, an amount expressed as a decimal and determine by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Profile A Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of a Final Profile A Underlying (x) a Maximum Final Profile A is specified in the

applicable Issue Terms, then Profile A is subject to such maximum decimal (a cap); (y) a Minimum Final Profile A is specified in the applicable Issue Terms, then Profile A is subject to such minimum decimal (a floor); or (z) a Maximum Final Profile A and a Minimum Final Profile A is specified in the applicable Issue Terms, then Profile A is subject to such maximum decimal and minimum decimal (a collar);

"Profile B" means, in respect of the Final Profile A Underlyings, an amount expressed as a decimal and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Final Profile B Underlying:

$$\sum_{n=1}^n W_n \times \frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED HOWEVER THAT if, in respect of a Final Profile A Underlying (x) a Maximum Final Profile B is specified in the applicable Issue Terms, then Profile B is subject to such maximum decimal (a cap); (y) a Minimum Final Profile B is specified in the applicable Issue Terms, then Profile B is subject to such minimum decimal (a floor); or (z) a Maximum Final Profile B and a Minimum Final Profile B is specified in the applicable Issue Terms, then Profile B is subject to such maximum decimal and minimum decimal (a collar).

"Final Period Performance" means either Final Period Performance 1, Final Period Performance 2 or Final Period Performance 3, as specified in the applicable Issue Terms PROVIDED THAT, in each case, if (x) a Maximum Final Period Performance is specified in the applicable Issue Terms, then the Final Period Performance is subject to such maximum percentage (a cap); (y) a Minimum Final Period Performance is specified in the applicable Issue Terms, then the Final Period Performance is subject to such minimum percentage (a floor); or (z) a Maximum Final Period Performance and a Minimum Final Period Performance is specified in the applicable Issue Terms, then the Final Period Performance is subject to such maximum percentage and minimum percentage (a collar).

"Final Period Performance 1" means, in respect of an Interest Payment Date and the Redemption Underlying, a decimal equal to the Final Period Performance Percentage.

"Final Period Performance 2" means, in respect of an Interest Payment Date and the Redemption Underlying, a decimal determined in accordance with the following formula:

$$D - \text{Final Period Performance Percentage.}$$

"Final Period Performance 3" means, in respect of an Interest Payment Date and the Redemption Underlying, a decimal determined in accordance with the following formula:

$$D \times \text{Final Period Performance Percentage.}$$

"Final Period Performance Percentage" means, in respect of a Redemption Underlying, a decimal calculated in accordance with the following formula:

$$\frac{\text{Final Reference Level (Last FVD)} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

"Final Reference Level (Last FVD)" means, in respect of a Redemption Underlying and the last occurring Final Valuation Date specified in the applicable Issue Terms in respect of the determination of any Final Performance, the Underlying Closing Level of such Redemption Underlying on such Final Valuation Date, as converted by reference to the relevant FX (if any) for such Final Valuation Date.

"Global Lock-in Redemption Floor Trigger" means that, in respect of a Final Valuation Date, the Global Lock-in Redemption Sum for such Final Valuation Date is (a) greater than, (b) greater than or equal to, (c) less than or equal to or (d) less than (as specified in the applicable Issue Terms in respect of the Global Lock-in Floor Redemption Trigger) the Global Lock-in Redemption Floor Trigger Level specified in the applicable Issue Terms.

"Global Lock-in Redemption Sum" means, in respect of a Final Valuation Date, the sum of all Cliquet Underlying Returns determined in respect of each Final Valuation Date occurring prior to (and including) the relevant Final Valuation Date.

"t" means, in respect of a Cliquet Underlying Return (Final), the number of Final Valuation Dates specified in the applicable Issue Terms in respect of such Cliquet Underlying Return Final.

"U" means the number specified in the applicable Issue Terms for the purpose of determining the Best Cliquet B Final Valuation Dates or the Worst Cliquet B Final Valuation Date, as the case may be.

"Worst Cliquet B Final Valuation Date" means, in respect of each Specified Cliquet Final Valuation Period, the Final Valuation Date(s) in respect of such Specified Cliquet Final Valuation Period with the Uth lowest Cliquet Final Decimals, determined by the Calculation Agent by ranking each of the Final Valuation Dates in order of their Cliquet Final Decimals from lowest to highest, where, (i) the Final Valuation Date with the highest Cliquet Final Decimal will be the highest ranking, (ii) the Final Valuation Date with the second highest Cliquet Final Decimal will be the second highest ranking, and so on until (iii) the Final Valuation Date with the lowest Cliquet Final Decimal will be the lowest ranking,

PROVIDED THAT, if any two or more Final Valuation Dates have an equal Cliquet Final Decimal, the highest of such Final Valuation Dates will be determined in accordance with the Equality Adjustment.

"Final Performance Underlying(s)" or "FPU" means either:

- (A) where "Single Underlying Observation" or "Cliquet" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the Redemption Underlying;
- (B) where "Weighted Basket Observation" or "Arithmetic Mean Underlying Return" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, all of the Redemption Underlyings;
- (C) where "Best of Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue

Terms, the Redemption Underlying with the Nth highest (which shall, if, in the determination of the Calculation Agent, two or more Final Performance Underlyings are equal Nth highest, be determined in accordance with the Equality Adjustment) Final Performance, as determined by the Calculation Agent;

- (D) where "Worst of Basket Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the Redemption Underlying with the Nth lowest (which shall, if, in the determination of the Calculation Agent, two or more Final Performance Underlyings are equal Nth lowest, be determined in accordance with the Equality Adjustment) Final Performance, as determined by the Calculation Agent;
- (E) where "Outperformance Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, all of the Final Outperformance A Underlying(s) and Final Outperformance B Underlying(s);
- (F) where "Best of Profile Observation" is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, all of the Final Profile A Underlying(s) and Final Profile B Underlying(s);
- (G) where "Himalaya Final Performance – Asian Observation" and "Best of Himalaya Basket Observation" are specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of each Final Valuation Date, the Redemption Underlying with the highest (which shall, if, in the determination of the Calculation Agent, two or more Redemption Underlyings are equal highest, be determined in accordance with the Equality Adjustment) Multiple FVD Final Performance Percentage on such Final Valuation Date, PROVIDED THAT a Redemption Underlying may not be the Final Performance Underlying in respect of any such Final Valuation Date if such Redemption Underlying was the Final Performance Underlying in respect of any preceding Final Valuation Date and any such Redemption Underlying will be deemed not to be a Redemption Underlying for the purpose of determining the Final Performance Underlying in respect of such Final Valuation Date, all as determined by the Calculation Agent; and
- (H) where "Himalaya Final Performance – Asian Observation" and "Worst of Himalaya Basket Observation" are specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of each Final Valuation Date, the Redemption Underlying with the lowest (which shall, if, in the determination of the Calculation Agent, two or more Redemption Underlyings are equal lowest, be determined in accordance with the Equality Adjustment) Multiple FVD Final Performance Percentage on such Final Valuation Date, PROVIDED THAT a Redemption Underlying may not be the Final Performance Underlying in respect of any such Final Valuation Date if such Redemption Underlying was the Final Performance Underlying in respect of any preceding Final Valuation Date and any such Redemption Underlying will be deemed not to be a Redemption Underlying for the purpose of determining the Final Performance Underlying in respect of such Final Valuation Date, all as determined by the Calculation Agent.

"Final Reference Level" means, subject as provided in sub-paragraph (G) of the definition of Redemption Barrier Event below, in respect of a Redemption Underlying, either:

- (A) where the Final Reference Level is specified in the applicable Issue Terms to be "Closing Level on Final Valuation Date", the Underlying Closing Level of such Redemption Underlying on the Final Valuation Date, as converted by reference to the relevant FX (if any) for such Final Valuation Date;
- (B) where the Final Reference Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Final Valuation Dates", the arithmetic average of the Underlying Closing Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
- (C) where the Final Reference Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Final Valuation Dates", the lowest (or equal lowest) Underlying Closing Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
- (D) where the Final Reference Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Final Valuation Dates", the lowest (or equal lowest) Underlying Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
- (E) where the Final Reference Level is specified in the applicable Issue Terms to be "Highest Closing Level on Final Valuation Dates", the highest (or equal highest) Underlying Closing Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent;
or
- (F) where the Final Reference Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Final Valuation Dates", the highest (or equal highest) Underlying Level of such Redemption Underlying on the Final Valuation Dates, as converted first in each case by reference to the relevant FX (if any) for each such Final Valuation Date, as determined by the Calculation Agent.

"FX" means, for the purpose of this Condition 1.1(c), where FX Provisions are specified as applicable in respect of the Underlying Linked Securities Redemption Provisions in the applicable Issue Terms, (a) in respect of a Redemption Underlying and the level or value (as provided on the applicable Electronic Page (as defined in Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) below)) of which is expressed or determined to be in a currency other than the Settlement Currency (being, in the case of Dual Currency Securities, the Denomination Currency) (the "**Relevant Currency**"), either: (i) where Quanto Provisions are specified as applicable in the applicable Issue Terms, the rate specified for such Redemption Underlying in the applicable Issue Terms; or (ii) where Compo FX Provisions are specified as applicable in the applicable Issue Terms, the average of the mid Relevant Currency/Settlement Currency exchange rates quoted on the Designated Page at the Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Relevant Currency/Settlement Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose

which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (expressed as the number of units of the Relevant Currency (or part thereof) for which one unit of the Settlement Currency can be exchanged) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate; or (b) otherwise, 1,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such Redemption Underlying in the applicable Issue Terms, FX shall be 1 divided by the rate calculated pursuant to the above (rounded to four decimal places); or (y) if Cross Rate is specified in respect of such Interest Underlying in the applicable Issue Terms, FX shall be the average of the mid Cross Rate A Currency/Cross Rate B Currency exchange rates quoted on the Cross Rate I Designated Page at the Cross Rate I Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Cross Rate I Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by Cross Rate A Currency/Cross Rate C Currency exchange rates quoted on the Cross Rate II Designated Page at the Cross Rate II Designated Time on the or each relevant Valuation Date (or such other page or service that may replace the Designated Page for the purpose of displaying the mid Cross Rate A Currency/Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the or each relevant Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if any such FX cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

"Multiple FVD Final Performance Percentage" means, in respect of a Final Valuation Date and a Redemption Underlying, a percentage, determined by the Calculation Agent in accordance with the following formula:

$$\frac{\text{Final Reference Level for the relevant Final Valuation Date} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

"n" means the number of Redemption Underlyings specified in the applicable Issue Terms.

"Redemption Initial Floor Level" means, in respect of a Redemption Underlying, the product of (A) the Underlying Closing Level of such Redemption Underlying on the Redemption Initial Floor Strike Date, as converted by reference to the relevant FX (if any) for the Redemption Initial Floor Strike Date, and (B) the Redemption Initial Floor Percentage.

"Redemption Initial Floor Percentage" means, in respect of a Redemption Underlying, the percentage rate (if any) specified as such in the applicable Issue Terms.

"Redemption Initial Level" means, in respect of a Redemption Underlying:

- (A) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Closing Level on Redemption Strike Date", the Underlying Closing Level of such Redemption Underlying on the Redemption Strike Date, as converted by reference to the relevant FX (if any) for the Redemption Strike Date;

- (B) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Arithmetic Average Closing Level on Redemption Strike Dates", the arithmetic average of the Underlying Closing Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (C) where the Redemption Initial Level is specified in the applicable Issue Terms to be the "Closing Level on Redemption Re-Strike Date FVD", (i) the Final Reference Level for the immediately preceding Final Valuation Date or, (ii) if there has been no such Final Valuation Date, the Underlying Closing Level for the Redemption Underlying on the Redemption Strike Date, as converted by reference to the relevant FX (if any) for such Redemption Strike Date;
- (D) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Redemption Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (E) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-day Level on Redemption Strike Dates", the lowest (or equal lowest) Underlying Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (F) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Closing Level on Redemption Strike Dates", the highest (or equal highest) Underlying Closing Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent;
- (G) where the Redemption Initial Level is specified in the applicable Issue Terms to be "Highest Intra-day Level on Redemption Strike Dates", the highest (or equal highest) Underlying Level of such Redemption Underlying on the Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Redemption Strike Date, as determined by the Calculation Agent; or
- (H) a level specified as such for the Redemption Underlying in the applicable Issue Terms,

PROVIDED THAT where "Redemption Initial Floor" is specified as applicable in the applicable Issue Terms, the Redemption Initial Level shall be subject to a minimum level equal to the Redemption Initial Floor Level.

"Redemption Strike Level" means, in respect of a Redemption Underlying, the Redemption Strike Level specified for such Redemption Underlying in the applicable Issue Terms which may, if so specified in the applicable Issue Terms, be such Redemption Underlying's Redemption Initial Level, PROVIDED THAT, different Redemption Strike Levels may apply if specified in the applicable Issue Terms in respect of the determination of the

satisfaction or non-satisfaction of a Redemption Barrier Event, Redemption Upper Barrier Event or Redemption Lower Barrier Event and/or the determination of different Performance-Linked Redemption Amount(s) payable in respect of the satisfaction or non-satisfaction of a Redemption Barrier Event, Redemption Upper Barrier Event or Redemption Lower Barrier Event and/or the determination of any Final Performance in respect thereof, as specified in the applicable Issue Terms.

"Redemption Underlying" means the or each Underlying (as defined in Condition 2(m) below) specified as a Redemption Underlying in the applicable Issue Terms.

"Underlying Return (Final)" means, in respect of each Redemption Underlying and a Final Valuation Date, either:

- (A) if "Single Cap - Single Valuation Date" or "Single Floor - Single Valuation Date" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula, where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

subject to, (i) if a "Single Cap" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in respect of Underlying Return (Final) in the applicable Issue Terms, (ii) if a "Single Floor" is specified in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if "Single Cap" and a "Single Floor" are specified in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms;

- (B) if "Single Cap - Multiple Valuation Date" or "Single Floor - Multiple Valuation Date" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined as the arithmetic mean of the Multiple FVD Final Performance Percentage for the Redemption Underlying on the Final Valuation Dates, as determined by the Calculation Agent, subject to, (i) if a "Single Cap" is specified in the applicable Issue Terms, a maximum percentage equal to the Single Cap specified in the applicable Issue Terms, (ii) if a "Single Floor" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, a minimum percentage equal to the Single Floor specified in the applicable Issue Terms or (iii) if "Single Cap" and a "Single Floor" are specified in the applicable Issue Terms, a maximum percentage equal to the Single Cap and a minimum percentage equal to the Single Floor, each as specified in the applicable Issue Terms;
- (C) if "Single Target" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined by reference to the following formula (the **"Single Target Redemption Percentage"**), where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level} - \text{Redemption Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED THAT:

- I. if a Single Target Underlying Redemption Threshold Percentage is specified in the applicable Issue Terms, and the Single Target Redemption Percentage is either (i) equal to or less than, (ii) equal to or greater than, (iii) less than, or (iv) greater than the Single Target Redemption Threshold Percentage (in each case, as specified in the applicable Issue Terms), the Underlying Return (Final) will be the Single Target Underlying Redemption Performance Percentage specified in the applicable Issue Terms; or
 - II. if "Single Target Redemption (Barrier)" is specified in the applicable Issue Terms, and (i) if "Barrier Event Satisfaction Required" is specified in the applicable Issue Terms and a Redemption Barrier Event has occurred, the Underlying Return (Final) will be a percentage equal to the Single Target Underlying Redemption Performance (Barrier Event Satisfied) Percentage, and/or (ii) if "Barrier Event Satisfaction Not Required" is specified in the applicable Issue Terms and a Redemption Barrier Event has not occurred, a percentage equal to the Single Target Underlying Redemption Performance (Barrier Event Not Satisfied) Percentage; and
- (D) if "Oasis" is specified as applicable in respect of Underlying Return (Final) in the applicable Issue Terms, an amount expressed as a percentage and determined in accordance with the following formula (the Oasis Final Percentage), where each relevant constituent value is determined in relation to the relevant Redemption Underlying:

$$\frac{\text{Final Reference Level - Redemption Interest Strike Level}}{\text{Redemption Initial Level}}$$

PROVIDED THAT:

- I. if "Oasis – Best Performing Only" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, the Underlying Return (Final) for the (or each, as the case may be) Best Oasis Redemption Performer will be deemed to be the Oasis Final Underlying Performance Percentage specified in the applicable Issue Terms and not the Oasis Final Percentage calculated in accordance with the formula above; or
- II. if "Oasis – Multiple Best Performing" is specified in respect of Underlying Return (Final) in the applicable Issue Terms, the Underlying Return (Final) for each Best Oasis Redemption Performer will be deemed to be the Oasis Final Underlying Performance Percentage specified in the Table set out in the applicable Issue Terms in respect of such Best Oasis Redemption Performer and not the Oasis Final Percentage calculated in accordance with the formula above.

PROVIDED THAT, if (x) a Maximum Underlying Return (Final) is specified in the applicable Issue Terms, then the Underlying Return (Final) is subject to such maximum percentage (a cap); (y) a Minimum Underlying Return (Final) is specified in the applicable Issue Terms, then the Underlying Return (Final) is subject to such minimum percentage (a floor); or (z) a Maximum Underlying Return (Final) and a Minimum Underlying Return (Final) is specified in the

applicable Issue Terms, then the Underlying Return (Final) is subject to such maximum percentage and minimum percentage (a collar).

"W_n" means:

- (i) in respect of a Redemption Underlying and where Weighted Basket Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, the percentage weighting specified for such Redemption Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Redemption Underlying depending on such Redemption Underlying's performance. Accordingly, in order to determine W_n for a Redemption Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Final Performance of such Redemption Underlying shall first be calculated as provided in paragraph (C) of the definition of Final Performance and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms;
- (ii) where Best of Profile Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of a Final Profile A Underlying, the percentage weighting specified for such Final Profile A Underlying in the applicable Issue Terms; or
- (iii) where Best of Profile Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms and in respect of a Final Profile B Underlying, the percentage weighting specified for such Final Profile B Underlying in the applicable Issue Terms;
- (iv) where Outperformance Observation and, in respect of Final Outperformance A Underlying, Weighted Basket Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of an Final Outperformance A Underlying and an Interest Payment Date, the percentage weighting specified for such Final Outperformance A Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Final Outperformance A Underlying depending on such Final Outperformance A Underlying's performance. Accordingly, in order to determine W_n for an Final Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Final Performance of such Final Outperformance A Underlying shall first be calculated as provided in paragraph III of the definition of Outperf A and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms; or
- (v) where Outperformance Observation and, in respect of Final Outperformance B Underlying, Weighted Basket Observation is specified as applicable in respect of the Final Performance Provisions in the applicable Issue Terms, in respect of an Final Outperformance B Underlying and an Interest Payment Date, the percentage weighting specified for such Final Outperformance B Underlying in the applicable Issue Terms. Where "Rainbow Weighting" is specified as applicable in the Issue Terms, W_n will be a percentage weighting for such Final Outperformance B Underlying depending on such Final Outperformance B Underlying's performance. Accordingly, in order to determine W_n for an Final

Outperformance A Underlying where "Rainbow Weighting" is specified as applicable in the applicable Issue Terms, the Final Performance of such Final Outperformance B Underlying shall first be calculated as provided in paragraph III of the definition of Outperform B and thereafter the W_n shall be assigned in accordance with the rankings set out in the applicable Issue Terms,

PROVIDED THAT, where "Rainbow Weighting" applies, if two or more Redemption Underlyings, Final Outperformance A Underlyings or Final Outperformance B Underlyings have an equal Final Performance, their ranking shall be determined in accordance with the Equality Adjustment.

"X" means the number of Oasis Best Performers specified in the Table set out in the applicable Issue Terms in respect of Underlying Return (Final).

(iii) **Definitions relating to the determination of the redemption amount due or assets deliverable on the Maturity Date**

"Final Barrier Level" means:

- (A) where a single Final Barrier Level, "Reset Final Barrier Level" or "Latest Reset Final Barrier Level" is specified in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, whichever of, greater than, greater than (or equal to), less than or less than (or equal to), (i) the percentage level or, as applicable, the amount specified as such in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, in the applicable Issue Terms, (ii) if "Reset Final Barrier Level" is specified in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, in the applicable Issue Terms, the Reset Final Barrier Level in respect of such Redemption Barrier Underlying(s), or (iii) if "Latest Reset Final Barrier Level" is specified in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, in the applicable Issue Terms, the Latest Reset Final Barrier Level in respect of such Redemption Barrier Underlying(s); or
- (B) where percentage levels are specified in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, in the applicable Issue Terms one as a Lower Final Barrier Level and one as an Upper Final Barrier Level, that the Final Barrier Level shall mean in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, either (A) any level that is greater than (or equal to) such Lower Final Barrier Level and less than (or equal to) such Upper Final Barrier Level, or (B) any level that is greater than, or greater than or equal to, such Upper Final Barrier Level or less than, or less than or equal to, such Lower Final Barrier Level, as may be specified in the applicable Issue Terms.

"FBL Latest Preceding MER Level" means, in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings:

- (A) where "Performance" is specified as applicable in respect of the FBL Latest Preceding MER Level in the applicable Issue Terms, the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the most recently preceding Mandatory Early Redemption Date for which the Mandatory Early Redemption Barrier Level is specified in the applicable Issue Terms

to be "Reset MER Barrier Level" or "Latest Reset MER Barrier Level"; or

- (B) where "Performance Product" is specified as applicable in respect of the FBL Latest Preceding MER Level in the applicable Issue Terms, an amount determined to be the product of (I) the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the most recently preceding Mandatory Early Redemption Date for which the Mandatory Early Redemption Barrier Level is specified in the applicable Issue Terms to be "Reset MER Barrier Level" or "Latest Reset MER Barrier Level", and (II) the FBL Performance Product Base Level of the relevant Redemption Barrier Underlying(s); or
- (C) where "Reference Level" is specified as applicable in respect of the FBL Latest Preceding MER Level in the applicable Issue Terms, the MER Reference Level, in respect of the most recently preceding Mandatory Early Redemption Date for which the Mandatory Early Redemption Barrier Level is specified in the applicable Issue Terms to be "Reset MER Barrier Level" or "Latest Reset MER Barrier Level", of the relevant Redemption Barrier Underlying(s).

"FBL Performance Product Base Level" means, in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, the level specified as such for the relevant Redemption Barrier Underlying(s) in the applicable Issue Terms or, if none is so specified, the Redemption Initial Level of the relevant Redemption Barrier Underlying(s).

"FBL Preceding MER Level" means, in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings:

- (A) where "Performance" is specified as applicable in respect of the FBL Preceding MER Level in the applicable Issue Terms, the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the immediately preceding Mandatory Early Redemption Date; or
- (B) where "Performance Product" is specified as applicable in respect of the FBL Preceding MER Level in the applicable Issue Terms, an amount determined to be the product of (I) the Mandatory Early Redemption Performance of the Reset MER Underlying(s), in each case, in respect of the immediately preceding Mandatory Early Redemption Date, and (II) the FBL Performance Product Base Level of the relevant Redemption Barrier Underlying(s); or
- (C) where "Reference Level" is specified as applicable in respect of the FBL Preceding MER Level in the applicable Issue Terms, the MER Reference Level in respect of the immediately preceding Mandatory Early Redemption Date of the relevant Redemption Barrier Underlying(s).

"FBL Reset Floor Level" means, in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, the percentage level specified as such for the relevant Redemption Barrier Underlying(s) in the applicable Issue Terms.

"Gemini Mandatory Early Redemption Date" means the Mandatory Early Redemption Date(s) specified as such in the applicable Issue Terms.

"Latest Reset Final Barrier Level" means, in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, an amount determined by reference to the following formula:

$$\text{Max}(\text{FBL Reset Floor Level}, \text{FBL Latest Preceding MER Level})$$

"Reset Final Barrier Level" means, in respect of a Redemption Barrier Underlying or, as the case may be, all of the Redemption Barrier Underlyings, an amount determined by reference to the following formula:

$$\text{Max}(\text{FBL Reset Floor Level}, \text{FBL Preceding MER Level})$$

A **"Redemption Barrier Event"** will occur if:

- (A) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event European Observation", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified to apply in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on the Redemption Barrier Observation Date;
- (B) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event European Performance Observation", in the determination of the Calculation Agent, the Final Performance of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level;
- (C) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American Observation – Closing Level", in the determination of the Calculation Agent, the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on each Redemption Barrier Observation Date;
- (D) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on each Redemption Barrier Observation Date;
- (E) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American One-Touch Observation – Closing Level", the (i) Underlying Closing Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Underlying Closing Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on any Redemption Barrier Observation Date;
- (F) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American One-Touch Observation – Intra-Day Level", in the determination of the Calculation Agent, the (i) Underlying Level or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the

applicable Issue Terms, the sum of the Underlying Levels of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on any Redemption Barrier Observation Date;

(G) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American One-Touch Observation - Performance", in the determination of the Calculation Agent, the (i) Final Performance or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Final Performances, of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level on any Redemption Barrier Observation Date and, as the Final Performance shall be calculated in respect of each Redemption Barrier Observation Date, then:

- I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying Closing Level for the relevant Redemption Underlying for the relevant Redemption Barrier Observation Date converted at the FX on such Redemption Barrier Observation Date;
- II. reference to the Final Performance shall be construed to be to Final Performance for the relevant Redemption Barrier Observation Date; and
- III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Barrier Observation Date;

(H) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event American Performance Observation", in the determination of the Calculation Agent, the (i) Final Performance or (ii) if "Sum of" is specified in respect of the Redemption Barrier Event in the applicable Issue Terms, the sum of the Final Performances of the Redemption Barrier Underlying(s) on each Redemption Barrier Observation Date, satisfy the relevant Final Barrier Level and, as the Final Performance shall be calculated in respect of each Redemption Barrier Observation Date, then:

- I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying Closing Level for the relevant Redemption Underlying for the relevant Redemption Barrier Observation Date converted at the FX on such Redemption Barrier Observation Date";
- II. reference to the Final Performance shall be construed to be to Final Performance for the relevant Redemption Barrier Observation Date; and
- III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Barrier Observation Date;

(I) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Target Redemption Barrier Event", in the determination of the Calculation Agent and in respect of the Interest Payment Date or, as the case may be, Non-Contingent Interest Payment Date scheduled to fall on the Maturity Date:

- I. the sum of the aggregate Interest Amount(s) paid in respect of all of the Interest Payment Dates falling prior to such Interest Payment Date or such Non-Contingent Interest Payment Date;
- II. and, where "Include Any Non-Contingent Interest Amount" is specified as applicable in the applicable Issue Terms, the sum of the aggregate Non-Contingent Interest Amount(s) paid in respect of all of the Non-Contingent Interest Payment Dates falling prior to such Interest Payment Date or such Non-Contingent Interest Payment Date; and
- III. where:
 - (a) "Include Any Interest Amount Due On Maturity Date" is specified in the applicable Issue Terms, and any Interest Amount due on such Interest Payment Date (and, where "Include Any Non-Contingent Interest Amount" is specified as applicable in the applicable Issue Terms, any Non-Contingent Interest Amount due on such Non-Contingent Interest Payment Date); or
 - (b) where "Exclude Any Interest Amount Due On Maturity Date" is specified in the applicable Issue Terms, but excluding any Interest Amount due on such Interest Payment Date and excluding any Non-Contingent Interest Amount due on such Non-Contingent Interest Payment Date,

is equal to or greater than the Target Redemption Threshold Amount specified in the applicable Issue Terms; or

- (J) where the Redemption Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event Final Reference Level Observation", in the determination of the Calculation Agent, the Final Reference Level of the Redemption Barrier Underlying(s) satisfy the relevant Final Barrier Level.

As used above, "**satisfy**" means that the relevant Underlying Closing Level, Final Performance, Underlying Level or Final Reference Level, as the case may be, are in the case of (i) above in the definition of Final Barrier Level, greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue Terms in relation to the relevant Redemption Barrier Event, the relevant Final Barrier Level; or in the case of (ii)(A) above in the definition of Final Barrier Level, are not less than the relevant Lower Final Barrier Level nor greater than the relevant Upper Final Barrier Level; or in the case of (ii)(B) above in the definition of Final Barrier Level, are greater than or greater than or equal to the Upper Final Barrier Level or less than or less than or equal to the Lower Final Barrier Level, as specified in the applicable Issue Terms, all as determined by the Calculation Agent.

"Redemption Barrier Underlying(s)" means the Redemption Underlyings specified as such in the applicable Issue Terms.

"Redemption Lock-in Percentage" means the percentage level, amount or value specified as such in respect of a Redemption Lock-in Event or for a Redemption Lock-in Event Valuation Date in the applicable Issue Terms

A **"Redemption Lock-in Event"** will occur in respect of a Specified Redemption Lock-in Event Valuation Date if:

- (A) where the Redemption Lock-in Event is specified in the applicable Issue Terms to be "Redemption Lock-in Event Final Performance FPU", in the determination of the Calculation Agent, the Final Performance of the Redemption Lock-in Underlying(s) on any Redemption Lock-in Event Valuation Date is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Lock-in Event), the relevant Redemption Lock-in Percentage for such Redemption Lock-in Event Valuation Date and, as the Final Performance shall be calculated (for such purposes only) in respect of each Redemption Lock-in Event Valuation Date:
 - I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying Closing Level for the relevant Redemption Underlying for the relevant Redemption Lock-in Event Valuation Date converted at the relevant FX (if any) for such Redemption Lock-in Event Valuation Date";
 - II. reference to the Final Performance shall be construed to be to the Final Performance for the relevant Redemption Lock-in Event Valuation Date; and
 - III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Lock-in Event Valuation Date; or
- (B) where the Redemption Lock-in Event is specified in the applicable Issue Terms to be "Redemption Lock-in Event Underlying Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Redemption Lock-in Underlying(s) on any Redemption Lock-in Event Valuation Date is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Lock-in Event), the relevant Redemption Lock-in Percentage for such Redemption Lock-in Event Valuation Date.

"Redemption Lock-in Underlying(s)" means the Redemption Underlying(s), unless otherwise specified as such in the applicable Issue Terms.

A **"Redemption Lower Barrier Event"** will occur if:

- (A) in respect of a Redemption Lower Barrier Event Valuation Date, where the Redemption Lower Barrier Event is specified in the applicable Issue Terms to be "Redemption Lower Barrier Event Final Performance FPU", in the determination of the Calculation Agent, the Final Performance of the Final Performance Underlyings in respect of such Redemption Lower Barrier Event Valuation Date is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Lower Barrier Event), the Redemption Lower Barrier Percentage specified in the applicable Issue Terms and, as the Final Performance shall be calculated in respect of each Redemption Lower Barrier Event Valuation Date:
 - I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying

Closing Level for the relevant Redemption Underlying for the relevant Redemption Lower Barrier Event Valuation Date converted at the relevant FX (if any) for such Redemption Lower Barrier Event Valuation Date";

- II. reference to the Final Performance shall be construed to be to Final Performance for the relevant Redemption Lower Barrier Event Valuation Date; and
 - III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Lower Barrier Event Valuation Date;
- (B) in respect of a Redemption Lower Barrier Event Valuation Date, where the Redemption Lower Barrier Event is specified in the applicable Issue Terms to be "Redemption Lower Barrier Event Underlying Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Redemption Lower Barrier Underlying(s) on the Redemption Lower Barrier Event Valuation Date specified in the applicable Issue Terms is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Lower Barrier Event), the Redemption Lower Barrier Percentage specified in the applicable Issue Terms; or
- (C) where the Redemption Lower Barrier Event is specified in the applicable Issue Terms to be "Gemini Event", in the determination of the Calculation Agent:
- I. both (a) a Mandatory Early Redemption Barrier Event has not occurred in respect of any Gemini Mandatory Early Redemption Date, and (b) the Underlying Closing Level of the Redemption Lower Barrier Underlying(s) on the Gemini Event Valuation Date specified in the applicable Issue Terms is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Lower Barrier Event), the Redemption Lower Barrier Percentage specified in the applicable Issue Terms; or
 - II. both (a) a Mandatory Early Redemption Barrier Event has not occurred in respect of any Mandatory Early Redemption Date, and (b) the Underlying Closing Level of the Redemption Lower Barrier Underlying(s) on the Redemption Lower Barrier Event Valuation Date specified in the applicable Issue Terms is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Lower Barrier Event), the Redemption Lower Barrier Percentage specified in the applicable Issue Terms.

"Redemption Lower Barrier Underlying(s)" means the Redemption Underlying(s), unless otherwise specified as such in the applicable Issue Terms.

A **"Redemption Upper Barrier Event"** will occur in respect of a Specified Redemption Upper Barrier Event Valuation Date if:

- (A) where the Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event Final Performance FPU", in the determination of the Calculation Agent, the Final Performance of the Redemption Upper Barrier Underlyings in respect of such Specified Redemption Upper Barrier Event Valuation Date is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Upper Barrier Event), the Redemption Upper Barrier Percentage specified in the applicable Issue Terms and, as the Final Performance shall be calculated in respect of each Redemption Upper Barrier Event Valuation Date:
- I. reference in the definition of Final Performance to "Final Reference Level" shall be construed to be to the "Underlying Closing Level for the relevant Redemption Underlying for the relevant Redemption Upper Barrier Event Valuation Date converted at the relevant FX (if any) for such Redemption Upper Barrier Event Valuation Date";
 - II. reference to the Final Performance shall be construed to be to Final Performance for the relevant Redemption Upper Barrier Event Valuation Date; and
 - III. the Final Performance Underlying(s) (if any) shall be determined in respect of the relevant Redemption Upper Barrier Event Valuation Date; or
- (B) where the Redemption Upper Barrier Event is specified in the applicable Issue Terms to be "Redemption Barrier Event Underlying Closing Level", in the determination of the Calculation Agent, the Underlying Closing Level of the Redemption Upper Barrier Underlying(s) on the Specified Redemption Upper Barrier Event Valuation Date specified in the applicable Issue Terms is (i) greater than, (ii) greater than or equal to, (iii), less than, or (iv) less than or equal to (in each case as specified in the applicable Issue Terms in respect of the Redemption Upper Barrier Event), the Redemption Upper Barrier Percentage specified in the applicable Issue Terms.

"Redemption Upper Barrier Underlying(s)" means the Redemption Underlying(s), unless otherwise specified as such in the applicable Issue Terms.

(iv) **Definitions relating to the determination of the Redemption Amount due or Entitlement deliverable in relation to Physical Delivery Securities**

"Entitlement" means, in relation to a Physical Delivery Security and where "Weighted Basket Observation" is not specified as applicable in respect of the Final Performance Provisions only, the quantity of the Relevant Asset, which a Securityholder is entitled to receive on the Maturity Date or Settlement Date (as applicable) (subject as provided herein) in respect of each Security (subject to payment of any Expenses as provided herein and rounded down as provided herein), as determined by the Calculation Agent, including any documents evidencing such Entitlement and, for such purpose, the quantity of the Relevant Asset shall be determined as an amount of the Final Performance Underlying or, if none, the Redemption Underlying (the **"Entitlement Underlying"**) determined by reference to the Calculation Amount (converted into the currency of the Entitlement Underlying where relevant by multiplying the Calculation Amount by the applicable FX for the Final Valuation Date or, where there is more than one Final Valuation Date, the FX shall be the arithmetic mean of the FX for each such Final Valuation

Date) divided by the Entitlement Denominator of such Entitlement Underlying (and rounded to the number of decimal places specified as the Entitlement Calculation Rounding Convention in the applicable Issue Terms (with halves being rounded up)):

$$\frac{\text{Calculation Amount} \times \text{FX of Entitlement Underlying}}{\text{Entitlement Denominator}}$$

"Equivalent Amount" means, in relation to each Security, an amount equal to the sum for each of the Relevant Asset(s) comprising the Entitlement in respect of such Security of the product of (i) the Entitlement Ratio in relation to such Relevant Asset(s) comprising the Entitlement multiplied by (ii) the Underlying Closing Level of such Relevant Asset(s) on the relevant Valuation Date (converted into the Settlement Currency (being, in the case of Dual Currency Securities, the Denomination Currency) on the terms set out in the applicable Issue Terms (the **"Entitlement Price"**)).

"Entitlement Denominator" means, in respect of the Entitlement Underlying, the level specified as such for the Entitlement Underlying in the applicable Issue Terms or, if none is so specified, the Redemption Initial Level of the Entitlement Underlying.

"Entitlement Ratio" means, in respect of a Relevant Asset comprising the Entitlement, the number of shares or units or other measure of such Relevant Asset comprising the Entitlement.

"Relevant Asset" means the Final Performance Underlying or, if none, the Redemption Underlying.

"Performance-Linked Redemption Amount" means, in respect of each Security, either

(A) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Put Option and:

- I. neither an FPR nor a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the Final Performance Underlying(s) (**"FPU"**), expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Final Performance of FPU}); \text{ or}$$

- II. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by FPR, expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}; \text{ or}$$

- III. FX Performance is specified as Applicable in the applicable Issue Terms but no FPR or Redemption Adjustment is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

(as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FX Performance, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FX Performance; or

- IV. a Redemption Adjustment but no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) + Redemption Adjustment; or

- V. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FX Performance, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR x FX Performance; or

- VI. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FPR plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR + Redemption Adjustment; or

- VII. FX Performance is specified as Applicable in the applicable Issue Terms and a Redemption Adjustment but no FPR is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FX Performance + Redemption Adjustment; or

- VIII. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage (as specified in the applicable Issue Terms) and the Final Performance of the FPU multiplied by the FPR multiplied by the FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount x (Relevant Percentage + Final Performance of FPU) x FPR x FX Performance + Redemption Adjustment

PROVIDED HOWEVER, in the case of each of (A)I to (A)VIII above, that:

- (a) if (x) a Maximum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount and a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and a minimum amount (a collar);
 - (b) if a Redemption Barrier Event has occurred, if (x) a Maximum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Satisfied) and a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar); and
 - (c) if a Redemption Barrier Event has not occurred, if (x) a Maximum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Not Satisfied) and a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar);
- (B) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Call Option and:
- I. neither an FPR nor a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the Final Performance Underlying(s) ("FPU"), expressed as a formula:

$$\text{Calculation Amount} + (\text{Calculation Amount} \times \text{Final Performance of FPU}); \text{ or}$$
 - II. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied

by the Final Performance of the FPU) multiplied by the FPR, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR); or

- III. FX Performance is specified as Applicable in the applicable Issue Terms but no FPR or Redemption Adjustment is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FX Performance); or

- IV. a Redemption Adjustment but no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the Final Performance Underlying(s) (FPU) plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU) + Redemption Adjustment; or

- V. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FPR multiplied by the FX Performance, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR x FX Performance); or

- VI. an FPR and a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FPR plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR) + Redemption Adjustment; or

- VII. FX Performance is specified as Applicable in the applicable Issue Terms and a Redemption Adjustment but no FPR is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FX Performance) + Redemption Adjustment; or

- VIII. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the sum of the Calculation Amount and the Calculation Amount multiplied by the Final Performance of the FPU multiplied by the FPR

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

multiplied by FX Performance plus the Redemption Adjustment, expressed as a formula:

Calculation Amount + (Calculation Amount x Final Performance of FPU x FPR x FX Performance) + Redemption Adjustment;

PROVIDED HOWEVER, in the case of each of (B)I to (B)VIII above, that:

- (a) if (x) a Maximum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount and a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and a minimum amount (a collar);
 - (b) if a Redemption Barrier Event has occurred, if (x) a Maximum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Satisfied) and a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar); and
 - (c) if a Redemption Barrier Event has not occurred, if (x) a Maximum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Not Satisfied) and a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar);
- (C) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Call Spread - Put Spread Option and:
- I. none of an FPR Call, a Global Participation Rate ("**GPR**") or an FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] + \text{RedAdj}$$

Such amount is therefore subject to a Maximum Redemption Amount and a Minimum Redemption Amount (a collar); or

- II. a GPR but neither a FPR Call or a FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), all multiplied by the GPR, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] \times \text{GPR} + \text{RedAdj}$$

- III. FX Performance is specified as Applicable in the applicable Issue Terms but none of a GPR, a FPR Call or an FPR Put is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), all multiplied by the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] \times \text{FX Performance} + \text{RedAdj}$$

- IV. a GPR but no FPR Call or FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s)) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s)), all multiplied by the GPR multiplied by the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) + \text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf}))] \times \text{GPR} \times \text{FX Performance} + \text{RedAdj}$$

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

- V. a FPR Call and a FPR Put but no GPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FPR Call) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put), plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call}] + [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{FinalPerf})) \times \text{FPR Put}] + \text{RedAdj}]$$

Such amount is therefore subject to a Maximum Redemption Amount and a Minimum Redemption Amount (a collar); or

- VI. a GPR, a FPR Call and a FPR Put is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FRR Call) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put) all multiplied by the GPR, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [[[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call}] + [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{FinalPerf})) \times \text{FPR Put}] \times \text{GPR}] + \text{RedAdj}]$$

- VII. a FX Performance is specified as Applicable in the applicable Issue Terms and a FPR Call and a FPR Put but no GPR is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FPR Call) plus the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put) all multiplied by the FX Performance, plus the Redemption Adjustment ("**RedAdj**"), expressed as a formula:

$$\text{Calculation Amount} \times [[[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call}] + [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{FinalPerf})) \times \text{FPR Put}] \times \text{FX Performance}] + \text{RedAdj}]$$

- VIII. a GPR, a FPR Call and a FPR Put are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be (x) the Calculation Amount multiplied by (y) the "call spread amount" (being

the greater of the Call Floor and the lesser of the Call Cap and the Final Performance of the Final Performance Underlying(s), multiplied by the FRR Call) the "put spread amount" (being the lesser of the Put Cap and the greater of the Put Floor and the sum of the Relevant Percentage plus Final Performance of the Final Performance Underlying(s), multiplied by the FPR Put) all multiplied by the GPR and multiplied by the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times [[\text{Max}(\text{CallFloor}, \text{Min}(\text{CallCap}, \text{FinalPerf})) \times \text{FPR Call}] + [\text{Min}(\text{PutCap}, \text{Max}(\text{PutFloor}, \text{Relevant Percentage} + \text{Final Perf})) \times \text{FPR Put}] \times \text{GPR} \times \text{FX Performance}] + \text{RedAdj}$$

(D) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Twin Win Option and:

I. no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the Final Performance Underlying(s) (FPU), plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Abs} [\text{Final Performance of FPU}]) + \text{RedAdj}$$

II. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the FPU multiplied by the FPR, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Abs} [\text{Final Performance of FPU} \times \text{FPR}]) + \text{RedAdj}$$

Such amount is therefore subject to a Minimum Redemption Amount (a floor).

III. an FX Performance is specified as Applicable in the applicable Issue Terms but no FPR is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the FPU multiplied by the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Abs} [\text{Final Performance of FPU} \times \text{FX Performance}]) + \text{RedAdj}$$

IV. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of the Relevant Percentage and the Absolute Value of the Final Performance of the FPU multiplied by the FPR multiplied by the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (\text{Relevant Percentage} + \text{Abs} [\text{Final Performance of FPU} \times \text{FPR} \times \text{FX Performance}]) + \text{RedAdj}$$

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

(E) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Market Timer and:

- I. no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of (a) the Calculation Amount and (b) the sum of 100% and the Final Performance of the Final Performance Underlying (FPU) and the Market Timer Percentage, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Final Performance of FPU} + \text{Market Timer Percentage}) + \text{RedAdj}$$

- II. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of (a) the Calculation Amount and (b) the sum of (x) 100% and (y) the product of (i) the Final Performance of the FPU and (ii) the FPR and (z) the Market Timer Percentage, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{FPR} \times \text{Final Performance of FPU} + \text{Market Timer Percentage}) + \text{RedAdj}$$

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but no FPR is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of (a) the Calculation Amount and (b) the sum of (x) 100% and (y) the Final Performance of the FPU and (z) the Market Timer Percentage and (c) the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{Final Performance of FPU} + \text{Market Timer Percentage}) \times \text{FX Performance} + \text{RedAdj}$$

- IV. an FPR is specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of (a) the Calculation Amount and (b) the sum of (i) 100% and (ii) the Final Performance of the FPU multiplied by the FPR and (iii) the Market Timer Percentage and (c) the FX Performance, plus the Redemption Adjustment ("**RedAdj**") expressed as a formula:

$$\text{Calculation Amount} \times (100\% + \text{FPR} \times \text{Final Performance of FPU} + \text{Market Timer Percentage}) \times \text{FX Performance} + \text{RedAdj}$$

(F) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Put Call Sum:

- I. none of a FPR or Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the Calculation Amount ("**CA**") and the sum of (a) the Relevant Percentage and the Final Performance of the Final Performance Underlying(s) (FPU) and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, expressed as a formula:

$$\text{CA} \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call Sum Floor; Final Performance of the FPU}))$$

- II. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, expressed as a formula:

$$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})$$

- III. an FX Performance is specified as Applicable in the applicable Issue Terms but no FPR or Redemption Adjustment is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the Relevant Percentage and the Final Performance of the FPU and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, all multiplied by the FX Performance, expressed as a formula:

$$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf}$$

- IV. a Redemption Adjustment but no FPR is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the Relevant Percentage and the Final Performance of the FPU and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, plus or minus, as the case may be, the Redemption Adjustment ("**RedAdj**"), expressed as a formula:

$$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) + \text{RedAdj}$$

- V. an FPR but no Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, all multiplied by the FX Perf, expressed as a formula:

$$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf}$$

- VI. an FPR and a Redemption Adjustment is specified in the applicable Issue Terms and FX Performance is specified as Not Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, plus or minus, as the case may be, the Redemption Adjustment, expressed as a formula:

$$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) + \text{RedAdj}$$

- VII. an FX Performance is specified as Applicable in the applicable Issue Terms and a Redemption Adjustment but no FPR is specified in the applicable Issue Terms, an

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the Relevant Percentage and the Final Performance of the FPU and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, all multiplied by the FX Performance and plus or minus, as the case may be, the Redemption Adjustment, expressed as a formula:

$$CA \times ((\text{Relevant Percentage} + \text{Final Performance of FPU}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf} + \text{RedAdj}$$

- VIII. an FPR and a Redemption Adjustment are specified in the applicable Issue Terms and FX Performance is specified as Applicable in the applicable Issue Terms, an amount in the Settlement Currency determined to be the product of the CA and the sum of (a) the sum of (i) the Relevant Percentage and the Final Performance of the FPU and (ii) the FPR and (b) the greater of the Put Call Sum Floor and the Final Performance of the FPU, plus or minus, as the case may be, the Redemption Adjustment, expressed as a formula:

$$CA \times (((\text{Relevant Percentage} + \text{Final Performance of FPU}) \times \text{FPR}) + \text{Max}(\text{Put Call SumFloor}; \text{Final Performance of the FPU})) \times \text{FX Perf} + \text{RedAdj}$$

PROVIDED HOWEVER, in the case of each of (F)I to (F)VIII above, that:

- (a) if (x) a Maximum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount and a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and a minimum amount (a collar);
- (b) if a Redemption Barrier Event has occurred, if (x) a Maximum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Satisfied) and a Minimum Redemption Amount (Barrier Event Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar); and
- (c) if a Redemption Barrier Event has not occurred, if (x) a Maximum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption is subject to such maximum amount (a cap); (y) a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or (z) a Maximum Redemption Amount (Barrier Event Not Satisfied) and a Minimum Redemption Amount (Barrier Event Not Satisfied) is specified in the

applicable Issue Terms, then the Redemption Amount is subject to such maximum amount and minimum amount (a collar);

- (G) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Swaption, an amount in the Settlement Currency determined to be the product of (a) the Calculation Amount and (b) 100% less the product of (i) Final Participation Rate, (ii) the greater of (A) the Annuity Floor and (B) the Final Reference Level ("FRL") of the Final Performance Underlying multiplied by the Annuity Factor and (iii) the Annuity, expressed as a formula:

$$\text{Calculation Amount} \times \{100\% - [\text{FPR} \times \text{Max}(\text{Annuity Floor}, \{\text{AF} \times \text{Final Reference Level of FPU}\}) \times \text{Annuity}]\}$$

if a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor); or

- (H) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Lock-in Option, an amount in the Settlement Currency determined to be the sum of (a) the Calculation Amount and (b) the product of (i) the Calculation Amount and (ii) the greater of the Redemption Lock-in Percentage ("RLIP") (or, if a Redemption Lock-in Percentage is specified for each Redemption Lock-in Event Valuation Date, the Redemption Lock-in Percentage in respect of the Redemption Lock-in Event Valuation Date on which the Redemption Lock-in Event occurred) and the Final Performance of the Final Performance Underlying(s) ("FPU") multiplied by FPR, expressed as a formula:

$$\text{Calculation Amount} + \{\text{Calculation Amount} \times \text{Max}(\text{RLIP}, \text{Final Performance of FPU} \times \text{FPR})\}$$

if a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor).

- (I) where the relevant Performance-Linked Redemption Amount is expressed in the applicable Issue Terms to be Greater of Option, an amount in the Settlement Currency determined to be the product of the Calculation Amount and the sum of (a) the Relevant Percentage (as specified in the applicable Issue Terms) and (b) the greater of (i) the Final Redemption Percentage ("FRP") and (ii) the Final Performance of the Final Performance Underlying(s) ("FPU"), expressed as a formula:

$$\text{Calculation Amount} \times [\text{Relevant Percentage} + \text{Max}(\text{FRP}, \text{Final Performance of FPU})]$$

PROVIDED HOWEVER, that if a Minimum Redemption Amount is specified in respect thereof in the applicable Issue Terms, then the Redemption Amount is subject to such minimum amount (a floor).

Where:

"**Absolute Value**" or "**Abs**" means the positive percentage or decimal or numerical value of the percentage or decimal or number, as the case may be, without regard to its sign (thus for example the Absolute Value of -19 per cent. would be 19 per cent. and the Absolute Value of 19 per cent. would be 19 per cent.).

"**Annuity**" means, in respect of the Final Valuation Date, an amount expressed as a percentage and determined in respect of each year i (where $i =$

1 ... t and " t " means the number specified as such in the applicable Issue Terms) in accordance with the following formula:

$$\sum_{i=1}^t \frac{1}{(1 + \text{Final Reference Level of FPU})^i}$$

"**Annuity Factor**" or "**AF**" means the positive or negative amount specified as such in the applicable Issue Terms.

"**Annuity Floor**" means the positive or negative percentage specified as such in the applicable Issue Terms.

"**Call Cap**" means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

"**Call Floor**" means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

"**FX Performance**" means, in respect of a Final Valuation Date an amount expressed as a percentage and determined in accordance with the following formula:

$$\frac{\text{FX Perf Final}}{\text{FX Perf Initial}}$$

where,

"**FX Perf Final**" means:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Final Valuation Date relating to that Final Valuation Date (or, if more than one such date is specified, the last occurring Specified Final Valuation Date relating to that Final Valuation Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in

the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Final FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

"FX Perf Initial" means either an amount specified as such in the applicable Issue Terms or, if no such amount is so specified:

- (a) where an Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the Specified Redemption Strike Date relating to that Final Valuation Date (or, if more than one such date is specified, the last occurring Specified Redemption Strike Date relating to that Final Valuation Date); or
- (b) where no Underlying that is an FX Rate is designated to be the FX Perf Rate in the applicable Issue Terms, the average of the mid FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page at the FX Perf Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the mid FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (b) it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate,

PROVIDED THAT: (x) if Reciprocal Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be 1 divided by the rate calculated pursuant to as provided above in this sub-paragraph (b) (rounded to four decimal places); and (y) if FX Perf Cross Rate is specified in respect of such FX Perf Rate in the applicable Issue Terms, FX Perf Final shall be the average of the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency

exchange rates quoted on the FX Perf Cross Rate I Designated Page at the FX Perf Cross Rate I Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate I Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Final FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) divided by the FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rates quoted on the FX Perf Cross Rate II Designated Page at the FX Perf Cross Rate II Designated Time on the Initial FX Perf Valuation Date (or such other page or service that may replace the FX Perf Cross Rate II Designated Page for the purpose of displaying the mid FX Perf Cross Rate A Currency/FX Perf Cross Rate C Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at such time(s) on the Initial FX Perf Valuation Date as the Calculation Agent shall determine (all rounded to four decimal places) PROVIDED THAT if such rate cannot be determined as specified above it shall be determined by the Calculation Agent at such time(s) and by reference to such source(s) as it deems appropriate.

Each of "FX Perf Rate", "FX Perf Designated Page", "FX Perf Designated Time", "FX Perf Cross Rate A Currency", "FX Perf Cross Rate B Currency", "FX Perf Cross Rate C Currency", "FX Perf Cross Rate I Designated Page", "FX Perf Cross Rate I Designated Time", "FX Perf Cross Rate II Designated Page", "FX Perf Cross Rate II Designated Time", "Final FX Perf Valuation Date" and "Initial FX Perf Valuation Date" shall be as specified in respect of the Final Redemption Provisions in the applicable Issue Terms.

"**Put Cap**" means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

"**Put Call Sum Floor**" means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

"**Put Floor**" means the percentage (if any) specified as such in respect of the Performance-Linked Redemption Amount Provisions in the applicable Issue Terms.

"**Market Timer Redemption Initial Level**" means, in respect of a Redemption Underlying:

- (a) where the Market Timer Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Closing Level on Market Timer Redemption Strike Dates", the lowest (or equal lowest) Underlying Closing Level of such Redemption Underlying on the Market Timer Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Market Timer Redemption Strike Date, as determined by the Calculation Agent;
- (b) where the Market Timer Redemption Initial Level is specified in the applicable Issue Terms to be "Lowest Intra-

day Level on Market Timer Redemption Strike Dates", the lowest (or equal lowest) Underlying Level of such Redemption Underlying on the Market Timer Redemption Strike Dates, as converted first in each case by reference to the relevant FX (if any) for each such Market Timer Redemption Strike Date, as determined by the Calculation Agent; or

- (c) a level specified as such for the Redemption Underlying in the applicable Issue Terms.

"Market Timer Percentage" means an amount in respect of a Redemption Underlying, determined by the Calculation Agent and expressed as a percentage, calculated in accordance with the following formula:

$$\frac{\text{Redemption Initial Level} - \text{Market Timer Redemption Initial Level}}{\text{Redemption Initial Level}}$$

PROVIDED THAT, if (x) a Maximum Market Timer Percentage is specified in the applicable Issue Terms, then the Market Timer Percentage is subject to such maximum percentage (a cap); (y) a Minimum Market Timer Percentage is specified in respect thereof in the applicable Issue Terms, then the Market Timer Percentage is subject to such minimum percentage (a floor); or (z) a Maximum Market Timer Percentage and a Minimum Market Timer Percentage is specified in respect thereof in the applicable Issue Terms, then the Market Timer Percentage is subject to such maximum percentage and a minimum percentage (a collar).

"Maximum Redemption Amount" means the amount (if any) in the Settlement Currency specified as such in the applicable Issue Terms.

"Minimum Redemption Amount" means the amount (if any) in the Settlement Currency specified as such in the applicable Issue Terms.

"Final Participation Rate" or **"FPR"** means the percentage rate (if any) specified as such in the applicable Issue Terms.

"Final Participation Rate Call" or **"FPR Call"** means the percentage rate (if any) specified as such in the applicable Issue Terms.

"Final Participation Rate Put" or **"FPR Put"** means the percentage rate (if any) specified as such in the applicable Issue Terms.

"Min" means the lesser of the two terms separated by a comma or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

"Max" means the greater (or equal greatest) of the two terms separated by a comma or, where such terms are the same amount, that amount, all as determined by the Calculation Agent.

"FinalPerf" means the Final Performance of the Final Performance Underlying.

1.2 Interest Amount due in respect of the Securities if no Interest Barrier Event is specified to apply

If the Securities are Fixed Rate Securities, Floating Rate Securities, CMS Rate Securities, Inflation Rate Securities or Interim Performance Interest Securities and (except in relation to Fixed Rate Securities which are Range Accrual Securities), in respect of any Interest Payment Date, no Interest Barrier Event is specified in the applicable Issue Terms, then the Issuer will pay the relevant Interest Amount on such Interest Payment Date.

1.3 Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply

If the Securities are Fixed Rate Securities, Floating Rate Securities, CMS Rate Securities, Inflation Rate Securities or Interim Performance Interest Securities and an Interest Barrier Event is specified to apply in the applicable Issue Terms and, in respect of an Interest Payment Date:

- (a) an Interest Barrier Event has not occurred, either (i) no amount or (ii) the Interest Amount specified in the applicable Issue Terms and/or this Valuation and Settlement Schedule in respect of interest will be paid on such Interest Payment Date; or
- (b) if an Interest Barrier Event has occurred, the relevant Interest Amount, as specified in the applicable Issue Terms and/or this Valuation and Settlement Schedule, will be paid on such Interest Payment Date.

1.4 Non-Contingent Interest Amount in relation to the Securities and Interest Amount in relation to Buy the Dip Securities, DIR Inflation Linked Interest Securities, Inflation Linked Interest Securities, Digital Securities, Digital Band Securities, Inverse Floating Rate Securities, Volatility Bond Securities, Synthetic Forward Rate Securities, Previous Coupon Linked Securities, FX Performance Securities, Reserve Coupon Securities, Global Interest Floor Securities, Global Interest Cap Securities or Restructure Interest Rate Securities

- (a) If the Non-Contingent Interest Provisions are specified as applicable in the applicable Issue Terms, then the Issuer will pay each Non-Contingent Interest Amount in respect of each Security on each Non-Contingent Interest Amount Payment Date. If Non-Contingent Interest Provisions are not specified as applicable in the applicable Issue Terms, then no Non-Contingent Interest Amount shall be due in respect of the Securities.
- (b) If the Securities are Buy the Dip Securities, DIR Inflation Linked Interest Securities, Inflation Linked Interest Securities, Digital Securities, Digital Band Securities, Inverse Floating Rate Securities, Volatility Bond Securities, Synthetic Forward Rate Securities, Previous Coupon Linked Securities, FX Performance Securities, Reserve Coupon Securities, Global Interest Floor Securities, Auto Floor Securities, Global Interest Cap Securities, Auto Cap Securities or Restructure Interest Rate Securities (each, "**Variable Rate Securities**"), then the Issuer will pay the relevant Interest Amount in respect of each Security on each Interest Payment Date.

1.5 Other Interest Amounts

If the Underlying Linked Interest Provisions of this Valuation and Settlement Condition 1.5 are specified as applicable in the applicable Pricing Supplement, then the Issuer will pay the Interest Amount in respect of each Security on each Interest Payment Date.

1.6 Mandatory Early Redemption Barrier Event

Where "Mandatory Early Redemption Provisions" and "Mandatory Early Redemption Barrier Event" are specified as applicable in the applicable Issue Terms and if, in respect of a Mandatory Early Redemption Date, a Mandatory Early Redemption Barrier Event (as specified in the applicable Issue Terms) occurs, the Issuer shall redeem each Security on the relevant Mandatory Early Redemption Date and:

- (a) where no Mandatory Early Redemption Upper Barrier Percentage is specified in the applicable Issue Terms, pay the amount specified in the applicable Issue Terms as the "Mandatory Early Redemption Amount due where MER Upper Barrier Percentage is Not Applicable" in respect of each Security; or
- (b) where a Mandatory Early Redemption Upper Barrier Percentage is specified in the applicable Issue Terms and:
 - (i) a MER Upper Barrier Event has occurred, pay the amount specified in the applicable Issue Terms as the "Upper Mandatory Early Redemption Amount" in respect of each Security; or
 - (ii) a MER Upper Barrier Event has not occurred, pay the amount specified in the applicable Issue Terms as the "Lower Mandatory Early Redemption Amount" in respect of each Security,

PROVIDED THAT:

- (I) where "Early Exit MER Barrier Event" is specified as applicable in the applicable Issue Terms, if the Mandatory Early Redemption Barrier Event that has occurred is (or, as the case may be, includes) an Early Exit MER Barrier Event that has occurred, the Issuer shall pay the amount specified in the applicable Issue Terms as the "Early Exit MER Amount" in respect of each Security instead of the amount specified in paragraph (a) or (b) above. For the avoidance of doubt, no amount specified in paragraph (a) or (b) above shall be payable; and/or
- (II) where a "Mandatory Early Redemption Coupon" is specified in the applicable Issue Terms, the Issuer shall also pay, on the Mandatory Early Redemption Coupon Payment Date in respect of such Mandatory Early Redemption Date in respect of which a Mandatory Early Redemption Barrier Event has occurred, the amount specified in the applicable Issue Terms as the "Mandatory Early Redemption Coupon" in respect of each Security.

Where "Mandatory Early Redemption Event override" is specified in the applicable Issue Terms and a Mandatory Early Redemption Barrier Event occurs prior to the Maturity Date of the Securities, the provisions of this Valuation and Settlement Condition 1.6 shall prevail over the provisions of Valuation and Settlement Condition 1.9 (*Redemption Amount or Entitlement deliverable on the Maturity Date*) such that amounts payable pursuant to this Valuation and Settlement Condition 1.6 will be payable on the relevant Mandatory Early Redemption Date as provided above and no Redemption Amount will be paid or Entitlement delivered on the Maturity Date.

1.7 Mandatory Early Redemption Event

Where "Mandatory Early Redemption Provisions" and "Mandatory Early Redemption Event" are specified as applicable in the applicable Issue Terms and a Mandatory Early Redemption Event occurs, then all (but not some only) of the Securities will be redeemed, each Security being redeemed by payment of an amount equal to the relevant Mandatory Early Redemption Amount on the relevant Mandatory Early Redemption Date as further provided in Valuation and Settlement Condition 5 (*Provisions relating to Mandatory Early Redemption*).

Where "Mandatory Early Redemption Event override" is specified in the applicable Issue Terms and a Mandatory Early Redemption Event occurs prior to the Maturity Date of the Securities, the provisions of this Valuation and Settlement Condition 1.7 shall prevail over the provisions of Valuation and Settlement Condition 1.9 (*Redemption Amount or Entitlement deliverable on the Maturity Date*) such that the Mandatory Early Redemption Amount will be payable on the Mandatory Early Redemption Date as provided above and no Redemption Amount will be paid or Entitlement delivered on the Maturity Date.

1.8 Optional Early Redemption Event

Where "Optional Early Redemption Provisions" and "Optional Early Redemption Event" are specified as applicable in the applicable Issue Terms and an Optional Early Redemption Event occurs, then all (but not some only) of the Securities may be redeemed, each Security being redeemed by payment of an amount equal to the relevant Optional Early Redemption Amount on the relevant Optional Early Redemption Date as further provided in Valuation and Settlement Condition 6 (*Provisions relating to Optional Early Redemption*).

1.9 Redemption Amount or Entitlement deliverable on the Maturity Date

(a) Where the Securities are not specified to be Preference Share Linked Securities in the applicable Issue Terms and:

(i) where:

(A) (other than in respect of Buy the Dip Securities) Redemption Barrier Event is not specified as applicable in the applicable Issue Terms, the Issuer shall pay the amount specified in the applicable Issue Terms as the Redemption Amount (which, if so specified, shall be determined in accordance with the Underlying Linked Securities Redemption Provisions set out therein) in respect of each Security on the Maturity Date; or

(B) the Securities are specified to be Buy the Dip Securities in the applicable Issue Terms, the Issuer shall pay the Redemption Amount (which shall be determined in accordance with Valuation and Settlement Condition 4.8 (*Buy the Dip Securities*)) in respect of each Security on the Maturity Date; or

(C) the Securities are specified to be DIR Inflation Linked Redemption Securities, Inflation Linked Redemption Securities, Lock-in Redemption Securities, Rate Linked Redemption Securities, Interest Linked Redemption Securities or Redemption Reserve Securities, the Issuer shall pay the Redemption Amount (which shall be determined in accordance with Valuation and Settlement Condition 7 (*Provisions relating to Redemption Amounts*)) in respect of each Security on the Maturity Date); or

(ii) subject as provided below, where (other than in respect of Buy the Dip Securities) Redemption Barrier Event is specified as applicable in the applicable Issue Terms and:

(A) a Redemption Barrier Event has not occurred, the Issuer shall:

I. where no Redemption Upper Barrier Event is specified in the applicable Issue Terms, pay the amount specified in the applicable Issue Terms as the "Redemption Amount due where no Redemption Barrier Event has occurred and no Redemption Upper Barrier Event is specified" in respect of each Security; or

II. where a Redemption Upper Barrier Event is specified in the applicable Issue Terms and:

(a) a Redemption Upper Barrier Event has occurred, the Issuer shall either:

(i) where the Securities are specified in the applicable Issue Terms to be Physical Delivery Securities if a Redemption Barrier Event has not occurred and a

- Redemption Upper Barrier Event has occurred, deliver the Entitlement in respect of each Security; OR
 - (ii) where the Securities are specified in the applicable Issue Terms to be Cash Settled Securities, pay the amount specified in the applicable Issue Terms as the "Upper Redemption Amount due where no Redemption Barrier Event has occurred" in respect of each Security; or
 - (b) a Redemption Upper Barrier Event has not occurred, the Issuer shall either:
 - (i) where the Securities are specified in the applicable Issue Terms to be Physical Delivery Securities if a Redemption Barrier Event has not occurred and a Redemption Upper Barrier Event has not occurred, deliver the Entitlement in respect of each Security; OR
 - (ii) where the Securities are specified in the applicable Issue Terms to be Cash Settled Securities, pay the amount specified in the applicable Issue Terms as the "Lower Redemption Amount due where no Redemption Barrier Event has occurred" in respect of each Security; or
- (B) a Redemption Barrier Event has occurred, the Issuer shall:
 - I. where no Redemption Lower Barrier Event is specified in the applicable Issue Terms, the Issuer shall either:
 - (a) where the Securities are specified in the applicable Issue Terms to be Physical Delivery Securities if a Redemption Barrier Event has occurred and no Redemption Lower Barrier Event is specified, deliver the Entitlement in respect of each Security; OR
 - (b) where the Securities are specified in the applicable Issue Terms to be Cash Settled Securities, pay the amount specified in the applicable Issue Terms as the "Redemption Amount due where a Redemption Barrier Event has occurred and no Redemption Lower Barrier Event is specified" in respect of each Security; or
 - II. where a Redemption Lower Barrier Event is specified in the applicable Issue Terms and:
 - (a) a Redemption Lower Barrier Event has occurred, the Issuer shall either:
 - (i) where the Securities are specified in the applicable Issue Terms to be Physical Delivery Securities if a Redemption Barrier Event has occurred and a Redemption Lower Barrier Event has

- occurred, deliver the Entitlement in respect of each Security; OR
- (ii) where the Securities are specified in the applicable Issue Terms to be Cash Settled Securities, pay the amount specified in the applicable Issue Terms as the "Lower Barrier Event Redemption Amount due where a Redemption Barrier Event has occurred" in respect of each Security; or
- (b) a Redemption Lower Barrier Event has not occurred, the Issuer shall either:
- (i) where the Securities are specified in the applicable Issue Terms to be Physical Delivery Securities if a Redemption Barrier Event has occurred and a Redemption Lower Barrier Event has not occurred, deliver the Entitlement in respect of each Security; OR
- (ii) where the Securities are specified in the applicable Issue Terms to be Cash Settled Securities, pay the amount specified in the applicable Issue Terms as the "Non Lower Barrier Event Redemption Amount due where a Redemption Barrier Event has occurred" in respect of each Security.
- (iii) where (other than in respect of Buy the Dip Securities) Redemption Barrier Event is specified as applicable in the applicable Issue Terms and Redemption Lock-in Event is also specified as applicable in the applicable Issue Terms, if a Redemption Lock-in Event has occurred, the Issuer shall pay the amount specified in the applicable Issue Terms as the "Redemption Lock-in Event Redemption Amount due where a Redemption Lock-in Event has occurred" instead of any payment and/or delivery obligation pursuant to paragraph (ii) above.
- (b) Where the Securities are specified to be Preference Share Linked Securities in the applicable Issue Terms, the Redemption Amount in respect of each Security will be the Preference Share-Linked Redemption Amount determined in accordance with the provisions below.

For the purposes thereof:

(i) **Definitions relating to Dates**

"Autocall Observation Date" means each date (if any) designated as such in the applicable Issue Terms.

"Preference Share Valuation Date" means either (i) the date specified as such in the applicable Issue Terms or (ii) if the terms and conditions of the Preference Share provide that the Preference Share is to be redeemed early following the occurrence of an "autocall event" on an Autocall Observation Date, the Autocall Observation Date on which such autocall event occurs, PROVIDED THAT, if any date used for the valuation or any determination of any Preference Share Underlying (or any part thereof) falling on or about any such date is delayed or to be delayed in accordance with the terms and

conditions of the Preference Share by reason of a non-scheduled trading day, a disrupted day or the occurrence of an adjustment event (howsoever described in the terms and conditions of the Preference Shares), the Preference Share Valuation Date shall be the last delayed date on which any such valuation or determination is made, as determined by the Calculation Agent.

"Preference Share Underlying" means, in respect of the Preference Share, the underlying asset(s) or reference basis(es) to which the redemption amount of the Preference Share is linked.

"Specified Final Valuation Date" means the number of Business Days following the Preference Share Valuation Date specified in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and/or the applicable Issue Terms and such date, as so adjusted shall be the **"Final Valuation Date"**.

"Specified Redemption Strike Date" means the Issue Date (which, for the avoidance of doubt, in respect of any Series comprising more than one Tranche of Securities, shall refer to the first Issue Date of the Securities). Such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and/or the applicable Issue Terms and such date, as so adjusted shall be the **"Redemption Strike Date"**.

(ii) **Definitions relating to the Redemption Underlying, the performance of the Redemption Underlying and levels of the Redemption Underlying**

"Final Performance" means, in respect of the Redemption Underlying, an amount expressed as a percentage and determined by reference to the following formula:

$$\frac{\text{Final Reference Level}}{\text{Redemption Initial Level}}$$

"Final Reference Level" means, in respect of the Redemption Underlying, the Underlying Closing Level of the Redemption Underlying on the Final Valuation Date.

"Redemption Initial Level" means, in respect of the Redemption Underlying, the Underlying Closing Level of the Redemption Underlying on the Redemption Strike Date.

"Redemption Underlying" means the Underlying (as defined in Valuation and Settlement Condition 2(m) (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities - Definitions*) below) specified as the Redemption Underlying in the applicable Issue Terms.

(iii) **Definitions relating to the determination of the Redemption Amount due**

"Preference Share-Linked Redemption Amount" means an amount in the Settlement Currency determined to be the product of the Calculation Amount and the Final Performance of the Redemption Underlying, expressed as a formula:

Calculation Amount x Final Performance of Redemption Underlying.

(c) In the case of Exempt Securities only, where "Other Redemption Amount/Entitlement" is specified as applicable in the applicable Pricing Supplement, Valuation and Settlement Conditions 1.9(a) and 1.9(b) shall not apply and the Redemption Amount

and/or Entitlement payable or deliverable in respect of the Securities shall be as set out in the applicable Pricing Supplement.

For the purposes of this Valuation and Settlement Condition 1.9(c) where the Securities are Physical Delivery Securities:

"Entitlement" means the quantity of the Relevant Asset or the Relevant Assets, as the case may be, which a Securityholder is entitled to receive on the Maturity Date or Settlement Date (as applicable) in respect of each Security following payment of any Expenses as provided in the applicable Pricing Supplement and rounded to the number of decimal places specified as the Entitlement Calculation Rounding Convention in the applicable Pricing Supplement (with halves being rounded up), including any documents evidencing such Entitlement.

"Relevant Asset" means the asset(s) specified as such in the applicable Pricing Supplement

2. **Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities**

- (a) The provisions applicable to valuing each Underlying, to making any adjustment to Valuation Dates or to making any other adjustment following Adjustment Events or to determining any Mandatory Early Redemption Barrier Event or Early Redemption Event are specified in this Valuation and Settlement Condition 2 and in the Underlying Schedule applicable to such Underlying, as completed by the applicable Final Terms or, as the case may be, as completed, modified and/or supplemented by the applicable Pricing Supplement.

- (b) *Underlying Closing Level or Underlying Level on a Valuation Date*

The Underlying Closing Level or the Underlying Level (as applicable) of an Underlying on a Valuation Date shall be determined as specified in the Underlying Schedule applicable to such Underlying.

- (c) *Adjustments to Valuation Dates (Scheduled Trading Days)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s), any Specified Valuation Date(s) specified in the applicable Issue Terms shall be adjusted in accordance with the following provisions:

- (i) The following sub-paragraph shall apply to Securities linked to one Underlying.

If a Specified Valuation Date is not a Scheduled Trading Day for the Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for the Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for the Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 2(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (ii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then the Valuation Date shall be the first succeeding day

immediately following such Specified Valuation Date which is a Scheduled Trading Day for all of the Underlyings, unless in the opinion of the Calculation Agent such day is a Disrupted Day for any of the Underlyings, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 2(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (iii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then:

- (A) the Valuation Date for each Underlying for which such Specified Valuation Date is a Scheduled Trading Day shall be such Specified Valuation Date, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 2(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply; and
- (B) the Valuation Date for each Underlying for which such Specified Valuation Date is not a Scheduled Trading Day shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for such affected Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 2(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 2(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (d) *Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s) and subject as provided in Valuation and Settlement Condition 2(g) (*Averaging Dates*) below, any Specified Valuation Date(s) (if applicable, as adjusted in accordance with the provisions of Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) above and/or, as the case may be, the provisions of the Underlying Schedules applicable to the relevant Underlying(s)) shall be adjusted in accordance with the following provisions:

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

- (i) The following sub-paragraph shall apply to Securities linked to one Underlying, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date for such Underlying is a Disrupted Day for such Underlying, then the Valuation Date shall be the earlier of: (I) the first succeeding Valid Date immediately following such Specified Valuation Date; and (II) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days immediately following such Specified Valuation Date.

- (ii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then such Valuation Date shall be the earlier of: (I) the first succeeding Valid Date immediately following such Specified Valuation Date; and (II) the Scheduled Trading Day for all the Underlyings which is the Valuation Roll number of Scheduled Trading Days for all the Underlyings immediately following such Specified Valuation Date.

- (iii) The following sub-paragraph shall apply to Securities linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 2(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then:

- (A) if such Specified Valuation Date is not a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be such Specified Valuation Date; and
- (B) if such Specified Valuation Date is a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be the earlier of: (1) the first succeeding Valid Date immediately following such Specified Valuation Date; and (2) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days for such Underlying immediately following such Specified Valuation Date.

- (iv) If the Valuation Date for any Underlying determined as provided above would otherwise fall on a day falling after the second Scheduled Trading Day (the "**Cut-off Valuation Date**") for such Underlying prior to the date on which a relevant payment or delivery, as applicable, is scheduled to be made under the Securities, such Valuation Date shall be deemed to be the Cut-off Valuation Date (notwithstanding that such date is a Disrupted Day for such Underlying) and the provisions of Valuation and Settlement Condition 2(e)(ii) below shall apply in respect thereof.

- (e) *Adjustments to Valuation Dates (Calculation Agent's determination of Underlying Closing Levels)*

- (i) If the Valuation Date for any Underlying (as determined in accordance with Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) above) is a Disrupted Day for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.

- (ii) If the Valuation Date for any Underlying (as determined in accordance with Condition 2(d)(iv) above) is determined to occur on the Cut-off Valuation Date for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Cut-off Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.

(f) *Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*

If the Calculation Agent determines that the Underlying Level of an Underlying cannot be determined at any time on any Valuation Date by reason of the occurrence of an event giving rise to a Disrupted Day, then the Underlying Level at such time on such day shall be disregarded for the purposes of determining any amounts payable and/or deliverable in respect of the Securities.

(g) *Averaging Dates*

Where "Averaging" is specified to apply in the applicable Issue Terms in respect of any Valuation Dates, the applicable Issue Terms will specify whether "Postponement", "Modified Postponement" or "Omission" will apply in respect of each such Valuation Date or, if no such election is specified, "Postponement" shall apply.

Notwithstanding the provisions of Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*), where "Omission" applies in respect of any Valuation Date to which "Averaging" applies, if a Specified Valuation Date is a Disrupted Day for any Underlying, then such Specified Valuation Date shall be deemed not to be a Valuation Date PROVIDED THAT, if by operation of this provision there would be no Valuation Date in respect of the relevant determination, then the provisions of Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) will apply for the purposes of determining the relevant Underlying Closing Level(s) on the final relevant Valuation Date as if such Valuation Date were a Valuation Date that was a Disrupted Day.

(h) *Adjustment Events*

If in the determination of the Calculation Agent any Adjustment Event occurs, then (subject to the provisions of the Underlying Schedule applicable to such Underlying) the Calculation Agent shall (i) make such adjustment to the terms of the Securities as the Calculation Agent determines necessary or appropriate to account for the effect of such Adjustment Event subject to the provisions (if any) of such Underlying Schedule and (ii) determine the effective date of each such adjustment.

Any adjustment pursuant to the above may include a "monetisation" of the Securities. Where the Securities are monetised, (i) the Calculation Agent will determine the value in the Settlement Currency (the "**Monetised Amount**") of the bond component and the embedded derivative(s) comprising the Securities on a date selected by the Calculation Agent (the "**Monetisation Valuation Date**"), (ii) any future amounts in respect of interest (if any) and the Final Redemption Amount will no longer be payable and (iii) the Securities will instead pay on the Maturity Date an amount equal to (a) the Monetised Amount plus (b) interest accrued on such amount at the overnight rate relating to the Settlement Currency (being, in the case of Dual Currency Securities, the Denomination Currency) selected by the Calculation Agent which shall accrue during the period from (and including) the Monetisation Valuation Date to (but excluding) the Maturity Date.

If an "Increased Cost of Hedging" is specified to apply in the applicable Issue Terms and occurs, the Calculation Agent may make such adjustment to the terms of the Securities as it determines necessary or appropriate to pass on to Securityholders the relevant increased cost of hedging, which adjustment may include, but is not limited

to, reducing any of the amounts which would otherwise be payable under the Securities or reducing the number of any Relevant Assets which would otherwise be deliverable under the Securities.

If so specified in the relevant Underlying Schedule and subject as otherwise provided in the Conditions, any adjustment(s) made by the Calculation Agent in response to an Adjustment Event may include a substitution of the relevant Underlying or other asset as specified in the Underlying Schedule applicable to the relevant Underlying and the Calculation Agent may make such other adjustments to the terms of the Securities as it deems necessary or appropriate in relation to such substitution.

(i) *Early Termination Events*

If, in the determination of the Calculation Agent, any Early Termination Event occurs in respect of an Underlying or the Securities (as relevant), then (i) in the case of (a) an Early Termination Event pursuant to paragraph (i) of the definition of such term or (b) of an Additional Early Termination Event pursuant to paragraph (i) of the definition of such term (subject to the provisions of the Underlying Schedule applicable to such Underlying) all (but not some only) of the Securities will or (ii) in the case of a Hedging Disruption Early Termination Event or a Section 871(m) Event, all (but not some only) of the Securities may, be redeemed on a day selected by the Issuer, each Security being redeemed by payment of an amount equal to the Early Termination Amount on the Early Termination Date.

(j) *Realisation Disruption*

If "Realisation Disruption" is specified as applicable in the applicable Issue Terms and a Realisation Disruption Event occurs, then the Issuer may either (i) direct the Calculation Agent to make such consequential adjustments to any of the terms of the Securities (including any payment or delivery obligations) as it determines appropriate in order to reflect the economic effect of the particular Realisation Disruption Event or (ii) redeem all (but not some only) of the Securities on a day selected by the Issuer, each Security being redeemed by payment of an amount equal to the Early Termination Amount.

Any such adjustments by the Calculation Agent may include (but are not limited to) (I) payments under the Securities being made in the currency (the "**Local Currency**") in which the Hedging Positions are denominated or payable rather than the Settlement Currency, (II) deduction of an amount equal to the applicable tax, charge or deduction from the relevant payment otherwise due under the relevant Securities or delivery of any Entitlement being subject to payment by the relevant Securityholder of an amount equal to a *pro rata* portion of any such tax, charge or deduction resulting in reduced amounts paid or delivered in respect of the Securities, (III) non-payment of the relevant payment or non-delivery of the relevant Entitlement otherwise due under the relevant Securities until the relevant restrictions (including but not limited to all exchange and/or conversion and/or cross-border transfer restrictions) are lifted and/or (IV) determination of any relevant exchange rate by the Calculation Agent taking into consideration all available information that it deems relevant, which may result in a different rate to that which would have applied had the Realisation Disruption not occurred, and/or (V) (where legally permissible) *in lieu* of paying any cash amounts in respect of the Securities, procuring physical delivery of any Underlying(s), delivered in such manner as shall be notified to the Securityholders by the Issuer (or *vice versa*) PROVIDED THAT such Underlying(s) may be subject to transfer restrictions and additional certifications may be required from the Securityholders. Any such adjustments will be effective as of the date determined by the Calculation Agent.

(k) *Correction of published or announced prices or levels*

In the event that any level, price, rate or value (as applicable) of an Underlying for any time on any day which is published or announced by or on behalf of the person or entity responsible for such publication or announcement and which is used for any

calculation or determination made in respect of the Securities is subsequently corrected, and the correction (the "**Corrected Level**") is published by or on behalf of such person or entity within the relevant Correction Period after the original publication (and at least two Business Days prior to the relevant date on which a payment or delivery is scheduled to be made under the Securities) (the "**Relevant Scheduled Payment Date**"), then such Corrected Level shall be deemed to be the level, price, rate or value for the relevant Underlying for the relevant time on the relevant day and the Calculation Agent shall use such Corrected Level in determining any amounts payable and/or deliverable in respect of the Securities.

Corrections published after the day which is two Business Days prior to the Relevant Scheduled Payment Date shall be disregarded by the Calculation Agent for the purposes of determining any such amounts payable and/or deliverable under the Securities.

(l) *Notifications*

The Calculation Agent shall notify the Issuer and each Paying Agent of any determination made by it in accordance with this Condition 2 and the action that it proposes to take in respect of any such determination. The Issuer shall notify the Securityholders thereof as soon as reasonably practicable thereafter in accordance with General Condition 15 (*Notices*). Failure by the Calculation Agent to notify the Issuer or any Paying Agent or failure by the Issuer to notify the Securityholders of any such determination will not affect the validity of any such determination.

(m) *Definitions*

"Additional Adjustment Event" means, in each case if specified as applicable in the applicable Issue Terms, in respect of an Underlying, each event (if any) specified as such in the Underlying Schedule applicable to such Underlying.

"Additional Early Termination Event" means, in each case if specified as applicable in the applicable Issue Terms, (i) in respect of an Underlying, each event (if any) specified as such in the applicable Issue Terms and in the Underlying Schedule applicable to such Underlying and (ii) in respect of Underlying Linked Securities only, if Hedging Disruption Early Termination Event and/or Section 871(m) Event is/are specified as applicable in the applicable Issue Terms, a Hedging Disruption Early Termination Event and/or a Section 871(m) Event.

"Adjustment Event" means, in each case if specified as applicable in the applicable Issue Terms, the occurrence at any time of a Change in Law, a Hedging Disruption, an Increased Cost of Hedging or the occurrence at any time of any Additional Adjustment Event applicable to such Underlying.

"Averaging Date" means, in respect of an Actual Exercise Date, each Valuation Date specified as such in the applicable Issue Terms, as adjusted in accordance with Valuation and Settlement Condition 1(c) (Adjustments to Valuation Dates (Scheduled Trading Days)), Valuation and Settlement Condition 1(d) (Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)), Valuation and Settlement Condition 1(f) (Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)) above and/or Valuation and Settlement Condition 1(g) (Averaging Dates) below and/or, as applicable, the relevant Underlying Schedule or any date deemed pursuant to the Conditions to be a Valuation Date.

"Change in Law" means, if specified as applicable in the applicable Issue Terms, that (a) due to the adoption of or any change in any applicable law, rule, order, directive or regulation (including, without limitation, any tax law), or (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation, (including any action taken by a taxing authority), the Calculation Agent determines that:

- (i) if, in relation to Change in Law, "**Illegality**" is specified to apply in the applicable Issue Terms, holding, acquiring or disposing of any Hedging Position becomes or will become unlawful, illegal or otherwise prohibited in whole or in part, and such unlawfulness, illegality or prohibition cannot be cured or avoided by the Issuer (or its agents) taking all commercially reasonable measures available to it (including that any such measures will not result in the Issuer (or its agents) incurring a material loss); or
- (ii) if, in relation to Change in Law, "**Material Increased Cost**" is specified to apply in the applicable Issue Terms, the Issuer will incur a materially increased cost in performing its obligations in relation to the Securities (including without limitation due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of any relevant Hedging Party) which cannot be avoided by the Issuer (or its agents) taking reasonable measures available to it (as determined by the Issuer) and for which it (or its agents) will not suffer a material loss.

"**Correction Period**" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"**Early Termination Event**" means, in respect of an Underlying or the Securities (as the case may be), (i) if, Early Termination Option is specified as applicable in the applicable Issue Terms in relation to the relevant Adjustment Event, following the occurrence of an Adjustment Event, the Calculation Agent determines that no adjustment or substitution can reasonably be made under this Condition to account for the effect of such Adjustment Event, or (ii) if specified to apply in the applicable Issue Terms, the occurrence at any time of any Additional Early Termination Event applicable to such Underlying or the Securities (as the case may be).

"**Electronic Page**" means, in respect of an Underlying and (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), the electronic page or source specified for such Underlying or such component, as the case may be, in the applicable Issue Terms, or either (i) any successor electronic page or source or information vendor or provider that has been designated by the sponsor of the original electronic page or source; or (ii) if such sponsor has not officially designated a successor electronic page or source or information vendor or provider, the successor electronic page or source or information vendor or provider designated by the relevant information vendor or provider (if different from such sponsor) or any alternative electronic page or source designated by the Calculation Agent PROVIDED THAT if, in the case of (i) and (ii), the Calculation Agent determines that it is not necessary or appropriate for the Electronic Page to be any such successor electronic page or source or information vendor or provider, then the Electronic Page may be either the originally designated electronic page or source or such other electronic page or source as selected by the Calculation Agent. Where more than one Electronic Page is specified in respect of an Underlying and/or (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), then the provisions of the preceding sentence shall be construed accordingly and (i) if there is any discrepancy between any relevant price or level displayed on the relevant Electronic Pages for any Valuation Date, the relevant price or level selected by the Calculation Agent shall be used for such Valuation Date; and (ii) if any relevant price or level is not published on all of such Electronic Pages but is published on one or more of such Electronic Pages, the Calculation Agent shall use such published price or level for the purpose of determining any calculation or determination in respect of the Securities and no Disrupted Day shall be deemed to have occurred in respect of the failure to publish on the other Electronic Page(s).

"**Hedging Disruption**" means, if specified as applicable in the applicable Issue Terms, that any Hedging Party is unable or would be unable, after using commercially reasonable efforts to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge or be able to hedge the price risk of the Issuer issuing and performing its

obligations under the Securities; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

"Hedging Disruption Early Termination Event" means, if specified as applicable in the applicable Issue Terms, any action, or any announcement of the intention to take any such action, including adoption of any law, regulation or order or the amendment, elimination, reinterpretation or promulgation of an interpretation, by any regulatory, self-regulatory, legislative or judicial authority with competent jurisdiction (including, without limitation, as implemented by the United States Commodity Futures Trading Commission ("CFTC") or any exchange or trading facility acting pursuant to CFTC authority) that (i) affects the definition of "bona fide hedging" as that term is used in CFTC regulations adopted under Section 4a(a) of the United States Commodity Exchange Act, as amended (the "**Commodity Exchange Act**") (as at the Trade Date 17 CFR 150.3) or that withdraws or limits as a matter of practice or policy any "hedge exemptions" previously granted by the CFTC or any such exchange or trading facility acting under authority granted pursuant to the Commodity Exchange Act, or affects or otherwise amends such other applicable laws of any jurisdiction which has an analogous effect to any of the events specified in this sub-paragraph (i) or (ii) increases the cost of the performance of the Issuer's obligations in respect of the Securities or the cost of acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Securities, whether individually or on a portfolio basis, in each case occurring after the Trade Date and as determined by the Calculation Agent.

"Hedging Party" means any party which enters into any arrangement which hedges or is intended to hedge, individually or on a portfolio (or "book") basis, the Securities, which party may be the Issuer and/or any of its Affiliates and/or any other party or parties, as determined by the Calculation Agent.

"Hedging Position" means any one or more of (i) positions or contracts (as applicable) in securities, futures contracts, options contracts, cross currency derivatives contracts, interest rate derivative contracts, asset swap derivative contracts, other derivative contracts or foreign exchange contracts; (ii) stock loan transactions, securities transactions or loan transactions; (iii) other instruments or arrangements (however described) entered into by a Hedging Party in order to hedge, individually or on a portfolio (or "book") basis, the Securities; or (iv) positions or contracts in one or more credit derivatives contracts which may be in combination with any of paragraphs (i) or (iii) above.

"Increased Cost of Hedging" means, if specified as applicable in the applicable Issue Terms, that any Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Securities; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). Any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of any Hedging Party shall not be deemed an Increased Cost of Hedging.

"Realisation Disruption Event" means, if specified as applicable in the applicable Issue Terms, the Calculation Agent determines that:

- (i) either any restrictions or any taxes, charges or other deductions have been imposed by any applicable governmental, taxation, judicial or regulatory body on any dealing by any Hedging Party in any Hedging Positions held by any Hedging Party such that:
 - (A) any Hedging Party is or would be materially restricted from continuing to purchase, sell or otherwise deal in any Hedging

- Positions (or to enter into, continue or otherwise complete such transactions) and/or is or would be materially restricted from exercising its rights, or performing its obligations in respect of any Hedging Positions;
- (B) the Issuer is materially restricted from performing its obligations under the Securities and/or any Hedging Party is materially restricted from performing its obligations under any Hedging Positions; or
 - (C) the Issuer will (or is likely to) incur a materially increased cost in performing its obligations under the Securities and/or any Hedging Party will (or is likely to) incur a materially increased cost in performing its obligations under any Hedging Positions; or
- (ii) an event has occurred or circumstances exist (including without limitation either any restrictions or any charges or deductions imposed by any applicable governmental, judicial or regulatory body):
- (A) that materially restricts the ability of any Hedging Party to (i) exchange or convert the Local Currency for any Settlement Currency or any Settlement Currency for the Local Currency through the customary legal channels and/or (ii) deliver any Settlement Currency or the Local Currency and/or (iii) transfer the proceeds of the Hedging Positions (or any transaction relating to a Hedging Position) (A) between, accounts in the jurisdiction of the Local Currency (the "**Local Jurisdiction**") and any accounts in the jurisdiction of any Settlement Currency or (B) to or from a party that is a non-resident of the Local Jurisdiction and/or to a party that is a resident of the jurisdiction of any Settlement Currency; and/or
 - (B) such that any Hedging Party is or would be materially restricted from transferring amounts payable under any Hedging Position or in respect of the Securities between (i) the Local Jurisdiction and the jurisdiction of a Hedging Party and/or (ii) the jurisdiction of any Settlement Currency and the jurisdiction of a Hedging Party; and/or
 - (C) such that the Calculation Agent's ability to determine a rate at which the Local Currency can be exchanged for any Settlement Currency (or *vice versa*), for any reason becomes restricted, or such determination is otherwise impracticable or such rate is subject to material charges or deductions.

The above provisions refer to "materially restricted", "materially increased" and "material" and any determination in respect of "materially" or "material" in respect of any such provision shall be made by the Calculation Agent which shall have regard to such circumstances as it deems appropriate.

"Section 871(m) Event" means, if specified as applicable in the applicable Issue Terms, that the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, save where the applicable Issue Terms specify that "Section 871(m) Event (Hedging)" is not applicable, in each case, any Hedging Party is (or, in the determination of the Calculation Agent, there is a reasonable likelihood that, within the next 30 Business Days, the Issuer and/or, where the Issuer is CGMHI, the CGMHI Guarantor and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, save where the applicable Issue Terms specify that "Section 871(m) Event (Hedging)" is not applicable, in each case, any Hedging Party will become) subject to any withholding or reporting obligations pursuant to Section 871(m) of the Code with respect to the Securities and/or, where the Issuer is CGMHI, the CGMHI Deed of Guarantee and/or, where the Issuer is CGMFL, the CGMFL Deed of Guarantee, and/or, in each case, save where

the applicable Issue Terms specify that "**Section 871(m) Event (Hedging)**" is not applicable, any Hedging Positions.

"**Specified Valuation Date**" means each date deemed pursuant to the Conditions to be a Specified Valuation Date or as specified as such in the applicable Issue Terms.

"**Trade Date**" means the date specified as such in the applicable Issue Terms or, if none is so specified, the Issue Date.

"**Underlying**" means each underlying reference factor specified as such and classified in the applicable Issue Terms.

"**Underlying Closing Level**" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"**Underlying Level**" shall, in respect of an Underlying and if applicable, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"**Underlying Schedule**" means, in respect of an Underlying, the schedule that is specified to be applicable to such Underlying as a result of the classification of such Underlying in the applicable Issue Terms.

"**Valid Date**" means, in respect of a Valuation Date:

- (i) Where the relevant Valuation Date is not specified to be an Averaging Date or is an Averaging Date to which "Postponement" is specified to apply in the applicable Issue Terms:
 - (A) in respect of Warrants linked to one Underlying, a Scheduled Trading Day which is not a Disrupted Day for the Underlying;
 - (B) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, a Scheduled Trading Day for all the Underlyings which is not a Disrupted Day for all of the Underlyings; and
 - (C) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms and in respect of the Underlying for which the Specified Valuation Date is a Disrupted Day, a Scheduled Trading Day for such Underlying and which is not a Disrupted Day for such Underlying; and
- (ii) Where the relevant Valuation Date is specified to be an Averaging Date to which "Modified Postponement" is specified to apply in the applicable Issue Terms:
 - (A) in respect of Warrants linked to one Underlying, a Scheduled Trading Day which is not a Disrupted Day for the Underlying and on which another Valuation Date in relation to the relevant Actual Exercise Date does not or is not deemed to occur;
 - (B) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, a Scheduled Trading Day for all the Underlyings which is not a Disrupted Day for all of the Underlyings and on which another Valuation Date in relation to the relevant Actual Exercise Date does not or is not deemed to occur; and
 - (C) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms and in respect of the Underlying for which the Specified Valuation Date is a Disrupted Day, a Scheduled Trading Day for such Underlying which is not a

Disrupted Day for such Underlying and on which another Valuation Date in relation to such Underlying and the relevant Actual Exercise Date does not or is not deemed to occur.

"Valuation and Settlement Condition" means each condition specified in this Underlying Schedule.

"Valuation Date" means each Specified Valuation Date, as adjusted in accordance with Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*), Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*), Valuation and Settlement Condition 2(f) above and/or, as applicable, the relevant Underlying Schedule or any date deemed pursuant to the Conditions to be a Valuation Date.

"Valuation Roll" means the number specified as such in the applicable Issue Terms or, if no number is so specified, eight.

"Valuation Time" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

(n) *Fallback Provisions for Securities other than Underlying Linked Securities*

In respect of Securities other than Underlying Linked Securities, where the applicable Issue Terms specifies that this Valuation and Settlement Condition 2(n) (*Fallback Provisions for Securities other than Underlying Linked Securities*) applies, the provisions of Valuation and Settlement Condition 2(h) (*Adjustment Events*), Valuation and Settlement Condition 2(i) (*Early Termination Events*) and Valuation and Settlement Condition 2(j) (*Realisation Disruption*) and the related definitions set out in Valuation and Settlement Condition 2(m) (*Definitions*) shall apply to the Securities as specified in the applicable Issue Terms notwithstanding that the Securities are not Underlying Linked Securities.

For the purposes of this Valuation and Settlement Condition 2(n) (*Fallback Provisions for Securities other than Underlying Linked Securities*), references to any Underlying or Underlying Schedule in Valuation and Settlement Condition 2(h) (*Adjustment Events*), Valuation and Settlement Condition 2(i) (*Early Termination Events*), Valuation and Settlement Condition 2(j) (*Realisation Disruption*) and the related definitions set out in Valuation and Settlement Condition 2(m) (*Definitions*) shall be disregarded and the relevant Valuation and Settlement Condition shall be construed accordingly.

3. **Redemption or adjustment for an Administrator/Benchmark Event**

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), in the event that an Administrator/Benchmark Event occurs:

- (a) the Calculation Agent may make such adjustment(s) to the terms of the Securities as the Calculation Agent determines necessary or appropriate to account for the effect of the relevant event or circumstance and, without limitation, such adjustments may (a) consist of one or more amendments and/or be made on one or more dates (b) be determined by reference to any adjustment(s) in respect of the relevant event or circumstance made in relation to any hedging arrangements in respect of the Securities and (c) include selecting a successor benchmark(s) and making related adjustments to the terms of the Securities, and, in the case of more than one successor benchmark, making provision for allocation of exposure as between the successor benchmarks; or
- (b) where "Early Termination following Administrator/Benchmark Event" is specified as applicable in the applicable Issue Terms, the Issuer may (at its option) redeem the Securities on a day selected by the Issuer, in which case each Security shall be redeemed by payment of an amount equal to the Early Termination Amount.

PROVIDED THAT the Calculation Agent has fully determined any adjustment(s) as provided above to the terms of the Securities, the Calculation Agent shall notify the Issuer of such determination made by it and the action that it proposes to take in respect of any such determination as soon as reasonably practicable and in any event prior to the earliest relevant effective date. The Issuer shall notify the Securityholders thereof or of any election to redeem the Securities as soon as reasonably practicable thereafter in accordance with General Condition 15 (*Notices*). Failure by the Calculation Agent to notify the Issuer or failure by the Issuer to notify the Securityholders of any such determination or election will not affect the validity of any such determination or election.

For the purposes of the above:

"Administrator/Benchmark Event" means the Calculation Agent determines that (1) a Benchmark Modification or Cessation Event has occurred or will occur, or (2) any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of a relevant Benchmark or the administrator or sponsor of a relevant Benchmark has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the Issuer or the Calculation Agent or any other entity is not, or will not be, permitted under any applicable law or regulation to use the relevant Benchmark to perform its or their respective obligations under the Securities or, save where the applicable Issue Terms specify that "ABE Hedging Arrangements" do not apply, any related hedging arrangements, or (3) save where the applicable Issue Terms specify that "Administrator/Benchmark Event (Limb (3))" is not applicable, it is not commercially reasonable to continue the use of the relevant Benchmark in connection with the Securities as a result of any applicable licensing restrictions or changes in the cost of obtaining or maintaining any relevant licence (including, without limitation, where the Issuer, the Calculation Agent or any other entity is required to hold a valid licence in order to issue or perform its obligations in respect of the Securities and for any reason such licence is either not obtained, not renewed or is revoked or there is a material change in the cost of obtaining or renewing such licence), or (4) there has been an official announcement by the supervisor of the administrator and/or sponsor of a relevant Benchmark that the relevant Benchmark is no longer representative, or as of a specified future date will no longer be capable of being representative, of any relevant underlying market(s) or economic reality that such Benchmark is intended to measure or (5) any relevant competent authority or other relevant official body issues a public notice with respect to the relevant Benchmark pursuant to the EU Benchmarks Regulation (Regulation (EU) 2016/1011) as amended from time to time.

"Benchmark" means any figure or rate and where any amount payable or deliverable under the Securities, or the value of the Securities, is determined by reference in whole or in part to such figure or rate, all as determined by the Calculation Agent.

"Benchmark Modification or Cessation Event" means, in respect of the Benchmark any of the following:

- (a) any material change in such Benchmark; or
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark; or
- (c) a regulator or other official sector entity prohibits the use of such Benchmark in respect of the Securities or, save where the applicable Issue Terms specify that "ABE Hedging Arrangements" do not apply, any related hedging arrangements.

4. Provisions relating to Interest

4.1 Interest on Fixed Rate Securities

Where the applicable Issue Terms specify the Fixed Rate Securities Provisions to be applicable to the Securities or are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**Fixed Rate Securities**"), the definitions and provisions set out in

this Valuation and Settlement Condition 4.1 (the "**Fixed Rate Securities Provisions**") shall apply.

(a) *Accrual not applicable to Fixed Rate Securities*

If the Securities are expressed to be Fixed Rate Securities in the applicable Issue Terms and Accrual is specified as "Not Applicable" in the Issue Terms, in respect of each Interest Payment Date to which the Fixed Rate Provisions apply (as specified in the applicable Issue Terms), where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, the Issuer will pay the Interest Amount specified for the relevant Interest Payment Date in the Settlement Currency. For which purpose, the "**Interest Amount**" will be (i) the amount specified in the applicable Issue Terms or (ii) where different amounts are specified in relation to different Interest Payment Dates, in respect of each Interest Payment Date, the amount specified in respect of such Interest Payment Date.

The Interest Amount payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

(b) *Accrual applicable to Fixed Rate Securities*

If the Securities are Notes and are expressed to be Fixed Rate Securities in the applicable Issue Terms and Accrual is specified to be "Applicable" in the Issue Terms, then each such Fixed Rate Security bears interest from (and including) the relevant Interest Commencement Date at the rate(s) per annum equal to the Fixed Interest Rate(s) (each such rate being an "**Interest Rate**"). Subject as otherwise provided in these Valuation and Settlement Conditions, the relevant interest Amount will be payable in arrear on each Interest Payment Date to which the Fixed Rate Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Interest Period End Date (an "**Ending Interest Period End Date**"), such interest will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

The amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such date will amount to the Interest Amount.

If an Interest Rate or a Reference Rate for any period or any relevant day is specified in any other Valuation and Settlement Condition or in the applicable Issue Terms to be a "Fixed Interest Rate", the relevant Interest Rate or Reference Rate will be determined in accordance with this Valuation and Settlement Condition 4.1(b).

(i) *Fixed Interest Rate*

The "**Fixed Interest Rate**" in respect of each Interest Period shall be equal to the Specified Fixed Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such Specified Fixed Rate for such Interest Period), and further multiplied by the Interest Participation Rate ("**IPR**") (if any is specified in the applicable Issue Terms in relation to such Specified Fixed Rate for such Interest Period).

(ii) *Calculation of Interest Amount*

Interest shall be calculated in respect of any period by applying the relevant Interest Rate to:

- (A) in the case of Fixed Rate Securities which are represented by a Global Security, the aggregate outstanding principal amount or

number of the Fixed Rate Securities represented by such Global Security; or

- (B) in the case of Fixed Rate Securities in definitive form, the Calculation Amount,

and, in each case, (I) multiplying such product by the applicable Day Count Fraction, and (II) (a) in respect of Range Accrual Securities, multiplying the product calculated in (I) by the Accrual Rate (as described in the definition of Interest Amount in Valuation and Settlement Condition 1 (*Interest and Redemption Provisions*)) or (b) where Valuation and Settlement Condition 4.7 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (I) by the Accrual Interest Rate, and in each case, rounding the resultant figure to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Security is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Fixed Rate Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The Interest Amount payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

- (c) If the Securities are Certificates and are expressed to be Fixed Rate Securities in the applicable Issue Terms and Accrual is specified to be "Applicable" in the Issue Terms, then each such Fixed Rate Security bears interest from (and including) the relevant Interest Commencement Date at the rate(s) per annum equal to the Fixed Interest Rate(s) (each such rate being an "**Interest Rate**"). Subject as otherwise provided in these Valuation and Settlement Conditions, the relevant Interest Amount will be payable in arrear on each Interest Payment Date to which the Fixed Rate Securities provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, such interest will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

The amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Date falling on or about such date will amount to the Interest Amount.

If an Interest Rate or a Reference Rate for any period or any relevant day is specified in any other Valuation and Settlement Condition or in the applicable Issue Terms to be a "Fixed Interest Rate", the relevant Interest Rate or Reference Rate will be determined in accordance with this Valuation and Settlement Condition 4.1(c).

- (i) *Fixed Interest Rate*

The "**Fixed Interest Rate**" in respect of each Interest Period shall be equal to the Specified Fixed Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such Specified Fixed Rate for such Interest Period), and further multiplied by the Interest Participation Rate ("**IPR**") (if any is specified in the applicable Issue Terms in relation to such Specified Fixed Rate for such Interest Period).

- (ii) *Calculation of Interest Amount*

Interest shall be calculated in respect of any period by multiplying the relevant Interest Rate by:

- (A) in the case of Fixed Rate Securities which are represented by a Global Security, the aggregate of the Calculation Amounts in respect of the total number of Securities represented by such Global Security; or
- (B) in the case of Fixed Rate Securities in definitive form, the Calculation Amount,

and, in each case, (I) multiplying such amount by the applicable Day Count Fraction, and (II) (a) in respect of Range Accrual Securities, multiplying the product calculated in (I) by the Accrual Rate (as described in the definition of Interest Amount in Valuation and Settlement Condition 1 (*Interest and Redemption Provisions*)) or (b) where Valuation and Settlement Condition 4.7 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (I) by the Accrual Interest Rate, and in each case, rounding the resultant figure to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

The Interest Amount payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

4.2 Interest on Floating Rate Securities

Where the applicable Issue Terms specify the Floating Rate Securities Provisions to be applicable to the Securities or are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**Floating Rate Securities**"), the definitions and provisions set out in this Valuation and Settlement Schedule 4.2 (the "**Floating Rate Securities Provisions**") shall apply.

Each Floating Rate Security which is a Note bears interest from (and including) the relevant Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, the relevant Interest Amount determined in accordance with Valuation and Settlement Condition 4.5 (*General provisions relating to interest*) will be payable in arrear on each Interest Payment Date to which the Floating Rate Securities Provisions apply. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, such interest will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

In respect of each Floating Rate Security which is a Certificate, interest shall be calculated in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and payable on each Interest Payment Date(s) to which the Floating Rate Securities Provisions apply. Subject as otherwise provided in these Valuation and Settlement Conditions, the relevant Interest Amount will be payable on each Interest Payment Date to which the Floating Rate Securities Provisions apply. In respect of the Interest Period ending on (but excluding) and Ending Interest Period End Date, such Interest Amount will be payable on the Interest Payment Date falling on or about such Interest Period End Date (or as otherwise specified in the applicable Issue Terms).

The interest (if any) payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

If an Interest Rate or a Reference Rate for any period or any relevant day is specified in any other Valuation and Settlement Condition or in the applicable Issue Terms to be a **Floating "Interest Rate"**, the relevant Interest Rate or Reference Rate will be determined in accordance with the provisions set out in Valuation and Settlement Conditions 4.2(a) to 4.2(i), as applicable.

A different Floating Interest Rate may apply in respect of different Interest Periods and/or Interest Payment Dates, as specified in the applicable Issue Terms.

(a) Screen Rate Determination

Where Screen Rate Determination is specified in the applicable Issue Terms as the manner in which the Interest Rate is to be determined, the Floating Interest Rate for the relevant Interest Period or a relevant day (such day, a **"Relevant Day"**) will be the Screen Rate for such Interest Period or Relevant Day, plus or minus (as indicated in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such Screen Rate, and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such Screen Rate).

For the purposes of this Valuation and Settlement Condition 4.2(a), the **"Screen Rate"** for any Interest Period or any Relevant Day will, subject as provided below, be:

- (i) the offered quotation; or
- (ii) the arithmetic mean of the offered quotations; or
- (iii) the rate provided by the relevant administrator,

(expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Page as at the Specified Time on the Interest Determination Date in respect of such Interest Period or such Relevant Day, all as determined by the Calculation Agent. If five or more offered quotations are available on the Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided below) of such offered quotations.

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), if the Page is not available or if, in the case of (i), no offered quotation appears or, in the case of (ii), fewer than three offered quotations appear or, in the case of (iii) the Reference Rate does not appear on the Page and/or the Reference Rate is not provided or published by the relevant administrator and/or a relevant authorised distributor or a component of the Reference Rate is not provided or published, in each case as at the Specified Time, or by 10.30 a.m. Sydney time in the case of BBSW, the Screen Rate shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to such sources as it deems appropriate and any alternative benchmark then available and taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market) (the **"SRD Fallback Provisions"**). For the avoidance of doubt and without limitation, the Calculation Agent may determine the relevant Screen Rate by reference to one of the following:

- (A) the Reference Rate for the relevant designated maturity (where applicable) published on the relevant Interest Determination Date on a different screen page by another authorised distributor of the relevant rate;
- (B) a rate formally recommended for use by the administrator of the Reference Rate or the supervisor or competent authority (or a committee endorsed or convened by any such entity) responsible for supervising the Reference Rate or the administrator thereof; or

- (C) the Reference Rate for the relevant designated maturity (where applicable) last provided or published by the relevant administrator; or
- (D) the arithmetic mean of quotations provided by reference banks selected by the Calculation Agent on a date determined by the Calculation Agent for a representative amount (and, where relevant, with an acknowledged dealer of good credit in the swap market) and, if applicable, for a term equal to the designated maturity, calculated in the manner determined by the Calculation Agent.

In the event that the administrator of a relevant Reference Rate amends the methodology of such Reference Rate (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided for in this Valuation and Settlement Condition 4.2(a) (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates and making payments of interest and changes to the definition of Designated Maturity (where applicable)) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

In the event that the Screen Rate is subsequently corrected, and the correction (the "**Corrected Rate**") is published after the original publication but no later than the longer of (a) one hour after such original publication and (b) any other period for corrections specified by a relevant administrator in its methodology for the relevant Reference Rate, then PROVIDED THAT such Corrected Rate is published on or prior to the date falling two Business Days prior to the date on which a related payment is scheduled to be made under the Securities (the "**Relevant Scheduled Payment Date**")), then such Corrected Rate shall be deemed to be the relevant Screen Rate and the Calculation Agent shall use such Corrected Rate in determining any relevant amount payable in respect of the Securities. Any corrections published after the second Business Day prior to the Relevant Scheduled Payment Date shall be disregarded for the purposes of determining the relevant Screen Rate.

If a Reference Rate to which Screen Rate Determination applies is specified in the applicable Issue Terms as being other than EURIBOR, STIBOR, NIBOR, CIBOR, ROBOR, TIBOR, HIBOR, BBSW, BKBW, SONIA or SOFR, the Screen Rate (and any relevant Reference Rate) in respect of such Securities alternative provisions may be specified in the applicable Pricing Supplement.

The Calculation Agent shall not be responsible to the Issuer, the CGMHI Guarantor or the CGMFL Guarantor or to any third party as a result of the Calculation Agent having acted on any quotation given by any reference bank.

(b) *ISDA Determination*

(i) *ISDA Rate*

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), where ISDA Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate for the relevant Interest Period or Relevant Day will be the relevant ISDA Rate plus or minus (as indicated in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such ISDA Rate) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such ISDA Rate) PROVIDED THAT, if:

- (x) "Floored ISDA Rate" is specified as applicable in the applicable Issue Terms, then the Floating Interest Rate shall be equal to (I) the higher of (x) the ISDA Rate and (y) 0 per cent., (II) plus or minus (as indicated in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such ISDA Rate) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such ISDA Rate).
- (y) if "Floored Interest Amount" is specified as applicable in the applicable Issue Terms, then the Floating Interest Rate shall be equal to the higher of (I) the ISDA Rate, plus or minus (as indicated in the applicable Issue Terms) the relevant Margin (if applicable) and multiplied by the Interest Participation Rate (if applicable) and (II) 0 per cent.

For the purposes of this Valuation and Settlement Condition 4.2(b), "**ISDA Rate**" for any Interest Period means the rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction (a "**Swap Transaction**" or a "**Transaction**") if the Calculation Agent were acting as Calculation Agent (as defined in the ISDA Definitions, as defined below) (the "**ISDA Calculation Agent**") for that swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (i) the Floating Rate Option is as specified in the applicable Issue Terms;
- (ii) the Designated Maturity, if applicable, is a period specified in the applicable Issue Terms; and
- (iii) the relevant Reset Date is as specified in the applicable Issue Terms,

PROVIDED THAT

- (A) if the 2006 Definitions are specified in the applicable Issue Terms and the Calculation Agent determines that such ISDA Rate cannot be determined in accordance with the 2006 Definitions read with the above provisions and prior to the application of any provisions relating to an index cessation event (howsoever described) or other permanent cessation fallback provisions in the 2006 Definitions (including where applicable such fallbacks set out in any supplement to the 2006 Definitions and, for the avoidance of doubt, any Discontinued Rates Maturities provisions)) then, subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*) and notwithstanding anything to the contrary in the Conditions, the ISDA Rate for such Interest Period shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to alternative benchmarks then available and taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market); or
- (B) if the 2021 Definitions are specified in the applicable Issue Terms and the Calculation Agent determines that such ISDA Rate cannot be determined in accordance with the 2021 Definitions read with the above provisions but prior to the application of any provisions relating to permanent cessation or an Administrator/Benchmark Event in the 2021 Definitions (including, for the avoidance of doubt any Discontinued Rates Maturities provisions), then, subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*) and notwithstanding anything to the

contrary in the Conditions, the ISDA Rate for such Interest Period shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to alternative benchmarks then available and taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market).

For the purposes of this Valuation and Settlement Condition 4.2(b), terms used for the purpose of determining the relevant ISDA Rate under the relevant ISDA Definitions shall have the meanings given to those terms in the relevant ISDA Definitions, and the date on which any ISDA Rate is to be determined shall be an "**Interest Determination Date**".

References in the 2006 Definitions to:

- numbers, financial centres, elections or other items to be specified in the relevant Confirmation shall be deemed to be references to the numbers, financial centres, elections or other items specified for such purpose in the applicable Issue Terms;
- the "Effective Date" shall be to the relevant Interest Commencement Date;
- a "Period End Date" shall be deemed to be references to an Interest Period End Date;
- a "Floating Rate Day Count Fraction" shall be deemed to be references to the relevant Day Count Fraction;
- a "Payment Date" shall be deemed to be references to an Interest Payment Date; and
- the "Termination Date" shall be to the last occurring relevant Interest Payment Date.

References in the 2021 Definitions to:

- numbers, financial centres, elections or other items to be specified in the relevant Confirmation shall be deemed to be references to the numbers, financial centres, elections or other items specified for such purpose in the applicable Issue Terms;
- the "Effective Date" shall be to the relevant Interest Commencement Date;
- a "Period End Date" shall be deemed to be references to an Interest Period End Date, PROVIDED THAT where the Business Day Convention applicable to the relevant Interest Period End Date is "Floating Rate Convention", "Modified Following Business Day Convention" or "Preceding Business Day Convention" and "Period End Date/Termination Date adjustment for Unscheduled Holiday" is specified to be applicable in the applicable Issue Terms, where that Interest Period End Date would otherwise fall on a day that is not a Business Day as a result of an Unscheduled Holiday, that date will instead fall on the first following day that is a Business Day;
- a "Floating Rate Day Count Fraction" shall be deemed to be references to the relevant Day Count Fraction;
- a "Payment Date" shall be deemed to be references to an Interest Payment Date, PROVIDED THAT where "Payment Date

adjustment for Unscheduled Holiday" is specified as applicable in the applicable Issue Terms and the Business Day Convention applicable to the relevant Interest Period End Date is "Floating Rate Convention", "Modified Following Business Day Convention" or "Preceding Business Day Convention", where that Interest Payment Date would otherwise fall on a day that is not a Business Day as a result of an Unscheduled Holiday, that date will instead fall on the first following day that is a Business Day and, unless otherwise specified in the applicable Issue Terms, where any other payment date (a Related Payment Date) is scheduled to fall on the same day, that Related Payment Date shall also be adjusted accordingly, all subject as provided in General Condition 8; and

- the "Termination Date" shall be to the last occurring relevant Interest Payment Date.

Notwithstanding anything to the contrary in the ISDA Definitions:

- (a) the provisions of General Condition 12(c) (subject as provided in General Condition 12(d)) shall apply in relation to determinations made by the Calculation Agent pursuant to this Valuation and Settlement Condition 4.2(b) and any such provision in the relevant ISDA Definitions shall be disregarded. In addition, all calculations and determinations made in respect of the Securities by the Calculation Agent under the Conditions shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the CGMHI Guarantor, the CGMFL Guarantor and the Securityholders;
- (b) any requirement under the ISDA Definitions for the ISDA Calculation Agent: (i) to give notice of a determination made by it to any other party will be deemed to be a requirement for the Calculation Agent to provide an equivalent notice to the Issuer; and (ii) to consult with the other party or the parties will be deemed to be a requirement for the Calculation Agent to consult with the Issuer. Any such notice or consultation may be given or carried out orally or in writing (including by electronic mail or communications). In addition the right of any party under the ISDA Definitions to require the ISDA Calculation Agent to take any action or fulfil any responsibility will be deemed to be solely the right of the Issuer to require this of the Calculation Agent in its discretion and no Securityholder will have any right to require the Issuer to do this or to direct the Calculation Agent in this regard;
- (c) where the ISDA Definitions require agreement between the parties to the relevant transaction, the parties will be deemed to have been unable to reach agreement and the fallback applicable in such circumstances will be deemed to apply;
- (d) in the event that the Calculation Agent determines that any Fixing Day or other day on which an ISDA Rate is determined under the ISDA Definitions is less than two Business Days prior to the relevant date originally scheduled for payment, the Calculation Agent may determine that such date for payment and/or any Related Payment Date be delayed to a date falling not more than two Business Days after the relevant Fixing Day or relevant other day and Securityholders shall not be entitled to further interest or any other payment in respect of any such delay; and
- (e) in respect of the 2021 Definitions only, in the event that the Correction Time Period applicable to an ISDA Rate ends later than two Business Days prior to the relevant date for payment, any

corrections published after the second Business Day prior to the relevant date for payment shall be disregarded for the purposes of determining the relevant ISDA Rate.

If any adjustment, fallback, modification, correction or replacement of a relevant rate applies pursuant to the ISDA Definitions or the interest rate swap transaction thereunder then, in relation thereto, the Calculation Agent may but shall not be required to (i) if it would not otherwise apply in relation to the determination of the ISDA Rate in accordance with the above provisions, take into account any such any adjustment, fallback, modification, correction or replacement (including by reference to the hedging arrangements for the relevant Securities) in determining of the relevant ISDA Rate and (ii) make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including without limitation any technical, administrative or operational changes, changes to the definition of Interest Period, timing and frequency of determining rates and making payments of interest and changes to the definition of Designated Maturity (where applicable)) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

For the purposes of this Valuation and Settlement Condition 4.2(b), "**ISDA Definitions**" means (i) if "2006 ISDA Definitions" is specified in the applicable Issue Terms, the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc. or any successor thereto ("**ISDA**"), as amended or supplemented as at the Issue Date of the first Tranche of the Securities (the "**2006 Definitions**"), or (ii) if "2021 ISDA Definitions" is specified in the applicable Issue Terms, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions, including the latest version of the 2021 ISDA Interest Rate Derivatives Definitions Floating Rate Matrix, in each case, published by ISDA as at the Issue Date of the first Tranche of the Securities (the "**2021 Definitions**"), provided in each case that if the Calculation Agent determines this is appropriate by reference to the hedging arrangements for the relevant series of Securities, ISDA Definitions will mean any successor definitional booklet to or version of the 2006 Definitions or 2021 Definitions as applicable, each as supplemented or amended from time to time for interest rate derivatives, all as determined as of the date of the relevant determination under this Condition and the Calculation Agent may make such conforming changes to the Conditions as are necessary or appropriate to reflect the terms of the relevant successor definitional booklet or version.

(ii) *Linear Interpolation*

The provisions relating to "Linear Interpolation" set out in the ISDA Definitions shall apply to an ISDA Rate where "ISDA Definitions Linear Interpolation" is specified as applicable in the applicable Issue Terms. If such provisions apply, the provisions of Valuation and Settlement Condition 4.5(f) (*Linear Interpolation*) shall not apply to the relevant ISDA Rate.

(c) *SONIA Floating Rate Determination*

(i) *Compounded Daily SONIA – Non-Index Determination*

Where SONIA Floating Rate Determination is specified in the applicable Issue Terms as the manner in which a Floating Interest Rate is to be determined, the Interest Rate for the relevant Interest Period will, subject as provided below and save where Index Determination applies, be the

Compounded Daily SONIA (the "**SONIA Floating Rate**") as determined on the relevant Interest Determination Date plus or minus (if any is specified in the applicable Issue Terms in relation to such SONIA Floating Rate)) the Margin (if any) and multiplied the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such SONIA Floating Rate).

For the purposes of this Valuation and Settlement Condition 4.2(c)(i), "**Compounded Daily SONIA**" means, in respect of an Interest Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) calculated by the Calculation Agent in respect of the relevant Interest Determination Date as follows (and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market):

- (i) where "Compounded Daily SONIA (Shift)" is specified as applicable in the applicable Issue Terms, as follows:

$$\left[\prod_{i=1}^{d_0} \left(1 + \text{SONIA}_i \times \frac{n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

- (ii) where "Compounded Daily SONIA (Lag)" is specified as applicable in the applicable Issue Terms, as follows:

$$\left[\prod_{i=1}^{d_0} \left(1 + \text{SONIA}_{i-5\text{LBD}} \times \frac{n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

In each case, for the avoidance of doubt, the formula for the calculation of Compounded Daily SONIA only compounds the SONIA rate in respect of any London Banking Day. The SONIA rate applied to a day that is not a London Banking Day will be taken by applying the SONIA rate for the previous London Banking Day but without compounding.

For the purposes of the above definition, the following terms have the following meanings:

"**d**" means:

- (i) where "Compounded Daily SONIA (Shift)" is specified as applicable in the applicable Issue Terms, the number of calendar days in the relevant Observation Period; and
- (ii) where "Compounded Daily SONIA (Lag)" is specified as applicable in the applicable Issue Terms, the number of calendar days in the relevant Interest Period.

"**d₀**" means:

- (i) where "Compounded Daily SONIA (Shift)" is specified as applicable in the applicable Issue Terms, the number of London Banking Days in the relevant Observation Period; and
- (ii) where "Compounded Daily SONIA (Lag)" is specified as applicable in the applicable Issue Terms, the number of London Banking Days in the relevant Interest Period.

"**i**" means a series of whole numbers from one to d_0 , each representing the relevant London Banking Day in chronological order:

- (i) where "Compounded Daily SONIA (Shift)" is specified as applicable in the applicable Issue Terms, from, and including, the first London Banking Day in the relevant Observation Period to, and including, the last London Banking Day in such Observation Period; and
- (ii) where "Compounded Daily SONIA (Lag)" is specified as applicable in the applicable Issue Terms, from, and including, the first London Banking Day in the relevant Interest Period to, and including, the last London Banking Day in such Interest Period.

" n_i " for any London Banking Day " i ", means the number of calendar days from, and including, such London Banking Day " i " up to, but excluding, the following London Banking Day.

"**Observation Period**" means, in respect of an Interest Period, the period from, and including, the date falling five London Banking Days prior to the first day of such Interest Period and ending on, but excluding, the date falling five London Banking Days prior to the Interest Period End Date for such Interest Period (or the date falling five London Banking Days prior to such earlier date, if any, on which the Securities become due and payable).

"**SONIA_i**" means, in respect of any London Banking Day " i ", in the relevant Observation Period and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in respect of compounded rates and indices*), a reference rate equal to the daily Sterling Overnight Index Average (SONIA) rate (the "**SONIA rate**") for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the relevant Page or, if such Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day).

"**SONIA_{i-5LBD}**" in respect of any London Banking Day " i ", in the relevant Interest Period, means a reference rate equal to the SONIA rate for the London Banking Day falling five London Banking Days prior to such London Banking Day " i " as provided by the administrator of SONIA to authorised distributors and as then published on the relevant Page or, if such Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following the London Banking Day falling five London Banking Days prior to such London Banking Day " i ").

$\prod_{i=1}^n$ means the product of the relevant factors up to the amount of n . For example,

$$\left[\prod_{i=1}^{30} \left(1 + \frac{X_i}{365} \right) - 1 \right]$$

means $[(1 + X_1 / 365) - 1] \times [(1 + X_2 / 365) - 1] \times \dots \times [(1 + X_{30} / 365) - 1]$.

- (ii) *Compounded Daily SONIA – Index Determination*

Where SONIA Floating Rate Determination is specified in the applicable Issue Terms as the manner in which a Floating Interest Rate is to be determined and Index Determination is specified as being applicable in the applicable Issue Terms, the Floating Interest Rate for the relevant Interest Period will, subject as provided below, be calculated by reference to the screen rate or index administered by the administrator of the Sterling Overnight Index Average reference rate that is published or displayed by such administrator or other information service from time to time at the relevant time on the relevant determination dates specified below (and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in*

respect of compounded rates and indices) the "**SONIA Compounded Index**") and the following formula (the "**SONIA Index Floating Rate**"). Such Floating Interest Rate will be plus or minus (if any is specified in the applicable Issue Terms in relation to such SONIA Index Floating Rate) the Margin (if any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such SONIA Index Floating Rate):

Compounded Daily SONIA =

$$\left(\frac{\text{SONIA Compounded Index}_y}{\text{SONIA Compounded Index}_x} - 1 \right) \times \left(\frac{365}{d} \right)$$

For the purposes of the above definition, the following terms have the following meanings:

"**d**" is the number of calendar days from (and including) the day in relation to which "x" is determined to (but excluding) the day in relation to which "y" is determined;

"**Relevant Number**" is as specified in the applicable Issue Terms;

"**x**" denotes the value of the relevant SONIA Compounded Index determined in relation to the day falling the Relevant Number of London Banking Days prior to the first day of the relevant Interest Period; and

"**y**" denotes the value of the relevant SONIA Compounded Index determined in relation to the day falling the Relevant Number of London Banking Days prior to the Final Interest Period End Date of the relevant Interest Period.

(iii) *Non-availability*

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), and save where Index Determination applies, the following provisions (the "**SFRD (Non-Index) Fallback Provisions**") will apply if, in respect of any London Banking Day, the Calculation Agent determines that the SONIA rate is not available on the relevant Page or has not otherwise been published by the relevant authorised distributors. In such circumstances, the Calculation Agent will determine such SONIA rate as being: (i)(A) the Bank of England's Bank Rate (the "**Bank Rate**") prevailing at close of business on such day; plus (B) the mean of the spread of the SONIA rate to the Bank Rate over the previous five days on which a SONIA rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those spreads) to the Bank Rate, or (ii) if the Bank Rate is not published by the Bank of England at close of business on such day, the SONIA rate published on the relevant Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA rate was published on such Page (or otherwise published by the relevant authorised distributors). Notwithstanding the foregoing, in the event the Bank of England publishes guidance as to (i) how the SONIA rate is to be determined or (ii) any rate that is to replace the SONIA rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA rate for the purpose of the Securities for so long as the SONIA rate is not available or has not been published by the authorised distributors.

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), and where Index Determination is specified as being applicable in the applicable Issue Terms, the following provisions (the

"**SFRD (Index) Fallback Provisions**") will apply if in respect of any relevant determination date a SONIA Compounded Index value has not been provided or published by or on behalf of the relevant administrator (or any successor administrator) or authorised distributors or the relevant website is not available. In these circumstances, the relevant SONIA Compounded Index value shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to such sources as it deems appropriate and any alternative benchmark then available and taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market).

(iv) *Amendments to SONIA Methodology*

In the event that the administrator of SONIA amends the methodology of SONIA (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates and making payments of interest) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

(d) *SOFR Floating Rate Determination*

(i) *Compounded Daily SOFR – Non-Index Determination*

Where SOFR Floating Rate Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate for the relevant Interest Period will, subject as provided below and save where Index Determination applies, be Compounded Daily SOFR (the "**SOFR Floating Rate**"), as determined on the relevant Interest Determination Date plus or minus (if any is specified in the applicable Issue Terms in relation to such SOFR Floating Rate) the Margin (if any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such SOFR Floating Rate).

"**Compounded Daily SOFR**" means, in respect of an Interest Period, the rate of return of a daily compound interest investment (with the daily Secured Overnight Financing Rate as the reference rate for the calculation of interest) calculated by the Calculation Agent in respect of the relevant Interest Determination Date as follows, and the resulting percentage will be rounded if necessary to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market:

$$\left[\prod_{i=1}^{d_0} \left(1 + \text{Relevant SOFR Level} \frac{n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

"**d**" means the number of calendar days in (where "SOFR OIS Compounding" or "SOFR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) the relevant Interest Period or (where "SOFR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) the relevant SOFR Observation Period;

"**d₀**" means, (where "SOFR OIS Compounding" or "SOFR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in respect of any Interest Period, the number of U.S. Government Securities Business Days in the relevant Interest Period or (where "SOFR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) in respect of any SOFR Observation Period, the number of U.S. Government Securities Business Days in the relevant SOFR Observation Period;

"**i**" means a series of whole numbers from 1 to "**d₀**", each representing the relevant U.S. Government Securities Business Days in chronological order from, and including, the first U.S. Government Securities Business Day (where "SOFR OIS Compounding" or "SOFR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in the relevant Interest Period or (where "SOFR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) the SOFR Observation Period;

"**n_i**" for any U.S. Government Securities Business Day "**i**", means the number of calendar days from and including, such U.S. Government Securities Business Day "**i**" up to, but excluding, the following U.S. Government Securities Business Day ("**i**+1");

"**Observation Look-Back Period**" means the number of U.S. Government Securities Business Days specified in the applicable Issue Terms;

"**p**" means (save as specified in the applicable Issue Terms) the number of U.S. Government Securities Business Days included in the Observation Look-Back Period specified in the applicable Issue Terms;

"**Relevant SOFR Level**" means:

- (a) where "SOFR OIS Compounding" is specified as the Compounding Method in the applicable Issue Terms, in respect of any U.S. Government Securities Business Day "**i**" in the relevant Interest Period, the SOFR Reference Rate for such day, PROVIDED THAT, for the purposes of calculating the SOFR Floating Rate for the final Interest Period, the SOFR Reference Rate for each U.S. Government Securities Business Day in the period from (and including) the SOFR Reference Rate Cut-off Date to (but excluding) the Maturity Date or the redemption date, as applicable, shall be the SOFR Reference Rate for such SOFR Reference Rate Cut-off Date; or
- (b) where "SOFR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) in respect of any U.S. Government Securities Business Day "**i**" falling in the relevant Interest Period, the SOFR Reference Rate for the U.S. Government Securities Business Day falling "**p**" U.S. Government Securities Business Days prior to such day; or
- (c) where "SOFR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) SOFR_i, where "**SOFR_i**" is, in respect of any U.S. Government Securities Business Day "**i**" falling in the relevant SOFR Observation Period, the SOFR Reference Rate for such day;

"**SOFR Observation Period**" means in respect of each Interest Period, the period from and including the date falling "**p**" U.S. Government Securities Business Days preceding the first date in such Interest Period to but excluding

the date falling "p" U.S. Government Securities Business Days preceding the Final Interest Period End Date in respect of the relevant Interest Period;

"SOFR Reference Rate", in respect of any U.S. Government Securities Business Day ("USBD_x") and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in respect of compounded rates and indices*), is a reference rate equal to the daily secured overnight financing ("**SOFR**") rate for such USBD_x as provided by the Federal Reserve Bank of New York, as the administrator of such rate (or any successor administrator of such rate) on the website of the Federal Reserve Bank of New York at <http://www.newyorkfed.org>, or any successor website or the website of any successor administrator for the publication of such rate (the "**New York Federal Reserve's Website**") (in each case, on or about 8:00 a.m., New York City time, on the U.S. Government Securities Business Day immediately following such USBD_x) or if the New York Federal Reserve's Website is unavailable as otherwise published by or on behalf of the relevant administrator PROVIDED THAT, where a Daily Capped Rate and/or a Daily Floored Rate is specified in the applicable Issue Terms in respect of an Interest Period, such SOFR Reference Rate shall be the lesser of such rate and the relevant Daily Capped Rate and/or the greater of such rate and the relevant Daily Floored Rate, as applicable; and;

"SOFR Reference Rate Cut-off Date" means the day that is the second U.S. Government Securities Business Day prior to the Maturity Date or the redemption date, as applicable.

(ii) *Compounded Daily SOFR – Index Determination*

Where SOFR Floating Rate Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined and Index Determination is specified as being applicable in the applicable Issue Terms, the Floating Interest Rate for the relevant Interest Period will, subject as provided below, be calculated by reference to the following formula and based on the SOFR Index (as defined below) (the "**SOFR Index Floating Rate**") and the resulting percentage will be rounded if necessary to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market. Such Interest Rate will be plus or minus (if any is specified in the applicable Issue Terms in relation to such SOFR Index Floating Rate) the Margin (if any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such SOFR Index Floating Rate):

Compounded Daily SOFR =

$$\left(\frac{\text{SOFR Index}_{\text{End}}}{\text{SOFR Index}_{\text{Start}}} - 1 \right) \times \left(\frac{360}{d_c} \right)$$

where:

"**d_c**" is the number of calendar days from (and including) the day in relation to which SOFR Index_{Start} is determined to (but excluding) the day in relation to which SOFR Index_{End} is determined;

"Relevant Number" is as specified in the applicable Issue Terms;

"SOFR Index" means, in respect of any U.S. Government Securities Business Day and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in respect of compounded rates and indices*), the SOFR Index value as published by the Federal Reserve Bank of New York, as the administrator of such index (or any successor administrator of such index) as such index appears on the website of the Federal Reserve Bank of New York

at <http://www.newyorkfed.org>, or any successor website or the website of any successor administrator for the publication of such index at 3:00 pm New York City time;

"**SOFR Index_{End}**" is the SOFR Index value for the day which is the Relevant Number of U.S. Government Securities Business Days preceding the relevant Final Interest Period End Date;

"**SOFR Index_{Start}**" is the SOFR Index value for the day which is the Relevant Number of U.S. Government Securities Business Days preceding the first date of the relevant Interest Period; and

"**U.S. Government Securities Business Day**" or "**USBD**" means any day, except for a Saturday, Sunday or a day on which the Securities Industry and Financial Markets Association (or any successor) recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

(iii) *Non-availability*

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), the following provisions (the "**SOFR Fallback Provisions**") will apply if in respect of any relevant determination date a SOFR or SOFR Index value, as applicable, has not been provided or published by or on behalf of the relevant administrator (or any successor administrator) or authorised distributors or the relevant website is not available. In these circumstances, the relevant SOFR or SOFR Index value, as applicable, shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to such sources as it deems appropriate and any alternative benchmark then available and taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market).

(iv) *Amendments to SOFR Methodology*

In the event that the administrator of SOFR amends the methodology of SOFR (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates and making payments of interest and changes to the definition of Designated Maturity (where applicable)) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

(e) *€STR Floating Rate Determination*

(i) *Compounded Daily €STR*

Where €STR Floating Rate Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate for the relevant Interest Period will, subject as provided below and save where Index Determination applies, be Compounded Daily €STR (the "**€STR Floating Rate**") as determined on the relevant Interest Determination Date plus or minus (if any is specified in the applicable Issue Terms in relation to such €STR Floating Rate) the Margin (if

any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such €STR Floating Rate).

"Compounded Daily €STR" means, in respect of an Interest Period, the rate of return of a daily compound interest investment (with the euro short-term rate as the reference rate for the calculation of interest) calculated by the Calculation Agent in respect of the relevant Interest Determination Date as follows (and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market):

$$\left[\prod_{i=1}^{d_0} \left(1 + \text{Relevant €STR Level} \times \frac{n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

"d" means the number of calendar days in (where "€STR OIS Compounding" or "€STR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) the relevant Interest Period or (where in the applicable Issue Terms "€STR Compounding with Observation Period Shift" is specified as the Compounding Method) the relevant €STR Observation Period;

"d₀" means, (where "€STR OIS Compounding" or "€STR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in respect of any Interest Period, the number of T2 Business Days in the relevant Interest Period or (where "€STR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) in respect of any €STR Observation Period, the number of T2 Business Days in the relevant €STR Observation Period;

"€STR Observation Period" means in respect of each Interest Period, the period from and including the date falling "p" T2 Business Days preceding the first date in such Interest Period to but excluding the date falling "p" T2 Business Days preceding the Final Interest Period End Date in respect of the relevant Interest Period;

"€STR Reference Rate", in respect of any T2 Business Day "i" and subject as provided in Valuation and Settlement 4.2(h) (*Corrections in respect of compounded rates and indices*), is a reference rate equal to the euro short-term rate ("€STR") rate for such day "i" as provided by the European Central Bank (the "ECB"), as the administrator of such rate (or any successor administrator of such rate) and published on the ECB's website (or any other authorised source) as of 9:00am (Frankfurt time) (or any amended publication time as specified by the administrator of €STR in the €STR benchmark methodology) and as then published on the relevant Page or, if the relevant Page is unavailable, as otherwise published by the administrator of €STR or such authorised distributors, in each case on the T2 Settlement Day immediately following such T2 Settlement Day PROVIDED THAT, where a Daily Capped Rate and/or a Daily Floored Rate is specified in the applicable Issue Terms in respect of an Interest Period, such €STR Reference Rate shall be the lesser of such rate and the relevant Daily Capped Rate and/or the greater of such rate and the relevant Daily Floored Rate;

"€STR Reference Rate Cut-off Date" means the date that is the number of T2 Business Days specified in the applicable Issue Terms (or if none is specified, the second T2 Business Day) prior to the Maturity Date or the redemption date, as applicable;

"i" means a series of whole numbers from 1 to "d₀", each representing the relevant T2 Business Days in chronological order from, and including, the

first T2 Business Day (where "€STR OIS Compounding" or "€STR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in the relevant Interest Period or (where "€STR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) the €STR Observation Period;

" n_i " for any T2 Business Day " i ", means the number of calendar days from and including, such T2 Business Day up to, but excluding, the following T2 Business Day (" $i+1$ ");

"**Observation Look-Back Period**" means the number of T2 Business Days specified in the applicable Issue Terms;

"**p**" means (save as specified in the applicable Issue Terms) the number of T2 Business Days included in the Observation Look-Back Period specified in the applicable Issue Terms; and

"**Relevant €STR Level**" means:

- (i) where "€STR OIS Compounding" is specified as the Compounding Method in the applicable Issue Terms, in respect of any T2 Business Day " i " in the relevant Interest Period, the €STR Reference Rate for such day, PROVIDED THAT, for the purposes of calculating the €STR Floating Rate for the final Interest Period, the €STR Reference Rate for each T2 Business Day in the period from (and including) the €STR Reference Rate Cut-off Date to (but excluding) the Maturity Date or the redemption date, as applicable, shall be the €STR Reference Rate for such €STR Reference Rate Cut-off Date; or
- (ii) where "€STR Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) in respect of any T2 Business Day " i " falling in the relevant Interest Period, the €STR Reference Rate for the T2 Business Day falling " p " T2 Business Days prior to such day; or
- (iii) where "€STR Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) $€STR_i$, where $€STR_i$ is, in respect of any T2 Business Day " i " falling in the relevant €STR Observation Period, the €STR Reference Rate for such day.

(ii) *Non-availability*

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), the following provisions (the "**€STR Fallback Provisions**") will apply if €STR in respect of any T2 Business Day (the "**Relevant T2 Business Day**") is not published on the relevant Page or by another authorised distributor, and is not otherwise provided by the administrator of €STR, by either (A) the immediately following T2 Business Day (or any amended publication day for €STR as specified by the administrator of €STR in the €STR benchmark methodology) or (B) such other date and time on which €STR for the Relevant T2 Business Day is required for the purpose of any determination pursuant to the Conditions. In such circumstances and notwithstanding anything to the contrary in the Conditions, €STR for the Relevant T2 Business Day shall be deemed to be the rate equal to the last provided or published level for €STR as at the T2 Business Day on which €STR was originally required.

(iii) *Amendment of €STR Methodology*

In the event that the administrator of €STR amends the methodology of €STR (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

(f) *SARON Floating Rate Determination*

(i) *Compounded Daily SARON*

Where SARON Floating Rate Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate for the relevant Interest Period will, subject as provided below and save where Index Determination applies, be Compounded Daily SARON (the "**SARON Floating Rate**") as determined on the relevant Interest Determination Date plus or minus (if any is specified in the applicable Issue Terms in relation to such SARON Floating Rate) the Margin (if any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such SARON Floating Rate).

"**Compounded Daily SARON**" means, in respect of an Interest Period, the rate of return of a daily compound interest investment (with the Swiss average rate overnight (SARON) as the reference rate for the calculation of interest) calculated by the Calculation Agent in respect of the relevant Interest Determination Date as follows (and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market) :

$$\left[\prod_{i=1}^{d_0} \left(1 + \text{Relevant SARON Level} \times \frac{n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

where:

"**d**" means the number of calendar days in (where "SARON OIS Compounding" or "SARON Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) the relevant Interest Period or (where in the applicable Issue Terms "SARON Compounding with Observation Period Shift" is specified as the Compounding Method) the relevant SARON Observation Period;

"**d₀**" means, (where "SARON OIS Compounding" or "SARON Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in respect of any Interest Period, the number of Zurich Banking Days in the relevant Interest Period or (where "SARON Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) in respect of any SARON Observation Period, the number of Zurich Banking Days in the relevant SARON Observation Period;

"**i**" means a series of whole numbers from 1 to "**d₀**", each representing the relevant Zurich Banking Days in chronological order from, and including, the first Zurich Banking Day (where "SARON OIS Compounding" or "SARON Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in the relevant Interest Period or (where "SARON

Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) the SARON Observation Period;

" n_i " for any Zurich Banking Day " i ", means the number of calendar days from and including, such Zurich Banking Day up to, but excluding, the following Zurich Banking Day (" $i+1$ ");

"Observation Look-Back Period" means the number of Zurich Banking Days specified in the applicable Issue Terms;

" p " means (save as specified in the applicable Issue Terms) the number of Zurich Banking Days included in the Observation Look-Back Period specified in the applicable Issue Terms;

"Relevant SARON Level" means:

- (i) where "SARON OIS Compounding" is specified as the Compounding Method in the applicable Issue Terms, in respect of any Zurich Banking Day " i " in the relevant Interest Period, the SARON Reference Rate for such day, PROVIDED THAT, for the purposes of calculating the SARON Floating Rate for the final Interest Period, the SARON Reference Rate for each Zurich Banking Day in the period from (and including) the SARON Reference Rate Cut-off Date to (but excluding) the Maturity Date or the redemption date, as applicable, shall be the SARON Reference Rate for such SARON Reference Rate Cut-off Date; or
- (ii) where "SARON Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) in respect of any Zurich Banking Day " i " falling in the relevant Interest Period, the SARON Reference Rate for the Zurich Banking Day falling " p " Zurich Banking Days prior to such day; or
- (iii) where "SARON Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) SARON $_i$, where SARON $_i$ is, in respect of any Zurich Banking Day " i " falling in the relevant SARON Observation Period, the SARON Reference Rate for such day;

"SARON Observation Period" means in respect of each Interest Period, the period from and including the date falling " p " Zurich Banking Days preceding the first date in such Interest Period to but excluding the date falling " p " Zurich Banking Days preceding the Final Interest Period End Date in respect of the relevant Interest Period; and

"SARON Reference Rate", in respect of any Zurich Banking Day " i " and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in respect of compounded rates and indices*), is a reference rate equal to the Swiss average rate overnight ("**SARON**") rate for such day " i " as provided by the SIX Index AG, as the administrator of such rate (or any successor administrator of such rate), to authorised distributors and as then published on the relevant Page or, if the Page is unavailable, as otherwise published by the administrator of SARON or such authorised distributors, in each case, at or after 6:00 p.m. (Zurich time) (or any amended publication time as specified by the administrator of SARON in the SARON benchmark methodology) on the same Zurich Banking Day PROVIDED THAT, where a Daily Capped Rate and/or a Daily Floored Rate is specified in the applicable Issue Terms in respect of an Interest Period, such SARON Reference Rate

shall the lesser of such rate and the relevant Daily Capped Rate and/or the greater of such rate and the relevant Daily Floored Rate, as applicable; and

"SARON Reference Rate Cut-off Date" means the date that is the number of Zurich Banking Days specified in the applicable Issue Terms (or if none is specified, the second Zurich Banking Day) prior to the Maturity Date or the redemption date, as applicable.

(ii) *Non-availability*

Subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), the following provisions (the **"SARON Fallback Provisions"**) will apply if SARON in respect of any Zurich Banking Day (the **"Relevant Zurich Banking Day"**) is not published on the relevant Page or by another authorised distributor, and is not otherwise provided by the administrator of SARON, by either (A) that Zurich Banking Day (or any amended publication day for SARON as specified by the administrator of SARON in the SARON benchmark methodology) or (B) such other date and time on which SARON for the Relevant Zurich Banking Day is required for the purpose of any determination pursuant to the Conditions. In such circumstances and notwithstanding anything to the contrary in the Conditions, SARON for the Relevant Zurich Banking Day shall be deemed to be equal to the last provided or published level for SARON as at the Zurich Banking Day on which SARON was originally required.

(iii) *Amendment of SARON Methodology*

In the event that the administrator of SARON amends the methodology of SARON (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

(g) *TONIA Floating Rate Determination*

(i) *Compounded Daily TONIA – Non-Index Determination*

Where TONIA Floating Rate Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined, the Floating Interest Rate for the relevant Interest Period will, subject as provided below and save where Index Determination applies, be Compounded Daily TONIA (the **"TONIA Floating Rate"**), as determined on the relevant Interest Determination Date plus or minus (if any is specified in the applicable Issue Terms in relation to such TONIA Floating Rate) the Margin (if any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such TONIA Floating Rate).

"Compounded Daily TONIA" means, in respect of an Interest Period, the rate of return of a daily compound interest investment (with the daily Tenge OverNight Index Average rate as the reference rate for the calculation of interest) calculated by the Calculation Agent in respect of the relevant Interest Determination Date as follows, and the resulting percentage will be rounded if necessary to four decimal places, with 0.00005 being rounded upwards, or

otherwise in accordance with applicable market convention in the derivatives market, unless otherwise specified in the applicable Issue Terms:

$$\left[\prod_{i=1}^{d_0} \left(1 + \text{Relevant TONIA Level} \times \frac{n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

"**d**" means the number of calendar days in (where "TONIA OIS Compounding" or "TONIA Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) the relevant Interest Period or (where "TONIA Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) the relevant TONIA Observation Period;

"**d₀**" means, (where "TONIA OIS Compounding" or "TONIA Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in respect of any Interest Period, the number of Almaty Banking Days in the relevant Interest Period or (where "TONIA Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) in respect of any TONIA Observation Period, the number of Almaty Banking Days in the relevant TONIA Observation Period;

"**i**" means a series of whole numbers from 1 to "d₀", each representing the relevant Almaty Banking Day in chronological order from, and including, the first Almaty Banking Day (where "TONIA OIS Compounding" or "TONIA Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms) in the relevant Interest Period or (where "TONIA Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms) the TONIA Observation Period;

"**n_i**" for any Almaty Banking Day "i", means the number of calendar days from and including, such Almaty Banking Day "i" up to, but excluding, the following Almaty Banking Day ("i+1");

"**Observation Look-Back Period**" means the number of Almaty Banking Days specified in the applicable Issue Terms;

"**p**" means (save as specified in the applicable Issue Terms) the number of Almaty Banking Days included in the Observation Look-Back Period specified in the applicable Issue Terms;

"**Relevant TONIA Level**" means:

- (a) where "TONIA OIS Compounding" is specified as the Compounding Method in the applicable Issue Terms, in respect of any Almaty Banking Day "i" in the relevant Interest Period, the TONIA Reference Rate for such day, PROVIDED THAT, for the purposes of calculating the TONIA Floating Rate for the final Interest Period, the TONIA Reference Rate for each Almaty Banking Day in the period from (and including) the TONIA Reference Rate Cut-off Date to (but excluding) the Maturity Date or the redemption date, as applicable, shall be the TONIA Reference Rate for such TONIA Reference Rate Cut-off Date;
- (b) where "TONIA Compounding with Lookback" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) in respect of any Almaty Banking Day "i" falling in the relevant Interest Period, the TONIA

Reference Rate for the Almaty Banking Day falling "p" Almaty Banking Days prior to such day; or

- (c) where "TONIA Compounding with Observation Period Shift" is specified as the Compounding Method in the applicable Issue Terms, (save as specified in the applicable Issue Terms) TONIA_i, where "TONIA_i" is, in respect of any Almaty Banking Day "i" falling in the relevant TONIA Observation Period, the TONIA Reference Rate for such day;

"TONIA Observation Period" means in respect of each Interest Period, the period from and including the date falling "p" Almaty Banking Days preceding the first date in such Interest Period to but excluding the date falling "p" Almaty Banking Days preceding the Final Interest Period End Date in respect of the relevant Interest Period;

"TONIA Reference Rate", in respect of any Almaty Banking Day ("i") and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in respect of compounded rates and indices*), is a reference rate equal to the daily Tenge OverNight Index Average ("TONIA") rate for such day "i" as provided by the Kazakhstan Stock Exchange (**KASE**), as the administrator of such rate (or any successor administrator of such rate) on the "TONIA" page of the website of the KASE at https://kase.kz/en/money_market/repo-indicators/tonia/, or any successor website or the website of any successor administrator for the publication of such rate (the **"KASE's Website"**) (in each case, on or before 8:00 p.m., Almaty time, on the same Almaty Banking Day) PROVIDED THAT, where a Daily Capped Rate and/or a Daily Floored Rate is specified in the applicable Issue Terms in respect of an Interest Period, such TONIA Reference Rate shall be the lesser of such rate and the relevant Daily Capped Rate and/or the greater of such rate and the relevant Daily Floored Rate, as applicable; and

"TONIA Reference Rate Cut-off Date" means the day that is the number of days specified in the applicable Issue Terms (or, if none is so specified, the second Almaty Banking Day) prior to the Maturity Date or the redemption date, as applicable.

- (ii) *Compounded Daily TONIA – Index Determination*

Where TONIA Floating Rate Determination is specified in the applicable Issue Terms as the manner in which the Floating Interest Rate is to be determined and Index Determination is specified as being applicable in the applicable Issue Terms, the Floating Interest Rate for the relevant Interest Period will, subject as provided below, be calculated by reference to the following formula and based on the TONIA Index (as defined below) (the **"TONIA Index Floating Rate"**) and the resulting percentage will be rounded to ten decimal places, with 0.0000000005 being rounded upwards, or otherwise in accordance with applicable market convention in the derivatives market, unless otherwise specified in the applicable Issue Terms. Such Interest Rate will be plus or minus (if any is specified in the applicable Issue Terms in relation to such SOFR Index Floating Rate) the Margin (if any) and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such SOFR Index Floating Rate):

Compounded Daily TONIA =

$$\left(\frac{\text{TONIA Index}_{\text{End}}}{\text{TONIA Index}_{\text{Start}}} - 1 \right) \times \left(\frac{365}{d_c} \right)$$

where:

"**d_c**" is the number of calendar days from (and including) the day in relation to which TONIA IndexStart is determined to (but excluding) the day in relation to which TONIA IndexEnd is determined;

"**Relevant Number**" is as specified in the applicable Issue Terms;

"**TONIA Index**" means, in respect of any Almaty Banking Day and subject as provided in Valuation and Settlement Condition 4.2(h) (*Corrections in respect of compounded rates and indices*), the TONIA Index value as published by the Kazakhstan Stock Exchange (**KASE**), as the administrator of such index (or any successor administrator of such index) as such index appears on the website of the KASE at <https://kase.kz/en/>, or any successor website or the website of any successor administrator for the publication of such index on or before 8:00 pm Almaty time;

"**TONIA Index_{End}**" is the TONIA Index value for the day which is the Relevant Number of Almaty Banking Days preceding the relevant Final Interest Period End Date; and

"**TONIA Index_{Start}**" is the TONIA Index value for the day which is the Relevant Number of Almaty Banking Days preceding the first date of the relevant Interest Period.

(iii) *Non-availability*

Save where Index Determination applies, the following provisions (the "**TONIA (Non-Index) Fallback Provisions**") will apply if in respect of any relevant determination date a TONIA Reference Rate is not available on the relevant website or if TONIA ceases to exist. In these circumstances, the Calculation Agent will determine such TONIA Reference Rate in its sole and absolute discretion.

Subject as provided above, the Administrator/Benchmark Event provisions shall apply in the event that an Administrator/Benchmark Event occurs.

The following provisions (the "**TONIA (Index) Fallback Provisions**") will apply if in respect of any relevant determination date a TONIA Index value has not been provided or published by or on behalf of the relevant administrator (or any successor administrator) or authorised distributors or the relevant website is not available. In these circumstances, the Floating Interest Rate for the relevant Interest Period will be determined in accordance with Valuation and Settlement Condition 4.2(g)(i) (*Compounded Daily TONIA – Non-Index Determination*) above in relation to which TONIA OIS Compounding shall apply.

(iv) *Amendments to TONIA Methodology*

In the event that the administrator of TONIA amends the methodology of TONIA (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided for in this Condition (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates and making payments of interest and changes to the definition of Designated Maturity (where applicable)) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

(h) *Corrections in respect of compounded rates and indices*

In the event that any SONIA rate, SONIA Compounded Index, SOFR Reference Rate, SOFR Index value, €STR Reference Rate, SARON Reference Rate, TONIA Reference Rate or TONIA Index is subsequently corrected, and the correction (the "**Corrected Rate**") is published after the original publication but no later than the longer of (a) one hour after such original publication and (b) any other period for corrections specified by a relevant administrator in its methodology for the relevant rate or index, then PROVIDED THAT such Corrected Rate is published on or prior to the date falling two Business Days prior to the date on which a related payment is scheduled to be made under the Securities (the "**Relevant Scheduled Payment Date**"), then such Corrected Rate shall be deemed to be the rate for the relevant date and the Calculation Agent shall use such Corrected Rate in determining any relevant amount payable in respect of the Securities. Any corrections published after the second Business Day prior to the Relevant Scheduled Payment Date shall be disregarded for the purposes of determining the relevant rate or index.

(i) *Payments in respect of interest on early redemption*

In circumstances where an Early Termination Amount becomes payable in respect of any interest bearing Securities in accordance with the Conditions on a date other than an Interest Period End Date and (i) separate amounts in respect of accrued interest are specified to be payable on early redemption and/or (ii) the Early Termination Amount is defined to include an amount of accrued interest separate from any amounts in respect of principal or any option or interest on any option (the "**Embedded Accrued Interest Amount**") and/or (iii) any Early Termination Amount does not include amounts in respect of accrued interest, the Issuer shall pay, in lieu of any such separate or embedded amounts of interest, an amount on account of the unpaid interest element of the Securities being early redeemed (the "**Early Termination Interest Amount**") in addition to the relevant Early Termination Amount. The Early Termination Interest Amount shall be calculated as follows:

- (i) where the Interest Rate and/or Interest Amount and/or Embedded Accrued Interest Amount applicable to the Interest Payment Date falling immediately after the date of early redemption can be determined prior to the relevant date of early redemption, the Early Termination Interest Amount shall be calculated as the amount of accrued but unpaid interest payable in respect of each Calculation Amount determined on the basis of the Conditions, adjusted only so that the due date for early redemption is deemed to be the final Interest Payment Date, and applying the Day Count Fraction specified in the applicable Issue Terms, or otherwise as the Calculation Agent determines appropriate, taking into account the period elapsed since the previous Interest Period End Date or (if none) the Issue Date; or
- (ii) in all other cases, the Early Termination Interest Amount shall be calculated as an amount determined by the Calculation Agent as reflecting the fair market value of the unpaid interest element of the relevant Calculation Amount (if any) less (except in the case of any early redemption pursuant to General Condition 11 (*Events of Default*)) the proportionate cost to the Issuer and/or its Affiliates of unwinding any underlying and/or related hedging and funding arrangements in respect of the Securities (including, without limitation, any options relating to any Underlying hedging the Issuer's obligations under the Securities) and, for the purposes of determining the fair market value of such Calculation Amount for the purposes of General Condition 11 (*Events of Default*), no account shall be taken of the financial condition of the Issuer, the CGMHI Guarantor or the CGMFL Guarantor which, in each case, shall be presumed to be able to perform fully their respective obligations in respect of the Securities.

For the avoidance of doubt, no such Early Termination Interest Amount which is contingent upon any event shall be payable in respect of the Securities, unless all the relevant events have been satisfied.

4.3 Interest on CMS Rate Securities

(a) *Interest Amount*

Where the applicable Issue Terms specify the CMS Rate Securities Provisions to be applicable to the Securities or are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**CMS Rate Securities**"), the definitions and provisions of this Valuation and Settlement Condition 4.3 (the "**CMS Rate Securities Provisions**") shall apply.

Each CMS Rate Security bears interest from (and **including**) the relevant Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, the relevant Interest Amount determined in accordance with Valuation and Settlement Condition 4.5 (*General provisions relating to interest*) will be payable in arrear on each Interest Payment Date(s) to which the CMS Rate Securities Provisions apply as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, such Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

The Interest Rate in respect of each Interest Period and/or Interest Payment Date to which the CMS Rate Securities Provisions apply, as specified in the applicable Issue Terms will be equal to the CMS Interest Rate.

The interest (if any) payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

If an Interest Rate or a Reference Rate for any period or any relevant day (including any Interest Payment Date) is specified in any other Condition or in the applicable Issue Terms to be a "**CMS Interest Rate**", the relevant Interest Rate or Reference Rate will be determined in accordance with this Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*).

A different CMS Interest Rate may apply in respect of different Interest Periods and/or Interest Payment Dates, as specified in the applicable Issue Terms.

(b) *Single CMS Interest Rate*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "Single CMS Interest Rate", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the CMS Reference Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate), and multiplied by the Interest Participation Rate (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate), all as determined by the Calculation Agent.

(c) *Worse of CMS Interest Rates*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "Worse of CMS Interest Rates", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the lesser of: (1) CMS Reference Rate 1 plus or minus (as specified in the applicable Issue Terms) Margin 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and multiplied by Interest Participation Rate 1 (if any is specified in the applicable Issue Terms in relation to such

CMS Reference Rate 1), and (2) CMS Reference Rate 2, plus or minus (as specified in the applicable Issue Terms) Margin 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2), and multiplied by Interest Participation Rate 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2). Where (1) and (2) are the same value, then such value will be the relevant CMS Interest Rate.

(d) *CMS Spread Interest Rate*

If the CMS Interest Rate is specified in the applicable Issue Terms to be "CMS Spread Interest Rate", the CMS Interest Rate in respect of an Interest Period or any relevant day will be equal to the difference between (1) CMS Reference Rate 1, plus or minus (as specified in the applicable Issue Terms) Margin 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), and multiplied by Interest Participation Rate 1 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 1), minus (2) CMS Reference Rate 2, plus or minus (as specified in the applicable Issue Terms) Margin 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2), and multiplied by Interest Participation Rate 2 (if any is specified in the applicable Issue Terms in relation to such CMS Reference Rate 2).

(e) *CMS Reference Rate Fallback Provisions*

In respect of a CMS Reference Rate and the Relevant Swap Rate (used to determine such CMS Reference Rate), subject as provided in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), if a Page for such Relevant Swap Rate is not available or the Relevant Swap Rate does not appear on the Page or the Relevant Swap Rate is not provided or published by the relevant administrator and/or a relevant authorised distributor or a component of the Relevant Swap Rate is not provided or published, in each case as at approximately the Relevant Time on the Interest Determination Date in question, the Relevant Swap Rate shall be determined by the Calculation Agent in good faith and in a commercially reasonable manner having regard to such sources as it deems appropriate and any alternative benchmark then available and taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market). For the avoidance of doubt and without limitation, the Calculation Agent may determine the Relevant Swap Rate by reference to one of the following:

- (i) the Relevant Swap Rate for the relevant designated maturity (where applicable) published on the relevant Interest Determination Date on a different screen page by another authorised distributor of the relevant rate;
- (ii) a rate formally recommended for use by the administrator of the Relevant Swap Rate or the supervisor or competent authority (or a committee endorsed or convened by any such entity) responsible for supervising the Relevant Swap Rate or the administrator thereof; or
- (iii) the Relevant Swap Rate for the relevant designated maturity (where applicable) last provided or published by the relevant administrator; or
- (iv) the arithmetic mean of quotations provided by reference banks selected by the Calculation Agent on a date determined by the Calculation Agent for a representative amount (and, where relevant, with an acknowledged dealer of good credit in the swap market) and, if applicable, for a term equal to the designated maturity, calculated in the manner determined by the Calculation Agent.

In the event that the administrator of a Relevant Swap Rate amends the methodology of such Relevant Swap Rate (including, without limitation, amendments to the time of publication of the relevant rate), the Calculation Agent may but shall not be required to make any related or consequential changes to the Conditions not otherwise provided

for in this Valuation and Settlement Condition 4.3(e) (including, without limitation, any technical, administrative or operational changes, changes to timing and frequency of determining rates and making payments of interest and changes to the definition of designated maturity (where applicable)) that the Calculation Agent determines to be appropriate in a manner substantially consistent with market practice (or, if the Calculation Agent decides that adoption of any portion of such market practice is not administratively feasible or if the Calculation Agent determines that no appropriate market practice exists, in such other manner as the Calculation Agent determines is reasonably necessary).

In the event that the Relevant Swap Rate is subsequently corrected, and the correction (the "**Corrected Rate**") is published after the original publication but no later than the longer of (a) one hour after such original publication and (b) any other period for corrections specified by a relevant administrator in its methodology for the Relevant Swap Rate, then PROVIDED THAT such Corrected Rate is published on or prior to the date falling two Business Days prior to the date on which a related payment is scheduled to be made under the Securities (the "**Relevant Scheduled Payment Date**")), then such Corrected Rate shall be deemed to be the relevant Relevant Swap Rate and the Calculation Agent shall use such Corrected Rate in determining any relevant amount payable in respect of the Securities. Any corrections published after the second Business Day prior to the Relevant Scheduled Payment Date shall be disregarded for the purposes of determining the Relevant Swap Rate.

The Calculation Agent shall not be responsible to the Issuer, the CGMHI Guarantor or the CGMFL Guarantor or to any third party as a result of the Calculation Agent having acted on any quotation given by any reference bank.

(f) *Additional Definitions Relating to CMS Rate Securities*

The following terms shall have the meanings set out below (and terms not defined in this Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*) shall have the meanings given to such terms in the Conditions):

"**CMS Interest Rate**" means the rate of interest in respect of an Interest Period or any relevant day (including any Interest Payment Date) determined in accordance with Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*).

"**CMS Rate Securities**" means Securities specified as such in the applicable Issue Terms.

"**CMS Reference Rate**" means, in respect of an Interest Period or any relevant day, the Relevant Swap Rate for swap transactions in the Reference Currency with a maturity of the Designated Maturity (expressed as a percentage rate per annum) which appears on the Page as at the Relevant Time on the relevant Interest Determination Date, as determined by the Calculation Agent.

"**CMS Reference Rate 1**" means the CMS Reference Rate specified as such in the applicable Issue Terms and the terms "Relevant Swap Rate", "Reference Currency", "Designated Maturity", "Page", "Relevant Time" and "Interest Determination Date" and any other relevant term will each be specified in the applicable Issue Terms under the heading "CMS Reference Rate 1".

"**CMS Reference Rate 2**" means the CMS Reference Rate specified as such in the applicable Issue Terms and the terms "Relevant Swap Rate", "Reference Currency", "Designated Maturity", "Page", "Relevant Time" and "Interest Determination Date" and any other relevant term will each be specified in the applicable Issue Terms under the heading "CMS Reference Rate 2".

"**Interest Participation Rate 1**" means, in respect of CMS Reference Rate 1, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to CMS Reference Rate 1.

"Interest Participation Rate 2" means, in respect of CMS Reference Rate 2, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to CMS Reference Rate 2.

"Margin 1" means the Margin specified as such in the applicable Issue Terms.

"Margin 2" means the Margin specified as such in the applicable Issue Terms.

"Reference Currency" means, in the case of a determination of a CMS Reference Rate, the currency specified as such in the applicable Issue Terms corresponding to such CMS Reference Rate.

"Relevant Swap Rate" means, if the applicable Issue Terms specify:

- (i) **"EUR Swap Rate"**, the fixed rate under an annual interest rate swap for euro swap transactions with a floating leg of euro EURIBOR and for a period of the Designated Maturity (where applicable) provided by the relevant administrator;
- (ii) **"GBP Swap Rate"**, the fixed rate under a fixed-for-floating interest rate swap for Sterling swap transactions with a floating leg of compounded SONIA and for a period of the Designated Maturity (where applicable) provided by the relevant administrator;
- (iii) **"JPY 10:00 Swap Rate"**, the 10:00 fixed rate under a fixed-for-floating interest rate swap for Yen swap transactions with a floating leg of compounded TONA (being the Tokyo Overnight Average Rate, known as TONA) and for a period of the Designated Maturity (where applicable) provided by the relevant administrator;
- (iv) **"JPY 15:00 Swap Rate"**, the 15:00 fixed rate under a fixed-for-floating interest rate swap for Yen swap transactions with a floating leg of compounded TONA (being the Tokyo Overnight Average Rate, known as TONA) and for a period of the Designated Maturity (where applicable) provided by the relevant administrator;
- (v) **"USD SOFR Swap Rate"**, the fixed rate under a fixed-for-floating interest rate swap for U.S. dollar swap transactions with a floating leg of compounded SOFR and for a period of the Designated Maturity (where applicable) provided by the relevant administrator; and
- (vi) **"Mid-Market Swap Rate"**, the mid-market swap rate as determined by the Calculation Agent in accordance with standard market practice.

"Relevant Time" means, for the purposes of a determination of a CMS Reference Rate, the time in the place specified as such in the applicable Issue Terms corresponding to such CMS Reference Rate.

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time.

4.4 Forward Rate Securities

If a Reference Rate is specified in the applicable Issue Terms to be a Forward Rate, the **"Forward Rate"** for an Interest Period will be determined by the Calculation Agent by requesting each of the Forward Rate Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Implied Forward Rate at approximately the Specified Time on the Interest Determination Date in question. If five of the Forward Rate Reference Banks provide the Calculation Agent with offered quotations, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations)

shall be disregarded by the Calculation Agent and the Forward Rate will be the arithmetic mean (rounded as provided below) of such offered quotations.

If four or three of the Forward Rate Reference Banks provide the Calculation Agent with offered quotations as provided in the preceding paragraph, the Forward Rate for the relevant Interest Period shall be the arithmetic mean of the offered quotations for the Forward Rate. If fewer than three Forward Rate Reference Banks provide the Calculation Agent with offered quotations, the Forward Rate for the relevant Interest Period shall be such rate as is determined by the Calculation Agent in good faith and in a commercially reasonable manner, having regard to comparable benchmarks then available.

The Calculation Agent shall not be responsible to the Issuer, the CGMHI Guarantor or the CGMFL Guarantor or to any third party as a result of the Calculation Agent having acted on any quotation given by any Reference Bank.

"Forward Rate Reference Banks" means the principal office in the Relevant Financial Centre of five major banks in the interbank market of the Relevant Financial Centre, in each case selected by the Calculation Agent or as specified in the applicable Issue Terms.

"Implied Forward Rate" means, at any time, the implied forward rate representing the then current expectations of the future interest rate specified in the applicable Issue Terms.

4.5 General provisions relating to interest

(a) *Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*

(i) *Maximum/Minimum Interest Rates*

If a Maximum Interest Rate or Minimum Interest Rate (or both) is specified in the applicable Issue Terms for an Interest Rate in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), then if the Interest Rate for such Interest Period and/or such day calculated in accordance with the other terms of this Valuation and Settlement Schedule would otherwise be (1) greater than such Maximum Interest Rate, the Interest Rate shall be such Maximum Interest Rate, or (2) less than such Minimum Interest Rate, the Interest Rate shall be such Minimum Interest Rate.

Unless otherwise stated in the applicable Issue Terms, the Minimum Interest Rate shall be deemed to be zero.

If the Securities are New York Law Securities and the aggregate principal amount (or in respect of Certificates, the aggregate of the Calculation Amounts in respect of the Certificates) of the relevant Tranche is less than U.S.\$2,500,000 (or equivalent), in addition to any Maximum Interest Rate as provided above, where the Interest Rate is other than a fixed rate of interest, the Interest Rate will in no event be higher than the maximum rate permitted by applicable law.

(ii) *Maximum/Minimum Reference Rates*

If a Maximum Reference Rate or Minimum Reference Rate (or both) is specified in the applicable Issue Terms for a Reference Rate in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), then if the Reference Rate for such Interest Period and/or such day calculated in accordance with the other terms of this Valuation and Settlement Schedule would otherwise be (1) greater than such Maximum Reference Rate, the Reference Rate shall be such Maximum Reference Rate, or (2) less than such Minimum Reference Rate, the Interest Rate shall be such Minimum Reference Rate.

Unless otherwise stated in the applicable Issue Terms, the Minimum Reference Rate in respect of any Reference Rate for an Interest Period or any relevant day (as applicable) shall be deemed to be zero.

If the Securities are New York Law Securities and the aggregate principal amount (or in respect of Certificates, the aggregate of the Calculation Amounts in respect of the Certificates) of the relevant Tranche is less than U.S.\$2,500,000 (or equivalent), in addition to any Maximum Reference Rate as provided above, where the Interest Rate is other than a fixed rate of interest, the Interest Rate will in no event be higher than the maximum rate permitted by applicable law.

(b) *Calculations – Notes*

In the case where the Securities are Notes, the Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Floating Rate Securities or the CMS Rate Securities, as the case may be, for the relevant Interest Period by applying the relevant Interest Rate to:

- (i) in the case of Floating Rate Securities or CMS Rate Securities which are represented by a Global Security, the aggregate outstanding principal amount of the Securities represented by such Global Security; or
- (ii) in the case of Floating Rate Securities or CMS Rate Securities in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such product by the applicable Day Count Fraction, and (ii) (a) in respect of Range Accrual Securities, multiplying the product calculated in (I) by the Accrual Rate (as described in the definition of Interest Amount in Valuation and Settlement Condition 1 (*Interest and Redemption Provisions*)) or (b) where Valuation and Settlement Condition 4.7 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (i) by the Accrual Interest Rate. The resultant figure will be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Security is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Security shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

The Interest Amount payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

(c) *Calculation – Certificates*

In the case where the Securities are Certificates, the Calculation Agent will calculate the amount of coupon (the "**Coupon Amount**") payable on the Floating Rate Securities or the CMS Rate Securities, as the case may be, for the relevant Coupon Period by applying the relevant Coupon Rate to:

- (i) in the case of the Floating Rate Securities or CMS Rate Securities which are represented by a Global Security, the aggregate of the Calculation Amounts in respect of the total number of the Securities represented by such Global Security; or
- (ii) in the case of the Floating Rate Securities or CMS Rate Securities in definitive form, the Calculation Amount,

and, in each case, (i) multiplying such product by the applicable Day Count Fraction, and (ii) (a) in respect of Range Accrual Securities, multiplying the product calculated in (I) by the Accrual Rate (as described in the definition of Interest Amount in Valuation and Settlement Condition 1 (*Interest and Redemption Provisions*)) or (b) where Valuation and Settlement Condition 4.7 (*Range Accrual (Expanded) Securities*) applies, multiplying the product calculated in (i) by the Accrual Interest Rate. The resultant figure will be rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

The Coupon Amount payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

(d) *Determination and Publication of Interest Rates and Interest Amounts*

As soon as practicable after each Interest Determination Date or, as applicable, all the Interest Determination Dates for the determination of the relevant Interest Rate, the Calculation Agent will determine the Interest Rate(s) and calculate the relevant Interest Amount(s) in respect of each Specified Denomination for the relevant Interest Period. The Interest Amount(s) and Interest Rate(s) so determined may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Securities become due and payable under General Condition 11 (*Events of Default*), the Interest Rate(s) and interest (if any) payable in respect of the Securities shall nevertheless continue to be calculated as previously in accordance with this Valuation and Settlement Condition 4.5(d) but no publication of the Interest Rate(s) or the Interest Amount(s) so calculated as specified in Valuation and Settlement Condition 4.5(e) (*Notification of Interest Rate(s) and Interest Amount(s)*) below need be made.

The Interest Amount(s) payable in respect of an Interest Payment Date shall be subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of such Interest Payment Date.

(e) *Notification of Interest Rate(s) and Interest Amount(s)*

The Calculation Agent will cause each Interest Rate and each Interest Amount (subject to Valuation and Settlement Condition 1.3 (*Interest Amount due in respect of the Securities if Interest Barrier Event is specified to apply*) if an Interest Barrier Event is specified to apply in the applicable Issue Terms in respect of the relevant Interest Payment Date) for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Fiscal Agent and any stock exchange on which the relevant Securities are for the time being listed and notice thereof to be published in accordance with General Condition 15 (*Notices*) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. For the purposes of this paragraph, the expression "London Business Day" means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

(f) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Issue Terms, the Interest Rate for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Issue Terms or in the case of CMS Rate Securities) or the relevant Floating Rate Option (where ISDA Determination is specified as

applicable in the applicable Issue Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period PROVIDED HOWEVER THAT if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

4.6 Spread Securities

Where the applicable Issue Terms specify the Spread Securities Provisions to be applicable to the Securities or such provisions are otherwise deemed to apply as provided under the terms of this Valuation and Settlement Schedule ("**Spread Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.6 (the "**Spread Securities Provisions**") shall apply.

(a) *Interest Rate for Spread Securities*

The Interest Rate (the "**Spread Interest Rate**") in respect of each Interest Period to which the Spread Securities Provisions apply (as specified in the applicable Issue Terms) will be the Relevant Spread Rate in respect of such Interest Period, plus or minus (as specified in the applicable Issue Terms) the Margin (Spread Interest Rate) (if any is specified in the applicable Issue Terms), and multiplied by the Interest Participation Rate (Spread Interest Rate) (if any is specified in the applicable Issue Terms), all as determined by the Calculation Agent.

The "**Relevant Spread Rate**" in respect of each Interest Period will be:

- (A) if "Option One" applies, an amount equal to (i) one (1), minus (ii) the result of Spread Rate 1 minus Spread Rate 2; or
- (B) if "No Option One" applies, an amount equal to (i) Spread Rate 1, minus (ii) Spread Rate 2; or
- (C) if "Spread Cap" applies, an amount determined in accordance with the following formula:

$$\text{Min}[(\text{Rate X} \pm \text{Spread Cap Margin}); (\text{V}\% + \{\text{Multiplier} \times [\text{Rate Y} - \text{Rate Z}]\})]$$

If any Reference Rate is specified herein or in the applicable Issue Terms to be a "Spread Interest Rate", "Relevant Spread Rate" or "Spread Reference Rate", the relevant Reference Rate will be determined in accordance with the provisions set out in this Valuation and Settlement Condition 4.6, as though each reference to "Interest Rate" were a reference to "Reference Rate".

(b) *Determination of Spread Reference Rate*

The "**Spread Reference Rate**" shall be the rate specified as such in the applicable Issue Terms, and may be expressed as:

- (A) a single Reference Rate;
- (B) the sum of two or more Reference Rates (as specified in the applicable Issue Terms); or
- (C) Reference Rate 1 minus Reference Rate 2.

A different Spread Reference Rate(s) (and, if applicable, calculated from different Reference Rates) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(c) *Determination of Reference Rate*

For the purposes of the Conditions and in particular Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*) and 4.3 (*Interest on CMS Rate Securities*), the applicable Issue Terms will specify whether each Reference Rate is (i) a Fixed Interest Rate, (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply; or (iii) a CMS Interest Rate.

In relation to each Reference Rate, depending on which one of (i), (ii) or (iii) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including any Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate or CMS Interest Rate, in each case, as contained in the Conditions.

For the avoidance of doubt, where a Reference Rate is determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Conditions shall also apply in relation to the determination of such Reference Rate(s), as applicable.

A different Reference Rate(s) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(d) *Fixed Rate Securities provisions applicable to Spread Securities*

Each Spread Security will also be a Fixed Rate Security and interest payable on Spread Securities will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*), as the case may be, as though the applicable Issue Terms specified "Accrual" to be applicable and the Spread Interest Rate was a Fixed Interest Rate. Spread Securities will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*)) and, where interest is due in accordance with this Valuation and Settlement Condition and the applicable Issue Terms and subject as provided in the Valuation and Settlement Conditions, such interest (being an "**Interest Amount**") will be payable in arrear on each Interest Payment Date to which the Spread Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(e) *Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*

Each Spread Reference Rate, Spread Rate 1, Spread Rate 2 and Spread Rate 3 shall be deemed to be a "Reference Rate" for the purposes of Valuation and Settlement Condition 4.5(a) (*Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*).

(f) *Additional Definitions Relating to Spread Securities*

The following terms shall have the respective meanings set out below (and terms not defined in this Valuation and Settlement Condition 4.6 shall have the meanings given to such terms in the Conditions:

"Interest Participation Rate (Spread Interest Rate)" means, in respect of a Relevant Spread Rate for an Interest Period, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to such Relevant Spread Rate.

"Margin (Spread Interest Rate)" means, in respect of a Relevant Spread Rate for an Interest Period, a Margin specified as such in the applicable Issue Terms corresponding to such Relevant Spread Rate.

"Min" means, when followed by a series of amounts inside brackets, whichever is the lesser of the amounts separated by a semi-colon inside those brackets.

"Multiplier" means an amount specified as such in the applicable Issue Terms.

"Rate X" means any of Spread Rate 1, Spread Rate 2 or Spread Rate 3, specified as such in the applicable Issue Terms PROVIDED THAT, where the applicable Issue Terms provides that such rate is Not Applicable, such rate shall not apply to the Securities and the "Spread Cap" formula shall be deemed amended accordingly.

"Rate Y" means any of Spread Rate 1, Spread Rate 2 or Spread Rate 3, specified as such in the applicable Issue Terms PROVIDED THAT, where the applicable Issue Terms provides that such rate is Not Applicable, such rate shall not apply to the Securities and the "Spread Cap" formula shall be deemed amended accordingly.

"Rate Z" means any of Spread Rate 1, Spread Rate 2 or Spread Rate 3, specified as such in the applicable Issue Terms PROVIDED THAT, where the applicable Issue Terms provides that such rate is Not Applicable, such rate shall not apply to the Securities and the "Spread Cap" formula shall be deemed amended accordingly.

"Reference Rate 1" means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with Valuation and Settlement Condition 4.6(c) (*Determination of Reference Rate*) above.

"Reference Rate 2" means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with Valuation and Settlement Condition 4.6(c) (*Determination of Reference Rate*) above.

"Spread Cap Margin" means, in respect of a Relevant Spread Rate for an Interest Period, the Margin specified as such for such Interest Period and/or Interest Payment Date in the applicable Issue Terms, PROVIDED THAT if: (i) the Spread Cap Margin is a percentage rate per annum preceded by a "+" (plus) sign, the reference to "± Spread Cap Margin" in the formula set out in paragraph (C) of the definition of "Relevant Spread Rate" above shall be construed as "+ Spread Cap Margin", and (ii) the Spread Cap Margin is a percentage rate per annum preceded by a "-" (minus) sign, the reference to "± Spread Cap Margin" in the formula set out in paragraph (C) of the definition of "Relevant Spread Rate" above shall be construed as "- Spread Cap Margin".

"Spread Rate 1" means, in respect of an Interest Period, a Spread Reference Rate specified as such in the applicable Issue Terms, plus or minus any Spread Rate 1 Margin, and multiplied by any Spread Rate 1 Interest Participation Rate.

"Spread Rate 1 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Spread Rate 1 Margin" means a Margin specified as such in the applicable Issue Terms.

"Spread Rate 2" means, in respect of an Interest Period, a Spread Reference Rate specified as such in the applicable Issue Terms, plus or minus any Spread Rate 2 Margin, and multiplied by any Spread Rate 2 Interest Participation Rate.

"Spread Rate 2 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Spread Rate 2 Margin" means a Margin specified as such in the applicable Issue Terms.

"Spread Rate 3" means, in respect of an Interest Period, a Spread Reference Rate specified as such in the applicable Issue Terms, plus or minus any Spread Rate 3 Margin, and multiplied by any Spread Rate 3 Interest Participation Rate.

"Spread Rate 3 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Spread Rate 3" Margin means a Margin specified as such in the applicable Issue Terms.

"Spread Securities" means Securities specified as such in the applicable Issue Terms.

"V%" means an amount (expressed as a percentage rate per annum) specified as such in the applicable Issue Terms.

4.7 Range Accrual (Expanded) Securities

Where the applicable Issue Terms specify the Range Accrual (Expanded) Securities Provisions to be applicable to the Securities ("**Range Accrual (Expanded) Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.7 (the "**Range Accrual (Expanded) Securities Provisions**") shall apply. A Range Accrual (Expanded) Security will have a Fixed Interest Rate, a Floating Interest Rate or a CMS Interest Rate, as specified in the applicable Issue Terms.

(a) *Accrual Interest Rate*

The Interest Rate (the "**Accrual Interest Rate**" for each Interest Period and/or Interest Payment Date to which the Range Accrual (Expanded) Securities Provisions apply (as specified in the applicable Issue Terms) means a percentage determined by the Calculation Agent in accordance with the following formula:

$$\text{Min [Max (Lev x \{RA Factor - Adj\}; RA Floor); RA Cap]}$$

For the purposes of the above:

"Accrual Factor" means an amount expressed as a percentage determined by the Calculation Agent in accordance with the following formula:

$$\frac{(\text{days accrued})}{(\text{days observed})}$$

"RA Factor" means a percentage determined by the Calculation Agent in accordance with the following:

- (i) where the applicable Issue Terms specify that the "Protected Range Accrual Provisions" apply:
 - (A) where the Accrual Factor is greater than the Protection Level, 100%; or
 - (B) where the Accrual Factor is less than or equal to the Protection Level, the Accrual Factor; or
- (ii) where the applicable Issue Terms specify that the "Protected Range Accrual Provisions" do not apply, the Accrual Factor.

(b) *Determination of Accrual Condition*

"Accrual Condition" means (and shall be deemed to be satisfied) on any Interest Observation Date if the Reference Observation on such Interest Observation Date is:

- (A) if "Greater than the Barrier" is specified under Barrier Reference in the applicable Issue Terms, greater than the Barrier;

- (B) if "Greater than or equal to the Barrier" is specified under Barrier Reference in the applicable Issue Terms, greater than or equal to the Barrier;
- (C) if "Less than the Barrier" is specified under Barrier Reference in the applicable Issue Terms, less than the Barrier;
- (D) if "Less than or equal to the Barrier" is specified under Barrier Reference in the applicable Issue Terms, less than or equal to the Barrier; or
- (E) if a "Lower Range" and an "Upper Range" are specified in the applicable Issue Terms, and:
 - (I) if the "Lower Range Option" specified in the applicable Issue Terms is:
 - (1) "Greater than the Lower Range", greater than the Lower Range; or
 - (2) "Greater than or equal to the Lower Range", greater than or equal to the Lower Range; and
 - (II) if the "Upper Range Option" specified in the applicable Issue Terms is:
 - (1) "Less than the Upper Range", less than the Upper Range; or
 - (2) "Less than or equal to the Upper Range", less than or equal to the Upper Range,

in each case, as determined by the Calculation Agent by reference to the relevant Interest Observation Date, subject as provided herein.

(c) *Determination of Reference Observation*

The "**Reference Observation**" shall be specified in the applicable Issue Terms and may be expressed as:

- (i) Reference Rate 1 minus Reference Rate 2; or
- (ii) the sum of each Reference Rate 1 minus the sum of each Reference Rate 2; or
- (iii) one Reference Rate or a basket of two or more Reference Rates; or
- (iv) the Underlying Closing Level of the specified FX Rate,

in each case, as determined by the Calculation Agent by reference to or in respect of the relevant Interest Observation Date, subject as provided herein.

If the Reference Observation is specified as a basket of two or more Reference Rates, then a "Reference Observation" on any Interest Observation Date shall be construed as:

- (i) if "Any" is specified in the applicable Issue Terms, "any Reference Rate" or
- (ii) if "All" is specified in the applicable Issue Terms, "each of the Reference Rates",

in each case, as determined by the Calculation Agent by reference to the relevant Interest Observation Date, subject as provided herein.

(d) *Determination of Reference Rate*

For the purposes of the Conditions and in particular Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*) and 4.3 (*Interest on CMS Rate Securities*) and 4.6 (*Spread Securities*), Reference Rate 1 and Reference Rate 2 are each a "Reference Rate" and the applicable Issue Terms will specify whether each Reference Rate is: (i) a Fixed Interest Rate, (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply, (iii) a CMS Interest Rate, (iv) a Spread Interest Rate, (v) a Relevant Spread Rate or (vi) a Spread Reference Rate.

In relation to each Reference Rate, depending on which one of (i), (ii), (iii), (iv), (v) or (vi) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including any Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate, in each case in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, Relevant Spread Rate or Spread Reference Rate, in each case as contained in the Conditions.

Where a Reference Rate is a Floating Interest Rate determined by reference to ISDA Determination, the Reset Date for each Interest Observation Date shall be deemed to be such Interest Observation Date and the Reference Rate for a Reset Date shall be the rate which appears or is published, offered or otherwise determined on such Reset Date (subject as provided in Underlying Schedule 12 (*Rate Conditions*)) and, accordingly, all references in any Floating Rate Option to the contrary, including any reference to the rate on the Fixing Day or any day other than that Reset Date shall be construed accordingly.

In relation to each Reference Rate, such rate shall be a "Rate" for the purposes of the Conditions and in particular Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 12 (*Rate Conditions*). For the avoidance of doubt, where a Reference Rate is to be determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions, shall also apply in relation to the determination of such Reference Rate, as applicable. In relation to each FX Rate, such rate shall be a "FX Rate" for the purposes of the Conditions and in particular 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*), the applicable Issue Terms will specify in relation to such FX Rate, all the relevant terms for such FX Rate, including each Valuation Date and any terms required for the purposes of the FX Rate Conditions, in each case, as contained in the Conditions.

A different Reference Rate and/or different Reference Observations may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(e) *Barrier, Upper Range and Lower Range*(A) *Barrier*

As specified in the applicable Issue Terms, a Barrier may apply to specified Interest Periods and/or Interest Payment Dates only and may vary between different Interest Periods and/or Interest Payment Dates, all as specified in the applicable Issue Terms.

(B) *Lower Range and/or Upper Range*

As specified in the applicable Issue Terms, a Lower Range and/or Upper Range may apply to specified Interest Periods and/or Interest Payment Dates only and may vary between different Interest Periods and/or Interest Payment Dates, all as specified in the applicable Issue Terms.

(C) *Interest Observation Date*

In respect of an Interest Period, any Reference Observation and each Accrual Day falling during such Interest Period, the relevant "**Interest Observation Date**" shall be such Accrual Day or, if such day is not a Scheduled Observation Date or is a Reference Observation Disrupted Day, the immediately preceding Scheduled Observation Date for such Reference Observation which is not a Reference Observation Disrupted Day for such Reference Observation, PROVIDED THAT the Interest Observation Date for each Accrual Day from (and including) the Accrual Cut-Off Date to but (excluding) the Interest Period End Date falling at the end of such Interest Period shall be the Interest Observation Date for the Accrual Cut-Off Date. Each such Interest Observation Date shall be deemed to be a Valuation Date for the purposes of Underlying Schedule 9 (*FX Rate Conditions*).

An Interest Observation Date for one Accrual Day may therefore fall on the same day as the Interest Observation Date for another Accrual Day.

(f) *Interest Rate*

The Interest Rate applicable to each Interest Period and/or Interest Payment Date to which the Range Accrual Securities Provisions apply (as specified in the applicable Issue Terms) will be specified in applicable Issue Terms, and may be specified as any of the following (i) Fixed Interest Rate, (ii) Floating Interest Rate, (iii) CMS Interest Rate or (iv) Synthetic Forward Interest Rate.

A different Interest Rate may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

Range Accrual (Expanded) Securities bear interest from (and including) the relevant Interest Commencement Date and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, the relevant Interest Amount (determined as provided below), will be payable in arrear on each Interest Payment Date to which the Range Accrual Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, such interest will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(A) *Fixed Rate Securities provisions applicable to Range Accrual (Expanded) Securities*

Each Range Accrual (Expanded) Security for which the Interest Rate is a Fixed Interest Rate will also be a Fixed Rate Security and interest will be determined and calculated as provided in 4.1 (*Interest on Fixed Rate Securities*) as though the applicable Issue Terms specified "Accrual" to be applicable.

(B) *Floating Rate Securities provisions applicable to Range Accrual (Expanded) Securities*

Each Range Accrual (Expanded) Security for which the Interest Rate is a Floating Interest Rate will also be a Floating Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*).

(C) *CMS Rate Securities provisions applicable to Range Accrual (Expanded) Securities*

Each Range Accrual (Expanded) Security for which the Interest Rate is a CMS Interest Rate will also be a CMS Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*).

(D) *Synthetic Forward Rate Securities*

Each Range Accrual (Expanded) Security for which the Interest Rate is a Synthetic Forward Interest Rate will also be a Synthetic Forward Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.4 (*Forward Rate Securities*).

(g) *Range Accrual Table*

If a Range Accrual Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date:

- (A) the Barrier will be each amount specified in the Range Accrual Table in the column entitled "Barrier";
- (B) the Lower Range will be each amount specified in the Range Accrual Table in the column entitled "Lower Range";
- (C) the Upper Range will be each amount specified in the Range Accrual Table in the column entitled "Upper Range";
- (D) the relevant Reference Observation will be specified in the Range Accrual Table in the column entitled "Reference Observation" and if the Reference Observation is not expressed as a single Reference Rate, any Reference Rate, Reference Rate 1 or Reference Rate 2 will be specified in the Reference Observation Table in the column entitled "Reference Rate(s)" (or if applicable, the columns entitled "Reference Rate 1" and "Reference Rate 2");
- (E) the relevant Interest Rate for such Interest Period will be specified in the Range Accrual Table in the column entitled "Interest Rate"; and
- (F) the relevant "Lev", "Adj", "RA Cap", "RA Floor" and "Protection Level" for such Interest Period will be specified in the Range Accrual Table in the applicable column,

in each case, in the row corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall.

(h) *Additional Definitions Relating to Range Accrual (Expanded) Securities*

The following terms shall have the meanings set out below (and terms not defined in this Valuation and Settlement Condition 4.7 (*Range Accrual (Expanded) Securities*) shall have the meanings given to such terms in the Conditions:

"Accrual Business Day" means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Accrual Business Day Centre specified in the applicable Issue Terms, and if "Accrual Business Day Centre" is specified to be or to include: (i) "U.S. Government Securities Business Day", then "Accrual Business Day" shall also be any day except a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association (or any successor) recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities; or (ii) "T2", then "Accrual Business Day" shall also be a day on which the T2 is open.

"**Accrual Condition**" has the meaning given in Valuation and Settlement Condition 4.7(b) (*Determination of Accrual Condition*).

"**Accrual Condition 1**" means an Accrual Condition specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.7(b) (*Determination of Accrual Condition*) as though each reference therein to: (a) "Accrual Condition" was a reference to "Accrual Condition 1", (b) "Reference Observation" was a reference to "Reference Observation 1", (c) "Barrier" was a reference to "Barrier 1", (d) "Lower Range" was a reference to "Lower Range 1", and (e) "Upper Range" was a reference to "Upper Range 1".

"**Accrual Condition 2**" means an Accrual Condition specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.7(b) (*Determination of Accrual Condition*) as though each reference therein to: (a) "Accrual Condition" was a reference to "Accrual Condition 2", (b) "Reference Observation" was a reference to "Reference Observation 2", (c) "Barrier" was a reference to "Barrier 2", (d) "Lower Range" was a reference to "Lower Range 2", and (e) "Upper Range" was a reference to "Upper Range 2".

"**Accrual Condition 3**" means an Accrual Condition specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.7(b) (*Determination of Accrual Condition*) as though each reference therein to: (a) "Accrual Condition" was a reference to "Accrual Condition 3", (b) "Reference Observation" was a reference to "Reference Observation 3", (c) "Barrier" was a reference to "Barrier 3", (d) "Lower Range" was a reference to "Lower Range 3", and (e) "Upper Range" was a reference to "Upper Range 3".

"**Accrual Cut-Off Date**" means, in respect of an Interest Period, the day falling on the Specified Accrual Cut-Off Date (or if "**Default Accrual Cut-Off Date**" is specified in the applicable Issue Terms, the fifth Accrual Day) immediately preceding the Interest Period End Date falling at the end of such Interest Period.

"**Accrual Days**" means calendar days or Business Days specified as such in the applicable Issue Terms (each an **Accrual Day**).

"**Adj**" means the adjustment factor specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that Adj is Not Applicable, Adj shall be zero.

"**Barrier**" has the meaning given in Valuation and Settlement Condition 4.7(e) (*Barrier, Upper Range and Lower Range*).

"**Barrier 1**" means the Barrier specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Condition 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) to "Barrier" shall be construed to include a reference to "Barrier 1".

"**Barrier 2**" means the Barrier specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) to "Barrier" shall be construed to include a reference to "Barrier 2".

"**Barrier 3**" means the Barrier specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) to "Barrier" shall be construed to include a reference to "Barrier 3".

"**days accrued**" means:

- (A) if the applicable Issue Terms specify "Single Reference Observation" to be applicable, the number of Accrual Days in the relevant Interest Period in

respect of which the Accrual Condition is satisfied on the related Interest Observation Date;

- (B) if the applicable Issue Terms specify "Dual Reference Observation" to be applicable, the number of Accrual Days in the relevant Interest Period in respect of which Accrual Condition 1 and Accrual Condition 2 are both satisfied on the related Interest Observation Date; and
- (C) if the applicable Issue Terms specify "Triple Reference Observation" to be applicable, the number of Accrual Days in the relevant Interest Period in respect of which Accrual Condition 1, Accrual Condition 2 and Accrual Condition 3 are all satisfied on the related Interest Observation Date.

"days observed" means the actual number of Accrual Days in the relevant Interest Period.

"Interest Observation Date" has the meaning given in Valuation and Settlement Condition 4.7(e) (*Barrier, Upper Range and Lower Range*).

"Lev" means the leverage specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that Lev is Not Applicable, Lev shall be 100 per cent.

"Lower Range" has the meaning given in Valuation and Settlement Condition 4.7(e) (*Barrier, Upper Range and Lower Range*).

"Lower Range 1" means the Lower Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) above to "Lower Range" shall be construed to include a reference to "Lower Range 1".

"Lower Range 2" means the Lower Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) above to "Lower Range" shall be construed to include a reference to "Lower Range 2".

"Lower Range 3" means the Lower Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) above to "Lower Range" shall be construed as a reference to "Lower Range 3".

"Max" means, when followed by a series of amounts inside brackets, whichever is the greater of the amounts separated by a semi-colon inside those brackets.

"Min" means, when followed by a series of amounts inside brackets, whichever is the lesser of the amounts separated by a semi-colon inside those brackets.

"RA Cap" means the percentage specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that the RA Cap is Not Applicable, the RA Cap shall be infinity.

"RA Floor" means the percentage specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that the RA Floor is Not Applicable, the RA Floor shall be zero.

"Range Accrual (Expanded) Securities" means Securities specified as such in the applicable Issue Terms.

"Range Accrual Table" means the table specified as such in the applicable Issue Terms.

"Reference Observation" has the meaning given in Valuation and Settlement Condition 4.7(c) (*Determination of Reference Observation*) above.

"Reference Observation 1" means the Reference Observation specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.7(c) (*Determination of Reference Observation*) as though each reference therein to "Reference Observation" was a reference to "Reference Observation 1".

"Reference Observation 2" means the Reference Observation specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.7(c) (*Determination of Reference Observation*) above as though each reference therein to "Reference Observation" was a reference to "Reference Observation 2".

"Reference Observation 3" means the Reference Observation specified as such in the applicable Issue Terms, determined in accordance with Valuation and Settlement Condition 4.7(c) (*Determination of Reference Observation*) above as though each reference therein to "Reference Observation" was a reference to "Reference Observation 3".

"Reference Observation Disrupted Day" means, in respect of a Reference Observation:

- (i) where the relevant Reference Observation is comprised of one or more Reference Rates, a Disrupted Day (as defined in Rate Condition 3) for any of the Reference Rates comprising such Reference Observation; and
- (ii) where the relevant Reference Observation is comprised of an FX Rate, a Disrupted Day (as defined in FX Rate Condition 3).

"Reference Observation Table" means the table specified as such in the applicable Issue Terms.

"Scheduled Observation Date" means, in respect of a Reference Observation:

- (i) where the relevant Reference Observation is comprised of one or more Reference Rates, a Scheduled Trading Day (as defined in Rate Condition 1) for all the Reference Rates comprising such Reference Observation; or
- (ii) where the relevant Reference Observation is comprised of an FX Rate, a Scheduled Trading Day (as defined in FX Rate Condition 1).

"Specified Accrual Cut-Off Date" means such number of calendar days or Accrual Business Days as specified in the applicable Issue Terms.

"Upper Range" has the meaning given in Valuation and Settlement Condition 4.7(e) (*Barrier, Upper Range and Lower Range*).

"Upper Range 1" means the Upper Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) above to "Upper Range" shall be construed to include a reference to "Upper Range 1".

"Upper Range 2" means the Upper Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) above to "Upper Range" shall be construed to include a reference to "Upper Range 2".

"Upper Range 3" means the Upper Range specified as such in the applicable Issue Terms, and each reference in Valuation and Settlement Conditions 4.7(e) (*Barrier, Upper Range and Lower Range*) and 4.7(g) (*Range Accrual Table*) above to "Upper Range" shall be construed to include a reference to "Upper Range 3".

4.8 Buy the Dip Securities

Where the applicable Issue Terms specify the Buy the Dip Securities Provisions to be applicable to the Securities ("**Buy the Dip Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.8 (the "**Buy the Dip Securities Provisions**") shall apply.

(a) *Interest Amount in respect of Buy the Dip Securities*

Where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the Interest Amount in respect of an Interest Payment Date shall be an amount determined in respect of each Security by reference to:

Calculation Amount \times (Current Cash Accrual – Previous Cash Accrual)

(b) *Definitions*

"**Cash Accrual**" means, in respect of:

- (i) the Observation Day(0), zero (0); or
- (ii) any Observation Day(t) falling after the Observation Day(0), a percentage (expressed as a decimal) calculated by the Calculation Agent by reference to the following formula:

$$\text{Cash Accrual}(t - 1) + \left(\text{Coupon Rate} \times \frac{1}{\text{Day Count}} \times \text{Cash Participation}(t - 1) \right)$$

"**Cash Accrual(t – 1)**" means, in respect of any Observation Day(t) falling after the Observation Day(0), the Cash Accrual(t) in respect of the Observation Day immediately preceding Observation Day(t).

"**Cash Participation(Final)**" means the Cash Participation(t) in respect of the Observation Day(t) falling on (or, if the Cash Participation(Final) Date is not an Observation Day, immediately preceding) the Cash Participation(Final) Date.

"**Cash Participation(Final) Date**" means the date specified as such in the applicable Issue Terms or, if none is so specified, the Observation Day(Final).

"**Cash Participation(t)**" means:

- (i) in respect of the Observation Day(0), the Initial Cash Participation; and
- (ii) in respect of any Observation Day(t) falling after the Observation Day(0):
 - (A) if no Trigger Event Date has occurred on or prior to such Observation Day(t), the Initial Cash Participation;
 - (B) if any Trigger Event Date has occurred on or prior to such Observation Day(t), an amount determined to be (1) the Initial Cash Participation, minus (2) the sum of each Equity Allocation(i) in respect of each Trigger Event Date and the relevant Trigger Event(i) relating to such Trigger Event Date that has occurred on or prior to such Observation Day(t).

"**Cash Participation(t – 1)**" means, in respect of any Observation Day(t) falling after the Observation Day(0), the Cash Participation(t) in respect of the Observation Day immediately preceding Observation Day(t).

"**Coupon Rate**" means, in respect of an Interest Payment Date, the percentage rate specified for such Interest Payment Date in the applicable Issue Terms.

"Current Cash Accrual" means, in respect of an Interest Payment Date and the Interest Valuation Date relating to such Interest Payment Date, the Cash Accrual in respect of the Observation Day falling on (or, if the related Interest Valuation Date is not an Observation Day, most recently preceding) the related Interest Valuation Date.

"Day Count", in respect of Observation Day(t), means the number of Observation Days falling in the Day Count Period in which such Observation Day(t) falls.

"Day Count Period" means the period commencing from (but excluding) the Observation Day(0) to (and including) the first Interest Valuation Date and each successive period beginning on (but excluding) an Interest Valuation Date and ending on (and including) the next succeeding Interest Valuation Date (or, in the case of the final Day Count Period, the Day Count Period Final End Date) or the relevant payment date if the Securities are redeemed early other than on a scheduled date for redemption.

"Day Count Period Final End Date" means the date specified as such in the applicable Issue Terms or, if none is so specified, the Observation Day(Final).

"Equity Allocation(i)" means, in respect of a Trigger Event(i), the percentage as set out under the heading "Equity Allocation(i)" in the row corresponding to the relevant "i" in the table in the applicable Issue Terms.

"Equity Invested Allocation(0)" or **"Initial Equity Invested Allocation"** means an amount (expressed as a decimal) determined to be the Initial Equity Participation divided by the Initial Level, expressed as a formula:

$$\frac{\text{Initial Equity Participation}}{\text{Initial Level}}$$

rounded down to the nearest whole percentage number.

"Equity Invested Allocation(i)" means, in respect of each Trigger Event Date that has occurred on or prior to the Observation Day(Final) and the relevant Trigger Event(i) relating to such Trigger Event Date, an amount determined to be the relevant Equity Allocation(i) divided by the relevant Trigger Level(i), expressed as a formula:

$$\frac{\text{Equity Allocation(i)}}{\text{Trigger Level(i)}}$$

in each case, rounded down to the nearest whole percentage number.

"Final Equity Allocation" means:

- (i) if, on or prior to the Observation Day(Final), any Trigger Event Date and the related Trigger Event(i) has occurred, an amount determined to be the Equity Invested Allocation(0) plus the sum of the Equity Invested Allocation(i) in respect of each such Trigger Event(i) (where $i = 1 \dots x$) that has occurred, expressed as a formula:

$$\text{Equity Invested Allocation}(0) + \sum_{i=1}^x \text{Equity Invested Allocation}(i)$$

Where:

"x" means the total number of Trigger Event Dates that have occurred on or prior to the [Observation Day(Final)].

- (ii) otherwise, the Equity Invested Allocation(0).

"Final Level" means the Final Reference Level of the Underlying on the Final Valuation Date.

"**i**" means the unique integer from 1 to N (where $i = 1 \dots N$) each denoting a Trigger Event and a Trigger Level as set out in the row corresponding to the relevant "i" in the table in the applicable Issue Terms. For such purposes, "**N**" means the highest number specified under the heading "i" in the table in the applicable Issue Terms.

"**Initial Cash Participation**" means the amount specified as such in the applicable Issue Terms (expressed as a decimal).

"**Initial Equity Participation**" means the amount specified as such in the applicable Issue Terms (expressed as a decimal).

"**Initial Level**" means the Redemption Initial Level of the Underlying on the Redemption Strike Date.

"**Interest Adjustment**" means, in respect of an Interest Payment Date, the amount (which may be either positive or negative) specified in the applicable Table under the heading Interest Adjustment in the applicable Issue Terms PROVIDED THAT if "Barrier Event Applicable" is specified in the Table in the applicable Issue Terms in respect of Interest Adjustment, the Interest Adjustment will be the Barrier Event Satisfied Interest Adjustment if a Barrier Event has occurred or the Barrier Event Not Satisfied Interest Adjustment, if a Barrier Event has not occurred.

"**Interest Participation Rate**" or "**IPR**" means, in respect of an Interest Payment Date or Interest Valuation Date in respect of an Interest Payment Date, the percentage rate specified for such Interest Payment Date under the heading "IPR" in the Table set out in the applicable Issue Terms.

"**Interest Valuation Date**" has the meaning given to such term in Valuation and Settlement Condition 1.1 (Definitions), PROVIDED THAT Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) and Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) shall not apply to each such day.

"**Observation Day**" means each Scheduled Trading Day for the Underlying during the period commencing from (and including) the Observation Day(0) to (and including) the Observation Day(Final). Each Observation Day shall be deemed to be a Valuation Date for the purposes of the Conditions, PROVIDED THAT Valuation and Settlement Condition 2(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) and Valuation and Settlement Condition 2(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) shall not apply to each such day.

"**Observation Day(0)**" means the Redemption Strike Date.

"**Observation Day(Final)**" means the date specified as such in the applicable Issue Terms or, if none is so specified, the final Interest Valuation Date.

"**Observation Day(t)**" means the relevant Observation Day.

"**Previous Cash Accrual**" means, in respect of:

- (i) the first Interest Payment Date, zero; or
- (ii) each Interest Payment Date thereafter (such Interest Payment Date, the "**Current IPD**"), the Cash Accrual in respect of the Observation Day falling on (or, if the Previous Interest Valuation Date is not an Observation Day, immediately preceding) the Interest Valuation Date relating to the Interest Payment Date immediately preceding the Current IPD (the "**Previous Interest Valuation Date**").

"**Redemption Amount**" means, in respect of each Buy the Dip Security, an amount in the Settlement Currency determined to be the product of (i) the Calculation Amount

and (ii) the sum of (A) the Final Equity Allocation multiplied by the Final Level and (B) the Cash Participation(Final), expressed as a formula:

Calculation Amount \times [(Final Equity Allocation \times Final Level) + Cash Participation(Final)]

"Trigger Event" means any Trigger Event(i).

"Trigger Event Date" means, in respect of a Trigger Event(i), the first Observation Day in respect of which such Trigger Event(i) first occurs. For the avoidance of doubt, there shall only be one Trigger Event Date in respect of any Trigger Event(i).

"Trigger Event(i)" means (and a Trigger Event(i) shall be deemed to have occurred), the Underlying Closing Level of the Underlying on any Observation Day for the Underlying satisfies the Trigger Level(i) relating to such Trigger Event(i). For the avoidance of doubt, a Trigger Event(i) shall be deemed to occur only once on the first such Observation Day on which the Underlying Closing Level of the Underlying first satisfies the relevant Trigger Level(i), without taking into account any subsequent days on which the relevant Trigger Level(i) may be satisfied.

As used above, **"satisfy"** or **"satisfies"** means that the relevant Underlying Closing Level is greater than, greater than (or equal to), less than or less than (or equal to), as specified in the applicable Issue Terms in relation to the relevant Trigger Event(i), the relevant Trigger Level(i).

"Trigger Level(i)" means, in respect of a Trigger Event(i), the percentage of the Initial Level or such other level of the Underlying as set out under the heading "Trigger Level(i)" in the row corresponding to the relevant "i" in the table in the applicable Issue Terms.

"Z" means the percentage specified in the Table in the applicable Issue Terms in respect of the relevant Interest Underlying.

(c) *Disrupted Days in respect of Observation Days*

If an Observation Day is a Disrupted Day in respect of the Underlying, as determined by the Calculation Agent, the Underlying Closing Level of the Underlying on such Observation Day shall be deemed to be the Underlying Closing Level of the Underlying on the first Observation Day prior to such Observation Day that was not a Disrupted Day in respect of the Underlying, as determined by the Calculation Agent.

4.9 Inflation Rate Securities

Where the applicable Issue Terms specify the Inflation Rate Securities Provisions to be applicable to the Securities (**"Inflation Rate Securities"**), the definitions and provisions set out in this Valuation and Settlement Condition 4.9 (the **"Inflation Rate Securities Provisions"**) shall apply.

(a) *Interest Amount in respect of Inflation Rate Securities*

Where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the **"Interest Amount"** in respect of an Interest Payment Date shall be an amount determined in respect of each Security by reference to either:

- (i) where an Interest Participation Rate is not specified in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times \left(\left[\frac{\text{UCL Numerator}}{\text{UCL Denominator}} - \text{UCL Adjustment} \right] \pm \text{Margin} \right) \times \text{DCF}$$

- (ii) where an Interest Participation Rate is specified in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times \left(\left(\frac{\text{UCL Numerator}}{\text{UCL Denominator}} - \text{UCL Adjustment} \right) \pm \text{Margin} \right) \times \text{DCF} \times \text{IPR}$$

PROVIDED HOWEVER, in the case of each of paragraphs (i) and (ii) above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the Table set out in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar).

(b) *Definitions*

"DCF" means the Day Count Fraction (as defined in Valuation and Settlement Condition 4.29 (*Definitions*) below) and, for which purpose, an Interest Period and Interest Period End Date shall be as defined in Valuation and Settlement Condition 4.29 (*Definitions*) below.

"Interest Amount Inflation Index" means any Underlying which is an Inflation Index and is designated as the Interest Amount Inflation Index in the applicable Issue Terms.

"Margin" means the percentage rate specified for such Interest Payment Date in the applicable Issue Terms, which shall be preceded with either a "+" (plus) or a "-" (minus) sign (PROVIDED THAT if the applicable Issue Terms specify Margin to be not applicable for such Interest Payment Date, it shall be deemed to be equal to zero).

"UCL Adjustment" means, in respect of an Interest Payment Date, the amount (which may be positive, negative or zero) specified as such for such Interest Payment Date in the applicable Issue Terms.

"UCL Denominator" means, in respect of an Interest Payment Date, the Underlying Closing Level of the Interest Amount Inflation Index on (i) the date falling the number of calendar months prior to the relevant Interest Payment Date as specified in the applicable Issue Terms and which shall be the month falling 12 months prior to the UCL Numerator or (ii) such other date specified as such for such Interest Payment Date in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"UCL Numerator" means, in respect of an Interest Payment Date, the Underlying Closing Level of the Interest Amount Inflation Index on (i) the date falling the number of calendar months prior to the relevant Interest Payment Date as specified in the applicable Issue Terms or (ii) such other date specified as such for such Interest Payment Date in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Interest Participation Rate" or "IPR" means, in respect of an Interest Payment Date, the amount or percentage rate specified for such Interest Payment Date under the heading "Interest Participation Rate" in the applicable Issue Terms.

4.10 **DIR Inflation Linked Interest Securities**

Where the applicable Issue Terms specify the DIR Inflation Linked Interest Securities Provisions to be applicable to the Securities ("**DIR Inflation Linked Interest Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.10 (the "**DIR Inflation Linked Interest Securities Provisions**") shall apply.

(a) *Interest Amount*

Where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms, the "**Interest Amount**" in respect of an Interest Payment Date shall be an amount determined in respect of each Security by reference to either:

- (i) where an Interest Participation Rate is not specified in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times (\text{the DIR Index Ratio in respect of such Interest Payment Date} \pm \text{Margin}) \times \text{DCF}$$

- (ii) where an Interest Participation Rate is specified in respect of such Interest Payment Date in the applicable Issue Terms, the following formula:

$$\text{Calculation Amount} \times (\text{the DIR Index Ratio in respect of such Interest Payment Date} \pm \text{Margin}) \times \text{DCF} \times \text{IPR}$$

PROVIDED HOWEVER, in the case of each of paragraphs (i) and (ii) above, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar).

Subject as otherwise provided in the Valuation and Settlement Conditions, the relevant Interest Amount will be payable on each Interest Payment Date to which the DIR Inflation Linked Interest Securities Provisions apply (as specified in the applicable Issue Terms). In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(b) *Definitions*

"**DCF**" means the Day Count Fraction (as defined in Valuation and Settlement Condition 4.29 (*Definitions*) below) and, for which purpose, an Interest Period and Interest Period End Date shall be as defined in Valuation and Settlement Condition 4.29 (*Definitions*) below.

"**Base Index Figure**" shall be as specified in the applicable Issue Terms.

"**DIR Index**" means any Underlying which is an Inflation Index and is designated as the DIR Index in the applicable Issue Terms.

Any reference to the "**DIR Index Figure**" applicable to a particular Interest Payment Date shall be calculated in accordance with the following formula:

$$\text{Index Month A} + \frac{(\text{Day of Interest Payment Date} - 1)}{(\text{Days in month of Interest Payment Date})} \times (\text{Index Month B} - \text{Index Month A})$$

For which purpose:

"**DIR Index Ratio**" applicable to any Interest Payment Date means the DIR Index Figure applicable to such date divided by the Base Index Figure.

"Margin" means the percentage rate specified for such Interest Payment Date in the applicable Issue Terms, which shall be preceded with either a "+" (plus) or a "-" minus sign (PROVIDED THAT if the applicable Issue Terms specify Margin to be not applicable for such Interest Payment Date, it shall be deemed to be equal to zero).

"Index Month A" means the Underlying Closing Level of the DIR Index for the month that is the number of calendar months prior to the month in which the relevant Interest Payment Date falls, such number being as specified under Index Month A in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Index Month B" means the Underlying Closing Level of the DIR Index for the month that is the number of calendar months prior to the month in which the relevant Interest Payment Date falls, such number being as specified under Index Month B in the applicable Issue Terms and which shall be the month falling one month after Index Month A. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Interest Participation Rate" or **"IPR"** means, in respect of an Interest Payment Date, the amount or percentage rate specified for such Interest Payment Date under the heading "Interest Participation Rate" in the applicable Issue Terms.

In the case of Inflation Rate Securities and DIR Inflation Linked Interest Securities, as soon as practicable the Calculation Agent will determine the Interest Amounts for the relevant Interest Period. The Interest Amounts so determined may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Securities become due and payable under General Condition 11 (*Events of Default*), the interest payable in respect of the Securities shall nevertheless continue to be calculated as previously in accordance with this Valuation Securities and Settlement Condition 4.10 but no publication of the Interest Amount so calculated need be made.

The Calculation Agent will cause the Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Fiscal Agent and any stock exchange on which the relevant Inflation Rate Securities or DIR Inflation Linked Interest Securities are for the time being listed and notice thereof to be published in accordance with General Condition 15 (Notices) as soon as possible after their determination but in no event later than the fourth London Business Day thereafter. For the purposes of this paragraph, the expression London Business Day means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for general business in London.

4.11 Inflation Linked Interest Securities

Where the Securities are expressed in the applicable Issue Terms to be Inflation Linked Securities and the applicable Issue Terms specify the Inflation Linked Interest Securities Provisions to be applicable to the Securities ("**Inflation Linked Interest Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.11 (the "**Inflation Linked Interest Securities Provisions**") shall apply.

(a) *Inflation Interest Rate*

The Interest Rate (the "**Inflation Interest Rate**") for each Interest Period and/or Interest Payment Date to which the Digital Securities Provisions apply (as specified in the applicable Issue Terms) will be determined by the Calculation Agent by reference to the following formula:

$$\text{Specified Fixed Rate} \times \text{Inflation Interest Adjustment Ratio}$$

PROVIDED HOWEVER, that if (x) a Maximum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount (a cap); (y) a Minimum Interest Amount

is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such minimum amount (a floor); or (z) a Maximum Interest Amount and a Minimum Interest Amount is specified in respect of such Interest Payment Date in the applicable Issue Terms, then such Interest Amount is subject to such maximum amount and a minimum amount (a collar).

(b) *Definitions*

"ILI Adjustment Ratio" means, in respect of an Interest Period, the ILI Inflation Level for such Interest Period divided by the Initial ILI Inflation Level.

"ILI Index" means any Underlying which is an Inflation Index and is designated as the Relevant Inflation Index in the applicable Issue Terms.

"ILI Inflation Level" means, for the purposes of determining the Inflation Interest Rate in respect of an Interest Period, the Underlying Closing Level of the ILI Index on the ILI Valuation Date.

"ILI Valuation Date" means, in respect of an Interest Period, the date specified as such in the applicable Issue Terms. Such date shall be deemed to be a Valuation Date for the purposes of Valuation and Settlement Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and the relevant Underlying Schedule.

"Initial ILI Inflation Level" means, for the purposes of determining the Inflation Interest Rate, either (i) if the Initial ILI Inflation Level is specified in the applicable Issue Terms to be "As specified in Valuation and Settlement Condition 4.11(b)", the Underlying Closing Level of the ILI Index on the Initial ILI Valuation Date or (ii) the level specified as such in the applicable Issue Terms.

"Initial ILI Valuation Date" means the date specified as such in the applicable Issue Terms. Such date shall be deemed to be a Valuation Date for the purposes of Valuation and Settlement Valuation and Settlement 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and the relevant Underlying Schedule.

(c) *Fixed Rate Securities Provisions applicable to Inflation Linked Interest Securities*

Each Inflation Linked Interest Security will also be a Fixed Rate Security and interest payable on Inflation Linked Interest Securities will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Inflation Interest Rate was a Fixed Interest Rate. Inflation Linked Interest Securities will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph (a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, such interest (an **"Interest Amount"**) will be payable in arrear on each Interest Payment Date to which the Inflation Linked Interest Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

4.12 Digital Securities

Where the applicable Issue Terms specify the Digital Securities Provisions to be applicable to the Securities (**"Digital Securities"**), the definitions and provisions set out in this Valuation and Settlement Condition 4.12 (the **"Digital Securities Provisions"**) shall apply.

(a) *Digital Interest Rate*

The Interest Rate (the "**Digital Interest Rate**") for each Interest Period and/or Interest Payment Date to which the Digital Securities Provisions apply (as specified in the applicable Issue Terms) will either be:

- (i) the Back Up Rate; or
- (ii) if the Digital Reference Rate as of the Digital Determination Date is:
 - (A) if "Greater than the Reserve Rate" is specified under Reserve Rate Reference in the applicable Issue Terms, greater than the Reserve Rate;
 - (B) if "Greater than or equal to the Reserve Rate" is specified under Reserve Rate Reference in the applicable Issue Terms, greater than or equal to the Reserve Rate;
 - (C) if "Less than the Reserve Rate" is specified under Reserve Rate Reference in the applicable Issue Terms, less than the Reserve Rate; or
 - (D) if "Less than or equal to the Reserve Rate" is specified under Reserve Rate Reference in the applicable Issue Terms, less than or equal to the Reserve Rate,

the Digital Rate, all as determined by the Calculation Agent.

(b) *Determination of Reference Rate*

For the purposes of the Conditions and, in particular, Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*), 4.6 (*Spread Securities*) and Underlying Schedule 9 (*FX Rate Conditions*), the Back Up Rate, the Digital Reference Rate, the Reserve Rate (including each Specified Rate (as defined below) shall each be specified in the applicable Issue Terms and may be:

- (i) a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is: (A) a Fixed Interest Rate, (B) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply, (C) a CMS Interest Rate, (D) a Spread Interest Rate, (E) a Relevant Spread Rate, (F) a Spread Reference Rate; or
- (ii) the Underlying Closing Level of an FX Rate.

In relation to each Reference Rate (including any Back Up Rate, the Digital Reference Rate, the Reserve Rate (and/or any Specified Rate) and/or the Digital Rate), depending on which one of (A), (B), (C), (D), (E) or (F) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including each Interest Determination Date, any Margin, any Interest Participation Rate, any Spread Securities Provisions, any Minimum Reference Rate and/or any Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, Relevant Spread Rate or Spread Reference Rate (or any combination of the foregoing), in each case, as contained in the Conditions.

For the avoidance of doubt, where a Reference Rate (including any Back Up Rate, the Digital Reference Rate, the Reserve Rate (and/or any Specified Rate) and/or the Digital Rate) is to be determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions, shall also apply in relation to the determination of such Reference Rate, as applicable.

In relation to each FX Rate, such rate shall be a "FX Rate" for the purposes of the Conditions and in particular 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*), the applicable Issue Terms will specify in relation to such FX Rate, all the relevant terms for such FX Rate, including each Digital Determination Date (which shall be deemed to be a Valuation Date for the purposes of Underlying Schedule 9 (*FX Rate Conditions*)) and any terms required for the purposes of the FX Rate Conditions, in each case, as contained in the Conditions.

The Reserve Rate may also be the sum of more than one rate (each a Specified Rate) or one rate less another rate (each a Specified Rate).

A different Back Up Rate, Digital Reference Rate, Reserve Rate, Digital Rate and/or FX Rate may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(c) *Fixed Rate Securities Provisions applicable to Digital Securities*

Each Digital Security will also be a Fixed Rate Security and interest payable on Digital Securities will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Digital Interest Rate was a Fixed Interest Rate. Digital Securities will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph (a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, such interest (an "**Interest Amount**") will be payable in arrear on each Interest Payment Date to which the Digital Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

4.13 Digital Band Securities

Where the applicable Issue Terms specify the Digital Band Securities Provisions to be applicable to the Securities ("**Digital Band Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.13 (the "**Digital Band Securities Provisions**") shall apply.

(a) *Interest Rate for Digital Band Securities*

The Interest Rate (the "**Digital Band Interest Rate**") for each Interest Period and/or Interest Payment Date to which the Digital Band Securities Provisions apply (as specified in the applicable Issue Terms) will be determined as follows:

- (i) where "Reference Rate Only" is specified as applicable in the applicable Issue Terms, by reference to within which band of specified rates (the "**Band**") set out in the applicable Issue Terms, the reference rate (the "**Reference Rate**") specified as applicable for such Interest Period and/or Interest Payment Date on the Interest Determination Date specified for such Interest Period and/or Interest Determination Date in the applicable Issue Terms, falls; or
- (ii) where "Reference Rate One minus Reference Rate Two" is specified as applicable in the applicable Issue Terms, by reference to within which band of specified rates (the "**Band**") set out in the applicable Issue Terms, the result (the "**Result**") of the reference rate specified in the applicable Issue Terms as "Reference Rate 1" minus the reference rate specified in the applicable issue Terms as "Reference Rate 2", in each case as specified as applicable for such Interest Period and/or Interest Payment Date on the Interest Determination

Date specified for such Interest Period and/or Interest Determination Date in the applicable Issue Terms, falls.

In each case of sub-paragraphs (i) and (ii) above, the Interest Rate in respect of an Interest Period will be the rate of interest specified in the applicable Issue Terms (which may be a Fixed Interest Rate, a Floating Interest Rate, a CMS Interest Rate or a rate equal to Band Rate 1 minus Band Rate 2, and plus or minus a Margin (if any is specified in the applicable Issue Terms in relation to such rate)) as the Band Rate for the Band in which, in the case of sub-paragraph (i) above, the Reference Rate falls or, in the case of sub-paragraph (ii) above, the Result falls. The applicable Issue Terms will specify for each Band (each of which will be numerically identified as "Band 1" or "Band 2" etc. as necessary) the appropriate Band Rate for the relevant Band.

(b) *Determination of Reference Rate*

For the purposes of the Conditions and, in particular, 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and Underlying Schedule 9 (*FX Rate Conditions*), the Reference Rate, Reference Rate 1 and/or Reference Rate 2, as applicable, shall each be specified in the applicable Issue Terms and may be:

- (i) a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is (A) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply; (B) a CMS Interest Rate; or
- (ii) the Underlying Closing Level of an FX Rate.

For the purposes of the Conditions and, in particular, 4.2 (*Interest on Floating Rate Securities*) and 4.3 (*Interest on CMS Rate Securities*), the Band Rate, Band Rate One and/or Band Rate Two, as applicable, are each a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is (A) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply; or (B) a CMS Interest Rate.

In relation to each Reference Rate (including any Reference Rate 1, Reference Rate 2, Band Rate, Band Rate 1 and/or Band Rate 2, as applicable), depending on which one of (A) or (B) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including each Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Floating Interest Rate or CMS Interest Rate, in each case, as contained in the Conditions.

For the avoidance of doubt, where the Reference Rate (including any Reference Rate 1, Reference Rate 2, Band Rate, Band Rate 1 and/or Band Rate 2, as applicable) is to be determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such Reference Rate(s), as applicable.

In relation to each FX Rate, such rate shall be a "FX Rate" for the purposes of the Conditions and in particular 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*), the applicable Issue Terms will specify in relation to such FX Rate, all the relevant terms for such FX Rate, including each Interest Determination Date (which shall be deemed to be a Valuation Date for the purposes of Underlying Schedule 9 (*FX Rate Conditions*)) and any terms required for the purposes of the FX Rate Conditions, in each case, as contained in the Conditions.

A different Reference Rate, Reference Rate 1, Reference Rate 2 and/or FX Rate, as applicable, may apply in respect of different Interest Periods and Interest Payment

Dates, as specified in the applicable Issue Terms. In addition, a different Band Rate, Band Rate 1 and/or Band Rate 2, as applicable, may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(c) *Fixed Rate Securities Provisions applicable to Digital Band Securities*

Each Digital Band Security for which the Band Rate is a Fixed Interest Rate will also be a Fixed Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Digital Band Interest Rate was a Fixed Interest Rate. Digital Band Securities for which the Band Rate is a Fixed Interest Rate will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph 4.13(a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, such interest (an "**Interest Amount**") will be payable in arrear on each Interest Payment Date to which the Digital Band Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(d) *Floating Rate Securities Provisions or CMS Interest Linked Securities Provisions applicable to Digital Band Securities*

Each Digital Band Security for which the Band Rate is a Floating Interest Rate or a CMS Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate or a CMS Interest Rate will also be a Floating Rate Security or CMS Interest Linked Security (as applicable), and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*) or Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*), as applicable and in the applicable Issue Terms as though the Band Rate was a Floating Interest Rate or a CMS Interest Rate, as applicable. Digital Band Securities for which the Band Rate is a Floating Interest Rate or CMS Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph 4.13(a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, such interest (an "**Interest Amount**") will be payable in arrear on each Interest Payment Date to which the Digital Band Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

4.14 Inverse Floating Rate Securities

Where the applicable Issue Terms specify the Inverse Floating Rate Securities Provisions to be applicable to the Securities ("**Inverse Floating Rate Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.14 (the "**Inverse Floating Rate Securities Provisions**") shall apply.

(a) *Interest Rate for Inverse Floating Rate Securities*

The Interest Rate (the "**Inverse Floating Interest Rate**") in respect of each Interest Period to which the Inverse Floating Rate Securities Provisions apply (as specified in the applicable Issue Terms) will be a fixed interest rate specified in the applicable Issue Terms (the "**Inverse Fixed Rate**") minus the Inverse Reference Rate specified in the applicable Issue Terms, plus or minus (as specified in the applicable Issue Terms) the Margin (Inverse Floating Interest Rate) (if any specified in the applicable Issue Terms),

and multiplied by the Interest Participation Rate (Inverse Floating Interest Rate) (if any specified in the applicable Issue Terms), all as determined by the Calculation Agent.

The "**Inverse Reference Rate**" means, in respect of each Interest Period, a rate specified as such in the applicable Issue Terms, which may be (A) one reference rate (a "**Specified Rate**") or (B) one reference rate (a "**Specified Rate 1**") minus another reference rate (a "**Specified Rate 2**", and together with Specified Rate 1, each a "**Specified Rate**").

(b) *Determination of Specified Rate*

For the purposes of the Conditions and, in particular, Valuation and Settlement Conditions 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and 4.6 (*Spread Securities*), each Specified Rate is a "Reference Rate" and the applicable Issue Terms will specify whether such Specified Rate is: (i) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply, or (ii) a CMS Interest Rate, or (iii) a Spread Interest Rate, (iv) a Relevant Spread Rate, or (v) a Spread Reference Rate.

In relation to the Inverse Reference Rate (and each Specified Rate), depending on which one of (i), (ii), (iii), (iv) or (v) above is specified in relation to such Specified Rate, the applicable Issue Terms will specify in relation to such Specified Rate, all the relevant terms for such Inverse Reference Rate or Specified Rate, including for the Inverse Reference Rate and each Specified Rate, the Interest Determination Date, any Margin, any Interest Participation Rate, any Spread Securities Provisions, any Minimum Reference Rate and/or any Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, a Relevant Spread Rate or Spread Reference Rate, in each case, in accordance with the relevant provisions for a Floating Interest Rate, CMS Interest Rate or a Spread Interest Rate, in each case, as contained in the Conditions.

For the avoidance of doubt, where the Inverse Reference Rate and/or a Specified Rate is determined by reference to the relevant provisions for a Floating Interest Rate, CMS Interest Rate or Spread Interest Rate, all fallback provisions relating to a Floating Interest Rate, CMS Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such rate(s), as applicable.

A different Inverse Fixed Rate, Inverse Reference Rate and/or Specified Rate may apply in respect of different Interest Periods and Interest Payment Dates, as specified in the applicable Issue Terms.

(c) *Floating Rate Securities Provisions, CMS Rate Securities Provisions Spread Securities Provisions applicable to Inverse Floating Rate Securities*

Each Inverse Floating Rate Security for which any Specified Rate is a Floating Interest Rate, a CMS Interest Rate or a Spread Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate, a CMS Interest Rate or a Spread Interest Rate will also be a Floating Rate Security, CMS Interest Linked Security or a Spread Security (as applicable), and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) or 4.6 (*Spread Securities*), as applicable, and in the applicable Issue Terms as though the Specified Rate was a Floating Interest Rate, a CMS Interest Rate or a Spread Interest Rate, as applicable. Inverse Floating Rate Securities for which a Specified Rate is a Floating Interest Rate, CMS Interest Rate or Spread Interest Rate or determined by reference to the relevant provisions for a Floating Interest Rate, CMS Interest Rate or Spread Interest Rate (as applicable) will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph 4.14(a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided

in the Valuation and Settlement Conditions, such interest (an "**Interest Amount**") will be payable in arrear on each Interest Payment Date to which the Inverse Floating Rate Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

4.15 Volatility Bond Securities

If the applicable Issue Terms specify the Volatility Bond Securities Provisions to be applicable to the Securities (the "**Volatility Bond Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.15 ("**Volatility Bond Securities Provisions**") shall apply.

(a) *Interest Rate for Volatility Bond Securities*

The Interest Rate (the "**Volatility Bond Interest Rate**") in respect of each Interest Period and/or the Interest Payment Date to which the Volatility Bond Securities Provisions apply (as specified in the applicable Issue Terms) will be the Relevant Volatility Bond Rate in respect of such Interest Period, plus or minus (as specified in the applicable Issue Terms) the Margin (Volatility Bond Interest Rate) (if any is specified in the applicable Issue Terms), and multiplied by the Interest Participation Rate (Volatility Bond Interest Rate) (if any is specified in the applicable Issue Terms), all as determined by the Calculation Agent.

The "**Relevant Volatility Bond Rate**" in respect of each Interest Period will be:

$$\text{Abs [Volatility Bond Rate 1 - Volatility Bond Rate 2]}$$

(b) *Shout Option*

If "Shout Option" is specified as applicable in the applicable Issue Terms, the Securityholders of all the outstanding Securities may give notice of their exercise of the Shout Option in respect of an Interest Period to the Issuer and the Calculation Agent in accordance with the provisions below prior to the time specified in the applicable Issue Terms (the "**Shout Option Cut-off Time**") on a Relevant Business Day during the relevant Shout Period (the date on which the Shout Option is validly exercised, the "**Shout Option Date**"). On the valid exercise of such Shout Option, the Calculation Agent will determine in its discretion the implied forward rate for the Reference Rate(s) comprising Volatility Bond Rate 1 or, if any such Reference Rate(s) are Forward Rates, shall determine such Forward Rates, on such Shout Option Date at such time and by reference to such sources as the Calculation Agent determines appropriate (the "**Shout Forward Rate(s)**") and shall determine Volatility Bond Rate 1 for the relevant Interest Period by reference to such Shout Forward Rate(s) in place of the relevant Reference Rate(s). Following determination of the relevant Shout Forward Rate(s) by the Calculation Agent, the Issuer shall notify the Securityholders in accordance with General Condition 15 (Notices) of such Forward Rate(s) and the Volatility Bond Rate 1 for the relevant Interest Period.

Any such Shout Option may only be validly exercised on one occasion during the Shout Period for a relevant Interest Period but may be exercised in respect of more than one Interest Period for which the Volatility Bond Securities Provisions are applicable.

In order to validly exercise the Shout Option in respect of an Interest Period, the holders of 100 per cent. of the Securities must, prior to the Shout Option Cut-off Time on any Relevant Business Day in the relevant Shout Period, give notice in writing to the Issuer by hand, mail or e-mail in accordance with the relevant contact details specified in the applicable Issue Terms or, in respect of Exempt Securities, in such other manner as is specified in the applicable Pricing Supplement. Each holder must provide evidence satisfactory to the Issuer of its holding of the relevant Securities which, (i) in the case

of Securities represented by a Global Security, may be in the form of certification from the relevant clearing system and, if applicable, the custodian with whom such holder maintains a securities account in respect of the Securities or (ii) in the case of Securities in definitive form which are held outside the Relevant Clearing Systems, may be satisfied by delivery of the Securities held by such holder together with the relevant notice or (iii) may be in any other appropriate manner determined by the Issuer.

Any such notice shall be effective when received by the Issuer and the Calculation Agent. If any such notice is received by the Issuer or the Calculation Agent in accordance with the above provisions after the Shout Option Cut-off Time on any Relevant Business Day or on any day that is not a Relevant Business Day, such notice shall be deemed to be effective prior to the Shout Option Cut-off Time on the next following Relevant Business Day.

If notice is received from less than 100 per cent. of the holders of the Securities outstanding on the applicable Relevant Business Day, any such notice shall not be effective and the Shout Option will not be exercised.

(c) *Determination of Volatility Bond Reference Rate*

The "**Volatility Bond Reference Rate**" shall be the rate specified as such in the applicable Issue Terms, and may be expressed as:

- (i) a single Reference Rate;
- (ii) the sum of two or more Reference Rates (as specified in the applicable Issue Terms); or
- (iii) Reference Rate 1 minus Reference Rate 2.

Different Volatility Bond Reference Rate(s) (if applicable, calculated from different Reference Rates) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

For the purposes of the Conditions and, in particular, Valuation and Settlement Conditions 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and 4.4 (*Forward Rate Securities*), the applicable Issue Terms will specify whether a Reference Rate is (i) a Fixed Interest Rate; (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply; (iii) a CMS Interest Rate or (iv) a Forward Rate.

(d) *Determination of Reference Rate*

In relation to each Reference Rate, depending on which one of (i), (ii), (iii) or (iv) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including any Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate or Forward Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate or Forward Rate, in each case, as contained in the Conditions.

For the avoidance of doubt, where a Reference Rate is determined by reference to the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate or Forward Rate, as specified in the applicable Issue Terms, all fallback provisions relating to a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate or Forward Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such rate(s), as applicable.

Different Reference Rate(s) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(e) *Fixed Rate Securities Provisions applicable to Volatility Bond Securities*

Each Volatility Bond Security will also be a Fixed Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Volatility Bond Interest Rate was a Fixed Interest Rate. Volatility Bond Securities will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph 4.15(a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, such interest (being an "**Interest Amount**") will be payable in arrear on each Interest Payment Date to which the Volatility Bond Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(f) *Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*

Each Volatility Bond Reference Rate, Volatility Bond Rate 1 and Volatility Bond Rate 2 shall be deemed to be a "Reference Rate" for the purposes of Valuation and Settlement Condition 4.5(a) (*Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*).

(g) *Definitions*

"**Abs**" means, when followed by an equation inside brackets, the absolute value of the result of the relevant equation, being the resulting positive percentage without regard to its sign (e.g. the absolute value of -19 per cent. would be 19 per cent. and the absolute value of 19 per cent. would also be 19 per cent.).

"**Interest Participation Rate (Volatility Bond Interest Rate)**" means, in respect of a Relevant Volatility Bond Rate for an Interest Period, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to such Relevant Volatility Bond Rate.

"**Margin (Volatility Bond Interest Rate)**" means, in respect of a Relevant Volatility Bond Rate for an Interest Period, a Margin specified as such in the applicable Issue Terms corresponding to such Relevant Volatility Bond Rate.

"**Reference Rate 1**" means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with paragraph (d) above.

"**Reference Rate 2**" means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with paragraph (d) above.

"**Relevant Business Day**" means, in respect of a Shout Period, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in each Relevant Business Centre specified in the applicable Issue Terms, and if "Relevant Business Centre" is specified to be or to include: (a) U.S. Government Securities Business Day, then "**Relevant Business Day**" shall also be any day except a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities; or (b) T2, then "**Relevant Business Day**" shall also be a day on which T2 is open.

"Shout Period" means, in respect of an Interest Period and Volatility Bond Rate 1 in respect of such Interest Period, the period from (but excluding) the last occurring Interest Determination Date in respect of the Reference Rate(s) comprising Volatility Bond Rate 2 to (but excluding) the first occurring Interest Determination Date in respect of the Reference Rate(s) comprising Volatility Bond Rate 1.

"Volatility Bond Rate 1" means, in respect of an Interest Period and subject as provided in paragraph (b) above, a Volatility Bond Reference Rate specified as such in the applicable Issue Terms, plus or minus any Volatility Bond Rate 1 Margin, and multiplied by any Volatility Bond Rate 1 Interest Participation Rate.

"Volatility Bond Rate 1 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Volatility Bond Rate 1 Margin" means a Margin specified as such in the applicable Issue Terms.

"Volatility Bond Rate 2" means, in respect of an Interest Period, a Volatility Bond Reference Rate specified as such in the applicable Issue Terms, plus or minus any Volatility Bond Rate 2 Margin, and multiplied by any Volatility Bond Rate 2 Interest Participation Rate.

"Volatility Bond Rate 2 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Volatility Bond Rate 2 Margin" means a Margin specified as such in the applicable Issue Terms.

4.16 Synthetic Forward Rate Securities

If the applicable Issue Terms specify the Synthetic Forward Rate Securities Provisions to be applicable to the Securities (the **"Synthetic Forward Rate Securities"**), the definitions and provisions set out in this Valuation and Settlement Condition 4.16 (the **"Synthetic Forward Rate Securities Provisions"**) shall apply.

(a) *Interest Rate for Synthetic Forward Rate Securities*

The Interest Rate (the **"Synthetic Forward Interest Rate"**) in respect of each Interest Period to which the Synthetic Forward Rate Securities Provisions apply (as specified in the applicable Issue Terms) will be the Relevant SF Rate in respect of such Interest Period, plus or minus (as specified in the applicable Issue Terms) the Margin (SF Interest Rate) (if any is specified in the applicable Issue Terms), and multiplied by the Interest Participation Rate (SF Interest Rate) (if any is specified in the applicable Issue Terms), all as determined by the Calculation Agent.

The **"Relevant SF Rate"** in respect of each Interest Period will be:

- (i) if "Synthetic Forward Option One" is specified to be applicable, a rate determined by the Calculation Agent by reference to the following formula:

$$\frac{(\text{SF Rate 1} \times \text{Rate 1}) - (\text{SF Rate 2} \times \text{Rate 2})}{(\text{SF Rate 1} - \text{SF Rate 2})}; \text{ or}$$

- (ii) if "Synthetic Forward Option Two" is specified to be applicable, a rate determined by the Calculation Agent by reference to the following formula:

$$\text{Rate 1} + [\text{Rate 1} \times (1 + \text{Rate 1})^x] - [\text{Rate 2} \times (1 + \text{Rate 2})^y]; \text{ or}$$

- (iii) if "Synthetic Forward Option Three" is specified to be applicable, a rate determined by the Calculation Agent by reference to the following formula:

$$\frac{[\text{Max}(\text{Annuity Rate 1}; \text{Lev} \times \text{Annuity Rate 2}) \times \text{Rate 1}] - [\text{Annuity Rate 2} \times \text{Rate 2}]}{\text{Max}(\text{Annuity Rate 1}; \text{Lev} \times \text{Annuity Rate 2}) - \text{Annuity Rate 2}}$$

If any Reference Rate is specified herein or in the applicable Issue Terms to be a "Synthetic Forward Interest Rate", "Relevant SF Rate" or "SF Reference Rate", the relevant Reference Rate will be determined in accordance with the provisions set out in this Valuation and Settlement Condition 4.16, as though each reference to "Interest Rate" were a reference to "Reference Rate".

(b) *Determination of SF Reference Rate*

The "**SF Reference Rate**" shall be the rate specified as such in the applicable Issue Terms, and may be expressed as:

- (i) a single Reference Rate;
- (ii) the sum of two or more Reference Rates (as specified in the applicable Issue Terms); or
- (iii) Reference Rate 1 minus Reference Rate 2.

A different SF Reference Rate(s) (and, if applicable, calculated from different Reference Rates) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(c) *Determination of Reference Rate*

For the purposes of the Conditions and, in particular, Valuation and Settlement Conditions 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*), the applicable Issue Terms will specify whether a Reference Rate is (i) a Fixed Interest Rate, (ii) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply; or (iii) a CMS Interest Rate.

In relation to each Reference Rate, depending on which one of (i), (ii) or (iii) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including any Interest Determination Date, any Margin, any Interest Participation Rate, any Minimum Reference Rate and/or Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate or CMS Interest Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate or CMS Interest Rate, in each case, as contained in the Conditions.

For the avoidance of doubt, where a Reference Rate is determined by reference to the relevant provisions for a Floating Interest Rate or CMS Interest Rate, as specified in the applicable Issue Terms, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such rate(s), as applicable.

Different Reference Rate(s) may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(d) *Fixed Rate Securities Provisions applicable to Synthetic Forward Rate Securities*

Each Synthetic Forward Rate Security will also be a Fixed Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*) as though the applicable Issue Terms specified "Accrual" to be applicable and the Synthetic Forward Interest Rate was a Fixed Interest Rate. Synthetic Forward Rate Securities will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph 4.16(c) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as otherwise provided in the Valuation and Settlement Conditions, such interest (being an

"Interest Amount") will be payable in arrear on each Interest Payment Date to which the Synthetic Forward Rate Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(e) *Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*

Each of SF Reference Rate, SF Rate 1, SF Rate 2, Rate 1 and Rate 2 shall be deemed to be a "Reference Rate" for the purposes of Valuation and Settlement Condition 4.5(a) (*Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*).

(f) *Definitions*

"Annuity Rate 1" will be calculated as follows:

$$\sum_{i=1}^x \frac{1}{(1+\text{Rate 1})^i \text{ to } x}$$

"Annuity Rate 2" will be calculated as follows:

$$\sum_{i=1}^y \frac{1}{(1+\text{Rate 2})^i \text{ to } y}$$

"i" means a unique integer from one (1) to x or y, as the case may be.

"Interest Participation Rate (SF Interest Rate)" means, in respect of a Relevant SF Rate for an Interest Period, an Interest Participation Rate specified as such in the applicable Issue Terms corresponding to such Relevant SF Rate.

"Lev" means the leverage specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that Lev is Not Applicable, Lev shall be 100 per cent.

"Margin (SF Interest Rate)" means, in respect of a Relevant SF Rate for an Interest Period, a Margin specified as such in the applicable Issue Terms corresponding to such Relevant SF Rate.

"Rate 1" means, in respect of an Interest Period, a SF Reference Rate specified as such in the applicable Issue Terms, plus or minus any Rate 1 Margin, and multiplied by any Rate 1 Interest Participation Rate.

"Rate 1 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Rate 1 Margin" means a Margin specified as such in the applicable Issue Terms.

"Rate 2" means, in respect of an Interest Period, a SF Reference Rate specified as such in the applicable Issue Terms, plus or minus any Rate 2 Margin, and multiplied by any Rate 2 Interest Participation Rate.

"Rate 2 Interest Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Rate 2 Margin" means a Margin specified as such in the applicable Issue Terms.

"Reference Rate One" means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with paragraph (c) above.

"Reference Rate Two" means, in respect of an Interest Period, a Reference Rate specified as such in the applicable Issue Terms and determined in accordance with paragraph (c) above.

"**SF Rate 1**" means, in respect of an Interest Period, a rate determined by the Calculation Agent by reference to the following formula:

$$\frac{1}{\text{Rate 1}} \times \left[1 - \frac{1}{(1+\text{Rate 1})^x} \right]$$

plus or minus any SF Rate 1 Margin, and multiplied by any SF Rate 1 Interest Participation Rate.

"**SF Rate 1 Interest Participation Rate**" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"**SF Rate 1 Margin**" means a Margin specified as such in the applicable Issue Terms.

"**SF Rate 2**" means, in respect of an Interest Period, a rate determined by the Calculation Agent by reference to the following formula:

$$\frac{1}{\text{Rate 2}} \times \left[1 - \frac{1}{(1+\text{Rate 2})^y} \right]$$

plus or minus any SF Rate 2 Margin, and multiplied by any SF Rate 2 Interest Participation Rate.

"**SF Rate 2 Interest Participation Rate**" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"**SF Rate 2 Margin**" means a Margin specified as such in the applicable Issue Terms.

"**x**" means a number specified as such in the applicable Issue Terms.

"**y**" means a number specified as such in the applicable Issue Terms.

4.17 Previous Coupon Linked Securities

If the applicable Issue Terms specify the Previous Coupon Linked Securities Provisions to be applicable to the Securities ("**Previous Coupon Linked Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.17 (the "**Previous Coupon Linked Securities Provisions**") shall apply.

(a) *Interest Rate for Previous Coupon Linked Securities*

The Interest Rate (the "**Previous Coupon Linked Interest Rate**") in respect of each Interest Period and/or Interest Payment Date to which the Previous Coupon Linked Securities Provisions apply (as specified in the applicable Issue Terms) (such Interest Period, a "**Previous Coupon Linked Period**", and such Interest Payment Date, a "**Previous Coupon Linked Payment Date**") shall be an amount equal to the Previous Coupon Reference Rate, plus or minus (as specified in the applicable Issue Terms) the Margin (Previous Coupon Linked Interest Rate) (if any is specified in the applicable Issue Terms in relation to the Previous Coupon Reference Rate for such Previous Coupon Linked Period and/or such Previous Coupon Linked Payment Date), and further multiplied by the Interest Participation Rate (Previous Coupon Linked Interest Rate) (if any is specified in the applicable Issue Terms in relation to the Previous Coupon Reference Rate for such Previous Coupon Linked Period and/or such Previous Coupon Linked Payment Date).

If the applicable Issue Terms specify a different Margin (Previous Coupon Linked Interest Rate) and/or a different Interest Participation Rate (Previous Coupon Linked Interest Rate) for a Previous Coupon Reference Rate in respect of different Previous Coupon Linked Periods and/or Previous Coupon Linked Payment Dates, the Margin (Previous Coupon Linked Interest Rate) and/or Interest Participation Rate (Previous Coupon Linked Interest Rate) shall be construed to apply to such Previous Coupon Reference Rate in respect of each Previous Coupon Linked Period and/or each Previous Coupon Linked Payment Date.

(b) *Fixed Rate Securities Provisions applicable to Previous Coupon Linked Securities*

Each Previous Coupon Linked Security will also be a Fixed Rate Security and interest will be determined and calculated as provided in Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*) above as though the applicable Issue Terms specified "Accrual" to be applicable and the Previous Coupon Linked Interest Rate was a Fixed Interest Rate. Previous Coupon Linked Securities will bear interest from (and including) the relevant Interest Commencement Date at the Interest Rate (determined in accordance with paragraph 4.17(a) above) and, where interest is due in accordance with this Valuation and Settlement Schedule and the applicable Issue Terms and subject as provided in the Valuation and Settlement Conditions, such interest (being an **"Interest Amount"**) will be payable in arrear on each Interest Payment Date to which the Previous Coupon Linked Securities Provisions apply, as specified in the applicable Issue Terms. In respect of an Interest Period ending on (but excluding) an Ending Interest Period End Date, the relevant Interest Amount(s) will be payable on the Interest Payment Date falling on or about such Ending Interest Period End Date.

(c) *Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*

Each Previous Coupon Reference Rate, Rate 1 and Rate 2 shall be deemed to be a "Reference Rate" for the purposes of Valuation and Settlement Condition 4.5(a) (*Maximum/Minimum Interest Rates and Maximum/Minimum Reference Rates*).

(d) *Definitions*

"Interest Participation Rate (Previous Coupon Linked Interest Rate)" means, in respect of each Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date, the Interest Participation Rate specified as such in the applicable Issue Terms.

"Margin (Previous Coupon Linked Interest Rate)" means, in respect of each Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date, the Margin specified as such in the applicable Issue Terms.

"Previous Coupon" means, in respect of each Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date, the Previous Coupon Linked Interest Rate in respect of the Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date immediately preceding such Previous Coupon Linked Period and/or such Previous Coupon Linked Payment Date, PROVIDED THAT if the interest basis applicable to the Interest Period and/or Interest Payment Date immediately preceding such Previous Coupon Linked Period and/or such Previous Coupon Linked Payment Date is not "Previous Coupon Linked Securities", the Previous Coupon shall be the Interest Rate determined in accordance with the interest basis applicable to such Interest Period and/or Interest Payment Date (as set out in the Interest Basis Table).

"Previous Coupon Reference Rate" means, in respect of each Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date, the Previous Coupon, plus or minus (as specified in the applicable Issue Terms) (i) Rate 1, multiplied by Rate 1 Participation Rate (if any is specified in the applicable Issue Terms in relation to Rate 1 for such Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date), plus or minus (as specified in the applicable Issue Terms) (ii) Rate 2, multiplied by Rate 2 Participation Rate (if any is specified in the applicable Issue Terms in relation to Rate 2 for such Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date).

"Rate 1" means, in respect of a Previous Coupon Reference Rate for a Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date, (i) a Fixed Interest Rate, (ii) a Floating Interest Rate, (iii) a CMS Interest Rate, (iv) Spread Interest Rate, (v) Relevant Spread Rate, (vi) a Spread Reference Rate or (vii) any other Reference Rate specified as such in the applicable Issue Terms in relation to the

determination of such Previous Coupon Reference Rate for such Previous Coupon Linked Period and/or such Previous Coupon Linked Payment Date, PROVIDED THAT if the applicable Issue Terms specify Rate 1 to be not applicable, it shall be deemed to be equal to zero. If any Rate 1 specified in relation to the determination of a Previous Coupon Reference Rate is a different rate in respect of two or more Previous Coupon Linked Periods and/or Previous Coupon Linked Payment Dates (as applicable), the Rate 1 in respect of: (x) each Previous Coupon Linked Period ending on (but excluding) an Interest Period End Date, shall be each Reference Rate specified in the Rate Table in the column entitled "Rate 1" in the row corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall; and (y) each Previous Coupon Linked Payment Date, shall be each Reference Rate specified in the Rate Table in the column entitled "Rate 1" in the row corresponding to the date (specified in the column "Previous Coupon Linked Payment Date") on which such Previous Coupon Linked Payment Date is scheduled to fall.

"Rate 1 Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

"Rate 2" means, in respect of a Previous Coupon Reference Rate for a Previous Coupon Linked Period and/or Previous Coupon Linked Payment Date, (i) a Fixed Interest Rate, (ii) a Floating Interest Rate, (iii) a CMS Interest Rate, (iv) Spread Interest Rate, (v) Relevant Spread Rate, (vi) a Spread Reference Rate or (vii) any other Reference Rate specified as such in the applicable Issue Terms in relation to the determination of such Previous Coupon Reference Rate for such Previous Coupon Linked Period and/or such Previous Coupon Linked Payment Date, PROVIDED THAT if the applicable Issue Terms specify Rate 2 to be not applicable, it shall be deemed to be equal to zero. If any Rate 2 specified in relation to the determination of a Previous Coupon Reference Rate is a different rate in respect of two or more Previous Coupon Linked Periods and/or Previous Coupon Linked Payment Dates (as applicable), the Rate 2 in respect of: (x) each Previous Coupon Linked Period ending on (but excluding) an Interest Period End Date, shall be each Reference Rate specified in the Rate Table in the column entitled "Rate 2" in the row corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall; and (y) each Previous Coupon Linked Payment Date, shall be each Reference Rate specified in the Rate Table in the column entitled "Rate 2" in the row corresponding to the date (specified in the column "Previous Coupon Linked Payment Date") on which such Previous Coupon Linked Payment Date is scheduled to fall.

"Rate 2 Participation Rate" means an Interest Participation Rate specified as such in the applicable Issue Terms.

4.18 FX Performance Securities

Where the applicable Issue Terms specify the FX Performance Securities Provisions" to be applicable to the Securities ("**FX Performance Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.18 (the "**FX Performance Securities Provisions**") shall apply in addition to the ACR Valuation and Settlement Conditions (as defined below).

(a) *Interest Rate for FX Performance Securities*

Notwithstanding anything to the contrary in the Valuation and Settlement Conditions, the Interest Rate (the "**FX Adjusted Interest Rate**") in respect of each Interest Period and/or Interest Payment Date (n) to which the FX Performance Securities Provisions apply (as specified in the applicable Issue Terms) will be determined by the Calculation Agent by reference to the following formula:

$$\text{ACR} \times \text{FX Performance}$$

and the provisions of the Valuation and Settlement Conditions relating to the Actual Coupon Rate (the "**ACR Valuation and Settlement Conditions**") shall be subject to the provisions hereof.

For the avoidance of doubt the provisions of Valuation and Settlement Condition 4.5(a)(i) (*Maximum/Minimum Interest Rates*) shall be applied to the Actual Coupon Rate only, rather than to the FX Adjusted Interest Rate, determined in accordance with the provisions of this Valuation and Settlement Condition 4.18.

Unless otherwise expressly provided in the applicable Pricing Supplement, any interest basis, other than Fixed Rate Securities where "Accrual" is specified as not applicable, Inflation Rate Securities and DIR Inflation Linked Securities, may be specified to be FX Performance Securities.

(b) *Determination of the Interest Amount*

Subject as provided in this Valuation and Settlement Condition 4.18, the Interest Amount shall be determined as provided in the ACR Valuation and Settlement Conditions.

(c) *Definitions*

"**ACR**" or "**Actual Coupon Rate**" means, in respect of an Interest Period and/or Interest Payment Date to which the FX Performance Securities Provisions apply (as specified in the applicable Issue Terms), the Interest Rate otherwise determined for such Interest Period and/or Interest Payment Date in accordance with the Valuation and Settlement Conditions prior to the application of the FX Performance Securities Provisions set out in this Valuation and Settlement Condition 4.18 but applied either before or after, as specified in the applicable Issue Terms, the application of the Reserve Coupon Securities Provisions, the Global Interest Floor Securities Provisions and/or the Global Interest Cap Securities Provisions for the relevant Interest Period.

"**FX Performance**" means, in respect of an Interest Period and/or Interest Payment Date and the related FX Performance Valuation Date(s):

$$\frac{\text{FX Performance 1}}{\text{FX Performance 2}}$$

and multiplied by the FX Performance Participation Rate (if any is specified in the applicable Issue Terms).

"**FX Performance 1**" means, in respect of an Interest Period and/or Interest Payment Date, either (i) the FX Performance Rate specified as such for such Interest Period and/or Interest Payment Date in the applicable Issue Terms or (ii) the FX Performance Rate in respect of FX Performance Valuation Date 1 for such Interest Period and/or Interest Payment Date.

"**FX Performance 2**" means, in respect of an Interest Period and/or Interest Payment Date, either (i) the FX Performance Rate specified as such for such Interest Period and/or Interest Payment Date in the applicable Issue Terms or (ii) the FX Performance Rate in respect of FX Performance Valuation Date 2 for such Interest Period and/or Interest Payment Date.

"**FX Performance Rate**" means, in respect of an Interest Period and/or Interest Payment Date and a relevant FX Performance Valuation Date, either the rate or amount specified as such for such Interest Period and/or Interest Payment Date or, if no rate or amount is so specified:

- (i) where an Underlying that is an FX Rate is designated to be the relevant FX Performance Rate in the applicable Issue Terms, the Underlying Closing Level of such Underlying for the relevant FX Performance Valuation Date; or

- (ii) where no Underlying is designated to be the relevant FX Performance Rate in the applicable Issue Terms, the relevant FX Perf A Currency/FX Perf B Currency exchange rate specified in the applicable Issue Terms or, if a "mid" rate is specified, the average of the FX Perf A Currency/FX Perf B Currency exchange rates quoted on the FX Perf Designated Page (or such other page or service that may replace the FX Perf Designated Page for the purpose of displaying the relevant FX Perf A Currency/FX Perf B Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate) at the FX Perf Designated Time (in each case, as specified in the applicable Issue Terms) on the relevant FX Performance Valuation Date PROVIDED THAT if such rate cannot be determined as specified in this sub-paragraph (ii) it shall be determined by the Calculation Agent at such time(s), on such days and by reference to such source(s) as it deems appropriate.

"Specified FX Performance Valuation Date" means, in respect of an Interest Period and/or Interest Payment Date, any FX Performance Valuation Date 1 and FX Performance Valuation Date 2 specified for such Interest Period and/or Interest Payment Date in the applicable Issue Terms. In respect of any FX Performance Rate determined by reference to an Underlying which is an FX Rate, each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so specified and/or adjusted, an **"FX Performance Valuation Date"**.

"FX Performance Valuation Date 1" means, in respect of an Interest Period and/or Interest Payment Date, the date specified as such in the applicable Issue Terms.

"FX Performance Valuation Date 2" means, in respect of an Interest Period and/or Interest Payment Date, the date specified as such in the applicable Issue Terms.

4.19 Reserve Coupon Securities

Where the applicable Issue Terms specify the Reserve Coupon Securities Provisions to be applicable to the Securities (**Reserve Coupon Securities**), the definitions and provisions set out in this Valuation and Settlement Condition 4.19 (the **"Reserve Coupon Securities Provisions"**) shall apply in addition to the ACR Valuation and Settlement Conditions (as defined below).

(a) *Interest Rate for Reserve Coupon Securities*

Notwithstanding anything to the contrary in the Valuation and Settlement Conditions, the Interest Rate (the **"Adjusted Interest Rate"**) in respect of each Interest Period (n) to which the Reserve Coupon Securities Provisions apply (as specified in the applicable Issue Terms), the related Total Reserve Coupon will be determined by the Calculation Agent by reference to the following:

- (i) where "Relevant Option" is specified to be Option 1 in the applicable Issue Terms:
- (A) if, in respect of an Interest Period (n), ACR_n is greater than or equal to RCR:
- (1) AIR_n will be equal to RCR; and
- (2) TRC_n will be determined by the Calculation Agent by reference to the following formula:
- $$TRC_n = TRC_{(n-1)} + ACR_n - RCR; \text{ or}$$
- (B) if, in respect of an Interest Period (n), ACR_n is less than RCR, then:
- (1) AIR_n will be determined by the Calculation Agent by reference to the following formula:

$$AIR_n = \text{Min} [(ACR_n + TRC_{(n-1)})]; RCR]; \text{ and}$$

- (2) TRC_n will be determined by the Calculation Agent by reference to the following formula:

$$TRC_n = TRC_{(n-1)} + ACR_n - AIR_n; \text{ or}$$

- (ii) where "Relevant Option" is specified to be Option 2 in the applicable Issue Terms:

- (A) for any Interest Period (n) falling within the Initial Reserve Period:

- (1) if, in respect of an Interest Period (n), ACR_n is greater than or equal to zero:

(a) AIR_n will be equal to ACR_n ; and

(b) TRC_n will be equal to $TRC_{(n-1)}$; or

- (2) if, in respect of an Interest Period (n), ACR_n is less than zero:

(a) AIR_n will be equal to zero; and

(b) TRC_n will be determined by the Calculation Agent by reference to the following formula:

$$TRC_n = TRC_{(n-1)} + ACR_n; \text{ and}$$

- (B) for any Interest Period (n) falling during the period (the "**Remaining Reserve Period**") after the Initial Reserve Period,

- (1) AIR_n will be determined by the Calculation Agent by reference to the following formula:

$$AIR_n = \text{Max} \left[ACR_n + \frac{TCRA_{RPN}}{RPN}; 0 \right]$$

- (2) TRR_n for the purposes of Valuation and Settlement Condition 7(f) (*Redemption Reserve Securities*), where applicable, will be determined by the Calculation Agent by reference to the following:

(a) if ACR_n is less than zero, an amount determined by reference to the following formula:

$$TRR_n = TRR_{(n-1)} + AIR_n + ACR_n$$

(b) if ACR_n is greater than or equal to zero, TRR_n will be equal to zero; or

- (iii) where "Relevant Option" is specified to be Option 3 in the applicable Issue Terms:

- (A) if, in respect of an Interest Period (n), ACR_n is less than the Floor:

(1) AIR_n will be equal to the Floor; and

(2) TRC_n will be determined by the Calculation Agent by reference to the following formula:

$$TRC_n = TRC_{(n-1)} + \text{Floor} - ACR_n; \text{ or}$$

(B) if, in respect of an Interest Period (n), ACR_n is greater than or equal to the Floor, then:

(1) AIR_n will be determined by the Calculation Agent by reference to the following formula:

$$AIR_n = AIR_n - \text{Min} [TRC_{(n-1)}; (ACR_n - \text{Floor})]; \text{ and}$$

(2) TRC_n will be determined by the Calculation Agent by reference to the following formula:

$$TRC_n = TRC_{(n-1)} - \text{Min} [TRC_{(n-1)}; (ACR_n - \text{Floor})];$$

and the provisions of the Valuation and Settlement Conditions relating to the Actual Coupon Rate (the "**ACR Valuation and Settlement Conditions**") shall be subject to the provisions hereof.

Unless otherwise expressly provided in the applicable Pricing Supplement, any interest basis, other than Fixed Rate Securities in respect of which the applicable Issue Terms specify "Accrual" to be not applicable, Inflation Rate Securities and DIR Inflation Linked Securities, may be specified to be Reserve Coupon Securities.

(b) *Determination of the Interest Amount*

Subject as provided in this Valuation and Settlement Condition 4.19, the Interest Amount shall be determined as provided in the ACR Valuation and Settlement Conditions.

(c) *Definitions*

"**ACR_n**" or "**Actual Coupon Rate**" means, in respect of an Interest Period (n) to which the Reserve Coupon Securities Provisions apply (as specified in the applicable Issue Terms), the Interest Rate otherwise determined for such Interest Period (n) in accordance with the Valuation and Settlement Conditions prior to the application of the Reserve Coupon Securities Provisions set out in this Valuation and Settlement Condition 4.19 but applied either before or after, as specified in the applicable Issue Terms, the application of the FX Performance Securities Provisions for the relevant Interest Period (n).

"**Floor**" means the percentage specified in the applicable Issue Terms.

"**Initial Reserve Period**" means the period specified in the applicable Issue Terms.

"**RCR**" or "**Reserve Coupon Rate**" means the rate of interest specified in the applicable Issue Terms.

"**RPN**" means the number specified in the applicable Issue Terms, being the number of Interest Periods (n) falling within the Remaining Reserve Period.

"**TRC_(A)**" means the arithmetic average of the Total Reserve Coupons for each of the Interest Periods (n) in the Initial Reserve Period.

"**TRC_n**" or "**Total Reserve Coupon**" means, in respect of an Interest Period (n), a rate determined by the Calculation Agent as specified in Valuation and Settlement Condition 4.19(a) above.

"**TRC_(n-1)**" means, in respect of an Interest Period (n) (the "**Current Interest Period**"), the Total Reserve Coupon for the Interest Period (n) immediately preceding that Current Interest Period, PROVIDED THAT, "**TRC_(n-1)**" for the first Interest Period (n) to which the Reserve Coupon Securities Provisions apply shall be zero.

"**TRR_n**" or "**Total Redemption Reserve**" means, in respect of an Interest Period (*n*), a rate determined by the Calculation Agent as specified in Valuation and Settlement Condition 4.19(a)(ii)(B)(2) above.

"**TRR_(n-1)**" means, in respect of a Current Interest Period, the Total Reserve Coupon for the Interest Period (*n*) immediately preceding the Current Interest Period, PROVIDED THAT, "**TRR_(n-1)**" for the first Interest Period (*n*) in the Remaining Reserve Period shall be zero.

4.20 Global Interest Floor Securities

Where the applicable Issue Terms specify the Global Interest Floor Securities Provisions to be applicable to the Securities ("**Global Interest Floor Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.20 (the "**Global Interest Floor Securities Provisions**") shall apply in addition to the AIA Valuation and Settlement Conditions (as defined below) in respect of each Global Floor Period.

(a) *Interest Amount in respect of Final Interest Period for each Global Floor Period*

Notwithstanding anything to the contrary in the Valuation and Settlement Conditions (other than Valuation and Settlement Condition 4.24 (*Restructure Interest Rate Securities*)) and in respect of each Global Floor Period, the Interest Amount payable in respect of each Security and the Final Interest Period for such Global Floor Period will be an amount in the Settlement Currency calculated by the Calculation Agent equal to:

- (i) AIA; plus
- (ii) Max [Floor – Sum, 0]

(the resultant figure being rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and the provisions of the Valuation and Settlement Conditions relating to the Actual Interest Amount (the "**AIA Valuation and Settlement Conditions**") shall be subject to the provisions hereof.

(b) *Definitions*

"**AIA**" or "**Actual Interest Amount**" means, in respect of a Global Floor Period, the Interest Amount otherwise determined in respect of each Security and the relevant Final Interest Period in accordance with the Valuation and Settlement Conditions prior to the application of the Global Interest Floor Securities Provisions set out in this Valuation and Settlement Condition 4.20 but applied either before or after, as specified in the applicable Issue Terms, the application of the FX Performance Securities Provisions.

"**Final Interest Period**" means, in respect of a Global Floor Period, the Interest Period ending on (but excluding) the Interest Period End Date falling at the end of such Global Floor Period (the "**Global Period End Date**") or, if the final Interest Period in respect of the Securities does not end on (but exclude) the Global Floor Period End Date, such final Interest Period.

"**Floor**" means, in respect of a Global Floor Period, an amount in the Settlement Currency calculated by the Calculation Agent equal to the product of (a) the Calculation Amount and (b) the Floor Rate.

"**Floor Rate**" means, in respect of a Global Floor Period, the rate specified as such for such Global Floor Period in the applicable Issue Terms.

"**Global Floor Period**" means each period specified as such in the applicable Issue Terms. For the avoidance of doubt, there may be only a single Global Floor Period specified in respect of the Securities.

"Sum" means, in respect of a Global Floor Period, an amount in the Settlement Currency calculated by the Calculation Agent equal to the sum of:

- (i) the Actual Interest Amount; and
- (ii) the sum of the Interest Amount payable in respect of each Security for each Interest Period in such Global Floor Period other than the relevant Final Interest Period (or, if Interest Rollup is specified to be applicable in the applicable Issue Terms and in respect of the single Global Floor Period ending on (but excluding) the Maturity Date, the sum of the Interest Amounts accrued and calculated in respect of each Security for each Interest Period in such Global Floor Period other than the relevant Final Interest Period and, subject to this Valuation and Settlement Condition 4.20, payable on the Interest Payment Date falling on or around the Global Floor Period End Date).

4.21 Auto Floor Securities

Where the applicable Issue Terms specify the Auto Floor Securities Provisions to be applicable to the Securities ("**Auto Floor Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.21 (the "**Auto Floor Securities Provisions**") shall apply in addition to the AIA Valuation and Settlement Conditions (as defined below).

(a) *Interest Amount in respect of an Interest Payment Date for Auto Floor Securities*

Notwithstanding anything to the contrary in the Valuation and Settlement Conditions (other than Valuation and Settlement Condition 4.24 (*Restructure Interest Rate Securities*)), the Interest Amount payable in respect of each Security (the "**Adjusted Interest Amount**" or "**AIA_n**") in respect of each Interest Period (*n*) to which the Auto Floor Securities Provisions apply (as specified in the applicable Issue Terms) and the related Interest Payment Date will be an amount in the Settlement Currency determined by the Calculation Agent by reference to the following:

- (i) where Floorlets Number_(n-1) is greater than zero:
 - (A) if ACA_n is less than the Floor Amount:
 - (1) AIA_n will be equal to the Floor Amount; and
 - (2) Floorlets Number_n will be a number determined by the Calculation Agent by reference to the following formula:

$$\text{Floorlets Number}_{(n-1)} - 1.$$
 - (B) if ACA_n is greater than or equal to the Floor Amount:
 - (1) AIA_n will be equal to ACA_n ; and
 - (2) Floorlets Number_n will be equal to Floorlets Number_(n-1); or
- (ii) where Floorlets Number_(n-1) is less than or equal to zero:
 - (A) AIA_n will be equal to ACA_n ; and
 - (B) Floorlets Number_n will be equal to Floorlets Number_(n-1),

(the resultant figure for AIA_n being rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and the provisions of the Valuation and Settlement Conditions relating to the Actual Interest Amount (the "**AIA Valuation and Settlement Conditions**") shall be subject to the provisions hereof.

(b) *Determination of the Interest Amount*

Subject as provided in this Valuation and Settlement Condition 4.21, the Interest Amount shall be determined as provided in the AIA Valuation and Settlement Condition.

(c) *Definitions*

"**ACA_n**" or "**Actual Coupon Amount**" means, in respect of an Interest Period (*n*) to which the Auto Floor Securities Provisions apply (as specified in the applicable Issue Terms) and the related Interest Payment Date, the Interest Amount otherwise determined for such Interest Period (*n*) respect of each Security and such Interest Payment Date in accordance with the Valuation and Settlement Conditions prior to the application of the Auto Floor Securities Provisions set out in this Valuation and Settlement Condition 4.21 but applied either before or after, as specified in the applicable Issue Terms, the application of the FX Performance Securities Provisions for the relevant Interest Period (*n*).

"**Floor**" means the percentage specified in the applicable Issue Terms.

"**Floor Amount**" means an amount determined by the Calculation Agent as the product of (i) the Floor and (ii) the Calculation Amount.

"**Floorlets Number_n**" means, in respect of an Interest Period (*n*), a number determined by the Calculation Agent as specified in Valuation and Settlement Condition 4.21(a)

"**Floorlets Number_(n-1)**" means, in respect of an Interest Period (*n*) (the "**Current Interest Period**"), the Floorlets Number_n for the Interest Period (*n*) immediately preceding the Current Interest Period. "**Floorlets Number_(n-1)**" for the first Interest Period (*n*) to which the Auto Floor Securities Provisions apply shall be the Initial Floorlets Number.

"**Initial Floorlets Number**" is the number specified in the applicable Issue Terms.

4.22 Global Interest Cap Securities

Where the applicable Issue Terms specify the Global Interest Cap Securities Provisions to be applicable to the Securities ("**Global Interest Cap Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.21 (the "**Global Interest Cap Securities Provisions**") shall apply in addition to the AIA Valuation and Settlement Conditions (as defined below).

(a) *Interest Amount in respect of an Interest Payment Date for Global Interest Cap Securities*

Notwithstanding anything to the contrary in the Valuation and Settlement Conditions (other than Valuation and Settlement Condition 4.24 (*Restructure Interest Rate Securities*)), the Interest Amount payable in respect of each Security and an Interest Payment Date will be an amount in the Settlement Currency calculated by the Calculation Agent equal to the lesser of:

- (i) AIA; and
- (ii) $\text{Min} [\text{Cap} - \text{TAI}, 0]$

(the resultant figure being rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and the provisions of the Valuation and Settlement Conditions relating to the Actual Interest Amount (the "**AIA Valuation and Settlement Conditions**") shall be subject to the provisions hereof.

(b) *Definitions*

"**AIA**" or "**Actual Interest Amount**" means, in respect of an Interest Payment Date (the "**Relevant Interest Payment Date**"), the Interest Amount otherwise determined in respect of each Security and such Interest Payment Date in accordance with the Valuation and Settlement Conditions prior to the application of the Global Interest Cap Securities Provisions set out in this Valuation and Settlement Condition 4.21 (*Auto Floor Securities*) but applied either before or after, as specified in the applicable Issue Terms, the application of the FX Performance Securities Provisions.

"**Cap**" means an amount in the Settlement Currency calculated by the Calculation Agent equal to the product of (a) the Calculation Amount and (b) the Cap Rate.

"**Cap Rate**" means the rate specified as such in the applicable Issue Terms.

"**TAI**" or "**Total Actual Interest**" means an amount in the Settlement Currency calculated by the Calculation Agent equal to the sum of:

- (i) the Actual Interest Amount; and
- (ii) the sum of the Interest Amounts payable in respect of each principal amount of Securities equal to the Calculation Amount for each Interest Payment Date falling prior to the Relevant Interest Payment Date.

4.23 Auto Cap Securities

Where the applicable Issue Terms specify the Auto Floor Securities Provisions to be applicable to the Securities ("**Auto Floor Securities**"), the definitions and provisions set out in this Valuation and Settlement Condition 4.23 (the "**Auto Floor Securities Provisions**") shall apply in addition to the AIA Valuation and Settlement Conditions (as defined below).

(a) *Interest Amount in respect of an Interest Payment Date for Auto Cap Securities*

Notwithstanding anything to the contrary in the Valuation and Settlement Conditions (other than Valuation and Settlement Condition 4.24 (*Restructure Interest Rate Securities*)), the Interest Amount payable in respect of each Security (the "**Adjusted Interest Amount**" or "**AIA_n**") in respect of each Interest Period (n) to which the Auto Cap Securities Provisions apply (as specified in the applicable Issue Terms) and the related Interest Payment Date will be an amount in the Settlement Currency determined by the Calculation Agent by reference to the following:

- (i) where Caplets Number_(n-1) is greater than zero:
 - (A) if ACA_n is greater than the Cap Amount:
 - (1) AIA_n will be equal to ACA_n; and
 - (2) Caplets Number_n will be a number determined by the Calculation Agent by reference to the following formula:

$$\text{Caplets Number}(n-1) - 1.$$
 - (B) if ACA_n is less than or equal to the Cap Amount:
 - (1) AIA_n will be equal to the Cap Amount; and
 - (2) Caplets Number_n will be equal to Caplets Number_(n-1); or
- (ii) where Caplets Number_(n-1) is less than or equal to zero:
 - (A) AIA_n will be equal to the Cap Amount; and
 - (B) Caplets Number_n will be equal to Caplets Number_(n-1),

(the resultant figure for AIA_n being rounded to the nearest sub-unit of the relevant Settlement Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention) and the provisions of the Valuation and Settlement Conditions relating to the Actual Interest Amount (the "**AIA Valuation and Settlement Conditions**") shall be subject to the provisions hereof.

(b) *Determination of the Interest Amount*

Subject as provided in this Valuation and Settlement Condition 4.23, the Interest Amount shall be determined as provided in the AIA Valuation and Settlement Condition.

(c) *Definitions*

"ACA_n" or "**Actual Coupon Amount**" means, in respect of an Interest Period (*n*) to which the Auto Floor Securities Provisions apply (as specified in the applicable Issue Terms) and the related Interest Payment Date, the Interest Amount otherwise determined for such Interest Period (*n*) respect of each Security and such Interest Payment Date in accordance with the Valuation and Settlement Conditions prior to the application of the Auto Cap Securities Provisions set out in this Valuation and Settlement Condition 4.23 but applied either before or after, as specified in the applicable Issue Terms, the application of the FX Performance Securities Provisions for the relevant Interest Period (*n*).

"Cap" means the percentage specified in the applicable Issue Terms.

"Cap Amount" means an amount determined by the Calculation Agent as the product of (i) the Cap and (ii) the Calculation Amount.

"Caplets Number_n" means, in respect of an Interest Period (*n*), a number determined by the Calculation Agent as specified in Valuation and Settlement Condition 4.23(a).

"Caplets Number_(n-1)" means, in respect of an Interest Period (*n*) (the "**Current Interest Period**"), the Caplets Number_n for the Interest Period (*n*) immediately preceding the Current Interest Period. Caplets Number_(n-1) for the first Interest Period (*n*) to which the Auto Cap Securities Provisions apply shall be the Initial Caplets Number.

"Initial Caplets Number" is the number specified in the applicable Issue Terms.

4.24 Restructure Interest Rate Securities

Where the applicable Issue Terms specify the Restructure Interest Rate Securities Provisions to be applicable to the Securities ("**Restructure Interest Rate Securities**"), the provisions of this Valuation and Settlement Condition 4.24 (the "**Restructure Interest Rate Securities Provisions**") will apply in addition to the IR Valuation and Settlement Condition (as defined below).

(a) *Interest Rate for Restructure Interest Rate Securities*

If a sole Securityholder (the "**Sole Securityholder**") is the holder of all the outstanding Securities and gives a valid Restructure Rate Request to the Issuer in accordance with this Valuation and Settlement Condition 4.24 on a Valid Restructure Rate Request Business Day (the date on which such Restructure Rate Request is so given, the "**Restructure Rate Request Date**"), the Issuer will notify the Sole Securityholder by telephone of the relevant Restructure Rate (a "**Restructure Rate Telephone Quotation**") in accordance with this Valuation and Settlement Condition 4.24 on such Restructure Rate Request Date.

If:

- (i) during such Restructure Rate Telephone Quotation, the relevant Sole Securityholder Contact confirms the Sole Securityholder's acceptance of such Restructure Rate (a "**Restructure Rate Acceptance**"); and
- (ii) the Sole Securityholder has given a valid Holding Notice to the Issuer in accordance with this Valuation and Settlement Condition 4.24 on such Restructure Rate Request Date,

then:

- (x) notwithstanding anything to the contrary in the Valuation and Settlement Conditions, the Interest Rate in respect of each Interest Period comprising the relevant Restructure Rate Request Period will be equal to the relevant Restructure Rate and the Issuer shall make such adjustments to the Conditions of the Securities as it determines necessary or appropriate to reflect the application of the Restructure Rate (which adjustments may include, but shall not be limited to, adjustments to any Day Count Fraction, any Business Day Convention, the definition of Business Day, any Interest Determination Date and any other relevant methodology or definition for calculating the relevant Restructure Rate and the provisions of the Valuation and Settlement Conditions relating to the Interest Rate that would otherwise have been determined in respect of such Interest Period(s) shall be subject to the provisions hereof; and
- (y) the Issuer will give notice thereof (a "**Restructure Rate Request Confirmation**") to the Securityholders in accordance with General Condition 15 (*Notices*).

Subject as provided below, more than one valid Restructure Rate Request may be given in accordance with this Valuation and Settlement Condition 4.24 on the same Valid Restructure Rate Request Business Day and there is no limit on the number of such Restructure Rate Requests that may be given.

If a Maximum Number of Restructure Rate Acceptances is specified in the applicable Issue Terms, the number of valid Restructure Rate Acceptances given in accordance with this Valuation and Settlement Condition 4.24 during the term of the Securities (in aggregate, whether by the current and/or any prior Sole Securityholder) may not exceed such Maximum Number of Restructure Rate Acceptances and if the number of such valid Restructure Rate Acceptances is equal to such Maximum Number of Restructure Rate Acceptances, no further Restructure Rate Requests may be given. For the avoidance of doubt and subject as provided below, if no Maximum Number of Restructure Rate Acceptances is specified in the applicable Issue Terms (subject as provided below), there is no limit on the number of such Restructure Rate Acceptances or Restructure Rate Requests that may be given.

If a valid Restructure Rate Acceptance is given in accordance with this Valuation and Settlement Condition 4.24 in respect of any Interest Period(s), no subsequent Restructure Rate Request may be given in respect of such Interest Period(s).

For the avoidance of doubt any failure by the Issuer to give a Restructure Rate Request Confirmation shall not constitute an Event of Default under the Securities and shall not affect the validity of the application of the above provisions.

(b) *Determination of the Interest Amount*

Subject as provided in this Valuation and Settlement Condition 4.24, the Interest Amount shall be determined as provided in the Valuation and Settlement Condition (the "**IR Valuation and Settlement Condition**") relating to the Interest Rate otherwise applicable under the Securities.

(c) *Notices*

Notices to the Issuer

Subject to the following paragraph, any Restructure Rate Request or Holding Notice given by the Sole Securityholder to the Issuer pursuant to this Valuation and Settlement Condition 4.24:

- (i) must be by e-mail or letter delivered by hand to the e-mail address(s) or address and marked for the attention of the person(s) or department specified in the Issuer Notice Details in the applicable Issue Terms (or to such other details as the Issuer may notify to the Securityholders from time to time in accordance with General Condition 15 (*Notices*)); and
- (ii) will be deemed to have been given when despatched to the relevant email address (if by e-mail) or delivered (if by letter) but, in respect of a Business Day, will only be deemed to have been validly given on such Business Day if given on or prior to the relevant Notice Cut-Off Time on such Business Day (and, if by e-mail, PROVIDED THAT no delivery failure notification has been received by the sender immediately following despatch). The Issuer will not be liable to any person by reason of having accepted as valid or not rejected any certificate or document for the purposes of this Valuation and Settlement Condition 4.24 purporting to be issued by any relevant entity person and subsequently found to be forged or not authentic.

Notices to the Sole Securityholder

Subject to the following paragraph, any Restructure Rate Telephone Quotation given by the Issuer to the Sole Securityholder pursuant to this Valuation and Settlement Condition 4.24:

- (i) must be by telephone using one of the telephone number(s) specified for such purpose in the Sole Securityholder Notice Details and made to a Sole Securityholder Contact; and
- (ii) will be deemed to have been given when made but, in respect of a Business Day, will only be deemed to have been validly given on such Business Day if given on or prior to the relevant Notice Cut-Off Time on such Business Day.

If the Issuer has attempted, but has been unable to contact any Sole Securityholder Contact for the purposes of giving a Restructure Rate Telephone Quotation by the relevant Notice Cut-Off Time on a Business Day, the Issuer's obligation to give such Restructure Rate Telephone Quotation hereunder will be deemed satisfied notwithstanding this.

(d) *Definitions*

"Fixed Fee Amount" means the amount specified as such in the applicable Issue Terms.

"Holding Notice" means a notice containing satisfactory evidence to the Issuer of the Sole Securityholder's holding of all the Securities which, in the case of Securities represented by a Global Security may (at the Issuer's discretion) be in the form of a certification or other document from the Relevant Clearing System. If a Restructure Rate Request also contains such evidence, such Restructure Rate Request will also be deemed to be a Holding Notice.

"Notice Cut-Off Time" means:

- (i) in respect of a Restructure Rate Request, 12:00 p.m. (Central European time);
- (ii) in respect of a Restructure Rate Telephone Quotation, four hours after the relevant Restructure Rate Request is given in accordance with this Valuation and Settlement Condition 4.24; and

- (iii) in respect of a Holding Notice, no later than the time at which the relevant Restructure Rate Telephone Quotation is given in accordance with this Valuation and Settlement Condition 4.24.

Any notice required to be given in accordance with this Valuation and Settlement Condition 4.24 which does not comply with the applicable requirements above shall not be valid and shall be null and void and of no effect.

"Number of Basis Points" means the number of basis points specified as such in the applicable Issue Terms.

"Restructure Fee" means, in respect of a Restructure Rate, an amount in the Settlement Currency:

- (i) if "Fixed Restructure Fee" is specified as applicable in the applicable Issue Terms, equal to the Fixed Fee Amount; or
- (ii) if "Basis Points Restructure Fee" is specified as applicable in the applicable Issue Terms, calculated by the Issuer equal to the present value of the Number of Basis Points per annum on all the Securities outstanding for the tenor of the Securities remaining from (and including) the first day of the Interest Period next commencing after the Restructure Rate Request Date (or, if the Restructure Rate Request Date falls on the first day of an Interest Period, such Interest Period), discounted by a prevailing internal funding rate (which may be adjusted by a spread).

"Restructure Rate" means a fixed rate or floating/variable rate, determined by the Issuer acting in a commercially reasonable manner taking into consideration any factors it determines appropriate, including, without limitation:

- (i) the present value of the future Interest Amounts otherwise payable in respect of the Securities (taking into account any applicable caps and floors including, without limitation, any floor applied pursuant to the Global Interest Floor Securities Provisions and/or any cap applied pursuant to the Global Interest Cap Securities Provisions), discounted by a prevailing internal funding rate (which may be adjusted by a spread);
- (ii) any costs to the Issuer and/or any of its affiliates of establishing or unwinding any related hedging arrangements in connection with changing the relevant Interest Rate(s) to the Restructure Rate (taking into account, without limitation, the terms of any collateral arrangements in place between the parties to any such hedging arrangements and the difference(s) between the collateral terms of any such newly established hedging arrangements and any such unwound hedging arrangements);
- (iii) prevailing market conditions; and
- (iv) if one or more valid Restructure Rate Acceptances has already been given in accordance with this Valuation and Settlement Condition 4.24, a deduction to reflect the relevant Restructure Fee relating to such Restructure Rate Acceptances.

"Restructure Rate Request" means an irrevocable signed notice in such form as the Issuer may require at the relevant time (the form of which can be obtained from the Issuer Notice Details specified in the applicable Issue Terms):

- (i) specifying one or more future consecutive Interest Periods (together the **"Restructure Rate Request Period"**) commencing on or after the Restructure Rate Request Start Date;
- (ii) requesting that the Issuer proposes a Restructure Rate to be the Interest Rate in respect of each such Interest Period;

- (iii) specifying the telephone number(s) and person(s) (each a "**Sole Securityholder Contact**") to any of which the related Restructure Rate Telephone Quotation to the Sole Securityholder may be given (together the Sole Securityholder Notice Details); and
- (iv) which may include, without limitation, such representation(s), acknowledgement(s) and/or confirmation(s) as the Issuer may require in relation to the Sole Securityholder's holding and the beneficial ownership of the Securities and, in the event the Sole Securityholder later accepts the Restructure Rate, its agreement of the basis on which and market conditions in which the Restructure Rate has been provided and evidence of the due authorisation of the Sole Securityholder to request and accept a Restructure Rate and of the signatory of the Restructure Rate Request and each Sole Securityholder Contact, in each case as of the Restructure Rate Request Date.

For the avoidance of doubt, the form of Restructure Rate Request will reflect the Issuer's requirement(s) at the relevant time and accordingly may vary at different times.

"Restructure Rate Request Start Date" means the date specified as such in the applicable Issue Terms.

"Valid Restructure Rate Request Business Day" means, in respect of a Restructure Rate Request, any Business Day falling on or after the Issue Date and not less than 10 Business Days prior to the first day of the relevant Restructure Rate Request Period.

4.25 Change in Interest Basis

If any of "Switcher Option", "Automatic Change of Interest Basis" or "Lock-in Change of Interest Basis" (in each case, as described below) is specified to be applicable in the applicable Issue Terms in relation to the Securities, then the Securities may (at the option of the Issuer, in the case of the Switcher Option) or shall (in the case of Automatic Change of Interest Basis) or shall, on the occurrence of the relevant Lock-in Event (in the case of Lock-in Change of Interest Basis) have more than one interest basis applicable to different Interest Periods and/or Interest Payment Dates. In such case, the Valuation and Settlement Conditions applicable in relation to the particular type(s) of Securities and interest basis shall apply in respect of the relevant Interest Period(s) and/or Interest Payment Date(s) as specified in the Issue Terms.

(a) *Switcher Option*

If the applicable Issue Terms specify the Switcher Option to be applicable, the Issuer may, having given the number of days' notice specified in the applicable Issue Terms or, if none is so specified:

- (i) not less than, five nor more than 60 days' notice to the Securityholders in accordance with General Condition 15 (*Notices*); and
- (ii) not less than five days' notice to the Registrar (in the case of Registered Securities) or otherwise to the relevant Agent,

(which notices shall be irrevocable) exercise the option (a "**Switcher Option**") switch the interest basis (which may be a zero or an interest bearing basis) on the Securities from the existing interest basis (if any) to the New Interest Basis specified in the applicable Issue Terms. Any Switcher Option shall become effective from and including the Switcher Interest Commencement Date and the Securities shall cease to bear interest (if any) on the existing interest basis and shall bear interest at the New Interest Basis from and including the Switcher Interest Commencement Date.

If so specified in the applicable Issue Terms, the Issuer may be able to exercise the Switcher Option more than once and to one or more specified New Interest Basis (Bases).

If a "Conversion Amount per Calculation Amount payable by the Issuer" is specified in the applicable Issue Terms, the Issuer shall pay such amount per Calculation Amount to the Securityholders on the relevant Switcher Payment Date specified in the applicable Issue Terms, such payment to be made in accordance with and subject to the Conditions.

(b) *Automatic Change of Interest Basis*

If the applicable Issue Terms specify "Automatic Change of Interest Basis" to be applicable, then the Interest Rate or Interest Amount in respect of an Interest Period and/or Interest Payment Date will be determined in accordance with the interest basis applicable to such Interest Period and/or Interest Payment Date, which will be in respect of:

- (i) any Interest Payment Date, the interest basis set forth in the Interest Basis Table in the column entitled "Type of Securities" in the row corresponding to the date (specified in the column entitled "Interest Payment Date(s)") on which such Interest Payment Date is scheduled to fall; or
- (ii) (i) the Interest Period beginning on (and including) the relevant Interest Commencement Date and ending on (but excluding) the first succeeding Interest Period End Date after the Interest Commencement Date, the interest basis set forth in the Interest Basis Table in the column entitled "Type of Securities" in the row corresponding to the date (specified in the column entitled "Interest Period End Date") on which such first Interest Period End Date is scheduled to fall; and (ii) each successive Interest Period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date, the interest basis set forth in the Interest Basis Table in the column entitled "Type of Securities" in the row corresponding to the date (specified in the column entitled "Interest Period End Date") on which such next succeeding Interest Period End Date (on which such Interest Period ends) is scheduled to fall.

(c) *Lock-in Change of Interest Basis*

(i) Interest Basis

If the applicable Issue Terms specify Lock-in Change of Interest Basis to be applicable, then:

- (A) the initial interest basis (the "**Initial Interest Basis**") in respect of each Interest Period falling during the period beginning on (and including) the relevant Interest Commencement Date and ending on (but excluding) the first occurring Lock-in Date shall be the interest basis specified as such in the applicable Issue Terms (the "**Initial Interest Basis Period**"); and
- (B) following the occurrence of one or more Lock-in Events n , the interest basis that will apply in respect of each Interest Period falling during the period from (and including) the first occurring Lock-in Date to (but excluding) the immediately succeeding Lock-in Date (or, if none, the Maturity Date) and each subsequent period from (and including) a Lock-in Date to (but excluding) the immediately succeeding Lock-in Date (or, if none, the Maturity Date) (each a "**Changed Interest Basis Period**"), will be the interest basis for such Lock-in Event specified in the applicable Issue Terms (each a "**Changed Interest Basis**").

Unless otherwise expressly provided in the applicable Pricing Supplement, the Lock-in Change of Interest Basis Provisions may apply in respect of any

interest basis, other than Fixed Rate Securities in respect of which the applicable Issue Terms specify "Accrual" to be not applicable.

(ii) Satisfaction of the Lock-in Condition

"Lock-in Condition" means (and shall be deemed to be satisfied), in respect of a Lock-in Determination Date, if the relevant Lock-in Reference Observation on the relevant Lock-in Determination Date is:

- (A) if "Greater than the Lock-in Barrier" is specified under Lock-in Barrier Reference in the applicable Issue Terms, greater than the Lock-in Barrier;
- (B) if "Greater than or equal to the Lock-in Barrier" is specified under Lock-in Barrier Reference in the applicable Issue Terms, greater than or equal to the Lock-in Barrier;
- (C) if "Less than the Lock-in Barrier" is specified under Lock-in Barrier Reference in the applicable Issue Terms, less than the Lock-in Barrier; or
- (D) if "Less than or equal to the Lock-in Barrier" is specified under Lock-in Barrier Reference in the applicable Issue Terms, less than or equal to the Lock-in Barrier,

in each case, as determined by the Calculation Agent, subject as provided herein.

(d) *Determination of Lock-in Reference Observation and Lock-in Barrier*

For the purposes of the Conditions and, in particular in the case of paragraph (i) below, Valuation and Settlement Conditions 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and 4.6 (*Spread Securities*), the **"Lock-in Reference Observation"** and the **"Lock-in Barrier"** (including each Lock-in Specified Rate (as defined below)) shall each be specified in the applicable Issue Terms and may be:

- (i) either a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is: (A) a fixed rate (in the case of the Lock-in Barrier only), (B) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination (or any other type of determination) will apply, (C) a CMS Interest Rate, (D) a Spread Interest Rate, (E) a Relevant Spread Rate or (F) a Spread Reference Rate; or
- (ii) the Underlying Closing Level of an FX Rate,

in each case, on the relevant Lock-in Determination Date.

In relation to each Reference Rate (including the Lock-in Reference Observation and/or the Lock-in Barrier (and/or any Lock-in Specified Rate)), depending on which one of paragraph (i) (A), (B), (C), (D), (E) or (F) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including for any Lock-in Determination Date, the Interest Determination Date, any Margin, any Interest Participation Rate, any Spread Securities Provisions, any Minimum Reference Rate and/or any Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, Relevant Spread Rate or Spread Reference Rate (or any combination of the foregoing), in each case, as contained in the Conditions.

The Lock-in Barrier may also be the sum of more than one rate (each a **"Lock-in Specified Rate"**) or one rate less another rate (each a **"Lock-in Specified Rate"**).

In relation to each Reference Rate, such rate shall be a "Rate" for the purposes of the Conditions and in particular Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 12 (Rate Conditions). For the avoidance of doubt, where the Reference Rate (including the Lock-in Reference Observation and/or the Lock-in Barrier (and/or any Lock-in Specified Rate)) is to be determined by reference to either the relevant provisions relating to a Floating Interest Rate or CMS Interest Rate, all fallback provisions relating to a Floating Interest Rate, CMS Interest Rate or Spread Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such Reference Rate(s), as applicable.

In relation to each FX Rate, such rate shall be a "FX Rate" for the purposes of the Conditions and in particular Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*), the applicable Issue Terms will specify in relation to such FX Rate, all the relevant terms for such FX Rate, including the Lock-in Determination Date and any terms required for the purposes of the FX Rate Conditions, in each case, as contained in the Conditions.

(e) *Lock-in Determination Date*

In respect of any Lock-in Reference Observation or Lock-in Barrier (other than a Lock-in Barrier which is a fixed rate), the relevant "**Lock-in Determination Date**" shall be the date specified as such in the applicable Issue Terms (the "**Specified Lock-in Determination Date**") or, if such day is not a Scheduled Determination Date or is a Lock-in Determination Disrupted Day for such Lock-in Reference Observation or Lock-in Barrier, as applicable, the Lock-in Determination Date shall be:

- (i) If "Preceding Determination" is specified as the Determination Date Valuation Method for the relevant Lock-in Reference Observation or Lock-in Barrier in the applicable Issue Terms, the immediately preceding Scheduled Determination Date for such Lock-in Reference Observation or Lock-in Barrier which is not a Lock-in Determination Disrupted Day for such Lock-in Reference Observation or Lock-in Barrier; or
- (ii) if "Succeeding Determination" is specified as the Determination Date Valuation Method for the relevant Lock-in Reference Observation or Lock-in Barrier in the applicable Issue Terms:
 - (1) where the Lock-in Reference Observation or Lock-in Barrier, as the case may be, is comprised of one of more Reference Rates, the immediately succeeding Scheduled Determination Date for such Lock-in Reference Observation or Lock-in Barrier which is not a Lock-in Determination Disrupted Day for such Lock-in Reference Observation or Lock-in Barrier, PROVIDED THAT, if the relevant Reference Rate has not been determined prior to the day falling two Business Days prior to the scheduled date for payment of the relevant amount, the Calculation Agent shall determine the relevant Reference Rate at such time and by reference to such sources as it deems appropriate; or
 - (2) where the Lock-in Reference Observation or Lock-in Barrier, as the case may be, is an FX Rate, the provisions of Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*) shall apply.

Each such Lock-in Determination Date shall be deemed to be (i) in respect of a Reference Rate, an Interest Determination Date for the purposes of Underlying

Schedule 13 (Rate Conditions), Valuation and Settlement Conditions 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and 4.6 (*Spread Securities*) and Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*) and/or (ii) in respect of an FX Rate, a Valuation Date for the purposes of Underlying Schedule 9 (*FX Rate Conditions*).

(f) *Definitions*

"Lock-in Barrier *n*" means each Lock-in Barrier (where $n = 1 \dots k$) specified for the relevant Lock-in Condition *n* in the applicable Issue Terms.

"Lock-in Condition *n*" means, the Lock-in Condition determined by reference to the corresponding Lock-in Reference Observation *n* and Lock-in Barrier *n*, in each case, as specified in the applicable Issue Terms.

"Lock-in Date" means the date specified as such in the applicable Issue Terms.

"Lock-in Determination Disrupted Day" means, in respect of a Lock-in Reference Observation:

- (i) where the relevant Lock-in Reference Observation is comprised of one or more Reference Rates, a Disrupted Day (as defined in Underlying Schedule 12 (*Rate Conditions*)) for any of the Reference Rates comprising such Lock-in Reference Observation; or
- (ii) where the relevant Lock-in Reference Observation is comprised of an FX Rate, a Disrupted Day (as defined in Underlying Schedule 9 (*FX Rate Conditions*)) for such FX Rate.

"Lock-in Event" means, in respect of a Lock-in Determination Date, the satisfaction of the relevant Lock-in Condition on such Lock-in Determination Date.

"Lock-in Event *n*" means, in respect of a Lock-in Determination Date, the satisfaction of the corresponding Lock-in Condition *n* (where $n = 1 \dots k$) on such Lock-in Determination Date.

"Lock-in Reference Observation *n*" means each Lock-in Reference Observation (where $n = 1 \dots k$) specified for the relevant Lock-in Condition *n* in the applicable Issue Terms.

"Scheduled Determination Date" means, in respect of a Lock-in Reference Observation:

- (i) where the relevant Lock-in Reference Observation is comprised of one or more Reference Rates, a Scheduled Trading Day (as defined in Underlying Schedule 12 (*Rate Conditions*)) for all the Reference Rates comprising such Lock-in Reference Observation; or
- (ii) where the relevant Lock-in Reference Observation is comprised of an FX Rate, a Scheduled Trading Day (as defined in Underlying Schedule 9 (*FX Rate Conditions*)) for such FX Rate.

4.26 Multiple Interest Basis

If "Multiple Interest Basis" is specified to be applicable in the applicable Issue Terms in relation to one or more Interest Periods (each a "**MIB Interest Period**") or Interest Payment Dates (each a "**MIB Interest Payment Date**"), then the Securities shall have more than one interest basis applicable to each MIB Interest Period(s) and/or MIB Interest Payment Date(s) specified in the applicable Issue Terms and each Interest Amount shall be separately determined (including, but not limited to, for the purposes of determining any Minimum Interest Rate or Maximum Interest Rate) and paid in accordance with the relevant Valuation and Settlement Condition, and the Conditions shall be construed accordingly. For the avoidance of doubt, references in the

Conditions to "accrued interest" shall be deemed to be references to interest accrued pursuant to all the interest bases applicable to the relevant Interest Period.

4.27 Interest Rollup

If "Interest Rollup" is specified to be applicable in the applicable Issue Terms, then notwithstanding anything else in the Conditions, all Interest Amounts accrued and calculated in respect of each Interest Period during the term of the Securities shall be aggregated and shall not be paid until (i) the Maturity Date or (ii) where (a) a Mandatory Early Redemption Event is specified as applicable in the Issue Terms and a Mandatory Early Redemption Event occurs or (b) where Mandatory Early Redemption Provisions are specified as applicable and a Mandatory Early Redemption Barrier Event, a Mandatory Early Redemption Upper Barrier Event or a Mandatory Early Redemption Lower Barrier Event occurs, the Mandatory Early Redemption Date, or (iii) if the Securities are otherwise redeemed early and separate amounts in respect of accrued interest are specified to be payable on early redemption or the Early Termination Amount is defined to include an amount of accrued interest separate from any amounts in respect of principal or any option or interest on any option, the date of early redemption. For the avoidance of doubt, no additional interest shall accrue in respect of Interest Amounts accrued and calculated in respect of prior Interest Periods.

4.28 Zero Coupon Securities

If the applicable Issue Terms specify the Zero Coupon Securities Provisions to be applicable to the Securities (the "**Zero Coupon Securities**") and subject as provided in Schedule A (*Credit Linked Conditions*), then the Securities will not bear or pay any interest. The Early Termination Amount in respect of each Security will be the Amortised Face Amount, as further described in General Condition 6(e)(v) (*Early Termination Amount*) unless otherwise specified in the applicable Issue Terms.

4.29 Definitions

The following definitions apply in respect of all Securities, as relevant:

"**Almaty Banking Day**" means any calendar day (other than a Saturday and Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in Almaty, Kazakhstan.";

"**CMS Interest Rate**" means the rate of interest in respect of an Interest Period or any relevant day (including any Interest Payment Date) determined in accordance with Valuation and Settlement Condition 4.3 (*Interest on CMS Rate Securities*).

"**Day Count Fraction**" means, in respect of the calculation of an amount of interest on any Security for any period of time, whether or not constituting an Interest Period (the "**Calculation Period**"):

- (a) if "**Actual/Actual (ICMA)**" is specified in the applicable Issue Terms:
 - (i) in the case of Securities where the number of days in the Calculation Period is equal to or shorter than the Determination Period during which the Calculation Period ends, the number of days in such Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Issue Terms) that would occur in one calendar year; or
 - (ii) in the case of Securities where the Calculation Period is longer than the Determination Period during which the Calculation Period ends, the sum of:
 - (A) the number of days in such Calculation Period falling in the Determination Period in which the Calculation Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and

- (B) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year;
- (b) if "**Actual/Actual**" or "**Actual/Actual (ISDA)**" is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (x) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (y) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (c) if "**Actual/365 (Fixed)**" is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 365;
- (d) if "**Actual/365 (Sterling)**" is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of a payment falling in a leap year, 366;
- (e) if "**Actual/360**" is specified in the applicable Issue Terms, the actual number of days in the Calculation Period divided by 360;
- (f) if "**30/360**" is specified in the applicable Issue Terms in respect of Fixed Rate Securities, the number of days in the Calculation Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (g) if "**30/360**", "**360/360**" or "**Bond Basis**" is specified in the applicable Issue Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"**Y₂**" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**M₁**" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"**M₂**" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"**D₁**" is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31, in which case D₁ will be 30; and

"**D₂**" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (h) if "**30E/360**" or "**Eurobond Basis**" is specified in the applicable Issue Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - 1)] + (D_2 - 1)}{360} \text{ here:}$$

"**Y₁**" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number is 31, in which case D₂ will be 30;

- (i) if "**30E/360 (ISDA)**" is specified in the applicable Issue Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

"Y₁" is the year, expressed as a number, in which the first day of the Calculation Period falls;

"Y₂" is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"M₁" is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

"M₂" is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

"D₁" is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number is 31, in which case D₁ will be 30; and

"D₂" is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number is 31, in which case D₂ will be 30;

- (j) if "**Australian Bond Basis**" is specified in the applicable Issue Terms, one divided by the number of Interest Period End Dates in a year (or where the Calculation Period does not constitute an Interest Period, "Actual/Actual" as defined in sub paragraph (ii) above;
- (k) if **1/1** is specified in the applicable Issue Terms, 1;
- (l) if Calculation/252 is specified in the applicable Issue Terms, the actual number of Calculation Days in the Calculation Period divided by 252, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{D_{CDP}}{252}$$

where:

Calculation Days or D_{VD} is the number of Business Days in the Calculation Period; or

- (m) if RBA Bond Basis is specified in the applicable Issue Terms:

- (i) if the Calculation Periods are three months in length (excluding any shorter or longer first and last Calculation Period), 0.25, except that if the first Calculation Period or the last Calculation Period is less than three months, "Actual/Actual(ISDA)" shall apply to that Calculation Period;
- (ii) if the Calculation Periods are six months in length (excluding any shorter or longer first and last Calculation Period), 0.5, except that if the first Calculation Period or the last Calculation Period is less than six months, "Actual/Actual(ISDA)" shall apply to that Calculation Period; and
- (iii) if the Calculation Periods are twelve months in length (excluding any shorter or longer first and last Calculation Period), 1, except that if the first Calculation Period or the last Calculation Period is less than twelve months, "Actual/Actual(ISDA)" shall apply to that Calculation Period.

"Designated Maturity" means (i) for the purposes of a determination of a CMS Reference Rate, a period of time specified as such in the applicable Issue Terms corresponding to such CMS Reference Rate and (ii) for any other purposes, a period of time specified as such in the applicable Issue Terms.

"Determination Period" means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date).

"Final Interest Period End Date" means, for the purposes of calculating interest in respect of any Interest Period, the date an Interest Period ends on but excludes.

"Fixed Interest Rate" means the rate of interest in respect of an Interest Period and/or such Interest Payment Date in the applicable Issue Terms determined in accordance with Valuation and Settlement Condition 4.1 (*Interest on Fixed Rate Securities*).

"Floating Interest Rate" means the rate of interest in respect of an Interest Period and/or any relevant day (including any Interest Payment Date) determined in accordance with Valuation and Settlement Condition 4.2 (*Interest on Floating Rate Securities*).

"Interest Basis Table" means a table specified as such in the applicable Issue Terms.

"Interest Commencement Date" means the date of issue of the Securities (the **"Issue Date"**) or such other date as may be specified in the applicable Issue Terms. Where the Securities have more than one interest basis, an Interest Commencement Date will be specified in the applicable Issue Terms in respect of each such interest basis.

"Interest Determination Date" means:

- (i) if the applicable Issue Terms specify:
 - (A) "Daily Rate Determination" to be applicable, in respect of a Reference Rate for any relevant day, the Interest Determination Date shall be such relevant day; or
 - (B) "Periodic Rate Determination" to be applicable, in respect a Reference Rate for any relevant day, the Interest Determination Date shall be any date specified as such in the applicable Issue Terms; or
- (ii) if the applicable Issue Terms specify "As specified in Valuation and Settlement Condition 4.29 (*Definitions*)":
 - (A) if the Reference Rate is (i) (a) the SONIA Floating Rate, the fifth London Banking Day prior to the end of each Interest Period, or (b) the SONIA Index Floating Rate, the day falling the Relevant Number of London Banking Days

- prior to the relevant Final Interest Period End Date, or (ii) (a) the SOFR Floating Rate (except where "SOFR OIS Compounding" is specified as the Compounding Method in the applicable Issue Terms, in relation to which paragraph (iii) below shall apply), the Second U.S. Government Securities Business Day prior to the relevant Interest Payment Date, or (b) the SOFR Index Floating Rate, the day falling the Relevant Number of U.S. Government Securities Business Days prior to the relevant Final Interest Period End Date;
- (B) if the Reference Rate is EURIBOR, the second T2 Business Day prior to the start of each Interest Period;
 - (C) if the Reference Rate is the Stockholm interbank offered rate (STIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Stockholm prior to the start of each Interest Period;
 - (D) if the Reference Rate is the Norwegian interbank offered rate (NIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Oslo prior to the start of each Interest Period;
 - (E) if the Reference Rate is the Copenhagen interbank offered rate (CIBOR), the first day of each Interest Period;
 - (F) if the Reference Rate is the Romanian interbank offered rate (ROBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Bucharest prior to the start of each Interest Period;
 - (G) if the Reference Rate is the Tokyo interbank offered rate (TIBOR), the second day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in Tokyo prior to the start of each Interest Period;
 - (H) if the Reference Rate is the Hong Kong interbank offered rate (HIBOR), the first day of each Interest Period;
 - (I) if the Reference Rate is the Australian Bank Bill Swap Rate (BBSW), the first day of each Interest Period; or
 - (J) if the Reference Rate is the New Zealand Bank Bill reference rate (BKBM), the first day of each Interest Period; or
- (iii) if SOFR Floating Rate Determination, €STR Floating Rate Determination, SARON Floating Rate Determination or TONIA Floating Rate Determination applies and the Compounding Method is specified to be SOFR OIS Compounding, €STR OIS Compounding, SARON OIS Compounding or TONIA OIS Compounding (as applicable) in the applicable Issue Terms, the Interest Period End Date falling at the end of the relevant Interest Period (or such other date or dates, if any, specified as such in the applicable Issue Terms) PROVIDED THAT, in any such case, where such Compounding Method applies to the final Interest Period prior to the redemption of the Securities, the Interest Determination Date with respect to such final Interest Period will be the SOFR Reference Rate Cut-Off Date, the €STR Reference Rate Cut-Off Date, the SARON Reference Rate Cut-Off Date or the TONIA Reference Rate Cut-Off Date, respectively,
- or the date otherwise defined in these Terms and Conditions or specified in the applicable Issue Terms and, where the applicable Issue Terms specify one or more Reference Rates for an Interest Period or a relevant day or different Reference Rates for different Interest Periods or days, the Interest Determination Date will be construed in respect of each Reference Rate for each Interest Period or day.

"Interest Participation Rate" means, in respect of any Interest Rate or Reference Rate (each a **"Relevant Rate"**) for a relevant day (including an Interest Payment Date) and/or for an Interest Period ending on (but excluding) an Interest Period End Date, the amount or percentage rate specified as such in the applicable Issue Terms in respect of such Relevant Rate for such day and/or such Interest Period, or, if a Rate Table is set out in the applicable Issue Terms, each amount or percentage rate specified in the Rate Table in the column entitled "Interest Participation Rate" in the row corresponding to such day or corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall, PROVIDED THAT if the applicable Issue Terms specify Interest Participation Rate to be not applicable, it shall be deemed to be equal to one. Where the applicable Issue Terms specify more than one Interest Participation Rate for different Relevant Rates, the Interest Participation Rate will be construed to apply to each Relevant Rate for each relevant day (including an Interest Payment Date) and/or each Interest Period.

"Interest Payment Date" means:

- (i) if SOFR Floating Rate Determination, €STR Floating Rate Determination, SARON Floating Rate Determination or TONIA Floating Rate Determination applies and the Compounding Method is specified to be SOFR OIS Compounding, €STR OIS Compounding, SARON OIS Compounding or TONIA OIS Compounding (as applicable) in the applicable Issue Terms, and "Delayed Payment" also applies:

- (A) the date that is the number of Delayed Interest Payment Dates falling after the relevant Interest Period End Date, as specified in the applicable Issue Terms; or

- (B) if Delayed Interest Payment Dates are specified in the applicable Issue Terms to be "As specified in Valuation and Settlement Condition 4.29 (*Definitions*)": (a) in respect of SOFR, two U.S. Government Securities Business Days, (b) in respect of €STR, two T2 Business Days, (c) in respect of SARON, two Zurich Banking Days after the relevant Interest Period End Date and (d) in respect of TONIA, two Almaty Banking Days,

PROVIDED THAT, in each case, the Interest Payment Date with respect to the final Interest Period will be the Maturity Date or other date for redemption of the relevant Securities; or

- (ii) if ISDA Determination and OIS Compounding or Overnight Averaging applies and "Delayed Payment" also applies,

- (A) the date that is the number of Delayed Interest Payment Dates falling after the relevant Interest Period End Date, as specified in the applicable Issue Terms; or

- (B) if Delayed Interest Payment Dates are specified in the applicable Issue Terms to be "As specified in Valuation and Settlement Condition 4.29 (*Definitions*)": (a) in respect of SOFR, two U.S. Government Securities Business Days, (b) in respect of €STR, two T2 Business Days and (c) in respect of SARON, two Zurich Banking Days after the relevant Interest Period End Date,

PROVIDED THAT the Interest Payment Date with respect to the final Interest Period will be the Maturity Date or other date for redemption of the relevant Securities; or

- (iii) if a Specified Period is specified in the applicable Issue Terms, each date which falls the number of months or other period specified as the Specified Period in the applicable Issue Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, the Interest Commencement Date; or

- (iv) otherwise, the date(s) in each year specified as Interest Payment Date(s) in the applicable Issue Terms,

or otherwise, shall have the meaning given to it in the applicable Issue Terms.

"Interest Period" means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period End Date and each successive period beginning on (and including) an Interest Period End Date and ending on (but excluding) the next succeeding Interest Period End Date or the relevant payment date if the Securities are redeemed early other than on a scheduled date for redemption.

"Interest Period End Date" means each date specified as such in the applicable Issue Terms or, if none is so specified, each Interest Payment Date.

"Interest Rate" means (i) the Fixed Interest Rate, (ii) the Floating Interest Rate, (iii) the CMS Interest Rate or (iv) any other rate of interest payable from time to time in respect of the Securities and which is either specified, or calculated in accordance with the provisions, herein or specified in the applicable Issue Terms, and where more than one Interest Rate is so specified, the Interest Rate shall be the rate specified in respect of the relevant Interest Period and/or Interest Payment Date in the applicable Issue Terms.

"London Banking Day" or "LBD" means any calendar day (other than a Saturday and Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in London.

"Margin" means, in respect of any Interest Rate or Reference Rate (each a **"Relevant Rate"**) for a relevant day (including an Interest Payment Date) and/or for an Interest Period ending on (but excluding) an Interest Period End Date, the percentage rate specified as such in the applicable Issue Terms in respect of such Relevant Rate for such day and/or such Interest Period, which shall be preceded with either a "+" (plus) or a "-" (minus) sign (PROVIDED THAT if the applicable Issue Terms specify Margin to be not applicable in respect of such Relevant Rate, it shall be deemed to be equal to zero), or if a Rate Table is set out in the applicable Issue Terms, each percentage rate specified in the Rate Table in the column entitled "Margin" (which shall be preceded with either a "+" (plus) or a "-" (minus) sign) in the row corresponding to such day or corresponding to the date (specified in the column "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall. Where the applicable Issue Terms specify more than one Margin for different Relevant Rates, the Margin will be construed to apply to each Relevant Rate for each relevant day (including an Interest Payment Date) and/or each Interest Period.

"Maximum Interest Rate" means, in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), the amount specified as such in the applicable Issue Terms in respect of such Interest Period or day, or, if a Rate Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date, the amount set forth in the Rate Table in the column entitled "Maximum Interest Rate" in the row corresponding to such day or corresponding to the date (specified in the column entitled "Interest Period End Date(s)") on which such Interest Period End Date is scheduled to fall, provided in respect of Securities which are New York Law Securities, the Maximum Interest Rate shall be subject to the usury limits permitted by the law of the State of New York.

"Maximum Reference Rate" means, in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), the amount specified as such in the applicable Issue Terms in respect of such Interest Period or day, or, if a Rate Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date, the amount set forth in the Rate Table in the column entitled "Maximum Reference Rate" in the row corresponding to such day or corresponding to the date (specified in the column entitled "Interest Period End Date") on which such Interest Period End Date is scheduled to fall.

"Minimum Interest Rate" means, in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), the amount specified as such in the applicable Issue Terms in respect of such Interest Period or day, or, if a Rate Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date, the amount set forth in the Rate Table in the column entitled "Minimum Interest Rate" in the row corresponding to such day or corresponding to the date (specified in the column entitled "Interest Period End Date") on which such Interest Period End Date is scheduled to fall.

"Minimum Reference Rate" means, in respect of an Interest Period and/or any relevant day (including any Interest Payment Date), the amount specified as such in the applicable Issue Terms in respect of such Interest Period or day, or, if a Rate Table is set out in the applicable Issue Terms, in respect of each Interest Period ending on (but excluding) an Interest Period End Date, the amount set forth in the Rate Table in the column entitled "Minimum Reference Rate" in the row corresponding to such day or corresponding to the date (specified in the column entitled "Interest Period End Date") on which such Interest Period End Date is scheduled to fall.

"Page" means, in respect of a Reference Rate, such display page as may be specified in the applicable Issue Terms for the purpose of providing a Reference Rate, or (i) any successor display page, other published source, information vendor or provider that has been officially designated by the sponsor of the original display page or (ii) if the sponsor has not officially designated a successor display page, other published source, information vendor or provider (as the case may be), the successor display page, other published source, information vendor or provider, if any, designated by the relevant information vendor or provider (if different from the sponsor).

"Rate Table" means a table specified as such in the applicable Issue Terms.

"Reference Currency" means, in the case of the determination of a CMS Reference Rate, the currency specified as such in the applicable Issue Terms corresponding to such CMS Reference Rate.

"Reference Rate" shall be as defined in Valuation and Settlement Condition 10.3 (*Certain Defined Terms*).

"Relevant Financial Centre" means, (i) if the applicable Issue Terms specify "As specified in Valuation and Settlement Condition 4.29 (*Definitions*)", (a) Brussels, in the case of a determination of EURIBOR, (b) Stockholm, in the case of a determination of STIBOR, (c) Oslo, in the case of a determination of NIBOR, (d) Copenhagen, in the case of a determination of CIBOR, (e) Bucharest, in the case of a determination in ROBOR, (f) Tokyo, in the case of a determination of TIBOR, (g) Hong Kong, in the case of a determination of HIBOR, (h) Sydney, in the case of a determination of BBSW, (i) Wellington, in the case of a determination of BKBM, (j) London, in the case of a determination of SONIA and (k) New York City, in the case of a determination of SOFR, or (ii) such other centre as specified in the applicable Issue Terms.

"Specified Time" means (i) if the applicable Issue Terms specify "As specified in Valuation and Settlement Condition 4.29 (*Definitions*)", (a) in the case of EURIBOR, 11.00 a.m., (b) in the case of STIBOR, 11.00 a.m., (c) in the case of NIBOR, 12.00 noon, (d) in the case of CIBOR, 11.00 a.m., (e) in the case of ROBOR, 11.00 a.m., (f) in the case of TIBOR, 12.50 p.m., (g) in the case of HIBOR, 11.15 a.m., (h) in the case of BBSW, 12.00 noon, (i) in the case of BKBM, 11.00 a.m., (j) in the case of SONIA, 9.00 a.m. or (k) in the case of SOFR, 8.00 a.m., in each case in the Relevant Financial Centre, or (ii) the time in the place specified as such in the applicable Issue Terms.

"U.S. Government Securities Business Day" or **"USBD"** means any day except a Saturday, a Sunday or a day on which the Securities Industry and Financial Markets Association recommends that the fixed income departments of its members be closed for the entire day for purposes of trading in U.S. government securities.

"Zurich Banking Day" means any calendar day (other than a Saturday and Sunday) on which commercial banks are open for general business (including dealings in foreign exchange and foreign currency deposits) in Zurich, Switzerland.

4.30 Certificates and Notes – interpretation

For the avoidance of doubt, if the Securities are Certificates, each reference in this Valuation and Settlement Condition 4 (*Provisions relating to Interest*) to "interest", "Interest Payment Date", "Interest Period", "Interest Rate" and "Interest Underlying" (and related expressions) shall be construed to be to, respectively, "coupon amount", "Coupon Payment Date", "Coupon Period", "Coupon Rate" and "Coupon Underlying" or (in the case of Notes that are titled

"Certificates" and Italian Listed Certificates) to "premium", "Premium Payment Date", "Premium Period", "Premium Rate" and "Premium Underlying", and references to "maturity date" shall be construed to be to "final termination date".

In the case of Notes, references to a "Security" are references to a "Note representing a principal amount thereof equal to the Calculation Amount".

All related expressions herein or in the Fiscal Agency Agreement, any Global Security and any Securities in definitive form shall be construed accordingly.

5. Provisions relating to Mandatory Early Redemption

(a) *Mandatory Early Redemption Event*

If "Mandatory Early Redemption Event" is specified as applicable in the applicable Issue Terms and a Mandatory Early Redemption Event occurs, then for the purposes of Valuation and Settlement Condition 1.7 (*Mandatory Early Redemption Event*), each Security will be redeemed by payment of an amount equal to the relevant Mandatory Early Redemption Amount on the relevant Mandatory Early Redemption Date.

For the purposes hereof:

"Mandatory Early Redemption Amount" means, in respect of a Mandatory Early Redemption Date, the amount specified as such for such Mandatory Early Redemption Date in the applicable Issue Terms.

"Mandatory Early Redemption Condition" means, in respect of a Mandatory Early Redemption Date, whichever of Rollerball MER Condition or TARN MER Condition is specified as such for such Mandatory Early Redemption Date in the applicable Issue Terms or, in the case of Exempt Securities, any other condition specified as such for such Mandatory Early Redemption Date in the applicable Pricing Supplement.

"Mandatory Early Redemption Date" means each date specified as such in the applicable Issue Terms.

"Mandatory Early Redemption Event" means, in respect of a Mandatory Early Redemption Date, the satisfaction of the relevant Mandatory Early Redemption Condition.

(b) *Rollerball MER Condition*

(i) Satisfaction of the MER Condition

"Rollerball MER Condition" means (and shall be deemed to be satisfied), in respect of a Mandatory Early Redemption Date, if the Rollerball Reference Observation on the relevant MER Determination Date is:

- (A) if "Greater than the Rollerball Barrier" is specified under Rollerball Barrier Reference in the applicable Issue Terms, greater than the Rollerball Barrier;
- (B) if "Greater than or equal to the Rollerball Barrier" is specified under Rollerball Barrier Reference in the applicable Issue Terms, greater than or equal to the Rollerball Barrier;
- (C) if "Less than the Rollerball Barrier" is specified under Rollerball Barrier Reference in the applicable Issue Terms, less than the Rollerball Barrier; or
- (D) if "Less than or equal to the Rollerball Barrier" is specified under Rollerball Barrier Reference in the applicable Issue Terms, less than or equal to the Rollerball Barrier,

in each case, as determined by the Calculation Agent, subject as provided herein.

(ii) Determination of Rollerball Reference Observation and Rollerball Barrier

For the purposes of the Conditions and, in particular in the case of paragraph (A) below, Valuation and Settlement Conditions 4.1 (*Interest on Fixed Rate Securities*), 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and 4.6 (*Spread Securities*), the "**Rollerball Reference Observation**" and the "**Rollerball Barrier**" (including each Rollerball Specified Rate (as defined below)) shall each be specified in the applicable Issue Terms and may be either:

- (A) a "Reference Rate" and the applicable Issue Terms will specify whether such Reference Rate is: (I) a fixed rate (in the case of the Rollerball Barrier only), (II) a Floating Interest Rate and whether Screen Rate Determination or ISDA Determination will apply: (III) a CMS Interest Rate, (IV) a Spread Interest Rate, (V) a Relevant Spread Rate or (VI) a Spread Reference Rate; or
- (B) the Underlying Closing Level of an FX Rate,

in each case, on the relevant on the MER Determination Date.

The Rollerball Barrier may also be the sum of more than one Reference Rate (each a "**Rollerball Specified Rate**") or one Reference Rate less another Reference Rate (each a "**Rollerball Specified Rate**").

In relation to each Reference Rate (including the Rollerball Reference Observation and/or the Rollerball Barrier (and/or any Rollerball Specified Rate)), depending on which one of (A) (I), (II), (III), (IV), (V) or (VI) above is specified in relation to such Reference Rate, the applicable Issue Terms will specify in relation to such Reference Rate, all the relevant terms for such Reference Rate, including each MER Determination Date, any Margin, any Interest Participation Rate, any Spread Securities Provisions, any Minimum Reference Rate and/or any Maximum Reference Rate, in each case, in accordance with the relevant provisions for a Fixed Interest Rate, Floating Interest Rate, CMS Interest Rate, Spread Interest Rate, Relevant Spread Rate or Spread Reference Rate (or any combination of the foregoing), in each case, as contained in the Conditions.

In relation to each Reference Rate, such rate shall be a "Rate" for the purposes of the Conditions and in particular Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 12 (*Rate Conditions*). For the avoidance of doubt, where the Reference Rate (including the Rollerball Reference Observation and/or the Rollerball Barrier (and/or any Rollerball Specified Rate)) is to be determined by reference to either the relevant provisions for a Floating Interest Rate or CMS Interest Rate, all fallback provisions relating to a Floating Interest Rate or CMS Interest Rate, as applicable, as contained in the Valuation and Settlement Conditions shall also apply in relation to the determination of such Reference Rate(s), as applicable.

In relation to each FX Rate, such rate shall be a "FX Rate" for the purposes of the Conditions and in particular Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*)), the applicable Issue Terms will specify in relation to such FX Rate, all the relevant terms for such FX Rate, including each MER Determination Date (which shall be deemed to be a Valuation Date for the

purposes of Underlying Schedule 9 (*FX Rate Conditions*)) and any terms required for the purposes of the FX Rate Conditions, in each case, as contained in the Conditions.

A different Rollerball Reference Observation and/or Rollerball Barrier may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

(iii) MER Determination Date

In respect of a Mandatory Early Redemption Date and any Rollerball Reference Observation or Rollerball Barrier (other than a Rollerball Barrier which is a fixed rate) relating to such Mandatory Early Redemption Date, the relevant **MER Determination Date** shall be the date specified as such for such Mandatory Early Redemption Date in the applicable Issue Terms (the "**Specified MER Determination Date**") or, if such day is not a Scheduled Determination Date or is a Rollerball Determination Disrupted Day for such Rollerball Reference Observation or Rollerball Barrier, as applicable, the MER Determination Date shall be:

- (A) if "Preceding Determination" is specified as the Determination Date Valuation Method for the relevant Rollerball Reference Observation or Rollerball Barrier in the applicable Issue Terms, the immediately preceding Scheduled Determination Date for such Rollerball Reference Observation or Rollerball Barrier (other than a Rollerball Barrier which is a fixed rate) which is not a Rollerball Determination Disrupted Day for such Rollerball Reference Observation or Rollerball Barrier; or
- (B) if "Succeeding Determination" is specified as the Determination Date Valuation Method for the relevant Rollerball Reference Observation or Rollerball Barrier in the applicable Issue Terms,
 - (a) where the Rollerball Reference Observation or Rollerball Barrier, as the case may be, is comprised of one or more Reference Rates, the immediately succeeding Scheduled Determination Date for such Rollerball Reference Observation or Rollerball Barrier which is not a Rollerball Determination Disrupted Day for such Rollerball Reference Observation or Rollerball Barrier, PROVIDED THAT, if the relevant Reference Rate has not been determined prior to the day falling two Business Days prior to the scheduled date for payment of the relevant amount, the Calculation Agent shall determine the relevant Reference Rate at such time and by reference to such sources as it deems appropriate; or
 - (b) where the Rollerball Reference Observation or Rollerball Barrier, as the case may be, is an FX Rate, the provisions of Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*) shall apply.

Each such MER Determination Date shall be deemed to be (i) in respect of a Reference Rate, an Interest Determination Date for the purposes of Underlying Schedule 12 (*Rate Conditions*), Valuation and Settlement Conditions 4.2 (*Interest on Floating Rate Securities*), 4.3 (*Interest on CMS Rate Securities*) and 4.6 (*Spread Securities*) and Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*) and/or (ii) in respect of an FX Rate, a Valuation Date for the purposes of Valuation and Settlement

Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and Underlying Schedule 9 (*FX Rate Conditions*).

(iv) Definitions

"Rollerball Determination Disrupted Day" means, in respect of a Rollerball Reference Observation or Rollerball Barrier:

- (i) where the relevant Rollerball Reference Observation or Rollerball Barrier is comprised of one or more Reference Rates, a Disrupted Day (as defined in Underlying Schedule 12 (*Rate Conditions*)) for any of the Reference Rates comprising such Rollerball Reference Observation or Rollerball Barrier, as the case may be; or
- (ii) where the relevant Rollerball Reference Observation or Rollerball Barrier is comprised of an FX Rate, a Disrupted Day (as defined in Underlying Schedule 9 (*FX Rate Conditions*)) for such FX Rate.

"Scheduled Determination Date" means, in respect of a Rollerball Reference Observation or Rollerball Barrier:

- (i) where the relevant Rollerball Reference Observation or Rollerball Barrier is comprised of one or more Reference Rates, a Scheduled Trading Day (as defined in Underlying Schedule 12 (*Rate Conditions*)) for all the Reference Rates comprising such Rollerball Reference Observation or Rollerball Barrier, as the case may be; or
- (ii) where the relevant Rollerball Reference Observation or Rollerball Barrier is comprised of an FX Rate, a Scheduled Trading Day (as defined in Underlying Schedule 9 (*FX Rate Conditions*)) for such FX Rate.

(c) *TARN MER Condition*

"TARN MER Condition" means, in respect of a Mandatory Early Redemption Date, the sum of the interest payable in respect of the Interest Payment Date falling on or about such Mandatory Early Redemption Date and (ii) each Interest Payment Date falling prior to such Mandatory Early Redemption Date, other than any Excluded Interest Amount specified in the applicable Issue Terms, is equal to or greater than the relevant TARN Rate specified in the applicable Issue Terms.

A different TARN Rate may apply in respect of different Interest Periods, as specified in the applicable Issue Terms.

6. **Provisions relating to Optional Early Redemption**

(a) *Optional Early Redemption Event*

If "Optional Early Redemption Event" is specified as applicable in the applicable Issue Terms and an Optional Early Redemption Event occurs, then for the purposes of Valuation and Settlement Condition 1.8 (*Optional Early Redemption Event*), each Security will be redeemed by payment of an amount equal to the relevant Optional Early Redemption Amount on the relevant Optional Early Redemption Date.

For the purposes hereof:

"Optional Early Redemption Amount" means the amount specified as such in the applicable Issue Terms, which may be the OER FMV Amount if so specified in the applicable Issue Terms.

"Optional Early Redemption Condition" means the OER Underlying Trigger Condition, if specified as such in the applicable Issue Terms or, in the case of Exempt Securities, any other condition specified as such in the applicable Pricing Supplement.

"Optional Early Redemption Date" means each date specified as such in the applicable Issue Terms.

"Optional Early Redemption Event" means the satisfaction of the relevant Optional Early Redemption Condition.

(b) *OER Underlying Trigger Condition*

(i) Satisfaction of the OER Underlying Trigger Condition

"OER Underlying Trigger Condition" means (and shall be deemed to be satisfied) if either:

- (i) the Security FMV on any OER Determination Date is (i) less than or (ii) equal to or less than (as specified for the Security FMV Trigger Level in the applicable Issue Terms) the Security FMV Trigger Level; or
- (ii) the OER Reference Level on any OER Valuation Date is (i) less than or (ii) equal to or less than (as specified for the OER Underlying FMV Trigger Level in the applicable Issue Terms) the OER Underlying FMV Trigger Level,

in each case, as determined by the Calculation Agent.

(ii) Definitions

"OER Determination Date" means, unless otherwise specified in the applicable Issue Terms, any Business Day during the relevant OER Period.

"OER FMV Amount" means, in respect of a Security, the fair market value of such Security on such date as is determined by the Calculation Agent, taking into account the value of the OER Underlying on such date, less the proportionate cost to the Issuer and/or its Affiliates of unwinding any underlying and/or related hedging and funding arrangements in respect of the Securities, converted, where applicable, into the DC Relevant Currency at the prevailing currency exchange rate(s), all as determined by the Calculation Agent at such time and by reference to such sources as it determines appropriate.

"OER Period" means the period specified in the applicable Issue Terms.

"OER Reference Level" means, in respect of the OER Underlying and an OER Valuation Date, the Underlying Closing Level of such OER Underlying on such OER Valuation Date.

"OER Underlying Currency" means the currency specified as such in the applicable Issue Terms.

"OER Underlying Currency Exchange Rate" means, in respect of any day and unless otherwise specified in the applicable Issue Terms, the prevailing exchange rate for the conversion of one unit of the Settlement Currency or, if the Securities are Dual Currency Securities, the DC Relevant Currency into the OER Underlying Currency, as determined by the Calculation Agent at such time on such day and by reference to such sources as it determines appropriate (including by reference to the inverse of the prevailing exchange rate for conversion of one unit of the OER Underlying Currency into the

Settlement Currency or, if the Securities are Dual Currency Securities, the DC Relevant Currency).

"OER Underlying FMV Trigger Level" means the percentage of the par or notional value of the relevant OER Underlying specified in the applicable Issue Terms.

"OER Valuation Date" means each date specified as such in the applicable Issue Terms. Each such date shall be deemed to be a Valuation Date for the purposes of Valuation and Settlement Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and the relevant Underlying Schedule.

"Security FMV" means, in respect of a Security and an OER Valuation Date, the fair market value of such Security on such OER Valuation Date, including or excluding (as specified in the applicable Issue Terms) amounts in respect of accrued interest and taking into account the value of the OER Underlying on such date, less the proportionate cost to the Issuer and/or its Affiliates of unwinding any underlying and/or related hedging and funding arrangements in respect of the Securities, converted, where the Securities are Dual Currency Securities, into the DC Relevant Currency at the Initial FX Rate (the **"DC Relevant Currency Calculation Amount"**) and/or, if "OER Underlying Currency Conversion" is specified as applicable in the applicable Issue Terms, such amount, (where applicable, as so converted) converted into the OER Underlying Currency at the OER Underlying Currency Exchange Rate on such OER Valuation Date, all as determined by the Calculation Agent at such time and by reference to such sources as it determines appropriate.

"Security FMV Trigger Level" means the percentage of the Calculation Amount or, where the Securities are Dual Currency Securities, the DC Relevant Currency Calculation Amount specified in the applicable Issue Terms, converted, if "OER Underlying Currency Conversion" is specified as applicable in the applicable Issue Terms, into the OER Underlying Currency at the OER Underlying Currency Exchange Rate on the Trade Date.

7. Provisions relating to Redemption Amounts

For the purposes of Valuation and Settlement Condition 1.9(a)(i)(C), where the Securities are not specified to be Preference Share Linked Securities and Redemption Barrier Event is not specified as applicable in the applicable Issue Terms and the Securities are specified in the applicable Issue Terms to be DIR Inflation Linked Redemption Securities, Inflation Linked Redemption Securities, Lock-in Redemption Securities, Rate Linked Redemption Securities or Interest Linked Redemption Securities, the Securities will be redeemed at the Redemption Amount determined in accordance with this Valuation and Settlement Condition 7 (*Provisions relating to Redemption Amounts*).

(a) *DIR Inflation Linked Redemption*

Where the Securities are expressed in the applicable Issue Terms to be DIR Inflation Linked Securities and the Redemption Amount is specified in the applicable Issue Terms to be the DIR Inflation Linked Redemption Amount, each Security shall be redeemed on the Maturity Date at an amount determined by reference to the following formula, PROVIDED THAT the Redemption Amount is subject to, in each case if specified in the applicable Issue Terms, a minimum of the Minimum Redemption Amount and a maximum of the Maximum Redemption Amount:

$$\begin{aligned} & \text{Calculation Amount} \times (\text{DIR Index Ratio} + \text{Margin}) \\ & \times \text{Redemption Participation Rate} \end{aligned}$$

where:

"Base Index Figure" shall be as specified in the applicable Issue Terms.

"DIR Index" means any Underlying which is an Inflation Index and is designated as the DIR Index in the applicable Issue Terms.

"DIR Index Figure" means, for the purposes of calculating the Redemption Amount, a figure calculated in accordance with the following formula:

$$\text{Index Month X} + \frac{(\text{Day of Maturity Date} - 1)}{\text{Days in month of Maturity Date}} \times (\text{Index Month Y} - \text{Index Month X})$$

"DIR Index Ratio" for the purposes of calculating the Redemption Amount means the DIR Index Figure divided by the Base Index Figure.

"Index Month X" means the Underlying Closing Level of the DIR Index for the month that is the number of calendar months prior to the month in which the Maturity Date falls, such number being as specified under Index Month X in the applicable Issue Terms. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Index Month Y" means the Underlying Closing Level of the DIR Index for the month that is the number of calendar months prior to the month in which the Maturity Date falls, such number being as specified under Index Month Y in the applicable Issue Terms and which shall be the month falling one month after Index Month X. Such date shall be deemed to be a Specified Valuation Date for the purpose of, and subject to adjustment as provided in, the Conditions.

"Margin" means the percentage rate (which may be positive or negative) specified as such in the applicable Issue Terms.

"Maximum Redemption Amount" shall be as specified in the applicable Issue Terms.

"Minimum Redemption Amount" shall be as specified in the applicable Issue Terms.

"Redemption Participation Rate" means the percentage rate specified as such in the applicable Issue Terms PROVIDED THAT, where "Not Applicable" is specified in the applicable Issue Terms, the Redemption Participation Rate shall be 100 per cent..

(b) *Inflation Linked Redemption Securities*

Where the Securities are expressed in the applicable Issue Terms to be Inflation Linked Securities and the applicable Issue Terms specify the Inflation Linked Redemption Provisions to be applicable to the Securities ("**Inflation Linked Redemption Securities**"), each Security shall be redeemed on the Maturity Date at an amount (the "**Inflation Linked Redemption Amount**") determined by reference to the following formula, PROVIDED THAT the Inflation Linked Redemption Amount is subject to, if specified in the applicable Issue Terms, a minimum of the Minimum Redemption Amount:

$$\text{Calculation Amount} \times \text{ILR Adjustment Ratio}$$

where:

"Final ILR Inflation Level" means, for the purposes of calculating the Redemption Amount, the Underlying Closing Level of the ILR Index on the Final ILR Valuation Date.

"Final ILR Valuation Date" means the date specified as such in the applicable Issue Terms. Such date shall be deemed to be a Valuation Date for the purposes of Valuation and Settlement Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and the relevant Underlying Schedule.

"ILR Index" means any Underlying which is an Inflation Index and is designated as the Relevant Inflation Index in the applicable Issue Terms.

"ILR Adjustment Ratio" for the purposes of calculating the Redemption Amount means the Final Inflation Level divided by the Initial Inflation Level.

"Initial ILR Inflation Level" means, for the purposes of calculating the Redemption Amount, either (i) if the Initial ILR Inflation Level is specified in the applicable Issue Terms to be "As specified in Valuation and Settlement Condition 7(b), the Underlying Closing Level of the ILR Index on the Initial ILR Valuation Date or (ii) the level specified as such in the applicable Issue Terms.

"Initial ILR Valuation Date" means the date specified as such in the applicable Issue Terms. Such date shall be deemed to be a Valuation Date for the purposes of Valuation and Settlement Valuation and Settlement Condition 2 (*Underlying Valuation Provisions and Fallback Provisions for Securities other than Underlying Linked Securities*) and the relevant Underlying Schedule.

"Minimum Redemption Amount" shall be as specified in the applicable Issue Terms.

(c) *Lock-in Redemption Securities*

Where the Securities are expressed in the applicable Issue Terms to be Lock-in Redemption Securities and the Redemption Amount is specified in the applicable Issue Terms to be the Lock-in Redemption Amount, each Security shall be redeemed on the Maturity Date at an amount determined by reference to the following:

- (i) if one or more Lock-in Event(s) (as defined in Valuation and Settlement Condition 4.25(c) (*Lock-in Change of Interest Basis*)) have occurred, the Redemption Amount in respect of each Security shall be an amount determined by the Calculation Agent by reference to the following formula:

Calculation Amount x Relevant Lock-in Percentage; or

- (ii) if no Lock-in Event has occurred and:

- (A) the Lock-in Final Level is less than or equal to the Lock-in Redemption Barrier, the Redemption Amount in respect of each Security shall be an amount determined by the Calculation Agent by reference to the following formula:

Calculation Amount x Relevant Percentage; or

- (B) the Lock-in Final Level is greater than the Lock-in Redemption Barrier, the Redemption Amount in respect of each Security shall be an amount determined by the Calculation Agent by reference to the following formula:

Calculation Amount x Lock in Performance x RPR,

PROVIDED THAT the Redemption Amount is subject to, if specified in the applicable Issue Terms, a minimum of the Minimum Redemption Amount and a maximum of the Maximum Redemption Amount.

Where:

"Lock-in Final Level" means, in respect of the Underlying, the Underlying Closing Level of the Underlying on the Specified Lock-in Final Valuation Date.

"Lock-in Performance" means, in respect of the Underlying, an amount expressed as a percentage and determined by reference to the following formula:

$$\frac{\text{Lock-in Strike Level}}{\text{Lock-in Final Level}}$$

"Lock-in Redemption Barrier" means the rate specified in the applicable Issue Terms.

"Lock-in Strike Level" means, in respect of the Underlying, the amount specified for the Underlying in the applicable Issue Terms.

"Maximum Redemption Amount" shall be as specified in the applicable Issue Terms.

"Minimum Redemption Amount" shall be as specified in the applicable Issue Terms.

"Redemption Participation Rate" or **"RPR"** means the percentage rate (if any) specified as such in the applicable Issue Terms PROVIDED THAT, where "Not Applicable" is specified in the applicable Issue Terms, the Redemption Participation Rate shall be 100 per cent..

"Relevant Lock-in Percentage" means the percentage specified in the applicable Issue Terms.

"Relevant Percentage" means the percentage specified in the applicable Issue Terms.

"Specified Lock-in Final Valuation Date" means the final Lock-in Determination Date determined in accordance with the provisions of Valuation and Settlement Condition 4.25(c) (*Lock-in Change of Interest Basis*).

(d) *Rate Linked Redemption Securities*

Where the Securities are expressed in the applicable Issue Terms to be Rate Linked Redemption Securities and the Redemption Amount is specified in the applicable Issue Terms to be the Rate Linked Redemption Amount, each Security shall be redeemed on the Maturity Date at an amount determined by reference to the following formula:

$$\text{Calculation Amount} \times [100\% + \{\text{Lev} \times (\text{RL Final Level} + \text{Margin})\}]$$

PROVIDED THAT the Redemption Amount is subject to, if specified in the applicable Issue Terms, a minimum of the Minimum Redemption Amount and a maximum of the Maximum Redemption Amount.

Where:

"Lev" means the leverage specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that Lev is Not Applicable, Lev shall be 100 per cent..

"Maximum Redemption Amount" shall be as specified in the applicable Issue Terms.

"Margin" means the percentage rate (which may be positive or negative) specified as such in the applicable Issue Terms PROVIDED THAT if the applicable Issue Terms specifies that Margin is Not Applicable, Margin shall be 0 (zero) per cent..

"Minimum Redemption Amount" shall be as specified in the applicable Issue Terms.

"Redemption Rate" means the Underlying classified as such in the applicable Issue Terms.

"Redemption Rate UCL" means, in respect of the Redemption Rate and the RL Valuation Date, the Underlying Closing Level for such Underlying in respect of the RL Valuation Date.

"Redemption Rate 1" means the Underlying classified as such in the applicable Issue Terms.

"Redemption Rate 1 UCL" or "RR1 UCL" means, in respect of Redemption Rate 1 and the RL Valuation Date, the Underlying Closing Level for such Underlying in respect of the RL Valuation Date.

"Redemption Rate 2" means the Underlying classified as such in the applicable Issue Terms.

"Redemption Rate 2 UCL" or "RR2 UCL" means, in respect of Redemption Rate 2 and the RL Valuation Date, the Underlying Closing Level for such Underlying in respect of the RL Valuation Date.

"RL Final Level" means, in respect of the RL Valuation Date, a percentage (which may be positive, zero or negative) determined by the Calculation Agent by reference to the following:

- (i) where "Single Rate" is specified as applicable in the applicable Issue Terms, the Redemption Rate UCL; or
- (ii) where "Spread Rate" is specified as applicable in the applicable Issue Terms, a percentage determined by the Calculation Agent by reference to the following formula:

$$\text{RR1 UCL} - \text{RR2 UCL}.$$

"RL Valuation Date" means, in respect of an Underlying and subject as set out below, the date specified as the "Specified RL Valuation Date" in the applicable Issue Terms. Such date shall be a Specified Valuation Date for the purposes of the Conditions and shall be adjusted as set out in these Valuation and Settlement Conditions and the applicable Issue Terms.

(e) *Interest Linked Redemption Securities*

Where the Securities are expressed in the applicable Issue Terms to be Interest Linked Redemption Securities and the Redemption Amount of the Securities is specified in the applicable Issue Terms to be the Interest Linked Redemption Amount, each Security shall be redeemed on the Maturity Date at an amount determined by reference to the following formula:

$$\text{Calculation Amount} + \text{SumAIA}$$

PROVIDED THAT the Redemption Amount is subject to, if specified in the applicable Issue Terms, a minimum of the Minimum Redemption Amount and a maximum of the Maximum Redemption Amount.

For the avoidance of doubt, if the Securities are Global Interest Floor Securities, the Redemption Amount cannot be specified to be the Interest Linked Redemption Amount.

Where:

"AIA" or "Actual Interest Amount" means, in respect of an Interest Period, the Interest Amount determined in respect of each Security and such Interest Period in accordance with the Valuation and Settlement Condition relating to the Actual Interest Amount (the **"AIA Valuation and Settlement Schedule"**). Each Actual Interest Amount shall be determined as provided in the applicable Issue Terms and the AIA Valuation and Settlement Condition. However, notwithstanding anything to the contrary in the Conditions, no Interest Amount shall be payable in respect of the Securities on any Interest Payment Date and the Conditions shall be construed accordingly. In respect of an Interest Amount, the Minimum Interest Amount shall be deemed to be 'Not Applicable'.

"**SumAIA**" means the sum of the AIA determined in respect of each Interest Period (which may be a positive or negative value or zero).

"**Maximum Redemption Amount**" shall be as specified in the applicable Issue Terms.

"**Minimum Redemption Amount**" shall be as specified in the applicable Issue Terms.

(f) *Redemption Reserve Securities*

Where the Securities are expressed in the applicable Issue Terms to be Redemption Reserve Securities and the Redemption Amount of the Securities is specified in the applicable Issue Terms to be the Redemption Reserve Amount, each Security shall be redeemed on the Maturity Date at an amount determined by reference to the following formula:

- (i) where "Relevant Redemption Option" is specified to be Option 1 or Option 2 in the applicable Issue Terms, an amount determined by the Calculation Agent by reference to the following formula:

Calculation Amount x (100% + Redemption Reserve Amount); or

- (ii) where "Relevant Option" is specified to be Option 3 in the applicable Issue Terms, an amount determined by the Calculation Agent by reference to the following formula:

Calculation Amount x (100% – Redemption Reserve Amount),

PROVIDED THAT the Redemption Amount is subject to, if specified in the applicable Issue Terms, a minimum of the Minimum Redemption Amount and a maximum of the Maximum Redemption Amount and provided further that, Redemption Reserve Securities may only also be Reserve Coupon Securities.

Where:

"**Redemption Reserve Amount**" means:

- (i) where "Relevant Redemption Option" is specified to be Option 1 or Option 3 in the applicable Issue Terms, TRC_n in respect of the final Interest Period determined as specified in Valuation and Settlement Condition 4.19 (*Reserve Coupon Securities*) above; or
- (ii) where "Relevant Redemption Option" is specified to be Option 2 in the applicable Issue Terms, the sum of TRR_n in respect of each Interest Period (n) in the Remaining Reserve Period.

"**Maximum Redemption Amount**" shall be as specified in the applicable Issue Terms.

"**Minimum Redemption Amount**" shall be as specified in the applicable Issue Terms.

8. Physical Delivery Securities

- (a) This Condition will apply where the applicable Issue Terms specifies that the Securities are Physical Delivery Securities, other than where the Securities are Credit Linked Notes where the credit Linked Conditions will apply. If the applicable Issue Terms does not specify that the Securities are Physical Delivery Securities, then all references to the Entitlement in the General Conditions shall be disregarded. Where the Securities are Physical Delivery Securities and the Entitlement becomes deliverable pursuant to the Conditions (including in the case of Certificates which are exercised or deemed exercised):

- (i) Where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms, the Issuer shall, subject to the relevant Securityholder duly submitting an Asset Transfer Notice in accordance with the provisions

hereof, deliver the Entitlement in respect of each Security through the Relevant Clearing System in accordance with the provisions hereof to the relevant Securityholder on the Maturity Date or Settlement Date (as applicable) (or, if such date is not a Settlement Business Day, the immediately succeeding Settlement Business Day), subject as provided herein; or

- (ii) Where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Issuer shall pay the Equivalent Amounts to the Intermediary and, subject to the relevant Securityholder duly submitting an Asset Transfer Notice in accordance with the provisions hereof, the Issuer shall procure that the Intermediary (acting as principal) shall purchase the Entitlement Ratio at the Entitlement Price and shall deliver the Entitlement in respect of each Security through the Relevant Clearing System in accordance with the provisions hereof to the relevant Securityholder on the Maturity Date or Settlement Date (as applicable) (or, if such date is not a Settlement Business Day, the immediately succeeding Settlement Business Day), subject as provided herein. **Payment by the Issuer of the Equivalent Amounts to the Intermediary and procuring delivery of the Entitlement by the Intermediary shall fully discharge the Issuer's obligations in respect of the Securities. Whenever pursuant to the Conditions, the Intermediary is expressed to be making delivery to a holder, such holder will be deemed to have instructed the Intermediary as its agent to purchase the Relevant Assets comprising the Entitlement and make such delivery to it.**

THIS CONDITION ONLY APPLIES TO SECURITIES REPRESENTED BY A GLOBAL SECURITY HELD ON BEHALF OF EUROCLEAR AND CLEARSTREAM, LUXEMBOURG OR DTC. IF THE SECURITIES ARE ISSUED IN DEFINITIVE FORM THE ISSUER SHALL MAKE SUCH CHANGES TO THIS PROVISION AS IT DEEMS APPROPRIATE AND SHALL GIVE NOTICE TO THE HOLDERS IN ACCORDANCE WITH GENERAL CONDITION 15.

(A) Asset Transfer Notices

In order to obtain delivery of the Entitlement(s) in respect of any Security, the relevant holder must deliver a duly completed asset transfer notice (an **Asset Transfer Notice**) in the form set out in the Fiscal Agency Agreement (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, to Euroclear or Clearstream, Luxembourg, as the case may be, with a copy to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, or (y) in respect of Securities cleared through DTC, to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, not later than 10.00 a.m. (local time) on the date (the "**Cut-off Date**") falling three Business Days prior to the Maturity Date or Settlement Date (as applicable) (as defined below), in accordance with the provisions set out in this Condition. An Asset Transfer Notice may only be delivered to a Relevant Clearing System in such manner as is acceptable to such Relevant Clearing System, which (in the case of Euroclear and Clearstream, Luxembourg) is expected to be by authenticated SWIFT message.

Notwithstanding that the Securities may in certain circumstances, be Cash Settled Securities, in order to receive the Entitlement on the Maturity Date or Settlement Date (as applicable) (subject as provided in the Conditions), Securityholders should complete and deliver an Asset Transfer Notice in accordance with the Conditions in any event as it may not be known prior to the Cut-off Date whether the Securities will be cash settled or whether the Issuer or, as the case may be, the Intermediary will deliver the Entitlement.

Copies of the Asset Transfer Notice may be obtained during normal business hours from the specified office of each Paying Agent or the Registrar.

The Asset Transfer Notice shall:

- (1) specify the name, address and contact telephone number of the relevant Securityholder and the person from whom the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may obtain details for the delivery of the Entitlement if delivery is to be made otherwise than in the manner specified in this Valuation and Settlement Schedule;
- (2) specify the Series number of the Securities and the principal amount or number of the Securities which are the subject of such notice;
- (3) specify the number of the Securityholder's securities account at the Relevant Clearing System, as the case may be, to be debited with such Securities;
- (4) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, irrevocably instruct the relevant clearing system to debit the relevant Securityholder's securities account with the relevant Securities on or before the Maturity Date or Settlement Date (as applicable);
- (5) include an undertaking to pay all Expenses and a confirmation that the delivery of the Entitlement is subject, *inter alia*, as provided herein and either (1) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, an authority to the relevant clearing system to debit a specified account of the Securityholder with the applicable relevant clearing system in respect thereof and to pay such Expenses or (2) in respect of Securities cleared through any Relevant Clearing System, an authority to the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) either to deduct from any cash amount owing to the Securityholder an amount sufficient to pay such Expenses and to pay on behalf of the Securityholder such Expenses or to convert such amount of the Relevant Asset(s) due to be delivered to such Securityholder as is necessary to pay such Expenses and to pay on behalf of the Securityholder such Expenses, as referred to below, and a confirmation that delivery of any Entitlement is subject as provided below;
- (6) include details of the Securityholder's securities account of the Relevant Clearing System to be credited with the Entitlement and specify the name and number of the Securityholder's account with the Relevant Clearing System to be credited with any cash payable by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms), either in respect of any cash amount constituting (1) the Entitlement or any Fractional Entitlement (if applicable) or (2) any dividends relating to the Entitlement or (3) as a result of the occurrence of a Settlement Disruption Event and the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) electing to pay the Disruption Cash Redemption Amount or (4) as a result of the occurrence of a Failure to Deliver due to Illiquidity and the Issuer (where Settlement via

Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) electing to pay the Failure to Deliver Redemption Amount or (5) as a result of the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) electing to pay the Alternate Cash Redemption Amount;

- (7) certify (i) in respect of Securities represented by a Regulation S Global Security, that the beneficial owner of each Security the subject of the relevant Asset Transfer Notice is a Permitted Non-U.S. Purchaser, the Security is not being redeemed within the United States or on behalf of a person other than a Permitted Non-U.S. Purchaser and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a person other than a Permitted Non-U.S. Purchaser in connection with any redemption thereof, or (ii) in respect of Securities represented by a Rule 144A Global Security, that the beneficial owner of each Security the subject of the relevant Asset Transfer Notice is a Permitted QIB Purchaser or (iii) in respect of Securities represented by a Combined Global Security, that either (a) the beneficial owner of each Security the subject of the relevant Asset Transfer Notice is a Permitted Non-U.S. Purchaser, the Security is not being redeemed within the United States or on behalf of a person other than a Permitted Non-U.S. Purchaser and no cash, securities or other property have been or will be delivered within the United States or to, or for the account or benefit of, a person other than a Permitted Non-U.S. Purchaser in connection with any redemption thereof, or (b) the beneficial owner of each Security the subject of the relevant Asset Transfer Notice is a Permitted QIB Purchaser; and
- (8) authorise the production of such certification in any applicable administrative or legal proceedings,

all as provided in the Fiscal Agency Agreement.

In respect of Securities cleared through DTC, in addition to the submission of an Asset Transfer Notice as provided above, each Securityholder (i) may irrevocably instruct DTC to debit a specified account of the Securityholder with DTC in respect of any Expenses and (ii) shall irrevocably instruct DTC to debit the relevant Securityholder's securities account with the relevant Securities on or before the Maturity Date or Settlement Date (as applicable), in each case, in accordance with applicable DTC practice.

As used above:

"Expenses" means all costs, taxes, duties and/or expenses, including any applicable depositary charges, transaction or exercise charges, stamp duty, stamp duty reserve tax, issue, registration, securities transfer, withholding taxes or tax on income profits or gains and/or other costs, duties or taxes arising from the delivery of the Entitlement(s).

"Intermediary" means the entity (if any) specified as such in the applicable Issue Terms or, if no such entity is so specified and Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Calculation Agent.

- (B) Verification of the Holder and process to be followed by the Fiscal Agent on receipt of an Asset Transfer Notice

Upon receipt of an Asset Transfer Notice, (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, the relevant clearing system or (y) in respect of Securities cleared through DTC, the Fiscal Agent shall verify that the person specified therein as the accountholder is the holder of the Securities described therein according to its records. Subject thereto, in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, the relevant clearing system will confirm to the Fiscal Agent the Series number and principal amount or number of Securities the subject of such notice, the relevant account details and the details for the delivery of the Entitlement(s) in respect of each Security the subject of such notice. Upon receipt of such confirmation or, in respect of Securities cleared through DTC, upon receipt of an Asset Transfer Notice, the Fiscal Agent will inform the Issuer and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary thereof. Euroclear or Clearstream, Luxembourg or DTC, as the case may be, will on or before the Maturity Date or Settlement Date (as applicable) debit the securities account of the relevant Securityholder with the relevant Securities.

- (C) Determinations and Delivery

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, by the relevant clearing system in consultation with the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary or (y) in respect of Securities cleared through DTC, by the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, and shall be conclusive and binding on the Issuer, the Fiscal Agent, the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) and the relevant Securityholder. Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or, in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, which is not copied to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary immediately after being delivered or sent to the relevant clearing system, as provided in Valuation and Settlement Condition 8(a) above, shall be null and void.

If such Asset Transfer Notice is subsequently corrected to the satisfaction of (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, the relevant clearing system in consultation with the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary or (y) in respect of Securities cleared through DTC, the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, it shall be deemed to be a new Asset Transfer Notice submitted at the time such correction was delivered (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, to the relevant clearing system and the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary or (y) in respect of Securities cleared through DTC, to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary.

The Fiscal Agent or, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary shall use reasonable endeavours promptly to notify the Securityholder submitting an Asset Transfer Notice, if it has been determined, as provided above, that such Asset Transfer Notice is incomplete or not in proper form. In the absence of

negligence or wilful misconduct on its part, none of the Issuer, the CGMHI Guarantor, the CGMFL Guarantor, the Paying Agents, the Agents, the Calculation Agent, the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) and the Relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Securityholder.

No Asset Transfer Notice may be withdrawn after receipt thereof by the Relevant Clearing System (where applicable) or the Fiscal Agent or the Intermediary, as the case may be, as provided above. After delivery of an Asset Transfer Notice, the relevant Securityholder may not transfer the Securities which are the subject of such notice.

Subject as provided herein and subject to the payment of any Expenses, the Entitlement will be delivered at the risk of the relevant Securityholder, in the manner provided below on the Maturity Date or Settlement Date (as applicable) (such date, subject to adjustment in accordance with this Condition, the "**Delivery Date**"), PROVIDED THAT the Asset Transfer Notice is duly delivered (x) in respect of Securities cleared through Euroclear or Clearstream, Luxembourg, to the relevant clearing system with a copy to the Fiscal Agent and where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary; (y) in respect of Securities cleared through DTC, to the Fiscal Agent and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary, as provided above on or prior to the Cut-off Date.

If a Securityholder fails to give an Asset Transfer Notice, as provided herein on or prior to the Cut-off Date, then the Entitlement will be delivered as soon as practicable after the Maturity Date or Settlement Date (as applicable) (in which case, such date of delivery shall be the Delivery Date) at the risk of such Securityholder in the manner provided below. For the avoidance of doubt, in such circumstances such Securityholder shall not be entitled to any payment, whether of interest or otherwise, as a result of such Delivery Date falling after the Maturity Date or Settlement Date (as applicable) and no liability in respect thereof shall attach to the Issuer or the Intermediary (if any).

If a Securityholder fails to give an Asset Transfer Notice as provided herein on or prior to the date falling 180 days after the Cut-off Date, then the Issuer's and any Intermediary's obligations in respect of the Securities held by such Securityholder for which no Asset Transfer Notice has been given shall be discharged and the Issuer and the Intermediary (if any) shall have no further liability in respect thereof.

The Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall, at the risk of the relevant Securityholder, deliver or procure the delivery of the Entitlement for each Security, pursuant to the details specified in the Asset Transfer Notice or in such commercially reasonable manner as the Calculation Agent shall determine and notify to the person designated by the Securityholder in the relevant Asset Transfer Notice. All Expenses arising from the delivery of the Entitlement in respect of such Securities shall be for the account of the relevant Securityholder and no delivery of the Entitlement shall be made until all Expenses have been paid to the satisfaction of the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) by the relevant Securityholder. Any such Expenses shall either be:

- (1) paid to the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) by such Securityholder prior to the delivery of the Entitlement; or
- (2) deducted by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) from any cash amount owing to such Securityholder and paid by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) on behalf of the Securityholder or paid by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) on behalf of such Securityholder by converting such amount of the Relevant Assets due to be delivered as necessary to pay the Expenses,

as specified by the Securityholder in the relevant Asset Transfer Notice.

If any Expenses are not paid by a Securityholder pursuant to the above, the relevant Securityholder shall be deemed to authorise the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) to convert and the Issuer or the Intermediary, as applicable, may convert such amount of the Relevant Assets due to be delivered into cash sufficient to cover the Expenses in respect of the relevant Security from which the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall deduct such Expenses. The Issuer's and, where Settlement via Intermediary is specified as applicable in the applicable Issue Terms, the Intermediary's obligations in respect of each Security will be satisfied in relation to the Maturity Date or Settlement Date (as applicable) by delivery of the remaining Entitlement in respect of such Security.

All deliveries will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of delivery.

(D) General

Subject as provided below, Securities held by the same Securityholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Securities, PROVIDED THAT the aggregate Entitlements in respect of the same Securityholder will be rounded down to the nearest whole Tradeable Amount of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. If the applicable Issue Terms specifies that Aggregation of Entitlements does not apply, the Entitlement in respect of each Security will be rounded down to the nearest whole multiple of the Tradeable Amount (as specified in the applicable Issue Terms) of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine.

Therefore, fractions or numbers of the Relevant Asset or of each of the Relevant Assets, as the case may be, less than the relevant Tradeable Amount (the "**Fractional Entitlement**") will not be delivered and no cash or other adjustment will be made in respect thereof unless "Cash Adjustment" is specified as applicable in the applicable Issue Terms. If "Cash Adjustment" is

specified as applicable in the applicable Issue Terms, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall pay to the relevant Securityholder a cash amount in the Settlement Currency (to be paid at the same time as delivery of the Entitlement) equal to the value (as determined by the Calculation Agent) of such Fractional Entitlement, calculated by reference to the Final Reference Level of the Entitlement Underlying (converted into the Settlement Currency (being, in the case of Dual Currency Securities, the Denomination Currency) where relevant by dividing the Final Reference Level of the Entitlement Underlying by the applicable FX).

Following the Delivery Date in respect of a Security where the Entitlement(s) includes securities, all dividends and/or other distributions on the relevant securities to be delivered will be payable to the party that would receive such dividend or distribution according to market practice for a sale of the relevant securities executed on the Delivery Date and to be delivered in the same manner as such relevant securities. Any such dividends or distributions to be paid to a Securityholder will be paid to the account specified by the Securityholder in the relevant Asset Transfer Notice as referred to above.

If any Entitlement is delivered later than the date on which delivery would otherwise have taken place as provided herein, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) or any person acting on behalf such relevant entity shall continue to be the legal owner of the assets comprising the Entitlement (the "**Intervening Period**"). None of the Issuer, the CGMHI Guarantor, the CGMFL Guarantor, any Intermediary or any other person shall at any time (A) be under any obligation to deliver or procure delivery to any Securityholder any letter, certificate, notice, circular or any other document or, except as provided herein, any payment whatsoever received by that person in its capacity as the holder of such assets, (B) be under any obligation to exercise or procure exercise of any or all rights attaching to such assets or (C) be under any liability to a Securityholder in respect of any loss or damage which such Securityholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such assets.

None of the Issuer, the CGMHI Guarantor, the CGMFL Guarantor, any Intermediary, the Calculation Agent, the Paying Agents and the Agents shall under any circumstances be liable for any acts or defaults of any Relevant Clearing System in relation to the performance of its duties in relation to the Securities.

(E) Settlement Disruption

If, in the opinion of the Calculation Agent, delivery of the Entitlement using the Delivery Method specified in this Valuation and Settlement Schedule or such other commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event subsisting on the Maturity Date or Settlement Date (as applicable), then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, PROVIDED THAT the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may elect to deliver the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or

the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date. For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event, then *in lieu* of physical settlement and notwithstanding any other provision hereof the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may elect, *in lieu* of delivering the Entitlement to pay to the relevant Securityholder the Disruption Cash Redemption Amount on the fifth Business Day following the date that notice of such election is given to the Securityholders in accordance with General Condition 15 (*Notices*). Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Securityholders in accordance with General Condition 15 (*Notices*). The Calculation Agent shall give notice as soon as practicable to the Securityholders in accordance with General Condition 15 (*Notices*) that a Settlement Disruption Event has occurred. No Securityholder shall be entitled to any payment in respect of the relevant Security in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer or any Intermediary.

For the purposes hereof:

"Disruption Cash Redemption Amount", in respect of any relevant Security, means the fair market value of such Security on a day selected by the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non-affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets), less the cost of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent;

"Settlement Business Day", in respect of each Security, means a day which is a Business Day and a day on which the Relevant Clearing System is open; and

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) as a result of which the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) cannot make delivery of the Relevant Asset(s) using the Delivery Method specified in this Valuation and Settlement Schedule.

(F) Failure to Deliver due to Illiquidity

If "Failure to Deliver due to Illiquidity" is specified as applicable in the applicable Issue Terms and in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **"Affected Relevant Assets"**) comprising the Entitlement, where

such failure to deliver is due to illiquidity in the market for the Relevant Assets (a "**Failure to Deliver**"), then:

- (1) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated Maturity Date or Settlement Date (as applicable) in accordance with this Condition; and
- (2) in respect of any Affected Relevant Assets, *in lieu* of physical settlement and notwithstanding any other provision hereof, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may elect, *in lieu* of delivering the Affected Relevant Assets, to pay to the relevant Securityholder the Failure to Deliver Redemption Amount on the fifth Business Day following the date that notice of such election is given to the Securityholders in accordance with General Condition 15 (*Notices*). Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Securityholders in accordance with General Condition 15 (*Notices*). The Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) shall give notice as soon as practicable to the Securityholders in accordance with General Condition 15 (*Notices*) that the provisions of this Valuation and Settlement Condition apply.

For the purposes hereof, "**Failure to Deliver Redemption Amount**" in respect of any relevant Security shall be the fair market value of the Affected Relevant Assets on a day selected by the Calculation Agent, less the cost of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent (acting in its sole and absolute discretion).

- (b) *Issuer's or Intermediary's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*

The Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may, in respect of Physical Delivery Securities, if the Calculation Agent determines that the Relevant Asset or Relevant Assets, as the case may be, comprises securities which are not freely tradeable and deliverable, elect either (i) to substitute for the Entitlement (or part thereof), an equivalent value (as determined by the Calculation Agent) of such other securities which the Calculation Agent determines are freely tradeable (each a "**Substitute Asset**") or (ii) not to deliver the Entitlement or any Substitute Asset, as the case may be, to the relevant Securityholders, but *in lieu* thereof to make payment to each relevant Securityholder on the Maturity Date or Settlement Date (as applicable) of an amount equal to the fair market value of the Entitlement (or part thereof) as determined by the Calculation Agent at such time and by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Securityholders in accordance with General Condition 15 (*Notices*).

For purposes hereof, a "**freely tradeable**" and deliverable security shall mean (i) with respect to the United States, a security which is registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or not restricted under the Securities Act and which is not purchased from the issuer of such security and not purchased from an affiliate of the issuer of such security or which otherwise meets the requirements of a freely tradeable security for purposes of the Securities Act, in each case, as determined by the Calculation Agent or (ii) with respect to any jurisdiction, a

security not subject to any other legal or regulatory restrictions on transfer in such jurisdiction.

(c) *Rights of Securityholders*

The purchase of Securities does not confer on any holder of such Securities any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(d) *Issuer or Intermediary Option to Vary Settlement in respect of Physical Delivery Securities*

In respect of Physical Delivery Securities, the Issuer (where Settlement via Intermediary is not specified as applicable in the applicable Issue Terms) or the Intermediary (where Settlement via Intermediary is specified as applicable in the applicable Issue Terms) may, elect not to deliver or procure delivery of the Entitlement to the relevant Securityholders but *in lieu* thereof to make payment on the Maturity Date or Settlement Date (as applicable) to the relevant Securityholders of an amount in respect of each Security equal to the fair market value of the Entitlement as determined by the Calculation Agent at such time and by reference to such sources as it considers appropriate. Notification of such election will be given to Securityholders in accordance with General Condition 15 (*Notices*).

This Valuation and Settlement Condition 8 (*Physical Delivery Securities*) is not applicable to the French Cleared Securities and French Law Securities.

9. Dual Currency Security Provisions

Where the applicable Issue Terms specify that the Dual Currency Securities Provisions apply, then in order to determine amounts payable or assets deliverable in respect of the Securities, the Calculation Agent shall:

- (a) in respect of any payments in respect of the Securities, convert the relevant payment amount (as otherwise determined in accordance with the provisions of the General Conditions, this Valuation and Settlement Schedule and/or the applicable Issue Terms) from the Denomination Currency into the DC Relevant Currency such amount by the Dual Currency Exchange Rate for the DC Valuation Date relating to the date on which such payment is to be made; or
- (b) in order to determine any cash amounts due in respect of Physical Delivery Securities, convert any such cash amounts due from the Denomination Currency into the DC Relevant Currency by multiplying such amount by the Dual Currency Exchange Rate for the DC Valuation Date relating to the date on which such delivery is to be made.

Where:

"DC Relevant Currency" means the currency in respect of payments and/or deliveries, as specified in the applicable Issue Terms.

"Denomination Currency" means the currency of the Security, as specified in the applicable Issue Terms.

"Dual Currency Exchange Rate" means any Underlying which is an FX Rate and as is designated as the Dual Currency Exchange Rate for the relevant payment and/or delivery in the applicable Issue Terms.

"Specified DC Valuation Date" means, in respect of a scheduled Interest Payment Date and/or Optional Redemption Date and the Maturity Date (each a **"Relevant Date"**), the date specified as such for such Interest Period and/or Interest Payment Date in the applicable Issue Terms. Each such date shall be deemed to be a Specified Valuation Date and shall be adjusted as provided in these Valuation and Settlement Conditions and the applicable Issue Terms, and each such date, as so adjusted, a **"DC Valuation Date"**.

10. Reference Rate Event Provisions

This Valuation and Settlement Condition 10 shall apply in the circumstances specified in Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*).

10.1 Reference Rate Event

Notwithstanding anything to the contrary in the Conditions, if the Calculation Agent determines that a Reference Rate Event has occurred in respect of a Reference Rate, the Calculation Agent will:

- (a) seek to identify a Replacement Reference Rate in respect of the Reference Rate; and
- (b) if it identifies a Replacement Reference Rate in respect of the Reference Rate:
 - (i) calculate an Adjustment Spread that will be applied to the Replacement Reference Rate;
 - (ii) determine such other amendments to the Securities which it considers are necessary and/or appropriate in order to account for the effect of the replacement of the Reference Rate with the Replacement Reference Rate (as adjusted by the Adjustment Spread); and
 - (iii) determine the timing for when the Replacement Reference Rate, Adjustment Spread and such other adjustments will become effective in relation to the relevant Securities,

PROVIDED THAT, as an alternative to the procedure described in sub-paragraphs (i) and (ii) above, the Calculation Agent may instead: (A) determine that no Replacement Reference Rate or other amendments to the terms of the Securities are required as a result of such Reference Rate Event (such determination being a "**No Adjustment Determination**"); or (B) make such adjustment(s) to the terms of the Securities as it determines necessary or appropriate to account for the effect of such Reference Rate Event (the "**RRE Adjustments**").

PROVIDED THAT the Calculation Agent has fully determined for purposes of the Securities, as applicable, (i) a Replacement Reference Rate and the related timing and amendments to the Securities or (ii) the relevant RRE Adjustments, the Calculation Agent shall notify the Issuer of such determination made by it and the action that it proposes to take in respect of any such determination as soon as reasonably practicable and in any event prior to the earliest effective date for the relevant replacement and amendments or the relevant adjustments, as applicable. The Issuer shall notify the Securityholders thereof as soon as reasonably practicable thereafter in accordance with General Condition 15 (*Notices*). Failure by the Calculation Agent to notify the Issuer or failure by the Issuer to notify the Securityholders of any such determination will not affect the validity of any such determination.

Where "**Reference Rate Early Termination**" is specified as applicable in the applicable Issue Terms and if:

- (1) the Calculation Agent has not made a No Adjustment Determination and the Calculation Agent determines that it is not possible or commercially reasonable to determine any RRE Adjustments; or
- (2) the Calculation Agent determines that it is not possible or commercially reasonable to identify a Replacement Reference Rate; or
- (3) the Calculation Agent determines that it is not possible or commercially reasonable to calculate an Adjustment Spread,

the Issuer may redeem the Securities on a day selected by the Issuer, in which case each Security shall be redeemed by payment of an amount equal to the Early Termination Amount and the Issuer shall notify the Securityholders thereof as soon as reasonably practicable in accordance with General Condition 15 (*Notices*).

10.2 Interim Adjustments

If, following a Reference Rate Event but prior to any replacement or amendment having become effective pursuant to Valuation and Settlement Condition 10.1 above, the relevant Reference Rate is required for any determination in respect of the Securities and at that time, no replacement or amendments have occurred in accordance with Valuation and Settlement Condition 10.1 and:

- (a) if the Reference Rate is still available, and it is still permitted under applicable law or regulation for the Securities to reference the Reference Rate and for the Issuer and/or the Calculation Agent to use the Reference Rate to perform its or their respective obligations under the Securities, the level of the Reference Rate shall be determined pursuant to the terms that would apply to the determination of the Reference Rate as if no Reference Rate Event had occurred; or
- (b) if the Reference Rate is no longer available or it is no longer permitted under applicable law or regulation applicable to the Issuer and/or to the Calculation Agent for the Securities to reference the Reference Rate or for any such entity to use the Reference Rate to perform its or their respective obligations under the Securities, the level of the Reference Rate shall be determined by the Calculation Agent in its sole and absolute discretion, after consulting any source it deems to be reasonable, as (a) a substitute or successor rate that it has determined is the industry-accepted (in the derivatives market) substitute or successor rate for the relevant Reference Rate (including any temporary substitute or successor rate) or the rate published at the relevant time on the last day on which the Reference Rate was published or was permitted to be used in accordance with applicable law or regulation (the "**Last Permitted Rate**") or (b) if it determines there is no such industry-accepted (in the derivatives market) substitute or successor rate or the use of the Last Permitted Rate would not produce a commercially reasonable result, a substitute or successor rate that it determines is a commercially reasonable alternative to the Reference Rate, taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market). If such Reference Rate is determined as any such substituted or successor rate, the Calculation Agent may determine such other amendments to the Securities which it considers are necessary and/or appropriate in order to reflect the replacement of the Reference Rate with such substituted or successor rate.
- (c) If the Calculation Agent determines the Reference Rate in accordance with subparagraph (ii) above only, the Calculation Agent shall notify the Issuer of such determination made by it and the action that it proposes to take in respect of any such determination. The Issuer shall notify the Securityholders thereof as soon as reasonably practicable thereafter in accordance with General Condition 15 (*Notices*). Failure by the Calculation Agent to notify the Issuer or failure by the Issuer to notify the Securityholders of any such determination will not affect the validity of any such determination.

10.3 Certain Defined Terms

For the purposes of the above:

"**Adjustment Spread**" means the adjustment, if any, to a Replacement Reference Rate that the Calculation Agent determines is required in order to reduce any transfer of economic value from (i) the Issuer to the Securityholders or (ii) the Securityholders to the Issuer, in each case that would otherwise arise as a result of the replacement of the Reference Rate with the Replacement Reference Rate. Any such adjustment may be an adjustment spread that would be applied for over-the-counter derivatives transactions referencing the relevant Reference Rate in relation to the occurrence of an index cessation event or administrator/benchmark event in respect of such Reference Rate (howsoever described under the terms of the relevant transaction) and/or take account of, without limitation, any anticipated transfer of economic value as a result of any difference in the term structure or tenor of the Replacement Reference Rate by comparison to the Reference Rate. The Adjustment Spread may be positive, negative or zero and/or determined pursuant to a formula or methodology.

"Corresponding Tenor" with respect to a Replacement Reference Rate means a tenor (including overnight) having approximately the same length (disregarding business day adjustment) as the applicable tenor for the then-current Reference Rate.

"Interpolated Reference Rate" with respect to the Reference Rate means the rate determined for the Corresponding Tenor by interpolating on a linear basis between: (1) the Reference Rate for the longest period for which the Reference Rate is available that is shorter than the Corresponding Tenor and (2) the Reference Rate for the shortest period for which the Reference Rate is available that is longer than the Corresponding Tenor.

"Pre-nominated Replacement Reference Rate" means, in respect of the relevant Reference Rate, the first of the indices, benchmarks or other price sources or rates specified in the applicable Issue Terms that is not subject to a Reference Rate Event.

"Reference Rate Event" means:

- (i) the Calculation Agent determines that (A) a material change in the relevant Reference Rate has occurred or will occur, or (B) the permanent or indefinite cancellation or cessation in the provision of such Reference Rate has occurred or will occur and there is no successor administrator or provider that will continue to provide the Reference Rate, or (C) a regulator or other official sector entity has prohibited or will prohibit the use of or it is otherwise not permitted to use such Reference Rate in respect of the Securities or any related hedging arrangements in respect of the Securities which are derivative transactions referencing the relevant Reference Rate;
- (ii) the Calculation Agent determines that any authorisation, registration, recognition, endorsement, equivalence decision, approval or inclusion in any official register in respect of the relevant Reference Rate or the administrator or sponsor of the relevant Reference Rate has not been, or will not be, obtained or has been, or will be, rejected, refused, suspended or withdrawn by the relevant competent authority or other relevant official body, in each case with the effect that the Issuer or the Calculation Agent or any other entity is not, or will not be, permitted under any applicable law or regulation to use the relevant Reference Rate to perform its or their respective obligations under the Securities;
- (iii) save where the applicable Issue Terms specify that "Reference Rate Event (Limb (iii))" is not applicable, the Calculation Agent determines that it is not commercially reasonable to continue the use of the relevant Reference Rate in connection with the Securities as a result of any applicable licensing restrictions or changes in the cost of obtaining or maintaining any relevant licence (including, without limitation, where the Issuer, the Calculation Agent or any other entity is required to hold a valid licence in order to issue or perform its obligations in respect of the Securities and for any reason such licence is either not obtained, not renewed or is revoked or there is a material change in the cost of obtaining or renewing such licence);
- (iv) the Calculation Agent determines that there has been a public statement or publication of information by the administrator or sponsor of the relevant Reference Rate, any national, regional or other supervisory or regulatory authority which is responsible for either (a) supervising the administrator or sponsor of the Reference Rate or (b) regulating the Reference Rate, the central bank for the currency of the Reference Rate or another official body with applicable responsibility announcing that such Reference Rate is no longer, or as of a specified future date will no longer be representative, of any underlying market and economic reality that such Reference Rate is intended to measure and that representativeness will not be restored; or
- (v) the relevant Reference Rate is the subject of any market-wide development in the over-the-counter derivatives market (which may be in the form of a protocol, publication of standard terms or otherwise by ISDA) pursuant to which such Reference Rate is or will be replaced with a replacement rate with respect to over-the-counter derivatives transactions which reference such Reference Rate.

"Relevant Nominating Body" means, in respect of a Reference Rate: (i) the central bank for the currency in which the Reference Rate is denominated or any central bank or other supervisor which is responsible for supervising either the Reference Rate or the administrator of the Reference Rate; or (ii) any working group or committee officially endorsed or convened by (a) the central bank for the currency in which the Reference Rate is denominated, (b) any central bank or other supervisor which is responsible for supervising either the Reference Rate or the administrator of the Reference Rate, (c) a group of those central banks or other supervisors, or (d) the Financial Stability Board or any part thereof.

"Replacement Reference Rate" means, in respect of a Reference Rate, an index, benchmark or other price source or rate that the Calculation Agent determines to be a commercially reasonable alternative for such Reference Rate, PROVIDED THAT the Replacement Reference Rate must be any one of the following:

- (i) where applicable, the Interpolated Reference Rate with respect to the then-current Reference Rate;
- (ii) a Pre-nominated Replacement Reference Rate;
- (iii) an index, benchmark, other price source or rate or fall-back rate or methodology for calculating an index, benchmark, other price source, rate or fall-back rate (which may be formally designated, nominated or recommended by (a) any Relevant Nominating Body, (b) the administrator or sponsor of the Reference Rate or (c) ISDA or any other relevant trade association, working group, task-force or committee to replace the Reference Rate) which is recognised or acknowledged as being an industry standard replacement for over-the-counter derivative transactions which reference such Reference Rate (which recognition or acknowledgment may be in the form of (a) a publication by the relevant trade association, working group, task-force or committee, or (b) a press release, a member announcement, member advice, letter, protocol, publication of standard terms or otherwise by ISDA); or
- (iv) an index, benchmark, other price source, rate or fallback (which may include, without limitation, the arithmetic mean of quotations provided by reference banks selected by the Calculation Agent or a rate calculated by the Calculation Agent in accordance with a methodology determined by the Calculation Agent) that the Calculation Agent determines to be a commercially reasonable alternative for the Reference Rate.

11. Hierarchy Provisions and Adjustments

In relation to any event or circumstance affecting an interest rate, the fallback provisions described below must be applied in the order shown below, in each case where applicable for the relevant interest rate and the event or circumstance. If the first applicable option shown does not apply to the relevant interest rate and the relevant event or circumstance then the next option set out below which does should be applied. Without limitation, the fallback provisions below may be applied in accordance with their terms in relation to any relevant interest rate which itself has been previously determined pursuant to these fallback provisions. For the avoidance of doubt, the provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*) shall apply in accordance with Valuation and Settlement Condition 11.2 (*Redemption or adjustment for an Administrator/Benchmark Event*) to a Benchmark (whether such Benchmark is an interest rate or otherwise).

11.1 Reference Rate Event Provisions

The Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*) shall apply where the applicable Issue Terms specifies any Reference Rate to be applicable in respect of the Securities.

For the purposes hereof and of the Reference Rate Event Provisions and notwithstanding anything to the contrary in the Conditions:

"Reference Rate" means any interest rate (in each case howsoever described in the Conditions and as amended from time to time pursuant to the provisions of the Reference Rate Event

Provisions) and any rate defined or specified as a "Reference Rate" in the Valuation and Settlement Conditions or the applicable Issue Terms (as amended from time to time pursuant to the provisions of the Reference Rate Event Provisions), which may include, without limitation, (i) any floating rate determined by reference to (a) Screen Rate Determination, (b) ISDA Determination, (c) SONIA Floating Rate Determination, (d) SOFR Floating Rate Determination, (e) €STR Floating Rate Determination, (f) SARON Floating Rate Determination or (g) TONIA Floating Rate Determination, (ii) any swap rate, (iii) any Underlying which is a Rate, (iv) a CMS Interest Rate, or (v) a CMS Reference Rate and, in each case will, where appropriate and without limitation, include any related component or underlying rate (including, for the purposes of the 2021 Definitions any Underlying Benchmark, as defined therein), tenor or index rate. Where more than one Reference Rate is applicable in respect of the Securities, "Reference Rate" shall be construed to refer to each such Reference Rate. Where a Reference Rate applies in respect of any relevant period or day as specified in the applicable Issue Terms, "Reference Rate" shall be construed to refer to such Reference Rate in respect of the relevant period or day as specified in the applicable Issue Terms.

11.2 Redemption or adjustment for an Administrator/Benchmark Event

The provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*) shall apply where the applicable Issue Terms specifies any Benchmark (as defined in Valuation and Settlement Condition 3) to be applicable in respect of the Securities, PROVIDED THAT the Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*) do not apply to the relevant Benchmark as a result of the relevant event or circumstance.

11.3 Rate Conditions

The provisions in respect of an Underlying which is a Rate set out in Underlying Schedule 13 relating to the determination of the Underlying Closing Level of a Rate on any Scheduled Trading Day in the event of the occurrence of any Disrupted Day and the provisions relating to the consequences of any such Disrupted Day set out in the Conditions (the "**Underlying Rate Fallback Provisions**") shall apply to any such Underlying, PROVIDED THAT neither the Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*) nor the provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*) apply to the relevant rate as a result of the relevant event or circumstance.

11.4 Screen Rate Determination and ISDA Determination

The provisions relating to the determination of relevant floating rates set out in the SRD Fallback Provisions in Valuation and Settlement Condition 4.2(a) and the ISDA Determination provisions in Valuation and Settlement Condition 4.2(b) shall apply where Screen Rate Determination and/or ISDA Determination (respectively) are specified as applicable in the applicable Issue Terms, PROVIDED THAT none of the Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*), the provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*) and the Rate Conditions apply to the relevant floating rate as a result of the relevant event or circumstance.

11.5 SONIA Floating Rate Determination, SOFR Floating Rate Determination, €STR Floating Rate Determination and SARON Floating Rate Determination

The provisions relating to the determination of relevant floating rates set out in the SFRD (Non-Index) Fallback Provisions and the SFRD (Index) Fallback Provisions in Valuation and Settlement Condition 4.2(c)(iii) (*SONIA Floating Rate Determination – Non-availability*), the SOFR Fallback Provisions in Valuation and Settlement Condition 4.2(d)(iii) (*SOFR Floating Rate Determination – Non-availability*), the €STR Fallback Provisions in Valuation and Settlement Condition 4.2(e)(ii) (*€STR Floating Rate Determination – Non-availability*) and SARON Fallback Provisions in Valuation and Settlement Condition 4.2(f)(ii) (*SARON Floating Rate Determination – Non-availability*) shall apply where SONIA Floating Rate Determination, SOFR Floating Rate Determination, €STR Floating Rate Determination or (f) SARON Floating

Rate Determination are specified as applicable in the applicable Issue Terms, PROVIDED THAT none of the Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*), the provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*) and the Rate Conditions apply to the relevant floating rate as a result of the relevant event or circumstance.

11.6 Adjustments

Any adjustments to the Conditions (including the determination of any adjustment spread or factor, however defined) which the Calculation Agent determines are necessary or appropriate pursuant to the provisions of the Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*) and the provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*):

- (a) shall be made to the extent reasonably practicable, but also taking into account prevailing industry standards in any related market (including, without limitation, the derivatives market);
- (b) may include, where applicable and without limitation, (i) technical, administrative or operational changes (including without limitation, changes to determination dates, timing and frequency of determining rates and making payments, rounding of amounts or tenors, the introduction of any time delay or lag between the calculation or observation period of a rate and the related payment dates and other administrative matters) that the Calculation Agent decides are appropriate, (ii) the application of any adjustment factor or adjustment spread (whether or not expressly referenced in the relevant provision and which may be positive or negative) and (iii) (subject to compliance with applicable laws and/or regulatory guidance in the relevant jurisdiction) adjustments to reflect any increased costs to the Issuer of providing exposure to the replacement or successor rate(s) and/or benchmark(s); and
- (c) may be applied on more than one occasion, may be made as of one or more effective dates, may but does not have to involve the selection of a successor or replacement rate which is determined on a backwards-looking compounding basis by reference to a "risk-free rate" and which, unless the context otherwise requires or it is inappropriate, will be the relevant rate in relation to the then current and all future determination days.

Notwithstanding the provisions of (and all provisions referred to in) this Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), the Calculation Agent is not obliged to make any adjustment or make any determination in relation to the Conditions if the effective date(s) of the relevant adjustment or determination would fall after the earlier of (i) the date the affected interest rate or Benchmark is no longer used as an interest rate or Benchmark for purposes of the Securities and (ii) the maturity, termination or expiry of the Securities.

Notwithstanding anything to the contrary in the provisions of (and all provisions referred to in) this Valuation and Settlement Condition 11 (*Hierarchy Provisions and Adjustments*), the Issuer and/or the Calculation Agent may make all determinations and/or adjustments and take all actions in respect of the Securities as are provided for in connection with a Benchmark Transition Event, Reference Rate Event, Administrator/Benchmark Event, or the occurrence of an event that causes the provisions in respect of relevant Underlyings which are Rates set out in Underlying Schedule 13 to apply (a "**Substitute or Successor Rate Event**"), as applicable, notwithstanding that such Benchmark Transition Event, Reference Rate Event, Administrator/Benchmark Event or Substitute or Successor Rate Event, as applicable, may have occurred before the Issue Date of the Securities.

11.7 No duty to monitor

In relation to any relevant rate and for the purposes of applying the provisions referred to in any of the paragraphs 11.1 to 11.6 above, inclusive, neither the Issuer nor the Calculation Agent will

have any duty to monitor or enquire as to whether any relevant event or circumstance in respect of any such rate has occurred to which such provisions might apply.

11.8 Regulatory obligations

If (a) it is or would be unlawful or prohibited under any applicable law or regulation to determine and calculate a replacement interest rate or make any other determination or adjustment in accordance with the Reference Rate Event Provisions set out in Valuation and Settlement Condition 10 (*Reference Rate Event Provisions*), the Underlying Rate Fallback Provisions set out in Underlying Schedule 13, the provisions set out in Valuation and Settlement Condition 3 (*Redemption or adjustment for an Administrator/Benchmark Event*), the SRD Fallback Provisions in Valuation and Settlement Condition 4.2(a) (*Screen Rate Determination*), the ISDA Determination provisions in Valuation and Settlement Condition 4.2(b) (*ISDA Determination*), the SFRD (Non-Index) Fallback Provisions or the SFRD (Index) Fallback Provisions in Valuation and Settlement Condition 4.2(c)(iii) (*SONIA Floating Rate Determination – Non-availability*), the SOFR Fallback Provisions in Valuation and Settlement Condition 4.2(d)(iii) (*SOFR Floating Rate Determination – Non-availability*), the €STR Fallback Provisions in Valuation and Settlement Condition 4.2(e) (*€STR Floating Rate Determination – Non-availability*) and SARON Fallback Provisions in Valuation and Settlement Condition 4.2(f)(ii) (*SARON Floating Rate Determination – Non-availability*), (each a "**Reference Rate Fallback Provision**") (or it would be unlawful were a determination to be made at that time); or (b) it would contravene any applicable licensing requirements to determine a replacement interest rate or make any other determination or adjustment in accordance with any applicable Reference Rate Fallback Provision (or it would contravene those licensing requirements were a determination to be made at that time); or (c) the Calculation Agent determines that an adjustment spread (however described in the Reference Rate Fallback Provisions) is or would be a benchmark, index or other price source whose production, publication, methodology or governance would subject the Calculation Agent to material additional regulatory obligations which it is unwilling to undertake, then the Calculation Agent shall not be obliged to make the relevant determination or adjustment and may instead take any alternative action under the Conditions as it determines appropriate.

12. Split Payment Conditions

This Valuation and Settlement Condition 12 shall apply where the applicable Issue Terms specify Split Payment Conditions to be applicable in respect of the Securities.

12.1 Fixed Rate Security (Split Payment Conditions)

Where each of the Fixed Rate Securities Provisions and Fixed Rate Security (Split Payment Conditions) is specified to be applicable in the applicable Issue Terms in respect of the Securities, each reference to Calculation Amount used to determine any Interest Amount payable in respect of each Fixed Rate Security pursuant to the Conditions shall be deemed to be replaced with (a) if Fixed Rate Security (Split Payment Conditions) (CRE) is specified to be applicable in the applicable Issue Terms, the CRE Adjusted Calculation Amount or (b) if Fixed Rate Security (Split Payment Conditions) (EE) is specified to be applicable in the applicable Issue Terms, the EE Adjusted Calculation Amount.

12.2 Mandatory Early Redemption (Split Payment Conditions)

(a) Adjustment to Calculation Amount

Where each of the Mandatory Early Redemption Provisions and Mandatory Early Redemption (Split Payment Conditions) is specified to be applicable in the applicable Issue Terms in respect of the Securities, each reference to Calculation Amount used to determine any Mandatory Early Redemption Amount payable in respect of each Security pursuant to the Conditions shall be deemed to be replaced with the EE Adjusted Calculation Amount.

(b) Mandatory Early Redemption Override Condition

Where Mandatory Early Redemption Override Condition is specified to be applicable in the applicable Issue Terms in respect of the Securities, then notwithstanding the occurrence of a Mandatory Early Redemption Barrier Event followed by the payment of a Mandatory Early Redemption Amount on the relevant Mandatory Early Redemption Date, the Securities shall not be fully redeemed or terminated and shall remain outstanding if any one or more of the following applies:

- (i) if CRE Redemption Amount is specified to be applicable in the applicable Issue Terms and the CRE Redemption Amount is payable on the relevant CRE Redemption Date falling after such Mandatory Early Redemption Date; and/or
- (ii) if an Interest Amount and/or Non-Contingent Interest Amount is specified in the applicable Issue Terms and the Interest Amount and/or Non-Contingent Interest Amount (as applicable) is payable on the relevant Interest Payment Date and/or Non-Contingent Interest Amount Payment Date (as applicable) falling after such Mandatory Early Redemption Date.

12.3 Redemption Amount (Split Payment Conditions)

Where Redemption Amount (Split Payment Conditions) is specified to be applicable in the applicable Issue Terms in respect of the Securities, each reference to Calculation Amount used to determine the Redemption Amount payable in respect of each Security pursuant to the Conditions shall be deemed to be replaced with the EE Adjusted Calculation Amount.

12.4 Payment of CRE Redemption Amount

Where CRE Redemption Amount is specified to be applicable in the applicable Issue Terms, in addition to any (i) Mandatory Early Redemption Amount payable on a Mandatory Early Redemption Date and (ii) any Redemption Amount payable on the Maturity Date, the Issuer will pay the CRE Redemption Amount on the CRE Redemption Date.

12.5 Definitions

For the purposes of this Valuation and Settlement Condition 12:

"Capital Repayable Amount" or **"CRE"** means the percentage specified in the applicable Issue Terms, or, if different in respect of any amount(s) payable in the Issue Terms in respect of any Payment Date(s), such amount as is specified in the applicable Issue Terms.

"CRE Adjusted Calculation Amount" means the amount specified in the applicable Issue Terms, or if none is so specified, the amount calculated in accordance with the following formula:

$$\text{Calculation Amount} \times \text{CRE}$$

"CRE Coupon" means the percentage specified in the applicable Issue Terms.

"CRE Redemption Amount" means the amount determined in accordance with the following formula:

$$\text{Calculation Amount} \times \text{CRE} \times \text{CRE Coupon}$$

"CRE Redemption Date" means the date specified in the applicable Issue Terms.

"Equity Amount" or **"EE"** means the percentage specified in the applicable Issue Terms, or, if different in respect of any amount(s) payable in the Issue Terms in respect of any Payment Date(s), such amount as is specified in the applicable Issue Terms.

"EE Adjusted Calculation Amount" means the amount specified in the applicable Issue Terms, or if none is so specified, the amount calculated in accordance with the following formula:

VALUATION AND SETTLEMENT SCHEDULE FOR NOTES AND CERTIFICATES

Calculation Amount \times EE

"**Payment Date(s)**" means the relevant Interest Payment Date(s), Mandatory Early Redemption Date(s), Maturity Date or other payment date(s).

PART B: VALUATION AND SETTLEMENT SCHEDULE FOR WARRANTS AND EXERCISABLE CERTIFICATES

This Part B of the Valuation and Settlement Schedule shall apply to each Tranche of Securities which are Warrants or Exercisable Certificates. References in this Part B to this "Valuation and Settlement Schedule" shall be construed as references to this Part B of the Valuation and Settlement Schedule only.

1. General Provisions applicable to Underlyings

- (a) The provisions applicable to valuing each Underlying, to making any adjustment to Valuation Dates or to making any other adjustment following Adjustment Events or to determining any Early Termination Event are specified in this Valuation and Settlement Condition 1 and in the Underlying Schedule applicable to such Underlying, as completed by the applicable Final Terms or, as the case may be, as completed, modified and/or supplemented by the applicable Pricing Supplement.

- (b) *Underlying Closing Level or Underlying Level on a Valuation Date*

The Underlying Closing Level or the Underlying Level (as applicable) of an Underlying on a Valuation Date shall be determined as specified in the Underlying Schedule applicable to such Underlying.

- (c) *Adjustments to Valuation Dates (Scheduled Trading Days)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s), any Specified Valuation Date(s) specified in the applicable Issue Terms shall be adjusted in accordance with the following provisions:

- (i) The following sub-paragraph shall apply to Warrants linked to one Underlying.

If a Specified Valuation Date is not a Scheduled Trading Day for the Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for the Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for the Underlying, in which case Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 1(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 1(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (ii) The following sub-paragraph shall apply to Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then the Valuation Date shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for all of the Underlyings, unless in the opinion of the Calculation Agent such day is a Disrupted Day for any of the Underlyings, in which case Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 1(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 1(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (iii) The following sub-paragraph shall apply to Warrants linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms.

If a Specified Valuation Date is not a Scheduled Trading Day for any Underlying, then:

- (A) the Valuation Date for each Underlying for which such Specified Valuation Date is a Scheduled Trading Day shall be such Specified Valuation Date, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 1(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 1(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply; and
- (B) the Valuation Date for each Underlying for which such Specified Valuation Date is not a Scheduled Trading Day shall be the first succeeding day immediately following such Specified Valuation Date which is a Scheduled Trading Day for such affected Underlying, unless in the opinion of the Calculation Agent such day is a Disrupted Day for such Underlying, in which case Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) below or Valuation and Settlement Condition 1(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) below and/or Valuation and Settlement Condition 1(g) (*Averaging Dates*) below (as applicable) shall apply or, as the case may be, the provisions relating to adjustment to Valuation Dates for Disrupted Days set out in the Underlying Schedules applicable to the relevant Underlying(s), shall apply.

- (d) *Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*

Subject as provided in the Underlying Schedules applicable to the relevant Underlying(s) and subject as provided in Valuation and Settlement Condition 1(g) (*Averaging Dates*) below, any Specified Valuation Date(s) (if applicable, as adjusted in accordance with the provisions of Valuation and Settlement Condition 1(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*) above and/or, as the case may be, the provisions of the Underlying Schedules applicable to the relevant Underlying(s)) shall be adjusted in accordance with the following provisions:

- (i) The following sub-paragraph shall apply to Warrants linked to one Underlying, subject as provided in Valuation and Settlement Condition 1(d)(iv) below.

If such Specified Valuation Date for such Underlying is a Disrupted Day for such Underlying, then the Valuation Date shall be the earlier of: (I) the first succeeding Valid Date immediately following such Specified Valuation Date; and (II) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days immediately following such Specified Valuation Date.

- (ii) The following sub-paragraph shall apply to Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 1(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then such Valuation Date shall be the earlier of: (I) the first succeeding Valid Date immediately following such Specified Valuation Date; and (II) the Scheduled Trading Day for all the Underlyings which is the Valuation Roll number of Scheduled Trading Days for all the Underlyings immediately following such Specified Valuation Date.

- (iii) The following sub-paragraph shall apply to Warrants linked to more than one Underlying if "Value What You Can" is specified in the applicable Issue Terms, subject as provided in Valuation and Settlement Condition 1(d)(iv) below.

If such Specified Valuation Date is a Disrupted Day for any Underlying, then:

- (A) if such Specified Valuation Date is not a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be such Specified Valuation Date; and
 - (B) if such Specified Valuation Date is a Disrupted Day for an Underlying, then the Valuation Date for such Underlying shall be the earlier of: (1) the first succeeding Valid Date immediately following such Specified Valuation Date; and (2) the Scheduled Trading Day which is the Valuation Roll number of Scheduled Trading Days for such Underlying immediately following such Specified Valuation Date.
- (iv) If the Valuation Date for any Underlying determined as provided above would otherwise fall on a day falling after the second Scheduled Trading Day (the Cut-off Valuation Date) for such Underlying prior to the date on which a relevant payment or delivery, as applicable, is scheduled to be made under the Warrants, such Valuation Date shall be deemed to be the Cut-off Valuation Date (notwithstanding that such date is a Disrupted Day for such Underlying) and the provisions of Valuation and Settlement Condition 1(e)(ii) below shall apply in respect thereof.
- (e) *Adjustments to Valuation Dates (Calculation Agent's determination of Underlying Closing Levels)*
 - (i) If the Valuation Date for any Underlying (as determined in accordance with Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) above) is a Disrupted Day for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.
 - (ii) If the Valuation Date for any Underlying (as determined in accordance with Valuation and Settlement Condition 1(d)(iv) above) is determined to occur on the Cut-off Valuation Date for such Underlying, then (unless otherwise specified in the Underlying Schedule applicable to such Underlying) the Calculation Agent shall determine the Underlying Closing Level of such Underlying on such Cut-off Valuation Date using its good faith estimate of the Underlying Closing Level of such Underlying at the Valuation Time (where relevant) on or for such day.
 - (f) *Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*

If the Calculation Agent determines that the Underlying Level of an Underlying cannot be determined at any time on any Valuation Date by reason of the occurrence of an event giving rise to a Disrupted Day, then the Underlying Level at such time on such

day shall be disregarded for the purposes of determining any amounts payable and/or deliverable in respect of the Warrants.

(g) *Averaging Dates*

Where "Averaging" is specified to apply in the applicable Issue Terms to the Valuation Dates in respect of any Actual Exercise Date, the applicable Issue Terms will specify whether "Postponement", "Modified Postponement" or "Omission" will apply in respect of each Averaging Date or, if no such election is specified, "Postponement" shall apply.

Notwithstanding the provisions of Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*), where "Omission" applies in respect of any Averaging Date, if a Specified Valuation Date is a Disrupted Day for any Underlying, then such Specified Valuation Date shall be deemed not to be a Valuation Date PROVIDED THAT, if by operation of this provision there would be no Valuation Date in respect of the relevant Actual Exercise Date, then the provisions of Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*) will apply for the purposes of determining the relevant Underlying Closing Level(s) on the final Valuation Date with respect to that Actual Exercise Date as if such Valuation Date were a Valuation Date that was a Disrupted Day.

(h) *Adjustment Events*

If in the determination of the Calculation Agent any Adjustment Event occurs, then (subject to the provisions of the Underlying Schedule applicable to such Underlying) the Calculation Agent shall (i) make such adjustment to the terms of the Warrants as the Calculation Agent determines necessary or appropriate to account for the effect of such Adjustment Event subject to the provisions (if any) of such Underlying Schedule and (ii) determine the effective date of each such adjustment.

Any adjustment pursuant to the above may include the issue of additional Warrants (if so specified in the applicable Issue Terms) or a "monetisation" of the Warrants. Where the Warrants are monetised, (i) the Calculation Agent will determine the value in the Settlement Currency (the "**Monetised Amount**") of the bond component and the embedded derivative(s) comprising the Warrants on a date selected by the Calculation Agent (the "**Monetisation Valuation Date**"), (ii) any future amounts in respect of interest (if any) and the Final Redemption Amount will no longer be payable and (iii) the Warrants will instead pay on the Maturity Date an amount equal to (a) the Monetised Amount plus (b) interest accrued on such amount at the overnight rate relating to the Settlement Currency selected by the Calculation Agent which shall accrue during the period from (and including) the Monetisation Valuation Date to (but excluding) the Maturity Date.

If an "Increased Cost of Hedging" is specified to apply in the applicable Issue Terms and occurs, the Calculation Agent may make such adjustment to the terms of the Warrants as it determines necessary or appropriate to pass on to Warrantholders the relevant increased cost of hedging, which adjustment may include, but is not limited to, reducing any of the amounts which would otherwise be payable under the Warrants or reducing the number of any Relevant Assets which would otherwise be deliverable under the Warrants.

If so specified in the relevant Underlying Schedule, any adjustment(s) made by the Calculation Agent in response to an Adjustment Event may include a substitution of the relevant Underlying or other asset as specified in the Underlying Schedule applicable to the relevant Underlying and the Calculation Agent may make such other adjustments to the terms of the Warrants as it deems necessary or appropriate in relation to such substitution.

(i) *Early Termination Events*

If, in the determination of the Calculation Agent, any Early Termination Event occurs in respect of an Underlying or the Warrants (as relevant), then (i) in the case of an Additional Early Termination Event pursuant to paragraph (i) of the definition of such term (subject to the provisions of the Underlying Schedule applicable to such Underlying) the Issuer will or (ii) in the case of a Hedging Disruption Early Termination Event or a Section 871(m) Event, the Issuer may, cancel all (but not some only) of the Warrants on a day selected by the Issuer and the Issuer shall pay, in respect of each Warrant or, if Units are specified in the applicable Pricing Supplement, each Unit, as the case may be, an amount equal to the Early Termination Amount on the Early Termination Date.

(j) *Realisation Disruption*

If "Realisation Disruption" is specified as applicable in the applicable Issue Terms and a Realisation Disruption Event occurs, then the Issuer may either (i) direct the Calculation Agent to make such consequential adjustments to any of the terms of the Warrants (including any payment or delivery obligations) as it determines appropriate in order to reflect the economic effect of the particular Realisation Disruption Event or (ii) cancel all (but not some only) of the Warrants on a day selected by the Issuer and the Issuer shall pay, in respect of each Warrant, an amount equal to the Early Termination Amount on the Early Termination Date.

Any such adjustments by the Calculation Agent may include (but are not limited to) (I) payments under the Warrants being made in the currency (the "**Local Currency**") in which the Hedging Positions are denominated or payable rather than the Settlement Currency, (II) deduction of an amount equal to the applicable tax, charge or deduction from the relevant payment otherwise due under the relevant Warrants or delivery of any Entitlement being subject to payment by the relevant Warrantholder of an amount equal to a pro rata portion of any such tax, charge or deduction resulting in reduced amounts paid or delivered in respect of the Warrants, (III) non-payment of the relevant payment or non-delivery of the relevant Entitlement otherwise due under the relevant Warrants until the relevant restrictions (including but not limited to all exchange and/or conversion and/or cross-border transfer restrictions) are lifted and/or (IV) determination of any relevant exchange rate by the Calculation Agent taking into consideration all available information that it deems relevant, which may result in a different rate to that which would have applied had the Realisation Disruption not occurred, and/or (V) (where legally permissible) in lieu of paying any cash amounts in respect of the Warrants, procuring physical delivery of any Underlying(s), delivered in such manner as shall be notified to the Warrantholders by the Issuer (or vice versa) PROVIDED THAT such Underlying(s) may be subject to transfer restrictions and additional certifications may be required from the Warrantholders. Any such adjustments will be effective as of the date determined by the Calculation Agent.

(k) *Correction of published or announced prices or levels*

In the event that any level, price, rate or value (as applicable) of an Underlying for any time on any day which is published or announced by or on behalf of the person or entity responsible for such publication or announcement and which is used for any calculation or determination made in respect of the Warrants is subsequently corrected, and the correction (the "**Corrected Level**") is published by or on behalf of such person or entity within the relevant Correction Period after the original publication (and at least two Business Days prior to the relevant date on which a payment or delivery is scheduled to be made under the Warrants) (the "**Relevant Scheduled Payment Date**"), then such Corrected Level shall be deemed to be the level, price, rate or value for the relevant Underlying for the relevant time on the relevant day and the Calculation Agent shall use such Corrected Level in determining any amounts payable and/or deliverable in respect of the Warrants.

Corrections published after the day which is two Business Days prior to the Relevant Scheduled Payment Date shall be disregarded by the Calculation Agent for the purposes of determining any such amounts payable and/or deliverable under the Warrants.

(l) *Notifications*

The Calculation Agent shall notify the Issuer of any determination made by it in accordance with this Valuation and Settlement Condition 1 and the action that it proposes to take in respect of any such determination. The Issuer shall notify the Warrantholders thereof as soon as reasonably practicable thereafter in accordance with General Condition 12 (*Notices*). Failure by the Calculation Agent to notify the Issuer or failure by the Issuer to notify the Warrantholders of any such determination will not affect the validity of any such determination.

(m) *Definitions*

"Additional Adjustment Event" means, in each case if specified as applicable in the applicable Issue Terms, in respect of an Underlying, each event (if any) specified as such in the Underlying Schedule applicable to such Underlying.

"Additional Early Termination Event" means, in each case if specified as applicable in the applicable Issue Terms, in respect of an Underlying, each event (if any) specified as such in the applicable Issue Terms and in the Underlying Schedule applicable to such Underlying and (ii) in respect of Warrants only if Hedging Disruption Early Termination Event and/or Section 871(m) Event is/are specified as applicable in the applicable Issue Terms, a Hedging Disruption Early Termination Event and/or a Section 871(m) Event.

"Adjustment Event" means, in each case if specified as applicable in the applicable Issue Terms, the occurrence at any time of a Change in Law, a Hedging Disruption, an Increased Cost of Hedging or the occurrence at any time of any Additional Adjustment Event applicable to such Underlying.

"Averaging Date" means, in respect of an Actual Exercise Date, each Valuation Date specified as such in the applicable Issue Terms, as adjusted in accordance with Valuation and Settlement Condition 1(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*), Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*), Valuation and Settlement Condition 1(f) (*Adjustment to Valuation Dates (Disrupted Days and Underlying Levels)*) above and/or Valuation and Settlement Condition 1(g) (*Averaging Dates*) below and/or, as applicable, the relevant Underlying Schedule or any date deemed pursuant to the Conditions to be a Valuation Date.

"Change in Law" means, if specified as applicable in the applicable Issue Terms, that (a) due to the adoption of or any change in any applicable law, rule, order, directive or regulation (including, without limitation, any tax law), or (b) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation, (including any action taken by a taxing authority), the Calculation Agent determines that:

- (i) if, in relation to Change in Law, "Illegality" is specified to apply in the applicable Issue Terms, holding, acquiring or disposing of any Hedging Position becomes or will become unlawful, illegal or otherwise prohibited in whole or in part, and such unlawfulness, illegality or prohibition cannot be cured or avoided by the Issuer (or its agents) taking all commercially reasonable measures available to it (including that any such measures will not result in the Issuer (or its agents) incurring a material loss); or
- (ii) if, in relation to Change in Law, "Material Increased Cost" is specified to apply in the applicable Issue Terms, the Issuer will incur a materially

increased cost in performing its obligations in relation to the Warrants (including without limitation due to any increase in tax liability, decrease in tax benefit or other adverse effect on the tax position of any relevant Hedging Party) which cannot be avoided by the Issuer (or its agents) taking reasonable measures available to it (as determined by the Issuer) and for which it (or its agents) will not suffer a material loss.

"Correction Period" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"Early Termination Event" means, in respect of an Underlying or the Warrants (as the case may be), (i) if, Early Termination Option is specified as applicable in the applicable Issue Terms in relation to the relevant Adjustment Event, following the occurrence of an Adjustment Event, the Calculation Agent determines that no adjustment or substitution can reasonably be made under this Condition to account for the effect of such Adjustment Event, or (ii) if specified to apply in the applicable Issue Terms, the occurrence at any time of any Additional Early Termination Event applicable to such Underlying or the Warrants (as the case may be).

"Electronic Page" means, in respect of an Underlying and (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), the electronic page or source specified for such Underlying or such component, as the case may be, in the applicable Issue Terms, or either (i) any successor electronic page or source or information vendor or provider that has been designated by the sponsor of the original electronic page or source; or (ii) if such sponsor has not officially designated a successor electronic page or source or information vendor or provider, the successor electronic page or source or information vendor or provider designated by the relevant information vendor or provider (if different from such sponsor) or any alternative electronic page or source designated by the Calculation Agent PROVIDED THAT if, in the case of (i) and (ii), the Calculation Agent determines that it is not necessary or appropriate for the Electronic Page to be any such successor electronic page or source or information vendor or provider, then the Electronic Page may be either the originally designated electronic page or source or such other electronic page or source as selected by the Calculation Agent. Where more than one Electronic Page is specified in respect of an Underlying and/or (if applicable) any component of such Underlying (however described in the relevant Underlying Schedule), then the provisions of the preceding sentence shall be construed accordingly and (i) if there is any discrepancy between any relevant price or level displayed on the relevant Electronic Pages for any Valuation Date, the relevant price or level selected by the Calculation Agent shall be used for such Valuation Date; and (ii) if any relevant price or level is not published on all of such Electronic Pages but is published on one or more of such Electronic Pages, the Calculation Agent shall use such published price or level for the purpose of determining any calculation or determination in respect of the Warrants and no Disrupted Day shall be deemed to have occurred in respect of the failure to publish on the other Electronic Page(s).

"Hedging Disruption" means, if specified as applicable in the applicable Issue Terms, that any Hedging Party is unable or would be unable, after using commercially reasonable efforts to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge or be able to hedge the price risk of the Issuer issuing and performing its obligations under the Warrants; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s).

"Hedging Disruption Early Termination Event" means, if specified as applicable in the applicable Issue Terms, any action, or any announcement of the intention to take any such action, including adoption of any law, regulation or order or the amendment, elimination, reinterpretation or promulgation of an interpretation, by any regulatory, self-regulatory, legislative or judicial authority with competent jurisdiction (including, without limitation, as implemented by the United States Commodity Futures Trading Commission (CFTC) or any exchange or trading facility acting pursuant to CFTC

authority) that (i) affects the definition of "bona fide hedging" as that term is used in CFTC regulations adopted under Section 4a(a) of the United States Commodity Exchange Act, as amended (the Commodity Exchange Act) (as at the Trade Date 17 CFR 150.3) or that withdraws or limits as a matter of practice or policy any "hedge exemptions" previously granted by the CFTC or any such exchange or trading facility acting under authority granted pursuant to the Commodity Exchange Act, or affects or otherwise amends such other applicable laws of any jurisdiction which has an analogous effect to any of the events specified in this sub-paragraph (i) or (ii) increases the cost of the performance of the Issuer's obligations in respect of the Warrants or the cost of acquiring, establishing, re-establishing, substituting, maintaining, unwinding or disposing of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Warrants, whether individually or on a portfolio basis, in each case occurring after the Trade Date and as determined by the Calculation Agent.

"Hedging Party" means any party which enters into any arrangement which hedges or is intended to hedge, individually or on a portfolio (or "book") basis, the Warrants, which party may be the Issuer and/or any of its Affiliates and/or any other party or parties, as determined by the Calculation Agent.

"Hedging Position" means any one or more of (i) positions or contracts (as applicable) in securities, futures contracts, options contracts, cross currency derivatives contracts, interest rate derivative contracts, asset swap derivative contracts, other derivative contracts or foreign exchange contracts; (ii) stock loan transactions, securities transactions or loan transactions; (iii) other instruments or arrangements (however described) entered into by a Hedging Party in order to hedge, individually or on a portfolio (or "book") basis, the Warrants; or (iv) positions or contracts in one or more credit derivatives contracts which may be in combination with any of paragraphs (i) or (iii) above.

"Increased Cost of Hedging" means, if specified as applicable in the applicable Issue Terms, that any Hedging Party would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) that the Calculation Agent deems necessary to hedge the price risk of the Issuer issuing and performing its obligations under the Warrants; or (ii) realise, recover or remit the proceeds of any such transaction(s) or asset(s). Any such materially increased amount that is incurred solely due to the deterioration of the creditworthiness of any Hedging Party shall not be deemed an Increased Cost of Hedging.

"Realisation Disruption Event" means, if specified as applicable in the applicable Issue Terms, the Calculation Agent determines that:

- (i) either any restrictions or any taxes, charges or other deductions have been imposed by any applicable governmental, taxation, judicial or regulatory body on any dealing by any Hedging Party in any Hedging Positions held by any Hedging Party such that:
 - (A) any Hedging Party is or would be materially restricted from continuing to purchase, sell or otherwise deal in any Hedging Positions (or to enter into, continue or otherwise complete such transactions) and/or is or would be materially restricted from exercising its rights, or performing its obligations in respect of any Hedging Positions;
 - (B) the Issuer is materially restricted from performing its obligations under the Warrants and/or any Hedging Party is materially restricted from performing its obligations under any Hedging Positions; or

- (C) the Issuer will (or is likely to) incur a materially increased cost in performing its obligations under the Warrants and/or any Hedging Party will (or is likely to) incur a materially increased cost in performing its obligations under any Hedging Positions; or
- (ii) an event has occurred or circumstances exist (including without limitation either any restrictions or any charges or deductions imposed by any applicable governmental, judicial or regulatory body):
 - (A) that materially restricts the ability of any Hedging Party to (i) exchange or convert the Local Currency for any Settlement Currency or any Settlement Currency for the Local Currency through the customary legal channels and/or (ii) deliver any Settlement Currency or the Local Currency and/or (iii) transfer the proceeds of the Hedging Positions (or any transaction relating to a Hedging Position) (A) between, accounts in the jurisdiction of the Local Currency (the "**Local Jurisdiction**") and any accounts in the jurisdiction of any Settlement Currency or (B) to or from a party that is a non-resident of the Local Jurisdiction and/or to a party that is a resident of the jurisdiction of any Settlement Currency; and/or
 - (B) such that any Hedging Party is or would be materially restricted from transferring amounts payable under any Hedging Position or in respect of the Warrants between (i) the Local Jurisdiction and the jurisdiction of a Hedging Party and/or (ii) the jurisdiction of any Settlement Currency and the jurisdiction of a Hedging Party; and/or
 - (C) such that the Calculation Agent's ability to determine a rate at which the Local Currency can be exchanged for any Settlement Currency (or vice versa), for any reason becomes restricted, or such determination is otherwise impracticable or such rate is subject to material charges or deductions.

The above provisions refer to "materially restricted", "materially increased" and "material" and any determination in respect of "materially" or "material" in respect of any such provision shall be made by the Calculation Agent which shall have regard to such circumstances as it deems appropriate.

"Section 871(m) Event" means, if specified as applicable in the applicable Issue Terms, that the Issuer and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, save where the applicable Issue Terms specify that "Section 871(m) Event (Hedging)" is not applicable, in each case, any Hedging Party is (or, in the determination of the Calculation Agent, there is a reasonable likelihood that, within the next 30 Business Days, the Issuer and/or, where the Issuer is CGMFL, the CGMFL Guarantor and/or, save where the applicable Issue Terms specify that "Section 871(m) Event (Hedging)" is not applicable, in each case, any Hedging Party will become) subject to any withholding or reporting obligations pursuant to Section 871(m) of the Code with respect to the Warrants and/or, where the Issuer is CGMFL, the CGMFL Deed of Guarantee, and/or, in each case, save where the applicable Issue Terms specify that "Section 871(m) Event (Hedging)" is not applicable, any Hedging Positions.

"Specified Valuation Date" means each date deemed pursuant to the Conditions to be a Specified Valuation Date or as specified as such in the applicable Issue Terms.

"Trade Date" means the date specified as such in the applicable Issue Terms or, if none is so specified, the Issue Date.

"Underlying" means each underlying reference factor specified as such and classified in the applicable Issue Terms.

"Underlying Closing Level" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"Underlying Level" shall, in respect of an Underlying and if applicable, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

"Underlying Schedule" means, in respect of an Underlying, the schedule that is specified to be applicable to such Underlying as a result of the classification of such Underlying in the applicable Issue Terms.

"Valid Date" means, in respect of a Valuation Date:

- (i) Where the relevant Valuation Date is not specified to be an Averaging Date or is an Averaging Date to which "Postponement" is specified to apply in the applicable Issue Terms:
 - (A) in respect of Warrants linked to one Underlying, a Scheduled Trading Day which is not a Disrupted Day for the Underlying;
 - (B) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, a Scheduled Trading Day for all the Underlyings which is not a Disrupted Day for all of the Underlyings; and
 - (C) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms and in respect of the Underlying for which the Specified Valuation Date is a Disrupted Day, a Scheduled Trading Day for such Underlying and which is not a Disrupted Day for such Underlying; and
- (ii) Where the relevant Valuation Date is specified to be an Averaging Date to which "Modified Postponement" is specified to apply in the applicable Issue Terms:
 - (A) in respect of Warrants linked to one Underlying, a Scheduled Trading Day which is not a Disrupted Day for the Underlying and on which another Valuation Date in relation to the relevant Actual Exercise Date does not or is not deemed to occur;
 - (B) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms, a Scheduled Trading Day for all the Underlyings which is not a Disrupted Day for all of the Underlyings and on which another Valuation Date in relation to the relevant Actual Exercise Date does not or is not deemed to occur; and
 - (C) in respect of Warrants linked to more than one Underlying if "Move In Block" is specified in the applicable Issue Terms and in respect of the Underlying for which the Specified Valuation Date is a Disrupted Day, a Scheduled Trading Day for such Underlying which is not a Disrupted Day for such Underlying and on which another Valuation Date in relation to such Underlying and the relevant Actual Exercise Date does not or is not deemed to occur.

"Valuation and Settlement Condition" means each condition specified in Part B of this Underlying Schedule.

"Valuation Date" means, in respect of an Actual Exercise Date, each Specified Valuation Date, as adjusted in accordance with Valuation and Settlement Condition 1(c) (*Adjustments to Valuation Dates (Scheduled Trading Days)*), Valuation and Settlement Condition 1(d) (*Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)*), Valuation and Settlement Condition 1(f) (*Adjustment to*

Valuation Dates (Disrupted Days and Underlying Levels)) above and/or, as applicable, the relevant Underlying Schedule or any date deemed pursuant to the Conditions to be a Valuation Date.

"**Valuation Roll**" means the number specified as such in the applicable Issue Terms or, if no number is so specified, eight.

"**Valuation Time**" shall, in respect of an Underlying, have the meaning given to it in the Underlying Schedule applicable to such Underlying.

2. Cash Settlement on exercise

If the Warrants are Cash Settled Warrants, each such Warrant or, if Units are specified in the applicable Issue Terms, each Unit entitles its holder in respect of an Actual Exercise Date, upon due exercise and subject, in the case of Warrants represented by a Regulation S Global Security or a Combined Global Security (in respect of interests held by persons who are not Permitted QIB Purchasers), to certification as to Permitted Non-U.S. Purchaser beneficial ownership, to receive from the Issuer on the relevant Settlement Date a Cash Settlement Amount (together with, in the case of Fixed Rate Warrants, accrued but unpaid interest) calculated by the Calculation Agent (which shall not be less than zero), and such Cash Settlement Amount shall be equal to:

(a) where Averaging is not specified as applying in the applicable Issue Terms:

(i) if such Warrants are Call Warrants, and:

(A) the relevant Underlying is not a Rate, or in the case of a Basket of Underlyings none of the Underlyings are Rates, and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Settlement Price subject to, if a Commission is specified in the applicable Issue Terms, deduction of such Commission from the Settlement Price, less Exercise Price) multiplied by the Nominal Amount ("NA") and, where Payment of Dividends is specified as applicable in the applicable Issue Terms, plus the relevant Dividend Amount ("DA") all, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier. As a formula:

$$[\{[(\text{Settlement Price} \times [1 - \text{Commission}]) - \text{Exercise Price}] \times \text{NA}\} [+ \text{DA}]] [x \text{Multiplier}]$$

Where the Commission, Dividend Amount or Multiplier is specified as Not Applicable or is not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored;

(B) the relevant Underlying(s) is a Rate or a Basket of Rates (as applicable) and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Settlement Price plus Margin) less Strike, multiplied by the Nominal Amount ("NA") and, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier, all, where a Rates Day Count Fraction ("DCF") is specified in the applicable Issue Terms in respect of a Rate, multiplied by the DCF. As a formula:

$$[(\text{Settlement Price} + \text{Margin}) - \text{Strike}] \times \text{NA} [x \text{Multiplier}] [x \text{DCF}]$$

Where the DCF or the Multiplier are specified as Not Applicable or are not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored.

Where:

"**Strike**" means the percentage specified as such in the applicable Issue Terms.

(ii) if such Warrants are Put Warrants and,

(A) the relevant Underlying is not a Rate, or in the case of a Basket of Underlyings none of the Underlyings are Rates, and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Exercise Price less Settlement Price subject to, if a Commission is specified in the applicable Issue Terms, addition of such Commission to the Settlement Price) multiplied by the Nominal Amount ("**NA**") and, where Payment of Dividends is specified as applicable in the applicable Issue Terms, minus the relevant Dividend Amount ("**DA**"), all, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier. As a formula:

$$\frac{[(\text{Exercise Price} - (\text{Settlement Price} \times [1 + \text{Commission}])) \times \text{NA}] - \text{DA}}{[\times \text{Multiplier}]}$$

Where the Commission, Dividend Amount or Multiplier is specified as Not Applicable or is not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored;

(B) the relevant Underlying(s) is a Rate or Basket of Rates (as applicable) and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise, Strike less (Settlement Price plus Margin), multiplied by the Nominal Amount ("**NA**") and, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier, all, where a Rates Day Count Fraction ("**DCF**") is specified in the applicable Issue Terms in respect of a Rate, multiplied by the DCF. As a formula:

$$[\text{Strike} - (\text{Settlement Price} + \text{Margin})] \times \text{NA} [\times \text{Multiplier}] [\times \text{DCF}]$$

Where the DCF or the Multiplier are specified as Not Applicable or are not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored.

Where:

"**Strike**" means the percentage specified as such in the applicable Issue Terms.

(iii) if such Warrants are:

(A) Call Spread Warrants or Put Spread Warrants, the relevant Underlying is not a Rate, or in the case of a Basket of Underlyings none of the Underlyings are Rates, and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Issue Price multiplied by Spread), all, where a Multiplier is specified in the applicable Issue Terms, multiplied by a Multiplier. As a formula:

$$\text{Issue Price} \times \text{Spread} [\times \text{Multiplier}]$$

Where the Multiplier is specified as Not Applicable or is not specified in the applicable Issue Terms, the reference to the Multiplier in the above formula shall be ignored.

Where:

"Spread" means a percentage determined by the Calculation Agent by reference to the following formula:

(i) where the Warrants are Call Spread Warrants:

$$\frac{\text{Max}(\text{Fixed Percentage}, [\text{Performance} - \text{Lower Strike}])}{\text{Max}(0\%, [\text{Performance} - \text{Upper Strike}])}$$

(ii) where the Warrants are Put Spread Warrants:

$$\frac{\text{Max}(\text{Fixed Percentage}, [\text{Upper Strike} - \text{Performance}])}{\text{Max}(0\%, [\text{Lower Strike} - \text{Performance}])}$$

For the purposes of the above formula, **"Fixed Percentage"**, **"Lower Strike"** and **"Upper Strike"** shall be the percentage specified as such in the applicable Issue Terms.

"Initial Valuation Date" means the date (if any) specified as such in the applicable Issue Terms. Such date shall be a "Valuation Date" for the purposes of the Conditions and shall be adjusted in accordance with the provisions thereof as though such date were the sole Valuation Date for the relevant Actual Exercise Date and the definition of Settlement Price shall be construed accordingly.

"Performance" means:

- (i) where the Warrants relate to a single Underlying, the Underlying Performance for such Underlying; or
- (ii) where the Warrants relate to a Basket of Underlyings and in respect of all of the Underlyings (i) in the Basket of Underlyings (where $i = 1 \dots n$), an amount, expressed as a percentage, determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Weighting}_i \times \text{Underlying Performance}_i$$

"Strike Price" means, in respect of an Underlying, either (i) the Settlement Price of such Underlying on the Initial Valuation Date or (ii) the price, level or value specified for such Underlying in the applicable Issue Terms.

"Underlying Performance" means, in respect of an Underlying, an amount, expressed as a percentage, determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Relevant Price}}{\text{Strike Price}}$$

For which purpose:

"Relevant Price" means, in respect of an Underlying and an Actual Exercise Date, the Settlement Price of such Underlying on the relevant Valuation Date in respect of such Actual Exercise Date.

- (B) if such Warrants are Call Spread Warrants, the relevant Underlying(s) is a Rate or Basket of Rates (as applicable) and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

The higher of (a) the Floor and (b) the lower of (i) the Cap and (ii) (Settlement Price plus Margin) less Strike, and, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier, multiplied by the Nominal Amount ("NA"), and all, where a Rates Day Count Fraction ("DCF") is specified in the applicable Issue Terms in respect of a Rate, multiplied by the DCF. As a formula:

$$\text{Max}[\text{Floor}, \text{Min}\{\text{Cap}, [(\text{Settlement Price} + \text{Margin}) - \text{Strike}]\}] \times [\text{Multiplier}] \times \text{NA} \times \text{DCF}$$

Where the DCF or the Multiplier are specified as Not Applicable or are not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored.

Where:

"Strike" means the percentage specified as such in the applicable Issue Terms.

- (C) if such Warrants are Put Spread Warrants, the relevant Underlying(s) is a Rate or Basket of Rates (as applicable) and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

The higher of (a) the Floor and (b) the lower of (i) the Cap and (ii) Strike less (Settlement Price plus Margin), and, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier, multiplied by the Nominal Amount ("NA") and all, where a Rates Day Count Fraction ("DCF") is specified in the applicable Issue Terms in respect of a Rate, multiplied by the DCF. As a formula:

$$\text{Max}[\text{Floor}, \text{Min}\{\text{Cap}, [\text{Strike} - (\text{Settlement Price} + \text{Margin})]\}] \times [\text{Multiplier}] \times \text{NA} \times \text{DCF}$$

Where the DCF or the Multiplier are specified as Not Applicable or are not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored.

Where:

"Strike" means the percentage specified as such in the applicable Issue Terms.

- (iv) if such Warrants are Delta One Warrants and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Settlement Price divided by Exercise Price) multiplied by the Nominal Amount ("NA"). As a formula:

$$\frac{\text{Settlement Price}}{\text{Exercise Price}} \times \text{NA}$$

- (v) if such Warrants are Long/Short Warrants and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise, an

amount calculated by the Calculation Agent in accordance with the following formula:

$$IP \left\{ 1 + PR \times \left(\left[\frac{\text{Long}_F - \text{Long}_I}{\text{Long}_I} - \frac{\text{Short}_F - \text{Short}_I}{\text{Short}_I} \right] + \text{Long Dividends} - \text{Short Dividends} \right) \right\}$$

Where:

"Dividend FX Rate" means, in respect of an Underlying, the Underlying Currency for such Underlying and a Dividend relating to such Underlying, the Exchange Rate for such Underlying and such Underlying Currency on the relevant Dividend Date.

"Final FX Rate" means, in respect of an Underlying and the Underlying Currency for such Underlying, the Exchange Rate for such Underlying and such Underlying Currency on the Valuation Date for such Underlying.

"IP" means the Issue Price of the first Tranche of Warrants.

"Long Dividends" means, in respect of the Long Underlyings (where (i) = 1,2,3,...LT and "LT" is as specified in the applicable Issue Terms), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{LT} \text{Relevant Percentage} \times N_{(i)} \times \text{Dividend for Long Underlying}_{(i)} \right]$$

"Long_F" means, in respect of the Long Underlyings (where (i) = 1,2,3,...LT), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{LT} \frac{\text{LPR} \times N_{(i)} \times \text{Long Underlying}_{\text{Final}}}{\text{Final FX Rate}} \right]$$

"Long_I" means the Issue Price of the Warrants.

"Long Underlying_{Final}" means, in respect of a Long Underlying, the Settlement Price for such Long Underlying.

"Long Participation Rate (LPR)" means the percentage specified in the applicable Issue Terms.

"Participation Rate (PR)" means the percentage specified in the applicable Issue Terms.

"Relevant Percentage" means, in respect of an Underlying, the percentage specified for such Underlying in the applicable Issue Terms.

"Short Dividends" means, in respect of the Short Underlyings (where (i) = 1,2,3,...ST and ST is as specified in the applicable Issue Terms), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{ST} N_{(i)} \times \text{Dividend for Short Underlying}_{(i)} \right]$$

"Short_F" means, in respect of the Short Underlyings (where (i) = 1,2,3,...ST), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{ST} \frac{SPR \times N_{(i)} \times \text{Short Underlying}_{\text{Final}}}{\text{Final FX Rate}} \right]$$

"**Short_i**" means the Issue Price of the Warrants.

"**Short Participation Rate (SPR)**" means the percentage specified in the applicable Issue Terms.

"**Short Underlying_{Final}**" means, in respect of a Short Underlying, the Settlement Price for such Short Underlying.

"**Underlying Currency**" means, in respect of an Underlying, the currency specified for such Underlying in the applicable Issue Terms.

- (vi) in the case of Exempt Warrants, the Cash Settlement Amount determined pursuant to or as specified in the applicable Pricing Supplement; or
- (b) where Averaging is specified as applying in the applicable Issue Terms:

- (i) if such Warrants are Call Warrants and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(the arithmetic mean of the Settlement Prices for all the Averaging Dates (the "**Average Settlement Price**"), subject to, if a Commission is specified in the applicable Issue Terms, deduction of such Commission from the Settlement Prices - Exercise Price) multiplied by the Nominal Amount ("**NA**") all, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier. As a formula:

$$[(\text{Average Settlement Price} \times [1 - \text{Commission}]) - \text{Exercise Price}] \times \text{NA} [\times \text{Multiplier}]$$

Where the Commission or Multiplier is specified as Not Applicable or is not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored.

- (ii) if such Warrants are Put Warrants and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Exercise Price less the Average Settlement Price for all the Averaging Dates subject to, if a Commission is specified in the applicable Issue Terms, addition of such Commission to the Settlement Prices) multiplied by the Nominal Amount ("**NA**") all, where a Multiplier is specified in the applicable Issue Terms, multiplied by the Multiplier. As a formula:

$$[\text{Exercise Price} - (\text{Average Settlement Price} \times [1 + \text{Commission}])] \times \text{NA} [\times \text{Multiplier}]$$

Where the Commission or Multiplier is specified as Not Applicable or is not specified in the applicable Issue Terms, the reference to the relevant element in the above formula shall be ignored.

- (iii) if such Warrants are Call Spread Warrants or Put Spread Warrants and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(i) the Issue Price multiplied by (ii) the Spread, all, where a Multiplier is specified in the applicable Issue Terms, multiplied by a Multiplier. As a formula:

$$\text{Issue Price} \times \text{Spread} [\times \text{Multiplier}]$$

Where the Multiplier is specified as Not Applicable or is not specified in the applicable Issue Terms, the reference to the Multiplier in the above formula shall be ignored.

Where:

"Spread" means a percentage determined by the Calculation Agent by reference to the following formula:

- (i) where the Warrants are Call Spread Warrants:

$$\frac{\text{Max (Fixed Percentage, [Performance - Lower Strike])} - \text{Max (0\%, [Performance - Upper Strike])}}{\text{Max (Fixed Percentage, [Upper Strike - Performance])} - \text{Max (0\%, [Lower Strike - Performance])}}$$
- (ii) where the Warrants are Put Spread Warrants:

$$\frac{\text{Max (Fixed Percentage, [Upper Strike - Performance])} - \text{Max (0\%, [Lower Strike - Performance])}}{\text{Max (Fixed Percentage, [Performance - Lower Strike])} - \text{Max (0\%, [Performance - Upper Strike])}}$$

For the purposes of the above formula, **"Fixed Percentage"**, **"Lower Strike"** and **"Upper Strike"** shall be the percentage specified as such in the applicable Issue Terms.

For the purposes of this Valuation and Settlement Condition 1(b)(iii):

"Average Settlement Price" means, in respect of an Underlying:

- (i) where Initial Averaging is specified as applicable in the applicable Issue Terms and for the purposes of the determination of the Strike Price, the arithmetic mean of the Settlement Prices for all the Initial Averaging Dates; and
- (ii) where Final Averaging is specified as applicable in the applicable Issue Terms and for the purposes of the determination of the Relevant Price, the arithmetic mean of the Settlement Prices for all the Final Averaging Dates.

"Final Averaging Date" means, in respect of an Actual Exercise Date, each date specified as such in the applicable Issue Terms. Each such date shall be an "Averaging Date" for the purposes of the Conditions and shall be adjusted in accordance with the provisions thereof as though such dates were the sole Averaging Dates for the relevant Actual Exercise Date and the definition of Settlement Price shall be construed accordingly.

"Initial Averaging Date" means, in respect of an Actual Exercise Date, each date specified as such in the applicable Issue Terms. Each such date shall be an "Averaging Date" for the purposes of the Conditions and shall be adjusted in accordance with the provisions thereof as though such dates were the sole Averaging Dates for the relevant Actual Exercise Date and the definition of Settlement Price shall be construed accordingly.

"Initial Valuation Date" means, in respect of an Actual Exercise Date, the date (if any) specified as such in the applicable Issue Terms. Such date shall be a **"Valuation Date"** for the purposes of the Conditions and shall be adjusted in accordance with the provisions thereof as though such date were the sole Valuation Date for the relevant Actual Exercise Date and the definition of Settlement Price shall be construed accordingly.

"Performance" means:

- (i) where the Warrants relate to a single Underlying, the Underlying Performance for such Underlying; or

- (ii) where the Warrants relate to a Basket of Underlyings and in respect of all of the Underlyings (i) in the Basket of Underlyings (where $i = 1 \dots n$), an amount, expressed as a percentage, determined by the Calculation Agent by reference to the following formula:

$$\sum_{i=1}^n \text{Weighting}_i \times \text{Underlying Performance}_i$$

"Relevant Price" means, in respect of an Underlying:

- (i) where Final Averaging is specified as not applicable in the applicable Issue Terms, the Settlement Price of such Underlying on the relevant Valuation Date in respect of an Actual Exercise Date; or
- (ii) where Final Averaging is specified as applicable in the applicable Issue Terms, the Average Settlement Price of such Underlying in respect of the Final Averaging Dates.

"Strike Price" means, in respect of an Underlying:

- (i) where Initial Averaging is specified as not applicable in the applicable Issue Terms either (a) the Settlement Price of such Underlying on the Initial Valuation Date or (b) the price, level or value specified for such Underlying in the applicable Issue Terms; or
- (ii) where Initial Averaging is specified as applicable in the applicable Issue Terms, the Average Settlement Price of such Underlying in respect of the Initial Averaging Dates.

"Underlying Performance" means, in respect of an Underlying, an amount, expressed as a percentage, determined by the Calculation Agent by reference to the following formula:

$$\frac{\text{Relevant Price}}{\text{Strike Price}}$$

- (iv) if such Warrants are Delta One Warrants and, in the case of Exempt Warrants, the applicable Pricing Supplement does not specify otherwise,

(Average Settlement Price divided by Exercise Price) multiplied by the Nominal Amount ("NA"). As a formula:

$$\frac{\text{Average Settlement Price}}{\text{Exercise Price}} \times NA$$

- (v) in the case of Exempt Warrants, the Cash Settlement Amount determined pursuant to or as specified in the applicable Pricing Supplement.

The Cash Settlement Amount, or, in respect of Valuation and Settlement Conditions 2(a)(iii)(B) and (C), the component of the calculation of the Cash Settlement Amount expressed to be subject to a Cap or a Floor, as the case may be, determined pursuant to the above shall not be greater than the Cap (if any) specified in the applicable Issue Terms or less than the Floor (if any) specified in the applicable Issue Terms.

Any amount determined pursuant to the above, if not an amount in the Settlement Currency, will be converted into the Settlement Currency at the Exchange Rate specified in the applicable Issue Terms for the purposes of determining that Cash Settlement Amount.

3. Physical Settlement on exercise

In the case of Exempt Warrants, if the Warrants are Physical Delivery Warrants, each such Warrant or, if Units are specified in the applicable Issue Terms, each Unit, as the case may be, entitles its holder in respect of an Actual Exercise Date, upon due exercise and subject, in the case of Warrants represented by a Regulation S Global Security or a Combined Global Security (in respect of interests held by persons who are not Permitted QIB Purchasers), to certification as to Permitted Non-U.S. Purchaser beneficial ownership, to receive from the Issuer on the relevant Settlement Date the Entitlement subject to payment of the relevant Exercise Price (if applicable), any Exercise Expenses (as set out in General Condition 7(d) and any other sums payable. The method of delivery of the Entitlement is set out in the applicable Issue Terms.

4. Mandatory Early Termination Event for Long/Short Warrants

If (i) Terms of Long/Short Warrants is specified as applicable in the applicable Issue Terms and (ii) Mandatory Early Termination is specified as applicable in the applicable Issue Terms, the following shall apply for the purposes of General Condition 6(a)(iv) (*Mandatory Early Termination Exercise, early termination and purchase*):

- (a) A "**Mandatory Early Termination Event**" shall occur if the Certificate Bid Level is equal to or less than the Mandatory Early Termination Barrier Level during the Observation Period. If a Mandatory Early Termination Event occurs, the Issuer may, but is not obliged to elect to terminate the Warrants in accordance with General Condition 6(a)(iv) (*Mandatory Early Termination*).
- (b) The "**Mandatory Early Termination Amount**" shall be, in respect of a Warrant and the Underlyings, an amount in the Settlement Currency calculated by the Calculation Agent by reference to the following formula:

$$\text{Long}_{\text{ET}} - \text{Short}_{\text{ET}} + \text{Long Dividends}_{\text{ET}} - \text{Short Dividends}_{\text{ET}}$$

provided that the Mandatory Early Termination Amount shall not be less than zero.

- (c) For the purposes of this Valuation and Settlement Condition 4 (*Mandatory Early Termination Event for Long/Short Warrants*) only:

"**Bid Level Screen Page**" means the electronic page specified in the applicable Issue Terms.

"**Certificate Bid Level**" means, at any time on any day, the bid price in the Settlement Currency of the Warrants determined by the Calculation Agent by reference to such sources as it deems appropriate, which may include (without limitation) the Bid Level Screen Page (or such other page or service as may replace any such page for the purposes of displaying the bid price of the Warrants).

"**Long Dividends_{ET}**" means, in respect of the Long Underlyings, (where (i) = 1,2,3,...LT), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{LT} \text{Relevant Percentage} \times N_{(i)} \times \text{Dividend for Long Underlying}_{(i)} \right]$$

provided that for the purposes of this definition and the definition of Dividend in relation thereto, the Dividend Period shall be deemed to end on (and include) the final Scheduled Trading Day of the relevant Mandatory Early Termination Valuation Period for the relevant Underlying.

"**Long_{ET}**" means, in respect of the Long Underlyings (where (i) = 1,2,3,...LT), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{LT} \frac{\text{LPR} \times N_{(i)} \times \text{Long Underlying}_{\text{ET}}}{\text{Early Termination FX Rate}} \right]$$

"Long Underlying_{ET}" means, in relation to a Long Underlying, the average selling price (net of any applicable taxes and charges) per Long Underlying for a sale of such Long Underlyings on the relevant Exchange where the Long Underlyings are sold on the Mandatory Early Termination Valuation Date on the relevant Exchange at such times and in such numbers (subject as provided below) as the Calculation Agent in its sole discretion determines (the aggregate of such numbers being the **"Sold Long Underlyings"**) provided that in determining Long Underlying_{ET} the Sold Long Underlyings must not exceed the relevant Underlying Amount but may, at the discretion of the Calculation Agent, be any number up to the relevant Underlying Amount,

provided further that, the Calculation Agent shall have the discretion not to sell on the relevant Exchange all or any of the Sold Long Underlyings on the Mandatory Early Termination Valuation Date (if the Mandatory Early Termination Valuation Date is a Disrupted Day or for any other reason) and those Long Underlyings comprising the Sold Long Underlyings not sold on the Mandatory Early Termination Valuation Date shall be sold on the relevant Exchange as soon thereafter as the Calculation Agent determines in its commercially reasonable judgement. The period of Scheduled Trading Days for the relevant Long Underlying from and including the Mandatory Early Termination Valuation Date to the Scheduled Trading Day for the relevant Long Underlying on which all the Sold Long Underlyings have been sold shall be the **"Mandatory Early Termination Valuation Period"**.

For the purposes of this definition and the definition of Disrupted Day in relation thereto, the event giving rise to the Disrupted Day may occur at any time and not only during the one hour period that ends at the relevant Valuation Time and the definitions of Disrupted Day shall be construed accordingly.

References herein to a sale of Long Underlyings shall be deemed to be references to a notional or actual sale of Long Underlyings by or on behalf of the Calculation Agent and references to "sell" and "sold" shall be construed accordingly.

"Mandatory Early Termination Barrier Level" shall be as defined in the applicable Issue Terms.

"Mandatory Early Termination FX Rate" means, in respect of an Underlying and the Underlying Currency for such Underlying, the Exchange Rate for such Underlying and such Underlying Currency on the final Scheduled Trading Day for such Underlying of the relevant Mandatory Early Termination Valuation Period.

"Mandatory Early Termination Date" means the tenth Business Day following the last occurring Scheduled Trading Day of any Mandatory Early Termination Valuation Period.

"Mandatory Early Termination Valuation Date" means the Scheduled Trading Day for all the Underlyings immediately following the date on which the Mandatory Early Termination Event has occurred.

"Mandatory Early Termination Valuation Period" in respect of Short Underlyings or Long Underlyings, as the case may be, has the meaning given to the term in the definition of Short Underlying_{ET} or Long Underlying_{ET}, as applicable.

"Observation Period" means the period from (but excluding) the Trade Date to (and including) the Exercise Date.

"Purchased Short Underlyings" has the meaning given to the term in the definition of Short Underlying_{ET}.

"Short Dividends_{ET}" means, in respect of the Short Underlyings (where (i) = 1,2,3,...ST), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{ST} N_{(i)} \times \text{Dividend for Short Underlying}_{(i)} \right]$$

provided that for the purposes of this definition and the definition of Dividend in relation thereto, the Dividend Period shall be deemed to end on (and include) the final Scheduled Trading Day of the relevant Mandatory Early Termination Valuation Period for the relevant Underlying.

"**Short_{ET}**" means, in respect of the Short Underlyings (where (i) = 1,2,3,...ST), an amount in the Settlement Currency determined by the Calculation Agent by reference to the following formula:

$$\left[\sum_{i=1}^{ST} \frac{\text{SPR} \times N_{(i)} \times \text{Short Underlying}_{\text{ET}}}{\text{Early Termination FX Rate}} \right]$$

"**Short Underlying_{ET}**" means, in relation to a Short Underlying, the average purchase price (gross of any applicable taxes and charges) per Short Underlying for a purchase of such Short Underlying on the relevant Exchange where the Short Underlyings are purchased on the Mandatory Early Termination Valuation Date on the relevant Exchange at such times and in such numbers (subject as provided below) as the Calculation Agent in its sole discretion determines (the aggregate of such numbers being the "**Purchased Short Underlyings**") provided that in determining Short Underlying_{ET} the Purchased Short Underlyings must not exceed the relevant Underlying Amount but may, at the discretion of the Calculation Agent, be any number up to the relevant Underlying Amount,

provided further that, the Calculation Agent shall have the discretion not to purchase on the relevant Exchange all or any of the Purchased Short Underlyings on the Mandatory Early Termination Valuation Date (if the Early Termination Valuation Date is a Disrupted Day or for any other reason) and those Short Underlyings comprising the Purchased Short Underlyings not purchased on the Mandatory Early Termination Valuation Date shall be purchased on the relevant Exchange as soon thereafter as the Calculation Agent determines in its commercially reasonable judgement. The period of Scheduled Trading Days for the relevant Short Underlying from and including the Mandatory Early Termination Valuation Date to the Scheduled Trading Day for the relevant Short Underlying on which all the Purchased Short Underlyings have been purchased shall be the "**Mandatory Early Termination Valuation Period**".

For the purposes of this definition and the definition of Disrupted Day in relation thereto, the event giving rise to the Disrupted Day may occur at any time and not only during the one hour period that ends at the relevant Valuation Time and the definitions of Disrupted Day shall be construed accordingly.

References herein to a purchase of Short Underlyings shall be deemed to be references to a notional or actual purchase of Short Underlyings by or on behalf of the Calculation Agent and references to "purchase" and "purchased" shall be construed accordingly.

"**Sold Long Underlyings**" has the meaning given to the term in the definition of Long Underlying_{ET}.

"**Termination Cut-off Date**" means, unless otherwise specified in the applicable Issue Terms, the second Business Day immediately preceding the Mandatory Early Termination Date.

"**Underlying Amount**" means, in relation to an Underlying, $N_{(i)}$ for such Underlying multiplied by the number of Warrants terminated early provided that if the Underlying Amount in relation to any Underlying is not a whole number, it shall be rounded up or down to the nearest whole number, at the discretion of the Calculation Agent.

5. Definitions

"Accrual Period" means:

- (a) in respect of the initial Accrual Period, the period from the first Actual Exercise Date to the second Actual Exercise Date; and
- (b) in respect of all subsequent Accrual Periods, the period from, and including, an Actual Exercise Date to, but excluding, the immediately following Actual Exercise Date.

"Averaging Date" means, in respect of an Actual Exercise Date, each date specified as such in the applicable Issue Terms. Each such date shall be a "Valuation Date" for the purposes of the Conditions and shall be adjusted in accordance with the provisions thereof.

"Cap" means the cap specified in the applicable Issue Terms.

"Commission" means the commission specified in the applicable Issue Terms.

"Dividend Amount" means an amount equal to the Dividend Percentage of the sum of all Relevant Dividends and, for which purpose, **"Relevant Dividend"** means, in relation to a Warrant and a Share, any gross cash dividends declared by the Share Company in relation to one Share, where (a) the date on which the Shares are traded ex such cash dividends on the relevant Exchange AND (b) the day on which Citigroup Global Markets Limited (or, if so determined by the Calculation Agent, any successor to, or Affiliate of, it) receives or, where it is not holding the Shares, is deemed to receive, such cash dividends, as determined by the Calculation Agent both fall during the period from (but excluding) the Trade Date to (and including) the Exercise Date, as determined by the Calculation Agent.

"Dividend Percentage" means the percentage specified in the Issue Terms.

"Dividend Period" means, in relation to a Long/Short Warrant, the period from (but excluding) the Trade Date to (and including) the Valuation Date for a Underlying.

"Dividends" means, in relation to a Long/Short Warrant, the sum of all gross cash dividends or distributions, including any Extraordinary Dividends, and divided by the relevant Dividend FX Rate, which are declared by the relevant Share Company, Underlying Share Company or Relevant Fund, as the case may be, in relation to one such Underlying where such cash dividend or distribution is received (or would be received, if the Issuer or an Affiliate of the Issuer held the relevant Underlying) (the date of such actual or notional receipt, the Dividend Date) by the Issuer or an Affiliate of the Issuer during the Dividend Period, all as determined by the Calculation Agent (i) in respect of English Law Warrants and Irish Law Warrants, in its sole and absolute discretion or (ii) in respect of German Law Warrants, in its reasonable discretion (§ 317 BGB) in good faith and in a commercially reasonable manner.

"Exchange Rate" means:

- (a) in relation to a Long/Short Warrant, either: (i) in respect of a day and an Underlying, the Underlying Currency in respect of which is other than the Settlement Currency, the mid Underlying Currency/Settlement Currency exchange rate quoted on the Exchange Rate Screen Page at the Exchange Rate Specified Time on the such day (expressed as the number of units of the Underlying Currency, (or part thereof) for which one unit of the Settlement Currency can be exchanged) provided that if the Exchange Rate cannot be determined as aforesaid it shall be determined by the Calculation Agent at such time and by reference to such sources as it deems appropriate; or (ii) otherwise or if Exchange Rate Screen Page and Exchange Rate Specified Time are specified to be not applicable in the applicable Issue Terms, 1; and
- (b) In relation to each other type of Warrant, in the determination of the Calculation Agent, the rate of exchange for conversion of any amount in a currency other than the Settlement Currency (the **"Alternative Currency"**) into the relevant Settlement Currency for the purpose of determining any Settlement Price and/or Cash Settlement Amount, being the Alternative Currency/Settlement Currency exchange rate

(expressed as the number of units of the Alternative Currency (or part thereof) for which one unit of the Settlement Currency can be obtained) which shall (a) where Calculation Agent Determination is specified as applicable in the applicable Issue Terms, be determined by the Calculation Agent at such time and by reference to such sources as the Calculation Agent determines appropriate; or (b) where Screen Page Determination is specified as applicable in the applicable Issue Terms, be as published on the Screen Page designated as such in the applicable Issue Terms (or any successor thereto) at such time on the applicable Valuation Date or Averaging Date, as the case may be, as is specified in the applicable Issue Terms and, if no such rate is published or is otherwise not available, the Calculation Agent shall determine the relevant rate of exchange for such date at such time and by reference to such sources as the Calculation Agent determines appropriate.

"Exchange Rate Screen Page" means, in relation to a Long/Short Warrant, the electronic page specified in the applicable Issue Terms (or such other page or service that may replace such electronic page for the purpose of displaying the mid Underlying Currency/Settlement Currency exchange rate or any other page or service as the Calculation Agent may select for this purpose which displays such exchange rate).

"Exchange Rate Specified Time" means, in relation to a Long/Short Warrant, the time specified in the applicable Issue Terms.

"Exercise Price" means the price so specified in relation to each Warrant or, if Units are specified in the applicable Pricing Supplement, each Unit, as the case may be, in the applicable Pricing Supplement.

"Floor" means the floor specified in the applicable Issue Terms.

"Long Underlying" means each of the Underlyings specified as such in the applicable Issue Terms, of the type and issued by the relevant Share Company (in the case of Underlyings that are Shares) or relating to the Underlying Shares of the Underlying Share Company (in the case of Underlyings that are Depositary Receipts) or issued by the Relevant Fund (in the case of Underlyings that are ETF Shares), in each case, as specified in the applicable Issue Terms.

"Margin" means the amount specified in the applicable Issue Terms.

"Multiplier" means the amount or percentage specified in the applicable Issue Terms.

"N(i)" means, in relation to an Underlying, the number of such Underlying specified in the applicable Issue Terms.

"Nominal Amount" means the nominal amount specified in the applicable Issue Terms.

"Observation Period" means, in respect of an Early Termination Settlement Date, the period specified as such in the applicable Issue Terms.

"Rates Day Count Fraction" means, in respect of calculating the amount payable under Valuation and Settlement Conditions 2(a)(i)(B), 2(a)(ii)(B), 2(a)(iii)(B) and 2(a)(iii)(C), and in respect of any Accrual Period:

- (a) if **30/360** is specified as the relevant Rates Day Count Fraction in respect of a Rate in the applicable Issue Terms, the number of days in the Accrual Period (such number of days being calculated on the basis of a year of 360 days with 12 30-day months) divided by 360;
- (b) if **Actual/365 (Fixed)** is specified as the relevant Rates Day Count Fraction in respect of a Rate in the applicable Issue Terms, the actual number of days in the Accrual Period divided by 365;
- (c) if **Actual/365 (Sterling)** is specified as the relevant Rates Day Count Fraction in respect of a Rate in the applicable Issue Terms, the actual number of days in the

Accrual Period divided by 365 or, in the case of a payment falling in a leap year, 366;
or

- (d) if **Actual/360** is specified as the relevant Rates Day Count Fraction in respect of a Rate in the applicable Issue Terms, the actual number of days in the Accrual Period divided by 360.

"Settlement Date" means, in relation to an Actual Exercise Date:

- (a) in respect of Warrants which are Cash Settled Warrants, the date specified in the applicable Pricing Supplement or, if no Settlement Date is so specified, the fifth Business Day following the last occurring Valuation Date in respect of such Actual Exercise Date; or
- (b) in respect of Warrants which are Physical Delivery Warrants, the date or dates specified as such in the applicable Issue Terms.

"Settlement Price" means, in relation to each Warrant or, if Units are specified in the applicable Issue Terms, each Unit, as the case may be, and an Actual Exercise Date and subject to the provisions of the relevant Underlying Schedule and the provisions of this Valuation and Settlement Schedule:

- (a) in respect of Warrants relating to a single Underlying, an amount equal to the Underlying Closing Level of the Underlying, as determined by the Calculation Agent on (A) if Averaging is not specified as applying in the applicable Issue Terms, the Valuation Date in respect of such Actual Exercise Date or (B) if Averaging is specified as applying in the applicable Issue Terms, an Averaging Date in respect of such Actual Exercise Date; and
- (b) in relation to Warrants relating to a basket of Underlyings (other than Rates):
 - (i) for the purposes of Valuation and Settlement Condition 2(a)(i)(A), Valuation and Settlement Condition 2(a)(ii)(A), Valuation and Settlement Condition 2(a)(iv), Valuation and Settlement Condition 2(b)(i), Valuation and Settlement Condition 2(b)(ii) and Valuation and Settlement Condition 2(b)(iv), an amount equal to the sum of the Underlying Closing Levels of each of the Underlyings on (A) if Averaging is not specified as applying in the applicable Issue Terms, the Valuation Date in respect of such Actual Exercise Date or (B) if Averaging is specified as applying in the applicable Issue Terms, an Averaging Date in respect of such Actual Exercise Date, multiplied by the relevant Weighting; or
 - (ii) and in relation to each Underlying, for the purposes of Valuation and Settlement Condition 2(a)(iii)(A), Valuation and Settlement Condition 2(a)(v), Valuation and Settlement Condition 2(b)(iii) and Valuation and Settlement Condition 2(b)(v), an amount equal to the Underlying Closing Level of such Underlying on (A) if Averaging is not specified as applying in the applicable Issue Terms, the Valuation Date in respect of such Actual Exercise Date or (B) if Averaging is specified as applying in the applicable Issue Terms, an Averaging Date in respect of such Actual Exercise Date; and
- (c) in relation to Rate Warrants relating to a basket of Rates, subject to the Rate Conditions, for the purposes of Valuation and Settlement Condition 2(a)(i)(B), Valuation and Settlement Condition 2(a)(ii)(B), Valuation and Settlement Condition 2(a)(iii)(B), Valuation and Settlement Condition 2(a)(iii)(C) and Valuation and Settlement Condition 2(a)(iv), an amount equal to (i) the Underlying Closing Level for Rate 1 (as specified in the applicable Issue Terms) less (ii) the Underlying Closing Level for Rate 2 (as specified in the applicable Issue Terms) on or for, the Valuation Date in respect of such Actual Exercise Date.

"Short Underlying" means each of the Underlyings specified as such in the applicable Issue Terms, of the type and issued by the relevant Share Company (in the case of Underlyings that

are Shares) or relating to the Underlying Shares of the Underlying Share Company (in the case of Underlyings that are Depositary Receipts) or issued by the Relevant Fund (in the case of Underlyings that are ETF Shares), all as specified in the applicable Issue Terms.

6. Participation Certificate Provisions

This Valuation and Settlement Condition 6 shall apply in respect of Exempt Certificates which are specified in the applicable Pricing Supplement to be EMEA Participation Certificates, LATAM Participation Certificates, Saudi Participation Certificates, APAC Participation Certificates or APAC Convertible Bond Participation Certificates. The terms defined in this Valuation and Settlement Condition 6 shall only apply in respect of Certificates which are Participation Certificates.

(a) Definitions

"Additional Costs" means all costs imposed on the Calculation Agent on behalf of the Issuer on the purchase and sale of Shares, in the case of APAC Participation Certificates, or Debt Securities, in the case of APAC Convertible Bond Participation Certificates, by foreign investors in order to effect settlement of the Certificates by way of physical delivery.

"Additional Exercise Period" means the period from (and including) the Business Day immediately succeeding the Issue Date to (and including),

- (A) in the case of EMEA Participation Certificates or LATAM Participation Certificates, the Final Exercise Date specified in the applicable Pricing Supplement, or if such date is not a Business Day, the immediately succeeding Business Day (in respect of EMEA Participation Certificates or LATAM Participation Certificates, the **"Expiration Date"**)
- (B) in the case of Saudi Participation Certificates, two Exchange Business Days prior to the Expiration Date (Saudi) or, if such date is not a Business Day, the immediately following Business Day,

"Cash Settlement Amount" means:

- (A) if the Certificates are EMEA Participation Certificates or LATAM Participation Certificates, in relation to a Certificate, a Settlement Date and (i) an Exercise Date relating to a Corporate Action, the Corporate Action Amount relating to such Corporate Action or (ii) an Exercise Date relating to a Dividend, the Dividend Amount relating to such Dividend;
- (B) if the Certificates are Saudi Participation Certificates, in relation to a Dividend, a Certificate and the Exercise Date relating to such Dividend, the Dividend Amount;
- (C) if the Certificates are APAC Participation Certificates, in relation to an Actual Exercise Date, an amount in the Settlement Currency (which shall not be less than the lowest sub-unit of the Settlement Currency) specified in the applicable Pricing Supplement;
- (D) if the Certificates are APAC Convertible Bond Participation Certificates, in relation to an Actual Exercise Date, an amount in the Settlement Currency (which shall not be less than the lowest sub-unit of the Settlement Currency) specified in the applicable Pricing Supplement; or
- (E) such other amount as determined pursuant to or as specified in the applicable Pricing Supplement.

"Conversion APAC Participation Certificates" means securities issued by the Issuer and/or any of its Affiliates linked to the Shares, having terms the same as, or substantially similar to, the terms of APAC Participation Certificates as set out in this

Valuation and Settlement Condition 6 and having the same restrictions on transfer and bearing substantially the same legends as the APAC Convertible Bond Participation Certificates from which they are converted.

"Corporate Action" means, in relation to a Certificate, the Share Company and a Share, a stock dividend or a rights issue declared by the Share Company in respect of such Share during the period from (and including) the Strike Date to (but excluding) the Additional Exercise Date for such Certificate.

"Corporate Action Amount" means the amount specified in the applicable Pricing Supplement.

"Corporate Action Date" means, in relation to a Corporate Action, the date on which a foreign investor would have received the relevant Corporate Action Securities in respect of such Corporate Action.

"Corporate Action Securities" means, in relation to a Corporate Action, the securities or rights issued by the Share Company in respect of such Corporate Action.

"Corporate Action Securities Amount" means, in relation to a Corporate Action, a Certificate and the Exercise Date relating to such Corporate Action, the number of Corporate Action Securities relating to such Corporate Action.

"Corporate Action Valuation Period" means the period of days from and including the Corporate Action Date to and including the day on which all the Sold Corporate Action Securities have been sold.

"Coupon" means, in relation to a Certificate, interest (however described under the terms of the Debt Securities) which is paid by or on behalf of the Securities Issuer and received by a foreign investor in respect of the Debt Securities Amount in relation to any Coupon Payment Date falling during the period from (and including) the Issue Date to (but excluding) the last day of the Valuation Period for such Certificate less the Coupon Expenses, such resulting amount to be converted into the Settlement Currency at the relevant Coupon Exchange Rate as determined by the Calculation Agent.

"Coupon Amount" means, in relation to a Coupon and a Certificate, an amount in the Settlement Currency equal to the gross amount paid by the Securities Issuer in respect of such Coupon.

"Coupon Exchange Rate" means, in relation to any Coupon, the Security Currency/Settlement Currency exchange rate (expressed as the number of units of the Security Currency (or part thereof) for which one unit of the Settlement Currency can be exchanged) determined by the Calculation Agent at such time and by reference to such sources as it deems appropriate. Where the Security Currency and the Settlement Currency are the same currency, then the Coupon Exchange Rate shall be 1.

"Coupon Expenses" means, in relation to a sum of interest paid in respect of the Debt Securities Amount in relation to a Coupon Payment Date, an amount equal to such percentage of such sum of interest (the **"Applicable Percentage"**), if any, that the Issuer from time to time deems appropriate to take account of any Taxes or other charges whatsoever, including but not limited to any Taxes or other charges sustained or incurred by the Issuer or any Affiliate or a resident foreign investor as a result of the receipt of the relevant sum or that would have been sustained or incurred by the Issuer or any Affiliate or a resident foreign investor had it so received such sum. The Issuer has sole and complete discretion as to what the Applicable Percentage should be from time to time.

"Coupon Payment Date" means the dates falling after the Issue Date on which the Securities Issuer is scheduled to pay interest on the Debt Securities, being the dates specified in the applicable Pricing Supplement.

"Debt Securities Amount" means, in relation to a Certificate, the nominal amount of the Debt Securities specified in the applicable Pricing Supplement or, where a number of Lot(s) (whether or not comprised of units ("**CB Units**") of Debt Securities) is specified in the applicable Pricing Supplement, the total nominal amount of Debt Securities represented by such Lot(s), in each case as specified in the applicable Pricing Supplement.

"Dividend" means:

- (A) if the Certificates are EMEA Participation Certificates or LATAM Participation Certificates, in relation to a Certificate, the Share Company and a Share, any cash dividends declared by the Share Company in relation to one Share (less the Dividend Expenses), the Ex-Date for which falls during the period from (but excluding) the Strike Date to (but excluding) the Additional Exercise Date for such Certificate, and converted into the Settlement Currency at the relevant Dividend/Corporate Action Exchange Rate as determined by the Calculation Agent;
- (B) if the Certificates are Saudi Participation Certificates, relation to a Certificate, the net cash dividend per Share converted into U.S.\$ using the SAR/USD Exchange Rate (less the Dividend Expenses) declared by the Share Company and would be received by a Hypothetical Investor on any payment date related to an Ex-Date, which occurs during the period from (but excluding) the Trade Date to (and including) either (i) where such Certificate is exercised on an Additional Exercise Date, such Additional Exercise Date or (ii) where such Certificate is automatically exercised on the Expiration Date (Saudi), the Final Valuation Date relating to the Expiration Date (Saudi), as determined by the Calculation Agent.

"Dividend/Corporate Action Exchange Rate" means, in relation to any Dividends and/or any Corporate Action Amount, the Share Currency/Settlement Currency exchange rate (expressed as the number of units of the Share Currency (or part thereof) for which one unit of the Settlement Currency can be exchanged) determined by the Calculation Agent at such time and by reference to such sources as it deems appropriate. Where the Share Currency and the Settlement Currency are the same currency, then the Exchange Rate shall be 1.

"Dividend Amount" means the amount specified in the applicable Pricing Supplement.

"Dividend Expenses" means, in relation to a cash dividend declared in relation to one Share, an amount of such cash dividend, if any, that the Calculation Agent from time to time deems appropriate to take account of any tax, duty, withholding, deduction or other charge whatsoever, including but not limited to taking into account, unless otherwise notified by the Calculation Agent to Warrantholders in accordance with General Condition 12 (*Notices*), any tax, duty, withholding, deduction or other charge sustained or incurred by a beneficial owner of such Share, without application of any tax treaty, as a result of the receipt of the relevant cash dividend or that would have been sustained or incurred by a beneficial owner of such Share, without application of any tax treaty, had it so received such cash dividend. The Calculation Agent has sole and complete discretion as to what the Dividend Expenses should be from time to time.

"Ex-Date" means, in relation to a Dividend, the date on which the Shares trade ex such Dividend on the Exchange.

"Exercise Date" means:

- (A) if the Certificates are EMEA Participation Certificates or LATAM Participation Certificates, in relation to a Certificate and (i) a Corporate Action, the day on which the Shares are traded ex the Corporate Action

Securities relating to such Corporate Action or (ii) a Dividend, the Ex-Date relating to such Dividend;

- (B) if the Certificates are Saudi Participation Certificates, in relation to a Certificate and a Dividend, the date specified by the Issuer in the notice to the Warrantholders relating to such Dividend.

"Exercise Expenses" means, if the Certificates are Saudi Participation Certificates, in respect of a Certificate, all Local Taxes and/or expenses including any depositary charges, transaction or exercise charges, which the Calculation Agent determines may be or would be, or would have been, incurred (i) in connection with the exercise and/or termination of the Certificate and/or any payment and/or delivery in respect thereof, and (ii) if "Hedging Taxes" is specified as applying in the applicable Pricing Supplement, by any Hedging Party in connection with the establishment, maintenance and/or termination of the applicable Hedging Positions to the extent that such Local Taxes and/or expenses have not already been accounted for in the calculation of any Cash Settlement Amount, the Final Settlement Amount or any other amount (as applicable) payable in respect of the Certificates.

"Exercise Notice Delivered Date" means the fifth Business Day following the Business Day on which an Exercise Notice is deemed delivered in accordance with General Condition 6(a)(i) (*Exercise – American Style Warrants*).

"Expenses" means all Taxes and/or expenses, including any depositary charges, transaction or exercise charges, which the Calculation Agent determines may be or would be, or would have been incurred (i) in connection with the early redemption of the Debt Securities or the conversion of the Debt Securities into Shares and/or any payment and/or delivery in respect thereof and/or any sale of the Shares and (ii) if "Hedging Taxes" is specified as applying in the applicable Pricing Supplement, by the Issuer or any Affiliate had such entity unwound or varied any underlying related hedging arrangements in respect of the Certificate.

"Expiration Date (Saudi)" means the date specified in the applicable Pricing Supplement.

"First Valuation Date" means, in relation to a Certificate, the Actual Exercise Date or if such date is not a Scheduled Trading Day, the first succeeding Scheduled Trading Day.

"Final Exercise Date" means the date specified in the applicable Pricing Supplement.

"Final Settlement Amount" means the amount specified in the applicable Pricing Supplement.

"Final Settlement Date" means the date specified in the applicable Pricing Supplement.

"Final Valuation Date" means the date specified in the applicable Pricing Supplement.

"Hedging Party" means the Issuer and/or any of its Affiliates and/or any of the parties to any of their hedging arrangements in respect of the Certificates and/or its or their Affiliates.

"Hedging Positions" means one of more (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) by a Hedging Party in order to hedge in a commercially reasonable manner, individually or on a portfolio basis, the Issuer's obligations under the Certificates or the obligations of a Hedging Party in relation thereto.

"Hypothetical Investor" means a hypothetical investor in the Shares which is subject to the same securities laws and the rules and regulations of any securities regulators, exchanges and self-regulating organisations as applying to Citigroup Global Markets Limited or any of its Affiliate(s) designated by the Issuer in writing to the Principal Warrant Agent from time to time.

"Local Currency (Share)" means, if the Certificates are Saudi Participation Certificates, SAR (being the lawful currency of the Kingdom of Saudi Arabia and the currency in which the price of quotation of the Shares on the Exchange is denominated).

"Local Jurisdiction (Share)" means the location of the jurisdiction of incorporation of the Share Company.

"Local Taxes" means all retrospective, present, future, contingent, pending or anticipated income taxes, capital gains taxes, levies, imposts, duties, deductions, withholdings, assessments or other charges imposed by any governmental, national, state or local authority of the Local Jurisdiction (Share), together with any interest, additions to tax or penalties applicable thereto and any interest in respect of such additions or penalties.

"Physical Delivery Election Cut-off Date" means the fifth Business Day prior to the Expiration Date.

"SAR/USD Exchange Rate" means the SAR/U.S.\$ exchange rate (expressed as the number of SAR (or part thereof) per U.S.\$1) that the Calculation Agent shall determine would be available to it or a Hypothetical Investor at the relevant time by reference to such market or otherwise as the Calculation Agent deems appropriate.

"Settlement Date" means:

- (A) if the Certificates are EMEA Participation Certificates or LATAM Participation Certificates, in relation to a Certificate and (i) a Corporate Action, the date specified in the applicable Pricing Supplement or, if no date is so specified, the day falling five Business Days after the last day of the Corporate Action Valuation Period or (ii) a Dividend, the date specified in the applicable Pricing Supplement or, if no date is so specified, the day falling five Business Days after the date on which the Issuer and/or its Affiliates receives such Dividend;
- (B) if the Certificates are APAC Convertible Bond Participation Certificates, in relation to a Certificate and a Coupon, the day falling five Business Days following the date (the **"Coupon Proceeds Date"**) on which a foreign investor would have received actual cash payment of the interest paid by or on behalf of the Securities Issuer in respect of the relevant Coupon Payment Date or such earlier date as the Calculation Agent shall determine.

"Sold Corporate Action Securities" means, in relation to a Corporate Action Date, a number of Corporate Action Securities equal to the product of A and B, as determined by the Calculation Agent, where: A means the Corporate Action Securities Amount and B means the aggregate number of Certificates outstanding on such Corporate Action Date.

"Sold Securities" means, in relation to an Actual Exercise Date and the Certificates exercised on such date, a number of Debt Securities equal to the product of A and B, as determined by the Calculation Agent, where: A means the Debt Securities Amount and B means the aggregate number of Certificates exercised on such Actual Exercise Date.

"Strike Date" means the date specified in the applicable Pricing Supplement.

"Valuation Period" means the period of Scheduled Trading Days from and including the First Valuation Date to the Scheduled Trading Day on which all the Sold Securities have been sold.

- (b) *Exercise and Settlement for EMEA Participation Certificates, LATAM Participation Certificates and Saudi Participation Certificates*

If the Certificates are specified in the applicable Pricing Supplement to be EMEA Participation Certificates, LATAM Participation Certificates or Saudi Participation Certificates, the following shall apply:

- (i) Amendments to the General Conditions
- (A) General Conditions 6 to 6(g) shall be deleted and replaced by the Conditions set out below and General Conditions 6(h) to 6(j) shall be renumbered as General Conditions 6(c) to 6(e) and related cross-references shall be updated accordingly:

"6. Exercise Rights and Settlement

- (a) *Automatic Exercise*

Each Certificate shall be automatically exercised on each Exercise Date and on each date on which a Cash Settlement Amount(s) or Final Settlement Amount(s) falls to be paid in respect of any Certificate, the Issuer shall, on the relevant date, pay or cause to be paid the aggregate cash amounts due on such date (less any Exercise Expenses) to the relevant Common Depositary in accordance with the provisions of General Condition 7(a) (*Settlement*) below.

- (b) *Additional Exercise*

- (i) In addition to General Condition 6(a) (*Automatic Exercise*) above but subject as provided herein, each Certificate may also be exercised by its holder on any Business Day during the Additional Exercise Period in order to receive the Final Settlement Amount. The Business Day during the Additional Exercise Period on which an Exercise Notice electing the Additional Exercise Date is delivered prior to 10.00 a.m., Brussels or Luxembourg time (as appropriate), to Euroclear or Clearstream, Luxembourg, as the case may be, and the copy thereof so received by the Principal Warrant Agent shall be the **"Additional Exercise Date"**. If any such Exercise Notice is received by Euroclear or Clearstream, Luxembourg, as the case may be, or if the copy thereof is received by the Principal Warrant Agent, in each case, either on a day which is not a Business Day or after 10.00 a.m., Brussels or Luxembourg time (as appropriate), on any Business Day during the Additional Exercise Period, such Exercise Notice shall be deemed to have been delivered on the next Business Day, which Business Day shall be deemed to be the Additional Exercise Date.

After delivery of an Exercise Notice in respect of the Additional Exercise Date, the holder of Certificates specified therein at the time of such

delivery may not transfer the Certificates specified therein.

- (ii) If no Exercise Notice has been delivered in respect of an Additional Exercise Date at or prior to 10.00 a.m., Brussels or Luxembourg time, as the case may be, on the final day of the Additional Exercise Period, the Certificates which, in the determination of the Calculation Agent, are "In-the-Money", shall be automatically exercised on the Expiration Date."
- (B) General Conditions 7(a) to 7(h) and 7(k) and 7(l) shall be deleted and replaced by the Conditions set out below and General Conditions 7(i) and 7(j) shall be renumbered as General Conditions 7(f) and 7(g) and related cross-references shall be updated accordingly.

"7. Settlement Procedures and Agents

(a) Settlement

(i) Cash Settlement Amounts

As soon as practicable after (A) in the case of EMEA Participation Certificates or LATAM Participation Certificates, either (i) the day on which the Share Company declares a Corporate Action or (ii) the day on which the Share Company declares a Dividend, or (B) in the case of Saudi Participation Certificates, the Share Company announces an Ex-Date, the Issuer shall give notice to the Warrantheolders in accordance with General Condition 12 (*Notices*) and to the Principal Warrant Agent of such declaration or such Ex-Date, as the case may be, the relevant Exercise Date and the anticipated Settlement Date in relation thereto.

Subject as provided herein, each Certificate entitles its holder to receive from the Issuer on each Settlement Date the Cash Settlement Amount in respect of such Settlement Date (less any Exercise Expenses).

Each Cash Settlement Amount will be rounded to the nearest two decimal places in the Settlement Currency, 0.005 being rounded upwards, with Certificates exercised at the same time on any Automatic Exercise Date by the same Exercisable Certificateholder being aggregated for the purposes of determining the aggregate Cash Settlement Amounts payable in respect of such Certificates and such Settlement Date.

In the case of Saudi Participation Certificates, in the event that the Share Company does not pay to holders of record of the Shares the relevant cash dividend on the date originally announced by such Share Company, the Issuer shall notify the Warrantheolders thereof and of any revised

anticipated Settlement Date (when known) in accordance with General Condition 11 (*Notices*).

(ii) Final Settlement Amount

Subject as provided herein, each Certificate entitles its holder to receive from the Issuer on the Final Settlement Date, the Final Settlement Amount (less any Exercise Expenses).

The Final Settlement Amount will be rounded to the nearest two decimal places in the Settlement Currency, 0.005 being rounded upwards, with Certificates exercised at the same time on the Additional Exercise Date or the Exercise Date, as the case may be, by the same Exercisable Certificateholder being aggregated for the purposes of determining the aggregate Final Settlement Amounts payable in respect of such Certificates and the Final Settlement Date.

(iii) Discharge of obligations

For the avoidance of doubt, if a Certificate is exercised by an Exercisable Certificateholder on an Additional Exercise Date or is automatically exercised on the Expiration Date or, in respect of Saudi Participation Certificates, the Expiration Date (Saudi), and an Ex-Date in relation to a Dividend has occurred on or prior to the Additional Exercise Date for such Certificate or, in respect of EMEA Participation Certificates or LATAM Participation Certificates, a Corporate Action has occurred on or prior to the Additional Exercise Date for such Certificate during the relevant Dividend Period but, in either case, the Settlement Date in respect of the related Cash Settlement Amount has not occurred prior to the Final Settlement Date, then such Cash Settlement Amount shall be payable in respect of such Certificate on the relevant Settlement Date and the Final Settlement Amount shall be payable on the relevant Final Settlement Date, as provided above, notwithstanding that such Settlement Date may fall after the Final Settlement Date in respect of such Certificate, PROVIDED THAT if the relevant Settlement Date has not occurred by the date falling two years after the Final Settlement Date for the relevant Certificate, the Issuer shall be discharged from its obligations in respect thereof and shall have no further obligation or liability whatsoever in respect of the relevant Cash Settlement Amount.

For the avoidance of doubt, if a Certificate is exercised during the Additional Exercise Period and the Final Settlement Date is the same day as a Settlement Date, then the holder of such Certificate shall be entitled to receive both the Cash Settlement Amount which is payable to such

Exercisable Certificateholder in respect of such Settlement Date and the Final Settlement Amount.

(iv) Settlement

Subject as provided herein, on each date on which a cash amount falls to be paid in respect of any Certificate as provided above, the Issuer shall, on the relevant date, pay or cause to be paid the aggregate cash amounts due on such date to Euroclear and/or Clearstream, Luxembourg for the account of the relevant Exercisable Certificateholder such payment to be made in accordance with the rules of Euroclear or Clearstream, Luxembourg, as the case may be. The Issuer will be discharged by payment to, or to the order of, Euroclear or Clearstream, Luxembourg, as the case may be, in respect of the amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg, as the case may be, as the holder of a particular number of the Certificates must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each such payment so made by the Issuer to, or to the order of Euroclear or Clearstream, Luxembourg, as the case may be.

All payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment and subject to the provisions of General Condition 8 (*Expenses and Taxation*).

(b) *General*

The purchase of Certificates does not confer on any Exercisable Certificateholder any rights (whether in respect of voting, distributions or otherwise) attaching to any Share.

(c) *Exercise Notice*

In order to receive any cash amount in respect of a Certificate, save where General Condition 6(a) (*Automatic Exercise*) or General Condition 6(b)(ii) applies, the relevant Warrantholders must deliver, or send by tested telex (confirmed in writing), a duly completed Exercise Notice (the form of which may be obtained from Euroclear, Clearstream, Luxembourg and the Warrant Agents during normal office hours) containing the information set out below to Euroclear or Clearstream, Luxembourg, as the case may be, with a copy to the Principal Warrant Agent in accordance with the provisions set out in General Condition 6 (*Exercise Rights and Early Termination*) and this General Condition 7 (*Settlement*).

The Exercise Notice is irrevocable and must:

- (i) specify the Series number of the Certificates and the number of Certificates the subject of such Exercise Notice;

- (ii) specify whether the Certificates the subject of the Exercise Notice are being exercised in respect of an Exercise Date, an Additional Exercise Date or, in respect of Saudi Participation Certificates, the Expiration Date (Saudi);
- (iii) in respect of the Final Settlement Date only:
 - (A) specify the number of the Exercisable Certificateholder's account at Euroclear or Clearstream, Luxembourg, as the case may be, to be debited with such Certificates; and
 - (B) irrevocably instruct and authorise Euroclear or Clearstream, Luxembourg, as the case may be, to debit the relevant Exercisable Certificateholder's account with such Certificates on or before the Final Settlement Date;
- (iv) specify the name and number of the Exercisable Certificateholder's cash account at Euroclear or Clearstream, Luxembourg, as the case may be, to be credited with any Cash Settlement Amount or the Final Settlement Amount;
- (v) include an undertaking to pay or be liable for all Exercise Expenses, and an authority to Euroclear or Clearstream, Luxembourg, as the case may be, to deduct an amount in respect thereof from any Cash Settlement Amount or the Final Settlement Amount due to such Exercisable Certificateholder and/or to debit a specified account of the Exercisable Certificateholder at Euroclear or Clearstream, Luxembourg, as the case may be, in respect thereof and to pay such Exercise Expenses; and
- (vi) authorise the production of such notice in any applicable administrative or legal proceedings.

Failure properly to complete and deliver an Exercise Notice may result in such notice being treated as null and void. Any determination as to whether an Exercise Notice is duly completed and in proper form shall be made by Euroclear or Clearstream, Luxembourg, as the case may be (in consultation with the Principal Warrant Agent) and shall be conclusive and binding on the Issuer, the Warrant Agents and the relevant Exercisable Certificateholder. Subject as set out below, any Exercise Notice so determined to be incomplete or not in proper form or which is not copied to the Principal Warrant Agent immediately after being delivered or sent to Euroclear or Clearstream, Luxembourg, as the case may be, shall be null and void.

If such Exercise Notice is subsequently corrected to the satisfaction of Euroclear or Clearstream, Luxembourg, as the case may be, in consultation with the Principal Warrant Agent, it shall be deemed to be a new Exercise Notice submitted at the time such correction was delivered to

Euroclear or Clearstream, Luxembourg, as the case may be, and copied to the Principal Warrant Agent.

Any Certificate with respect to which the Exercise Notice has not been duly completed and delivered in the manner set out above by the relevant cut-off time specified in General Condition 6(a) (*Automatic Exercise*) or General Condition 6(b) (*Additional Exercise*) shall become void.

The Issuer shall use reasonable endeavours promptly to notify the Exercisable Certificateholder submitting an Exercise Notice if it has been determined as provided above that such Exercise Notice is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Warrant Agents, Euroclear and Clearstream, Luxembourg shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Exercisable Certificateholder.

(d) *Verification*

Upon receipt of a duly completed Exercise Notice, Euroclear or Clearstream, Luxembourg, as the case may be, shall verify that the person specified therein as the accountholder is the holder of the Certificates referred to therein according to its books. Subject thereto, Euroclear or Clearstream, Luxembourg, as the case may be, will confirm to the Principal Warrant Agent the Series number and the number of Certificates being exercised and the account details for the payment of the relevant Cash Settlement Amount or the Final Settlement Amount or any other cash amounts payable in respect of the Certificates. Upon receipt of such confirmation, the Principal Warrant Agent will inform the Issuer thereof.

In relation to the Final Settlement Date, Euroclear or Clearstream, Luxembourg will, on or before the relevant date, debit the account of the relevant Exercisable Certificateholder with the Certificates being exercised.

(e) *Exercise Risk*

Exercise of the Certificates is subject to all applicable laws, regulations and practices in force on the relevant Exercise Date, the relevant Additional Exercise Date or, in respect of Saudi Participation Certificates, the Expiration Date (Saudi), as the case may be, and none of the Issuer and the Warrant Agents shall incur any liability whatsoever if it is unable to effect the transactions contemplated, after using all reasonable efforts, as a result of any such laws, regulations or practices. None of the Issuer and the Warrant Agents shall under any circumstances be liable for any acts or defaults of Euroclear or Clearstream, Luxembourg in relation to the performance of its duties in relation to the Certificates."

(ii) Amendments to the Share Conditions

In the event that an Additional Adjustment Event occurs in relation to a Corporate Action or a Dividend, as the case may be, the provisions of

Valuation and Settlement Condition 1(h) (*Adjustment Events*) shall not apply to that Additional Adjustment Event, except as otherwise provided herein."

(c) *Exercise, Settlement and Early Termination for APAC Participation Certificates and APAC Convertible Bond Participation Certificates*

If the Certificates are specified in the applicable Pricing Supplement to be APAC Participation Certificates or APAC Convertible Bond Participation Certificates, the following shall apply:

(i) Exercise

In order to exercise a Certificate, the holder thereof must deliver, in accordance with General Condition 6 (*Exercise, early termination and purchase*), an Exercise Notice pursuant to the terms thereof, unless the Certificates are automatically exercised.

If the applicable Pricing Supplement specify that an Exercisable Certificateholder has the option to vary settlement and in an Exercise Notice an Exercisable Certificateholder elects for settlement by way of physical delivery, then for the purposes of the provisions of General Condition 6(a)(i) (*American Style Warrants*), the Actual Exercise Date for such Physical Delivery Certificates shall be deemed to be the Exercise Notice Delivered Date, provided that an Exercisable Certificateholder may only elect for settlement by way of physical delivery if the Exercise Notice Delivered Date is no later than the Physical Delivery Election Cut-off Date and provided further that the Certificates the subject of an Exercise Notice deemed delivered after the Physical Delivery Election Cut-off Date shall be deemed to be Cash Settled Certificates notwithstanding an election to the contrary in such Exercise Notice.

(ii) Settlement

In addition to the other requirements for an Exercise Notice as described in General Condition 6 (*Exercise, early termination and purchase*), in the case where physical delivery has been selected by the Issuer or, if the applicable Pricing Supplement specifies that an Exercisable Certificateholder has the option to vary settlement, by the Exercisable Certificateholder, the Exercisable Certificateholder shall also be required in the Exercise Notice to acknowledge:

- (A) in the case of physical delivery of the Entitlement, it has made such regulatory filings and has obtained such approvals and accounts as may be necessary to permit physical delivery of the Entitlement;
- (B) if physical delivery is applicable, physical delivery of the Entitlement will only be made if permitted in accordance with all the applicable laws and regulations from time to time in force (including, for the avoidance of doubt, any applicable U.S. securities laws) and that, in the event that settlement by way of physical delivery is selected by it but:
 - (I) in the determination of the Calculation Agent, relevant regulations do not permit such settlement by way of physical delivery as provided in the Conditions and the applicable Pricing Supplement relating to the Certificates the subject of such Exercise Notice;
 - (II) in the determination of the Calculation Agent, such settlement by way of physical delivery would not follow customary market practice, or would otherwise not be in

accordance with the Issuer's internal policies, or is not practicable;

- (III) if the relevant Exercise Notice is deemed to be delivered after the Physical Delivery Election Cut-off Date,

then the Certificates shall be deemed to be Cash Settled Certificates and the Exercisable Certificateholder shall receive the Cash Settlement Amount rather than the Entitlement, notwithstanding that settlement by way of physical delivery was specified in such Exercise Notice;

- (C) any Relevant Asset or Substitute Asset delivered by the Issuer may be subject to transfer restrictions and additional certifications may be required from such Exercisable Certificateholder and, in the event that such additional certifications are required, an undertaking of such Exercisable Certificateholder to provide such additional certifications;
- (D) it will pay any Additional Costs incurred by the Calculation Agent and an acknowledgement that delivery of the Entitlement shall be subject to payment of any such Additional Costs;
- (E) the Certificates may only be exercised in amounts that correspond to the Minimum Exercise Number (if any) specified in the applicable Pricing Supplement; and
- (F) in the discretion of the Calculation Agent, in the event that settlement by way of physical delivery is not practicable by reason of a Settlement Disruption Event or a Failure to Deliver, such Exercisable Certificateholder will receive the Disruption Cash Settlement Price or the Failure to Deliver Settlement Price, as applicable, instead of the Entitlement as further described in the Conditions.

(iii) Mandatory Early Termination

(A) Definitions

The Mandatory Early Termination provisions in the General Conditions apply and for such purpose:

"Mandatory Early Termination Amount" means either the Final Settlement Amount or the Entitlement, as is specified to Warrantheolders in the notice given to them in accordance with the Conditions, as the Issuer shall determine if the Certificates that are cancelled following a Mandatory Early Termination Event are either Cash Settled Certificates or Physical Delivery Certificates. For the purpose of determining the amount due or assets deliverable on a Mandatory Early Termination Date, the date specified in the notice given to Warrantheolders or, if none, the date on which the Issuer gives notice to Warrantheolders, will be deemed to be the Actual Exercise Date.

"Mandatory Early Termination Event" means the determination by the Issuer at any time from and including the Issue Date to and including the Expiration Date to cancel all or some only of the outstanding Certificates.

"Mandatory Early Termination Date" means such date as is specified to Warrantheolders in the notice given to them in accordance with the Conditions specifying that a Mandatory Early

Termination Event has occurred and such notice shall also specify the applicable Termination Cut-off Date for the purpose of the Conditions.

(B) Partial Termination

A Mandatory Early Termination Event may relate to all or some only of the Certificates. The Issuer will notify Warrantholders of the number of Certificates to be cancelled on the relevant Mandatory Early Termination Date in the notice given to them in accordance with the Conditions. In the event that the Issuer exercises its right to cancel some only of the outstanding Certificates, the Certificates to be cancelled will be selected in accordance with the standard procedures of Euroclear and/or Clearstream, Luxembourg.

(C) Exercise by Warrantholders of Certificates the subject of a Mandatory Early Termination Event

In the event that a Mandatory Early Termination Event occurs in respect of a Certificate, but on or before two Business Days prior to the relevant Mandatory Early Termination Date, an Exercise Notice is deemed by the Issuer to be delivered in accordance with General Condition 6 (*Exercise, early termination and purchase*) in respect of such Certificate, then such Certificate will not be cancelled on the Mandatory Early Termination Date but will instead be settled as an exercise by the Warrantholder as otherwise provided herein.

(d) *Saudi Participation Certificates*

If the Certificates are specified in the applicable Pricing Supplement to be Saudi Participation Certificates, the following shall apply:

(i) Adjustment Provisions

(A) Increased Cost of Hedging

The definition of "Increased Cost of Hedging" set out in Valuation and Settlement Condition 1(m) (*Definitions*) shall be amended as follows by the deletion of sub-paragraphs (i) and (ii) thereof and the substitution of the words "conduct its Hedging" therefor.

(B) Consequences of Adjustment Events

The following shall be inserted at the end of Valuation and Settlement Condition 1(h) (*Adjustment Events*):

"In relation to an adjustment made by the Calculation Agent pursuant to Valuation and Settlement Condition 1(m) (*Definitions*), in its determination of the occurrence of any Adjustment Event or any related adjustments to the terms of the Certificates, the Calculation Agent shall take into account any amounts of Local Taxes that would be withheld from or paid by or otherwise incurred by a Hypothetical Investor as determined by the Calculation Agent, in connection with the relevant Adjustment Event.

In the event that any adjustment made (or not made) by the Calculation Agent to the terms of the Certificates on the basis of assumptions regarding deliveries of securities or payments from the Share Company or to or by a Hypothetical Investor as determined by the Calculation Agent, which subsequently turns out to be incorrect, then the Calculation Agent may determine the necessary adjustments to any term of the Certificates (including, without limitation,

adjusting the amount of any future payments) to correct the result of such incorrect assumption and the Issuer shall give notice as soon as practicable to the Warrantholders in accordance with General Condition 12 (*Notices*). Any such adjustment shall take effect on the date as specified in such notice."

(C) Corrections

The reference to the "Relevant Scheduled Payment Date" in Valuation and Settlement Condition 1(k) (*Correction of published or announced prices or levels*) shall be deemed to be a reference to each "Settlement Date" and the "Final Settlement Date", as applicable.

(D) Realisation Disruption

The definitions of "Hedging Party", "Hedging Position" and "Realisation Disruption Event" set out in Valuation and Settlement Condition 1(m) (*Definitions*) shall be deleted and the definitions of "Hedging Party" and "Hedging Position" in this Valuation and Settlement Condition 6 (*Participation Certificate Provisions*) and the following definitions of "Realisation Disruption Event" and "Hedging" shall be substituted therefor:

"Realisation Disruption Event means that any Hedging Party is unable, after using commercially reasonable efforts, to conduct its Hedging (as defined below) or suffers any material delay in conducting its Hedging (PROVIDED THAT any such inability or delay did not already apply on the Trade Date)."

"Hedging" means to:

- (i) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) the Issuer and/or any of its Affiliates and/or any Hedging Party deems necessary to hedge, in a commercially reasonable manner, the equity price risk or any other relevant price risk (including, but not limited to, any currency risk) of entering into and performing its obligations with respect to the Certificates and/or any Hedging Positions; or
- (ii) freely realise, recover, receive, repatriate, remit or transfer the proceeds of Hedging Positions between accounts within the jurisdiction of the Hedging Position (the Affected Jurisdiction) or from accounts within the Affected Jurisdiction to accounts outside of the Affected Jurisdiction; or
- (iii) without prejudice to (ii) above, transfer (A) amounts denominated in the Settlement Currency from accounts within the Local Jurisdiction (Share) to accounts outside such Local Jurisdiction (Share), to other accounts within such Local Jurisdiction (Share) or to the accounts of a non-resident of such Local Jurisdiction (Share) or (B) amounts denominated in the Local Currency (Share) from accounts within the Local Jurisdiction (Share) to other accounts within such Local Jurisdiction (Share), to accounts outside such Local Jurisdiction (Share) or to the accounts of a non-resident of such Local Jurisdiction (Share); or

- (iv) without prejudice to (ii) and (iii) above, convert the Settlement Currency into a Local Currency (Share) or a Local Currency (Share) into the Settlement Currency.

(ii) Additional provisions for Saudi Participation Certificates

It is a term of Saudi Participation Certificates and, by the purchase of a Certificate, each Exercisable Certificateholder shall be deemed to acknowledge that:

- (A) none of the Issuer, the CGMFL Guarantor (where the Issuer is CGMFL) and any Exercisable Certificateholder shall acquire any interest in (including, without limitation, voting rights) or right to acquire or dispose of any underlying Shares by virtue of the issue or purchase of a Certificate, as applicable;
- (B) neither the Issuer nor any Exercisable Certificateholder is obliged to sell, purchase, hold, deliver or receive any underlying Shares or to act in any specific manner in respect of any corporate action relating to any underlying Share; and
- (C) the primary right and obligation of the Issuer, the CGMFL Guarantor (where the Issuer is CGMFL) and Warrantholders is to receive and/or make the respective payments of cash thereunder, as applicable.

(e) *APAC Participation Certificates*

If the Certificates are specified in the applicable Pricing Supplement to be APAC Participation Certificates, the following shall apply:

(i) Dividends

The Issuer shall pay or procure the payment of any Dividend Amount in relation to each Certificate, such payment to be made to the Exercisable Certificateholder, if the Exercisable Certificateholder would have received such Dividend Amount following a sale of Shares executed on the Business Day preceding the Ex-Date (as if such Exercisable Certificateholder had been the buyer in such sale) notwithstanding that such person may not be the holder of the Certificate as of the relevant Settlement Date.

As soon as practicable after the occurrence of an Ex-Date, the Issuer shall give notice to the Warrantholders in accordance with General Condition 12 (*Notices*) and to the Principal Warrant Agent stating the occurrence of the Ex-Date, giving details thereof and setting out the method and anticipated date of payment of the relevant Dividend Amount. The Calculation Agent shall determine the person(s) to whom any Dividend Amount should be paid.

For the avoidance of doubt, where the Certificates are Physical Delivery Certificates, the provisions of the penultimate paragraph of General Condition 7(b) (*Physical Delivery*) shall apply to dividends (as defined in General Condition 7(b) (*Physical Delivery*)) payable in respect of the Shares from and including the Actual Exercise Date for such Certificates.

(ii) Adjustment Provisions – Stock Dividends and Rights Issues

In the event that a stock dividend or dividend in the form of Shares (a "**Stock Dividend**") in respect of the Shares is declared by the Share Company during the period from and including the Issue Date to but excluding the Expiration Date, in lieu of making an adjustment to the Certificates, the Issuer may issue an amount of further Certificates (the "**Further Certificates**") to the Exercisable Certificateholder, if the Exercisable Certificateholder would have

received such Stock Dividend following a sale of Shares executed on the Business Day preceding the date of declaration of such Stock Dividend (if such Exercisable Certificateholder had been the buyer in such sale) to reflect the issue of the Stock Dividend (as adjusted for any Taxes, charges or expenses which the Calculation Agent determines would be or would have been, withheld or payable in the Share Currency in relation to or by or on behalf of a resident foreign investor, had such foreign investor received such Stock Dividend) notwithstanding that such person may not be the holder of the Certificate as of the date on which the Further Certificates are issued. Further Certificates issued pursuant to this paragraph may be issued to the Warrantholders free of charge or at an issue price as determined by the Calculation Agent.

In addition, in the event that a rights issue (a "**Rights Issue**") in respect of the Shares is declared by the Share Company during the period from and including the Issue Date to but excluding the Expiration Date, in lieu of making an adjustment to the Certificates, the Issuer may issue an amount of Further Certificates to the Exercisable Certificateholder, if such Exercisable Certificateholder would have received such Rights Issue following a sale of Shares executed on the Business Day preceding the date of declaration of such Rights Issue (if such Exercisable Certificateholder had been the buyer in such sale) to reflect the Rights Issue (as adjusted for any Taxes, charges or expenses which the Calculation Agent determines would be or would have been, withheld or payable in the Local Jurisdiction (Share) in relation to or by or on behalf of a resident foreign investor had such foreign investor received such Rights Issue) notwithstanding that such person may not be the holder of the Certificate as of the date on which the Further Certificates are issued. Further Certificates issued pursuant to this paragraph may be issued to the Warrantholders at an issue price as determined by the Calculation Agent.

The Issuer may issue the Further Certificates, if any, to the relevant person five Business Days following the day on which a foreign investor would have received the relevant Stock Dividends or Shares upon exercise of the Rights Issue or such later date as the Calculation Agent shall determine. The Calculation Agent shall determine the persons to whom the Further Certificates should be issued.

If the Exercisable Certificateholder holds more than one Certificate, the number of Certificates held by such Exercisable Certificateholder may be aggregated for the purposes of determining the number of Further Certificates to be issued to such Exercisable Certificateholder pursuant to the above.

In the event that any Further Certificates are to be issued at an issue price, no Exercisable Certificateholder will be obligated to purchase such Further Certificates but if such Further Certificates are not purchased pursuant to the relevant terms of offer, none of the Issuer and the CGMFL Guarantor shall have any further obligations to the relevant Exercisable Certificateholder in respect of such Stock Dividend or Rights Issue, as the case may be.

Upon the declaration of a Stock Dividend or a Rights Issue by the Share Company and the election by the Issuer to issue Further Certificates, the Issuer shall give notice as soon as practicable to the Warrantholders in accordance with General Condition 12 (*Notices*) stating the declaration of the Stock Dividend or the Rights Issue, the election by the Issuer to issue Further Certificates and giving details thereof.

(iii) Underlying RMB Disruption Event

Where "Underlying RMB Disruption Event" is specified as applicable in the applicable Pricing Supplement, upon the occurrence of an Underlying RMB

Disruption Event, the Issuer may determine one or more of the following actions:

- (A) the First Valuation Date and/or any date for payment and/or delivery in respect of the Certificates be postponed to the tenth Business Day after the date on which the Underlying RMB Disruption Event, as determined by the Issuer, ceases to exist or, if that would not be commercially reasonable, as soon as commercially reasonable thereafter;
- (B) by giving notice to the Exercisable Certificateholder(s) in accordance with General Condition 12 (*Notices*), cancel the Certificates. If the Certificates are so cancelled, the Issuer will pay to each Exercisable Certificateholder in respect of each Certificate held by such holder, an amount equal to the Early Termination Amount.

Upon the occurrence of an Underlying RMB Disruption Event, the Issuer shall give notice, as soon as practicable, to the holder(s) stating the occurrence of the Underlying RMB Disruption Event, giving details thereof and the action proposed to be taken in relation thereto.

Where Realisation Disruption and/or any Additional Disruption Event is specified as applicable in the applicable Pricing Supplement and an event occurs that could be a Realisation Disruption and/or an Additional Disruption Event or, alternatively, also be an Underlying RMB Disruption Event, the above Underlying RMB Disruption Event provisions will prevail.

Where RMB Disruption Event and Underlying RMB Disruption Event are both specified as applicable in the applicable Pricing Supplement and an event or condition occurs that could be either be a RMB Disruption Event or an Underlying RMB Disruption Event, the Calculation Agent may determine which such provisions shall apply to such event or condition.

For the purpose of the above:

"Underlying RMB Disruption Event" means, as determined by the Calculation Agent, the occurrence of an Underlying RMB Illiquidity, an Underlying RMB Inconvertibility or an Underlying RMB Non-Transferability.

Where:

"Hedging Position" means any one or more of (i) positions or contracts in securities, options, futures, derivatives or foreign exchange, (ii) stock loan transactions or (iii) other instruments or arrangements (howsoever described) purchased, sold, entered into or maintained by the Issuer and/or any of its Affiliates in order to hedge, individually or on a portfolio basis, the Certificates.

"Underlying RMB Illiquidity" means the occurrence of any event or circumstances whereby (i) the general Renminbi exchange market outside the PRC becomes illiquid (including, without limitation, the existence of any significant price distortion) as a result of which the Issuer or, as the case may be, the CGMFL Guarantor cannot obtain sufficient Renminbi in order to perform its obligations under the Certificates or (if applicable) any party to a Hedging Position would not be able to obtain sufficient Renminbi in order to perform its obligations under such Hedging Position; or (ii) it becomes impossible or impractical for the Issuer (or, if applicable, would be impossible or impractical for any party to a Hedging Position) to obtain a firm quote of any exchange rate relevant to the Certificates or any Hedging Position, in each case, as determined by the Calculation Agent.

"Underlying RMB Inconvertibility" means the occurrence of any event or existence of any condition that has the effect of it being impossible, impracticable or illegal for,

or has the effect of prohibiting, restricting or materially delaying the ability of, the Issuer or (if applicable) any party to a Hedging Position to convert (i) any amount as may be required to be paid by any party on any payment date in respect of the Certificates or (if applicable) any Hedging Position; or (ii) such other amount as may be determined by the Calculation Agent to be necessary to fulfil the physical delivery obligations (if any) on any settlement date, in Renminbi, other than where such impossibility, impracticality or illegality is due solely to the failure of the relevant party and/or any of its Affiliates to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Trade Date of the first Tranche of this Series and it is impossible, impracticable or illegal for the relevant party and/or any of its Affiliates, due to an event beyond the control of that party, to comply with such law, rule or regulation).

"Underlying RMB Non-Transferability" means the occurrence of any event that makes it impossible, impracticable or illegal for the Issuer or (if applicable) any party to a Hedging Position and/or any of its Affiliates to deliver Renminbi between accounts inside any relevant Underlying RMB Settlement Centre(s) or from an account inside any relevant Underlying RMB Settlement Centre(s) to an account outside any relevant Underlying RMB Settlement Centre(s) (including where the RMB clearing and settlement system for participating banks in any relevant Underlying RMB Settlement Centre(s) is disrupted or suspended) or from an account outside any relevant Underlying RMB Settlement Centre(s) to an account inside any relevant Underlying RMB Settlement Centre(s), other than where such impossibility, impracticality or illegality is due solely to the failure of the relevant party and/or any of its Affiliates to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the Trade Date of the first Tranche of this Series and it is impossible, impracticable or illegal for that party and/or any of its Affiliates, due to an event beyond the control of that party and/or any of its Affiliates (as applicable), to comply with such law, rule or regulation).

"Underlying RMB Settlement Centre(s)" means the financial centre(s) specified as such in the applicable Pricing Supplement in accordance with applicable laws and regulations. If no Underlying RMB Settlement Centre is specified in the applicable Pricing Supplement, the Underlying RMB Settlement Centre shall be Hong Kong.

(f) *APAC Convertible Bond Participation Certificates*

If the Certificates are specified in the applicable Pricing Supplement to be APAC Convertible Bond Participation Certificates, the following shall apply:

(i) Conversion Option

(A) Election of conversion option

In relation to each Certificate, each Exercisable Certificateholder has the right to elect that some or all of the Certificates held by such Exercisable Certificateholder be converted into Conversion APAC Participation Certificates as described below (such election the **"Conversion Option"**). The Conversion Option may be exercised by the relevant Exercisable Certificateholder on any Business Day during the relevant Exercise Period by delivering an Exercise Notice in the manner set out in General Condition 6 (*Exercise, early termination and purchase*), the date of exercise of such Conversion Option in respect of a Certificate, the **"Actual Exercise Date"**.

In the event that the relevant Exercisable Certificateholder elects to exercise the Conversion Option, following due exercise of such option and subject, in the case of Certificates represented by a Regulation S Global Certificate or a Combined Global Certificate (in respect of interests held by persons who are not Permitted QIB Purchasers) to certification as to Permitted Non-U.S. Purchaser

beneficial ownership and in the case of Certificates represented by a Combined Global Certificate or a 144A Global Certificate (in respect of interests held by persons who are Permitted QIB Purchasers) to certification as to Permitted QIB Purchaser status and to payment of any Expenses and PROVIDED THAT as determined by the Calculation Agent (i) the Calculation Agent is or would be permitted in accordance with all applicable laws and regulations to convert the Debt Securities Amount and does so convert or would be able so to convert the Debt Securities Amount into Shares in accordance with the terms of the relevant Debt Securities by the day falling five Business Days after the relevant Actual Exercise Date (the "**Conversion Date**") and (ii) the Issuer is or would be able to issue and/or deliver Conversion APAC Participation Certificates in accordance with all applicable laws and regulations and its internal policies and procedures, each such Certificate shall entitle its holder, in respect of such Actual Exercise Date, to receive a number of Conversion APAC Participation Certificates on such Conversion Date.

In the event that the Calculation Agent determines that the Calculation Agent is not or would not be permitted in accordance with all applicable laws and regulations to convert the Debt Securities Amount into Shares in accordance with the terms of the relevant Debt Securities or is not able or would not be able, having used reasonable endeavours, to so convert the Debt Securities Amount in accordance with the terms of the relevant Debt Securities by the Conversion Date and/or the Issuer is not or would not be able, having used reasonable endeavours, to issue and/or deliver Conversion APAC Participation Certificates in accordance with all applicable laws and regulations and its internal policies and procedures, the Certificates shall be deemed not exercised, the relevant Exercise Notice shall be null and void and the Calculation Agent shall use reasonable endeavours promptly to notify the relevant Exercisable Certificateholder that the Exercise Notice is null and void.

For the avoidance of doubt, the Issuer and/or its Affiliates may, but are not obliged to, hold Debt Securities in order to hedge the Issuer's obligations in respect of the Certificates and may, but are not obliged to, exercise any rights of conversion pursuant to the terms of such Debt Securities.

(B) Exercise Notice

For the purposes of the Conversion Option, the form of Exercise Notice set out in General Condition 6(c)(i) shall be amended as follows:

- (1) the words "and specify whether such Certificates are being exercised or whether the Conversion Option is being exercised pursuant to the Exercise Notice" shall be inserted after the words "the subject of the Exercise Notice" on the third line of paragraph (A) thereof;
- (2) the words "or, the Conversion Date (in the case of APAC Convertible Bond Participation Certificates following the exercise of the Conversion Option)" shall be inserted after the words "the Mandatory Early Termination Date" on the fourth and fifth lines of paragraph (C) thereof;

- (3) by the insertion of the following paragraphs as paragraph (J) and paragraph (K) thereof (and the remaining sub-paragraphs shall be renumbered):

"(J) in the case of APAC Convertible Bond Participation Certificates following exercise of the Conversion Option, (A) in the case of Certificates represented by a Regulation S Global Certificate, a Rule 144A Global Certificate or a Combined Global Certificate held by a Common Depositary on behalf of Clearstream, Luxembourg and Euroclear, specify the number of the Exercisable Certificateholder's account at Clearstream, Luxembourg or Euroclear, as the case may be, to be credited with the relevant Conversion APAC Participation Certificates for each Certificate or Unit, as the case may be, the subject of the Exercise Notice, (B) in the case of Certificates represented by a Rule 144A Global Certificate held by a Custodian on behalf of DTC, specify the details of the account to be credited with the relevant Conversion APAC Participation Certificates for each Certificate or Unit, as the case may be, the subject of the Exercise Notice, as the case may be, the subject of the Exercise Notice;

(K) in the case of APAC Convertible Bond Participation Certificates, include an undertaking to pay all Expenses and a confirmation that the delivery of any Conversion APAC Participation Certificates is subject to, inter alia, as provided in Valuation and Settlement Condition 6(f)(i) (*Conversion Option*), and (A) in the case of Certificates represented by a Regulation S Global Certificate, a Rule 144A Global Certificate or a Combined Global Certificate held by a Common Depositary on behalf of Clearstream, Luxembourg and Euroclear, an authority to Clearstream, Luxembourg or Euroclear to debit a specified account of the Exercisable Certificateholder at Clearstream, Luxembourg or Euroclear, as the case may be, in respect thereof and to pay such Expenses, (B) in the case of Certificates represented by a Rule 144A Global Certificate held by a Custodian on behalf of DTC, an authority to the New York Warrant Agent to debit a specified account of the Exercisable Certificateholder in respect thereof and to pay such Expenses"; and

- (4) the words "or certify, in the case of Certificates represented by a Combined Global Certificate or a 144A Global Certificate (in respect of interests held by persons who are Permitted QIB Purchasers), that the Exercisable Certificateholder and the beneficial owner of each Certificate or Unit, as the case may be, the subject of the Exercise Notice is a Permitted QIB Purchaser and acknowledge that the Issuer may be relying on the exemption from the registration requirements of the Securities Act provided by Rule 144A in issuing the Conversion APAC Participation Certificates" shall be inserted after the words "or as otherwise defined in the

applicable Issue Terms" on the fifth and sixth lines of paragraph (L) thereof (such paragraph number, as amended as provided above).

(ii) Coupon

The Issuer shall pay or procure the payment of any Coupon Amount in relation to each Certificate on the relevant Settlement Date.

Upon the occurrence of a Coupon Payment Date, the Issuer shall give notice to the Warrantholders in accordance with General Condition 12 (*Notices*) and to the Principal Warrant Agent stating the occurrence of the Coupon Payment Date, giving details thereof and setting out the method and anticipated date of payment of the relevant Coupon Amount. The Calculation Agent shall determine the person(s) to whom any Coupon Amount should be paid.

(iii) Adjustment Provisions relating to Debt Securities

(A) Early redemption of Debt Securities

(1) Debt Security Partial Early Redemption, Debt Security Partial Compulsory Conversion, Debt Security Early Redemption Event and Debt Security Compulsory Conversion Event

In the event that in the determination of the Calculation Agent, the Debt Securities are redeemed and/or converted in whole or in part prior to their stated maturity date pursuant to their terms for any reason (other than by reason of a Credit Event as set out below), the Issuer will:

- (a) in relation to a redemption in part (a "**Debt Security Partial Early Redemption**") and/or conversion in part (a "**Debt Security Partial Compulsory Conversion**") of the Debt Securities, require the Calculation Agent to determine whether such Debt Security Partial Early Redemption or Debt Security Partial Compulsory Conversion affects any Hedging Positions (the "**Aggregate Hedge Position**") or otherwise makes it impossible, impracticable or unduly onerous for the Issuer and/or its Affiliates to hedge the Issuer's obligations in respect of the Certificates and, if so, give notice to the Warrantholders in accordance with General Condition 12 (*Notices*) and the Issuer will:

(i)

- (I) in respect of a Debt Security Partial Early Redemption, pay the Debt Security Early Redemption Amount in respect of each Certificate on the Debt Security Early Redemption Date; or

- (II) in respect of a Debt Security Partial Compulsory Conversion, in the determination of the Issuer either (i) if "Conversion APAC Participation Certificates" are

specified as applicable in the applicable Pricing Supplement, deliver one or more Conversion APAC Participation Certificates relating in aggregate to a number of Shares equal to the Conversion Share Amount, in respect of each Certificate, subject to payment by the relevant Exercisable Certificateholder of any Expenses and subject to such rounding provisions as shall be determined by the Calculation Agent or (ii) pay the Debt Security Early Redemption Amount in respect of each Certificate on the Debt Security Early Redemption Date; and/or

- (ii) in respect of either a Debt Security Partial Early Redemption or a Debt Security Partial Compulsory Conversion, reduce the Debt Securities Amount by an amount equal to the Affected Portion and/or require the Calculation Agent to determine in its sole discretion the appropriate adjustment, if any, to be made to the terms of the Certificates to account for the payment of any Debt Security Early Redemption Amounts or the delivery of any Conversion APAC Participation Certificates and determine the effective date of that adjustment; or
- (b) in relation to a redemption in whole (a "**Debt Security Early Redemption Event**") and/or conversion in whole (a "**Debt Security Compulsory Conversion Event**") of the Debt Securities, cancel the Certificates by giving notice to the Warrantholders in accordance with General Condition 12 (*Notices*). If the Certificates are so cancelled, the Issuer will either (i) in respect of a Debt Security Compulsory Conversion Event, if "Conversion APAC Participation Certificates" are specified as applicable in the applicable Pricing Supplement, deliver one or more Conversion APAC Participation Certificates relating in aggregate to a number of Shares equal to the Conversion Share Amount, in respect of each Certificate, subject to payment by the relevant Exercisable Certificateholder of any Expenses and subject to such rounding provisions as shall be determined by the Calculation Agent or (ii) in respect of a Debt Security Early Redemption Event or a Debt Security Compulsory Conversion Event, pay the Debt Security Early Redemption Amount in respect of each Certificate on the Debt Security Early Redemption Date.

Payments will be made in such manner as shall be notified to Warrantholders in accordance with General Condition 12 (*Notices*).

In order to receive delivery of any Conversion APAC Participation Certificates as provided above, Warrantholders must deliver a duly completed Exercise Notice in accordance with the provisions of General Condition 6 (*Exercise, early termination and purchase*) on or prior to the date specified by the Issuer in the relevant notice.

For the avoidance of doubt, the Issuer and/or its Affiliates may, but are not obliged to, maintain any Aggregate Hedge Position in respect of the Certificates.

(B) Definitions

For the purposes of this Valuation and Settlement Condition 6(f)(iii), the following definitions apply:

"Conversion Share Amount" means, in respect of a Debt Security Partial Compulsory Conversion or a Debt Security Compulsory Conversion Event, an amount of Shares equal to the number of Shares into which (i) in respect of a Debt Security Partial Compulsory Conversion, each Certificate's pro rata portion (the **"Affected Portion"**) of the nominal amount of Debt Securities comprising the Aggregate Hedge Position affected by the Debt Security Partial Compulsory Conversion or (ii) in respect of a Debt Security Compulsory Conversion Event, the Debt Securities Amount, is converted pursuant to the terms of the Debt Securities, all as determined by the Calculation Agent.

"Debt Security Early Redemption Amount" means, in respect of each Certificate, (A) in respect of a Debt Security Partial Early Redemption or a Debt Security Early Redemption Event, an amount calculated by the Calculation Agent equal to the amount which a foreign investor would have received pursuant to the terms of the Debt Securities as a result of the Debt Security Early Redemption Event (the **"Debt Security Early Redemption Proceeds"**) if it held the Debt Security Early Redemption Securities Amount (less all Expenses), such resulting amount to be converted into the Settlement Currency at the Debt Security Early Redemption Exchange Rate or (B) in respect of a Debt Security Partial Compulsory Conversion or a Debt Security Compulsory Conversion Event, in the determination of the Calculation Agent, the product of (a) the Average Share Price converted into the Settlement Currency at the Debt Security Early Redemption Exchange Rate and (b) the Conversion Share Amount.

Where:

"Average Share Price" means the price per Share (less any Sale Costs) arising from the sale by the Calculation Agent of the Sold Shares and where the Sold Shares are sold, at the option of and in the manner determined by the Calculation Agent, in such numbers of the Shares and at such times on the date falling one Scheduled Trading Day after the date of the occurrence of the Debt Security Partial Compulsory Conversion or the Debt Security Compulsory

Conversion Event (the "**Debt Security Conversion Event Date**"),

PROVIDED THAT, the Calculation Agent shall have the discretion not to sell on the Exchange all or any of the Sold Shares on the Debt Security Conversion Event Date (for any reason) and those Shares comprising the Sold Shares not sold on the Debt Security Conversion Event Date shall be sold as soon thereafter as the Calculation Agent determines in its commercially reasonable judgement. The period of Scheduled Trading Days from and including the Debt Security Conversion Event Date to the Scheduled Trading Day on which all the Sold Shares have been sold shall be the "**Share Valuation Period**".

References herein to a sale of Shares shall be deemed to be references to a notional or actual sale of Shares by the Calculation Agent as a foreign investor and references to "sell" and "sold" shall be construed accordingly.

"**Sale Costs**" means (without double counting and expressed on a per Share basis), the sum of: (a) any Exercise Expenses in relation to a sale of Sold Shares; and (b) an amount, determined by the Calculation Agent, equal to the commission that the Issuer or its Affiliates would ordinarily charge its clients for a sale of Sold Shares.

"**Sold Shares**" means an amount of Shares equal to the product of A and B where A means the Conversion Share Amount and B means the number of Certificates outstanding on the Debt Security Conversion Event Date.

"**Debt Security Early Redemption Date**" means the date falling five Business Days after the date on which a foreign investor would have received actual cash payment of the Debt Security Early Redemption Proceeds or delivery of the Shares into which the relevant Debt Securities are converted pursuant to their terms.

"**Debt Security Early Redemption Exchange Rate**" means the Security Currency/Settlement Currency exchange rate (expressed as the number of units of the Security Currency (or part thereof) for which one unit of the Settlement Currency can be exchanged) determined by the Calculation Agent at such time and by reference to such sources as it deems appropriate. Where the Security Currency and the Settlement Currency are the same currency, then the Early Redemption Exchange Rate shall be 1.

"**Debt Security Early Redemption Securities Amount**" means (i) in respect of a Debt Security Partial Early Redemption, each Certificate's pro rata portion (the "**Affected Portion**") of the nominal amount of Debt Securities comprising the Aggregate Hedge Position affected by the Debt Security Partial Early Redemption and (ii) in respect of a Debt Security Early Redemption Event, the Debt Securities Amount, all as determined by the Calculation Agent.

(C) Adjustments to the terms of the Debt Securities

If on or prior to the Final Settlement Date in respect of any Certificate, the Securities Issuer makes a material change to the terms of the Debt Securities, then the Issuer may require the Calculation Agent to determine the appropriate adjustment, if any,

to be made to the terms of the Certificates to account for such change and determine the effective date of that adjustment.

(D) Notification

Upon the occurrence of a Debt Security Early Redemption Event or an adjustment to the terms of the Debt Securities as provided in Valuation and Settlement Condition 6(f)(iii)(C) above, the Issuer shall give notice as soon as practicable to the Warrantholders in accordance with General Condition 12 (*Notices*) stating the occurrence of the Debt Security Early Redemption Event or material change, as the case may be, giving details thereof and the action proposed to be taken in relation thereto.

(iv) Credit Event Termination

(A) Occurrence of a Credit Event

In the event that a Credit Event occurs during the period from (and including) the Issue Date to (and including) the Expiration Date (the "**Certificate Term**") and the Calculation Agent delivers a Credit Event Notice and a Notice of Publicly Available Information to the Issuer, the Issuer may give notice (such notice a "**Certificateholder Credit Event Notice**") to the Warrantholders in accordance with General Condition 12 (*Notices*) and cancel the Certificates. If the Certificates are so cancelled, the Issuer will pay the Credit Event Amount in respect of each Certificate on the Credit Event Redemption Date. Payments will be made in such manner as shall be notified to the Warrantholders in accordance with General Condition 12 (*Notices*).

For the avoidance of doubt, where the Issuer gives a Certificateholder Credit Event Notice as provided above, all Certificates in respect of which no Cash Settlement Amount has been paid will be cancelled, including those in respect of which an Exercise Notice has been given prior to the giving of the Certificateholder Credit Event Notice but in relation to which no Cash Settlement Amount has been paid.

(B) Definitions

For the purposes of this Valuation and Settlement Condition 6(f):

"Bankruptcy" means the Reference Entity:

- (I) is dissolved (other than pursuant to a consolidation, amalgamation or merger);
- (II) becomes insolvent or is unable to pay its debts or fails or admits in writing in a judicial, regulatory or administrative proceeding or filing its inability generally to pay its debts as they become due;
- (III) makes a general assignment, arrangement, scheme or composition with or for the benefit of its creditors generally, or such a general assignment, arrangement, scheme or composition becomes effective;
- (IV) institutes or has instituted against it a proceeding seeking a judgment of insolvency or bankruptcy or any other similar relief under any bankruptcy or insolvency law or other law affecting creditors' rights, or a petition is presented for its

winding-up or liquidation, and, in the case of any such proceeding or petition instituted or presented against it, such proceeding or petition (x) results in a judgment of insolvency or bankruptcy or the entry of an order for relief or the making of an order for its winding-up or liquidation or (y) is not dismissed, discharged, stayed or restrained in each case within thirty calendar days of the institution or presentation thereof or before the Expiration Date, whichever is earlier;

- (V) has a resolution passed for its winding-up or liquidation (other than pursuant to a consolidation, amalgamation or merger);
- (VI) seeks or becomes subject to the appointment of an administrator, provisional liquidator, conservator, receiver, trustee, custodian or other similar official for it or for all or substantially all its assets;
- (VII) has a secured party take possession of all or substantially all its assets or has a distress, execution, attachment, sequestration or other legal process levied, enforced or sued on or against all or substantially all its assets and such secured party maintains possession, or any such process is not dismissed, discharged, stayed or restrained, in each case within thirty calendar days thereafter or before the Expiration Date, whichever is earlier; or
- (VIII) causes or is subject to any event with respect to it which, under the applicable laws of any jurisdiction, has an analogous effect to any of the events specified in clauses (i) to (vii) (inclusive).

"Bond" means any obligation of a type included in the "Borrowed Money" definition that is in the form of, or represented by, a bond, note (other than notes delivered pursuant to Loans), certificated debt security or other debt security and shall not include any other type of Borrowed Money.

"Borrowed Money" means any obligation (excluding an obligation under a revolving credit arrangement for which there are no outstanding unpaid drawings in respect of principal) for the payment or repayment of borrowed money (which term shall include, without limitation, deposits and reimbursement obligations arising from drawings pursuant to letters of credit).

"Credit Event" means the occurrence of any one or more of "Bankruptcy", "Failure to Pay", "Obligation Acceleration", "Obligation Default", "Repudiation/Moratorium", "Restructuring" or "Governmental Intervention", as determined by the Calculation Agent.

If an occurrence would otherwise constitute a Credit Event, such occurrence will constitute a Credit Event whether or not such occurrence arises directly or indirectly from, or is subject to a defence based upon:

- (I) any lack or alleged lack of authority or capacity of the Reference Entity to enter into any Obligation or, as applicable, an Underlying Obligor to enter into any Underlying Obligation;

- (II) any actual or alleged unenforceability, illegality, impossibility or invalidity with respect to any Obligation or, as applicable, any Underlying Obligation, however described;
- (III) any applicable law, order, regulation, decree or notice, however described, or the promulgation of, or any change in, the interpretation by any court, tribunal, regulatory authority or similar administrative or judicial body with competent or apparent jurisdiction of any applicable law, order, regulation, decree or notice, however described; or
- (IV) the imposition of, or any change in, any exchange controls, capital restrictions or any other similar restrictions imposed by any monetary or other authority, however described.

"Credit Event Amount" means the amount specified in the applicable Pricing Supplement, which may be zero.

"Credit Event Notice" means an irrevocable notice from the Calculation Agent (which may be by telephone) to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that describes a Credit Event that occurred during the Certificate Term.

"Credit Event Redemption Date" means the day falling five Business Days after the final Scheduled Trading Day of the relevant Valuation Period.

"Default Requirement" means U.S.\$10,000,000 or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent as of the occurrence of the relevant Credit Event.

"Failure to Pay" means after the expiration of any applicable Grace Period (after the satisfaction of any conditions precedent to the commencement of such Grace Period), the failure by the Reference Entity to make, when and where due, any payments in an aggregate amount of not less than the Payment Requirement under one or more Obligations in accordance with the terms of such Obligations at the time of such failure.

"Fixed Cap" means, with respect to a Qualifying Guarantee, a specified numerical limit or cap on the liability of the Reference Entity in respect of some or all payments due under the Underlying Obligation, provided that a Fixed Cap shall exclude a limit or cap determined by reference to a formula with one or more variable inputs (and for these purposes, the outstanding principal or other amounts payable pursuant to the Underlying Obligation shall not be considered to be variable inputs).

"Governmental Authority" means:

- (I) any de facto or de jure government (or any agency, instrumentality, ministry or department thereof);
- (II) any court, tribunal, administrative or other governmental, inter-governmental or supranational body;
- (III) any authority or any other entity (private or public) either designated as a resolution authority or charged with the regulation or supervision of the financial markets

(including a central bank) of the Reference Entity or some or of all of its obligations; or

- (IV) any other authority which is analogous to any of the entities specified in sub-paragraphs (I) to (III) hereof.

"Governmental Intervention" means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs as a result of action taken or an announcement made by a Governmental Authority pursuant to, or by means of, a restructuring and resolution law or regulation (or any other similar law or regulation), in each case, applicable to the Reference Entity in a form which is binding, irrespective of whether such event is expressly provided for under the terms of such Obligation:

- (I) any event which would affect creditors' rights so as to cause:
 - (a) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including by way of redenomination);
 - (b) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
 - (c) a postponement or other deferral of a date or dates for either (I) the payment or accrual of interest, or (II) the payment of principal or premium; or
 - (d) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation;
- (II) an expropriation, transfer or other event which mandatorily changes the beneficial holder of the Obligation;
- (III) a mandatory cancellation, conversion or exchange; or
- (IV) any event which has an analogous effect to any of the events specified in paragraphs (I) to (III) hereof.

For purposes of this definition of Governmental Intervention, the term Obligation shall be deemed to include Underlying Obligations for which the Reference Entity is acting as provider of a Qualifying Guarantee.

"Grace Period" means:

- (I) subject to paragraph (II) below, the applicable grace period with respect to payments under the relevant Obligation under the terms of such Obligation in effect as of the date as of which such Obligation is issued or incurred; and
- (II) if, as of the date as of which an Obligation is issued or incurred, no grace period with respect to payments or a grace period with respect to payments of less than three Grace Period Business Days is applicable under the terms of such Obligation, a Grace Period of three Grace Period Business Days shall be deemed to apply to such Obligation; provided that such deemed Grace Period shall expire no later than the Expiration Date.

"Grace Period Business Day" means a day on which commercial banks and foreign exchange markets are generally open to settle payments in the place or places and on the days specified, for that purpose in the relevant Obligation and if a place or places are not so specified, (a) if the Obligation Currency is the euro, a TARGET2 Settlement Day, or (b) otherwise, a day on which commercial banks and foreign exchange markets are generally open to settle payments in the principal financial city in the jurisdiction of the Obligation Currency.

"Loan" means any obligation of a type included in the "Borrowed Money" definition that is documented by a term loan agreement, revolving loan agreement or other similar credit agreement and shall not include any other type of Borrowed Money.

"Notice of Publicly Available Information" means an irrevocable notice from the Calculation Agent (which may be in writing (including by facsimile and/or email) and/or by telephone) to the Issuer (which the Calculation Agent has the right but not the obligation to deliver) that cites Publicly Available Information confirming the occurrence of the Credit Event described in the Credit Event Notice. The notice given must contain a copy, or a description in reasonable detail, of the relevant Publicly Available Information. If a Credit Event Notice contains Publicly Available Information, such Credit Event Notice will also be deemed to be a Notice of Publicly Available Information.

"Obligation" means any obligation of the Reference Entity (either directly or as provider of a Relevant Guarantee) which is a Payment obligation.

"Obligation Acceleration" means one or more Obligations in an aggregate amount of not less than the Default Requirement have become due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event or default or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

"Obligation Currency" means the currency or currencies in which an Obligation is denominated.

"Obligation Default" means one or more Obligations in an aggregate amount of not less than the Default Requirement have become capable of being declared due and payable before they would otherwise have been due and payable as a result of, or on the basis of, the occurrence of a default, event of default, or other similar condition or event (however described), other than a failure to make any required payment, in respect of the Reference Entity under one or more Obligations.

"Payment" means any obligation (whether present or future, contingent or otherwise) for the payment or repayment of money, including without limitation, Borrowed Money.

"Payment Requirement" means U.S.\$1,000,000 or its equivalent in the relevant Obligation Currency, as determined by the Calculation Agent as of the occurrence of the relevant Credit Event.

"Publicly Available Information" means information that reasonably confirms any of the facts relevant to the determination

that the Credit Event described in a Credit Event Notice has occurred and which:

- (I) has been published in or on not less than two Public Sources, (regardless of whether the reader or user thereof pays a fee to obtain such information);
- (II) is information received from or published by (x) the Reference Entity or (y) a trustee, fiscal agent, administrative agent, clearing agent, paying agent, facility agent or agent bank for an Obligation;
- (III) is information contained in any order, decree, notice or filing, however described, of or filed with a court, tribunal, exchange, regulatory authority or similar administrative, regulatory or judicial body; or
- (IV) in respect of the relevant Reference Entity, is a public announcement by the DC Secretary that the relevant Credit Derivatives Determinations Committee has Resolved that an event constitutes a Credit Event (where "DC Secretary", "Credit Derivatives Determinations Committee" and "Resolve" are each as defined in the Credit Derivatives Determinations Committees Rules, as published by the entity responsible for such publication under the terms of market standard credit derivatives transactions from time to time and as amended from time to time in accordance with the terms thereof),

provided that where any information of the type described in sub-paragraph (II) or (III) hereof is not publicly available, it can only constitute Publicly Available Information if it can be made public without violating any law, agreement, understanding or other restriction surrounding the confidentiality of such information.

- (I) In relation to any information of the type described in paragraphs (b) and (c) above, the Calculation Agent may assume that such information has been disclosed to it without violating any law, agreement understanding or other restriction regarding the confidentiality of such information and that the entity disclosing such information has not taken any action or entered into any agreement or understanding with the Reference Entity or any Affiliate of the Reference Entity that would be breached by, or would prevent, the disclosure of such information to third parties.
- (II) Without limitation, Publicly Available Information need not state that the relevant occurrence:
 - (a) has met the Payment Requirement or Default Requirement;
 - (b) is the result of exceeding any applicable Grace Period; or
 - (c) has met the subjective criteria specified in certain Credit Events.
- (III) In relation to a Repudiation/Moratorium Credit Event, the Notice of Publicly Available Information must relate to the

events described in both subparagraphs (i) and (ii) of the definition of Repudiation/Moratorium.

"Public Source" means each of Bloomberg Reuters, Dow Jones Newswires, The Wall Street Journal, The New York Times, Nihon Keizai Shimbun, Asahi Shinbun, Yomiuri Shinbun, Financial Times, La Tribune, Les Echos, The Australian Financial Review and Debtwire (and successor publications), the main source(s) of business news in the country in which the Reference Entity is organised and any other internationally recognised published or electronically displayed news sources.

"Qualifying Guarantee" means a guarantee evidenced by a written instrument (which may include a statute or regulation) pursuant to which the Reference Entity irrevocably agrees, undertakes, or is otherwise obliged to pay all amounts of principal and interest (except for amounts which are not covered due to the existence of a Fixed Cap) due under an Underlying Obligation for which another party is the Underlying Obligor, by guarantee of payment and not by guarantee of collection (or, in either case, any legal arrangement which is equivalent thereto in form under the relevant governing law). A Qualifying Guarantees shall not include any guarantee which is structured as a surety bond, financial guarantee insurance policy or letter of credit (or any legal arrangement which is equivalent thereto in form).

"Reference Entity" means, for the purposes of this Valuation and Settlement Condition 6(f), the Securities Issuer and any direct or indirect successor to the Securities Issuer that assumes the obligations under the Debt Securities by way of merger, consolidation, amalgamation, transfer or otherwise, whether by operation of law or pursuant to any agreement, as determined by the Calculation Agent.

"Repudiation/Moratorium" means the occurrence of both of the following events:

- (I) an authorised officer of the Reference Entity or a Governmental Authority:
 - (a) disaffirms, disclaims, repudiates or rejects, in whole or in part, or challenges the validity of, one or more Obligations in an aggregate amount of not less than the Default Requirement; or
 - (b) declares or imposes a moratorium, standstill, roll-over or deferral, whether de facto or de jure, with respect to one or more Obligations in an aggregate amount of not less than the Default Requirement; and
- (II) a Failure to Pay, determined without regard to the Payment Requirement, or a Restructuring, determined without regard to the Default Requirement, with respect to any such Obligation occurs on or prior to the Expiration Date.

"Restructuring" means that, with respect to one or more Obligations and in relation to an aggregate amount of not less than the Default Requirement, any one or more of the following events occurs in a form that binds all holders of such Obligation, is agreed between the Reference Entity or a Governmental Authority and a sufficient

number of holders of the Obligation to bind all the holders of such Obligation or is announced (or otherwise decreed) by the Reference Entity or a Governmental Authority in a form that binds all holders of such Obligation (including, in each case, in respect of Bonds only, by way of an exchange), and such event is not expressly provided for under the terms of such Obligation in effect as of the later of the Issue Date and the date as of which such Obligation is issued or incurred:

- (I) a reduction in the rate or amount of interest payable or the amount of scheduled interest accruals (including, in each case, in respect of Bonds only, by way of an exchange);
- (II) a reduction in the amount of principal or premium payable at redemption (including by way of redenomination);
- (III) a postponement or other deferral of a date or dates for either (A) the payment or accrual of interest or (B) the payment of principal or premium;
- (IV) a change in the ranking in priority of payment of any Obligation, causing the Subordination of such Obligation to any other Obligation; or
- (V) any change in the currency or composition of any payment of interest, principal or premium to any currency other than the lawful currency of Canada, Japan, Switzerland, the United Kingdom and the United States of America and the euro and any successor currency to any of the aforementioned currencies (which in the case of the euro, shall mean the currency which succeeds to and replaces the euro in whole).

Notwithstanding the above provisions, none of the following shall constitute a Restructuring:

- (a) the payment in euros of interest, principal or premium in relation to an Obligation denominated in a currency of a member state of the European Union that adopts or has adopted the single currency in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union;
- (b) the redenomination from euros into another currency, if (A) the redenomination occurs as a result of action taken by a Governmental Authority of a member state of the European Union which is of general application in the jurisdiction of such Governmental Authority and (B) a freely available market rate of conversion between euros and such other currency existed at the time of such redenomination and there is no reduction in the rate of amount of interest, principal or premium payable, as determined by reference to such freely available market rate of conversion;
- (c) the occurrence of, agreement to or announcement of any of the events described in (I) to (V) above due to an administrative adjustment, accounting adjustment or tax adjustment or other technical adjustment occurring in the ordinary course of business; and

- (d) the occurrence of, agreement to or announcement of any of the events described in (I) to (V) above in circumstances where such event does not directly or indirectly result from a deterioration in the creditworthiness or financial condition of the Reference Entity provided that in respect of (V) above only, no such deterioration in the creditworthiness or financial condition of the Reference Entity is required where the redenomination is from euros into another currency and occurs as a result of action taken by Governmental Authority of a member state of the European Union which is of general application in the jurisdiction of such Governmental Authority.
- (e) If an exchange has occurred, the determination as to whether one of the events described under (I) to (V) above has occurred will be based on a comparison of the terms of the Bond immediately prior to such exchange and the terms of the resulting obligations immediately following such exchange.

"Subordination" means, with respect to an obligation (the Second Obligation) and another obligation of the Reference Entity to which such obligation is being compared (the First Obligation), a contractual, trust or other similar arrangement providing that (i) upon the liquidation, dissolution, reorganisation or winding up of the Reference Entity, claims of the holders of the First Obligation will be satisfied prior to the claims of the holders of the Second Obligation, or (ii) the holders of the Second Obligation will not be entitled to receive or retain principal payments in respect of their claims against the Reference Entity at any time that the Reference Entity is in payment arrears or is otherwise in default under the First Obligation. Subordinated will be construed accordingly. For purposes of determining whether Subordination exists or whether an obligation is Subordinated with respect to another obligation to which it is being compared, (x) the existence of preferred creditors arising by operation of law or of collateral, credit support or other credit enhancement or security arrangements shall not be taken into account and (y) in the case of the Reference Obligations, the ranking in priority of payment shall be determined as of the date as of which it was issued or incurred and shall not reflect any change to such ranking in priority of payment after such date.

"Underlying Obligation" means, with respect to a guarantee, the obligation which is the subject of the guarantee.

"Underlying Obligor" means with respect to an Underlying Obligation, the issuer in the case of a Bond, the borrower in the case of a Loan, or the principal obligor in the case of any other Underlying Obligation.

SECTION H.4 – FORM OF FINAL TERMS – NOTES AND CERTIFICATES

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS] – [Other than with respect to offers of the Securities in *[specify jurisdiction(s)]* for which an EU PRIIPs KID is being prepared] [during the period[s] *[●]-[●]* *(repeat periods as necessary)*,] [T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.]¹

[PROHIBITION OF SALES TO UK RETAIL INVESTORS] – [Other than with respect to offers of the Securities in the United Kingdom for which a UK PRIIPs KID is being prepared] [during the period[s] *[●]-[●]* *(repeat periods as necessary)*,] [T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any "retail investor" in the United Kingdom ("UK"). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]²

[Subject as provided above, any]/[Any] person making or intending to make an offer of the Securities in any Member State of the EEA may only do so[:

- (a) in those Public Offer Jurisdictions mentioned in item [6] of Part B below, provided such person is one of the persons mentioned in item [11] of Part B below and that such offer is made during the Offer Period specified for such purpose therein and that any conditions relevant to the use of the Base Prospectus are complied with; or
- (b) otherwise]³ in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer.

None of the Issuer[, the CGMHI Guarantor]⁴ [, the CGMFL Guarantor]⁵ and any Dealer has authorised, nor do any of them authorise, the making of any offer of Securities in any other circumstances.

¹ Legend to be included on front of the Final Terms if the Securities potentially constitute "packaged" products or the issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the selling restriction should be specified to be "Applicable".

² Legend to be included on front of the Final Terms if the Securities potentially constitute "packaged" products or the issuer wishes to prohibit offers to UK retail investors for any other reason, in which case the selling restriction should be specified to be "Applicable".

³ Consider including this legend where a Non-exempt Offer of Securities is anticipated.

⁴ Delete where the Issuer is Citigroup Inc. or CGMFL.

⁵ Delete where the Issuer is Citigroup Inc. or CGMHI.

For the purposes hereof, the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129 (as amended).

[[The Base Prospectus is scheduled to expire on 17 November 2026. The Issuer [and the Guarantor] intend[s] that the Base Prospectus will be updated on or prior to such date.] [The Base Prospectus is scheduled to expire on 17 November 2026, but the Issuer [and the Guarantor] anticipate[s] that the Base Prospectus will be updated and replaced on or around [●]]. The updated base prospectus will be available on [the website of the Luxembourg Stock Exchange (www.luxse.com)] [the website of Euronext Dublin (<https://live.euronext.com/en/markets/dublin>)] [the website of the London Stock Exchange (www.londonstockexchange.com)] [and] [the website of [●] ([●])].]⁶

[PROHIBITION OF OFFER TO PRIVATE CLIENTS IN SWITZERLAND - [Other than with respect to offers of the Securities [during the period[s] [●]-[●] (*repeat periods as necessary*),] for which a key information document according to the Swiss Federal Financial Services Act ("**FinSA**") or an equivalent document under FinSA has been prepared,] [t][T]he Securities are not intended to be offered or recommended to private clients within the meaning of [the Swiss Federal Financial Services Act ("**FinSA**")/FinSA] in Switzerland. For these purposes, a "private client" means a person who is not one (or more) of the following: (i) a professional client as defined in Article 4(3) FinSA (not having opted-in on the basis of Article 5(5) FinSA) or Article 5(1) FinSA; or (ii) an institutional client as defined in Article 4(4) FinSA; or (iii) a private client with an asset management agreement according to Article 58(2) FinSA.]⁷

[The Securities may not be publicly offered, directly or indirectly, in Switzerland within the meaning of FinSA, and this Final Terms, the Base Prospectus and any other offering or marketing material relating to the Securities may not be publicly distributed or otherwise made publicly available to investors in Switzerland other than pursuant to an exemption under Article 36(1) FinSA or where such offer or distribution does not qualify as a public offer in Switzerland. Neither this Final Terms, nor the Base Prospectus nor any other offering or marketing material relating to the Securities constitutes a prospectus pursuant to FinSA.]⁸

[The Securities do not constitute a participation in a collective investment scheme in the meaning of the Swiss Federal Act on Collective Investment Schemes ("CISA"). They are neither subject to authorisation nor supervision by the Swiss Financial Market Supervisory Authority FINMA, and investors in Securities will not benefit from protection under the CISA or supervision by any Swiss regulatory authority and are exposed to the risk of the Issuer and Guarantor (if applicable).]⁹

The Securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any State thereof. The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**"), and trading in the Securities has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the CEA. No person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the rules of the CFTC thereunder. The Issuer has not registered and will not register as an investment company under the U.S. Investment Company Act of 1940, as amended.

[Accordingly, the Securities are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted Non-U.S. Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted Non-U.S. Purchaser in an offshore transaction in compliance with Regulation S.]¹⁰

⁶ Include in respect of a Tranche of Securities for which the offer spans an update of the Base Prospectus.

⁷ Include if Securities are debt instruments with a "derivative character" for the purpose of FinSA and are offered in Switzerland.

⁸ Include if Securities are offered in Switzerland and the Final Terms for the Securities is not filed and deposited with a review body in Switzerland for entry on the list according to Article 64(5) FinSA.

⁹ Include if Securities are offered in Switzerland.

¹⁰ Include for Regulation S Global Securities and Securities issued in dematerialised form.

[Accordingly, the Securities are being offered only to persons who are Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted QIB Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]¹¹

[Accordingly, the Securities are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**") or Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is either a Permitted Non-U.S. Purchaser or a Permitted QIB Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at any time except to (1) the Issuer or its affiliates, (2) a Permitted Non-U.S. Purchaser in compliance with Regulation S or (3) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]¹²

[A "**Permitted Non-U.S. Purchaser**" is a person that (i) is outside the United States at the time of any offer or sale of the Securities to it and is not a "U.S. person" as such term is defined under Rule 902(k)(1) of Regulation S or "in the United States" as such term is defined in Rule 202(a)(30)-1(c)(3)(i) under the U.S. Investment Advisers Act of 1940, as amended ("**Advisers Act**"); (ii) does not come within any definition of U.S. person for any purpose under the CEA or any rule, order, guidance or interpretation proposed or issued by the CFTC under the CEA (for the avoidance of doubt, a U.S. person shall include without limitation (a) any person who is either (x) not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for the purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons" or (y) not a "foreign located person" as defined in CFTC Rule 3.10(c)(1)(ii) and (b) any person who is a "U.S. Person" or a "Significant Risk Subsidiary", or benefits from a "Guarantee", in each case as such terms are defined in CFTC Rule 23.23(a) under the CEA, as such rule may be amended, revised, supplemented or superseded); (iii) is not a "U.S. Person" as defined in Rule 3a71-3(a)(4) under the United States Securities Exchange Act of 1934, as amended; and (iv) is not, and whose purchase and holding of the Securities is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]¹³

[A "**Permitted QIB Purchaser**" is a person that (i) is a "qualified institutional buyer" (as defined in Rule 144A) (a "**QIB**"), purchasing (or holding) the Securities for its own account or for the account of one or more QIBs and is aware that the offer and sale to it is being made in reliance on Rule 144A; and (ii) is not, and whose purchase and holding of the Securities is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]¹⁴

For a description of certain restrictions on offers and sales of Securities, see "*General Information relating to the Programme and the Securities - Subscription and Sale and Transfer and Selling Restrictions*" in the Base Prospectus.

[The Securities are intended to qualify as eligible debt securities for purposes of the Federal Reserve's total loss-absorbing capacity ("**TLAC**") rule. As a result, in the event of a Citigroup Inc. bankruptcy,

¹¹ Include for Rule 144A Global Securities.

¹² Include for Combined Global Securities.

¹³ Include for (a) Regulation S Global Securities and Securities issued in dematerialised form and (b) Combined Global Securities only. Clauses (ii) and (iii) should not be included if the applicable Issue Terms specifies that "Permitted Non-U.S. Purchaser (Regulation S Only)" applies.

¹⁴ Include for (a) Rule 144A Global Securities and (b) Combined Global Securities only.

Citigroup Inc.'s losses and any losses incurred by its subsidiaries would be imposed first on Citigroup Inc.'s shareholders and then on its unsecured creditors, including the holders of the Securities. Further, in a bankruptcy proceeding of Citigroup Inc., any value realised by holders of the Securities may not be sufficient to repay the amounts owed on the Securities. For more information about the consequences of TLAC on the Securities, you should refer to "Citi Resolution Plan (CSA, etc.) in relation to Securities issued by Citigroup Inc." in the section "Description of Citigroup Inc" in the Citigroup Inc. GMI Base Prospectus.]

[Notification under Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "SFA") - The Issuer has determined the classification of the Securities as prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products)].¹⁵

[Include if the Securities or Underlying(s) are labelled or marketed as having "green", "sustainable", "social", "ESG", "inclusive" or similar objectives: Securities or the Underlying(s) of Securities may be described or marketed as having "green", "sustainable", "social", "ESG", "inclusive" or similar objectives. Notwithstanding the use of such term(s), such Securities or Underlying(s) (or the administrator(s) thereof) (a) may not meet investors' objectives or expectations as regarding investments having such or similar labels or objectives and/or (b) may not fulfil legislative or regulatory requirements or criteria as regarding investments having such or other similar labels or objectives.]

[Insert the following if the Securities are listed on the Open Market of the Frankfurt Stock Exchange: The Open Market (Regulated Unofficial Market Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG) is not a regulated market for the purpose of MiFID II.]

[Insert the following if the Securities are listed on the multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the SeDeX): The multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the "SeDeX") is not a regulated market for the purpose of MiFID II.]

[Insert the following if the Securities are listed on the multilateral trading facility of EuroTLX managed by Borsa Italiana S.p.A.: The multilateral trading facility of EuroTLX managed by Borsa Italiana S.p.A. (the "EuroTLX") is not a regulated market for the purpose of MiFID II.]

(i) Series: [●][Securities][Units (each Unit being [●] in principal amount of the Securities)] [(each Unit consisting of [●] Securities)]

(ii) Tranche: [●][Securities][Units (each Unit being [●] in principal amount of the Securities)]/[(each Unit consisting of [●] Securities)]

[The Securities are issued in Units. Accordingly, references herein to "Units" shall be deemed to be references to [[●] in principal amount of the]/[a number of [●]] Securities and all references in the Conditions to payments and/or deliveries being made in respect of a Security shall be construed to such payments and/or deliveries being made in respect of a Unit]

(For fungible issues, specify the Aggregate Principal Amount / Number of Securities in respect of each Tranche)

5. Issue Price:

[[●] per cent. of the Aggregate Principal Amount [plus accrued interest from [*insert date*](*insert for fungible issues, if applicable*)] [converted into the DC Relevant Currency at the Initial FX Rate, being [*specify in DC Relevant Currency*]] in respect of the Aggregate Principal Amount. "**Initial FX Rate**" means [●]/[[●] per Security]/[●]

(For fungible issues, specify the Issue Price in respect of each Tranche)

6. (i) Specified Denominations:

[●]/[Unit]/[Not Applicable] (*only applicable for Notes – specify "Not Applicable" for Certificates*)

(in the case of Registered Securities, this means the minimum integral amount in which transfers can be made)

(In respect of Swedish Securities, Finnish Securities and French Law Securities which are Notes, there shall be one denomination only.)

(ii) Calculation Amount:

[●][Unit][per Certificate]

(If the Securities are Notes with only one Specified Denomination, insert the Specified Denomination. If more than one Specified Denomination, insert the highest common factor. N.B. There must be a common factor in the case of two or more Specified Denominations.)

(For Certificates, the Calculation Amount does not reflect a principal amount, but the term must be specified as it is

necessary for use in the Valuation and Settlement Schedule and other places.)

7. (i) Trade Date: [●]
- (ii) Issue Date: [[●]]/[●] Business Days following the Initial Preference Share Reference Date, which is expected to be [●] (*Specify for Preference Share Linked Securities only*)
- (For fungible issues, specify the Issue Date in respect of each Tranche)
- (iii) Interest Commencement Date: [●][Issue Date] [As set out in the Table at item 10 below] [Not Applicable]

(Where there is more than one interest basis then the Interest Commencement Date for each interest basis should be specified by inserting the Interest Basis Table at item 10 below)

8. [Scheduled Maturity Date: [●]], subject to adjustment in accordance with the [Modified][Preceding][Following] Business Day Convention] [Interest Payment Date falling on or nearest to [●]] [[and] subject to extension in accordance with Credit Linked Condition 15 (*Scheduled Maturity Date Extension*)] (*Only applicable if the Securities are Credit-Linked Securities and "2014 Reference Entity" applies*) / [and extension in accordance with Credit Linked Condition 6 (*Scheduled Maturity Date Extension*)] (*Only applicable if the Securities are Credit-Linked Securities and "2003 Reference Entity" applies*) [where EMTA provisions are applicable in respect of any FX Rate: or, if later, the Number of Settlement Business Days following the [last occurring] [Final] Valuation Date]

[The Final Valuation Date] (*Specify for Preference Share Linked Securities only*)

(If the Securities are Certificates, delete the above and insert the following:

[Exercise Date(s): [Each] [Valuation Date]/[The Final Valuation Date]

Settlement Date: [●]], subject to adjustment in accordance with the [Modified][Preceding][Following] Business Day Convention] [Interest Payment Date falling on or nearest to [●]][*where EMTA provisions are applicable in respect of any FX Rate: or, if later, the Number of Settlement Business Days following the [last occurring] Final Valuation Date*]

9. Type of Interest / Redemption and Minimum Return:

- (i) Type of Interest / Redemption: [[Fixed Rate Securities] [Floating Rate Securities] [CMS Rate Securities] [Spread Securities] [and Range Accrual (Expanded) Securities] [Buy the Dip Securities] [Inflation Rate Securities] [DIR Inflation Linked Securities [that are DIR Inflation Linked Interest Securities] [and] [in respect of which a DIR Linked Redemption Amount is applicable] [Inflation Linked Securities [that are Inflation Linked Interest Securities]] [Digital [Band] Securities] [Inverse

Floating Rate Securities] [Volatility Bond Securities]
 [Synthetic Forward Rate Securities] [Previous Coupon
 Linked Securities] [and] [FX Performance Securities] [and]
 [Reserve Coupon Securities] [and] [Global Interest Floor
 Securities] [and] [Auto Floor Securities] [and] [Global
 Interest Cap Securities] [and] [Auto Cap Securities] [and]
 [Restructure Interest Rate Securities] [Interim Performance
 Interest Securities] [Twin Win Interim Performance Interest
 Securities] [Reverse Interim Performance Interest
 Securities] [Non-Contingent Interest Amount] [and Range
 Accrual Securities] [Multi-Chance Securities] [Lookback
 Securities [(Memory Effect/Without Memory Effect)]] [LA
 Interest Amount] [The Securities are Zero Coupon
 Securities and do not bear or pay any interest] [The
 Securities do not bear or pay any interest] [if an Interest
 Barrier Event [does not] occur[s] [and]] [The Securities do
 not pay any Coupon Amount if a Coupon Barrier Event
 [does not] occur[s] [and]] (*repeat as necessary*)

[As set out in the table at item 10 below]

[Mandatory Early Redemption Provisions are applicable as
 specified in item 19 below]

[The [Securities are [also] [Credit Linked/Index Skew]
 Notes] [Securities are Underlying Linked Securities and the
 Redemption Amount of the Securities is determined in
 accordance with item 21 below]]

[The Securities are [also] Inflation Linked Redemption
 Securities] [The Securities are [also] Lock-in Redemption
 Securities] [The Securities are [also] Rate Linked
 Redemption Securities] [The Securities are [also] Interest
 Linked Redemption Securities] [The Securities are [also]
 Redemption Reserve Securities]

[The Securities are Instalment Securities and the Instalment
 Amounts are determined as specified in item 21(vii) below]

The Securities are [Cash Settled Securities] [and/or may be]
 [Physical Delivery Securities]

[The Securities are [also] Dual Currency Securities]

**[In order to receive the Entitlement on the [Maturity
 Date]/[Settlement Date] (subject as provided in the
 Conditions), Securityholders should complete and
 deliver an Asset Transfer Notice in accordance with the
 Conditions in any event as it may not be known prior to
 the Cut-off Date whether the Securities will be cash
 settled and/or settled by physical delivery of the
 Entitlement]**

(ii) Minimum Return:

[Applicable/Not Applicable]

[If applicable:

Minimum Return Value: [As per the General Conditions]
 [specify] (*If the provisions in the General Conditions apply,
 the Minimum Return Value will be equal to the Calculation
 Amount or, in the case of Dual Currency Securities, the
 Calculation Amount converted into the DC Relevant*

Currency at the Initial FX Rate)] (Include in relation to rated trades)

10. Changes in interest basis and/or Multiple Interest Basis: [Applicable][Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

- (i) Automatic Change of Interest Basis and Lock-in Change of Interest Basis: [Automatic Change of Interest Basis: Applicable[, as set out in the Interest Basis Table below]] *(Insert for Automatic Change of Interest Basis)* [Lock-in Change of Interest Basis: Applicable – see item 16 below] *(Insert for Lock-in Change of Interest Basis)* [Describe changes] [Not Applicable]

(Where Valuation and Settlement Condition 7(e) (Interest Linked Redemption Securities) applies, Interest Payment Date(s) should be the last day of an Interest Period)

- (ii) Multiple Interest Basis: [Applicable/Not Applicable]

(Multiple Interest Basis shall not apply for any Interest Period or Interest Payment Date to which the Previous Coupon Linked Notes provisions, FX Performance Notes provisions, Reserve Coupon Notes provisions, Global Interest Floor Notes provisions, Global Interest Cap Notes provisions, Restructure Interest Rate Notes provisions or Lock-in Change of Interest Basis provisions apply)

(If not applicable, delete the remaining sub-paragraph of this paragraph)

- (A) MIB Interest Period(s) and/or MIB Interest Payment Date(s): [Specify relevant Interest Periods / Interest Payment Dates] [As specified in the Interest Basis Table below]

- (B) MIB Interest Period(s) and/or MIB Interest Payment Date(s): [Specify relevant Interest Periods / Interest Payment Dates] [As specified in the Interest Basis Table below]

[Interest Basis Table]			
Interest Commencement Date	[Interest Period End Date(s) / Interest Payment Date(s)]	[MIB Interest Period End Date(s) / Interest Payment Date(s)]	Type of Interest
[specify date]	[specify date]	[Yes][No]	[Fixed Rate Securities] [Floating Rate Securities] [CMS Rate Securities] [Spread Securities] [and Range Accrual (Expanded) Securities] [Buy the Dip Securities] [Inflation Rate Securities] [DIR Inflation Linked Securities that are DIR Inflation Linked Interest Securities] [Inflation Linked Securities that are Inflation Linked Interest Securities] [Digital [Band] Securities] [Inverse Floating Rate Securities] [Volatility Bond Securities] [Synthetic Forward Rate Securities] [Previous Coupon Linked Securities] [and] [FX Performance Securities] [and] [Reserve Coupon Securities] [and] [Global Interest Floor Securities] [and] [Auto Floor Securities] [and] [Global Interest Cap Securities] [and] [Auto

Reference
Observation is
applicable) (Insert details of the or each Reference Rate [1],
 including any Margin, Interest Participation Rate,
 any Minimum Reference Rate and/or any Maximum
 Reference Rate. If the Reference Rate is (i) a Fixed
 Interest Rate (where accrual is applicable), include
 the relevant information from item 14(v)(A), including
 any Table, (ii) a Floating Interest Rate for which
 Screen Rate Determination applies, include the
 information from item 14(v)(B)VII and items
 14(v)(B)XV to 14(v)(B)XVIII, including any Table,
 (iii) a Floating Rate for which ISDA Determination
 applies, include the applicable information from item
 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII,
 including any Table or (iv) a CMS Interest Rate,
 include the applicable information from item
 14(v)(C)V, including any Table, as required. If there
 is more than one Reference Rate [1], repeat this
 paragraph for each Reference Rate [1])

(NB: Where a Reference Rate is a Floating Rate for
 which ISDA Determination applies, specify each
 Interest Observation Date as the Reset Date and do
 not specify the Fixing Day)

[Reference Rate 2 (for [[Fixed Interest Rate/Floating Interest Rate/CMS
 Reference Interest Rate/[[Spread Interest Rate/Relevant Spread
 Observation Rate/Spread Reference Rate]: see item 14(v)(D)]]
 (Insert details of the or each Reference Rate 2 by
 including the information described in the paragraph

[1]):] (insert if applicable) above for Reference Rate 2, including any Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If there is more than one Reference Rate 2, repeat this paragraph for each Reference Rate 2)

(if "Dual Reference Observation" is applicable insert the following paragraphs for Reference Observation 2 and, if "Triple Reference Observation" is applicable, repeat for Reference Observation 3)

VII. [Reference Observation [2/3]:] [specify what the Reference Observation [2/3] will be from the options set out in Valuation and Settlement Condition 4.7(c)]

[If applicable, and specify details of the or each Reference Rate and where more than one Reference Rate whether the Barrier is different for each Reference Rate for each relevant interest period]

[Barrier [2/3]:] (insert if Barrier 1 is specified) [●] [As set out in the Range Accrual Table below] [Not Applicable]

[Barrier Reference:] (insert if Barrier [2/3] is specified) [Greater than the Barrier [2/3]/Greater than or equal to the Barrier [2/3]/Less than the Barrier [2/3]/Less than or equal to the Barrier [2/3]]

[Lower Range [2/3]:] (insert if Lower Range 1 is specified) [●] [As set out in the Range Accrual Table below] [Not Applicable]

[Lower Range [2/3] Option:] (insert if Lower Range 2 is specified) [[Greater than or equal to/Greater than] the Lower Range [2/3]] [Not Applicable]

[Upper Range [2/3]:] (insert if Upper Range 1 is specified) [●] [As set out in the Range Accrual Table below] [Not Applicable]

[Upper Range [2/3] Option:] (insert if Upper Range 2 is specified) [[Less than or equal to/Less than] the Upper Range [2/3]] [Not Applicable]

Reference Rate [1] (for Reference Observation [2/3]): [Fixed Interest Rate/Floating Interest Rate/CMS Interest Rate/[Spread Interest Rate/Relevant Spread Rate/Spread Reference Rate]: see item 14(v)(D)] [Not Applicable]

(Insert details of the or each Reference Rate [1], including any Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the Reference Rate: (i) is a Fixed Interest Rate (where accrual is applicable), include

the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. If there is more than one Reference Rate [1], repeat this paragraph for each Reference Rate [1])

[As set out in the Reference Observation Table below]
(If Reference Rate [1] is different for each Interest Period, insert the Reference Observation Table)

[Reference Rate 2 (for Reference Observation [2/3]):] (insert if applicable) [[Fixed Interest Rate/Floating Interest Rate/CMS Interest Rate/Spread Interest Rate/Relevant Spread Rate/Spread Reference Rate: see item 14(v)(D)]
(Insert details of the or each Reference Rate 2 by including the information described in the paragraph above for Reference Rate 2, including any Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If there is more than one Reference Rate 2, repeat this paragraph for each Reference Rate 2)

[As set out in the Reference Observation Table below]

VIII. Lev: [[●]%) [As set out in the Range Accrual Table below]
[Not Applicable]

IX. Adj: [[●]%) [As set out in the Range Accrual Table below]
[Not Applicable]

X. RA Cap: [[●]%) [As set out in the Range Accrual Table below]
[Not Applicable]

XI. RA Floor: [[●]%) [As set out in the Range Accrual Table below]
[Not Applicable]

XII. Protected Range Accrual Provisions: [Applicable/Not Applicable]
[If applicable:

Protection Level: [[●]%) [As set out in the Range Accrual Table below] (Specify for each relevant interest period by inserting the Range Accrual Table below)]

XIII. Accrual Days: [calendar days/Business Days]

XIV. Accrual Business Day Centre: [●] [Not Applicable] (N.B. this relates to the definition of "Accrual Business Day", specify this if the Specified Accrual Cut-Off Date is a specified number of Accrual Business Days. This is not

FORM OF FINAL TERMS – NOTES AND CERTIFICATES

applicable if the Accrual Cut-Off Date is the Default Accrual Cut-Off Date)

XV. Accrual Cut-Off Date: [Specified Accrual Cut-Off Date] [Default Accrual Cut-Off Date]

(the "Accrual Cut-Off Date" is the specified number of calendar days or Accrual Business Days preceding the last day of the relevant Interest Period (Specified Accrual Cut-Off Date) and shall be five Accrual Days if "Default Accrual Cut-Off Date" is specified)

- Specified Accrual Cut-Off Date: [•] [calendar day/Accrual Business Day] [Not Applicable]

XVI. Any or All: [Any][All][Not Applicable]

(Include where Reference Observation is a basket of two or more Reference Rates)

XVII. Minimum Interest Rate: [See item [14(v)(B)/14(v)(C) above] [Not Applicable]

XVIII. Maximum Interest Rate: [See item [14(v)(B)/14(v)(C) above] [Not Applicable]

XIX. Minimum Interest Amount: [[•] per Calculation Amount] [As set out in the Rate Table below] [Not Applicable]

XX. Maximum Interest Amount: [[•] per Calculation Amount] [As set out in the Rate Table below] [Not Applicable]

FORM OF FINAL TERMS – NOTES AND CERTIFICATES

- I. Interest Period(s) and/or Interest Payment Date(s) to which the Digital Securities Provisions apply: [Subject as provided in Valuation and Settlement Condition 7(e) (*Interest Linked Redemption Securities*),] [●] [in each [year] [month] from, and including, [●] to and including, [●]] [adjusted in accordance with [*specify Business Day Convention*]/not adjusted]
- (Where Valuation and Settlement Condition 7(e) (*Interest Linked Redemption Securities*) applies, *Interest Payment Date(s)* should be the last day of an *Interest Period*)
- [PROVIDED THAT the Digital Securities Provisions only apply where the relevant Interest Period falls during the [Initial Interest Basis Period] [the Changed Interest Basis Period beginning on (and including) the Lock-in Date [[●]/ immediately succeeding Lock-in Event [1][2][3][●]]]
- II. Interest Period End Date(s): [Each] [Interest Payment Date(s)/[●]] [in each [year] [month] from, and including, [●] to and including, [●]] [adjusted in accordance with [*specify Business Day Convention*]] [No Adjustment] [As set out in the Rate Table below]
- III. Back Up Rate: [●]
- [Include details of the Back Up Rate, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the Back Up Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate]
- IV. Digital Reference Rate: [●]
- [Include details of the Digital Reference Rate, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the Digital Reference Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table,

(iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate]

[Where the Digital Reference Rate is an FX Rate: See item 13 for details of the FX Rate]

V. Reserve Rate:

[Include details of whether the Reserve Rate will be the sum of more than one rate (each a "**Specified Rate**") or one rate less another rate (each a "**Specified Rate**") and of any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the Reserve Rate or each Specified Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate]

VI. Digital Rate:

[Include details of the Digital Rate, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the Digital Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate]

FORM OF FINAL TERMS – NOTES AND CERTIFICATES

[Reference Rate [1]:] [Include details of each Reference Rate or Reference Rate 1, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the relevant Reference Rate or Reference Rates 1 is a (i) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (ii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iii) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required]

(Where there are different Reference Rate(s) or Reference Rate 1(s) or different Interest Periods and/or Interest Payment Dates, specify in relation to each Reference Rate(s) or Reference Rate 1(s), the

Interest Period(s) and/or Interest Payment Dates, to which it applies)

[Where the Reference Rate is an FX Rate: See item 13 for details of the FX Rate]

[Reference Rate 2:] *[Include details of each Reference Rate 2, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the relevant Reference Rate 2 is a (i) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (ii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iii) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required]*

(Where there are different Reference Rate 2s, for different Interest Periods and/or Interest Payment Dates specify in relation to each Reference Rate Two, the Interest Period(s) and/or Interest Payment Dates, to which it applies)

V. Bands: *(Where there are different Bands for different Interest Periods and/or Interest Payment Dates, specify in relation to each Band the Interest Period and/or Interest Payment Dates to which it applies)*

- (i) Band 1: [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [less than] [less than or equal to] [●] [per cent.];
- (ii) Band 2: [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [greater than][greater than or equal to] [●] but [less than] [less than or equal to] [●] [per cent.];
- (iii) [(only include Band 3 if applicable): [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [greater than][greater than or equal to] [●] [but] [less than] [less than or equal to] [●] [per cent.];]

(if there are additional bands occurring after band 3 but before the last occurring band which shall be as described below repeat (iii) above for such additional bands but with the relevant band levels)

- [(iv)] [[●] Band [●] (to be numerically labelled as the last band so if four bands in total this would be "Band 4") [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [greater than] [greater than or equal to] [●] [per cent.]

VI. Band Rate in relation to Band 1: *(Where there are different Band Rates for different Interest Periods and/or Interest Payment Dates, specify in relation to each Band Rate the Interest Periods and/or Interest Payment Dates to which it applies)*

[Specify whether the Band Rate for Band 1 will be a single Band Rate or will be Band Rate One minus Band Rate Two and include relevant information below, as applicable]

[Band Rate One:] *(Delete if Band Rate is a single Band Rate)* *[Include details of the single Band Rate or Band Rate One, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the single Band Rate or Band Rate One is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required]*

[Band Rate Two:] *[Include details of Band Rate Two, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If Band Rate Two is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required]*

(Delete if Band Rate is a single Band Rate)

VII. Band Rate in relation to Band [2/3/[●] etc.]: *[Specify whether the Band Rate for Band [2/3/[●]] will be a single Band Rate or will be Band Rate One minus Band Rate Two and include relevant information below, as applicable]*

[Band Rate One:] *(Delete if Band Rate is a single Band Rate)* *[Include details of the single Band Rate or Band Rate One, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the single Band Rate or Band Rate One is a (i) Fixed Interest Rate (where accrual is*

applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required]

[Band Two:]	Rate	[Include details of Band Rate Two, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If Band Rate Two is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required]

(Where Valuation and Settlement Condition 7(e) (Interest Linked Redemption Securities) applies, Interest Payment Date(s) should be the last day of an Interest Period)

[PROVIDED THAT the FX Performance Securities Provisions only apply where the relevant Interest Period falls during the [Initial Interest Basis Period] [the Changed Interest Basis Period beginning on (and including) the Lock-in Date [[●]/ immediately succeeding Lock-in Event [1][2][3][●]]]

II. FX Performance 1: [[●] / FX Performance 1 shall be determined by reference to the Underlying specified in item 13 above/ The rate determined as set out below] [See the FX Performance Table below]

[Insert where no rate is specified above and FX Performance 1 is not an Underlying:

- FX Perf A Currency/ FX Perf B Currency: The [mid/[●]] [●] (FX Perf A Currency) / [●] (FX Perf B Currency) currency exchange rate expressed as the number of units of [●] for which one unit of [●] can be exchanged)]
- FX Perf Designate d Page: [●]
- FX Perf Designate d Time: [●]

- III. FX Performance 2: [●] [FX Performance 2 shall be determined by reference to the Underlying specified in item 13 above] [The rate determined as set out below] [See the FX Performance Table below]

[Insert where no rate is specified above and FX Performance 2 is not an Underlying:

- FX Perf A Currency/ FX Perf B Currency: The [mid/[●]] [●] (FX Perf A Currency)) [[●] (FX Perf B Currency) currency exchange rate [(expressed as the number of units of [●] for which one unit of [●] can be exchanged)]
- FX Perf Designate d Page: [●]
- FX Perf Designate d Time: [●]

- IV. FX Performance Participation Rate: [●] [Not Applicable] [See the FX Performance Table]

- V. Specified FX Performance Valuation Date(s): FX Performance Valuation Date 1: [Not Applicable] [[●] [in respect of each Interest [Period/Payment Date]]] [See the FX Performance Table]
FX Performance Valuation Date 2: [Not Applicable] [[●] [in respect of each Interest [Period/Payment Date]]] [See the FX Performance Table]

- VI. [Application of FX Performance Securities Provisions: The FX Performance Securities Provisions shall apply [[prior to/after] the application of the [Reserve Coupon Securities Provisions] [Global Interest Floor Securities Provisions] [and the] [Global Interest Cap Securities Provisions] [Auto Floor Securities Provisions] [Auto Cap Securities Provisions]] (*Insert where the Reserve Coupon Securities Provisions or the Global Interest Floor Securities Provisions and/or the Global Interest Cap Securities Provisions or the Auto Floor Securities Provisions also apply*)

(Insert table below if any of the relevant items above is different for each Interest Period or Interest Payment Date)

[FX Performance Table for FX Performance Securities]					
[Interest Period End Date(s)] [Interest Payment Date(s)]	[FX Performance 1]	[FX Performance Valuation Date 1]	[FX Performance 2]	[FX Performance Valuation Date 2]	FX Performance Participation Rate
[Insert date(s)] (repeat as required)	[[●]] / FX Performance 1 shall be determined by reference to the Underlying specified in item 13 above / The rate determined as set out in item 14(v)(P)II above]	[[●]] / Not Applicable]	[[●]] / FX Performance 2 shall be determined by reference to the Underlying specified in item 13 above / The rate determined as set out in item 14(v)(P)III above]	[[●]] / Not Applicable]	[[●]] / Not Applicable]
(Repeat as required)					

(Q) Reserve Coupon Securities Provisions: [Applicable/Not Applicable]

(NB: If applicable, must be specified in conjunction with another Interest Basis (other than Fixed Rate Securities, Inflation Rate Securities and DIR Inflation Linked Securities). If not applicable, delete the remaining sub-paragraphs of this paragraph)

I. Interest Period(s) / Interest Payment Date(s) to which the Reserve Coupon Securities Provisions apply: [Each Interest Period falling during the period [from, and including, [[●]] to, but excluding, [[●]] [[, subject as provided in Valuation and Settlement Condition 7(e) (Interest Linked Redemption Securities),] Each of the following Interest Payment Date(s): [[●]] [in each [year] [month] from, and including, [[●]] to, and including, [[●]] [adjusted in accordance with [specify Business Day Convention]/not adjusted]] [[●]]

(Where Valuation and Settlement Condition 7(e) (Interest Linked Redemption Securities)) applies, Interest Payment Date(s) should be the last day of an Interest Period)

[PROVIDED THAT the Reserve Coupon Securities Provisions only apply where the relevant Interest Period falls during the [Initial Interest Basis Period] [the Changed Interest Basis Period beginning on (and including) the Lock-in Date [[[●]] / immediately succeeding Lock-in Event [1][2][3][[●]]]

II. Relevant Option: Option [1]/[2]/[3]

- [Reserve Coupon Rate (RCR): [[●]] per cent. [per annum]]/ [[●]] (Specify where the Relevant Option is Option 1, otherwise delete row)

- [Initial Reserve Period: From (and including) [●]/[the Issue Date] to (but excluding) [●]]

- RPN: [●] (Specify where the Relevant Option is Option 2, otherwise delete rows)

- [Floor: [●] (Specify where the Relevant Option is Option 3, otherwise delete row)

(R) Global Interest Floor Securities Provisions: [Applicable/Not Applicable]

(NB: If applicable, must be specified in conjunction with another Interest Basis (other than Fixed Rate Securities, Auto Floor Securities and Auto Cap Securities). If not applicable, delete the remaining sub-paragraphs of this paragraph)

- Global Interest Floor Period: [●] [See the Global Interest Floor Table]

- Floor Rate: [●] [See the Global Interest Floor Table]

(Insert table below if there is more than one Global Interest Floor Period)

Global Interest Floor Table	
Global Interest Floor Period	Floor Rate
[Insert dates]	[●]
(Repeat as required)	

(S) Auto Floor Securities Provisions: [Applicable/Not Applicable]

(NB: If applicable, must be specified in conjunction with another Interest Basis (other than Fixed Rate Securities, Global Interest Floor Securities and Global Interest Cap Securities). If not applicable, delete the remaining sub-paragraphs of this paragraph)

I. Interest Period(s) / Interest Payment Date(s) to which the Auto Floor Securities Provisions apply: [Each Interest Period falling during the period [from, and including, [●] to, but excluding, [●]] [, subject as provided in Valuation and Settlement Condition 7(e) (Interest Linked Redemption Securities).] Each of the following Interest Payment Date(s): [●] [in each [year] [month] from, and including, [●] to, and including, [●]] [adjusted in accordance with [specify Business Day Convention] [No adjustment]] [●]

II. Initial Floorlets Number: [●]

III. Floor: [●]

(T) Global Interest Cap Securities Provisions: [Applicable/Not Applicable]

[If applicable, insert:

Cap Rate: [●] per cent.]

(NB: If applicable, must be specified in conjunction with another Interest Basis (other than Fixed Rate

Securities, Auto Floor Securities and Auto Cap Securities))

- (U) Auto Cap Securities Provisions: [Applicable/Not Applicable]
- (NB: If applicable, must be specified in conjunction with another Interest Basis (other than Fixed Rate Securities, Global Interest Floor Securities and Global Interest Cap Securities). If not applicable, delete the remaining sub-paragraphs of this paragraph)*
- I. Interest Period(s) / Interest Payment Date(s) to which the Auto Cap Securities Provisions apply: [Each Interest Period falling during the period [from, and including, [●] to, but excluding, [●]] [, subject as provided in Valuation and Settlement Condition 7(e) (*Interest Linked Redemption Securities*),] Each of the following Interest Payment Date(s): [●] [in each [year] [month] from, and including, [●] to, and including, [●]] [adjusted in accordance with [*specify Business Day Convention*]/not adjusted]] [●]
- II. Initial Caplets Number: [●]
- III. Cap: [●]
- (V) Restructure Interest Rate Securities Provisions: [Applicable/Not Applicable]
- [If applicable:*
- Restructure Rate Request Start Date: [●]
- Maximum Number of Restructure Rate Acceptances: [●]/[Not Applicable]
- Fixed Restructure Fee: [Applicable/Not Applicable]
- [If applicable:*
- Fixed Fee Amount: [●]
- Basis Points Restructure Fee: [Applicable/Not Applicable]
- [If applicable:*
- Number of Basis Points: [●] basis points]
- (NB: Elect one of Fixed Restructure Fee or Basis Points Restructure Fee above (and complete as applicable) for the purposes of calculating the Restructure Fee)*
- Issuer Notice Details: [*Insert notice details for delivery of notices to the Issuer*]]
- (W) Interim Performance Interest Provisions: [Applicable/Not Applicable]
- [if applicable:*
- Type of Interim Performance Interest Security: [Twin Win/Reverse] Interim Performance Security][if an

			Interest Barrier Event has [not] occurred] [and]] (repeat as necessary)
(X)	Interest Rollup:		[Applicable/Not Applicable]
(vi)	Interest Underlying Valuation Provisions:		[Applicable/Not Applicable] (If not applicable, delete the remaining sub-paragraphs of this paragraph)
(A)	Averaging:		[Not Applicable] [Averaging [applies/does not apply] to the [Interest Strike Dates/Interest Valuation Dates] [insert as appropriate - for the purpose of determining [whether an Interest Barrier Event has occurred] [and] [the Performance-Linked Interest Amount [if an Interest Barrier Event has [not] occurred][:]] [and] [in respect of [insert relevant Interest Underlying]] (Repeat as necessary) (Only applicable where "Arithmetic Average Closing Level on Interest Strike Dates" is specified for Interest Initial Level) [In the event that an [Interest Strike Date/Interest Valuation Date] is a Disrupted Day [Omission/Postponement/Modified Postponement] will apply]
(B)	Valuation (Scheduled Days):	Disruption Trading	[Move in Block/Value What You Can/Range Accrual [Value What You Can/Move In Block] Observation is Applicable (as specified above)/Not Applicable][The provisions of Valuation and Settlement Condition 2(c)(i) (Adjustments to Valuation Dates (Scheduled Trading Days)) [apply/do not apply] [Modified Following/Preceding Scheduled Trading Day] (specify for a Rate only and where the provisions of Valuation and Settlement Condition 2(c) (Adjustments to Valuation Dates (Scheduled Trading Days)) do not apply to that Rate)
(C)	Valuation (Disrupted Days):	Disruption	[Move in Block/Value What You Can/ Range Accrual [Value What You Can/Move In Block] Observation is Applicable (as specified above)/Not Applicable] [The provisions of Valuation and Settlement Condition 2(d)(i) (Adjustments to Valuation Dates (Disrupted Days and Underlying Closing Levels)) apply]
(D)	Valuation Roll:		[●]/[Eight] [Not Applicable] (If no Valuation Roll is stated, Specified Maximum Days of Disruption will be equal to eight) (In the case of Securities for which Lock-in Change of Interest Basis applies, the provisions of Valuation and Settlement Condition 4.25(c) will apply in respect of a Lock-in Determination Date instead of this item 14(vi) where "Preceding Determination" is specified as the Determination Date Valuation Method. Include for Lock-in Change of Interest Basis (where a relevant reference/barrier is an FX Rate) where "Succeeding

Determination" is specified as the Determination Date Valuation Method)

[Z: [●] %] (in each case, specify alternatives where an interest barrier event has occurred or has not occurred, if applicable)	[adjusted in accordance with [specify Business Day Convention]/ [where EMTA provisions are applicable in respect of any FX Rate: or, if later, the Number of Settlement Business Days following the [last occurring] Interest Valuation Date relating to such Interest Payment Date]

FORM OF FINAL TERMS – NOTES AND CERTIFICATES

						[●] (specify for the relevant number of Interest Barrier Underlying(s) where the Securities are Multi-Chance Securities] (in each case, specify as necessary for each applicable Interest Amount)	[or (ii) if an Interest Barrier Event [2] has occurred in respect of [●] [or more] Interest Barrier Underlying(s) [only] [or less], [●] (specify for the relevant number of Interest Barrier Underlying(s) where the Securities are Multi-Chance Securities] (in each case, specify as necessary for each applicable Interest Amount)		
(specify for each interest payment date and delete the relevant column if not applicable) (repeat this Table and/or the applicable columns as necessary where there are different Interest Barrier Events occurring in respect of different Interest Payment Dates resulting in different Interest Amounts payable)									

PROVISIONS RELATING TO SWITCHER OPTION

15. Switcher Option:

[Applicable/Not Applicable]

(if not applicable, delete the remaining sub-paragraphs of this paragraph)

- (i) Switcher Interest Commencement Date(s): [●]
- (ii) New Interest Basis: [include details of the New Interest Basis or the or each Switcher Interest Commencement Date including cross referring to relevant paragraphs herein and including any relevant Interest Determination Date and/or Margin and/or Interest Participation Rate]
- (iii) Conversion Amount per Calculation Amount payable by the Issuer: [include details of any conversion amount payable by the Issuer and the relevant Switcher Interest Commencement Date in respect of which it is payable if more than one][Not Applicable]
- (iv) Switcher Payment Date: [●]/[Not Applicable]
- (v) Notice period: [As set out in Valuation and Settlement Condition 4.25(a) (Switcher Option)] [Not less than [(specify)] Business Days]

PROVISIONS RELATING TO LOCK-IN CHANGE OF INTEREST BASIS

16. Lock-in Change of Interest Basis:

[Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

- (i) Initial Interest Basis: [include details of the Initial Interest Basis including cross referring to relevant paragraphs herein]
- (ii) Changed Interest Basis: [Following the occurrence of [the] Lock-in Event [1]: [include details of the Changed Interest Basis]

including cross referring to relevant paragraphs herein]]

[Following the occurrence of Lock-in Event 1 and Lock-in Event [2]][n]: *[include details of the Changed Interest Basis including cross referring to relevant paragraphs herein]]*

(Repeat as necessary for Lock-in Events n=1k)

(iii) Lock-in Date:

[•] [The Interest Period End Date immediately succeeding the Lock-in Determination Date on which the Lock-in Condition was satisfied in respect of all the relevant Lock-in Events] [The Interest Payment Date immediately succeeding the Lock-in Determination Date on which the Lock-in Condition was satisfied in respect of all the relevant Lock-in Events]

(iv) Lock-in Condition [1]:

(v) Lock-in Reference Observation [1]:

[Specify what the Lock-in Reference Observation will be from the options set out in Valuation and Settlement Condition 4.25(d) (Determination of Lock-in Reference Observation and Lock-in Barrier)]

[Include details of the or each Reference Rate, including any relevant Specified Lock-in Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the relevant Reference Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate]

[See [also] item 13 for details of the [Rate[s]/FX Rate]]

Determination Date Valuation Method:
[Preceding/Succeeding] Determination

(vi) Lock-in Barrier [1]:

[Specify what the Lock-in Barrier will be from the options set out in Valuation and Settlement Condition 4.25(d) (Determination of Lock-in Reference Observation and Lock-in Barrier)]

[Include details of the or each Reference Rate, including any relevant Specified Lock-in Determination Date, Margin, Interest Participation

Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the relevant Reference Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate]

[See [also] item 13 for details of the [Rate[s]/FX Rate]]

[Determination Date Valuation Method:
[Preceding/Succeeding] Determination]

- (vii) Lock-in Barrier Reference [1]: [Greater than the Lock-in Barrier [1]/Greater than or equal to the Lock-in Barrier [1]/Less than the Lock-in Barrier [1]/Less than or equal to the Lock-in Barrier [1]]
- (viii) [Lock-in Condition [n]: (Include for each Lock-in Condition $n = 2 \dots k$)
- (ix) Lock-in Reference Observation [n]: [Specify what the Lock-in Reference Observation will be from the options set out in Valuation and Settlement Condition 4.25(d) (Determination of Lock-in Reference Observation and Lock-in Barrier)]

[Include details of the or each Reference Rate, including any relevant Specified Lock-in Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the relevant Reference Rate is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(v)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(v)(B)VII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(v)(B)VIII and items 14(v)(B)XV to 14(v)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(v)(C)V, including any Table, as required. In all cases this would include being determined by reference to the Spread Securities Provisions as appropriate)

- 17. Zero Coupon Securities Provisions:** [Applicable[- see item 24(xv)]/Not Applicable]
- | | |
|----------------------------|---|
| (i) Amortised Face Amount: | <p>[Calculation Agent Determination of Amortised Face Amount applies/Single Rate Amortisation Yield applies, for which purpose "Linear Accretion" [applies/does not apply]/Multiple Rate Amortisation Yield applies]</p> <p>(If not applicable, if "Calculation Agent Determination of Amortised Face Amount" is specified above or if the Securities are also Single Name Credit Linked Notes or Linear Basket Credit Linked Notes (in which case the provisions of item 24(xv) apply), delete the remaining sub-paragraphs of this paragraph)</p> |
| (ii) Amortisation Yield: | [[●] [per cent. per annum] [on a [non-]compounding basis]] |
-

(If "Multiple Rate Amortisation Yield" is specified above, insert the below table)

[Amortisation Yield Table]			
<i>i</i>	Calculation Period		Amortisation Yield
	Start Date	End Date	
[●]	[specify date]	[specify date]	[●]
(Repeat as required)]			

(iii) Reference Price: [●]

(iv) Day Count Fraction in relation to [[30/360]

Early Termination Amounts:

[Actual/360]

[Actual/365]]

[Actual/Actual (ICMA), for which purpose the Determination Dates shall be [●] in each year]

PROVISIONS RELATING TO ANY ISSUER CALL, INVESTOR PUT, ANY MANDATORY EARLY REDEMPTION, ANY OPTIONAL EARLY REDEMPTION, THE REDEMPTION AMOUNT AND ANY ENTITLEMENT DELIVERABLE

18. Issuer Call and Investor Put:

(i) Issuer Call: [Applicable/Not Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

(A) Optional Redemption Date(s): [[●]] [Each date set out under the heading "Optional Redemption Date" in the Table below:

Optional Redemption Date	Optional Redemption Amount
--------------------------	----------------------------

[●]	[●]][Index Skew Early Termination Amount]]
-----	--

(Repeat as necessary)

(B) Optional Redemption Amount: [[●] per Security] [In respect of an Optional Redemption Date, the amount per Security specified under the heading "Optional Redemption Amount" in the Table in item 18(i)(A) above] [Zero Coupon Amortised Face Amount (*Specify for Single Name CLNs or Linear Basket CLNs which are Zero Coupon Securities unless a different amount is appropriate*))] [Index Skew Early Termination Amount] [, subject as provided in Valuation and Settlement Condition 9 (*Dual Currency Securities*)]

(C) If redeemable in part:

I. Minimum Redemption Amount: [[●] per Security] [Not Applicable]

II. Maximum Redemption Amount: [[●] per Security] [Not Applicable]

- (D) Notice period: [As set out in the General Conditions] [Not less than [●] Business Days]
- (N.B. If setting notice periods which are different to those provided in the General Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example clearing systems (which require a minimum of 5 business days' notice for a call) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)*
- (ii) Investor Put: [Applicable/Not Applicable]
- (If not applicable, delete the remaining sub-paragraphs of this paragraph)*
- (A) Optional Redemption Date(s): [[●]] [Each date set out under the heading "Optional Redemption Date" in the Table below:
- (Repeat as necessary)*
- | | Optional Redemption Date | Optional Redemption Amount |
|--|--------------------------|--|
| | [●] | [●] [Index Skew Early Termination Amount]] |
- (B) Optional Redemption Amount: [[●] per Security] [In respect of an Optional Redemption Date, the amount per Security specified under the heading "Optional Redemption Amount" in the Table in item 18(ii)(A) above] [Zero Coupon Amortised Face Amount] *(Specify for Single Name CLNs or Linear Basket CLNs which are Zero Coupon Notes unless a different amount is appropriate)* [Index Skew Early Termination Amount] [, subject as provided in Valuation and Settlement Condition 9 *(Dual Currency Securities)*]
- (C) Notice period: [As set out in the General Conditions] [Not less than [●] Business Days]
- (N.B. If setting notice periods which are different to those provided in the General Conditions, the Issuer is advised to consider the practicalities of distribution of information through intermediaries, for example clearing systems (which require a minimum of 15 business days' notice for a put) and custodians, as well as any other notice requirements which may apply, for example, as between the Issuer and the Fiscal Agent)*
19. **Mandatory Provisions:** **Early Redemption** [Applicable[- for which purpose, "Mandatory Early Redemption Event override" applies]/Not Applicable]
- (If not applicable, delete the remaining sub-paragraphs of this paragraph)*

FORM OF FINAL TERMS – NOTES AND CERTIFICATES

- (i) Mandatory Early Redemption Event: [Applicable/Not Applicable]
(If not applicable, delete the remaining sub-paragraphs of this paragraph)
- (A) Mandatory Early Redemption Condition: [Rollerball MER Condition]
 [TARN MER Condition]
- (B) Mandatory Early Redemption Date(s): [Each] [Interest Payment Date[s] [other than [[●]/the Interest Payment Date falling on or about the [Scheduled] Maturity Date]]/[●]] [in each [year] [month] from, and including, [●] to and including, [●]] [adjusted in accordance with [specify Business Day Convention]/not adjusted]
- (C) Mandatory Early Redemption Amount(s): [[●] [As set out in the Mandatory Early Redemption Table] [, subject as provided in Valuation and Settlement Condition 9 (*Dual Currency Securities*)]
- (D) Rollerball MER Condition: [Applicable/Not Applicable]
- I. Rollerball Reference Observation: *[Specify what the Rollerball Reference Observation will be from the options set out in Valuation and Settlement Condition 5(b) (Rollerball MER Condition)]*
[Where there is more than one Reference Rate, specify whether the Rollerball Reference Observation is different for each Reference Rate and each Mandatory Early Redemption Dates]
[Include details of the or each Reference Rate, including any relevant Specified MER Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. GENERAL PROVISIONS APPLICABLE TO THE SECURITIES

26. **Form of Securities:** [Registered Securities
- Regulation S Global Registered [*insert in respect of Notes: Note*] / [*insert in respect of Certificates: Certificate*] Security [(U.S.\$[●] principal amount)] registered in the name of a nominee for [a common depositary for Euroclear and Clearstream, Luxembourg/a common safekeeper for Euroclear and Clearstream, Luxembourg]/[a common depositary for Euroclear France]/Rule 144A Global Registered Note Security [(U.S.\$[●] principal amount)] registered in the name of a nominee for [DTC/ a common depositary for Euroclear and Clearstream, Luxembourg/a common safekeeper for Euroclear and Clearstream, Luxembourg]]/Combined Global Registered Note Security [(U.S.\$[●] principal amount)] registered in the name of a nominee for [a common depositary for Euroclear and Clearstream, Luxembourg/a common safekeeper for Euroclear and Clearstream, Luxembourg]/[a common depositary for Euroclear France]
- [Swedish Securities - *insert details (including details of the Swedish Securities Issuing and Paying Agent and the provisions of the Fiscal Agency Agreement which apply to the Securities)*]]
- [Finnish Securities – *insert details (including details of the Finnish Securities Issuing and Paying Agent)*]]

Notwithstanding the above, if the Securities are French Law Securities, delete the above in its entirety and replace with the following:

[Form of Securities: [French Bearer Securities (*au porteur*) / French Registered Securities in a registered dematerialised form (*au nominatif*)]

Representation of Securityholders / Masse: [Full Masse / Contractual Masse / Contractual Representation of Securityholders / No Masse]

(If "Full Masse" or "Contractual Masse" is specified, specify the details of the initial Representative and the alternate Representative, if any, and their remuneration. Otherwise, delete the remaining subparagraphs of this paragraph)

Name and address of the initial Representative: [●]

[The Representative will receive no remuneration] / [The Representative will receive a remuneration of [●]].

Name and address of the alternate Representative: [●]

[The alternate Representative will receive no remuneration] / [The alternate Representative will receive a remuneration of [●]].

[For the avoidance of doubt, when a Representative has been appointed while the French Law Securities are held by a single Securityholder, such Representative shall exercise all powers, rights and obligations entrusted to the Representative.]

[If the French Law Securities are held by a sole Securityholder as at the issue date, insert the wording below:

As long as the French Law Securities are held by a single Securityholder such Securityholder will exercise directly the powers delegated to the Representative and General Meetings of Securityholders under the General Conditions. A Representative shall be appointed when the French Law Securities of a Series are held by more than one Securityholder.]

Identification information of Securityholders in relation to French Law Securities (General Condition 2): [Applicable/Not Applicable]

27. **New Safekeeping Structure:** [No/Yes – New Safekeeping Structure applies] [Not Applicable]

28. **Business Centre(s):** [●]

(N.B. this paragraph relates to the definition of Business Day in General Condition 21 (Definitions))

29. **Business Day Jurisdiction(s) or other special provisions relating to payment dates:** [Not Applicable/give details]
(N.B. this paragraph relates to the date and place of payment for the purposes of General Condition 8(g) (Payment Days))
30. **Redenomination, renominatisation and reconventioning provisions:** [Not Applicable/Applicable: The provisions of General Condition 18 (*Redenomination*) apply]
31. **Consolidation provisions:** [Not Applicable/The provisions of General Condition 14 (*Further Issues*) apply]
32. **Substitution provisions in relation to CGMFL and the CGMFL Guarantor (General Condition 17(a)(ii)):** [Not Applicable/Applicable: The provisions of General Condition 17 (*Substitution of the Issuer, the CGMHI Guarantor and the CGMFL Guarantor*) apply]
(Specify not applicable for Securities issued by Citigroup Inc. or CGMHI. If not applicable, delete the remaining sub-paragraphs of this paragraph)
- Additional Requirements: [Not Applicable/Applicable]
33. **Additional substitution provisions in respect of French Law Securities:** [Not Applicable] *(Only applicable in respect of French Law Securities. If not applicable, delete the remaining sub-paragraph of this paragraph)*
- [Additional French Law Securities Requirements: [Not Applicable/Applicable]]
34. **Name and address of Calculation Agent:** [Citibank, N.A./Citigroup Global Markets Limited/Citigroup Global Markets Inc.] [(acting through its [●] department/group (or any successor department/group))] at [●]
(Where the Securities are Zero Coupon Securities and/or Credit Linked Notes, Citibank, N.A., London Branch should only be specified as the Calculation Agent when acting through a relevant trading desk)
35. **[Determination Agent:** [Calculation Agent] [●]]/[Not Applicable]
(Specify an entity other than the Calculation Agent where the Calculation Agent is the Fiscal Agent. If no Determination Agent is specified, the Determination Agent will be the Calculation Agent)
36. **Determinations:**
- (i) Standard: [Sole and Absolute Determination/Commercial Determination]
(Specify "Commercial Determination" where "Determinations and Exercise of Discretion (BEC)" is applicable)
(Specify "Commercial Determination" where the Securities are French Law Securities or Italian Listed Notes)
- (ii) Minimum Amount Adjustment Prohibition: [Applicable/Not Applicable]

37. **Determinations and Exercise of Discretion (BEC):** [Applicable/Not Applicable]
38. **Prohibition of sales to consumers in Belgium:** [Applicable/Not Applicable]
(Specify "Not Applicable" only where Securities are distributed to consumers in Belgium)
39. **Additional provisions applicable to Securities traded on Borsa Italiana S.p.A. trading venues:** [Not Applicable/Applicable]
(If not applicable, delete the remaining sub-paragraphs of this paragraph)
- (i) Expiry Date (*Data di Scadenza*) (for the purposes of Sedex/EuroTLX): [●] [Not Applicable]
- (ii) Record Date: [●]
- (iii) Minimum Trading Lot: [●] [Not Applicable]
(N.B. Applicable in respect of Securities to be admitted to trading on Borsa Italiana S.p.A. trading venues only. The Minimum Trading Lot is as determined by Borsa Italiana S.p.A.)
40. Other final terms:
- (i) Schedule D – Citigroup Inc. TLAC eligible Securities: [Applicable/Not Applicable]
(Specify Applicable only where the Securities are issued by Citigroup Inc. and are intended to be TLAC eligible. Specify Not Applicable where the Securities are issued by Citigroup Inc. and are not intended to be TLAC eligible and for Securities issued by CGMHI or CGMFL)
- (ii) Indian Compliance Representations, Warranties and Undertakings: [Applicable/Not Applicable]
- (iii) China Compliance Representations, Warranties and Undertakings: [Applicable/Not Applicable]
- (iv) Taiwan Compliance Representations, Warranties and Undertakings: [Applicable/Not Applicable]

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING:

Admission to trading and listing:

[Application [has been/will be] made by the Issuer (or on its behalf) for the [Tranche [●]] Securities to be admitted to trading on [the Regulated Market of [the Luxembourg Stock Exchange/Euronext Dublin/ the NASDAQ Stockholm AB/the electronic "Bond Market" organised and managed by Borsa Italiana S.p.A. (the "**MOT**")/the Frankfurt Stock Exchange (Börse Frankfurt AG)/Euronext Paris/ the AIAF Market/the Warsaw Stock Exchange]]/

[the Euro MTF market of the Luxembourg Stock Exchange] / [the Global Exchange Market of Euronext Dublin] / [the International Securities Market of the London Stock Exchange plc] / [the multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the "**SeDeX**") / [the multilateral trading facility of EuroTLX, [Cert-X][Bond-X] Segment, managed by Borsa Italiana S.p.A. ("**EuroTLX – [Cert-X][Bond-X]**") / [the Open Market (Regulated Unofficial Market (*Freiverkehr*)) of the Frankfurt Stock Exchange (*Börse Frankfurt AG*)] / [the Vienna MTF of the Vienna Stock Exchange] / [the NASDAQ First North Sweden of NASDAQ Stockholm AB] / [SPECTRUM]

[the "Bonds" category of the "Debt Securities" sector of the "Main" market of the Kazakhstan Stock Exchange JSC]

[and to listing on [the official list of] [the Luxembourg Stock Exchange] / [Euronext Dublin] / [the NASDAQ Stockholm AB] / [the Italian Stock Exchange] / [the Frankfurt Stock Exchange (*Börse Frankfurt AG*)] / [Euronext Paris] / [the Spanish Stock Exchange]/[the Kazakhstan Stock Exchange JSC]/[the Warsaw Stock Exchange] with effect from on or around [●] [of the Tranche [●] Securities]] [Not Applicable]

(Where the Securities are listed and admitted to trading on more than one exchange, repeat as necessary)

(N.B. The Euro MTF, the Global Exchange Market, the EuroTLX, the SeDeX, the Frankfurt Freiverkehr, Vienna MTF, NASDAQ Stockholm MTF, SPECTRUM and the Kazakhstan Stock Exchange JSC are not regulated markets for the purpose of MiFID II)

[Tranche [●] of the Securities has been admitted to trading on [the Regulated Market of [Euronext Dublin/Euronext Paris/the Luxembourg Stock Exchange/the NASDAQ Stockholm AB/ the Association of Financial Assets Intermediaries/ the

electronic "Bond Market" organised and managed by Borsa Italiana S.p.A. (the "**MOT**")/ the Warsaw Stock Exchange]/[the multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the "**SeDeX**") / the multilateral trading facility of EuroTLX managed by Borsa Italiana, S.p.A., [Cert-X][Bond-X] Segment ("**EuroTLX-[Cert-X][Bond-X]**")]/[the Open Market (Regulated Unofficial Market Freiverkehr) of the [Frankfurt Stock Exchange (Börse Frankfurt AG)]] [the multilateral trading facility of the Vienna MTF of the Vienna Stock Exchange]/ [the multilateral trading facility of the NASDAQ Stockholm MTF of NASDAQ Stockholm AB]/ [the multilateral trading facility of the International Securities Market of the London Stock Exchange]/ [the multilateral trading facility of the SPECTRUM]/ [the "Bonds" category of the "Debt Securities" sector of the "Main" market of the Kazakhstan Stock Exchange JSC] [and to listing on the official list of [Euronext Dublin/Euronext Paris/the Luxembourg Stock Exchange/the NASDAQ Stockholm AB/the Spanish Stock Exchange/the Italian Stock Exchange/the Kazakhstan Stock Exchange JSC/ the Warsaw Stock Exchange] [the Open Market (Regulated Unofficial Market Freiverkehr) of the [Frankfurt Stock Exchange (Börse Frankfurt AG)]]/[the Vienna Stock Exchange] with effect from [●]/[[●] of the Tranche [●] Securities]] (*Where documenting a fungible issue, need to indicate that original Securities are already admitted to trading*)

(N.B. The Vienna MTF, NASDAQ Stockholm MTF, the Open Market (Regulated Unofficial Market Freiverkehr) of the Frankfurt Stock Exchange (Börse Frankfurt AG), SeDeX, EuroTLX, the International Securities Market, SPECTRUM and the Kazakhstan Stock Exchange JSC are not regulated markets for the purpose of MiFID II)

[Include if applicable: [specify] will act as [market maker][specialist][liquidity provider][other] with reference to the Securities traded on [the MOT][SeDeX][EuroTLX-[Cert-X][Bond-X]][specify]]

[Include if applicable: The effectiveness of the offer of the Securities is conditional upon such admission to trading occurring by the Issue Date. In the event that admission to trading of the Securities does not take place by the Issue Date for whatever reason, the Issuer will withdraw the offer, the offer will be deemed to be null and void and the relevant Securities will not be issued.]

2. RATINGS

Ratings:

The Securities are [not] rated. [The rating of the Securities is:

- (i) [S&P: [●]]
- (ii) [Moody's: [●]]
- (iii) [Fitch: [●]]
- (iv) [[*Other*]: [●]]

[Need to include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider]

[*If reference is made to the ratings of Citigroup Inc. then insert the legal name of the relevant credit rating agency entity and the status of its application under the EU CRA Regulation or UK CRA Regulation (as applicable)*]

[*Include a brief explanation of the meaning of the ratings if this has previously been published by the rating provider*]

(*The above disclosure should reflect the rating allocated to Securities of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.*)

3. **[INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE/OFFER]**

[*Need to include a description of any interest, including conflicting ones, that is material to the issue/offer, detailing the persons involved and the nature of the interest. May be satisfied by the inclusion of the following statement:*

[Save for any fees (*insert relevant fee disclosure*) payable to [the Dealer[s]/the Distributors/[●]]/Save as discussed in ["*Subscription and Sale and Transfer and Selling Restrictions*"] [and/or any fee or other inducement paid to the distributor(s) (if any)] [*give details*], so far as the Issuer is aware, no person involved in the offer of the Securities has an interest material to the Offer. [The [Dealers/Distributors] and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer [and the CGMHI Guarantor]³⁵ [and the CGMFL Guarantor]³⁶ and [its/their] affiliates in the ordinary course of business] (*Amend as appropriate if there are other interests*)]

[*Include any additional conflicts of interest*]

(*When adding any other description, consideration should be given as to whether such matters described constitute "significant new factors" and consequently trigger the need for a supplement to the Prospectus under Article 23 of the EU Prospectus Regulation*)

4. **[REASONS FOR THE OFFER/USE OF PROCEEDS, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES]**

(i) [Reasons for the Offer:

[See "Use of Proceeds" in the section entitled ["*Description of Citigroup Inc.*"] ["*Description of Citigroup Global Markets Holdings Inc.*"] ["*Description of Citigroup Global Markets Funding Luxembourg S.C.A.*"] in the Base Prospectus]/[●]/[The Securities are [Green Bonds][Social Bonds][Social Finance Bonds]. [*insert further particulars if different from "Investment Considerations" section*]]]

³⁵ Delete where the Issuer is Citigroup Inc. or CGMFL.

³⁶ Delete where the Issuer is Citigroup Inc. or CGMHI.

(See "Use of Proceeds" in the relevant part of Section F in Base Prospectus – if reasons for offer different from what is disclosed in the Base Prospectus, give details)

(Where the Securities are Green Bonds, include further particulars, including a description of any Eligible Green Assets, where necessary)

(Where the Securities are Social Bonds, include further particulars, including a description of the affordable housing assets, where necessary. Securities may only be Social Bonds if Citigroup Inc. or CGMHI is the Issuer)

(Where the Securities are Social Finance Bonds, include further particulars, including a description of any Social Finance Assets, where necessary. Securities may only be Social Finance Bonds if Citigroup Inc. or CGMHI is the Issuer)

(ii) [Estimated net proceeds:] [●]

(For retail securities, if proceeds are intended for more than one use will need to split out and present in order of priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding)

(iii) [Estimated total expenses/
Estimate of total expenses related
to admission to trading]: [●]

(For retail securities, estimated total expenses are required to be broken down into each principal intended "use" and presented in order of priority of such "uses") (For wholesale securities, provide an estimate of the total expenses related to the admission to trading)

5. [YIELD (Fixed Rate Securities only)] [Applicable/Not Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

[[Indication of yield/Unified Yield Rate]: [specify rate or range of rates]

(specify Unified Yield Rate for Non-exempt Offers in the Republic of Hungary only)

6. **INFORMATION ABOUT [THE PAST AND FUTURE PERFORMANCE AND VOLATILITY OF THE OR EACH UNDERLYING][AND][THE FLOATING RATE OF INTEREST]**

[Information about the past and future performance of the or each Underlying is electronically available [free of charge][at a charge] from [the applicable Electronic Page(s) specified for such Underlying in Part A above][●].]

[Information relating to historic interest rates in the case of Floating Rate Securities is electronically available [free of charge][at a charge] from the relevant [Electronic Page][Page][●].]

(Include details about where information about the past and future performance of the or each Underlying and its volatility can be obtained by electronic means, and whether or not it can be obtained free of charge.)

(Where the Underlying is an index, include the name of the index, the index administrator and details of where the information about the index can be obtained.)

(For Securities which are Physical Delivery Securities, the securities comprising the Entitlement may not be issued by Issuer or an entity belonging to the group of the Issuer and such securities must be admitted to trading on a regulated market)

7. EU BENCHMARKS REGULATION

EU Benchmarks Regulation: Article 29(2) [Not Applicable [with respect to [specify out of statement on benchmarks: scope benchmark(s)]]³⁷]

[[specify benchmark] is provided by [administrator legal name]] (Repeat as necessary)

[As at the date hereof, [administrator legal name] [appears/does not appear] in the register of administrators established and maintained by the European Securities and Markets Association ("ESMA") pursuant to Article 36 of the EU Benchmarks Regulation (the "ESMA Register") [and no public notice has been included in the ESMA Register with respect to [administrator legal name] ³⁸ .] [As far as the Issuer is aware, [[administrator legal name], as administrator of [specify benchmark], is not required to be registered by virtue of Article 2 of the EU Benchmarks Regulation] [the transitional provisions in Article 51 of the EU Benchmarks Regulation apply, such that [administrator legal name] is not currently required to obtain recognition or endorsement or to benefit from an equivalence decision]] [the transitional provisions in the EU Benchmarks Regulation apply such that [administrator legal name] is not currently required to be included in the ESMA Register as authorised, registered or, if located outside the European Union, recognised, endorsed or equivalent]³⁹, [PROVIDED THAT [administrator legal name] has submitted an application for recognition or endorsement (as applicable) and unless and until such application has failed or been refused]⁴⁰] (Repeat as necessary)

³⁷ Insert if, as far as the Issuer is aware, the Final Terms reference one or more benchmarks which are out of scope of the EU Benchmarks Regulation. Note from 1 January 2026, only critical benchmarks, significant benchmarks, EU Paris-Aligned Benchmarks, EU Climate Transition Benchmarks and commodity benchmarks subject to Annex II of the EU Benchmarks Regulation will be in scope.

³⁸ Insert from, 1 January 2026 for a significant benchmark under the EU Benchmarks Regulation and ensure the ESMA Register is checked for public notices.

³⁹ Include in relation to third country benchmark administrators/benchmarks relying on the Article 51(5) EU Benchmarks Regulation transitional provisions up to and include 31 December 2025. Note that the Articular 51(5) EU Benchmarks Regulation transitional provisions for third country benchmarks will expire on 31 December 2025 (subject to certain exemptions for FX benchmarks).

⁴⁰ Include if the transitional provisions apply to an administrator/benchmark after 1 January 2026. From 1 January 2026, the transitional provisions in the EU Benchmarks Regulation will only apply (subject to certain exceptions for FX benchmarks) to the extent the relevant administrator has submitted an application for recognition or endorsement before this date which has not been refused by ESMA (Article 51(5) of the EU Benchmarks Regulation) or, in relation to significant benchmarks, has initiated procedures to obtain registration,

[Certain amounts payable under the Securities are calculated by reference to *[specify out of scope benchmark(s)]*, which *[is/are]* provided by *[administrator legal name(s) – if more than one, specify in relation to each relevant benchmark]*.

As at the date hereof, *[administrator legal name]* is included in *[the ESMA Register as provided above]* *[the register of administrators established and maintained by [the European Securities and Markets Authority ("ESMA")/ESMA]]* pursuant to Article 36 of the EU Benchmarks Regulation] as it provides benchmarks other than *[specify relevant out of scope benchmark(s)]* that are in scope of the BMR. However, as far as the Issuer is aware, *[specify benchmark(s)]* that are referenced in this Final Terms *[is/are]* not required to be registered by virtue of Article 2 of the EU Benchmarks Regulation.]⁴¹ *(Repeat as necessary)*

8. DISCLAIMER

[Not Applicable] *[include disclaimer for indices]*

Bloomberg®

Certain information contained in this Final Terms consists of extracts from or summaries of information that is publicly-available from Bloomberg L.P. ("**Bloomberg®**"). The Issuer [and the CGMHI Guarantor]⁴² [and the CGMFL Guarantor]⁴³ accept[s] responsibility for accurately reproducing such extracts or summaries and, as far as the Issuer [and the CGMHI Guarantor are]⁴⁴ [and the CGMFL Guarantor are]⁴⁵ [is] aware and are able to ascertain from such publicly-available information, no facts have been omitted which would render the reproduced information inaccurate or misleading. Bloomberg® makes no representation, warranty or undertaking, express or implied, as to the accuracy of the reproduction of such information, and accepts no responsibility for the reproduction of such information or for the merits of an investment in the Securities. ⁴⁶

The actual code should only be included where the Issuer is comfortable it is correct.

Intended to be held in a manner which would allow Eurosystem eligibility:

[Yes. Note that the designation "yes" simply means that the Securities are intended upon issue to be deposited with one of the ICSDs as common safekeeper[, and registered in the name of a nominee of one of the ICSDs acting as common safekeeper, that is, held under the New Safekeeping Structure,] *[Include this text for Registered Securities which are to be held under the New Safekeeping Structure or NSS]* and does not necessarily mean that the Securities will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met]

[No. Whilst the designation is specified as "no" at the date of these Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Securities are capable of meeting them the Securities may then be deposited with one of the ICSDs as common safekeeper, and registered in the name of a nominee of one of the ICSDs acting as common safekeeper. Note that this does not necessarily mean that the Securities will then be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]

[Not Applicable]

11. TERMS AND CONDITIONS OF THE OFFER

(Delete whole section if sub-paragraph 10(viii) above is specified to be Not Applicable)

FORM OF FINAL TERMS – NOTES AND CERTIFICATES

Offer Price:	[Issue Price][●]
Conditions to which the Offer is subject:	[Not Applicable/give details] [The offer of the Securities is conditional upon their issue.]
Description of the application process:	[Not Applicable/give details]
Description of possibility to reduce subscriptions and manner for refunding excess amount paid by applicants:	[Not Applicable/give details]
Details of the minimum and/or maximum amount of application:	[Not Applicable/give details]
Details of the method and time limits for paying up and delivering the Securities:	[Not Applicable/give details]
Manner in and date on which results of the offer are to be made public:	[Not Applicable/give details]
Procedure for exercise of any right of pre-emption, negotiability of subscription rights and treatment of subscription rights not exercised:	[Not Applicable/give details]
Whether tranche(s) have been reserved for certain countries:	[Not Applicable/give details] <i>(N.B. For any offer of Securities linked to Crypto ETF Shares, such offers may not be made to retail investors unless such retail investors are well-informed investors)</i>
Process for notification to applicants of the amount allotted and the indication whether dealing may begin before notification is made:	[Not Applicable/give details]
Amount of any expenses and taxes specifically charged to the subscriber or purchaser:	[Not Applicable/give details]
Name(s), address(es), legal entity identifier, domicile, legal form and law and country of incorporation to the extent known to the Issuer, of the placers in the various countries where the offer takes place.	[None/give details]

12. UNITED STATES TAX CONSIDERATIONS

General: [For U.S. federal income tax purposes, the Issuer intends to treat the Securities as [debt/fixed- rate debt/fixed-rate debt issued with OID/contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be [●]% compounded [semi-annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●] /for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/variable rate debt instruments/variable rate debt instruments issued with OID/foreign currency Securities/foreign currency Securities issued with OID/foreign currency contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be [●]% compounded [semi- annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●]

/for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]/short-term Securities/prepaid forward contracts or options/prepaid forward contracts or options with associated periodic payments/a put and a deposit, for which purpose, the Issuer will treat [●]% of each coupon on a Security as interest on the deposit and [●]% as put premium/[specify other]]. [The Securities are Non-U.S. Securities].

Section 871(m)

(Use this paragraph if the Section 871(m) determinations are final.) [The Issuer has determined that the Securities are Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer has determined that the Securities are Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities have a "delta" of one.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer has determined that the Securities are not Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities do not have a "delta" of one.]/[The Issuer has determined that the Securities are not Specified ELIs for the purpose of Section 871(m).]

(Use this paragraph instead if the Section 871(m) determinations are indicative and will be updated at issuance.) [The following is based on information available as of the date of these Final Terms. [The Issuer would treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer would treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities have a "delta" of one.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer would not treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities do not have a "delta" of one.] **This information is indicative and will be updated based on circumstances at the time the Securities are issued. Please [contact []]/[review the amended Final Terms] for further information regarding the application of Section 871(m) to the Securities.]**

[The Securities are Specified Current Payment Securities./The Securities are Specified Net Total Return Securities.]

(Include table below if (i) the Securities are Specified ELIs, or (ii) the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test.)

Underlying Asset	Underlying Securities (Y/N)	Qualified Index/Qualified Index Security (Y/N)	Simple Contract (Y/N)	Delta (if Simple Contract)	Substantial Equivalence Test (if not a Simple Contract)	Number of Shares Multiplied by Delta (if Simple Contract)	Initial Hedge (if applicable)

[General: For U.S. federal tax purposes, the proper treatment and characterisation of the Securities are unclear. As a result, there is a risk that payments on a Security made to a Non-U.S. Holder may be subject to withholding tax. The Issuer intends to treat the Securities as prepaid forward contracts

or options. Except as discussed in the Base Prospectus under "*United States Federal Tax Considerations – Tax Consequences to Non-U.S. Holders*" and "*United States Federal Tax Considerations – FATCA*", amounts paid upon the redemption or maturity of a Security (other than any periodic coupons that are paid at such time) are not expected to be subject to U.S. withholding tax and, if the Issuer (including any of its affiliates) are the withholding agent, the Issuer does not intend to withhold on such amounts. However, it is possible that a withholding agent other than the Issuer may treat some or all of the amount(s) paid on a Security as subject to withholding tax at a rate of 30 per cent. (subject to reduction under an applicable income tax treaty) and in the future, the Issuer may determine that it should so withhold.

Gain realised by a Non-U.S. Holder on the taxable disposition of a Security generally will not be subject to U.S. federal withholding or income tax.

You should consult your tax adviser regarding all aspects of the U.S. federal withholding, income and estate tax consequences of an investment in the Securities and any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Section 871(m): The Issuer has determined that the Securities are not Specified ELIs for the purpose of Section 871(m).

If U.S. federal withholding tax applies to a payment on a Security as a result of the application of FATCA or Section 871(m) (or in certain other cases described in the Base Prospectus), the Issuer will not be required to pay additional amounts in respect of amounts withheld.] *(Only applicable for Securities issued by CGMHI which provide for Mandatory Early Redemption)*

13. [EXAMPLES TO EXPLAIN HOW THE VALUE OF THE INVESTMENT IS AFFECTED BY THE VALUE OF THE UNDERLYING(S)]

THE SCENARIO[S] AND FIGURES PRESENTED BELOW ARE FOR ILLUSTRATIVE PURPOSES ONLY. THE EXAMPLE[S] SHOWN BELOW MAY NOT HAVE AN EQUAL LIKELIHOOD OF OCCURRENCE. THE [INTEREST AMOUNT[S]] [AND] [EARLY REDEMPTION AMOUNT AND] REDEMPTION AMOUNT IN RESPECT OF EACH SECURITY WILL BE CALCULATED IN ACCORDANCE WITH THE CONDITIONS OF THE SECURITIES AS SET OUT IN THE "TERMS AND CONDITIONS OF THE SECURITIES" IN THE BASE PROSPECTUS AND THE FINAL TERMS IN PART A ABOVE. THE ISSUER[, GUARANTOR] AND DEALER MAKE NO REPRESENTATION THAT ANY OF THE SCENARIOS PROVIDED BELOW WILL OCCUR.

[include examples of complex derivatives securities (if appropriate) to provide a clear and comprehensive explanation to help investors understand how the value of their investment is affected by the value of the Underlying(s)]

[include additional provisions, not required by the relevant securities note annex, which relate to the Underlying(s), per Annex 28 of Commission Delegated Regulation (EU) 2019/980]]

(Delete this paragraph if not applicable)

14. [CREDIT LINKED NOTES INFORMATION (Credit Linked Notes only)]

Certain information in relation to [the][each] Reference Entity and [[Non-] Standard Reference Obligation][Reference Assets] (if any) as at the Issue Date is set out below.

[In respect of Credit Linked Notes, where no Reference Obligation or Reference Entity represents 20% or more of the basket or index of Reference Entities set out in a table (a) the names of the reference entities and (if different) issuers of the Reference Obligation; and (b) the ISIN of the Reference Obligation. In respect of all other Credit Linked Notes insert:

Name: [●]

Address: [●]

Country of incorporation: [●]

Industry or industries of operation: [●] *(For example financials, energy, insurance, manufacturing, construction, transport, media determined on the basis of available information on the Reference Entity)*

Market[s] on which securities are admitted to trading: [●]

[[Non-] Standard Reference [●]
Obligation][Reference Assets] securities code:

(The information above should be completed so far as the Issuer is aware and/or able to ascertain from information published by the relevant Reference Entity and repeated for each Reference Entity. Country of incorporation, industry and address will be N/A for a Sovereign Reference Entity and securities code (e.g. ISIN/CUSIP) will be N/A if there is no Reference Obligation/Reference Asset or it has no securities code. Note permissible markets for a Reference Entity's securities to be admitted to trading on are regulated markets, equivalent third country markets and SME Growth Markets. Include reference to Reference Assets above as appropriate for Local Access Single Name Credit Linked Notes or Local Access Basket Credit Linked Notes.)

As at the Issue Date information in relation to the past and further performance of [[the] [each] Reference Entity] *[[insert Reference Entity name]]* is available [free of charge/at a charge] from [internationally recognised electronically displayed sources such as Bloomberg and any web-site of such Reference Entity].

(Repeat for each Reference Entity as applicable)

SECTION H.5 –FORM OF PRICING SUPPLEMENT – NOTES AND CERTIFICATES

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS] – [Other than with respect to offers of the Securities in *[specify jurisdiction(s)]* for which an EU PRIIPs KID is being prepared] [during the period[s] *[●]-[●]* (*repeat periods as necessary*),] [T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.]¹

[PROHIBITION OF SALES TO UK RETAIL INVESTORS] – [Other than with respect to offers of the Securities in the United Kingdom for which a UK PRIIPs KID is being prepared] [during the period[s] *[●]-[●]* (*repeat periods as necessary*),] [T]/[t]he Securities are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Securities or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Securities or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]²

The Base Listing Particulars referred to below (as completed by this Pricing Supplement) has been prepared on the basis that:

- (a) any offer of Securities in any Member State of the EEA will be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of the Securities. Accordingly any person making or intending to make an offer in that Member State of the Securities may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer; and
- (b) any offer of Securities in the United Kingdom ("UK") will be made pursuant to an exemption under the UK Prospectus Regulation from the requirement to publish a prospectus for offers of the Securities. Accordingly any person making or intending to make an offer in the UK of the Securities may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to section 85 of the Financial Services and Markets Act (as amended, the "**FSMA**") or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation, in each case, in relation to such offer.

¹ Legend to be included on front of the Pricing Supplement if the Securities potentially constitute "packaged" products or the issuer wishes to prohibit offers to EEA retail investors for any other reason, in which case the selling restriction should be specified to be "Applicable".

² Legend to be included on front of the Pricing Supplement if the Securities potentially constitute "packaged" products or the issuer wishes to prohibit offers to UK retail investors for any other reason, in which case the selling restriction should be specified to be "Applicable".

None of the Issuer[, the CGMHI Guarantor]³ [, the CGMFL Guarantor]⁴ and any Dealer has authorised, nor do any of them authorise, the making of any offer of Securities in any other circumstances.

For the purposes hereof, the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129 (as amended) and "**UK Prospectus Regulation**" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "**EUWA**").

[PROHIBITION OF OFFER TO PRIVATE CLIENTS IN SWITZERLAND - [Other than with respect to offers of the Securities [during the period[s] [●]-[●] (*repeat periods as necessary*),] for which a key information document according to the Swiss Federal Financial Services Act ("**FinSA**") or an equivalent document under FinSA has been prepared,] [t][T]he Securities are not intended to be offered or recommended to private clients within the meaning of [the Swiss Federal Financial Services Act ("**FinSA**")/FinSA] in Switzerland. For these purposes, a "private client" means a person who is not one (or more) of the following: (i) a professional client as defined in Article 4(3) FinSA (not having opted-in on the basis of Article 5(5) FinSA) or Article 5(1) FinSA; or (ii) an institutional client as defined in Article 4(4) FinSA; or (iii) a private client with an asset management agreement according to Article 58(2) FinSA.]⁵

[The Securities may not be publicly offered, directly or indirectly, in Switzerland within the meaning of FinSA, and this Pricing Supplement, the Base Listing Particulars and any other offering or marketing material relating to the Securities may not be publicly distributed or otherwise made publicly available to investors in Switzerland other than pursuant to an exemption under Article 36(1) FinSA or where such offer or distribution does not qualify as a public offer in Switzerland. Neither this Pricing Supplement, nor the Base Listing Particulars nor any other offering or marketing material relating to the Securities constitutes a prospectus pursuant to FinSA.]⁶

[The Securities do not constitute a participation in a collective investment scheme in the meaning of the Swiss Federal Act on Collective Investment Schemes ("CISA"). They are neither subject to authorisation nor supervision by the Swiss Financial Market Supervisory Authority FINMA, and investors in Securities will not benefit from protection under the CISA or supervision by any Swiss regulatory authority and are exposed to the risk of the Issuer and Guarantor (if applicable).]⁷

The Securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any State thereof. The Securities do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**"), and trading in the Securities has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the CEA. No person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the rules of the CFTC thereunder. The Issuer has not registered and will not register as an investment company under the U.S. Investment Company Act of 1940, as amended.

[Accordingly, the Securities are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted Non-U.S. Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted Non-U.S. Purchaser in an offshore transaction in compliance with Regulation S.]⁸

[Accordingly, the Securities are being offered only to persons who are Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted QIB Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at

³ Delete where the Issuer is Citigroup Inc. or CGMFL.

⁴ Delete where the Issuer is Citigroup Inc. or CGMHI.

⁵ Include if Securities are debt instruments with a "derivative character" for the purpose of FinSA and are offered in Switzerland.

⁶ Include if Securities are offered in Switzerland.

⁷ Include if Securities are offered in Switzerland.

⁸ Include for Regulation S Global Securities and Securities issued in dematerialised form.

any time except to (1) the Issuer or its affiliates or (2) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]⁹

[Accordingly, the Securities are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**") or Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the Securities or any beneficial interest therein will be deemed to have represented and agreed that it is either a Permitted Non-U.S. Purchaser or a Permitted QIB Purchaser and that it will not sell or otherwise transfer the Securities or any beneficial interest therein at any time except to (1) the Issuer or its affiliates, (2) a Permitted Non-U.S. Purchaser in compliance with Regulation S or (3) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]¹⁰

[A "**Permitted Non-U.S. Purchaser**" is a person that (i) is outside the United States at the time of any offer or sale of the Securities to it and is not a "U.S. person" as such term is defined under Rule 902(k)(1) of Regulation S "in the United States" as such term is defined in Rule 202(a)(30)-1(c)(3)(i) under the U.S. Investment Advisers Act of 1940, as amended ("**Advisers Act**"); (ii) does not come within any definition of U.S. person for any purpose under the CEA or any rule, order, guidance or interpretation proposed or issued by the CFTC under the CEA (for the avoidance of doubt, a U.S. person shall include without limitation (a) any person who is either (x) not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for the purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons" or (y) not a "foreign located person" as defined in CFTC Rule 3.10(c)(1)(ii) and (b) any person who is a "U.S. Person" or a "Significant Risk Subsidiary", or benefits from a "Guarantee", in each case as such terms are defined in CFTC Rule 23.23(a) under the CEA, as such rule may be amended, revised, supplemented or superseded); (iii) is not a "U.S. Person" as defined in Rule 3a71-3(a)(4) under the United States Securities Exchange Act of 1934, as amended; and (iv) is not, and whose purchase and holding of the Securities is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]¹¹

[A "**Permitted QIB Purchaser**" is a person that (i) is a "qualified institutional buyer" (as defined in Rule 144A) (a "**QIB**"), purchasing (or holding) the Securities for its own account or for the account of one or more QIBs and is aware that the offer and sale to it is being made in reliance on Rule 144A; and (ii) is not, and whose purchase and holding of the Securities is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]¹²

For a description of certain restrictions on offers and sales of Securities, see "*General Information relating to the Programme and the Securities - Subscription and Sale and Transfer and Selling Restrictions*" in the Base Listing Particulars.

[The Securities are intended to qualify as eligible debt securities for purposes of the Federal Reserve's total loss-absorbing capacity ("**TLAC**") rule. As a result, in the event of a Citigroup Inc. bankruptcy, Citigroup Inc.'s losses and any losses incurred by its subsidiaries would be imposed first on Citigroup Inc.'s shareholders and then on its unsecured creditors, including the holders of the Securities. Further, in a bankruptcy proceeding of Citigroup Inc., any value realised by holders of the Securities may not be sufficient to repay the amounts owed on the Securities. For more information about the consequences of

⁹ Include for Rule 144A Global Securities.

¹⁰ Include for Combined Global Securities.

¹¹ Include for (a) Regulation S Global Securities and Securities issued in dematerialised form and (b) Combined Global Securities only. Clauses (ii) and (iii) should not be included if the applicable Issue Terms specifies that "Permitted Non-U.S. Purchaser (Regulation S Only)" applies.

¹² Include for (a) Rule 144A Global Securities and (b) Combined Global Securities only.

TLAC on the Securities, you should refer to "Citi Resolution Plan (CSA, etc.) in relation to Securities issued by Citigroup Inc." in the section "Description of Citigroup Inc." in the Citigroup Inc. GMI Base Listing Particulars.]

[Notification under Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "SFA") - The Issuer has determined the classification of the Securities as prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products)].¹³

[Include if the Securities or Underlying(s) are labelled or marketed as having "green", "sustainable", "social", "ESG", "inclusive" or similar objectives: Securities or the Underlying(s) of Securities may be described or marketed as having "green", "sustainable", "social", "ESG", "inclusive" or similar objectives. Notwithstanding the use of such term(s), such Securities or Underlying(s) (or the administrator(s) thereof) (a) may not meet investors' objectives or expectations as regarding investments having such or similar labels or objectives and/or (b) may not fulfil legislative or regulatory requirements or criteria as regarding investments having such or other similar labels or objectives.]

PART A – CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth under the section entitled "*Terms and Conditions of the Securities*" (including, for the avoidance of doubt, each relevant Schedule) in the Base Listing Particulars [and the Supplement[s]] to the Base Listing Particulars.

This document constitutes the Pricing Supplement of the Securities described herein and must be read in conjunction with the Base Listing Particulars [as so supplemented]. Full information on the Issuer[, the CGMHI Guarantor]¹⁷ [, the CGMFL Guarantor]¹⁸ and the offer of the Securities is only available on the basis of the combination of this Pricing Supplement and the Base Listing Particulars [as so supplemented].

¹³ To insert notice if classification of the Securities is not "capital markets products other than prescribed capital markets products", pursuant to Section 309B of the SFA or Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). Relevant Dealer(s) to consider whether it / they have received the necessary product classification from the Issuer prior to the launch of the offer, pursuant to Section 309B of the SFA. A notification of the product classification is required as long as an offer of securities is contemplated in Singapore and the offer is not, or not intended to be, restricted to persons specified in Regulation 2 of the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (i.e. an "accredited investor", "expert investor", "institutional investor" or "any other person that is not an individual").

 - (ii) Tranche: [●][Securities][Units (each Unit being [●] in principal amount of the Securities)]/[(each Unit consisting of [●] Securities)]
- [The Securities are issued in Units. Accordingly, references herein to "Units" shall be deemed to be references to [[●] in principal amount of the]/[a number of [●]] Securities and all references in the Conditions to payments and/or deliveries being made in respect of a Security shall be construed to such payments and/or deliveries being made in respect of a Unit]

²²

For domestic issues whose settlement is made from an account located in France, payments with respect to the French Law Securities shall be made in euros (pursuant to Article 1343-3 of the *French Code civil*).

- (For fungible issues, specify the Aggregate Principal Amount / Number of Securities in respect of each Tranche)
5. Issue Price: [[●] per cent. of the Aggregate Principal Amount [plus accrued interest from [insert date](insert for fungible issues, if applicable)] [converted into the DC Relevant Currency at the Initial FX Rate, being [specify in DC Relevant Currency] in respect of the Aggregate Principal Amount. "Initial FX Rate" means [●]/[[●] per Security]/[●]
- (For fungible issues, specify the Issue Price in respect of each Tranche)
6. (i) Specified Denominations: [●]/[Unit]/[Not Applicable] (only applicable for Notes – specify "Not Applicable" for Certificates)
- (in the case of Registered Securities, this means the minimum integral amount in which transfers can be made)
- (In respect of Swedish Securities, Finnish Securities and French Law Securities which are Notes, there shall be one denomination only.)
- (ii) Calculation Amount: [●][Unit][per Certificate]
- (If the Securities are Notes with only one Specified Denomination, insert the Specified Denomination. If more than one Specified Denomination, insert the highest common factor. N.B. There must be a common factor in the case of two or more Specified Denominations.)
- (For Certificates, the Calculation Amount does not reflect a principal amount, but the term must be specified as it is necessary for use in the Valuation and Settlement Schedule and other places.)
7. (i) Trade Date: [●]
- (ii) Issue Date: [[●]]/[●] Business Days following the Initial Preference Share Reference Date, which is expected to be [●] (Specify for Preference Share Linked Securities only)
- (For fungible issues, specify the Issue Date in respect of each Tranche)
- (iii) Interest Commencement Date: [●][Issue Date] [As set out in the Table at item 10 below] [Not Applicable]
- (Where there is more than one interest basis then the Interest Commencement Date for each interest basis should be specified by inserting the Interest Basis Table at item 10 below)
8. [Scheduled Maturity Date: [●], subject to adjustment in accordance with the [Modified][Preceding][Following] Business Day Convention] [Interest Payment Date falling on or nearest to [●]] [[and] subject to extension in

accordance with Credit Linked Condition 15 (Scheduled Maturity Date Extension)] (Only applicable if the Securities are Credit-Linked Securities and "2014 Reference Entity" applies) / [and extension in accordance with Credit Linked Condition 6 (Scheduled Maturity Date Extension)] (Only applicable if the Securities are Credit-Linked Securities and "2003 Reference Entity" applies) [where EMTA provisions are applicable in respect of any FX Rate: or, if later, the Number of Settlement Business Days following the [last occurring] [Final] Valuation Date]

[The Final Valuation Date] (Specify for Preference Share Linked Securities only)]

(If the Securities are Certificates, delete the above and insert the following:

[Exercise Date(s):

[Each] [Valuation Date]/[The Final Valuation Date]

Settlement Date:

[●], subject to adjustment in accordance with the [Modified][Preceding][Following] Business Day Convention [Interest Payment Date falling on or nearest to [●]] [where EMTA provisions are applicable in respect of any FX Rate: or, if later, the Number of Settlement Business Days following the [last occurring] Final Valuation Date]

9. Type of Interest / Redemption and Minimum Return:

(i) Type of Interest/Redemption:

[Fixed Rate Securities] [Floating Rate Securities] [CMS Rate Securities] [Spread Securities] [and Range Accrual (Expanded) Securities] [Buy the Dip Securities] [Inflation Rate Securities] [DIR Inflation Linked Securities [that are DIR Inflation Linked Interest Securities] [and] [in respect of which a DIR Linked Redemption Amount is applicable] [Inflation Linked Securities [that are Inflation Linked Interest Securities]] [Digital [Band] Securities] [Inverse Floating Rate Securities] [Volatility Bond Securities] [Synthetic Forward Rate Securities] [Previous Coupon Linked Securities] [and] [FX Performance Securities] [and] [Reserve Coupon Securities] [and] [Global Interest Floor Securities] [and] [Auto Floor Securities] [and] [Global Interest Cap Securities] [and] [Auto Cap Securities] [and] [Restructure Interest Rate Securities] [Interim Performance Interest Securities] [Twin Win Interim Performance Interest Securities] [Reverse Interim Performance Interest Securities] [Non-Contingent Interest Amount] [and Range Accrual Securities] [Multi-Chance Securities] [Lookback Securities [(Memory Effect/Without Memory Effect)]] [LA Interest Amount] [The Securities are Zero Coupon Securities and do not bear or pay any interest] [The Securities do not bear or pay any interest] [if an Interest Barrier Event [does not] occur[s] [and]] [The Securities do not pay any Coupon Amount if a

Coupon Barrier Event [does not] occur[s] [and]]
[specify other] (repeat as necessary)

[As set out in the table at item 10 below]

[Mandatory Early Redemption Provisions are applicable as specified in item 19 below]

[The [Securities are [also] [Credit Linked/Index Skew] Notes] [Securities are Underlying Linked Securities and the Redemption Amount of the Securities is determined in accordance with item 21 below]]

[The Securities are [also] Inflation Linked Redemption Securities] [The Securities are [also] Lock-in Redemption Securities] [The Securities are [also] Rate Linked Redemption Securities] [The Securities are [also] Interest Linked Redemption Securities] [The Securities are [also] Redemption Reserve Securities]

[The Securities are Instalment Securities and the Instalment Amounts are determined as specified in item 21(viii) below]

The Securities are [Cash Settled Securities] [and/or may be] [Physical Delivery Securities]

[The Securities are [also] Dual Currency Securities]

[In order to receive the Entitlement on the [Maturity Date]/[Settlement Date] (subject as provided in the Conditions), Securityholders should complete and deliver an Asset Transfer Notice in accordance with the Conditions in any event as it may not be known prior to the Cut-off Date whether the Securities will be cash settled and/or settled by physical delivery of the Entitlement]

(ii) Minimum Return:

[Applicable/Not Applicable]

[If applicable:

Minimum Return Value: [As per the General Conditions] [specify] *(If the provisions in the General Conditions apply, the Minimum Return Value will be equal to the Calculation Amount or, in the case of Dual Currency Securities, the Calculation Amount converted into the DC Relevant Currency at the Initial FX Rate)] (Include in relation to rated trades)*

10. Changes in interest basis and/or Multiple Interest Basis:

[Applicable][Not Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

FORM OF PRICING SUPPLEMENT – NOTES AND CERTIFICATES

- (i) Automatic Change of Interest Basis and Lock-in Change of Interest Basis: [Automatic Change of Interest Basis: Applicable[, as set out in the Interest Basis Table below]] (*Insert for Automatic Change of Interest Basis*) [Lock-in Change of Interest Basis: Applicable - see item 16 below] (*Insert for Lock-in Change of Interest Basis*) [*Describe changes*] [Not Applicable]

(Where Valuation and Settlement Condition 7(e) (Interest Linked Redemption Securities) applies, Interest Payment Date(s) should be the last day of an Interest Period)

- (ii) Multiple Interest Basis: [Applicable/Not Applicable]

(Multiple Interest Basis shall not apply for any Interest Period or Interest Payment Date to which the Previous Coupon Linked Notes provisions, FX Performance Notes provisions, Reserve Coupon Notes provisions, Global Interest Floor Notes provisions, Global Interest Cap Notes provisions, Restructure Interest Rate Notes provisions or Lock-in Change of Interest Basis provisions apply)

(If not applicable, delete the remaining subparagraph of this paragraph)

- (A) MIB Interest Period(s) and/or MIB Interest Payment Date(s): [*Specify relevant Interest Periods / Interest Payment Dates*] [As specified in the Interest Basis Table below]
- (B) MIB Interest Period(s) and/or MIB Interest Payment Date(s): [*Specify relevant Interest Periods / Interest Payment Dates*] [As specified in the Interest Basis Table below]

PROVISIONS RELATING TO INTEREST

14. Interest Provisions:

[Applicable[, subject as provided in Valuation and Settlement Condition 7(e) (*Interest Linked Redemption Securities*)][, subject as provided in Valuation and Settlement Condition 9 (*Dual Currency Securities*)] [Not Applicable – the Securities do not bear or pay interest]

[Payment of interest is subject to the "Provisions relating to Credit Linked Notes" as specified in item 24 below]

[See item [24(xxii)] [24(xxiii)] below] (*Specify for Local Access Single Name Credit Linked Notes and Local Access Basket Credit Linked Notes and delete the remaining sub-paragraphs of this paragraph*)

(*If not applicable, delete the remaining sub-paragraphs of this paragraph*)

[*(if applicable in respect of different Underlyings, Interest Valuation Dates, Interest Payment Dates, Interest Barrier Event or Interest Lock-in Event, repeat item and insert: In respect of (insert Underlying, Interest Valuation Date, Interest Payment Date, Interest Barrier Event or Interest Lock-in Event as applicable):*]

- (i) Interest Strike Level, Specified Valuation Date(s), Interest Amount/Rate, IPR, Interest Payment Date(s), Specified Interest Valuation Date(s), Lower Interest Barrier Level, Upper Interest Barrier Level, Interest Barrier Level, Specified Interest Barrier Observation Date: [See Table below] [*specify any relevant provisions*] [See item 14(vi) below] [Not Applicable]

- (ii) Non-Contingent Interest Provisions where Valuation and Settlement Condition 1.4(a) applies: [Applicable/Not Applicable]

(*If not applicable, delete the remaining sub-paragraphs of this paragraph*)

- (A) Non-Contingent Interest Amount: [●] per Security

- (B) Non-Contingent Interest Amount Payment Dates: [●] [subject to adjustment in accordance with the [Modified Following/Preceding/Following] Business Day Convention]

- (iii) Underlying Linked Interest Provisions where Valuation and Settlement Condition 1.5 applies: [Applicable/Not Applicable]
(If not applicable, delete the remaining sub-paragraphs of this paragraph)
- (A) Interest Amount/Interest Rate: [See the Schedule attached hereto/[specify] per Security]
- (B) Interest Period(s): [●] [As defined in Valuation and Settlement Condition 4.28]
- (C) Interest Payment Date(s): [●] [See Table below]
- (D) Interest Period End Date(s): [Interest Payment Date(s)/[●] [in each year] [adjusted in accordance with [specify Business Day Convention]/not adjusted]]
- (E) Day Count Fraction: [Actual/Actual] / [Actual/Actual (ISDA)]
[Actual/365 (Fixed)]
[Actual/365 (Sterling)]
[Actual/360]
[30/360] / [360/360] / [Bond Basis]
[30E/360] / [Eurobond Basis]
[30E/360 (ISDA)]
[Australian Bond Basis]
[1/1]
- (F) Specified Valuation Date(s): [*Specify in respect of an Interest Payment Date*] [[Each] such Valuation Date shall be subject to adjustment in accordance with [the provisions of Valuation and Settlement Condition 2/*specify*]] [[In respect of an Underlying, each/Each] Scheduled Trading Day for [the/all the/such] Underlying[s] during [*specify period*].] [The provisions of Valuation and Settlement Condition 2 shall not apply in respect of [each] such Specified Valuation Date]
- (iv) Interest Strike Dates: [Applicable/Not Applicable] [for the purpose of determining [whether an Interest Barrier Event has occurred][the Performance-Linked Interest Amount [if an Interest Barrier Event has [not] occurred]:] (*repeat and complete this sub-paragraph as necessary*)
(If not applicable, delete the remaining sub-paragraphs of this paragraph)
- Specified Interest Strike Date: [In respect of [*insert relevant Interest Underlying(s)*]:] [Not Applicable] [●] [and [●]] [[●] Scheduled Trading Days prior to [●]] each Scheduled Trading Day for the relevant Interest Underlying which is not a Disrupted Day for that Interest Underlying from [(and including)] [(but excluding)] [●] to [(but excluding)] [(and

including)] [●]] (where a different Specified Interest Strike Date applies for any Interest Underlying, specify for each Interest Underlying)

[Specified Interest Initial Floor Strike Date:

[In respect of [insert relevant Interest Underlying(s)]:] [Not Applicable] [●] (where a different Specified Interest Initial Floor Strike Date applies for any Interest Underlying, specify for each Interest Underlying)]

- (v) Underlying(s) relevant to interest, Interim Performance Provisions and provisions relating to levels of the Interest Underlying(s) and Interest Barrier Events

[Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

[(if applicable in respect of different Underlyings, Interest Valuation Dates, Interest Payment Dates, Interest Barrier Event, Interest Amounts or Interest Lock-in Event, repeat item and insert: In respect of (insert Underlying, Interest Valuation Date, Interest Payment Date, Interest Barrier Event, Interest Amount or Interest Lock-in Event as applicable):]

Underlying(s) relevant to interest:

- (A) Interest Underlying:

[[●]] [The Underlying(s) specified in item 13 above] [For the purposes of OutPerf A: [●] and for the purposes of OutPerf B: [●] (specify for each Interest Underlying where Outperformance Provisions apply in respect of the Interim Performance Provisions)]

- (B) Interest Underlying(s): Barrier

[The Interest Underlying/All of the Interest Underlyings/Any Interest Underlying/The Interim Performance Underlying/Each Interest Underlying [subject to a minimum of [●] Interest Underlyings]] [Not Applicable]

[Not Applicable]

Lower Range [1] Option (insert "Lower Range 1 Option" if Dual Reference Observation or Triple Reference Observation is applicable): [[Greater than or equal to/Greater than] the Lower Range [1]] [Not Applicable]

Upper Range [1] (insert "Upper Range 1" if Dual Reference Observation or Triple Reference Observation is applicable): [●] [As set out in the Range Accrual Table below]
[Not Applicable]

*Reference
Observation is
applicable):*

Upper Range [[Less than or equal to/Less than] the Upper Range
[1] Option [1]] [Not Applicable]
(insert "Upper
Range 1
Option" if Dual
Reference
Observation or
Triple
Reference
Observation is
applicable):

Reference Rate [Fixed Interest Rate/Floating Interest Rate/CMS
[1] (for Interest Rate/[Spread Interest Rate/Relevant Spread
Reference Rate/Spread Reference Rate]: see item 14(vi)(D)]]
Observation [Not Applicable]

[1]): (insert
"Reference
Observation 1"
if Dual
Reference
Observation or
Triple
Reference
Observation is
applicable)
(Insert details of the or each Reference Rate [1],
including any Margin, Interest Participation Rate,
any Minimum Reference Rate and/or any Maximum
Reference Rate. If the Reference Rate is (i) a Fixed
Interest Rate (where accrual is applicable), include
the relevant information from item 14(vi)(A),
including any Table, (ii) a Floating Interest Rate for
which Screen Rate Determination applies, include the
information from item 14(vi)(B)VII and items
14(vi)(B)XV to 14(vi)(B)XVIII, including any Table,
(iii) a Floating Rate for which ISDA Determination
applies, include the applicable information from item
14(vi)(B)VIII and items 14(vi)(B)XV to
14(vi)(B)XVIII, including any Table or (iv) a CMS
Interest Rate, include the applicable information from
item 14(vi)(C)V, including any Table, as required. If
there is more than one Reference Rate [1], repeat this
paragraph for each Reference Rate [1])

(NB: Where a Reference Rate is a Floating Rate for
which ISDA Determination applies, specify each
Interest Observation Date as the Reset Date and do
not specify the Fixing Day)

[Reference
Rate 2 (for
Reference
Observation

[1]):] (insert if
applicable)
[[Fixed Interest Rate/Floating Interest Rate/CMS
Interest Rate/[Spread Interest Rate/Relevant Spread
Rate/Spread Reference Rate]: see item 14(vi)(D)]]
(Insert details of the or each Reference Rate 2 by
including the information described in the paragraph
above for Reference Rate 2, including any Margin,
Interest Participation Rate, any Minimum Reference
Rate and/or any Maximum Reference Rate. If there is
more than one Reference Rate 2, repeat this
paragraph for each Reference Rate 2)

(if "Dual Reference Observation" is applicable insert the following paragraphs for Reference
Observation 2 and, if "Triple Reference Observation" is applicable, repeat for Reference
Observation 3)

- VII. [Reference Observation [2/3]:] *[specify what the Reference Observation [2/3] will be from the options set out in Valuation and Settlement Condition 4.7(c)]*
- [If applicable, and specify details of the or each Reference Rate and where more than one Reference Rate whether the Barrier is different for each Reference Rate for each relevant interest period]*
- [Barrier [2/3]:] (insert if Barrier 1 is specified) [●] [As set out in the Range Accrual Table below] [Not Applicable]
- [Barrier Reference:] (insert if Barrier [2/3] is specified) [Greater than the Barrier [2/3]/Greater than or equal to the Barrier [2/3]/Less than the Barrier [2/3]/Less than or equal to the Barrier [2/3]]
- [Lower Range [2/3]:] (insert if Lower Range 1 is specified) [●] [As set out in the Range Accrual Table below] [Not Applicable]
- [Lower Range [2/3] Option:] (insert if Lower Range 2 is specified) [[Greater than or equal to/Greater than] the Lower Range [2/3]] [Not Applicable]
- [Upper Range [2/3]:] (insert if Upper Range 1 is specified) [●] [As set out in the Range Accrual Table below] [Not Applicable]
- [Upper Range [2/3] Option:] (insert if Upper Range 2 is specified) [[Less than or equal to/Less than] the Upper Range [2/3]] [Not Applicable]
- Reference Rate 1 (for Reference Observation [2/3]): [Fixed Interest Rate/Floating Interest Rate/CMS Interest Rate/[Spread Interest Rate/Relevant Spread Rate/Spread Reference Rate]: see item 14(vi)(D)] [Not Applicable]
- (Insert details of the or each Reference Rate [1], including any Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the Reference Rate: (i) is a Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(vi)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(vi)(B)VII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(vi)(B)VIII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table or (iv) a CMS*

Interest Rate, include the applicable information from item 14(vi)(C)V, including any Table, as required. If there is more than one Reference Rate [1], repeat this paragraph for each Reference Rate [1])

[As set out in the Reference Observation Table below]
(If Reference Rate [1] is different for each Interest Period, insert the Reference Observation Table)

[Reference Rate 2 (for Reference Observation [2/3]):] (insert if applicable) [[Fixed Interest Rate/Floating Interest Rate/CMS Interest Rate/Spread Interest Rate/Relevant Spread Rate/Spread Reference Rate: see item 14(vi)(D)]

(Insert details of the or each Reference Rate 2 by including the information described in the paragraph above for Reference Rate 2, including any Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If there is more than one Reference Rate 2, repeat this paragraph for each Reference Rate 2)

- (i) Band 1: [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [less than] [less than or equal to] [●] [per cent.];
- (ii) Band 2: [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [greater than][greater than or equal to] [●] but [less than] [less than or equal to] [●] [per cent.];
- (iii) [(only include Band 3 if applicable): [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [greater than][greater than or equal to] [●] [but] [less than] [less than or equal to] [●] [per cent.];]

(if there are additional bands occurring after band 3 but before the last occurring band which shall be as described below repeat (iii) above for such additional bands but with the relevant band levels)

- [(iv)] [[●] Band [●] (to be numerically labelled as the last band so if four bands in total this would be "Band 4") [The Reference Rate] [Reference Rate 1 minus Reference Rate 2] is [greater than] [greater than or equal to] [●] [per cent.]

VII. Band Rate in relation to Band 1: *(Where there are different Band Rates for different Interest Periods and/or Interest Payment Dates, specify in relation to each Band Rate the Interest Periods and/or Interest Payment Dates to which it applies)*

[Specify whether the Band Rate for Band 1 will be a single Band Rate or will be Band Rate One minus Band Rate Two and include relevant information below, as applicable]

[Band Rate One:] (Delete if Band Rate is a single Band Rate)

[Include details of the single Band Rate or Band Rate One, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the single Band Rate or Band Rate One is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(vi)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(vi)(B)VII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(vi)(B)VIII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(vi)(C)V, including any Table, as required]

[Band Rate Two:]

[Include details of Band Rate Two, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If Band Rate Two is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(vi)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(vi)(B)VII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(vi)(B)VIII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(vi)(C)V, including any Table, as required]

(Delete if Band Rate is a single Band Rate)

VIII. Band Rate in relation to Band [2/3/[●] etc.]: *[Specify whether the Band Rate for Band [2/3/[●]] will be a single Band Rate or will be Band Rate One minus Band Rate Two and include relevant information below, as applicable]*

[Band Rate One:] (Delete if Band Rate is a single Band Rate)

[Include details of the single Band Rate or Band Rate One, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If the single Band Rate or Band Rate

One is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(vi)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(vi)(B)VII and items 14(vi)(B)XV to 14(vi)(B)VIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(vi)(B)VIII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(vi)(C)V, including any Table, as required]

[Band Two:]	Rate	<p><i>[Include details of Band Rate Two, including any relevant Interest Determination Date, Margin, Interest Participation Rate, any Minimum Reference Rate and/or any Maximum Reference Rate. If Band Rate Two is a (i) Fixed Interest Rate (where accrual is applicable), include the relevant information from item 14(vi)(A), including any Table, (ii) a Floating Interest Rate for which Screen Rate Determination applies, include the information from item 14(vi)(B)VII and items 14(vi)(B)XV to 14(vi)(B)VIII, including any Table, (iii) a Floating Rate for which ISDA Determination applies, include the applicable information from item 14(vi)(B)VIII and items 14(vi)(B)XV to 14(vi)(B)XVIII, including any Table or (iv) a CMS Interest Rate, include the applicable information from item 14(vi)(C)V, including any Table, as required]</i></p>

- (repeat this sub-paragraph in respect of each Entitlement Underlying, as necessary)*
- IV. Equivalent Amount: [As defined in Valuation and Settlement Condition 1.1(c)(iv)] [Equivalent Amount per Security is *[specify]*]
- V. Relevant Asset(s): [The relevant assets to which the Securities relate *[is/are]* *[specify]*]
- VI. Delivery Method and details required for delivery using such Delivery Method: *[Specify]* [As set out in Valuation and Settlement Condition 8]
- VII. Failure to Deliver due to Illiquidity (Valuation and Settlement Condition 8(a)(F) (*Failure to Deliver due to Illiquidity*)): [Applicable/Not Applicable]
- VIII. Aggregation of Entitlements: [Applicable/Not Applicable]
- IX. Cash Adjustment: [Applicable/Not Applicable]
- [For the purposes of Valuation and Settlement Condition 8(a)(ii)(D), the "**Final Reference Level of the Entitlement Underlying**" shall be *[[the Underlying Closing Level] of the [relevant] Underlying on [specify]/specify other]*]
- Tradeable Amount: *[1/specify for each Relevant Asset] [Share/Depository Receipt/ETF Share/Mutual Fund Interest/specify]*
- X. Entitlement Calculation Rounding Convention: [●] decimal places

Dates:

- (A) Specified Barrier Date: Redemption Observation *[[Insert as appropriate - For the purpose of determining [whether a Redemption [Upper] [Lower] Barrier Event has occurred] [and] [the Performance-Linked Redemption Amount [if a Redemption [Upper] [Lower] Barrier Event has [not] occurred]:] [[●]] [[●]] Scheduled Trading Days prior to [●]] [Each Scheduled Trading Day [for all the Redemption Underlyings] which is not a*

Disrupted Day [for any Redemption Underlying from [(and including)] [(but excluding)] [●] to [(but excluding)] [(and including)] [●]] [Not Applicable]

(repeat and complete this sub-paragraph as necessary)

- (B) Specified Final Valuation Date(s): [Insert as appropriate – [For the purpose of determining [whether a Redemption [Upper] [Lower] Barrier Event has occurred] [and] [the Performance-Linked Redemption Amount [if a Redemption [Upper] [Lower] Barrier Event has [not] occurred] [(insert in respect of Buy the Dip Securities) the Redemption Amount]:] [In respect of [insert relevant Redemption Underlying, Redemption [Upper] [Lower] Barrier Event, Performance Linked Redemption Amount or Redemption Amount]:] [[●]] [[●]] Scheduled Trading Days prior to [●]] [Expiry Date]

(repeat and complete this sub-paragraph as necessary)

(specify "Expiry Date" for Securities linked to Dividend Futures Contracts where the Relevant Price for the Specified Final Valuation Date is specified to be the "final settlement price" in item 13(ii) above)

- (C) Specified Redemption Strike Date: [Insert as applicable - [In respect of [insert relevant Redemption Underlying, Redemption [Upper] [Lower] Barrier Event or Performance Linked Redemption Amount]:] [Not Applicable]/[[●]] [[●]] [and [●]] [[●]] Scheduled Trading Days prior to [●]]/ Each Scheduled Trading Day for the relevant Redemption Underlying which is not a Disrupted Day for that Redemption Underlying from [(and including)] [(but excluding)] [●] to [(but excluding)] [(and including)] [●] [Not Applicable] *(where a different Specified Redemption Strike Date applies for any Redemption Underlying, Redemption [Upper] [Lower] Barrier Event and/or Performance Linked Redemption Amount, repeat and specify for each Redemption Underlying, Redemption [Upper] [Lower] Barrier Event and/or Performance Linked Redemption Amount, as appropriate)* [Not Applicable]

[See also Market Timer Redemption Strike Date(s) below]

[Specified Redemption Initial Floor Strike Date: [In respect of [insert relevant Redemption Underlying(s)]:] [Not Applicable] [●] *(where a different Specified Redemption Initial Floor Strike Date applies for any Redemption Underlying, specify for each Redemption Underlying)*]

Underlying(s) relevant to redemption, Final Performance

provisions and levels of the
Redemption Underlying(s):

(A) Redemption Underlying(s): [●] [The Underlyings specified in item 13 above] [and [each] such Redemption Underlying shall be the Final Outperformance [A/B] Underlying (specify for each Redemption Underlying where Outperformance Provisions apply in respect of the Final Performance Provisions)] [and each such Underlying shall be both a Final Profile A Underlying(s) and a Final Profile B Underlying(s)] (repeat for each Redemption Underlying, as appropriate)

(B) Redemption Barrier Underlying(s): [●] [The Redemption Underlying/All of the Redemption Underlyings/Any Redemption Underlying/The Final Performance Underlying[s]] [specify Underlying(s)] [Not Applicable]

Final Performance Provisions: [Applicable/Not Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

(A) Single Underlying Observation: [Applicable/Not Applicable] [for the purpose of determining [whether a Redemption [Upper] [Lower] Barrier Event has occurred] [and] [the Performance-Linked Redemption Amount [if a Redemption [Upper] [Lower] Barrier Event has [not] occurred]:] (repeat and complete this subparagraph as necessary)

(If not applicable, delete the remaining subparagraphs of this paragraph)

I. Maximum Final Performance Percentage: [Applicable – [●]%/Not Applicable]

II. Minimum Final Performance Percentage: [Applicable – [●]%/Not Applicable]

III. Maximum Final Performance Percentage (Barrier Event): [Applicable – [●]%/Not Applicable]

IV. Minimum Final Performance Percentage (Barrier Event): [Applicable – [●]%/Not Applicable]

V. Maximum Final Performance Percentage (Barrier Event Satisfied): [Applicable – [●]%/Not Applicable]

VI. Minimum Final Performance Percentage: [Applicable – [●]%/Not Applicable]

(Barrier Event Satisfied):

VII. Maximum Final Performance Percentage (Barrier Event Not Satisfied): [Applicable – [●]%/Not Applicable]

VIII. Minimum Final Performance Percentage (Barrier Event Not Satisfied): [Applicable – [●]%/Not Applicable]

IX. Final Performance Adjustment Percentage: [Applicable – [+/-][●]%/Not Applicable]

(B) Weighted Basket Observation: [Applicable/Not Applicable] [for the purpose of determining [whether a Redemption [Upper] [Lower] Barrier Event has occurred] [and] [the Performance-Linked Redemption Amount [if a Redemption [Upper] [Lower] Barrier Event has [not] occurred]:] (*repeat and complete this subparagraph as necessary*)

(If not applicable, delete the remaining subparagraphs of this paragraph)

I. Rainbow Weighting: [Applicable. Therefore W_n shall be determined as set out below:

Redemption Underlying	W_n
[Redemption Underlying with highest (or equal highest) Final Performance]	[●]%
[Redemption Underlying with [●] highest (or [●] equal [highest/lowest]) Final Performance]	[●]%
<i>(complete for each relevant Redemption Underlying)</i>	
[Redemption Underlying with lowest (or equal lowest) Final Performance]	[●]%

/Not Applicable. Therefore W_n shall be determined as set out below:

Redemption Underlying	W_n
[●]	[●]%
[●]	[●]%
<i>(complete for each relevant Redemption Underlying)</i>	
[●]	[●]%

• Documentation Form: [[●] (*Specify name of supplement, publisher and date of publication*)] [incorporating the [●] (*Specify name of supplement, publisher and date of publication*)]

• Trade Date: [●]

• Effective Date: [●]

• Scheduled Termination Date: [●]

• Original Notional Amount: [●]

(v) Hypothetical Single Name Transaction General Terms:

- Documentation Form: [Confirmation for use with Credit Derivatives Physical Settlement Matrix (version [●] – [[●] (*Specify date of publication*))] – 2014 Definitions Version] [and incorporating [[●] (*Specify name of supplement, publisher and date of publication, if applicable*)]]
- Trade Date: [●]
- Effective Date: [●]
- Scheduled Termination Date: [●]
- Matrix Publication Date: [Effective Date of the Eligible Index]/[●]

GENERAL PROVISIONS APPLICABLE TO THE SECURITIES

26. **Form of Securities:** [Registered Securities
- Regulation S Global Registered [*insert in respect of Notes: Note*] / [*insert in respect of Certificates: Certificate*] Security [(U.S.\$[●] principal amount)] registered in the name of a nominee for [a common depositary for Euroclear and Clearstream, Luxembourg/a common safekeeper for Euroclear and Clearstream, Luxembourg]/[a common depositary for Euroclear France]/Rule 144A Global Registered Note Security [(U.S.\$[●] principal amount)] registered in the name of a nominee for [DTC/ a common depositary for Euroclear and Clearstream, Luxembourg/a common safekeeper for Euroclear and Clearstream, Luxembourg]]/Combined Global Registered Note Security [(U.S.\$[●] principal amount)] registered in the name of a nominee for [a common depositary for Euroclear and Clearstream, Luxembourg/a common safekeeper for Euroclear and Clearstream, Luxembourg]/[a common depositary for Euroclear France]
- [Swedish Securities - *insert details (including details of the Swedish Securities Issuing and Paying Agent and the provisions of the Fiscal Agency Agreement which apply to the Securities)*]]
- [Finnish Securities – *insert details (including details of the Finnish Securities Issuing and Paying Agent)*]]

Notwithstanding the above, if the Securities are French Law Securities, delete the above in its entirety and replace with the following:

[Form of Securities: [French Bearer Securities (*au porteur*) / French Registered Securities in a registered dematerialised form (*au nominatif*)]

Representation of Securityholders / Masse: [Full Masse / Contractual Masse / Contractual Representation of Securityholders / No Masse]

(If "Full Masse" or "Contractual Masse" is specified, specify the details of the initial

Representative and the alternate Representative, if any, and their remuneration. Otherwise, delete the remaining sub-paragraphs of this paragraph)

Name and address of the initial Representative: [●]

[The Representative will receive no remuneration] / [The Representative will receive a remuneration of [●]].

Name and address of the alternate Representative: [●]

[The alternate Representative will receive no remuneration] / [The alternate Representative will receive a remuneration of [●]].

[For the avoidance of doubt, when a Representative has been appointed while the French Law Securities are held by a single Securityholder, such Representative shall exercise all powers, rights and obligations entrusted to the Representative.]

[If the French Law Securities are held by a sole Securityholder as at the issue date, insert the wording below:

As long as the French Law Securities are held by a single Securityholder such Securityholder will exercise directly the powers delegated to the Representative and General Meetings of Securityholders under the General Conditions. A Representative shall be appointed when the French Law Securities of a Series are held by more than one Securityholder.]

Identification information of Securityholders in relation to French Law Securities (General Condition 2):

[Applicable/Not Applicable]

27. **New Safekeeping Structure:**

[No/Yes – New Safekeeping Structure applies] [Not Applicable]

28. **Business Centre(s):**

[●]

(N.B. this paragraph relates to the definition of Business Day in General Condition 21 (Definitions))

29. **Business Day Jurisdiction(s) or other special provisions relating to payment dates:**

[Not Applicable/give details]

(N.B. this paragraph relates to the date and place of payment for the purposes of General Condition 8(g) (Payment Days))

30. **Redenomination, renominalisation and reconventioning provisions:**

[Not Applicable/Applicable: The provisions of General Condition 18 (*Redenomination*) apply]

31. **Consolidation provisions:**

[Not Applicable/The provisions of General Condition 14 (*Further Issues*) apply]

32. **Substitution provisions in relation to CGMFL and the CGMFL Guarantor (General Condition 17(a)(ii)):** [Not Applicable/Applicable: The provisions of General Condition 17 (*Substitution of the Issuer, the CGMHI Guarantor and the CGMFL Guarantor*) apply]
(Specify not applicable for Securities issued by Citigroup Inc. or CGMHI. If not applicable, delete the remaining sub-paragraphs of this paragraph)
- Additional Requirements: [Not Applicable/Applicable]
33. **Additional substitution provisions in respect of French Law Securities:** [Not Applicable] (*Only applicable in respect of French Law Securities. If not applicable, delete the remaining sub-paragraph of this paragraph*)
- [Additional French Law Securities Requirements: [Not Applicable/Applicable]]
34. **Name and address of Calculation Agent:** [Citibank, N.A./Citigroup Global Markets Limited/Citigroup Global Markets Inc.] [(acting through its [●] department/group (or any successor department/group))] at [●]
(Where the Securities are Zero Coupon Securities and/or Credit Linked Notes, Citibank, N.A., London Branch should only be specified as the Calculation Agent when acting through a relevant trading desk)
35. **[Determination Agent:** [Calculation Agent] [●]/[Not Applicable]
(Specify an entity other than the Calculation Agent where the Calculation Agent is the Fiscal Agent. If no Determination Agent is specified, the Determination Agent will be the Calculation Agent)
36. **Determinations:**
- (i) Standard: [Sole and Absolute Determination/Commercial Determination]
(Specify "Commercial Determination" where "Determinations and Exercise of Discretion (BEC)" is applicable)
(Specify "Commercial Determination" where the Securities are French Law Securities or Italian Listed Notes)
- (ii) Minimum Amount Adjustment Prohibition: [Applicable/Not Applicable]
37. **Determinations and Exercise of Discretion (BEC):** [Applicable/Not Applicable]
38. **Prohibition of sales to consumers in Belgium:** [Applicable/Not Applicable]
(Specify "Not Applicable" only where Securities are distributed to consumers in Belgium)
39. **Additional provisions applicable to Securities traded on Borsa Italiana S.p.A trading venues:** [Not Applicable/Applicable]

(If not applicable, delete the remaining subparagraphs of this paragraph)

(i) Expiry Date (*Data di Scadenza*) [●] [Not Applicable]
(for the purposes of
SeDex/EuroTLX):

(ii) Record Date: [●]

(iii) Minimum Trading Lot: [●] [Not Applicable]

(N.B. Applicable in respect of Securities to be admitted to trading on Borsa Italiana S.p.A. trading venues only. The Minimum Trading Lot is as determined by Borsa Italiana S.p.A.)

40. Other final terms: [Not applicable/give details]

(i) [Swedish Securities: The Issuer shall have the right to obtain extracts from the register of creditors (Sw. *skuldbok*) from Euroclear Sweden – *only applicable for Swedish Securities*]

(ii) [Finnish Securities: The Issuer shall, subject to regulations of Euroclear Finland and applicable laws, be entitled to acquire from Euroclear Finland a list of the holders of Finnish Securities, PROVIDED THAT it is technically possible for Euroclear Finland to maintain such a list – *only applicable for Finnish Securities*]

(iii) Schedule D – Citigroup Inc. [Applicable/Not Applicable]
TLAC eligible Securities:
(Specify Applicable only where the Securities are issued by Citigroup Inc. and are intended to be TLAC eligible. Specify Not Applicable where the Securities are issued by Citigroup Inc. and are not intended to be TLAC eligible and for Securities issued by CGMHI or CGMFL)

(iv) Indian Compliance [Applicable/Not Applicable]
Representations, Warranties and
Undertakings:

(v) China Compliance [Applicable/Not Applicable]
Representations, Warranties and
Undertakings:

(vi) Taiwan Compliance [Applicable/Not Applicable]
Representations, Warranties and
Undertakings:

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING:

Admission to trading and listing: [Application [has been/will be] made by the Issuer (or on its behalf) for the [Tranche [●]] Securities to be admitted to trading on

[the Euro MTF market of the Luxembourg Stock Exchange] [the Global Exchange Market of Euronext Dublin] [the International Securities Market of the London Stock Exchange plc] / [the multilateral trading facility of securitised derivatives financial instruments, organised and managed by Borsa Italiana S.p.A. (the "SeDeX")] / [the multilateral trading facility of EuroTLX, [Bond-X]/[Cert-X] Segment, managed by Borsa Italiana S.p.A. ("EuroTLX") - [Cert-X][Bond-X]] / [the Open Market (Regulated Unofficial Market (*Freiverkehr*)) of the Frankfurt Stock Exchange (*Börse Frankfurt AG*)] / [the Vienna MTF of the Vienna Stock Exchange] / [the NASDAQ First North Sweden of NASDAQ Stockholm AB] / [SPECTRUM]/[the "Bonds" category of the "Debt Securities" sector of the "Main" market of the Kazakhstan Stock Exchange JSC]/[specify other]

[and to listing on [the official list of] [the Luxembourg Stock Exchange] / [Euronext Dublin] / [the Italian Stock Exchange] [the Frankfurt Stock Exchange (*Börse Frankfurt AG*)] / [the Vienna Stock Exchange] / [the NASDAQ Stockholm AB] / [the Kazakhstan Stock Exchange JSC] / [specify other] with effect from on or around [●] [of the Tranche [●] Securities]] [Not Applicable]

(Where the Securities are listed and admitted to trading on more than one exchange, repeat as necessary)

[Include if applicable: [specify] will act as [market maker][specialist][liquidity provider][other] with reference to the Securities traded on [SeDeX][EuroTLX-[Cert-X][Bond-X]][specify]]

[Tranche [●] of the Securities has been admitted to trading on [the Euro MTF market of the Luxembourg Stock Exchange]/[the Global Exchange Market of Euronext Dublin]/[the SeDeX] [the EuroTLX [Bond-X]/[Cert-X] Segment]]/[the Open Market (Regulated Unofficial Market (*Freiverkehr*)) of the [Frankfurt Stock Exchange (*Börse Frankfurt AG*)] [the multilateral trading facility of the Vienna MTF of the Vienna Stock Exchange]/ [the multilateral trading facility of the NASDAQ Stockholm MTF of NASDAQ Stockholm AB]/ [the multilateral trading facility of the International Securities Market of the London Stock Exchange]/ [the multilateral trading facility of the SPECTRUM]/[the "Bonds" category of the

"Debt Securities" sector of the "Main" market of the Kazakhstan Stock Exchange JSC]/[specify other]

[and to listing on the official list of [the Luxembourg Stock Exchange/Euronext Dublin/Euronext Paris/ the NASDAQ Stockholm AB/the Italian Stock Exchange/the Kazakhstan Stock Exchange JSC] [the Open Market (Regulated Unofficial Market (*Freiverkehr*)) of the [Frankfurt Stock Exchange (Börse Frankfurt AG)]]/[the Vienna Stock Exchange]/[specify other] with effect from [●]/[[●] of the Tranche [●] Securities]] (*Where documenting a fungible issue, need to indicate that original Securities are already admitted to trading*)

[Estimated expenses relating to [●]]
admission to trading:

2. RATINGS

Ratings:

The Securities are [not] rated. [The rating of the Securities is:

(i) [S&P: [●]]

(ii) [Moody's: [●]]

(iii) [Fitch: [●]]

(iv) [[Other]: [●]]

(The above disclosure should reflect the rating allocated to Securities of the type being issued under the Programme generally or, where the issue has been specifically rated, that rating.)

3. INFORMATION ABOUT [THE PAST AND FUTURE PERFORMANCE AND VOLATILITY OF THE OR EACH UNDERLYING][AND][THE FLOATING RATE OF INTEREST]

[Information about the past and future performance of the or each Underlying is electronically available [free of charge][at a charge] from [the applicable Electronic Page(s) specified for such Underlying in Part A above][●].]

[Information relating to historic interest rates in the case of Floating Rate Securities is electronically available [free of charge][at a charge] from the relevant [Electronic Page][Page][●].]

(Include details about where information about the past and future performance of the or each Underlying and its volatility can be obtained)

(Where the Underlying is an index, include the name of the index, the index administrator and details of where the information about the index can be obtained.)

4. DISCLAIMER

[Not Applicable] [*include disclaimer for indices which are not Citi Proprietary Indices*]

[Citi Proprietary Index Disclaimer

None of the Issuer[, the CGMHI Guarantor]³² [, the CGMFL Guarantor]³³, [●] (the "**Index Sponsor**" [and the "**Index Calculation Agent**") for [the Underlying/[●]] and any of their respective directors, officers, employees, representatives, delegates or agents (each a "**Relevant Person**") makes any express or implied representations or warranties as to (a) the advisability of purchasing the Securities, (b) the level(s) of [the Underlying/[●]] at any particular time on any particular date, (c) the results to be obtained by any investor in the Securities or any other person or entity, from the use of [the Underlying/[●]] or any data included therein for any purpose, (d) the merchantability or fitness for a particular purpose of [the Underlying/[●]] or (e) any other matter. Each Relevant Person hereby expressly disclaims, to the fullest extent permitted by applicable law, all warranties of accuracy, completeness, merchantability or fitness for a particular purpose with respect to [the Underlying/[●]]. No Relevant Person shall have any liability (direct or indirect, special, punitive, consequential or otherwise) to any person even if notified of the possibility of damages. [The Index Sponsor is not/Neither the Index Sponsor nor the Index Calculation Agent is] under any obligation to continue the calculation, publication and dissemination of [the Underlying/[●]] nor shall they have any liability for any errors, omissions, interruptions or delays relating to [the Underlying/[●]]. The Index Sponsor [and the Index Calculation Agent] shall [each] act as principal and not as agent or fiduciary of any other person.

Past performance is not indicative of future performance. Any numbers or figures presented as past performance of [the Underlying/[●]] prior to its launch date (however defined in the Index Conditions) may include performances calculated from back-testing simulations. Any back testing is illustrative only and derived from proprietary models based on certain historic data and assumptions and estimates. Such back-testing information should not be considered indicative of the actual results that might be obtained from an investment or participation in the Securities. Any scenario analysis is for illustrative purposes only and does not represent the actual performance of [the Underlying/[●]] nor does it purport to describe all possible performance outcomes for [the Underlying/[●]].

As at the date hereof, [the Underlying/[●]] is described in full in the Index Conditions which are set out [in the Schedule attached hereto] [*specify*]. Any decision to invest in the Securities should be based upon the information contained in the Base Listing Particulars and this Pricing Supplement [and such Index Conditions] only.

The Underlying is proprietary and confidential to the Index Sponsor. No person may use [the Underlying/[●]] in any way or reproduce or disseminate the information relating to [the Underlying/[●]] without the prior written consent of the Index Sponsor (save in respect of the distribution of the terms of the Securities using customary clearing and settlement procedures). [The Underlying/[●]] is not in any way sponsored, endorsed or promoted by the issuer or sponsor, as applicable, of any of its constituents.]

7. UNITED STATES TAX CONSIDERATIONS

General: [For U.S. federal income tax purposes, the Issuer intends to treat the Securities as [debt/fixed-rate debt/fixed-rate debt issued with OID/contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be [●]% compounded [semi-annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●] /for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/variable rate debt instruments/variable rate debt instruments issued with OID/foreign currency Securities/foreign currency Securities issued with OID/foreign currency contingent payment debt instruments, [for which purpose, the comparable yield relating to the Securities will be [●]% compounded [semi-annually/quarterly/monthly] and the projected payment schedule with respect to a Security consists of the following payments: [●] /for which purpose, the comparable yield and the projected payment schedule are available by contacting [●] at [●]]/short-term Securities/prepaid forward contracts or options/prepaid forward contracts or options with associated periodic payments/a put and a deposit, for which purpose, the Issuer will treat [●]% of each coupon on a Security as interest on the deposit and [●]% as put premium/[specify other]]. [The Securities are Non-U.S. Securities].

Section 871(m)

(Use this paragraph if the Section 871(m) determinations are final.) [The Issuer has determined that the Securities are Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer has determined that the Securities are Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities have a "delta" of one.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities and, therefore, that the Securities are not Specified ELIs.]/[The Issuer has determined that the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer has

determined that the Securities are not Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities do not have a "delta" of one.]/[The Issuer has determined that the Securities are not Specified ELIs for the purpose of Section 871(m).]

(Use this paragraph instead if the Section 871(m) determinations are indicative and will be updated at issuance.) [The following is based on information available as of the date of this Pricing Supplement. [The Issuer would treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below. Please see the table below for additional information with respect to Section 871(m), including information necessary to calculate the amounts of dividend equivalents for the Securities.]/[The Issuer would treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities have a "delta" of one.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs because the underlying asset(s) consist solely of one or more indices whose sole U.S. equity components are Qualified Indices and/or Qualified Index Securities.]/[The Issuer would not treat the Securities as Specified ELIs based on either the "delta" test or the "substantial equivalence" test, as indicated in the table below.]/[The Issuer would not treat the Securities as Specified ELIs because (i) the Issue Date for the Securities is prior to 2027 and (ii) the Securities do not have a "delta" of one.] **This information is indicative and will be updated based on circumstances at the time the Securities are issued. Please [contact []]/[review the amended Pricing Supplement] for further information regarding the application of Section 871(m) to the Securities.]**

[The Securities are Specified Current Payment Securities./The Securities are Specified Net Total Return Securities.]

(Include table below if (i) the Securities are Specified ELIs, or (ii) the Securities are not Specified ELIs based on either the "delta" test or the "substantial equivalence" test.)

<i>Underlying Asset</i>	<i>Underlying Securities (Y/N)</i>	<i>Qualified Index/ Qualified Index Security (Y/N)</i>	<i>Simple Contract (Y/N)</i>	<i>Delta (if Simple Contract)</i>	<i>Substantial Equivalence Test (if not a Simple Contract)</i>	<i>Number of Shares Multiplied by Delta (if Simple Contract)</i>	<i>Initial Hedge (if applicable)</i>

[General: For U.S. federal tax purposes, the proper treatment and characterisation of the Securities are unclear. As a result, there is a risk that payments on a Security made to a Non-U.S. Holder may be subject to withholding tax. The Issuer intends to treat the Securities as prepaid forward contracts or options. Except as discussed in the Base Prospectus under "*United States Federal Tax Considerations – Tax Consequences to Non-U.S. Holders*" and "*United States Federal Tax Considerations – FATCA*", amounts paid upon the redemption or maturity of a Security (other than any periodic coupons that are paid at such time) are not expected to be subject to U.S. withholding tax and, if the Issuer (including any of its affiliates) are the withholding agent, the Issuer does not intend to withhold on such amounts. However, it is possible that a withholding agent other than the Issuer may treat some or all of the amount(s) paid on a Security as subject to withholding tax at a rate of 30 per cent. (subject to reduction under an applicable income tax treaty) and in the future, the Issuer may determine that it should so withhold.

Gain realised by a Non-U.S. Holder on the taxable disposition of a Security generally will not be subject to U.S. federal withholding or income tax.

You should consult your tax adviser regarding all aspects of the U.S. federal withholding, income and estate tax consequences of an investment in the Securities and any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Section 871(m): The Issuer has determined that the Securities are not Specified ELIs for the purpose of Section 871(m).

If U.S. federal withholding tax applies to a payment on a Security as a result of the application of FATCA or Section 871(m) (or in certain other cases described in the Base Prospectus), the Issuer will not be required to pay additional amounts in respect of amounts withheld.] *(Only applicable for Securities issued by CGMHI which provide for Mandatory Early Redemption)*

8. **[EXAMPLES TO EXPLAIN HOW THE VALUE OF THE INVESTMENT IS AFFECTED BY THE VALUE OF THE UNDERLYING(S)]**

THE SCENARIO[S] AND FIGURES PRESENTED BELOW ARE FOR ILLUSTRATIVE PURPOSES ONLY. THE EXAMPLE[S] SHOWN BELOW MAY NOT HAVE AN EQUAL LIKELIHOOD OF OCCURRENCE. THE [INTEREST AMOUNT[S]] [AND] [EARLY TERMINATION AMOUNT AND] REDEMPTION AMOUNT IN RESPECT OF EACH SECURITY WILL BE CALCULATED IN ACCORDANCE WITH THE CONDITIONS OF THE SECURITIES AS SET OUT IN THE "TERMS AND CONDITIONS OF THE SECURITIES" IN THE BASE LISTING PARTICULARS AND THE PRICING SUPPLEMENT IN PART A ABOVE. THE ISSUER[, GUARANTOR] AND DEALER MAKE NO REPRESENTATION THAT ANY OF THE SCENARIOS PROVIDED BELOW WILL OCCUR.

[include examples of complex derivatives securities (if appropriate) to provide a clear and comprehensive explanation to help investors understand how the value of their investment is affected by the value of the Underlying(s)]

(Delete this paragraph if not applicable)

(Repeat rows as necessary)

SECTION H.6 – FORM OF FINAL TERMS – WARRANTS AND EXERCISABLE CERTIFICATES

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS] - [Other than with respect to offers of the [Warrants/Exercisable Certificates] in [*specify jurisdiction(s)*] for which an EU PRIIPs KID is being prepared] [during the period[s] [●]-[●] (*repeat periods as necessary*), [T]/[t]he [Warrants/Exercisable Certificates] are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.]

[PROHIBITION OF SALES TO UK RETAIL INVESTORS] - [Other than with respect to offers of the [Warrants/Exercisable Certificates] in the United Kingdom for which a UK PRIIPs KID is being prepared] [during the period[s] [●]-[●] (*repeat periods as necessary*),] [T]/[t]he [Warrants/Exercisable Certificates] are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a "retail investor" means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of [Warrants/Exercisable Certificates] in any Member State of the European Economic Area will be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of the [Warrants/Exercisable Certificates]. Accordingly and subject as provided above, any person making or intending to make an offer in that Member State of the [Warrants/Exercisable Certificates] may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation, in each case, in relation to such offer. None of the Issuer[, the CGMFL Guarantor] and any Dealer has authorised, nor do they authorise, the making of any offer of the [Warrants/Exercisable Certificates] in any other circumstances. For the purposes of this paragraph, the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1127.

[[The Base Prospectus is scheduled to expire on 17 November 2026. The Issuer [and the Guarantor] intend[s] that the Base Prospectus will be updated on or prior to such date.] [The Base Prospectus is scheduled to expire on 17 November 2026, but the Issuer [and the Guarantor] anticipate[s] that the Base Prospectus will be updated and replaced on or around [●]]. The updated base prospectus will be available on [the website of the Luxembourg Stock Exchange (www.luxse.com)] [the website of Euronext Dublin

(<https://live.euronext.com/en/markets/dublin>)] [the website of the London Stock Exchange (www.londonstockexchange.com)] [and] [the website of [●] ([●])].]¹

[PROHIBITION OF OFFER TO PRIVATE CLIENTS IN SWITZERLAND - [[Other than with respect to offers of the [Warrants/Exercisable Certificates] [during the period[s] [●] to [●] (repeat periods as necessary),] for which a key information document according to the Swiss Federal Financial Services Act ("**FinSA**") or an equivalent document under FinSA has been prepared,] [t][T]he [Warrants/Exercisable Certificates] are not intended to be offered or recommended to private clients within the meaning of [the Swiss Federal Financial Services Act ("**FinSA**")/FinSA] in Switzerland. For these purposes, a "private client" means a person who is not one (or more) of the following: (i) a professional client as defined in Article 4(3) FinSA (not having opted-in on the basis of Article 5(5) FinSA) or Article 5(1) FinSA; or (ii) an institutional client as defined in Article 4(4) FinSA; or (iii) a private client with an asset management agreement according to Article 58(2) FinSA.]²

[These Final Terms have not been and will not be filed and deposited with a review body in Switzerland for entry on the list according to Article 64(5) of [the Swiss Federal Financial Services Act ("**FinSA**")/FinSA]. Accordingly, the [Warrants/Exercisable Certificates] may not be publicly offered, directly or indirectly, in Switzerland within the meaning of FinSA, other than pursuant to an exemption under Article 36(1) FinSA or where such offer does not qualify as a public offer in Switzerland. Neither these Final Terms nor any other offering or marketing material relating to the [Warrants/Exercisable Certificates] constitutes a prospectus pursuant to FinSA, and neither these Final Terms nor any other offering or marketing material relating to the [Warrants/Exercisable Certificates] may be publicly distributed or otherwise made publicly available in Switzerland.]³

[The [Warrants/Exercisable Certificates] do not constitute a participation in a collective investment scheme in the meaning of the Swiss Federal Act on Collective Investment Schemes ("CISA**").** They are neither subject to authorisation nor supervision by the Swiss Financial Market Supervisory Authority FINMA, and investors in [Warrants/Exercisable Certificates] will not benefit from protection under the CISA or supervision by any Swiss regulatory authority and are exposed to the risk of the Issuer and Guarantor (if applicable).]⁴

The [Warrants/Exercisable Certificates] have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any State thereof. The [Warrants/Exercisable Certificates] do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**"), and trading in the [Warrants/Exercisable Certificates] has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the CEA. No person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the rules of the CFTC thereunder. The Issuer has not registered and will not register as an investment company under the U.S. Investment Company Act of 1940, as amended.

[Accordingly, the [Warrants/Exercisable Certificates] are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**"). Each purchaser of the [Warrants/Exercisable Certificates] or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted Non-U.S. Purchaser and that it will not sell or otherwise transfer the [Warrants/Exercisable Certificates] or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted Non-U.S. Purchaser in an offshore transaction in compliance with Regulation S.]⁵

[Accordingly, the [Warrants/Exercisable Certificates] are being offered only to persons who are Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the [Warrants/Exercisable Certificates] or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted QIB Purchaser and that it will not sell or otherwise

¹ Include in respect of a Tranche of Securities for which the offer spans an update of the Base Prospectus.

² Include if Warrants are debt instruments with a "derivative character" for the purpose of FinSA and are offered in Switzerland.

³ Include if Warrants are offered in Switzerland.

⁴ Include if Warrants are offered in Switzerland.

⁵ Include for Regulation S Global Securities and Securities issued in dematerialised form.

transfer the [Warrants/Exercisable Certificates] or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]⁶

[Accordingly, the [Warrants/Exercisable Certificates] are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**") or Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the [Warrants/Exercisable Certificates] or any beneficial interest therein will be deemed to have represented and agreed that it is either a Permitted Non-U.S. Purchaser or a Permitted QIB Purchaser and that it will not sell or otherwise transfer the [Warrants/Exercisable Certificates] or any beneficial interest therein at any time except to (1) the Issuer or its affiliates, (2) a Permitted Non-U.S. Purchaser in compliance with Regulation S or (3) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]⁷

[A "**Permitted Non-U.S. Purchaser**" is a person that (i) is outside the United States at the time of any offer or sale of the [Warrants/Exercisable Certificates] to it and is not a "U.S. person" as such term is defined under Rule 902(k)(1) of Regulation S or "in the United States" as such term is defined in Rule 202(a)(30)-1(c)(3)(i) under the U.S. Investment Advisers Act of 1940, as amended ("**Advisers Act**"); (ii) does not come within any definition of U.S. person for any purpose under the CEA or any rule, order, guidance or interpretation proposed or issued by the CFTC under the CEA (for the avoidance of doubt, a U.S. person shall include without limitation (a) any person who is either (x) not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for the purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons" or (y) not a "foreign located person" as defined in CFTC Rule 3.10(c)(1)(ii) and (b) any person who is a "U.S. Person" or a "Significant Risk Subsidiary", or benefits from a "Guarantee", in each case as such terms are defined in CFTC Rule 23.23(a) under the CEA, as such rule may be amended, revised, supplemented or superseded); (iii) is not a "U.S. Person" as defined in Rule 3a71-3(a)(4) under the United States Securities Exchange Act of 1934, as amended; and (iv) is not, and whose purchase and holding of the [Warrants/Exercisable Certificates] is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]⁸

[A "**Permitted QIB Purchaser**" is a person that (i) is a "qualified institutional buyer" (as defined in Rule 144A) (a "**QIB**"), purchasing (or holding) the [Warrants/Exercisable Certificates] for its own account or for the account of one or more QIBs and is aware that the offer and sale to it is being made in reliance on Rule 144A; and (ii) is not, and whose purchase and holding of the [Warrants/Exercisable Certificates] is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]⁹

For a description of certain restrictions on offers and sales of [Warrants/Exercisable Certificates], see "*General Information relating to the Programme and the Securities – Subscription and Sale and Transfer and Selling Restrictions*" in the Base Prospectus.

Notwithstanding anything to the contrary in this Final Terms or the Base Prospectus (as defined below), all persons may disclose to any and all persons, without limitation of any kind, the United States federal, state and local tax treatment of the [Warrants/Exercisable Certificates], any fact relevant to understanding the United States federal, state and local tax treatment of the [Warrants/Exercisable Certificates], and all

⁶ Include for Rule 144A Global Securities.

⁷ Include for Combined Global Securities.

⁸ Include for (a) Regulation S Global Securities and Securities issued in dematerialised form and (b) Combined Global Securities only. Clauses (ii) and (iii) should not be included if the applicable Issue Terms specifies that "Permitted Non-U.S. Purchaser (Regulation S Only)" applies.

⁹ Include for (a) Rule 144A Global Securities and (b) Combined Global Securities only.

materials of any kind (including opinions or other tax analyses) relating to such United States federal, state and local tax treatment other than the names of the parties or any other person named herein, or information that would permit identification of the parties or other non-public business or financial information that is unrelated to the United States federal, state or local tax treatment of the [Warrants/Exercisable Certificates] with respect to such person and is not relevant to understanding the United States federal, state or local tax treatment of the [Warrants/Exercisable Certificates] with respect to such person.

[The contents of these Final Terms have not been reviewed by any regulatory authority in Hong Kong. You are advised to exercise caution in relation to the offer. If you are in any doubt about any content of these Final Terms, you should obtain independent professional advice.]

[Notification under Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore, as modified or amended from time to time (the "SFA") – The Issuer has determined the classification of the [Warrants/Exercisable Certificates] as prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]¹⁰

[By the purchase of any [Warrants/Exercisable Certificates], each [Warrantholder/Exercisable Certificateholder] will be deemed to have represented and warranted that the acquisition of the [Warrant/Exercisable Certificate] by it will not contravene any charter, investment objectives or internal policies, or any applicable laws or regulations, including without limitation, Section 12(d)(3) of the U.S. Investment Company Act and the rules promulgated thereunder.]

Issue of [Aggregate Number of Warrants/Exercisable Certificates]][Title of Warrants/Exercisable Certificates] (the ["Warrants/Certificates"])

**[Guaranteed by Citigroup Global Markets Limited]
under the Citi Global Medium Term Note Programme**

PART A – CONTRACTUAL TERMS

[Terms used herein shall be deemed to be defined as such for the purposes of the Conditions set forth in the Base Prospectus [which constitutes] [and the Supplement(s) which together constitute] a base prospectus for the purposes of the EU Prospectus Regulation. This document constitutes the Final Terms of the [Warrants/Exercisable Certificates] described herein for the purposes of the EU Prospectus Regulation and must be read in conjunction with the Base Prospectus[, as so supplemented]. Full information on the Issuer [, the CGMFL Guarantor] and the offer of the [Warrants/Exercisable Certificates] is only available on the basis of the combination of this Final Terms and the Base Prospectus[, as so supplemented]. [A Summary of the Securities is annexed to these Final Terms.]

¹⁰ To insert notice if classification of the Warrants is not "capital markets products other than prescribed capital markets products", pursuant to Section 309B of the SFA or Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products). Relevant Dealer(s) to consider whether it / they have received the necessary product classification from the Issuer prior to the launch of the offer, pursuant to Section 309B of the SFA. A notification of the product classification is required as long as an offer of securities is contemplated in Singapore and the offer is not, or not intended to be, restricted to persons specified in Regulation 2 of the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (i.e. an "accredited investor", "expert investor", "institutional investor" or "any other person that is not an individual").

The Base Prospectus [is] [and the Supplement(s) are] available for viewing at the specified offices of [the Dealer[s] and] the Principal Warrant Agent [and on the website of the Luxembourg Stock Exchange (www.luxse.com)]. The Base Prospectus[, the Supplement(s)] and this Final Terms are also published on the website of the Luxembourg Stock Exchange (www.luxse.com) [and [●] (specify relevant EEA regulated market where the [Warrants/Exercisable Certificates] are admitted to trading if different)]. [In addition, this Final Terms is available [on the website of the Luxembourg Stock Exchange (www.luxse.com)] [and on the website of [●] at [●]].]

"**Base Prospectus**" means the [CGMHI/CGMFL] Base Prospectus dated 17 November 2025 relating to the Programme[, as supplemented by a Supplement (No. [●]) dated [●] ([the] "**Supplement [No. [●]]**") [and a Supplement (No.[●]) dated [●] ("**Supplement No. [●]**" and, together with Supplement No. [●], the "**Supplement(s)** ").].]

References herein to numbered Conditions are to the terms and conditions of the [Warrants/Exercisable Certificates] and words and expressions defined in such terms and conditions shall bear the same meaning in this Final Terms, save where otherwise expressly provided.

[Include whichever of the following apply or specify as "Not Applicable" (N/A). Note that the numbering should remain as set out below, even if "Not Applicable" is indicated for individual paragraphs or sub-paragraphs. Italics denote guidance for completing this Final Terms.]

[When completing any final terms consideration should be given as to whether such terms or information constitute "significant new factors" and consequently trigger the need for a supplement to the Base Prospectus under Article 23 of the EU Prospectus Regulation.]

TYPE, ISSUE AND GENERAL PROVISIONS

1. (a) Issuer: [Citigroup Global Markets Holdings Inc.] [Citigroup Global Markets Funding Luxembourg S.C.A.]
- (b) Guarantor: [Citigroup Global Markets Limited] [Not Applicable]
- (N.B. Only Warrants/Exercisable Certificates issued by Citigroup Global Markets Funding Luxembourg S.C.A. are guaranteed by Citigroup Global Markets Limited)*
2. Type of Security: [Warrants][Exercisable Certificates]
3. Governing Law: [English law][Irish law]
4. (a) Series Number: [●]
- (b) Consolidation: [Not Applicable] [On [●], Tranche [●] of the [Warrants/Exercisable Certificates] ("**Tranche**" [●]) are to be consolidated and form a single Series with the [insert title of relevant Series of [Warrants/Exercisable Certificates]] issued on [insert issue date] ("**Tranche [●]**")]
- (NB: Only applicable for fungible issues of Warrants/Exercisable Certificates)*
5. Type of [Warrant/Exercisable Certificate]: [The [Warrants/Exercisable Certificates] are [Security Index Linked / Commodity Index Linked / Commodity Linked / Share Linked /Depositary Receipt Linked / ETF Linked / Mutual Fund Linked Warrants/FX Rate Linked / Rate Linked] [Warrants/Exercisable Certificates]] (*Specify one or a combination of the above for all Warrants/Exercisable Certificates*)
- [The [Warrants/Exercisable Certificates] are [Call] [Put] [Spread] [Delta One] [Warrants/Exercisable Certificates]] (*N.B. Call/Put Spread Warrants/Exercisable Certificates*)

- may not be Debt Linked Warrants/Exercisable Certificates or FX Rate Linked Warrants/Exercisable Certificates)*
6. Exercise Style: [The [Warrants/Exercisable Certificates] are [[European Style][American Style][Multiple Exercise] [Warrants/Exercisable Certificates]]]
- [The [Warrants/Exercisable Certificates] are [Call/Put Spread [Warrants/Exercisable Certificates] and, therefore, are European Style [Warrants/Exercisable Certificates]
7. (a) Trading method: [Nominal]/[Units]
- (b) Number of [Warrants/Exercisable Certificates] being issued: The number of [Warrants/Exercisable Certificates] being issued is [●] [Warrants/Exercisable Certificates]
- [[being the equivalent of] [up to] [●] Units] *(insert only if Trading in Units is specified as applicable below)*
- (c) Total number of [Warrants/Exercisable Certificates] in issue: [●]
- (NB: Insert description of issuances and any purchases and cancellations for fungible issues of Warrants/Exercisable Certificates. Otherwise, this will be the same as the sub-paragraph (b) above)*
- (d) Minimum trading size: [[●] [Warrants/Exercisable Certificates] *insert if Trading in Nominal is specified as applicable below:* [being the equivalent of] [up to] [●] in nominal amount] *insert if Trading in Units is specified as applicable below:* [being the equivalent of] [up to] [●] Units]] [Not Applicable]
- (e) Multiple trading size: [[●] [Warrants/Exercisable Certificates] *insert if Trading in Nominal is specified as applicable below:* [being the equivalent of] [up to] [●] in nominal amount] *insert if Trading in Units is specified as applicable below:* [being the equivalent of] [up to] [●] Units]] [Not Applicable]
- (If a minimum trading size exists, this represents the higher integral multiple amount)*
8. Trading in Units: [Not Applicable] [[Warrants/Exercisable Certificates] must be exercised in Units. Each Unit consists of [●] [Warrants/Exercisable Certificates]] *(N.B. This is in addition to any requirements relating to "Minimum Exercise Number" or "Maximum Exercise Number" set out below)*
- (If not applicable delete the remaining sub-paragraphs of this paragraph)*
- (a) Unit value: [●] per Unit
- (b) Aggregate proceeds amount: [●] *(N.B. Specify as an amount calculated by multiplying the Issue Price and the aggregate issue size)*
9. Trading in Nominal: [Applicable] [Not Applicable]
- (If not applicable delete the remaining sub-paragraph of this paragraph)*

FORM OF FINAL TERMS – WARRANTS AND EXERCISABLE CERTIFICATES

- (a) Nominal amount per [●] per [Warrant/Exercisable Certificate] *(Include only if Trading in Nominal is specified as applicable above)*
[Warrant/Exercisable Certificate]:
10. (a) Issue Date: [●]
(b) Trade Date: [●]
11. Issue Price: [●] per [Warrant/Exercisable Certificate/Unit]
12. Settlement Currency: [●]
13. Business Day Centre(s): The applicable Business Day Centre(s) for the purposes of the definition of "Business Day" in General Condition 3 [is/are] [●]
14. Settlement: Settlement will be by way of [cash payment ("Cash Settled [Warrants/Exercisable Certificates] ")] [and/or] [physical delivery ("Physical Delivery [Warrants/Exercisable Certificates] ")]

(Call/Put Spread Warrants/Exercisable Certificates are Cash Settled Warrants/Exercisable Certificates)
15. Hedging Taxes: [Applicable] [Not Applicable]
16. Form of the [Warrants/Exercisable Certificates]: Registered Form: [Regulation S Global Registered WEC Security] [Regulation S Global Bearer WEC Security] [Rule 144A Global Registered WEC Security] [Combined Global Registered WEC Security]

(N.B. Security Index Linked Warrants/Exercisable Certificates, Commodity Index Linked Warrants/Exercisable Certificates, FX Rate Linked Warrants/Exercisable Certificates and Commodity Linked Warrants/Exercisable Certificates may only be issued in Regulation S Global Security form by CGMFL)
17. Calculation Agent: The Calculation Agent is [Citigroup Global Markets Limited][Citibank N.A., London Branch][Citibank N.A., New York Branch] [●] at [●] [(acting through its [●] department/group (or any successor department/group))]
18. Determinations [Sole and Absolute Determination] [Commercial Determination]
19. Additional Requirements (General Condition 14 *(Substitution of the Issuer or the CGMFL Guarantor)*): [Not Applicable/Applicable]
- INTEREST (IF ANY)**
20. Fixed Rate [Warrant/Exercisable Certificates] Provisions [Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph) (NB: Fixed Rate Warrant/Exercisable Certificates Provisions may only be applicable in respect of English Law Warrants/Exercisable Certificates or Irish Law Warrants/Exercisable Certificates)

FORM OF FINAL TERMS – WARRANTS AND EXERCISABLE CERTIFICATES

- (a) Interest Rate[(s)]: [●] per cent. per annum [payable [annually/semi-annually/quarterly/monthly/[other] (specify)] in arrear]
- (b) Interest Commencement Date: [Specify/Issue Date/Not applicable]
- (c) Interest Payment Date(s): [●] in each year [adjusted in accordance with [specify Business Day Convention]/not adjusted]
- (NB: For certain Renminbi Warrants/Exercisable Certificates in respect of which the Interest Payment Dates are subject to modification, Modified Following Business Day Convention should apply)*
- (d) Interest Period End Date(s): [Interest Payment Date(s)/ [●] in each year [adjusted in accordance with [specify Business Day Convention]/not adjusted]]
- (e) Interest Amount[(s)]: [●] per Calculation Amount
- (f) Calculation Amount: [●] [Unit]
- (g) Day Count Fraction: [30/360]/[Actual/Actual(ICMA)]/[Actual/365 (Fixed)]/[Actual/365 (Sterling)]/[1/1] *(NB: Applicable for Renminbi Warrants/Exercisable Certificates)*
- (h) Determination Dates: [[●] in each year *(Insert regular interest payment dates, ignoring issue date or maturity date in the case of a long or short first or last coupon. NB: only relevant where Day Count Fraction is Actual/Actual (ICMA))*]
- (i) Business Day Convention: [Following Business Day Convention/Modified Following Business Day Convention/Preceding Business Day Convention]

PUT/CALL [SPREAD] [DELTA ONE] [WARRANTS/ EXERCISABLE CERTIFICATES]

21. Terms of Put/Call [Spread] [Delta One] [Warrants/Exercisable Certificates] [Applicable. The [Warrants/Exercisable Certificates] are [Put] [Call] [Spread] [Delta One] [Warrants/Exercisable Certificates]] [Not Applicable]

(If Not Applicable, delete the remaining sub-paragraphs of this Part A of the Final Terms)

Settlement and exercise

- (a) Settlement Date(s): The settlement date(s) for the [Warrants/Exercisable Certificates] [is/are] [●] [or, if [any] such date is not a Business Day, the immediately [succeeding/preceding] Business Day] [the [●] Business Day following the [last occurring] [Valuation Date] [Averaging Date] in respect of the relevant Actual Exercise Date]
- (N.B. In relation to Mutual Fund Linked Warrants/Exercisable Certificates, consideration should be given to when the value of the relevant Fund Interest will be published)*
- (b) Exercise Date(s): [The exercise date of the [Warrants/Exercisable Certificates] is [●], provided that, if such date is not a Business Day, the Exercise Date shall be the immediately [preceding/succeeding] Business Day.] *(N.B. Only*

applicable in relation to European Style Warrants/Exercisable Certificates)

[The exercise dates of the [Warrants/Exercisable Certificates] are [●], [●] and [●], provided that, if any such date is not a Business Day, that Exercise Date shall be the immediately [preceding/succeeding] Business Day.] *(N.B. Only applicable in relation to Multiple Exercise Warrants/Exercisable Certificates)*

[As defined in General Condition 3 (*Definitions*))] *(N.B. Only applicable in relation to American Style Warrants/Exercisable Certificates)*

(c) Exercise Period: The exercise period in respect of the [Warrants/Exercisable Certificates] is from and including [●] to and including [●] [or, if [●] is not a Business Day, the immediately succeeding Business Day] [Not Applicable]

(d) Minimum Exercise Number: [The minimum number of [Warrants/Exercisable Certificates] that may be exercised (including automatic exercise) on any day by any [Warrantholder/Exercisable Certificateholder] is [●] [and [Warrants/Exercisable Certificates] may only be exercised (including automatic exercise) in integral multiples of [●] [Warrants/Exercisable Certificates] in excess thereof]] [Not Applicable]

(e) Maximum Exercise Number: [The maximum number of [Warrants/Exercisable Certificates] that may be exercised on any day by any [Warrantholder/Exercisable Certificateholder] or group of [Warrantholders/Exercisable Certificateholders] (whether or not acting in concert) is [●]] [Not Applicable]

[The Actual Exercise Date for each additional Quota shall be each of the succeeding Business Days until all such [Warrants/Exercisable Certificates] have been attributed with an Actual Exercise Date, subject as provided in General Condition 7(a)(ii)]

(N.B. Not applicable for European Style Warrants/Exercisable Certificates or Multiple Exercise Warrants/Exercisable Certificates)

(f) Extension of Exercise Period: [Applicable/Not Applicable]

(N.B. Only applicable in relation to American Style Warrants/Exercisable Certificates)

(g) Automatic Exercise: Automatic Exercise [applies/does not apply]

(Automatic Exercise applies for German Law Warrants/Exercisable Certificates)

Cash Settlement Amount

(h) Cash Settlement Amount: The Cash Settlement Amount shall be determined as set out in Valuation and Settlement Condition [2(a)(i)(A)] [2(a)(i)(B)] [2(a)(ii)(A)] [2(a)(ii)(B)] [2(a)(iii)(A)] [2(a)(iii)(B)] [2(a)(iii)(C)] [2(a)(iv)] [2(b)(i)] [2(b)(ii)] [2(b)(iii)] [2(b)(iv)] [(Consideration to be given to whether the Cash Settlement Amount should include accrued interest

or whether, for English Law Warrants/Exercisable Certificates or Irish Law Warrants/Exercisable Certificates, the amount payable is the Cash Settlement Amount plus accrued interest)]

For the purposes of Valuation and Settlement Condition [2(a)(i)(B)] [2(a)(ii)(B)] [2(a)(iii)(B)] [2(a)(iii)(C)] [2(a)(iv)], Rate 1 is [●] and Rate 2 is [●] (*Specify where the Warrants/Exercisable Certificates are Rate Linked Warrants relating to a basket of Rates*)

- (i) [Exercise Price]: Price/Strike [[●] per [Warrant/Exercisable Certificate/Unit]

(N.B. This should take into account any relevant Weighting and, in the case of an Index Warrant, may be expressed as a monetary value on the same basis as the Index Currency, if any)]

[The strike price of the Underlying is [●]] [The strike price for each Underlying is as follows: *[insert table setting out Strike Prices for each Underlying]*]

- (j) Weighting: [The weighting to be applied to each Underlying to ascertain the Settlement Price is [●]] [The weighting for each Underlying is as follows: *[insert table setting out Weightings for each Underlying]*]

- (k) Commission: [[●]/Not Applicable]

- (l) Exchange Rate: [Not Applicable] [Calculation Agent Determination][Screen Page Determination] applies [and the relevant Screen Page is [●] and the relevant time is [●]]

- (m) Cap: [●] [Not Applicable]

- (n) Floor: [●] [Not Applicable]

- (o) Multiplier: [[●] [%]] [Not Applicable]

- (p) Fixed Percentage: [[●] [%]] [Not Applicable]

- (q) Lower Strike: [[●] [%]] [Not Applicable]

- (r) Upper Strike: [[●] [%]] [Not Applicable]

- (s) Nominal Amount: [The nominal amount which is to be used to determine [the/each] Cash Settlement Amount pursuant to [General Condition 5(b)(i)][Valuation and Settlement Condition 2] is [●] [and the relevant screen page is [●]] [Not Applicable] (*N.B. a Nominal Amount must be specified for (i) Call / Put Warrants/Exercisable Certificates, (ii) Call / Put Spread Warrants/Exercisable Certificates where the relevant Underlying(s) are Rates and Averaging does not apply and (iii) Delta One Warrants/Exercisable Certificates*)

- (t) Strike: [[●] %] [Not Applicable]

- (u) Margin: [●] [Not Applicable]

(N.B. pursuant to each of the formulae for Call Warrants/Exercisable Certificates, Put

Warrants/Exercisable Certificates, Call Spread Warrants/Exercisable Certificates and Put Spread Warrants/Exercisable Certificates relating to Rates, the Margin will be added to the Settlement Price. If the Margin should be subtracted from the Settlement Price, the Margin should be specified here to be a negative number)

(v) Rates Day Count Fraction: [30/360]

[Actual/365 (Fixed)]

[Actual/365 (Sterling)]

[Actual/360]

[Not Applicable]

(N.B Only applicable to Rate Linked Warrants/Exercisable Certificates where a day count fraction is required to be applied to the Rate (e.g. in the event that there are multiple Exercise Dates.)

(w) Payment of Dividends: [Not Applicable] [Applicable - The definition in Valuation and Settlement Condition 5 (*Definitions*) applies and, for which purpose, the Dividend Percentage is [●]%

(N.B. Only applicable in relation to Call Warrants/Exercisable Certificates or Put Warrants/Exercisable Certificates for which the Underlying is a Share, a Depositary Receipt, an ETF Share or a Fund Interest)

Valuation

(N.B. Only applicable in relation to Cash Settled Warrants/Exercisable Certificates)

(x) Averaging: Averaging [applies/does not apply] to the [Warrants/Exercisable Certificates]. [The Averaging Dates [in respect of each Actual Exercise Date] are [the Valuation Dates [in respect of such Actual Exercise Date]]]

[Initial Averaging: [Applicable] [Not Applicable]]

[Final Averaging: [Applicable] [Not Applicable]]

(N.B. Initial / Final Averaging only applicable in relation to Put/Call Spread Warrants/Exercisable Certificates)

[The [Initial] [Final] Averaging Dates [in respect of each Actual Exercise Date] are [the [Initial] [Final] Valuation Dates specified below]] (*Repeat as necessary*)

[In the event that an Averaging Date is a Disrupted Day [Omission/Postponement/ Modified Postponement] will apply]

(y) Specified Date(s): Valuation [The [Initial] [Final] Valuation Date[s] [in respect of each Actual Exercise Date] [is/are] [●]]

[The Initial Valuation Date is [●]] (*N.B. Only applicable in relation to Put/Call Spread Warrants/Exercisable Certificates where Strike Price is not specified*)

- [[Each] such date shall be subject to adjustment [as provided in [Valuation and Settlement Condition 1/specify]
- (z) Valuation Disruption (Scheduled Trading Days): [Move in Block/Value What You Can/Not Applicable/specify] [Valuation and Settlement Condition 1(c)(i) [applies/does not apply]]
- [[Preceding/Modified Following] Scheduled Trading Day]
(Only applicable in respect of a Rate Underlying)
- (aa) Valuation Disruption (Disrupted Days): [Move in Block/Value What You Can/Not Applicable/specify] [Valuation and Settlement Condition 1(d)(i) [applies/does not apply]]
- (In relation to determination of Underlying Levels, specify adjustments to Valuation Dates where different from the Conditions)*
- (bb) Valuation Roll: [Eight] [●] [Not Applicable]
- (If no Valuation Roll is stated, Specified Maximum Days of Disruption will be equal to eight)*

TERMS RELATING TO UNDERLYING(S) FOR PUT/CALL WARRANTS/EXERCISABLE CERTIFICATES, PUT/CALL SPREAD WARRANTS/EXERCISABLE CERTIFICATES/ DELTA ONE WARRANTS/EXERCISABLE CERTIFICATES

22. Provisions relating to Underlyings:

- (i) Underlying
- (the following information may be tabulated)*
- (A) Description of Underlying(s): [specify each Underlying including ISIN or other identification number where available, as appropriate]
- (B) Classification: [Security Index/ Commodity Index/ Commodity/Share/Depository Receipt/ETF Share/ Mutual Fund Interest/FX Rate (EMTA Provisions: [Applicable/Not Applicable])/ Rate]
- (In respect of a Rate, note that only interest rates which are published on an Electronic Page may be specified)*
- (specify for each Underlying)*
- (C) Electronic Page [●] *(specify for each Underlying)*
- (ii) Particulars in respect of each Underlying: *(Delete the sub-paragraphs which are not applicable)*
- (the following information may be tabulated)*
- [Security Index/Indices: *(specify for each Underlying)*
- (A) Type of Index: [Single Exchange Index/Multiple Exchange Index][Bond Index]
- (B) Exchange(s): [●] / [Shanghai Stock Exchange/Shenzhen Stock Exchange]

FORM OF FINAL TERMS – WARRANTS AND EXERCISABLE CERTIFICATES

(Where Additional Index Provisions for China Connect Service are specified as applicable for an Index, only the Shanghai Stock Exchange or the Shenzhen Stock Exchange should be specified for such Index)

PART B – OTHER INFORMATION

1. LISTING AND ADMISSION TO TRADING

Listing and admission to trading: [Application [has been/is expected to be] made by the Issuer (or on its behalf) for [Tranche [●] of] the [Warrants/Exercisable Certificates] to be admitted to trading on the [regulated market of Euronext Dublin and listed on the Official List of Euronext Dublin][the [Euro MTF Market][regulated market] of the Luxembourg Stock Exchange and listed on the Official List of the Luxembourg Stock Exchange][the regulated market of the Warsaw Stock Exchange and listed on the Warsaw Stock Exchange] [the multilateral trading facility of the Vienna MTF of the Vienna Stock Exchange] with effect from on or around [●]]

[Tranche [●] of the [Warrants/Exercisable Certificates] has been admitted to trading on the regulated market of [Euronext Dublin and have been listed on the Official List of Euronext Dublin][the [Euro MTF Market][regulated market of the Luxembourg Stock Exchange] and have been listed on the Official List of the Luxembourg Stock Exchange][the regulated market of the Warsaw Stock Exchange and have been listed on the Warsaw Stock Exchange][the multilateral trading facility of the Vienna MTF of the Vienna Stock Exchange] with effect from [●]] (Where documenting a fungible issue, need to indicate that original *Warrants/Exercisable Certificates* are already admitted to trading)].

2. INTERESTS OF NATURAL AND LEGAL PERSONS INVOLVED IN THE ISSUE

[Save for any fees payable to [the Dealer[s]/the distributor(s)/ [●]], so far as the Issuer [and the CGMFL Guarantor] [is/are] aware, no person involved in the issue of the [Warrants/Exercisable Certificates] has an interest material to the issue.] [The [Dealer(s)/distributors] and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform other services for, the Issuer and its affiliates [and the CGMFL Guarantor and its affiliates] in the ordinary course of business] (*Amend as appropriate if there are other interests*)

3. INFORMATION ABOUT THE PAST AND FURTHER PERFORMANCE AND VOLATILITY OF [THE/EACH] UNDERLYING

Information about the past and further performance of [the/each] Underlying is available [but not] free of charge from [the [Bloomberg page/Reuters screen/Exchange] specified for [the/each such] Underlying in Part A above] [*specify other source*].]

[*Include a clear and comprehensive explanation of how the value of the investment is affected by the Underlying and the circumstances when the risks are most evident*]

4. REASONS FOR THE OFFER/USE OF PROCEEDS, ESTIMATED NET PROCEEDS AND TOTAL EXPENSES

(i) [Reasons for the offer: [See "Use of Proceeds" in the section entitled ["Description of Citigroup Global Markets Holdings Inc."] ["Description of Citigroup Global Markets Funding Luxembourg S.C.A."] in the Base Prospectus]/[●]]

(ii) [Estimated net proceeds: [●]]

(*For retail securities, if proceeds are intended for more than one use, will need to split out and present in order of*

priority. If proceeds insufficient to fund all proposed uses state amount and sources of other funding)]

- (iii) [Estimated total expenses/ Estimate of total expenses related to admission to trading]: [●] *(For retail securities, estimated total expenses are required to be broken down into each principal intended "use" and presented in order of priority of such "uses". Include the taxes to be charged to the subscriber/purchaser, to the extent known, if the offer is a retail offer subject to PRIIPS or MiFID II.) (For wholesale securities, provide an estimate of the total expenses related to the admission to trading)]*

5. **[YIELD (Fixed Rate Warrants/ Exercisable Certificates only)]** [Applicable/Not Applicable]

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

[Indication of yield: [specify rate or range of rates]]

6. **EU BENCHMARKS REGULATION - ARTICLE 29(2) STATEMENT ON BENCHMARKS**

[Not Applicable [with respect to [specify out of scope benchmark(s)]]¹²]

[[specify benchmark] is provided by [administrator legal name]] (Repeat as necessary)

[As at the date hereof, [administrator legal name] [appears/does not appear] in the register of administrators established and maintained by the European Securities and Markets Association ("ESMA") pursuant to Article 36 of the Benchmarks Regulation (the "ESMA Register") [and no public notice has been included in the ESMA Register with respect to [administrator legal name].] [As far as the Issuer is aware, [[administrator legal name]]¹³, as administrator of [specify benchmark], is not required to be registered by virtue of Article 2 of the EU Benchmarks Regulation] [the transitional provisions in Article 51 of the EU Benchmarks Regulation apply, such that [administrator legal name] is not currently required to obtain recognition or endorsement or to benefit from an equivalence decision)] [the transitional provisions in the EU Benchmarks Regulation apply such that [administrator legal name] is not currently required to be included in the ESMA Register as authorised, registered or, if located outside the European Union, recognised, endorsed or equivalent]¹⁴ [, PROVIDED THAT [administrator legal name] has submitted an application for recognition or endorsement (as applicable) and unless and until such application has failed or been refused]¹⁵] (Repeat as necessary)

[Certain amounts payable under the [Warrants/Exercisable Certificates] are calculated by reference to [specify out of scope benchmark(s)], which [is/are] provided by [administrator legal name(s)] – if more than one, specify in relation to each relevant benchmark].

¹² Insert if, as far as the Issuer is aware, the Final Terms reference one or more benchmarks which are out of scope of the EU Benchmarks Regulation. Note from 1 January 2026, only critical benchmarks, significant benchmarks, EU Paris-Aligned Benchmarks, EU Climate Transition Benchmarks and commodity benchmarks subject to Annex II of the EU Benchmarks Regulation will be in scope.

¹³ Insert from, 1 January 2026 for a significant benchmark under the EU Benchmarks Regulation and ensure the ESMA Register is checked for public notices.

¹⁴ Include in relation to third country benchmark administrators/benchmarks relying on the Article 51(5) EU Benchmarks Regulation transitional provisions up to and include 31 December 2025. Note that the Articular 51(5) EU Benchmarks Regulation transitional provisions for third country benchmarks will expire on 31 December 2025 (subject to certain exemptions for FX benchmarks).

¹⁵ Include if the transitional provisions apply to an administrator/benchmark after 1 January 2026. From 1 January 2026, the transitional provisions in the EU Benchmarks Regulation will only apply (subject to certain exceptions for FX benchmarks) to the extent the relevant administrator has submitted an application for recognition or endorsement before this date which has not been refused by ESMA (Article 51(5) of the EU Benchmarks Regulation) or, in relation to significant benchmarks, has initiated procedures to obtain registration, authorisation, endorsement or recognition (as required by Article 24a of the EU Benchmarks Regulation) after being designated as significant.

As at the date hereof, [administrator legal name] is included in [the ESMA Register as provided above] [the register of administrators established and maintained by [the European Securities and Markets Authority ("ESMA")/ESMA]] pursuant to Article 36 of the EU Benchmarks Regulation] as it provides benchmarks other than [specify relevant out of scope benchmark(s)] that are in scope of the BMR. However, as far as the Issuer is aware, [specify benchmark(s)] that are referenced in this Final Terms [is/are] not required to be registered by virtue of Article 2 of the EU Benchmarks Regulation.]¹⁶ (Repeat as necessary)

(Delete this paragraph if not applicable)

[ANNEX

SUMMARY OF THE [WARRANTS/EXERCISABLE CERTIFICATES]

(insert completed Summary for the Warrants/Exercisable Certificates where the issue price or notional amount of the Warrants/Exercisable Certificates is less than EUR100,000)]

SECTION H.7 – FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

The Pricing Supplement relating to each issue of Warrants/Exercisable Certificates may contain (without limitation) such of the following information as is applicable in respect of such Warrants/Exercisable Certificates.

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS - [Other than with respect to offers of the [Warrants/Exercisable Certificates] in [specify jurisdiction(s)] for which an EU PRIIPs KID is being prepared] [during the period[s] [●]-[●] (repeat periods as necessary), [T]/[t]The [Warrants/Exercisable Certificates] are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended or superseded, "**MiFID II**"); or (ii) a customer within the meaning of Directive (EU) 2016/97 (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended, the "**EU Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**EU PRIIPs Regulation**") for offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.]

[PROHIBITION OF SALES TO UK RETAIL INVESTORS - [Other than with respect to offers of the [Warrants/Exercisable Certificates] in the United Kingdom for which a UK PRIIPs KID is being prepared] [during the period[s] [●]-[●] (repeat periods as necessary),] [T]/[t]he [Warrants/Exercisable Certificates] are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "**EUWA**"); (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, the "**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the EUWA (the "**UK Prospectus Regulation**"). Consequently[, save as provided above,] no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the [Warrants/Exercisable Certificates] or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]

The Base Listing Particulars referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of [Warrants/Exercisable Certificates] in (i) any Member State of the European Economic Area will be made pursuant to an exemption under the EU Prospectus Regulation from the requirement to publish a prospectus for offers of the [Warrants/Exercisable Certificates] and (ii) the United Kingdom ("UK") will be made pursuant to an exemption under the UK Prospectus Regulation from the requirement to publish a prospectus for offers of the [Warrants/Exercisable Certificates]. Accordingly and subject as provided above, any person making or intending to make an offer in that Member State or the UK of [Warrants/Exercisable Certificates] may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or section 85 of the Financial Services and Markets Act (as amended, the "**FSMA**"), as applicable, or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation or UK Prospectus Regulation, as applicable, in each case, in relation to such offer. None of the Issuer[, the CGMFL Guarantor] and any Dealer has authorised, nor do they authorise, the making of any offer of the [Warrants/Exercisable Certificates] in any other circumstances.

For the purposes of the above paragraph, the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1127 and "**UK Prospectus Regulation**" means Regulation (EU) 2017/1129 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended).

[PROHIBITION OF OFFER TO PRIVATE CLIENTS IN SWITZERLAND - [Other than with respect to offers of the [Warrants/Exercisable Certificates] [during the period[s] [●] to [●] (*repeat periods as necessary*),] for which a key information document according to the Swiss Federal Financial Services Act ("**FinSA**") or an equivalent document under FinSA has been prepared], [t][T]he [Warrants/Exercisable Certificates] are not intended to be offered or recommended to private clients within the meaning of [the Swiss Federal Financial Services Act ("**FinSA**")/FinSA] in Switzerland. For these purposes, a "private client" means a person who is not one (or more) of the following: (i) a professional client as defined in Article 4(3) FinSA (not having opted-in on the basis of Article 5(5) FinSA) or Article 5(1) FinSA; or (ii) an institutional client as defined in Article 4(4) FinSA; or (iii) a private client with an asset management agreement according to Article 58(2) FinSA.]¹

[This Pricing Supplement has not been and will not be filed and deposited with a review body in Switzerland for entry on the list according to Article 64(5) of [the Swiss Federal Financial Services Act ("**FinSA**")/FinSA]. Accordingly, the [Warrants/Exercisable Certificates] may not be publicly offered, directly or indirectly, in Switzerland within the meaning of FinSA, other than pursuant to an exemption under Article 36(1) FinSA or where such offer does not qualify as a public offer in Switzerland. Neither this Pricing Supplement nor any other offering or marketing material relating to the [Warrants/Exercisable Certificates] constitutes a prospectus pursuant to FinSA, and neither this Pricing Supplement nor any other offering or marketing material relating to the [Warrants/Exercisable Certificates] may be publicly distributed or otherwise made publicly available in Switzerland.]²

[The [Warrants/Exercisable Certificates] do not constitute a participation in a collective investment scheme in the meaning of the Swiss Federal Act on Collective Investment Schemes ("CISA**").** They are neither subject to authorisation nor supervision by the Swiss Financial Market Supervisory Authority FINMA, and investors in [Warrants/Exercisable Certificates] will not benefit from protection under the CISA or supervision by any Swiss regulatory authority and are exposed to the risk of the Issuer and Guarantor (if applicable).]³

The [Warrants/Exercisable Certificates] have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), or the securities laws of any State thereof. The [Warrants/Exercisable Certificates] do not constitute, and have not been marketed as, contracts of sale of a commodity for future delivery (or options thereon) subject to the United States Commodity Exchange Act of 1936, as amended (the "**CEA**"), and trading in the [Warrants/Exercisable Certificates] has not been approved by the Commodity Futures Trading Commission (the "**CFTC**") pursuant to the CEA. No person has registered nor will register as a commodity pool operator of the Issuer under the CEA and the rules of the CFTC thereunder. The Issuer has not registered and will not register as an investment company under the U.S. Investment Company Act of 1940, as amended.

[Accordingly, the [Warrants/Exercisable Certificates] are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**"). Each purchaser of the [Warrants/Exercisable Certificates] or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted Non-U.S. Purchaser and that it will not sell or otherwise transfer the [Warrants/Exercisable Certificates] or any beneficial interest therein at any time except to (1) the Issuer or its affiliates or (2) a Permitted Non-U.S. Purchaser in an offshore transaction in compliance with Regulation S.]⁴

[Accordingly, the [Warrants/Exercisable Certificates] are being offered only to persons who are Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the [Warrants/Exercisable Certificates] or any beneficial interest therein will be deemed to have represented and agreed that it is a Permitted QIB Purchaser and that it will not sell or otherwise transfer the [Warrants/Exercisable Certificates] or any beneficial interest therein at any time except to

¹ Include if Warrants are debt instruments with a "derivative character" for the purpose of FinSA and are offered in Switzerland.

² Include if Warrants are offered in Switzerland.

³ Include if Warrants are offered in Switzerland.

⁴ Include for Regulation S Global Securities and Securities issued in dematerialised form.

(1) the Issuer or its affiliates or (2) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]⁵

[Accordingly, the [Warrants/Exercisable Certificates] are being offered only to persons who are Permitted Non-U.S. Purchasers in offshore transactions in reliance upon Regulation S under the Securities Act ("**Regulation S**") or Permitted QIB Purchasers in reliance upon Rule 144A under the Securities Act ("**Rule 144A**"). Each purchaser of the [Warrants/Exercisable Certificates] or any beneficial interest therein will be deemed to have represented and agreed that it is either a Permitted Non-U.S. Purchaser or a Permitted QIB Purchaser and that it will not sell or otherwise transfer the [Warrants/Exercisable Certificates] or any beneficial interest therein at any time except to (1) the Issuer or its affiliates, (2) a Permitted Non-U.S. Purchaser in compliance with Regulation S or (3) a Permitted QIB Purchaser in compliance with Rule 144A and the securities laws of each State of the United States.]⁶

[A "**Permitted Non-U.S. Purchaser**" is a person that (i) is outside the United States at the time of any offer or sale of the [Warrants/Exercisable Certificates] to it and is not a "U.S. person" as such term is defined under Rule 902(k)(1) of Regulation S or "in the United States" as such term is defined in Rule 202(a)(30)-1(c)(3)(i) under the U.S. Investment Advisers Act of 1940, as amended ("**Advisers Act**"); (ii) does not come within any definition of U.S. person for any purpose under the CEA or any rule, order, guidance or interpretation proposed or issued by the CFTC under the CEA (for the avoidance of doubt, a U.S. person shall include without limitation (a) any person who is either (x) not a "Non-United States person" as such term is defined under CFTC Rule 4.7(a)(1)(iv), but excluding, for the purposes of subsection (D) thereof, the exception for qualified eligible persons who are not "Non-United States persons" or (y) not a "foreign located person" as defined in CFTC Rule 3.10(c)(1)(ii) and (b) any person who is a "U.S. Person" or a "Significant Risk Subsidiary", or benefits from a "Guarantee", in each case as such terms are defined in CFTC Rule 23.23(a) under the CEA, as such rule may be amended, revised, supplemented or superseded); (iii) is not a "U.S. Person" as defined in Rule 3a71-3(a)(4) under the United States Securities Exchange Act of 1934, as amended; and (iv) is not, and whose purchase and holding of the [Warrants/Exercisable Certificates] is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]⁷

[A "**Permitted QIB Purchaser**" is a person that (i) is a "qualified institutional buyer" (as defined in Rule 144A) (a "**QIB**"), purchasing (or holding) the [Warrants/Exercisable Certificates] for its own account or for the account of one or more QIBs and is aware that the offer and sale to it is being made in reliance on Rule 144A; and (ii) is not, and whose purchase and holding of the [Warrants/Exercisable Certificates] is not made on behalf of or with "plan assets" of, an employee benefit plan subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), a plan, individual retirement account or other arrangement subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") or an employee benefit plan or other plan or arrangement subject to any laws, rules or regulations substantially similar to Title I of ERISA or Section 4975 of the Code.]⁸

For a description of certain restrictions on offers and sales of [Warrants/Exercisable Certificates], see "*General Information relating to the Programme and the Securities – Subscription and Sale and Transfer and Selling Restrictions*" in the Base Listing Particulars.

Notwithstanding anything to the contrary in this Pricing Supplement or the Base Listing Particulars (as defined below), all persons may disclose to any and all persons, without limitation of any kind, the United States federal, state and local tax treatment of the [Warrants/Exercisable Certificates], any fact relevant to understanding the United States federal, state and local tax treatment of the [Warrants/Exercisable Certificates], and all materials of any kind (including opinions or other tax analyses) relating to such

⁵ Include for Rule 144A Global Securities.

⁶ Include for Combined Global Securities.

⁷ Include for (a) Regulation S Global Securities and Securities issued in dematerialised form and (b) Combined Global Securities only. Clauses (ii) and (iii) should not be included if the applicable Issue Terms specifies that "Permitted Non-U.S. Purchaser (Regulation S Only)" applies.

⁸ Include for (a) Rule 144A Global Securities and (b) Combined Global Securities only.

United States federal, state and local tax treatment other than the names of the parties or any other person named herein, or information that would permit identification of the parties or other non-public business or financial information that is unrelated to the United States federal, state or local tax treatment of the [Warrants/Exercisable Certificates] with respect to such person and is not relevant to understanding the United States federal, state or local tax treatment of the [Warrants/Exercisable Certificates] with respect to such person.

[The contents of this Pricing Supplement have not been reviewed by any regulatory authority in Hong Kong. You are advised to exercise caution in relation to the offer. If you are in any doubt about any content of this Pricing Supplement, you should obtain independent professional advice.]

[Notification under Section 309B(1)(c) of the Securities and Futures Act (Chapter 289) of Singapore (the "SFA") - The Issuer has determined the classification of the [Warrants/Exercisable Certificates] as prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]⁹

[By the purchase of any [Warrants/Exercisable Certificates], each [Warrantholder/Certificateholder] will be deemed to have represented and warranted that the acquisition of the [Warrant/Exercisable Certificates] by it will not contravene any charter, investment objectives or internal policies, or any applicable laws or regulations, including without limitation, Section 12(d)(3) of the U.S. Investment Company Act and the rules promulgated thereunder.]

3. Governing Law: [English law][German law][Irish law]
4. (a) Series Number: [●]
 (b) Consolidation: [Not Applicable] [On [●], Tranche [●] of the [Warrants/Exercisable Certificates] ("**Tranche [●]**") are to be consolidated and form a single Series with the [insert title of relevant Series of [Warrants/Exercisable Certificates]] issued on [insert issue date] ("**Tranche [●]**")]
(NB: Only applicable for fungible issues of Warrants/Exercisable Certificates)
5. Type of [Warrant/Exercisable Certificates]: The [Warrants/Exercisable Certificates] are [[Security Index Linked / Commodity Index Linked / Commodity Linked / Share Linked /Depositary Receipt Linked / ETF Linked Warrants/ Mutual Fund Linked /FX Rate Linked / Bespoke Index Linked / Rate Linked / Debt Linked] [Warrants/Exercisable Certificates]] / [specify other type of Warrant/Exercisable Certificates]] (Specify one or a combination of the above for all Warrants/Exercisable Certificates other than Credit Warrants/Exercisable Certificates)

 [The Warrants are [Call] [Put] [Spread] [Delta One] [Warrants/Exercisable Certificates]] (N.B. Call/Put Spread Warrants/Exercisable Certificates may not be Debt Linked Warrants/Exercisable Certificates, FX Rate Linked

Warrants/Exercisable Certificates or Bespoke Index Linked Warrants/Exercisable Certificates)

[The [Warrants/Exercisable Certificates] are Credit [Warrants/Exercisable Certificates]]

(N.B. Credit [Warrants/Exercisable Certificates] may only be issued by CGMFL)

[The [Warrants/Exercisable Certificates] are Long/Short [Warrants/Exercisable Certificates]] *(N.B. Long/Short Warrants/Exercisable Certificates may only be Share Linked Warrants/Exercisable Certificates, Depositary Receipt Linked Warrants/Exercisable Certificates and/or ETF Linked Warrants relating to a basket of Shares, Depositary Receipts and/or ETF Shares)*

[The Certificates are [EMEA] [LATAM] [Saudi] [APAC] [Convertible Bond] Participation Certificates [that are [Indian/China/Taiwan] Participation Certificates.] *(N.B. Participation Certificates other than APAC Convertible Bond Participation Certificates may only be Share Linked Certificates relating to a single Share and APAC Convertible Bond Participation Certificates may only be Debt Linked Certificates relating to a single Debt Security)*

6. Indian Compliance Representations, Warranties and Undertakings [Applicable] [Not Applicable]

(Where the Warrants/Exercisable Certificates are specified to be Indian Participation Certificates above, specify as applicable)

7. China Compliance Representations, Warranties and Undertakings [Applicable] [Not Applicable]

(Where the Warrants/Exercisable Certificates are specified to be China Participation Certificates above, specify as applicable)

8. Taiwan Compliance Representations, Warranties and Undertakings [Applicable] [Not Applicable]

(Where the Warrants/Exercisable Certificates are specified to be Taiwan Participation Certificates above, specify as applicable)

9. Exercise Style: The [Warrants/Exercisable Certificates] are [[European Style][American Style][Multiple Exercise][specify other] [Warrants/Exercisable Certificates]].

[The [Warrants/Exercisable Certificates] are [Call/Put] [Warrants/Exercisable Certificates] and, therefore, are European Style [Warrants/Exercisable Certificates]]

[The [Warrants/Exercisable Certificates] are Credit [Warrants/Exercisable Certificates] linked to a Notional Transaction which is a Single Name CDS and, therefore, subject as provided in the Conditions, are European Style [Warrants/Exercisable Certificates]]

[The [Warrants/Exercisable Certificates] are Credit [Warrants/Exercisable Certificates] linked to a Notional

Transaction which is an iTraxx CDS and, therefore, are Multiple Exercise [Warrants/Exercisable Certificates]]

[The [Warrants/Exercisable Certificates] are Credit [Warrants/Exercisable Certificates] linked to a Notional Transaction which is an Index Swaption and, therefore, are European Style [Warrants/Exercisable Certificates]]

[The Warrants are Long/Short Warrants and, therefore, are European Style Warrants.]

[The Exercisable Certificates are [EMEA] [LATAM] [Saudi] Participation Certificates and, therefore, are Multiple Exercise Exercisable Certificates (see the Participation Conditions Annex)]

[The Exercisable Certificates are APAC [Convertible Bond] Participation Exercisable Certificates and, therefore, are American Style Certificates]

10. (a) Trading method: [Nominal]/[Units]
- (b) Number of [Warrants/Exercisable Certificates] being issued: The number of [Warrants/Exercisable Certificates] being issued is [●]
[[being the equivalent of] [up to] [●] Units] *(insert only if Trading in Units is specified as applicable below)*
- (c) Total number of [Warrants/Exercisable Certificates] in issue: [●]
(NB: Insert description of issuances and any purchases and cancellations for fungible issues of Warrants/Exercisable Certificates. Otherwise, this will be the same as the sub-paragraph (b) above)
- (d) Minimum trading size: [[●] [Warrants/Exercisable Certificates] *(insert if Trading in Nominal is specified as applicable below: [being the equivalent of] [up to] [●] in nominal amount) [insert if Trading in Units is specified as applicable below: being the equivalent of] [up to] [●] Units]] [Not Applicable]*
- (e) Multiple trading size: [[●] [Warrants/Exercisable Certificates] *(insert if Trading in Nominal is specified as applicable below: [being the equivalent of] [up to] [●] in nominal amount) [insert if Trading in Units is specified as applicable below: being the equivalent of] [up to] [●] Units]] [Not Applicable]*

(If a minimum trading size exists, this represents the higher integral multiple amount)

11. Trading in Units: [Not Applicable] [[Warrants/Exercisable Certificates] must be exercised in Units. Each Unit consists of [●] [Warrants/Exercisable Certificates].] *(N.B. This is in addition to any requirements relating to "Minimum Exercise Number" or "Maximum Exercise Number" set out below)*

(If not applicable, delete the remaining sub-paragraphs of this paragraph)

- (a) Unit value: [●] per Unit

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

- (b) Aggregate amount: proceeds [●] (*N.B. Specify as an amount calculated by multiplying the Issue Price and the aggregate issue size*)
12. Trading in Nominal: [Applicable] [Not Applicable]
- (If not applicable, delete the remaining sub-paragraph of this paragraph)*
- (a) Nominal amount per [Warrant/Exercisable Certificates]: [●] per [Warrant/Exercisable Certificates] (*Include only if Trading in Nominal is Applicable above*)
13. (a) Issue Date: The issue date of the [Warrants/Exercisable Certificates] is [●]
- (b) Trade Date: [●]
14. Issue Price: [●] per [Warrant/Unit]

EXERCISE

15. Exercise:
- (If the information is set out elsewhere, delete remaining sub-paragraphs)*
- (a) [Exercise Price]: Price/Strike [The exercise price per [[Warrant/Exercisable Certificates]/Unit] is [●]
- (N.B. This should take into account any relevant Weighting)*
- [The Strike Price of the Underlying is [●]/specify the Strike Price for each Underlying]*
- (b) Exercise Date(s): [The exercise date of the [Warrants/Exercisable Certificates] is [●], provided that, if such date is not a Business Day, the Exercise Date shall be the immediately [preceding/succeeding] Business Day.]
- (N.B. Only applicable in relation to European Style Warrants/Exercisable Certificates)*
- [The exercise dates of the [Warrants/Exercisable Certificates] are [●], [●] and [●], provided that, if any such date is not a Business Day, that Exercise Date shall be the immediately [preceding/succeeding] Business Day]*
- (N.B. Only applicable in relation to Multiple Exercise Warrants/Exercisable Certificates)*
- [As defined in General Condition 3 (Definitions)]*
- (N.B. Only applicable in relation to American Style Warrants/Exercisable Certificates)*
- [As specified in item 25 below] (Include for Long/Short Warrants)*
- (c) Exercise Period: [The exercise period in respect of the [Warrants/Exercisable Certificates] is from and including [●] to and including [●] [, or if [●] is not a Business Day, the immediately succeeding Business Day]] [Not Applicable]

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

- (d) Extension of Exercise Period: [Applicable/Not Applicable]
(N.B. Only applicable in relation to American Style Warrants/Exercisable Certificates)
- (e) Automatic Exercise: Automatic Exercise [applies/does not apply]
(Automatic Exercise applies for Credit Warrants/Exercisable Certificates)
(Automatic Exercise applies for APAC Participation Certificates and APAC Convertible Bond Participation Certificates)
(Automatic Exercise applies for German Law Warrants/Exercisable Certificates)
- (f) Minimum Exercise Number: [The minimum number of [Warrants/Exercisable Certificates] that may be exercised (including automatic exercise) on any day by any [Warrantholder/Exercisable Certificateholder] is [●] [and [Warrants/Exercisable Certificates] may only be exercised (including automatic exercise) in integral multiples of [●] [Warrants/Exercisable Certificates] in excess thereof]] [Not Applicable]

[As specified in item 25 below] *(Include for Long/Short Warrants)*
- (g) Maximum Exercise Number: [The maximum number of [Warrants/Exercisable Certificates] that may be exercised on any day by any [Warrantholder/Exercisable Certificateholder] or group of [Warrantholders/Exercisable Certificateholders] (whether or not acting in concert) is [●]] [Not Applicable]

[The Actual Exercise Date for each additional Quota shall be each of the succeeding Business Days until all such [Warrants/Exercisable Certificates] have been attributed with an Actual Exercise Date, subject as provided in General Condition7(a)(ii)]

(N.B. Not applicable for European Style Warrants/Exercisable Certificates or Multiple Exercise Warrants/Exercisable Certificates)
16. Hedging Taxes: [Applicable/Not Applicable]

INTEREST (IF ANY)

17. Fixed Rate [Warrant/Exercisable Certificates] Provisions [Applicable/Not Applicable]
(If not applicable, delete the remaining sub-paragraphs of this paragraph)
- (a) Interest Rate[(s)]: [●] per cent. per annum [payable [annually/semi-annually/quarterly/monthly/[other] (specify)] in arrear]
- (b) Interest Commencement Date: [Specify/Issue Date/Not Applicable]
- (c) Interest Payment Date(s): [●] in each year [adjusted in accordance with [specify Business Day Convention]/not adjusted] *(NB: For certain Renminbi Warrants/Exercisable Certificates in respect of*

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

which the Interest Payment Dates are subject to modification, Modified Following Business Day Convention should apply)

- | | | |

| (d) | Interest Period End Date(s): | [Interest Payment Date(s)/ [●] in each year [adjusted in accordance with [<i>specify Business Day Convention</i>]/not adjusted]] |
| (e) | Interest Amount[(s)]: | [●] per Calculation Amount |
| (f) | Calculation Amount | [●] [Unit] |
| (g) | Day Count Fraction: | [30/360]/ [Actual/Actual(ICMA)]/ [other] [Actual/365 (Fixed)]/ [Actual/365 Sterling]/ [1/1] (NB: <i>Applicable for Renminbi Warrants/Exercisable Certificates</i>) |
| (h) | [Determination Dates: | [●] in each year (<i>Insert regular interest payment dates, ignoring issue date or maturity date in the case of a long or short first or last coupon. NB: only relevant where Day Count Fraction is Actual/Actual (ICMA)</i>) |
| (i) | Business Day Convention: | [Following Business Day Convention/Modified Following Business Day Convention/Preceding Business Day Convention/ [other] (<i>give details</i>)] |
| (j) | Other terms relating to the method of calculating interest for Fixed Rate [Warrants/Exercisable Certificates]: | [Not Applicable/ <i>give details</i>] |

VALUATION

18. Valuation: [Applicable/Not Applicable]

(Specify Not Applicable for Credit Warrants/Exercisable Certificates, otherwise specify Applicable)

(If the Warrants/Exercisable Certificates are Credit Linked Warrants/Exercisable Certificates or the information is set out elsewhere, delete remaining sub-paragraphs)

- (a) Averaging: Averaging [applies/does not apply] to the [Warrants/Exercisable Certificates]. [The Averaging Dates [in respect of each Actual Exercise Date] are [the Valuation Dates [in respect of such Actual Exercise Date]]]

[Initial Averaging: [Applicable] [Not Applicable]]

[Final Averaging: [Applicable] [Not Applicable]]

(N.B. Initial / Final Averaging only applicable in relation to Put/Call Spread Warrants/Exercisable Certificates)

[The [Initial] [Final] Averaging Dates [in respect of each Actual Exercise Date] are [the [Initial] [Final] Valuation Dates specified below]] (*Repeat as necessary*)

[[In the event that an Averaging Date is a Disrupted Day [Omission/Postponement/ Modified Postponement] will apply]

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

- (b) Specified Date(s): Valuation The [Initial] [Final] Valuation Date[s] [in respect of each Actual Exercise Date] [is/are] [●]] [The Contract Expiry Date] (*Specify for Security Index Linked Warrants/Exercisable Certificates where "Contract Valuation" is applicable*)
- [The Initial Valuation Date is [●]] (*N.B. Only applicable in relation to Put/Call Spread Warrants/Exercisable Certificates where Strike Price is not specified*)
- [[Each] such date shall be subject to adjustment [as provided in [Valuation and Settlement Condition 1/specify]]
- (c) Valuation (Scheduled Days): Disruption Trading [Move in Block/Value What You Can/Not Applicable/specify] [Valuation and Settlement Condition 1(c)(i) [applies/does not apply]]
- [[Preceding/Modified Following] Scheduled Trading Day] (*Only applicable in respect of a Rate Underlying*)
- (d) Valuation (Disrupted Days): Disruption [Move in Block/Value What You Can/Not Applicable/specify] [Valuation and Settlement Condition 1(d)(i) [applies/does not apply]]
- (*In relation to determination of Underlying Levels, specify adjustments to Valuation Dates where different from the Conditions*)
- (e) Valuation Roll: [Eight] [●] [Not Applicable]
- (*If no Valuation Roll is stated, Specified Maximum Days of Disruption will be equal to eight*)

SETTLEMENT

19. Settlement: Settlement will be by way of [cash payment ("**Cash Settled [Warrants/Exercisable Certificates]**") [and/or] [physical delivery ("**Physical Delivery [Warrants/Exercisable Certificates]**")]
- (*Call/Put Spread Warrants/Exercisable Certificates are Cash Settled Warrants/Exercisable Certificates*)
- (*Credit Warrants/Exercisable Certificates are Cash Settled Warrants/Exercisable Certificates*)
- (*Long/Short Warrants are Cash Settled Warrants*)
- (*EMEA Participation Certificates, LATAM Participation Certificates and Saudi Participation Certificates are Cash Settled Certificates*)
- (*APAC Participation Certificates and APAC Convertible Bond Participation Certificates are Cash Settled Certificates or, at the option of the Issuer or Certificateholder (where specified below that the Certificateholder has the option to vary settlement only), Physical Delivery Certificates*)
20. Variation of Settlement [Not Applicable]

(If the information is set out elsewhere or if not applicable, delete the remaining sub-paragraphs)

- (a) Issuer's option to vary settlement: The Issuer [has/does not have] the option to vary settlement in respect of the [Warrants/Exercisable Certificates] pursuant to General Condition 5(e) *(N.B. Option is only available in relation to Warrants/Exercisable Certificates represented by a Global Security)*. Cash Settled [Warrants/Exercisable Certificates] which carry this right will be treated as Physical Delivery [Warrants/Exercisable Certificates] for the purposes of the legends on the [Warrants/Exercisable Certificates]

[The Issuer does not have the option to vary settlement in respect of the Exercisable Certificates pursuant to General Condition 5(e). The Issuer has the option to elect for physical settlement where the Exercisable Certificates are cancelled on an Early Termination Date.]

(Insert for APAC Participation Certificates and APAC Convertible Bond Participation Certificates)

- (b) Warrantholder's option to vary settlement: [The [Warrantholder/Exercisable Certificateholder] [has/does not have] the option to elect for settlement [by way of cash payment/physical delivery]], subject as provided in the Conditions to the Issuer's right to elect cash settlement/*insert details*]

21. Cash Settlement Amount(s): [The Cash Settlement Amount shall be determined as set out in Valuation and Settlement Condition [2(a)(i)(A)] [2(a)(i)(B)] [2(a)(ii)(A)] [2(a)(ii)(B)] [2(a)(iii)(A)] [2(a)(iii)(B)] [2(a)(iii)(C)] [2(a)(iv)] [2(a)(v)] [2(b)(i)] [2(b)(ii)] [2(b)(iii)] [2(b)(iv)]]

[For the purposes of [Valuation and Settlement Condition [2(a)(vi)] [2(b)(v)]], the Cash Settlement Amount shall be determined [as set out in the Schedule attached hereto] *[insert details]*]

(Consideration to be given to whether the Cash Settlement Amount should include accrued interest or whether, for English Law Warrants/Exercisable Certificates or the Irish Law Warrants/Exercisable Certificates, the amount payable is the Cash Settlement Amount plus accrued interest)

(Specify the Cash Settlement Amount for APAC Participation Certificates and APAC Convertible Bond Participation Certificates)

For the purposes of Valuation and Settlement Condition [2(a)(i)(B)] [2(a)(ii)(B)] [2(a)(iii)(B)] [2(a)(iii)(C)] [2(a)(iv)], Rate 1 is [●] and Rate 2 is [●] *(Specify where the Warrants are Rate Linked Warrants relating to a basket of Rates)*

[The Cash Settlement Amount shall be determined as set out in Valuation and Settlement Condition 6]

(Insert for EMEA Participation Certificates, LATAM Participation Certificates and Saudi Participation Certificates)

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

- [As specified in item 25 below] *(Include for Long/Short Warrants)*

[The following applies if the Pricing Supplement relates to an issue of Credit Warrants/Exercisable Certificates]

PART C - FORM OF NOTIONAL TRANSACTION WHICH IS A [SINGLE NAME CDS/INDEX CDS/INDEX SWAPTION]

[(i) if the Notional Transaction is specified to be a Single Name CDS in the applicable Pricing Supplement, include the swap confirmation substantially in the form set out in Annex I below, (ii) if the Notional Transaction is specified to be an Index CDS in the applicable Pricing Supplement and the Index is an iTraxx index, include the swap confirmation substantially in the form set out in Annex II below, (iii) if the Notional Transaction is specified to be an Index Swaption in the applicable Pricing Supplement and the Index is an iTraxx index, include the swap confirmation substantially in the form set out in Annex III below or (iv) if none of the above are so specified, include such other form(s) as required]

[Annex I]

[Form of Notional Single Name CDs Transaction Confirmation]

Date:

To: [Swap Counterparty]

From: Citigroup Global Markets Funding Luxembourg S.C.A.

Re: Credit Derivative Transaction:

Dear Sir/Madam:

The purpose of this letter (this "**Confirmation**") is to confirm the terms and conditions of the Credit Derivative Transaction entered into between Citigroup Global Markets Funding Luxembourg S.C.A. ("**Party A**") and [Swap Counterparty] ("**Party B**") on the Trade Date specified below (the "**Transaction**"). This Confirmation constitutes a "Confirmation" as referred to in the ISDA Master Agreement specified below.

The definitions and provisions contained in the 2014 ISDA Credit Derivatives Definitions (the "**2014 Definitions**"), as published by the International Swaps and Derivatives Association, Inc. ("**ISDA®**"), are incorporated into this Confirmation. In the event of any inconsistency between the 2014 Definitions and this Confirmation, this Confirmation will govern.

This Confirmation evidences a complete and binding agreement between you and us as to the terms of the Transaction to which this Confirmation relates. In addition, you and we agree to use all reasonable efforts promptly to negotiate, execute and deliver an agreement in the form of an ISDA Master Agreement, with such modifications as you and we will in good faith agree. Upon the execution by you and us of such an agreement, this Confirmation will supplement, form part of, and be subject to that agreement. All provisions contained in or incorporated by reference in that agreement upon its execution will govern this Confirmation except as expressly modified below. Until we execute and deliver that agreement, this Confirmation, together with all other documents referring to an ISDA Master Agreement (each a "**Confirmation**") confirming transactions (each a "**Transaction**") entered into between us (notwithstanding anything to the contrary in a Confirmation), shall supplement, form a part of, and be subject to, an agreement in the form of the 2002 ISDA Master Agreement as if we had executed an agreement in such form (but without any Schedule except for the election of English Law as the governing law and [specify currency] as the Termination Currency) on the Trade Date of the first such Transaction between us. In the event of any inconsistency between the provisions of that agreement and this Confirmation, this Confirmation will prevail for the purpose of this Transaction.

The terms of the Transaction to which this Confirmation relates are as follows:

1. General Terms

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

Transaction Type: [●]

[Annex II]

[Form of Notional Index CDs Transaction

Confirmation

Date: [●]

To: [Swap Counterparty]

Telephone number: [●]

Facsimile number: [●]

Attention: [●]

From: Citigroup Global Markets Funding Luxembourg S.C.A.

Subject: iTraxx® Europe [*index name*] Series [●] Version [●] Master Transaction

Ref No.: [●]

The purpose of this communication (this "**Confirmation**") is to set forth the terms and conditions of the Credit Derivative Transaction entered into on the Trade Date specified below (the "**iTraxx® Master Transaction**") between Citigroup Global Markets Funding Luxembourg S.C.A. ("**Party A**") and [Swap Counterparty] ("**Party B**"). This Confirmation constitutes a "Confirmation" as referred to in the ISDA Master Agreement specified below.

The definitions and provisions contained in the 2014 ISDA Credit Derivatives Definitions as published by the International Swaps and Derivatives Association, Inc. ("**ISDA**") (the "**2014 Credit Derivatives Definitions**") and the iTraxx® Europe Untranch Standard Terms Supplement, as published by Markit Group Limited on 20 September 2014 (the "**Standard Terms Supplement**"), are incorporated into this Confirmation. In the event of any inconsistency between the 2014 Credit Derivatives Definitions or the Standard Terms Supplement and this Confirmation, this Confirmation will govern. In the event of any inconsistency between the Standard Terms Supplement and the 2014 Credit Derivatives Definitions, the Standard Terms Supplement will govern.

Party A and Party B agree that each time they enter into an iTraxx® Master Transaction they enter into a separate and independent Credit Derivative Transaction in respect of each Reference Entity (each, a "**Component Transaction**"). Each Component Transaction will have the terms specified in the Standard Terms Supplement, as modified hereby, and, subject to Paragraph 5.2 of the Standard Terms Supplement, will not be affected by any other Credit Derivative Transaction between Party A and Party B and will operate independently of each other Component Transaction in all respects.

This Confirmation evidences a complete and binding agreement between you and us as to the terms of the Transaction to which this Confirmation relates. In addition, you and we agree to use all reasonable efforts promptly to negotiate, execute and deliver an agreement in the form of an ISDA Master Agreement, with such modifications as you and we will in good faith agree. Upon the execution by you and us of such an agreement, this Confirmation will supplement, form part of, and be subject to that agreement. All provisions contained in or incorporated by reference in that agreement upon its execution will govern this Confirmation except as expressly modified below. Until we execute and deliver that agreement, this Confirmation, together with all other documents referring to an ISDA Master Agreement (each a Confirmation) confirming transactions (each a "**Transaction**") entered into between us (notwithstanding anything to the contrary in a "**Confirmation**"), shall supplement, form a part of, and be subject to, an agreement in the form of the 2002 ISDA Master Agreement as if we had executed an agreement in such form (but without any Schedule except for the election of English Law as the governing law and [*specify currency*] as the Termination Currency) on the Trade Date of the first such Transaction between us. In the event of any inconsistency between the provisions of that agreement and this Confirmation, this Confirmation will prevail for the purpose of this Transaction.

The terms of the iTraxx® Master Transaction to which this Confirmation relates are as follows:

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

[Annex III]**[Form of Notional Index Swaption Transaction****Confirmation**

Date: [●]

To: [Swap Counterparty]

Telephone number: [●]

Facsimile number: [●]

Attention: [●]

From: Citigroup Global Markets Funding Luxembourg S.C.A.

Subject: iTraxx® Europe [index name] Series [●] Version [●] Swaption Transaction

Ref NO.: [●]

The purpose of this communication (this "**Confirmation**") is to set forth the terms and conditions of the Swaption Transaction entered into on the Swaption Trade Date specified below between Citigroup Global Markets Funding Luxembourg S.C.A. ("**Party A**") and [Swap Counterparty] ("**Party B**"). This Confirmation constitutes a "**Confirmation**" as referred to in the ISDA Master Agreement specified below.

The definitions and provisions contained in the 2006 ISDA Definitions (the "**2006 Definitions**") and the 2014 ISDA Credit Derivatives Definitions (the "**Credit Derivatives Definitions**"), each as published by the International Swaps and Derivatives Association, Inc. and the iTraxx® Europe Untranchd Transactions Swaption Standard Terms Supplement, as published by Markit Group Limited on 20 September 2014 (the "**iTraxx® Swaption Standard Terms Supplement**"), are incorporated into this Confirmation. In the event of any inconsistency between the 2006 Definitions, the Credit Derivatives Definitions or the iTraxx® Swaption Standard Terms Supplement and this Confirmation, this Confirmation will govern. In the event of any inconsistency between the 2006 Definitions or the Credit Derivatives Definitions and the iTraxx® Swaption Standard Terms Supplement, the iTraxx® Swaption Standard Terms Supplement will govern. In the event of any inconsistency between the 2006 Definitions and the Credit Derivatives Definitions, the Credit Derivatives Definitions will govern in cases relating to the terms of the Underlying Swap Transaction, and the 2006 Definitions will govern in other cases.

This Confirmation evidences a complete and binding agreement between you and us as to the terms of the Transaction to which this Confirmation relates. In addition, you and we agree to use all reasonable efforts promptly to negotiate, execute and deliver an agreement in the form of an ISDA Master Agreement, with such modifications as you and we will in good faith agree. Upon the execution by you and us of such an agreement, this Confirmation will supplement, form part of, and be subject to that agreement. All provisions contained in or incorporated by reference in that agreement upon its execution will govern this Confirmation except as expressly modified below. Until we execute and deliver that agreement, this Confirmation, together with all other documents referring to an ISDA Master Agreement (each a "**Confirmation**") confirming transactions (each a "**Transaction**") entered into between us (notwithstanding anything to the contrary in a Confirmation), shall supplement, form a part of, and be subject to, an agreement in the form of the 2002 ISDA Master Agreement as if we had executed an agreement in such form (but without any Schedule except for the election of English Law as the governing law and [specify currency] as the Termination Currency) on the Trade Date of the first such Transaction between us. In the event of any inconsistency between the provisions of that agreement and this Confirmation, this Confirmation will prevail for the purpose of this Transaction.

The terms of the Swaption Transaction to which this Confirmation relates are as follows:

London E14 5LB

United Kingdom

Attention: [●]

[Warrant/Exercisable Certificates] Issue of *[aggregate number of Warrants/Exercisable Certificates]* *[Title of Warrants/Exercisable Certificates]*

Details: ISIN Number: [●]

Reference is made to the [Warrants/Exercisable Certificates] described above (the "[Warrants/Exercisable Certificates]") referencing the Notional Transaction as described in the Notional Transaction Terms between [Citigroup Global Markets Holdings Inc./Citigroup Global Markets Funding Luxembourg S.C.A.], as Seller, and Swap Counterparty, as Buyer.

Capitalized terms used and not otherwise defined in this letter shall have the meanings given them in the Conditions of the [Warrants/Exercisable Certificates] (including, for the avoidance of doubt, the Notional Transaction Terms) or, if no meaning is specified therein, in the 2014 ISDA Credit Derivatives Definitions.

[This letter is our Trigger Notice to you that a *[insert type]* Credit Event occurred with respect to *[insert name]* on or about *[insert date]*, when *[describe Credit Event]*. We hereby instruct you to deliver a Credit Event Notice under the Notional Transaction in respect of such Credit Event.

[This Trigger Notice applies to the following Exercise Amount: *[insert Exercise Amount]*.]¹²

[This letter is our Trigger Notice to you that a Potential Repudiation/Moratorium occurred with respect to *[insert name]* on *[insert date]*, when *[describe Potential Repudiation/Moratorium]*. We hereby instruct you to deliver a Potential Repudiation/Moratorium Extension Notice under the Notional Transaction in respect of such Potential Repudiation/Moratorium.]³

¹ Only to be included where the applicable Credit Event is an M(M)R Restructuring and the Warrantholder intends to specify an Exercise Amount less than the Floating Rate Payer Calculation Amount under Notional Transaction

² Include if the Trigger Notice relates to the occurrence of a Credit Event

³ Include if the Trigger Notice relates to the occurrence of a Potential Repudiation/Moratorium Event

FORM OF PRICING SUPPLEMENT – WARRANTS AND EXERCISABLE CERTIFICATES

[We provide the Publicly Available Information attached hereto (for which purposes references in the definition of Publicly Available Information to "[**Credit Event/Repudiation/Moratorium Extension**]"⁴ "**Notice**" will be deemed to be to "Trigger Notice" and references to "**Notifying Party**" will be deemed to be to us as [Warrantholder/Exercisable Certificateholder]) in relation to the [Credit Event/Potential Repudiation/Moratorium].]⁵

Sincerely,
