This Securities Note has been drawn up in accordance with Annexes 14, 22 and 28 of the Commission Delegated Regulation (EU) 2019/980, as amended, and has been approved by the Netherlands Authority for the Financial Markets (the "**AFM**") in its capacity as competent authority under the Prospectus Regulation. **The AFM only approves this Securities Note as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Securities Note and investors should make their own assessment as to the suitability of investing in the Notes.**

The Issuer has requested the AFM to notify the competent authorities in each of Belgium, France, Germany, Italy, Luxembourg, Poland and Romania providing it with a certificate of approval attesting that the Prospectus consisting of separate documents (i.e. this Securities Note and the Registration Document) has been drawn up in accordance with the Prospectus Regulation (a "**Notification**"). The Issuer may from time to time request the AFM to provide to competent authorities of other member states of the European Economic Area ("**EEA**") further Notifications concerning the approval of the Prospectus consisting of separate documents (i.e. this Securities Note and the Registration Document).

The Issuer may also issue unlisted Notes and/or Notes not admitted to trading on a market which is not a regulated market within the EEA and, where such Notes are, in addition, issued with a minimum denomination of at least €100,000 (or its equivalent in any other currency at the date of issue of the Notes) or otherwise fall within an exemption from the requirement to publish a prospectus under the Prospectus Regulation, such Notes are hereinafter referred to as "**Exempt Notes**".

The AFM has neither approved nor reviewed information contained in this Securities Note in connection with the issue of any Exempt Notes.

Amounts payable under the Notes may be calculated by reference to the Australian Bank Bill Swap Reference Rate ("**BBSW Rate**") which is provided by ASX Benchmarks Pty Limited as administrator, the Euro Interbank Offered Rate ("**EURIBOR**") which is provided by the European Money Markets Institute ("**EMMI**") as administrator, the Secured Overnight Financing Rate ("**SOFR**") which is provided by the Federal Reserve Bank of New York as administrator, the Sterling Overnight Index Average ("**SONIA**") which is provided by the Bank of England as administrator, the Tokyo Overnight Average Rate ("**TONA**") which is provided by the Bank of Japan as administrator, or any other benchmark, in each case as specified in the applicable Final Terms. If a benchmark (other than the BBSW Rate and EURIBOR) is specified in the applicable Final Terms, the applicable Final Terms will indicate whether or not the benchmark is provided by an administrator included in the ESMA Benchmarks Register.

The registration status of any administrator under the Benchmarks Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Securities Note or any applicable Final Terms to reflect any change in the registration status of the administrator.

The Notes can be of a speculative nature and an investment in the Notes involves certain risks. Prospective investors should have regard to the risks described under the section entitled "Risk Factors" in this Securities Note, which, together with the section entitled "Risk Factors" included in the Registration Document, contains all material risks currently known to the Issuer. There may be other (material) risks which are currently not known to the Issuer. Prior to any decision to invest in the Notes, prospective investors should have regard to the risks described under the section entitled "Risk Factors" in this Securities Note and should seek independent professional advice.

Tranches of Notes to be issued under the Programme may be rated or unrated. Where a Tranche of Notes issued under the Programme is to be rated, such rating will not necessarily be the same as the relevant rating assigned to the Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not a rating in relation to any Tranche of Notes will be treated as having been issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009, as amended (the "**CRA Regulation**") will be disclosed in the relevant Final Terms. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

The Prospectus is valid for 12 months after the approval of this Securities Note in relation to PR Notes. The obligation by the Issuer to supplement the Prospectus in the event of significant new factors, material mistakes or material inaccuracies does not apply when the Prospectus is no longer valid.

Any decision to purchase the Notes should be made on a consideration of the Prospectus as a whole (comprising this Securities Note and the Registration Document) and including the relevant Final Terms.

TARN Redemption:	If “TARN Redemption” is specified as applicable in the applicable Final Terms, the Notes shall be automatically redeemed in whole, but not in part, prior to their specified maturity if at any time the cumulative rate of interest on the Notes since their issue date would become equal to or greater than the target rate specified in the applicable Final Terms.
Variable Interest Rate Notes with a multiplier or other leverage factor:	The Issuer may issue Notes with variable interest rates. Such Variable Interest Rate Notes can include multipliers or other leverage factors, or caps or floors, or any combination of those features.
Fixed Rate Notes:	The Issuer may issue Fixed Rate Notes. Such Notes will bear interest at a fixed Rate of Interest, which remains constant during the life of the Notes.
Floating Rate Notes:	The Issuer may issue Floating Rate Notes. Such Notes will bear interest at a floating Rate of Interest, which will be subject to market fluctuations in interest rates. The floating Rate of Interest at any time may be lower than the rates on other Notes.
Zero Coupon Notes:	The Issuer may issue Zero Coupon Notes. Such Notes will bear no interest and an investor will receive no return on the Notes until redemption.
Tailor-Made Interest Notes:	The Issuer may issue Tailor-Made Interest Notes. Such Notes will bear interest at a variable Rate of Interest based upon an Underlying Rate(t), which will be subject to market fluctuations, and an Underlying Margin(t) as set out in the applicable Final Terms, which may be less favourable than the margin on floating rate securities issued by the Issuer that are linked to the same reference rate as the Underlying Rate(t).
Step-Up Interest Notes:	The Issuer may issue Step-Up Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of

Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, which increases periodically during the life of the Notes by the Step-Up(t), as specified in the applicable Final Terms (other than if such Variable Rate Interest Period is the first Interest Period, for which the Notes will bear interest at a fixed Rate of Interest).

Floater Interest Notes:

The Issuer may issue Floater Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, based upon an Underlying Rate(t), which will be subject to market fluctuations, and an Underlying Margin(t), as set out in the applicable Final Terms.

In calculating the Rate of Interest in respect of any Variable Rate Interest Period, a Multiplier(t) is applied to the Underlying Rate(t). The Multiplier(t) will be specified in the applicable Final Terms.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Floater with Lock-In Interest Notes:

The Issuer may issue Floater with Lock-In Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, based (subject to the Underlying Rate(t) for an Interest Payment Date(t) meeting the Lock-In Criterion with respect to the Lock-In(t)) upon an Underlying Rate(t), which will be subject to market fluctuations, and an Underlying Margin(t), as specified in the applicable Final Terms.

In calculating the Rate of Interest in respect of any Variable Rate Interest Period (i) in respect of which the Underlying Rate(t) does not meet the Lock-In Criterion with respect to the Lock-In(t) (each as specified in the applicable Final Terms) and (ii) where no previous Underlying Rate(t) has met the Lock-In Criterion with respect to the Lock-In(t), a Multiplier(t) is applied to the Underlying Rate(t) and such Rate of Interest is capped at the Cap(t). Both the

Multiplier(t) and the Cap(t) will be specified in the applicable Final Terms.

If the Underlying Rate(t) meets the Lock-In Criterion with respect to the Lock-In(t), then the Rate of Interest payable in respect of such Interest Payment Date(t) and all subsequent Interest Payment Dates, regardless of the Underlying Rate(t) on such subsequent Interest Payment Dates, will be the Rate of Interest(Lock-In)(t), as set out in the applicable Final Terms.

Reverse Floater Interest Notes:

The Issuer may issue Reverse Floater Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, equal to the Fix(t), as specified in the applicable Final Terms, minus the Underlying Rate(t) (multiplied by a Multiplier(t) specified in the applicable Final Terms), which will be subject to market fluctuations.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Ratchet Floater Interest Notes:

The Issuer may issue Ratchet Floater Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed Rate of Interest(Fixed)(t) during any Interest Period(t) falling within the Fixed Rate Interest Period.

“Ratchet Floor without Cap”

If the Final Terms specify that “Ratchet Floor without Cap” will be applicable, the Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period. The Rate of Interest in respect of an Interest Payment Date(t) will be the greater of (i) the sum of (1) the product of (a) the Multiplier1(t) and (b) the Rate of Interest in respect of the previous Interest Payment Date(t) and (2) the Ratchet(t) (each as specified in the applicable Final Terms) and (ii) the sum of (1) the product of (a) the Multiplier2(t) and (b) the Underlying Rate(t) and (2) the Underlying Margin(t) (each as specified in the applicable Final Terms).

“Ratchet Floor with Cap”

If the Final Terms specify that “Ratchet Floor with Cap” will be applicable, the Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period. The Rate of Interest in respect of an Interest Payment Date(t) will be the greater of (i) the sum of (1) the product of (a) the Multiplier1(t) and (b) the Rate of

Interest in respect of the previous Interest Payment Date(t) and (2) the Ratchet(t) (each as specified in the applicable Final Terms) and (ii) the sum of (1) the product of (a) the Multiplier2(t) and (b) the Underlying Rate(t) and (2) the Underlying Margin(t) (each as specified in the applicable Final Terms). Such variable Rate of Interest will be capped at the Cap(t), which is specified in the applicable Final Terms.

“Ratchet Cap without Floor”

If the Final Terms specify that “Ratchet Cap without Floor” will be applicable, the Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period.

The Rate of Interest in respect of the first Interest Payment Date(t) will be based upon an Underlying Rate(t) (multiplied by a Multiplier2(t) specified in the applicable Final Terms), which will be subject to market fluctuations, and an Underlying Margin(t), as set out in the applicable Final Terms.

The Rate of Interest in respect of all subsequent Interest Payment Dates will be the lesser of (i) the sum of (1) the product of (a) the Multiplier1(t) and (b) the Rate of Interest in respect of the previous Interest Payment Date(t) and (2) the Ratchet(t) (each as specified in the applicable Final Terms) and (ii) the sum of (1) the product of (a) the Multiplier2(t) and (b) the Underlying Rate(t) and (2) the Underlying Margin(t) (each as specified in the applicable Final Terms). As a result, the Rate of Interest in respect of the second and all subsequent Variable Rate Interest Periods will be capped at the sum of (i) the product of (1) the Multiplier1(t) and (2) the Rate of Interest in respect of the previous Interest Payment Date(t) and (ii) the Ratchet(t).

“Ratchet Cap with Floor”

If the Final Terms specify that “Ratchet Cap with Floor” will be applicable, the Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period.

The Rate of Interest in respect of the first Interest Payment Date(t) will be based upon an Underlying Rate(t) (multiplied by a Multiplier2(t) specified in the applicable Final Terms), which will be subject to market fluctuations, and an Underlying Margin(t), as set out in the applicable Final Terms.

The Rate of Interest in respect of all subsequent Interest Payment Date(t) will be the lesser of (i) the sum of (1) the product of (a) the Multiplier1(t) and (b) the Rate of Interest in respect of the previous Interest Payment Date(t) and (2) the Ratchet(t) (each as specified in the applicable Final Terms) and (ii) the sum of (1) the product of (a) the Multiplier2(t) and (b) the Underlying Rate(t) and (2) the

Underlying Margin(t) (each as specified in the applicable Final Terms).

Switchable (Fixed to Floating) Interest Notes:

The Issuer may issue Switchable (Fixed to Floating) Interest Notes. Such Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate.

Where the Issuer has elected to convert from a fixed rate to a floating rate, the Notes will bear interest at a variable Rate of Interest(Floating)(t) in respect of any Interest Period commencing on and including the Interest Payment Date specified in the election notice or, if no date is specified, in respect of the Interest Period commencing on and including the Interest Payment Date following the exercise by the Issuer of such election, and for each subsequent Interest Period thereafter up to and including the Interest Period ending on (but excluding) the final Interest Payment Date. During such Variable Rate Interest Period, the Notes will bear interest at a variable Rate of Interest(Floating)(t) based upon an Underlying Rate(t) (multiplied by a Multiplier(t) specified in the applicable Final Terms), which will be subject to market fluctuations, and an Underlying Margin(t), as set out in the applicable Final Terms.

Where the Issuer has not elected to convert from a fixed rate to a floating rate, the Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)).

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Switchable (Floating to Fixed) Interest Notes:

The Issuer may issue Switchable (Floating to Fixed) Interest Notes. Such Notes may bear interest at a rate that the Issuer may elect to convert from a floating rate to a fixed rate.

Where the Issuer has elected to convert from a floating rate to a fixed rate, the Notes will bear interest at a fixed Rate of Interest(Fixed)(t) in respect of any Interest Period commencing on and including the Interest Payment Date specified in the election notice or, if no date is specified, in respect of the Interest Period commencing on and including the Interest Payment Date following the exercise by the Issuer of such election, and for each subsequent Interest Period thereafter up to and including the Interest Period ending on (but excluding) the final Interest Payment Date.

Where the Issuer has not elected to convert from a floating rate to a fixed rate, the Notes will bear interest at a variable Rate of Interest(Floating)(t). The Notes will bear interest at a variable Rate of Interest(Floating)(t), during any Variable Rate Interest Period, based upon an Underlying Rate(t) (multiplied by a Multiplier(t) specified in the applicable Final Terms), which will be subject to

market fluctuations, and an Underlying Margin(t), as set out in the applicable Final Terms.

The Rate of Interest(Floating)(t) in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Steepener Interest Notes:

The Issuer may issue Steepener Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, based upon a Spread(t) (multiplied by a Multiplier(t) specified in the applicable Final Terms), which is calculated as the difference when the Underlying Rate2(t) is subtracted from the Underlying Rate1(t).

The Rate of Interest calculated in accordance with the above will be capped at the Cap(t).

Steepener with Lock-In Interest Notes:

The Issuer may issue Steepener Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, at the Reference Rate(t) (subject to the Reference Rate(t) for an Interest Payment Date(t) meeting the Lock-In Criterion with respect to the Lock-In(t)). The Reference Rate(t) is based upon a Spread(t) (multiplied by a Multiplier(t) specified in the applicable Final Terms), calculated as the difference when the Underlying Rate2(t) is subtracted from the Underlying Rate1(t).

In calculating the Rate of Interest in respect of any Variable Rate Interest Period (i) in respect of which the Reference Rate(t) does not meet the Lock-In Criterion with respect to the Lock-In(t) (each as specified in the applicable Final Terms) and (ii) where no previous Reference Rate(t) has met the Lock-In Criterion with respect to the Lock-In(t), a Multiplier(t) is applied to the Spread(t).

The Rate of Interest calculated in accordance with the above will be capped at the Cap(t).

If the Reference Rate(t) meets the Lock-In Criterion with respect to the Lock-In(t), then the Rate of Interest payable in respect of such Interest Payment Date(t) and all subsequent Interest Payment Dates, regardless of the Underlying Rate1(t) and Underlying Rate2(t) on

such subsequent Interest Payment Dates, will be the Rate of Interest(Lock-In)(t), as set out in the applicable Final Terms.

Range Accrual (Rates) Interest Notes:

The Issuer may issue Range Accrual(Rates) Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed Rate of Interest during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Rate of Interest applicable to the Notes during any Variable Rate Interest Period is linked to the number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Rate(t) meets the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) and meets the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms). Such number of Range Accrual Observation Dates is divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier1(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin1(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Range Accrual Rate”.

The total number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Rate(t) does not meet the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) or does not meet the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms) is then divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier2(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin2(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Inverse Range Accrual Rate”.

The Rate of Interest applicable to any Variable Rate Interest Period will be the sum of the Range Accrual Rate and the Inverse Range Accrual Rate.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Range Accrual (Spread) Interest Notes:

The Issuer may issue Range Accrual(Spread) Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed Rate of Interest during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Rate of Interest applicable to the Notes during any Variable Rate Interest Period is linked to the number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Spread(t) meets the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) and meets the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms). Such number of Range Accrual Observation Dates is divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier1(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin1(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Range Accrual Rate”.

The Range Accrual Reference Spread(t) is calculated as the difference when the Range Accrual Reference Rate2(t) is subtracted from Range Accrual Reference Rate1(t).

The total number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Spread(t) does not meet the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) or does not meet the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms) is then divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier2(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin2(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Inverse Range Accrual Rate”.

The Rate of Interest applicable to any Variable Rate Interest Period will be the sum of the Range Accrual Rate and the Inverse Range Accrual Rate.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Inverse Range Accrual Interest Notes:

The Issuer may issue Inverse Range Accrual Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed Rate of Interest during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Rate of Interest applicable to the Notes during any Variable Rate Interest Period is linked to the number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Rate(t) does not meet the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) or does not meet the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms). Such number of Range Accrual Observation Dates is divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier1(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin1(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Inverse Range Accrual Rate”.

The total number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Rate(t) meets the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) and meets the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms) is then divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier2(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin2(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Range Accrual Rate”.

The Rate of Interest applicable to any Variable Rate Interest Period will be the sum of the Inverse Range Accrual Rate and the Range Accrual Rate.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

KO Range Accrual Interest Notes:

The Issuer may issue KO Range Accrual Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Rate of Interest applicable to the Notes during any Variable Rate Interest Period depends on whether the Range Accrual Reference Rate(t) met the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) and met the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms) on every Range Accrual Observation Date during the Range Accrual Observation Period.

Where on all the Range Accrual Observation Dates in the Range Accrual Observation Period the Range Accrual Reference Rate(t) met the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) and met the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms), the Rate of Interest applicable to the Notes during the relevant Variable Rate Interest Period will be the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier1(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin1(t), as specified in the applicable Final Terms.

If the Range Accrual Reference Rate(t) does not fall within the designated range on all days in the relevant Range Accrual Observation Period, the Range Accrual Rate for the relevant Interest Period will be zero.

If the Range Accrual Reference Rate(t) does not meet the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) or does not meet the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms), on every Range Accrual Observation Date during the Range Accrual Observation Period, the Rate of Interest applicable to the Notes during the relevant Variable Rate Interest Period will be the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier2(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin2(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Inverse Range Accrual Rate”.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Dual Range Accrual Interest Notes:

The Issuer may issue Dual Range Accrual Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Rate of Interest applicable to the Notes during any Variable Rate Interest Period is linked to the number of Range Accrual Observation Dates in the Range Accrual Observation Period on which (i) the Range Accrual Reference Factor1(t) meets the Range Accrual Floor Criterion1 with respect to the Range Accrual Floor1(t) (if “Range Accrual Floor1(t)” is specified as applicable in the applicable Final Terms) and meets the Range Accrual Cap Criterion1 with respect to the Range Accrual Cap1(t) (if “Range Accrual Cap1(t)” is specified as applicable in the applicable Final Terms) and (ii) Range Accrual Reference Factor2(t) meets the Range Accrual Floor Criterion2 with respect to the Range Accrual Floor2(t) (if “Range Accrual Floor2(t)” is specified as applicable in the applicable Final Terms) and meets the Range Accrual Cap Criterion2 with respect to the Range Accrual Cap2(t) (if “Range Accrual Cap2(t)” is specified as applicable in the applicable Final Terms). Such number of Range Accrual Observation Dates is divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier1(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin1(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Range Accrual Rate”.

The total number of Range Accrual Observation Dates in the Range Accrual Observation Period on which (i) the Range Accrual Reference Factor1(t) does not meet the Range Accrual Floor Criterion1 with respect to the Range Accrual Floor1(t) (if “Range Accrual Floor1(t)” is specified as applicable in the applicable Final Terms) and does not meet the Range Accrual Cap Criterion1 with respect to the Range Accrual Cap1(t) (if “Range Accrual Cap1(t)” is specified as applicable in the applicable Final Terms) or (ii) Range Accrual Reference Factor2(t) does not meet the Range Accrual Floor Criterion2 with respect to the Range Accrual Floor2(t) (if “Range Accrual Floor2(t)” is specified as applicable in the applicable Final Terms) and does not meet the Range Accrual Cap Criterion2 with respect to the Range Accrual Cap2(t) (if “Range Accrual Cap2(t)” is specified as applicable in the applicable Final

Terms) is then divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period and the resultant figure is multiplied by a rate calculated as the sum of (i) the Underlying Rate(t) (multiplied by a Multiplier2(t), as specified in the applicable Final Terms), and (ii) an Underlying Margin2(t), as specified in the applicable Final Terms. The resultant rate is referred to here as the “Inverse Range Accrual Rate”.

The Rate of Interest applicable to any Variable Rate Interest Period will be the sum of the Range Accrual Rate and the Inverse Range Accrual Rate.

The Range Accrual Reference Factor1(t) will be the Range Accrual Reference Rate1(t) or the Range Accrual Reference Spread1(t) (as specified in the applicable Final Terms), where the Range Accrual Reference Spread1(t) is calculated as the difference when the Range Accrual Reference RateB(t) is subtracted from the Range Accrual Reference RateA(t). The Range Accrual Reference Factor2(t) will be either the Range Accrual Reference Rate2(t) or the Range Accrual Reference Spread2(t) (as specified in the applicable Final Terms), where the Range Accrual Reference Spread2(t) is calculated as the difference when the Range Accrual Reference RateD(t) is subtracted from the Range Accrual Reference RateC(t).

Where the Rate of Interest is determined by reference to a spread, such Rate of Interest may not reflect increases in market interest rates.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Snowball Interest Notes:

The Issuer may issue Snowball Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, or if there is no Fixed Rate Period, in the case of the first Interest Period such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)).

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, equal to the sum of (i) the Rate of Interest in respect of the previous Interest Payment Date(t) (multiplied by a Multiplier1(t) specified in the applicable Final Terms) and (ii) the difference when the Underlying Rate(t) (multiplied by a Multiplier2(t) specified in the applicable Final Terms) is subtracted from the Fix(t) (as specified in the applicable Final Terms) (other than if such Variable Rate Interest Period is the first Interest Period, for which the Notes will bear interest at a fixed Rate of Interest(Fixed)(t)). The Underlying Rate(t) will be subject to market fluctuations.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

SnowRanger Interest Notes:

The Issuer may issue SnowRanger Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed Rate of Interest(Fixed)(t) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Rate of Interest applicable to the Notes during any Variable Rate Interest Period is linked to the number of Range Accrual Observation Dates in the Range Accrual Observation Period on which the Range Accrual Reference Rate(t) meets the Range Accrual Floor Criterion with respect to the Range Accrual Floor(t) (if “Range Accrual Floor(t)” is specified as applicable in the applicable Final Terms) and meets the Range Accrual Cap Criterion with respect to the Range Accrual Cap(t) (if “Range Accrual Cap(t)” is specified as applicable in the applicable Final Terms). Such number of Range Accrual Observation Dates (“n”) is divided by the total number of Range Accrual Observation Dates in the Range Accrual Observation Period (“N”) and the resultant figure is multiplied (i) if such Variable Rate Interest Period is the first Interest Period, by a rate based upon the Underlying Rate(t) (multiplied by a Multiplier1(t)) and an Underlying Margin(t), each as set out in the applicable Final Terms or (ii) if such Variable Rate Interest Period is an Interest Period(t) other than the first Interest Period, a rate based on the Rate of Interest in respect of the previous Interest Payment Date (multiplied by the Multiplier2(t) specified in the applicable Final Terms) and an Underlying Margin(t) (multiplied by a Multiplier1(t)), each as set out in the applicable Final Terms.

The Rate of Interest in respect of any Variable Rate Interest Period will be capped at the Cap(t), which is specified in the applicable Final Terms.

Barrier(Rates) Interest Notes:

The Issuer may issue Barrier(Rates) Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

If the Underlying Rate(t) (i) meets the Upper Barrier Criterion with respect to the Upper Barrier(t) and (ii) meets the Lower Barrier Criterion with respect to the Lower Barrier(t), such margin will be the Underlying Margin2(t), as specified in the applicable Final Terms. Finally, if the Underlying Rate(t) does not meet the Lower Barrier Criterion with respect to the Lower Barrier(t), such margin will be the Underlying Margin3(t), as specified in the applicable Final Terms.

In calculating the Rate of Interest in respect of any Variable Rate Interest Period, a multiplier is applied to the Underlying Rate(t). The applicable multiplier will depend on the Underlying Rate(t). If the Underlying Rate(t) does not meet the Upper Barrier Criterion with respect to the Upper Barrier(t), such multiplier will be the Multiplier(Upper Barrier)(t), as specified in the applicable Final Terms. If the Underlying Rate(t) (i) meets the Upper Barrier Criterion with respect to the Upper Barrier(t) and (ii) meets the Lower Barrier Criterion with respect to the Lower Barrier(t), such multiplier will be the Multiplier(Barrier)(t), as specified in the applicable Final Terms. Finally, if the Underlying Rate(t) does not meet the Lower Barrier Criterion with respect to the Lower Barrier(t), such multiplier will be the Multiplier(Lower Barrier)(t), as specified in the applicable Final Terms.

Inverse Floating Rate Interest Notes:

The Issuer may issue Inverse Floating Rate Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, based upon a fixed Rate of Interest(Fixed)(t) minus a floating Underlying Rate(t), which will be subject to market fluctuations.

In calculating the Rate of Interest in respect of any Variable Rate Interest Period, a Multiplier(t) is applied to the difference between the Rate of Interest(Fixed)(t) and the Underlying Rate(t). The Multiplier(t) will be specified in the applicable Final Terms.

**Reference Item(Inflation) Performance
Linked Interest Notes:**

The Issuer may issue Reference Item(Inflation) Performance Linked Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period. During such Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, based on the sum of (i) the product of (1) the percentage change in the level of the Index between the level of the Index in respect of Reference Month (t-1) (or if the Interest Period(t) is the first Interest Period, the Initial Reference Month) and the level of the Index in respect of the Reference Month(t) and (2) the Participation(t), (ii) the Underlying Margin1(t) and (iii) the Underlying Margin2(t), each as specified in the applicable Final Terms.

The Rate of Interest will be capped at the Cap(t) plus the Underlying Margin2(t), which is specified in the applicable Final Terms.

Reference Item(Inflation) Indexed Interest Notes:

The Issuer may issue Reference Item(Inflation) Indexed Interest Notes. If “Fixed Rate Period” is specified to apply in the applicable Final Terms, such Notes will bear interest at a fixed rate of interest (being Rate of Interest(Fixed)(t)) during any Interest Period(t) falling within the Fixed Rate Interest Period.

The Notes will bear interest at a variable Rate of Interest during any Variable Rate Interest Period, based on a fixed Rate of Interest(Fixed)(t) which is adjusted to take into account changes in the level of the Index between the level of the Index in respect of the Initial Reference Month and the level of the Index in respect of the Reference Month(t), each as specified in the applicable Final Terms.

The Rate of Interest will be capped at the Cap(t), which is specified in the applicable Final Terms.

Inflation Indexed Redemption Notes:

If the Final Terms specify that the “Inflation Indexed Redemption Note Provisions” apply, the Final Redemption Amount of the Notes will depend on the percentage change in the level of the Index between the level of the Index in respect of the Initial Reference Month and the level of the Index in respect of the Final Reference Month, each as specified in the applicable Final Terms.

Inflation Indexed with Floor Redemption Notes:

If the Final Terms specify that the “Inflation Indexed with Floor Redemption Note Provisions” apply, the Final Redemption Amount of the Notes will depend on the (i) the percentage change in the level of the Index between the level of the Index in respect of the Initial Reference Month and the level of the Index in respect of the Final Reference Month, (ii) the Inflation Cap, (iii) the Inflation Floor, (iv) the Redemption Margin1 and (v) the Redemption Margin2, each as specified in the applicable Final Terms.

The Final Redemption Amount of the Notes will be subject to a cap equal to the denomination of the Notes multiplied by the sum of (i) 100%, (ii) the Inflation Cap and (iii) the Redemption Margin2.

Inflation Linked Notes:

The Issuer may issue Inflation Linked Notes with principal and/or interest determined by reference to a particular inflation index.

RISK FACTORS

Prospective holders of the Notes, which are the subject of the Prospectus and the relevant Final Terms, should consider the following risk factors, which are specific to the Notes and which are material for making an informed investment decision and should make such decision only on the basis of the Prospectus as a whole (comprising this Securities Note and the Registration Document), including the relevant Final Terms.

Prospective investors should also read the detailed information set out elsewhere in the Prospectus and should consult with their own professional advisers (including their financial, accounting, legal and tax advisers) and reach their own views prior to making any investment decision.

The Prospectus is not, and does not purport to be, investment advice or an investment recommendation to purchase the Notes. The Issuer, including its branches and any group company, is acting solely in the capacity of an arm's length contractual counterparty and not as a purchaser's financial adviser or fiduciary in any transaction, unless the Issuer has agreed to do so in writing. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its financial adviser prior to deciding to make an investment on the suitability of the Notes. Investors risk losing their entire investment or part of it.

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes (i) is fully consistent with its (or, if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with any investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Notes in a fiduciary capacity, for the beneficiary). In particular, investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its legal advisers to determine whether and to what extent (i) the Notes are legal investments for it, (ii) the Notes can be used as underlying securities for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Although the most material risk factors have been presented first within each category, the order in which the remaining risk factors are presented is not necessarily an indication of the likelihood of the risks actually materialising, of the potential significance of the risks or of the scope of any potential negative impact to the Issuer's business, results, financial condition and prospects. The Issuer may face a number of these risks described below simultaneously and some risks described below may be interdependent. While the risk factors below have been divided into categories, some risk factors could belong in more than one category and prospective investors should carefully consider all of the risk factors set out in this section. Where a risk factor could belong in more than one category, such risk factor is included in the category that is most appropriate for it.

Each prospective investor in Notes should refer to the section headed "Risk Factors" in the Registration Document for a description of those factors which could affect the financial performance of the Issuer and thereby affect the Issuer's ability to fulfil its obligations in respect of Notes issued under the Programme.

RISK FACTORS RELATING TO THE NOTES

1. Risks related to the nature of a particular issue of Notes

The Notes may be subject to mandatory write-down or conversion to equity, or other actions or measures, which may adversely affect the value of the relevant Notes or result in investors in the relevant Notes losing all or some of their investment

As more fully described in the sections entitled “*Risk Factors - Risks related to the regulation and supervision of the Group - The Issuer is subject to the EU recovery and resolution regime and several other bank recovery and resolution regimes that include statutory write-down and conversion as well as other powers, which remains subject to significant uncertainties as to scope and impact on it.*” and “*Description of ING Bank N.V. - Regulation and Supervision - Bank Recovery and Resolution Directive*” in the Registration Document, Notes issued under the Programme may become subject to actions that can be taken or measures that can be applied by resolution authorities if ING Bank experiences serious financial problems or if the stability of the financial system is in serious and immediate danger as a result of the situation of ING Bank.

In certain circumstances, competent authorities have the power to (whether at the point of non-viability when the resolution authority determines that ING Bank will no longer be viable, or as taken together with a resolution action), *inter alia*, (i) convert relevant capital instruments or eligible liabilities or bail-inable liabilities into claims which may give right to shares or other instruments of ownership and/or (ii) reduce or write down the principal amount of relevant capital instruments or eligible liabilities, including accrued but unpaid interest in respect thereof, (which could include certain securities that have been or will be issued by ING Bank, such as the Notes), whether in whole or in part and whether on a permanent basis or subject to write-up by the resolution authority. In case of a reduction or write down on a permanent basis, any such reduced or written-down amount shall be irrevocably lost and investors will have no further claims in respect of any such reduced or written down principal amount and/or accrued but unpaid interest. In addition, in certain circumstances, competent authorities also have the power to transfer liabilities of an entity to third parties, a bridge bank or an asset management vehicle, and to expropriate securities issued by ING Bank. If ING Bank were to become subject to resolution, holders of Notes could also be affected by issuer substitution or replacement, transfer of debt, expropriation, modification of terms and/or suspension or termination of listings. Other powers of the competent authorities may be to amend the maturity date and/or any interest payment date of debt instruments or other bail-inable liabilities of ING Bank, such as the Notes, including by suspending payment for a temporary period, or to amend the interest amount payable under such instruments. Noteholders may have only very limited rights to challenge and/or seek a suspension of any decision of the relevant resolution authority to exercise its (pre-)resolution powers or to have that decision reviewed by a judicial or administrative process or otherwise. None of these actions would be expected to constitute an Event of Default under those instruments or other eligible or bail-inable liabilities entitling holders of such instruments (including holders of Notes) to seek repayment. The application of actions, measures or powers as meant in this section may adversely affect the value of the relevant Notes or result in an investor in the relevant Notes losing all or some of his investment. Each prospective investor in Notes should refer to the sections entitled “*Risk Factors - Risks related to the regulation and supervision of the Group - The Issuer is subject to the EU recovery and resolution regime and several other bank recovery and resolution regimes that include statutory write-down and conversion as well as other powers, which remains subject to significant uncertainties as to scope and impact on it.*” and “*Description of ING Bank N.V. - Regulation and Supervision - Bank Recovery and Resolution Directive*” in the Registration Document.

Notes subject to optional redemption by the Issuer are likely to have a lower trading price than Notes which are not subject to optional redemption by the Issuer

The Final Terms of any issue of Notes may specify that such Notes are subject to redemption at the option of the Issuer. An optional redemption feature of Notes is likely to limit their trading price. During any period when

the Issuer may elect to redeem Notes, the trading price of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. If the Notes are redeemed at the option of the Issuer, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Notes issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The trading price of securities issued at a substantial discount or premium from their principal amount, such as Zero Coupon Notes, tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Notes issued as Green Bonds may not be a suitable investment for all investors seeking exposure to green assets. Any failure to use the net proceeds of any Series of Green Bonds in connection with green loans, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to such Green Bonds may affect the value and/or trading price of the Green Bonds, and/or may have consequences for certain investors with portfolio mandates to invest in green assets

No assurance is given that Green Bonds will satisfy any investor requirements or expectations

The Issuer may issue Notes under the Programme where an amount equivalent to the net proceeds is specified in the applicable Final Terms to be used for the financing and/or refinancing, in whole or in part, of a portfolio of green loans of the Issuer or any of its subsidiaries, in accordance with the relevant eligibility criteria as described in the “*Use of Proceeds*” section below (the “**Eligibility Criteria**”) and as in such case shall be set out in item 4(i) of Part B (*Reasons for the offer*) of the applicable Final Terms (any Notes which have such a specified use of proceeds are referred to as “**Green Bonds**”).

The Issuer will, as further described in the “*Use of Proceeds*” section below, allocate an amount equal to the net proceeds from any issue of Green Bonds to a portfolio of loans provided to the Issuer’s customers on a targeted basis for the purposes of the financing and/or refinancing by such customers of assets, projects and expenditures with a positive green impact and which meet the relevant Eligibility Criteria (together, “**Eligible Green Loans**”, and the portfolio of Eligible Green Loans, the “**Eligible Green Loan Portfolio**”), in line with any green financing framework(s) that the Issuer may publish from time to time, and/or which the Issuer expects will substantially adhere to the Green Bond Principles as published by the International Capital Markets Association from time to time (the “**Principles**”). However, as the Principles may change over time, there is a possibility that the Eligible Green Loans and any green financing framework(s) that the Issuer may publish from time to time may no longer (fully) align with the Principles in the future.

While the Principles do provide a high level framework, there is currently no market consensus on what precise attributes are required for a particular project or building to be defined as “green” (including, without limitation, the attributes defining a “green building”), and therefore no assurance can be given by the Issuer, the Arranger or any Dealer that the use of such amounts advanced by the Issuer to customers for the purposes of financing or refinancing any projects which the Issuer has identified as Eligible Green Loans forming part of the Eligible Green Loan Portfolio will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by its own by-laws or other governing rules or

investment portfolio mandates, in particular with regard to any direct or indirect environmental, green or sustainability impact of any projects or uses, the subject of or related to, any Eligible Green Loans.

No formal or consensus definition of a 'green' (or similar) security

There is currently no clearly defined legal, regulatory or other definition of a “green bond” or market consensus as to what attributes are required for a particular asset or project to be classified as ‘green’, ‘environmental’, ‘sustainable’ or any similar label, nor can any assurance be given that such a clear definition or consensus will develop over time. A basis for the determination of such a definition has been established in the EU with the publication in the Official Journal of the EU on 22 June 2020 of Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 (the “**EU Taxonomy Regulation**”) on the establishment of a framework to facilitate sustainable investment (the “**EU Taxonomy**”). The EU Taxonomy is subject to further development by way of the implementation by the European Commission through delegated regulations of technical screening criteria for the environmental objectives set out in the EU Taxonomy Regulation. Furthermore, as from 21 December 2024, there is a voluntary standard for bonds carrying the European Green Bond designation (“**EuGB**”) pursuant to Regulation (EU) 2023/2631 (the “**European Green Bond Regulation**”). Issuance of such EuGBs could reduce demand and liquidity for “green bonds” which do not comply with the European Green Bond Regulation and their price, including any Green Bonds. The Green Bonds do not constitute EuGBs and will not become eligible to carry the designation of EuGB. Accordingly, no assurance is or can be given by the Issuer, the Arranger or any Dealer that the Eligibility Criteria for Eligible Green Loans forming part of the Eligible Green Loan Portfolio will satisfy any requisite criteria determined under the European Green Bond Regulation, the EU Taxonomy Regulation or within the EU Taxonomy at any time, or that any regime implemented in the UK (if any) for issuing ‘green’, ‘environmental’, ‘sustainable’ or other equivalently-labelled securities will align with the European (or any other) framework for such securities.

No assurance is given that Eligible Green Loans will be (fully) drawn or meet their objectives

Furthermore, there can be no assurance that any Eligible Green Loans forming part of the Eligible Green Loan Portfolio will be (fully) drawn within any specified period or at all or with the results or outcome (whether or not related to the environment) as originally expected or anticipated by the Issuer when making its assessment whether or not to apply any proceeds of Green Bonds (or amounts equal thereto) to such Eligible Green Loan.

Accordingly, no assurance is or can be given by the Issuer, the Arranger or any Dealer to investors in Green Bonds that any projects or uses the subject of, or related to, any Eligible Green Loans forming part of the Eligible Green Loan Portfolio will meet any or all investor expectations regarding such ‘green’, ‘environmental’, ‘sustainable’ or other equivalently-labelled performance objectives or that any adverse environmental, green and/or other impacts will not occur during the implementation of any projects or uses the subject of, or related to, any Eligible Green Loans.

No obligation on the Arranger or any Dealer to verify Eligible Green Loans or monitor the use of proceeds of Green Bonds

Furthermore, neither the Arranger nor any Dealer is responsible for (i) any assessment of any eligibility criteria relating to Green Bonds, (ii) any verification of whether the relevant advance of loans by the Issuer or the Eligible Green Loans forming part of the Eligible Green Loan Portfolio will satisfy the relevant eligibility criteria, (iii) the monitoring of the use of proceeds (or amounts equal thereto) in connection with the issue of any Green Bonds or (iv) the allocation of the proceeds by the Issuer to particular Eligible Green Loans. Accordingly, investors cannot obtain comfort from any external party with regard to the Eligible Green Loan Portfolio which may affect the value and/or trading price of the Green Bonds, and/or may have adverse consequences for certain investors with portfolio mandates to invest in green or sustainable assets.

No assurance of suitability or reliability of any second party opinion

In addition, no assurance or representation is given by the Issuer, the Arranger or any Dealer as to the suitability or reliability for any purpose whatsoever of any opinion, certification or report of any third party, (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Green Bonds and/or any green financing framework established by the Issuer, and in particular with any Eligible Green Loans forming part of the Eligible Green Loan Portfolio to fulfil any environmental, green, sustainability and/or other criteria. For the avoidance of doubt, any such opinion or certification will not be, and shall not be deemed to be, incorporated in and/or form part of the Prospectus. Any such opinion or certification is not, and should not be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any Green Bonds. Any such opinion or certification will only be current as of the date on which that opinion is initially issued. Prospective investors must determine for themselves the relevance of any such opinion or certification and/or the information contained therein and/or the provider of such opinion or certification for the purpose of any investment in any Green Bonds. As at the date of this Securities Note, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. However, pursuant to the European Green Bond Regulation, providers of such opinions would be required to be registered and supervised by ESMA in the future. Noteholders will have no recourse against the provider of any second party opinion(s).

No assurance that Green Bonds will be admitted to trading on any dedicated green, sustainable (or similar) segment of any stock exchange or market, or that any admission obtained will be maintained

If any Green Bonds are listed or admitted to trading or otherwise displayed on any dedicated ‘green’, ‘environmental’, ‘sustainable’ or other equivalently-labelled segment of any stock exchange or securities market (whether or not regulated), no representation or assurance is given by the Issuer, the Arranger or any Dealer that such listing or admission or display satisfies, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria. Any such event or failure by the Issuer to apply an amount equal to the net proceeds of any issue of Green Bonds to advance loans to customers to finance and/or refinance any Eligible Green Loans forming part of the Eligible Green Loan Portfolio, and/or any failure by any such customer to apply those funds in accordance with such Eligible Green Loans as aforesaid, and/or withdrawal of any opinion or certification or any such opinion or certification attesting that the Issuer or any of the Issuer’s customers is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on and/or any Green Bonds no longer being listed or admitted to trading or displayed on any stock exchange or securities market as aforesaid, will not (i) give rise to any claim of a Noteholder against the Issuer (or the Arranger or any Dealer), (ii) constitute an Event of Default under any Green Bonds or a breach or violation of any term thereof, or constitute a default by the Issuer for any other purpose, (iii) lead to a right or obligation of the Issuer to redeem any Green Bonds or give any Noteholder the right to require redemption of its Notes or (iv) result in any step-up or increased payments of interest, principal or any other amounts in respect of any Green Bonds or otherwise affect the General Conditions.

Material adverse impact on trading and/or market price

If any of the risks outlined in this risk factor materialise, this may have a material adverse effect on the value of such Green Bonds and also potentially the value of any other Notes which are intended to finance the Issuer’s lending for Eligible Green Loans forming part of the Eligible Green Loan Portfolio and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose (including, without limitation, if such investors are required to dispose of their Green Bonds as a result of such Notes not meeting any investment criteria or objectives set by or for such investor, which could lead to increased volatility and/or material decreases in the market price of Green Bonds).

Potential investors should be aware that Green Bonds may also be subject to the resolution tools granted to the competent authority under the BRRD in circumstances where the Issuer fails or is likely to fail. Please also refer

to the risk factor entitled “*The Notes may be subject to mandatory write-down or conversion to equity, or other actions or measures, which may adversely affect the value of the relevant Notes or result in investors in the relevant Notes losing all or some of their investment*” above for further information in connection with actions that can be taken or measures that can be applied by resolution authorities in respect of the Issuer and which may result in investors losing all or some of their investment in the Notes (including Green Bonds).

2. Risks related to Interest Payments

Changes in the method by which EURIBOR or other Benchmarks are determined, or the discontinuance of any Benchmark, may adversely affect the Rate of Interest on or value of Floating Rate Notes which reference a Benchmark

In accordance with General Condition 3 (*Interest*), the Rate of Interest on the Notes (including Floating Rate Notes and Fixed/Floating Rate Notes) may be calculated on the basis of the BBSW Rate, EURIBOR, SOFR, SONIA, TONA or any other reference rate specified in the applicable Final Terms (any such reference rate, a “**Benchmark**”), or by reference to a swap rate that is itself based on a Benchmark (collectively, the “**Benchmark Notes**”). Accordingly, changes in the method by which any Benchmark is calculated or the discontinuation of any Benchmark may impact the Rate of Interest applicable to Benchmark Notes bearing interest on the basis of such Benchmark, and thus their trading price. Please also refer to the risk factor entitled “*Benchmark Unavailability and Discontinuation may adversely affect the Rate of Interest on or value of Floating Rate Notes which reference a Benchmark*” and the interdependent risk factor entitled “*The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Benchmark Notes*” and the risk factor entitled “*The administrator of SOFR, SONIA or TONA may make changes that could change the value of SOFR, SONIA or TONA or may discontinue SOFR, SONIA or TONA*” below specifying further circumstances in which Benchmark Notes could be adversely affected.

Benchmarks Regulation

The Benchmarks Regulation or the Benchmarks Regulation as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (the “**UK Benchmarks Regulation**”), which apply to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU and the UK respectively, could have a material impact on any Notes linked to or referencing a Benchmark, in particular, if the methodology or other terms of the relevant Benchmark are changed in order to comply with the requirements of the Benchmarks Regulation and the UK Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant Benchmark which could have a material adverse effect on the trading price of and return on Notes referencing such Benchmark (including potential rates of interest thereon).

Benchmark Unavailability and Discontinuation may adversely affect the Rate of Interest on or value of Floating Rate Notes which reference a Benchmark

There are certain risks to the unavailability and discontinuation of Benchmarks:

(i) Temporary unavailability of the Relevant Screen Page

The General Conditions provide for certain fallback arrangements if a published Benchmark, including the BBSW Rate, EURIBOR, SOFR, SONIA, TONA or other relevant reference rate(s), becomes temporarily unavailable. Where the Rate of Interest (as defined in the General Conditions) is to be determined by reference to the Relevant Screen Page and the Relevant Screen Page is not available or the relevant rate does not appear on the Relevant Screen Page, the General Conditions provide for the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate (as defined in the General Conditions)), the ultimate fallback for the purposes of calculation of interest for a particular Interest Period may result in the Rate of Interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page or, as the case may be, the application of the initial Rate of Interest applicable to such Notes on the Interest Commencement Date (as defined in the General Conditions). Such effective fixed rate for Floating Rate Notes may adversely affect the value of, and return on, the Notes.

(ii) *Benchmark Events*

If a Benchmark Event (or a Benchmark Transition Event (both as defined in General Condition 3(c)(i))) (as applicable) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate or an announcement that an Original Reference Rate will be permanently discontinued in the future) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser (as defined in the General Conditions) as soon as reasonably practicable, to advise the Issuer in determining a Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) (as defined in the General Conditions) to be used in place of the Original Reference Rate.

If a Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) is determined by the Issuer (in consultation with an Independent Adviser if the Issuer has been able to appoint one), the General Conditions also provide that an Adjustment Spread or SOFR Benchmark Replacement Adjustment (as applicable) (as defined in the General Conditions) may be determined by the Issuer (in consultation with an Independent Adviser if the Issuer has been able to appoint one) and applied to such Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable).

If the Issuer is unable to appoint an Independent Advisor, the Issuer, acting in good faith, may make such determination in its own discretion acting in good faith and any such determinations by the Issuer may lead to a conflict of interests of the Issuer and the Noteholders including with respect to certain determinations and judgments that the Issuer may make that may influence the amount receivable under the Notes. As a result, investors of the Notes may receive less than expected.

The Issuer may vary the General Conditions, as necessary to ensure the proper operation of such Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) and/or (in each case) the applicable Adjustment Spread or SOFR Benchmark Replacement Adjustment (as applicable), without any requirement for consent or approval of the Noteholders.

Any Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) will not be the economic equivalent of the Original Reference Rate and the use of any Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) (including with the application of an Adjustment Spread or SOFR Benchmark Replacement Adjustment (as applicable)) may result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

Furthermore, the composition and characteristics of the Successor Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) may not be the same as those of the Original Reference Rate. Each of the foregoing means that a Benchmark Event or a Benchmark Transition Event (as applicable) may adversely affect the value of the Notes, the return on the Notes and the price at which investors can sell such Notes.

(iii) *Potential for a fixed rate of return*

The Issuer may (in consultation with an Independent Adviser if the Issuer has been able to appoint one) not be able to determine a Successor Rate or Alternative Rate in accordance with the General Conditions, which may ultimately result in the Rate of Interest for the last preceding Interest Period being used. This will result in the Floating Rate Notes, in effect, becoming fixed rate Notes, which in turn may adversely affect the value of and return on the Notes.

The market continues to develop in relation to risk free rates (including overnight rates) as reference rates for Benchmark Notes

Investors should be aware that the market continues to develop in relation to risk free rates, such as SOFR, SONIA and TONA, as reference rates in the capital markets for U.S. dollar or Sterling bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates, such as LIBOR. The market or a significant part thereof may adopt risk free rates that differ significantly from those set out in the General Conditions and used in relation to Benchmark Notes that reference a risk free rate issued under the Securities Note or may apply such risk free rates in a manner significantly different than set out in the General Conditions and used in relation to the Benchmark Notes (and the same could apply in respect of any Successor Rates, Alternative Rates or SOFR Benchmark Replacements (if and as applicable)), either of which may adversely affect the trading price of these Notes.

Interest on Notes which reference a risk free rate is only capable of being determined immediately prior to the relevant Interest Payment Date. It may be difficult for Noteholders to estimate reliably the amount of interest which will be payable on the Notes, which could adversely impact the liquidity of the Notes.

Further, if the Notes become due and payable under General Condition 11 (*Events of Default relating to Notes*), the Rate of Interest payable shall be determined on the date the Notes became due and payable and shall not be reset thereafter. Investors should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

Uncertainty relating to the regulation of benchmarks may adversely affect the value of the Notes

SOFR and other interest rates or other types of rates and indices which are deemed to be “benchmarks” are the subject of ongoing national and international regulatory discussions and proposals for reform. Some of these reforms are already effective, while others are still to be implemented. Following the implementation of any such reforms, the manner of administration of benchmarks, including SOFR, may change, with the result that they may perform differently than in the past, or the benchmark could be eliminated entirely, or there could be other consequences that cannot be predicted. Any of the foregoing may have an adverse effect on the value of the Notes.

Historical levels of SOFR and SONIA are not an indication of their respective future levels

The level of SOFR and SONIA during the term of the Notes may bear little or no relation to the historical level of SOFR or SONIA. Prior observed patterns, if any, in the behaviour of market variables and their relation to SOFR and SONIA such as correlations, may change in the future. Investors should therefore not rely on any historical changes or trends in SOFR or SONIA as an indicator of the future performance of SOFR or SONIA. Since the initial publication of SOFR and SONIA, as applicable, daily changes in the rate have, on occasion, been more volatile than daily changes in other benchmark or market rates. As a result, the return on and value of SOFR- or SONIA-based Notes may fluctuate more than floating rate debt securities that are linked to less volatile rates and SOFR may be more volatile than other benchmarks or market rates.

Interest based on SOFR or SONIA will only be capable of being determined near the end of the relevant Interest Period

The applicable Final Terms of any Floating Rate Notes that reference SOFR or SONIA may specify that the calculation methodology will be weighted average or compounded daily using a formula or using SOFR or SONIA index values.

The amount of interest payable with respect to any such Floating Rate Notes for a given Interest Period will be determined on the relevant Interest Determination Date for such Interest Period. Because each such date will be near the end of such Interest Period, Noteholders will not know the amount of interest payable on such Floating Rate Notes with respect to a given Interest Period until shortly prior to the related Interest Payment Date. In addition, it may be difficult for Noteholders to estimate reliably the amount of interest that will be payable on each such Interest Payment Date. As a result, some investors may be unable or unwilling to trade such Floating Rate Notes without changes to their information technology systems, which could adversely impact the liquidity and trading price of any such Floating Rate Notes. Further, if Floating Rate Notes referencing SOFR Benchmark or SONIA Benchmark become due and payable as a result of an Event of Default, or are otherwise redeemed early on a date other than an Interest Payment Date, the Rate of Interest payable for the final Interest Period in respect of such Floating Rate Notes will only be determined immediately or shortly prior to the date on which the Floating Rate Notes become due and payable and shall not be reset thereafter.

To permit a reasonable amount of time to make payment arrangements after the amount of interest is determined, the applicable Final Terms of any Floating Rate Notes that reference SOFR or SONIA may specify observation methods such as lookback, shift or payment delay. Conventions regarding observation methods for SOFR rates and SONIA rates used for debt securities continue to evolve and may differ materially from observation method conventions used for other financial products, such as interest rate swaps or syndicated loans. Investors should carefully consider how any mismatches in observation method conventions in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which you may put in place in connection with any acquisition, holding or disposal of any Floating Rate Notes that reference SOFR or SONIA.

The administrator of SOFR, SONIA or TONA may make changes that could change the value of SOFR, SONIA or TONA or may discontinue SOFR, SONIA or TONA

The Federal Reserve Bank of New York, the Bank of England or the Bank of Japan (or a successor), as administrators of SOFR, SONIA or TONA, respectively, may make methodological or other changes that could change the value of SOFR, SONIA or TONA, including changes related to the method by which SOFR, SONIA or TONA is calculated, eligibility criteria applicable to the transactions used to calculate SOFR, SONIA or TONA, or timing related to the publication of SOFR, SONIA or TONA. In addition, the relevant administrator may alter, discontinue or suspend calculation or dissemination of SOFR, SONIA or TONA, in which case a fallback method of determining the Rate of Interest on the Notes will apply. Please also refer to the risk factor entitled “*Floating Rate Notes – Benchmark Unavailability and Discontinuation*” for a description of the fallback arrangement and the risks relating thereto. The administrator have no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing SOFR, SONIA or TONA. Such changes, alterations, discontinuation or suspension could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant Benchmark which could have a material adverse effect on the trading price of and return on Notes referencing such Benchmark (including potential rates of interest thereon).

There is a risk that the Issuer may be considered an ‘administrator’ under the Benchmarks Regulation which may ultimately result in the effective application of a fixed rate to Floating Rate Notes

The Issuer may be considered an ‘administrator’ under the Benchmarks Regulation. This is the case if it is considered to be in control over the provision of the Successor Rate or the Alternative Rate and/or the determined Rate of Interest on the basis of the Successor Rates and/or Alternative Rates and any adjustments made thereto by the Issuer and/or otherwise in determining the applicable Rate of Interest in the context of a fallback scenario.

The Benchmarks Regulation stipulates that each administrator of a benchmark regulated thereunder or the benchmark itself must be registered, authorised, recognised or endorsed, as applicable, in accordance with the Benchmarks Regulation. There is a risk that administrators (which may include the Issuer in the circumstances as described above) of certain benchmarks will fail to obtain such registration, authorisation, recognition or endorsement, preventing them from continuing to provide such benchmarks, or may otherwise choose to discontinue or no longer provide such benchmark. The Issuer cannot guarantee that it will and will be able to timely obtain registration or authorisation to administer a benchmark, in case the Issuer will be considered an administrator under the Benchmarks Regulation. This will also affect the possibility for the Issuer to apply the fallback provisions and to apply a Successor Rate or Alternative Rate (as applicable), meaning the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of a Benchmark Event will continue to apply until maturity, which may ultimately result in the effective application of a fixed rate to what was previously a Floating Rate Note.

The application of the fallback provisions contained in General Condition 20(b) may lead to a conflict of interests

The application of the fallback provisions contained in General Condition 20(b) (*FX and Benchmark Notes – Benchmark Notes*) provide that the Issuer or any other Calculation Agent has a certain degree of discretion in the determination of a Benchmark Market Disruption Event and the Issuer or any other Calculation Agent can determine the Relevant Benchmark Amount in its discretion. Such determinations may lead to a conflict of interests of the Issuer and holders of Notes that may influence the amount receivable under the Notes. The Issuer and/or any of its affiliates may have existing or future business relationships and business interests and may make a determination of a Benchmark Market Disruption Event or determine the Relevant Benchmark Amount that they or it deems necessary or appropriate to protect its and/or their interests arising therefrom without taking into account the consequences for a Noteholder.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the trading price of the Notes concerned

The Issuer may issue Fixed/Floating Rate Notes. Such Notes may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such conversion will affect the secondary market trading and the trading price generally of the Notes as the change of interest basis may result in a lower interest return for the Noteholders. If the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Notes convert from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing market rates on its Notes and could affect the interest payments and, consequently, the trading price of an investment in the Notes concerned.

Zero Coupon Notes may be issued at a substantial discount or premium and may experience price volatility in response to changes in market interest rates

The trading prices of Zero Coupon Notes issued at a substantial discount or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing Notes. Generally, the longer the remaining term of such Zero Coupon Notes, the greater the price

volatility as compared to conventional interest-bearing Notes with comparable maturities. Therefore, the trading price of such Notes may be lower than the trading price of such interest-bearing Notes with comparable maturities.

Changes in market interest rates may have a stronger impact on the prices of Zero Coupon Notes than on the prices of conventional interest-bearing Notes because the discounted issue prices may be substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and same credit rating.

3. Risks related to the liquidity and value of the securities

An active secondary market in respect of the Notes may never be established or may be illiquid and such illiquidity would adversely affect the value at which an investor could sell its Notes

Application may be made for the Notes to be listed on a stock exchange. Even if application is made to list Notes on a stock exchange, there can be no assurance that a secondary market for any of the Notes will develop, or, if a secondary market does develop, that it will provide the holders of the Notes with liquidity or that it will continue for the life of the Notes. A decrease in the liquidity of an issue of Notes may cause, in turn, an increase in the volatility associated with the price of such issue of Notes. Any investor in the Notes must be prepared to hold such Notes for an indefinite period of time or until redemption of the Notes. If any person begins making a market for the Notes, it is under no obligation to continue to do so and may stop making a market at any time. Illiquidity may have a severely adverse effect on the trading price of Notes.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes

The Issuer has a senior debt rating from S&P, Moody's, Fitch and Scope, details of which are contained in the Registration Document.

Tranches of Notes issued under the Programme may be rated or unrated. In addition, one or more independent credit rating agencies may assign additional credit ratings to the Notes or the Issuer. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the ratings assigned to the Issuer, the Programme or any Notes already issued.

The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this Securities Note and other factors that may affect the value of the Notes and the ability of the Issuer to make payments under the Notes (including, but not limited to, market conditions and funding-related and operational risks inherent to the business of the Issuer). There is no assurance that a rating in respect of the Notes or the Issuer will remain for any given period of time or that such rating will not be suspended, lowered or withdrawn by the relevant rating agency if, in its judgement, circumstances in the future so warrant.

In the event that a rating assigned to the Notes or the Issuer is subsequently suspended, lowered or withdrawn for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Notes, the trading price of the Notes is likely to be adversely affected and the ability of the Issuer to make payments under the Notes may be adversely affected.

In addition, the Issuer's assets are risk weighted. Downgrades of these assets could result in a higher risk weighting which may result in higher capital requirements and thus a need to deleverage or issue more capital. This may impact net earnings and the return on capital, and may have an adverse impact on the Issuer's financial position and ability to make payments under the Notes.

Changes in law after the date of this Securities Note may adversely affect the interests of Noteholders

The General Conditions are based on Dutch law in effect as at the date of this Securities Note. No assurance can be given as to the impact of any possible judicial decision or change to Dutch, European or any other applicable laws, regulations or administrative practices after the date of this Securities Note.

Changes in law after the date hereof may affect the rights of Noteholders as well as the market value of the Notes. Such changes in law may include, but are not limited to, changes in statutory, tax and regulatory regimes, administrative practices and judicial decisions during the life of the Notes, which may have an adverse effect on an investment in such Notes. For example, on 18 April 2023, the European Commission adopted a proposal to adjust and further strengthen the EU's existing bank crisis management and deposit insurance ("CMDI") framework, with a focus on medium-sized and smaller banks. The package implies the review of the BRRD and SRMR frameworks as well as a separate legislative proposal to amend the Deposit Guarantee Schemes Directive ("DGSD"), all of which aim at further preserving financial stability, protecting taxpayers and depositors, and supporting the real economy and its competitiveness. The proposals include, but are not limited to, the introduction of a general depositor preference within the EU and changes to further enable the use of Deposit Guarantee Schemes ("DGS") funds and where needed resolution funds in measures other than the pay-out of covered deposits in case of insolvency or resolution of a failing bank. The changes to the creditor hierarchy could potentially negatively impact the relative ranking of Notes issued by the Issuer and the credit ratings assigned thereto. Moreover, an expanded use of DGS and resolution funds could potentially result in an increase of contribution requirements for banks (please also refer to the risk factor entitled "*The Issuer may incur losses due to failures of banks falling under the scope of state compensation schemes*" in the Registration Document). Whereas a political agreement on the CMDI proposal was reached on 25 June 2025, the final text of the proposed adjustments to the CMDI framework and when they will be finally implemented in the EU are still uncertain. Therefore, the exact impact of these adjustments and the potential effects on the Issuer cannot yet be assessed.

Next to the fact that changes in law after the date of this Securities may adversely affect the interest of Noteholders, any legislative and regulatory uncertainty could also affect an investor's ability to accurately value the Notes and, therefore, affect the trading price of the Notes given the extent and impact on the Notes that one or more regulatory or legislative changes, including those described above, could have on the Notes.

If any investor holds Notes which are not denominated in the investor's home currency, it will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in a Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent trading price of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate and/or restrict the convertibility or transferability of currencies within and/or outside of a particular jurisdiction which in turn could adversely affect the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or receive it later than expected or not at all.

Risks relating to Notes denominated in CNH

Renminbi is not completely freely convertible to another currency at present. The People's Republic of China (excluding the Hong Kong Special Administrative Region, the Macau Special Administrative Region and Taiwan) ("PRC") government continues to regulate conversion between Renminbi and foreign currencies despite the significant reduction over the years by such government of its control over routine foreign exchange transactions under current accounts.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of the Notes and the Issuer's ability to source Renminbi outside the PRC to fulfil its payment obligations under the Notes. As a result of the restrictions by the PRC government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China (the "PBoC") has entered into agreements on the clearing of Renminbi business with financial institutions of a number of financial centers and cities (the "**Renminbi Clearing Banks**") including, but not limited to, Hong Kong and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of Renminbi-denominated financial assets outside the PRC is limited. There are also restrictions imposed by the PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Renminbi business participating banks do not have direct Renminbi liquidity support from the PBoC. The Renminbi Clearing Banks only have access to onshore liquidity support from the PBoC for the purpose of squaring open positions of participating banks for limited types of transactions, including open positions resulting from conversion services for corporations relating to cross-border trade settlement. The relevant Renminbi Clearing Bank is not obliged to square for participating banks any open positions as a result of other foreign exchange transactions or conversion services with the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the CNH market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations. There is no assurance that no new PRC regulations will be promulgated or the Settlement Arrangements with the Renminbi Clearing Banks will not be terminated or amended in the future which will have the effect of restricting availability of CNH. The limited availability of Renminbi outside the PRC may affect the liquidity of Notes denominated in CNH. To the extent the Issuer is required to source CNH to service the Notes, there is no assurance that the Issuer will be able to source such CNH on satisfactory terms, if at all.

4. Risks related to tax and legal matters

The value of the Notes could be adversely affected by a change in the Groenregeling

Certain Notes issued under this Securities Note may currently provide Noteholders resident in the Netherlands with certain potential tax advantages as a result of the *Regeling Groenprojecten* and *Fiscale Groenregeling* (the "**Groenregeling**"), as further described in the "*GENERAL INFORMATION – Description of the Groenregeling*" section below. Any change to the Groenregeling (including the announced abolishment thereof as further described in the "*GENERAL INFORMATION – Description of the Groenregeling*" section below) after the date of issue of any particular Series of Notes may adversely impact the potential tax advantages available to Noteholders resident in the Netherlands and/or the value of any Notes held by such Noteholders.

The General Conditions contain provisions which may permit their modification without the consent of all investors which may be contrary to Noteholders' interests

The General Conditions contain provisions for calling meetings of holders of the Notes to consider and vote upon matters affecting their interests generally or to pass resolutions in writing, including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes or coupon, and to

obtain resolutions in writing on matters relating to the Notes from the holders of Notes without calling a meeting. These provisions permit defined majorities to bind all holders of Notes, including holders of Notes who did not attend and vote at the relevant meeting and holders of Notes who voted in a manner contrary to the majority or, as the case may be, who did not sign a resolution in writing. Any such modification may be contrary to the interest of one or more holders of Notes and as a result the Notes may no longer meet the requirements or investment objectives of a Noteholder.

The issuance of additional Notes that are not fungible with original Notes for U.S. federal income tax purposes could impact the trading price of the original Notes

The Issuer may, without the consent of the holders of outstanding Notes, issue additional Notes with identical terms. These additional Notes, even if they are treated for non-tax purposes as part of the same series as the original Notes, in some cases may be treated as a separate issue for U.S. federal income tax purposes. In such a case, the additional Notes may be considered to have been issued with original issue discount (“OID”) even if the original Notes had no OID, or the additional Notes may have a different amount of OID than the remaining OID on the original Notes. These differences may affect the trading price of the original Notes if the additional Notes are not otherwise distinguishable from the original Notes.

Noteholders may be exposed to risks relating to Singapore taxation

Certain Notes to be issued from time to time under this Programme, during the period from the date of this Securities Note to 31 December 2028, may be intended to be “qualifying debt securities” pursuant to the Income Tax Act 1947 of Singapore (the “**Income Tax Act**”) and the MAS Circular FDD Cir 08/2023 entitled “Qualifying Debt Securities and Primary Dealer Schemes – Extension and Refinements” issued by the Monetary Authority of Singapore (“**MAS**”) on 31 May 2023, subject to the fulfilment of certain conditions more particularly described under the heading “*Taxation - Singapore Taxation*”.

However, there is no assurance that the conditions for “qualifying debt securities” will be met or that such Tranche of Notes will continue to enjoy the tax concessions in connection therewith should the relevant tax laws or MAS circulars be amended or revoked at any time or should the required conditions cease to be fulfilled, or if such Tranche of Instruments is issued after the qualifying debt securities scheme ceases to apply in which case, subject to certain conditions being met (as further described under the heading “*Taxation – Singapore Taxation*”) certain Noteholders could be required to pay taxes under the Income Tax Act.

In addition, the tax concessions and exemptions for qualifying debt securities may not be available for any particular Tranche if the Inland Revenue Authority of Singapore (“**IRAS**”) does not regard such Tranche of Notes as debt securities for Singapore income tax purposes.

Risk that a difference in insolvency law could impact recovery by holders of Notes

In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of the Issuer’s place of incorporation, which is the Netherlands. The insolvency laws of the Issuer’s place of incorporation may be different from the insolvency laws of an investor’s home jurisdiction and the treatment and ranking of holders of Notes issued by the Issuer and the Issuer’s other creditors and shareholders if the Issuer was subject to the insolvency laws of the investor’s home jurisdiction. As a result, payments to holders of Notes, when the Issuer has entered into Dutch insolvency proceedings, could be subject to more of a delay and less of a recovery by holders in respect of the Notes to what that investor may expect in its home jurisdiction.

5. **Risks relating to the pricing of and market in the Notes**

More Notes may be issued than those which are to be subscribed or purchased by third party investors as a result of which the issue size of any Series may not be indicative of the depth or liquidity of the market for such Series

As part of its issuing, market-making and/or trading arrangements, the Issuer may issue more Notes than those which are to be subscribed or purchased by third party investors. The Issuer (or any of its affiliates) may hold such Notes for the purpose of meeting any investor interest in the future. The issue size of any Series is therefore not indicative of the depth or liquidity of the market for such Series, or of the demand for such Series. If the depth or liquidity of the market for a Series of Notes is different than expected due to the fact that more Notes were issued than are subscribed or purchased by third party investors, this may adversely affect the trading price of the Notes in a secondary market.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of bearer Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. Any such holding of Notes that is less than the minimum Specified Denomination may be illiquid and difficult to trade. In such a case, a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in its account with the relevant clearing system at the relevant time may not receive a definitive bearer Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that its holding amounts to a minimum Specified Denomination. Therefore, if definitive Notes are issued, Noteholders should be aware that definitive Notes that have a denomination which is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

IMPORTANT NOTICES

Any Notes issued under the Programme are issued subject to the provisions set out herein. This does not affect any Notes issued prior to the date hereof.

The Prospectus comprises a base prospectus relating to non-equity securities for the purposes of Article 8(6) of the Prospectus Regulation. In respect of each individual series of PR Notes, the Final Terms will be filed with the AFM.

This Securities Note has been drawn up in accordance with Annexes 14, 22 and 28 of the Commission Delegated Regulation (EU) 2019/980, as amended, and has been approved by the AFM in its capacity as competent authority under the Prospectus Regulation. **The AFM only approves this Securities Note as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuer or the quality of the Notes that are the subject of this Securities Note and investors should make their own assessment as to the suitability of investing in the Notes.**

The Issuer accepts responsibility for the information contained in the Prospectus. To the best of the Issuer's knowledge, the information contained in this Securities Note is in accordance with the facts and makes no omission likely to affect the import of such information.

Any information from third parties has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from information published by that third party, does not omit anything which would render the reproduced information inaccurate or misleading.

The Prospectus is to be read in conjunction with any supplement thereto and all documents which are incorporated by reference therein (see the section "*Documents Incorporated by Reference*" in the Registration Document and in this Securities Note). Such documents shall be incorporated in, and form part of the Prospectus, save that any statement contained in a document which is incorporated by reference therein shall be deemed to be modified or superseded for the purpose of the Prospectus to the extent that a later statement contained therein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall, except as so modified or superseded, not constitute a part of the Prospectus. Full information on the Issuer and any Tranches of PR Notes is only available on the basis of the combination of the Prospectus as a whole (comprising this Securities Note and the Registration Document), as supplemented from time to time, and the relevant Final Terms.

The Notes issued under the Programme by the Issuer shall include medium term notes ("**Medium Term Notes**"). Such Medium Term Notes may constitute, among others, fixed rate notes ("**Fixed Rate Notes**"), floating rate notes ("**Floating Rate Notes**"), zero coupon notes ("**Zero Coupon Notes**"), tailor-made interest notes ("**Tailor-Made Interest Notes**"), step-up interest notes ("**Step-Up Interest Notes**"), floater interest notes ("**Floater Interest Notes**"), floater with lock-in interest notes ("**Floater with Lock-In Interest Notes**"), reverse floater interest notes ("**Reverse Floater Interest Notes**"), ratchet floater interest notes ("**Ratchet Floater Interest Notes**"), switchable (fixed to floating) interest notes ("**Switchable (Fixed to Floating) Interest Notes**"), switchable (floating to fixed) interest notes ("**Switchable (Floating to Fixed) Interest Notes**"), steepener interest notes ("**Steepener Interest Notes**"), steepener with lock-in interest notes ("**Steepener with Lock-In Interest Notes**"), range accrual(rates) interest notes ("**Range Accrual(Rates) Interest Notes**"), range accrual(spread) interest notes ("**Range Accrual(Spread) Interest Notes**"), inverse range accrual interest notes ("**Inverse Range Accrual Interest Notes**"), KO range accrual interest notes ("**KO Range Accrual Interest Notes**"), dual range accrual interest notes ("**Dual Range Accrual Interest Notes**"), snowball interest notes ("**Snowball Interest Notes**"), snowranger interest notes ("**SnowRanger Interest Notes**"), barrier(rates) interest notes ("**Barrier(Rates) Interest Notes**"), inverse floating rate

interest notes (“**Inverse Floating Rate Interest Notes**”), reference item(inflation) performance linked interest notes (“**Reference Item(Inflation) Performance Linked Interest Notes**”), reference item(inflation) indexed interest notes (“**Reference Item(Inflation) Indexed Interest Notes**”), inflation indexed redemption notes (“**Inflation Indexed Redemption Notes**”), inflation indexed redemption with floor notes (“**Inflation Indexed Redemption with Floor Notes**”) and instalment notes (“**Instalment Notes**”).

Notes may be issued in unitised form (“**Units**”) and references in this Securities Note to Notes shall also include Units. Units shall have an individual issue price instead of a (specified) denomination and where reference in this Securities Note is made to a minimum (specified) denomination for Notes, such term shall be deemed to include references to a minimum issue price for Units.

Notes may be denominated in any currency determined by the Issuer and the relevant Dealer (if any). References herein to “**Notes**” are to the Notes which may be issued by the Issuer under the Programme. References herein to “**Noteholders**” are to holders of Notes.

Subject as set out herein, the Notes will be subject to such minimum or maximum maturity as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the Issuer or the relevant Specified Currency (as defined herein). The maximum aggregate nominal amount of all Notes and obligations from time to time outstanding under the Programme (including, but not limited to Notes issued under this Securities Note) will not exceed €25,000,000,000 (or its equivalent in other currencies calculated as described herein).

In relation to each separate issue of Notes, the issue price and the amount of such Notes will be determined, based on then prevailing market conditions at the time of the issue of the Notes, and will be set out in the applicable Final Terms (as defined below). The Final Terms will be provided to investors and filed with the relevant competent authority for the purposes of the Prospectus Regulation (i) when any Public Offer (as defined below) of Notes is made in the EEA as soon as practicable and in advance of the beginning of the offer and (ii) when admission to trading of Notes on a regulated market in the EEA is sought as soon as practicable and if possible in advance of the admission to trading.

The Notes will not contain any provision that would oblige the Issuer to gross-up any amounts payable thereunder in the event of any withholding or deduction for or on account of taxes levied in any jurisdiction.

The Notes will be issued on a continuing basis by the Issuer to the purchasers thereof, which may include any Dealers appointed under the Programme from time to time, which appointment may be for a specific issue or on an ongoing basis and which may include ING Bank N.V. acting in its capacity as a Dealer and separate from that as Issuer (each a “**Dealer**” and together the “**Dealers**”). The Dealer or Dealers with whom the Issuer agrees or proposes to agree on the issue of any Notes is or are referred to as the “**relevant Dealer**” in respect of those Notes.

The Issuer may decide to issue Notes in a form not contemplated by the various terms and conditions of the Notes, as the case may be, herein. In any such case a supplement to this Securities Note, if appropriate, will be made available which will describe the form of such Notes.

Notice of the aggregate nominal amount of Notes, interest (if any) payable in respect of Notes, the issue price of Notes and any other terms and conditions not contained herein which are applicable to each Tranche of Notes will be set forth in the applicable Final Terms.

Notes may be issued in bearer form and registered form (see “*Form of the Notes*”).

The Issuer has a senior debt rating from S&P Global Ratings Europe Limited (“**S&P**”), Moody’s France SAS (“**Moody’s**”), Fitch Ratings Ireland Limited (“**Fitch**”) and Scope Ratings GmbH (“**Scope**”), details of which are

contained in the Registration Document. S&P, Moody's, Fitch and Scope are established in the European Union and are registered under the CRA Regulation.

Tranches (as defined herein) of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as any ratings assigned to the Issuer, the Programme or any Notes already issued. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

To the fullest extent permitted by law, none of the Dealers (for the avoidance of doubt, excluding ING Bank N.V. acting in its capacity as Issuer) accepts any responsibility for the contents of the Prospectus or for any other statement, made or purported to be made by a Dealer or on its behalf in connection with the Issuer or the issue and offering of any Notes. Each Dealer (for the avoidance of doubt, excluding ING Bank N.V. acting in its capacity as Issuer) accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of the Prospectus or any such statement.

No person has been authorised to give any information or to make any representation not contained in or incorporated by reference into the Prospectus or any other information supplied in connection with the Programme and neither the Issuer nor the Arranger or any Dealer appointed by the Issuer takes any responsibility for, and none of them can provide assurance as to the reliability of, information that any other person may give.

Neither the delivery of the Prospectus nor the offering, sale or delivery of any Notes shall in any circumstances imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers do not undertake to review the financial condition or affairs of the Issuer during the life of the Programme. Investors should carefully review and evaluate, *inter alia*, the most recent financial statements of the Issuer when deciding whether or not to purchase any Notes.

Neither the Prospectus nor any other information supplied in connection with the Programme should be considered as a recommendation by the Issuer or any of the Dealers that any recipient of the Prospectus or any other information supplied in connection with the Programme should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither the Prospectus nor the information contained in it or any other information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer or any of the Dealers to any person to subscribe for or to purchase any Notes.

Neither the Arranger nor any of the Dealers makes any representation as to the suitability of any Green Bonds (as defined herein), including the listing or admission to trading thereof on any dedicated 'green', 'environmental', 'sustainable' or other equivalently-labelled segment of any stock exchange or securities market, to fulfil any green, environmental or sustainability criteria required by any prospective investors. The Arranger and the Dealers have not undertaken, nor are they responsible for, any assessment of the eligibility criteria for Eligible Green Loans (as defined herein), any verification of whether the Eligible Green Loans meet such criteria or the monitoring of the use of proceeds of any Green Bonds (or amounts equal thereto). Investors should refer to any green financing framework which the Issuer may publish from time to time, any second party opinion delivered in respect thereof, and any public reporting by or on behalf of the Issuer in respect of the application of the proceeds of any issue of Green Bonds for further information. Any such green financing framework and/or second party opinion and/or public reporting will not be incorporated by reference in this Securities Note and neither the Arranger nor any of the Dealers makes any representation as to the suitability or contents thereof.

If the use of such proceeds is a factor in a prospective investor's decision to invest in Green Bonds, prospective investors should consult with their legal and other advisers before making an investment in any such Green Bonds and must determine for themselves the relevance of such information for the purpose of any investment in such Green Bonds, together with any other investigation such investor deems necessary.

NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS - Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in the Prospectus or any applicable supplement or applicable Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant benchmarks and the financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes could be perceived as complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

The Prospectus is not, and does not purport to be, investment advice or an investment recommendation to purchase the Notes. The Issuer, including its branches and any group company, is acting solely in the capacity of an arm's length contractual counterparty and not as a purchaser's financial adviser or fiduciary in any transaction, unless the Issuer has agreed to do so in writing. If a prospective investor does not have experience in financial, business and investment matters sufficient to permit it to make such a determination, the investor should consult with its financial adviser prior to deciding to make an investment on the suitability of the Notes. Investors risk losing their entire investment or part of it.

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes (i) is fully consistent with its (or, if it is acquiring the Notes in a fiduciary capacity, the beneficiary's) financial needs, objectives and condition, (ii) complies and is fully consistent with any investment policies, guidelines and restrictions applicable to it (whether acquiring the Notes as principal or in a fiduciary capacity) and (iii) is a fit, proper and suitable investment for it (or, if it is acquiring the Notes in a fiduciary capacity, for the beneficiary). In particular, investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each prospective investor should therefore consult its legal advisers to determine whether and to what extent (i) the Notes

are legal investments for it, (ii) the Notes can be used as underlying securities for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes.

Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

OFFER RESTRICTIONS

Other than in Belgium, France, Germany, Italy, Luxembourg, the Netherlands, Poland and Romania, the Issuer, the Arranger and any Dealer do not represent that the Prospectus may be lawfully distributed, or that Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Arranger or any Dealer under the Programme which would permit a public offering of the Notes or distribution of the Prospectus in any jurisdiction where action for that purpose is required, other than (if so indicated in the applicable Final Terms) in certain Member States of the EEA, the UK and Switzerland. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither the Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction where such offer, sale, distribution and/or publication would be prohibited and each Dealer will be required to represent that all offers and sales by it of Notes will be made on these terms. The Issuer may seek to have an expected issue of Notes admitted to trading on Euronext Amsterdam, on Euronext Paris or the Warsaw Stock Exchange on an “as-if-and-when-issued” basis, generally starting three business days preceding the Issue Date until the Issue Date (both the first day of the as-if-and-when-issued-trading and the Issue Date will be specified in the applicable Final Terms). As-if-and-when-issued-trading makes it possible to trade in the Notes listed on Euronext Amsterdam, Euronext Paris or the Warsaw Stock Exchange before they have been issued. However, prospective investors in Notes should not rely on trading on this basis as a commitment by the Issuer to accept an application to subscribe for Notes to refrain from withdrawing, cancelling or otherwise modifying an offer of Notes.

The distribution of the Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. Persons into whose possession the Prospectus or any Notes come must inform themselves about, and observe, any such restrictions. See “*Subscription and Sale*”.

Unless the Final Terms in respect of any Notes specifies Belgium as Public Offer Jurisdiction (as defined below), the Notes are not intended to be offered, sold or otherwise made available to and will not be offered, sold or otherwise made available to “consumers” (*consumenten/consommateurs*) within the meaning of the Belgian Code of Economic law (*Wetboek economisch recht/Code de droit économique*), as amended.

MiFID II product governance / target market – The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the

Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MIFIR Product Governance Rules.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97, as amended (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently, no key information document required by Regulation (EU) No 1286/2014, as amended (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – UK RETAIL INVESTORS – If the Final Terms in respect of any Notes include a legend entitled “Prohibition of Sales to UK Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is neither: (i) a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (“**EUWA**”); nor (ii) a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024 (the “**POATR**”). Consequently, no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States. Accordingly, the Notes may not be offered, sold, pledged or otherwise transferred within the United States or to or for the account or benefit of U.S. persons, except in accordance with Regulation S under the Securities Act or pursuant to an exemption from the registration requirements of the Securities Act and any applicable state securities laws. Registered Notes issued by the Issuer may be offered and sold in the United States exclusively to persons reasonably believed by the Issuer or the Dealers (if any) to be QIBs (as defined herein), or placed privately with accredited investors as defined in Rule 501(a) of Regulation D (“**Accredited Investors**”) under the Securities Act. Each U.S. purchaser of Registered Notes issued by the Issuer is hereby notified that the offer and sale of any Registered Notes to it may be made in reliance upon the exemption from the registration requirements of the Securities Act provided by Rule 144A. To permit compliance with Rule 144A under the Securities Act in connection with the resales of Registered Notes issued by the Issuer, the Issuer is required to furnish, upon request of a holder of a Registered Note issued by the Issuer or a prospective purchaser designated by such holder, the information required to be delivered under Rule 144A(d)(4) under the Securities Act. Registered Notes issued by the Issuer are not transferable to other

holders within the United States, except upon satisfaction of certain conditions as described under “*Subscription and Sale*”. Certain U.S. tax law requirements may also apply to U.S. holders of the Notes.

The Notes have not been approved or disapproved by the U.S. Securities and Exchange Commission, any state securities commission in the United States or any other U.S. regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Notes or the accuracy or the adequacy of this Securities Note. Any representation to the contrary is a criminal offence in the United States.

Singapore Securities and Futures Act Product Classification – *In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (as modified or amended from time to time, the “SFA”), unless otherwise specified before an offer of Notes, the Issuer has determined and hereby notifies all relevant persons (as defined in Section 309A of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”)).*

IMPORTANT NOTICE TO PROSPECTIVE INVESTORS PURSUANT TO PARAGRAPH 21 OF THE HONG KONG SFC CODE OF CONDUCT – Prospective investors should be aware that certain intermediaries in the context of certain offerings of Notes pursuant to this Programme (each such offering, a “**CMI Offering**”), including certain Dealers, may be “capital market intermediaries” (the “**CMIs**”) subject to Paragraph 21 of the Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission (the “**SFC Code**”). This notice to prospective investors is a summary of certain obligations the SFC Code imposes on such CMIs, which require the attention and cooperation of prospective investors. Certain CMIs may also be acting as “overall coordinators” (the “**OCs**”) for a CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealer(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of the Issuer, a CMI or its group companies would be considered under the SFC Code as having an association (“**Association**”) with the Issuer, the CMI or the relevant group company. Prospective investors associated with the Issuer or any CMI (including its group companies) should specifically disclose this when placing an order for the relevant Notes and should disclose, at the same time, if such orders may negatively impact the price discovery process in relation to the relevant CMI Offering. Prospective investors who do not disclose their Associations are hereby deemed not to be so associated. Where prospective investors disclose their Associations but do not disclose that such order may negatively impact the price discovery process in relation to the relevant CMI Offering, such order is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should ensure, and by placing an order prospective investors are deemed to confirm, that orders placed are *bona fide*, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). A rebate may be offered by the Issuer to all private banks for orders they place (other than in relation to Notes subscribed by such private banks as principal whereby it is deploying its own balance sheet for onward selling to investors), payable upon closing of the relevant CMI Offering based on the principal amount of the Notes distributed by such private banks to investors. Private banks are deemed to be placing an order on a principal basis unless they inform the CMIs otherwise. As a result, private banks placing an order on a principal basis (including those deemed as placing an order as principal) will not be entitled to, and will not be paid, the rebate. Details of any such rebate will be set out in the applicable Final Terms or otherwise notified to prospective investors. If a prospective investor is an asset management arm affiliated with any relevant Dealer, such prospective investor should indicate when placing an order if it is for a fund or portfolio where the relevant Dealer or its group company has more than 50 per cent. interest, in which case it will be classified as a “proprietary order” and subject to appropriate handling by CMIs in accordance with the SFC Code and should disclose, at the same time, if such “proprietary order” may negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a “proprietary order”. If a prospective investor is otherwise affiliated with any relevant Dealer, such that its order may be considered to be a “proprietary order” (pursuant to the SFC Code), such prospective investor should indicate to the relevant Dealer when placing such order. Prospective investors who do not indicate this information when placing an order are hereby deemed to confirm that their order is not a “proprietary order”. Where prospective investors disclose such information but do not disclose that such “proprietary order” may negatively impact the price discovery process in relation to the relevant CMI Offering, such “proprietary order” is hereby deemed not to negatively impact the price discovery process in relation to the relevant CMI Offering.

Prospective investors should be aware that certain information may be disclosed by CMIs (including private banks) which is personal and/or confidential in nature to the prospective investor. By placing an order, prospective investors are deemed to have understood and consented to the collection, disclosure, use and transfer of such information by the relevant Dealers and/or any other third parties as may be required by the SFC Code, including to the Issuer, any OCs, relevant regulators and/or any other third parties as may be required by the SFC Code, it being understood and agreed that such information shall only be used for the purpose of complying with the SFC Code, during the bookbuilding process for the relevant CMI Offering. Failure to provide such information may result in that order being rejected.

STABILISATION

In connection with the issue of any Tranche of Notes, the Issuer or one or more Dealers (in such capacity, the “Stabilisation Manager(s)” (or person(s) acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms (in the case of Notes convertible or exchangeable into shares or into other securities equivalent to shares) or terms (in all other cases) of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or any person acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

PUBLIC OFFERS OF NON-EXEMPT PR NOTES IN THE EEA

Non-Exempt PR Notes may, subject as provided below, be offered in a Member State of the EEA (each a "**Member State**") in circumstances where there is no exemption from the obligation under the Prospectus Regulation to publish a prospectus. Any such offer is referred to in this Securities Note as a "**Public Offer**".

The Prospectus has been prepared on a basis that permits Public Offers in Belgium, France, Germany, Italy, Luxembourg, the Netherlands, Poland and Romania (together the "**Public Offer Jurisdictions**"). Any person making or intending to make a Public Offer of Non-Exempt PR Notes in a Public Offer Jurisdiction on the basis of the Prospectus must do so only with the Issuer's consent (see "*Consent given in accordance with Article 5.1 of the Prospectus Regulation*" below). Save as provided above, neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any Public Offer of Notes in circumstances in which an obligation arises for either the Issuer or any Dealer to publish or supplement the Prospectus for such offer.

If the Issuer intends to make or authorise any Public Offer of Non-Exempt PR Notes to be made in one or more Member States other than a Public Offer Jurisdiction, it will prepare a supplement to the Prospectus specifying such Member State(s) and any additional information required by the Prospectus Regulation in respect thereof. Such supplement will also set out provisions relating to the Issuer's consent to use the Prospectus in connection with any such Public Offer.

Consent given in accordance with Article 5.1 of the Prospectus Regulation

In the context of any Public Offer of Notes, the Issuer accepts responsibility, in each of the Public Offer Jurisdictions, for the content of the Prospectus in relation to any person (an "**Investor**") who purchases any Notes in a Public Offer made by a Dealer or an Authorised Offeror (as defined below), where that offer is made during the Offer Period (as specified in the applicable Final Terms).

Except in the circumstances described below, the Issuer has not authorised the making of any offer by any offeror and the Issuer has not consented to the use of the Prospectus by any other person in connection with any offer of the Notes in any jurisdiction. Any offer made without the consent of the Issuer is unauthorised and neither the Issuer nor, for the avoidance of doubt, any Dealer accepts any responsibility or liability in relation to such offer or for the actions of the persons making any such unauthorised offer. If, in the context of a Public Offer, an Investor is offered Notes by a person which is not an Authorised Offeror, the Investor should check with such person whether anyone is responsible for the Prospectus for the purpose of the relevant Public Offer and, if so, who that person is. If an Investor is in any doubt about whether it can rely on the Prospectus and/or who is responsible for its contents, the Investor should take legal advice.

Consent

The Issuer consents and (in connection with paragraph (D) below) offers to grant its consent to the use of the Prospectus (as supplemented at the relevant time, if applicable) in connection with any Public Offer of a Tranche of Notes in the Public Offer Jurisdictions specified in the applicable Final Terms during the Offer Period specified in the applicable Final Terms by:

Specific consent

- (A) the Dealer(s) or Manager(s) specified in the applicable Final Terms;
- (B) any financial intermediaries specified in the applicable Final Terms; and
- (C) any other financial intermediary appointed after the date of the applicable Final Terms and whose name and address are published on the Issuer's website (<https://www.ingmarkets.com/>) and identified as an Authorised Offeror in respect of the relevant Public Offer; and

General consent

- (D) if General Consent is specified in the applicable Final Terms as applicable, any other financial intermediary which (a) is authorised to make such offers under MiFID II; and (b) accepts such offer by publishing on its website the following statement (with the information in square brackets duly completed with the relevant information) (the “**Acceptance Statement**”):

*“We, [specify legal name of financial intermediary], refer to the offer of [specify title of Notes] (the “**Notes**”) described in the Final Terms dated [specify date] (the “**Final Terms**”) published by ING Bank N.V. (the “**Issuer**”). In consideration of the Issuer offering to grant its consent to our use of the Prospectus (as defined in the Final Terms) in connection with the offer of the Notes in [Belgium, France, Germany, Italy, Luxembourg, the Netherlands, Poland and Romania] during the Offer Period in accordance with the Authorised Offeror Terms (as specified in the Prospectus), we accept the offer by the Issuer. We confirm that we are authorised under MiFID II to make, and are using the Prospectus in connection with, the Public Offer accordingly. Terms used herein and otherwise not defined shall have the same meaning as given to such terms in the Prospectus.”*

The “**Authorised Offeror Terms**”, being the terms to which the relevant financial intermediary agrees in connection with using the Prospectus, are that the relevant financial intermediary:

- (I) will, and it agrees, represents, warrants and undertakes for the benefit of the Issuer and the relevant Dealer that it will, at all times in connection with the relevant Public Offer:
 - (a) act in accordance with, and be solely responsible for complying with, all applicable laws, rules, regulations and guidance of any applicable regulatory bodies (the “**Rules**”) from time to time, including, without limitation, Rules relating to both the appropriateness or suitability of any investment in the Non-Exempt PR Notes by any person and disclosure to any potential Investor, and will immediately inform the Issuer and the relevant Dealer if at any time such financial intermediary becomes aware or suspects that it is or may be in violation of any Rules and takes all appropriate steps to remedy such violation and comply with such Rules in all respects;

- (d) ensure that any fee (and any other commissions or benefits of any kind) received or paid by that financial intermediary in relation to the offer or sale of the Non-Exempt PR Notes does not violate the Rules and, to the extent required by the Rules, is fully and clearly disclosed to Investors or potential Investors;

- (g) retain Investor identification records for at least the minimum period required under applicable Rules, and shall, if so requested, make such records available to the relevant Dealer and the Issuer or directly to the appropriate authorities with jurisdiction over the Issuer and/or the relevant Dealer in order to enable the Issuer and/or the relevant Dealer to comply with anti-money laundering, anti-bribery, anti-corruption and “know your client” Rules applying to the Issuer and/or the relevant Dealer;
- (h) not, directly or indirectly, cause the Issuer or the relevant Dealer to breach any Rule or subject the Issuer or the relevant Dealer to any requirement to obtain or make any filing, authorisation or consent in any jurisdiction;
- (i) immediately give notice to the Issuer and the relevant Dealer if at any time it becomes aware or suspects that it is or may be in violation of any Rules or the terms of this sub-paragraph, and takes all appropriate steps to remedy such violation and comply with such Rules and this sub-paragraph in all respects;
- (j) not give any information other than that contained in the Prospectus (as may be amended or supplemented by the Issuer from time to time) or make any representation in connection with the offering or sale of, or the solicitation of interest in, the Notes;
- (k) ensure that no holder of Non-Exempt PR Notes or potential Investor in Non-Exempt PR Notes shall become an indirect or direct client of the Issuer or the relevant Dealer for the purposes of any applicable Rules from time to time, and to the extent that any client obligations are created by the relevant financial intermediary under any applicable Rules, then such financial intermediary shall perform any such obligations so arising;
- (l) co-operate with the Issuer and the relevant Dealer in providing such information (including, without limitation, documents and records maintained pursuant to paragraph (f) above) upon written request from the Issuer or the relevant Dealer as is available to such financial intermediary or which is within its power and control from time to time, together with such further assistance as is reasonably requested by the Issuer or the relevant Dealer:
 - (i) in connection with any request or investigation by the AFM and/or any relevant regulator of competent jurisdiction in relation to the Non-Exempt PR Notes, the Issuer or the relevant Dealer;

- (ii) in connection with any complaints received by the Issuer and/or the relevant Dealer relating to the Issuer and/or the relevant Dealer or another Authorised Offeror, including, without limitation, complaints as defined in rules published by the AFM and/or any relevant regulator of competent jurisdiction from time to time; and/or
- (iii) which the Issuer or the relevant Dealer may reasonably require from time to time in relation to the Non-Exempt PR Notes and/or as to allow the Issuer or the relevant Dealer fully to comply within its own legal, tax and regulatory requirements,

in each case, as soon as is reasonably practicable and, in any event, within any time frame set by any such regulator or regulatory process;

 - (n) either (i) obtain from each potential Investor an executed application for the Non-Exempt PR Notes or (ii) keep a record of all requests such financial intermediary (x) makes for its discretionary management clients, (y) receives from its advisory clients and (z) receives from its execution-only clients, in each case prior to making any order for the Non-Exempt PR Notes on their behalf, and in each case maintain the same on its files for so long as is required by any applicable Rules;
 - (o) comply with the conditions to the consent referred to under “*Common conditions to consent*” below and any further requirements relevant to the Public Offer as specified in the applicable Final Terms;
 - (p) make available to each potential Investor in the Non-Exempt PR Notes the Prospectus (as supplemented as at the relevant time, if applicable), the applicable Final Terms and any applicable information booklet provided by the Issuer for such purpose, and not convey or publish any information that is not contained in or entirely consistent with the Prospectus; and

- (II) agrees and undertakes to indemnify each of the Issuer and the relevant Dealer (in each case on behalf of such entity and its respective directors, officers, employees, agents, affiliates and controlling persons) against any losses, liabilities, costs, claims, charges, expenses, actions or demands (including reasonable costs of

investigation and any defence raised thereto and counsel's fees and disbursements associated with any such investigation or defence) which any of them may incur or which may be made against any of them arising out of or in relation to, or in connection with, any breach of any of the foregoing agreements, representations, warranties or undertakings by such financial intermediary, including (without limitation) any unauthorised action by such financial intermediary or failure by such financial intermediary to observe any of the above restrictions or requirements or the making by such financial intermediary of any unauthorised representation or the giving or use by it of any information which has not been authorised for such purposes by the Issuer or the relevant Dealer; and

(III) agrees and accepts that:

- (a) the contract between the Issuer and the financial intermediary formed upon acceptance by the financial intermediary of the Issuer's offer to use the Prospectus with its consent in connection with the relevant Public Offer (the "**Authorised Offeror Contract**"), and any non-contractual obligations arising out of or in connection with the Authorised Offeror Contract, shall be governed by, and construed in accordance with, the laws of the Netherlands; and

The conditions to the Issuer's consent are (in addition to the conditions described in paragraph (D) above if Part B of the applicable Final Terms specifies "General Consent" as "Applicable") that such consent:

ARRANGEMENTS BETWEEN INVESTORS AND AUTHORISED OFFERORS

AN INVESTOR INTENDING TO ACQUIRE OR ACQUIRING ANY NON-EXEMPT PR NOTES IN A PUBLIC OFFER FROM AN AUTHORISED OFFEROR OTHER THAN THE ISSUER WILL DO SO, AND OFFERS AND SALES OF SUCH NON-EXEMPT PR NOTES TO AN INVESTOR BY SUCH

AUTHORISED OFFEROR WILL BE MADE, IN ACCORDANCE WITH ANY TERMS AND OTHER ARRANGEMENTS IN PLACE BETWEEN SUCH AUTHORISED OFFEROR AND SUCH INVESTOR, INCLUDING AS TO PRICE, ALLOCATIONS, EXPENSES AND SETTLEMENT ARRANGEMENTS. THE ISSUER WILL NOT BE A PARTY TO ANY SUCH ARRANGEMENTS WITH SUCH INVESTORS IN CONNECTION WITH THE PUBLIC OFFER OR SALE OF THE NON-EXEMPT PR NOTES CONCERNED AND, ACCORDINGLY, THE PROSPECTUS AND ANY FINAL TERMS WILL NOT CONTAIN SUCH INFORMATION. THE INVESTOR MUST LOOK TO THE RELEVANT AUTHORISED OFFEROR AT THE TIME OF SUCH OFFER FOR THE PROVISION OF SUCH INFORMATION AND THE AUTHORISED OFFEROR WILL BE RESPONSIBLE FOR SUCH INFORMATION. NEITHER THE ISSUER NOR ANY DEALER (EXCEPT WHERE SUCH DEALER IS THE RELEVANT AUTHORISED OFFEROR) HAS ANY RESPONSIBILITY OR LIABILITY TO AN INVESTOR IN RESPECT OF SUCH INFORMATION.

Public Offers: Issue Price and Offer Price

Non-Exempt PR Notes to be offered pursuant to a Public Offer will be issued by the Issuer at the Issue Price specified in the applicable Final Terms. The Issue Price will be determined by the Issuer in consultation with the relevant Dealer at the time of the relevant Public Offer and will depend, amongst other things, on the interest rate applicable to the Non-Exempt PR Notes and prevailing market conditions at that time. The offer price of such Non-Exempt PR Notes will be the Issue Price or such other price as may be agreed between an Investor and the Authorised Offeror making the offer of the Non-Exempt PR Notes to such Investor. The Issuer will not be party to arrangements between an Investor and an Authorised Offeror, and the Investor will need to look to the relevant Authorised Offeror to confirm the price at which such Authorised Offeror is offering the Non-Exempt PR Notes to such Investor.

- (iv) each set of Final Terms relating to a Note issued by the Issuer and publicly offered and/or admitted to trading on a regulated market.

SUPPLEMENTS

If at any time during the duration of the Programme there is a significant new factor, material mistake or material inaccuracy relating to the information included in the Prospectus consisting of separate documents (i.e. this Securities Note and the Registration Document) which may affect the assessment of any Notes and which arises or is noted between the time when the Prospectus is approved and the closing of the offer period of such Notes or the time when trading of such Notes on a regulated market begins, whichever occurs later, the Issuer shall prepare a supplement to the Prospectus for use in connection with any subsequent offering of Notes to be offered to the public in the EEA or to be admitted to trading on a regulated market within the EEA and shall supply to the AFM and, where applicable, the stock exchange operating the relevant market such number of copies of such supplement or replacement document as relevant applicable legislation may require.

NOMINAL AMOUNT OF THE PROGRAMME

This Securities Note and any supplement will only be valid for the issue of Notes in an aggregate nominal amount, which, when added to the aggregate nominal amount then outstanding of all Notes previously or simultaneously issued under the Programme, does not exceed €25,000,000,000 or its equivalent in other currencies. For the purpose of calculating the aggregate amount of Notes issued under the Programme from time to time:

- (a) the euro equivalent of Notes denominated in another Specified Currency (as specified in the applicable Final Terms in relation to the Notes) shall be determined, at the discretion of the Issuer, as of the date of agreement to issue such Notes or on the preceding day on which commercial banks and foreign exchange markets are open for business in London, in each case on the basis of the spot rate for the sale of the euro against the purchase of such Specified Currency in the London foreign exchange market quoted by any leading bank selected by the Issuer on such date;
- (b) the amount (or, where applicable, the euro equivalent) of Inflation Linked Notes (as specified in the applicable Final Terms in relation to the Inflation Linked Notes) shall be calculated (in the case of Inflation Linked Notes not denominated in euro, in the manner specified above) by reference to the original nominal amount of such Inflation Linked Notes; and
- (c) the amount (or, where applicable, the euro equivalent) of Zero Coupon Notes (as specified in the applicable Final Terms in relation to the Notes) and other Notes issued at a discount or premium shall be calculated (in the case of Notes not denominated in euro, in the manner specified above) by reference to the net proceeds received by the Issuer for the relevant issue.

FORM OF THE NOTES

With respect to issues by the Issuer, unless otherwise provided in the applicable Final Terms with respect to a particular Series of Notes issued in registered form (“**Registered Notes**”), the Registered Notes of each Tranche of such Series offered and sold in reliance on Regulation S which will be sold to non-U.S. persons outside the United States, will initially be represented by a permanent global Note in registered form, without interest coupons (the “**Reg. S Global Note**”). Such Reg. S Global Note will be deposited with a custodian for, and the Reg. S Global Note will be registered in the name of, DTC (or a nominee on its behalf) for the accounts of Euroclear and Clearstream, Luxembourg.

Subject to the certification requirements discussed below, (i) if a holder of a beneficial interest in the Restricted Global Note (as defined herein) wishes at any time to exchange its interest in such Restricted Global Note for an interest in the Reg. S Global Note, or to transfer its interest in such Restricted Global Note to a person who wishes to take delivery thereof in the form of an interest in the Reg. S Global Note or (ii) if a holder of a beneficial interest in the Reg. S Global Note deposited with the custodian in the United States wishes at any time to exchange its interest in such Reg. S Global Note for an interest in the Restricted Global Note, or to transfer its interest in such Reg. S Global Note to a person who wishes to take delivery thereof in the form of an interest in the Restricted Global Note, in either such case such holder may, subject to the rules and procedures of the Registrar in the United States, exchange or cause the exchange, or transfer or cause the transfer of such interest for an equivalent beneficial interest in the Restricted Global Note or the Reg. S Global Note, as the case may be, upon compliance with the transfer requirements of the Registrar in the United States and certification to the effect that (a) in the case of the exchange of an interest in a Restricted Global Note for an interest in a Reg. S Global Note, the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Registered Notes under U.S. law and pursuant to and in accordance with Regulation S or (b) in the case of the exchange of an interest in a Reg. S Global Note for an interest in a Restricted Global Note, such exchange or transfer has been made to a person who the transferor reasonably believes to be a qualified institutional buyer (“**QIB**”) (as such term is defined in Rule 144A under the Securities Act), and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A.

With respect to issues by the Issuer, in the event that an interest in a Registered Global Note (as defined below) is exchanged for Registered Notes in definitive form, such Registered Notes may be exchanged or transferred for one another only in accordance with such procedures as are substantially consistent with the provisions set out above, including, without limitation, certification requirements intended to ensure that such exchanges or transfers comply with Rule 144A or Regulation S under the Securities Act, as the case may be.

Registered Notes of each Tranche of such Series may be offered and sold by the Issuer in the United States and to U.S. persons (as defined in Regulation S); provided, however, that so long as such Notes remain “restricted securities” within the meaning of Rule 144(a)(3) under the Securities Act, such Registered Notes may only be offered and sold in the United States or to or for the account or benefit of U.S. persons, in transactions exempt from the registration requirements of the Securities Act. Registered Notes of each Tranche sold to U.S. persons in exempt transactions pursuant to Rule 144A will be represented by one or more permanent global Notes in registered form, without interest coupons (each a “**Restricted Global Note**” and, together with the Reg. S Global Note, the “**Registered Global Notes**”). Such Restricted Global Note will be deposited with a custodian for, and the Restricted Global Note will be registered in the name of, DTC (or a nominee on its behalf).

Owners of beneficial interests in Registered Global Notes issued by the Issuer will be entitled or required, as the case may be, under the circumstances described under General Condition 12 (*Transfer and Exchange of Registered Notes and Replacement of Notes and Coupons*), to receive physical delivery of Registered Notes in definitive form. Such Registered Notes will not be issuable in bearer form.

Investors may hold their interest in the Reg. S Global Note directly through Euroclear or Clearstream, Luxembourg if they are participants in such systems, or indirectly through organisations which are participants in such systems. Euroclear and Clearstream, Luxembourg will hold interests in a Reg. S Global Note on behalf of their participants through customers' securities accounts in their respective names on the books of the nominee for DTC. Investors may hold their interests in the Restricted Global Note directly through DTC if they are participants in such system, or indirectly through organisations that are participants in such system.

Payments of the principal of, and interest (if any) on, the Registered Global Notes will be made to the nominee for DTC as the registered holder of the Registered Global Notes. None of the Issuer, the Agent, any Transfer Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Each Tranche of Notes in bearer form will generally be initially represented by a temporary bearer global Note or a permanent bearer global Note as indicated in the applicable Final Terms, in each case without interest coupons or talons, which in either case (i) (if the global Note is stated in the applicable Final Terms to be issued in New Global Note or "NGN" form) will be delivered on or prior to the original issue date of the relevant Tranche to the Common Safekeeper for Euroclear and Clearstream, Luxembourg, or (ii) (if the global Note is issued in Classic Global Note or "CGN" form) will be deposited on the issue date thereof, in the case of Classic Global Notes, with a common depository on behalf of Euroclear and Clearstream, Luxembourg, with Euroclear Netherlands and/or with any other agreed clearing system (including Euroclear France).

Each Tranche of Notes in bearer form issued in compliance with U.S. Treasury regulations section 1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form for purposes of section 4701 of the U.S. Internal Revenue Code of 1986, as amended ("TEFRA D")), initially will be represented by a temporary bearer global Note exchangeable for a permanent bearer global Note or definitive Notes in bearer form upon certification of non-U.S. beneficial ownership as described below.

Depositing the Global Note with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

If a Global Note is a CGN, upon the initial deposit of such Global Note with a common depository for Euroclear and Clearstream, Luxembourg or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Note to such common depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid. If a Global Note is an NGN, the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with a common depository for Euroclear and Clearstream, Luxembourg may also be credited to the accounts of subscribers with (if indicated in the applicable Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Whilst any Note is represented by a temporary bearer global Note, payments of principal and interest (if any) due prior to the Exchange Date (as defined below) will be made (against presentation of the temporary bearer global Note if it is in CGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by the relevant clearing system(s) and the relevant clearing system(s) has (or have) given a like certification (based on the certifications they have received) to the Agent. Any reference in this section to the relevant clearing system(s) shall mean the clearing and/or settlement system(s) specified in the applicable Final Terms. On and after the date (the “**Exchange Date**”) which is 40 days after the temporary global Note is issued and, in the case of Notes held through Euroclear Netherlands, not more than 90 days after the date on which the temporary bearer global Note is issued, interests in the temporary bearer global Note will be exchangeable (free of charge), upon request as described therein, either for interests in a permanent bearer global Note without interest coupons or talons or, subject to mandatory provisions of applicable laws and regulations, for definitive Notes in bearer form (as indicated in the applicable Final Terms) in each case against certification of beneficial ownership as described in the second sentence of this paragraph unless such certification has already been given. If and for so long as any temporary bearer global Note is deposited with Euroclear Netherlands, such applicable laws and regulations shall include the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*) and delivery (*uitlevering*) will only be possible in the limited circumstances prescribed by the Dutch Securities Giro Transfer Act. The holder of a temporary bearer global Note will not be entitled to collect any payment of interest or principal due on or after the Exchange Date. The Agent shall arrange that, where a further Tranche of Notes in bearer form is issued, the Notes of such Tranche shall be assigned a common code and/or ISIN and/or other relevant code (as the case may be) which are different from the common code and/or ISIN and/or other relevant code assigned to Notes of any other Tranche of the same Series until at least the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

The applicable Final Terms will specify that a permanent bearer global Note will be exchangeable (free of charge), in whole but not in part, for definitive bearer Notes with, where applicable, interest coupons and talons attached upon either (i) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands (acting on the instructions of any holder of an interest in such permanent bearer global Note) to the Agent as described therein or (ii) only upon the occurrence of an Exchange Event, subject to mandatory provisions of applicable laws and regulations. If and for so long as any permanent bearer global Note is deposited with Euroclear Netherlands, such applicable laws and regulations shall include the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*) and delivery (*uitlevering*) will only be possible in the limited circumstances prescribed by the Dutch Securities Giro Transfer Act. For these purposes, “**Exchange Event**” means that (i) an Event of Default (as defined in General Condition 11 (*Events of Default relating to Notes*)), has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg and/or Euroclear Netherlands have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available or (iii) the Issuer would suffer adverse tax consequences in respect of the Notes as a result of a change in the law or regulations (taxation or otherwise) of any jurisdiction which would not be suffered were the Notes in definitive form. The Issuer will promptly give notice to Noteholders in accordance with General Condition 8 (*Notices*), if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg and/or Euroclear Netherlands (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) may give notice to the Agent requesting exchange. Any such exchange shall occur not later than 45 days after the date of receipt of the first relevant notice by the Agent.

If the global Note in bearer form is a CGN, on or after any due date for exchange, the holder may surrender such global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Agent. In

exchange for any bearer global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary bearer global Note exchangeable for a permanent bearer global Note, deliver, or procure the delivery of, a permanent bearer global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary bearer global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent bearer global Note to reflect such exchange or (ii) in the case of a bearer global Note exchangeable for Notes in definitive form, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Notes in definitive form. If the global Note in bearer form is an NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant clearing system.

Definitive Notes to bearer will be in the standard euro market form. Such Definitive Notes and global Notes will be to bearer.

Payments of principal and interest (if any) on a permanent bearer global Note will be made through the relevant clearing system(s) (in the case of a permanent bearer global Note in CGN form, payments will be made to its bearer against presentation or surrender (as the case may be) of the permanent bearer global Note, and in the case of a permanent bearer global Note in NGN form, payments will be made to or to the order of the Common Safekeeper) without any requirement for certification. If the permanent bearer global Note is in CGN form, a record of each payment so made will be endorsed on such global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the Notes. If the permanent bearer global Note is in NGN form, the Issuer shall procure that details of each payment made shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note will be reduced accordingly. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

If so specified in the applicable Final Terms, a permanent bearer global Note will be exchangeable (free of charge), in whole but not in part, for security printed definitive Notes in bearer form with, where applicable, interest coupons and talons attached upon not less than 60 days' written notice to the Agent as described therein. Global Notes in bearer form and definitive Notes in bearer form will be issued pursuant to the Agency Agreement.

The following legend will appear on all global Notes held in Euroclear Netherlands:

"Notice: This Note is issued for deposit with *Nederlands Centraal Instituut voor Giraal Effectenverkeer B.V.* ("*Euroclear Netherlands*") at Amsterdam, the Netherlands. Any person being offered this Note for transfer or any other purpose should be aware that theft or fraud is almost certain to be involved".

Any reference in this section "*Form of the Notes*" to DTC, Euroclear and/or Clearstream, Luxembourg shall, whenever the context permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the relevant Dealer (if any) and specified in the applicable Final Terms but shall not include Euroclear Netherlands.

So long as DTC or its nominee is the holder of a Registered Global Note, DTC or its nominee, as the case may be, will be considered the absolute owner or holder of the Notes represented by such Registered Global Note for all purposes under the Registered Notes and members of, or participants in, DTC (the "**Agent Members**"), as well as any other persons on whose behalf such Agent Members may act, will have no rights under a Registered Global Note. Owners of beneficial interests in such Registered Global Note will not be considered to be the owners or holders of any Notes represented by such Registered Global Note.

For so long as any of the Notes are represented by a bearer global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person who is for the time being shown in the records of Euroclear and/or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate

or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall, (i) in respect of the giving of any notice under General Condition 7(d) (*Redemption at the Option of the Noteholders (Investor Put)*) or (ii) in respect of any Event of Default (as defined in General Condition 11 (*Events of Default relating to Notes*)) with respect to issues of such Notes, be entitled to give the notice or make the demand in respect of the nominal amount of such Notes credited to the account of any such person and for such purposes shall be deemed to be a Noteholder. Notes which are represented by a bearer global Note held by a common depositary or Common Safekeeper for Euroclear or Clearstream, Luxembourg will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Where a global Note is an NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and, upon any such entry being made, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

No beneficial owner of an interest in a Registered Global Note will be able to exchange or transfer such interest, except in accordance with the applicable procedures of DTC, Euroclear and/or Clearstream, Luxembourg, in each case to the extent applicable.

A Note may be accelerated by the holder thereof in certain circumstances described in General Condition 11 (*Events of Default relating to Notes*) (such circumstances being Events of Default). In such circumstances, where any Note is still represented by a bearer global Note and a holder of such Note so represented and credited to its securities account with Euroclear or Clearstream, Luxembourg gives notice that it wishes to accelerate such Note, unless, within a period of 15 days of the giving of such notice, payment has been made in full of the amount due in accordance with the terms of such bearer global Note, such bearer global Note will become void. At the same time, holders of interests in such bearer global Note credited to their accounts with Euroclear or Clearstream, Luxembourg will become entitled to proceed directly against the Issuer on the basis of statements of account provided by Euroclear and Clearstream, Luxembourg, on and subject to the terms of the relevant Global Note.

In the case of a global Note deposited with Euroclear Netherlands the rights of Noteholders will be exercised subject to and in accordance with the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*).

In case of Notes which have a denomination consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that the Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. So long as such Notes are represented by a global Note and the relevant clearing system(s) so permit, these Notes will be tradable only in the minimum Specified Denomination increased with integral multiples of such a smaller amount, notwithstanding that Notes in definitive form shall only be issued up to but excluding twice the minimum Specified Denomination.

Polish Notes

Notes designated as “Polish Notes” in the applicable Final Terms will be issued in uncertificated and dematerialised book-entry form in accordance with Polish Act dated 29 July 2005 on Trading in Financial Instruments (*Ustawa z dnia 29 lipca 2005 o obrocie instrumentami finansowymi, Dz.U. 2024, poz. 722, unified text*) (the “**Polish Act on Trading in Financial Instruments**”) and all other applicable Polish laws, regulations and operating procedures applicable to and/or issued by the Polish central securities depositary from time to time (the “**Polish CSD Rules**”) designated as registrar for the Polish Notes in the applicable Final Terms (which is expected to be the Polish National Depository for Securities (*Krajowy Depozyt Papierów Wartościowych S.A.*) (the “**Polish CSD**”). No physical global or definitive Notes or certificates will be issued in respect of Polish Notes and the provisions relating to presentation, surrender or replacement of such physical bearer instruments shall not apply.

Payments of principal, interest (if any) or any other amounts on any Polish Note will be made through the Polish CSD in accordance with the Polish CSD Rules.

DTC INFORMATION – REGISTERED NOTES ISSUED BY THE ISSUER

The following section applies to Registered Notes issued by the Issuer.

DTC will act as securities depository for the Reg. S Global Notes and the Restricted Global Notes issued by the Issuer. The Reg. S Global Notes and the Restricted Global Notes will be issued as fully registered securities registered in the name of Cede & Co. or such other name as may be requested by an authorised representative of DTC. The deposit of Registered Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Registered Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Registered Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

DTC has advised the Issuer as follows: DTC is a limited-purpose trust company organised under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that DTC's participants ("**Direct Participants**") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerised book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organisations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("**DTCC**"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("**Indirect Participants**"). The DTC Rules applicable to its Participants are on file with the U.S. Securities and Exchange Commission.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Registered Notes unless authorised by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Registered Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Purchases of Registered Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Registered Notes on DTC's records. The ownership interest of each actual purchaser of each Registered Note ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Registered Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Registered Notes, except in the event that use of the book-entry system for the Registered Notes is discontinued.

Redemption proceeds, distributions, and dividend payments on the Registered Notes will be made to Cede & Co., or such other nominee as may be requested by an authorised representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detailed information from the Issuer or

Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Registered Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Registered Notes, such as redemptions, tenders, defaults, and proposed amendments to the Registered Notes documents. For example, Beneficial Owners of Registered Notes may wish to ascertain that the nominee holding the Registered Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

DTC may discontinue providing its services as depository with respect to the Registered Notes at any time by giving reasonable notice to the Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, security certificates are required to be printed and delivered. The Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, security certificates will be printed and delivered to individual Noteholders.

The information in this section concerning DTC and DTC's book-entry system has been obtained from a source that the Issuer believes to be reliable (namely DTC itself). The information has been accurately reproduced and, as far as the Issuer is aware and are able to ascertain from the relevant source, no facts have been omitted which would render the reproduced information inaccurate or misleading.

The Final Terms for this Note attached hereto or applicable hereto or incorporated herein (as the case may be) supplement the General Conditions and, in respect of Exempt Notes, may specify other conditions which shall, to the extent so specified or to the extent inconsistent with these General Conditions, replace or modify the General Conditions for the purposes of this Note. References herein to the “applicable Final Terms” are to the Final Terms attached hereto or applicable hereto or incorporated herein (as the case may be).

As used herein, “**Tranche**” means Notes which are identical in all respects (including as to listing) and “**Series**” means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and form a single series and (ii) are identical in all respects (including as to listing) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Electronic copies of the Agency Agreements and the Final Terms applicable to this Note may be obtained from and are available for inspection at the specified offices of each of the Agent and the other Paying Agents and on the website of the Issuer (as specified below), save that Final Terms relating to a Note for which a prospectus is not required to be published in accordance with Regulation EU 2017/1129, as amended (the “**Prospectus Regulation**”), will only be available for inspection by a Noteholder upon such Noteholder producing evidence as to identity satisfactory to the relevant Paying Agent or the Issuer (as the case may be). This Securities Note and any document which is incorporated herein by reference will be made available on the website of the Issuer <https://www.ingmarkets.com/downloads>. The Noteholders and the Couponholder are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Agency Agreements and the applicable Final Terms, which are binding on them.

ING Bank N.V. shall undertake the duties of calculation agent (the “**Calculation Agent**”) in respect of the Notes, unless another entity is so specified as calculation agent in the applicable Final Terms. The expression Calculation Agent shall, in relation to the relevant Notes, include such other specified calculation agent. Words and expressions defined in the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in the General Conditions, unless the context otherwise requires or unless otherwise stated.

1. **Form, Denomination and Title**

The Notes are in bearer form (“**Bearer Notes**”) or in registered form (“**Registered Notes**”) or, in respect of Polish Notes, in uncertificated and dematerialised book-entry form in accordance with the Polish Act dated 29 July 2005 on Trading in Financial Instruments (*Ustawa z dnia 29 lipca 2005 o obrocie instrumentami finansowymi, Dz.U. 2024, poz. 722, unified text*) (the “**Polish Act on Trading in Financial Instruments**”), in the currency in which payment in respect of the Notes is to be made (the “**Specified**

Currency”) and in the denomination per Note specified to be applicable to the Notes (the “**Specified Denomination**”), all as specified in the applicable Final Terms and, in the case of definitive Notes, serially numbered. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination. Bearer Notes will not be exchangeable for Registered Notes and *vice versa*.

This Note may be a Note bearing interest on a fixed rate basis (“**Fixed Rate Note**”), a Note bearing interest on a floating rate basis (“**Floating Rate Note**”), a Note issued on a non-interest bearing basis (“**Zero Coupon Note**”), a Note in respect of which interest is determined on another basis (“**Variable Interest Rate Note**”), a Note bearing interest linked to an inflation index (“**Inflation Linked Note**”) or a combination of any of the foregoing, depending upon the Interest Basis shown in the applicable Final Terms.

Definitive Bearer Notes are issued with Coupons attached, unless they are Zero Coupon Notes, in which case references to Coupons and Couponholders in the General Conditions are not applicable. Definitive Bearer Notes which are Instalment Notes shall be issued with one or more Receipts attached.

Subject as set out below, title to the Bearer Notes, Receipts and Coupons will pass by delivery and title to the Registered Notes and will pass upon registration of transfers in accordance with the provisions of the Agency Agreement. For Notes held by Euroclear Netherlands deliveries will be made in accordance with the Dutch Securities Giro Transfer Act (*Wet giraal effectenverkeer*). Except as ordered by a court of competent jurisdiction or as required by law or applicable regulations, the Issuer, the Agent, the Replacement Agent (as defined in the Agency Agreement), the Registrar, any Transfer Agent and any Paying Agent may deem and treat the bearer of any Bearer Note, Receipt or Coupon and the registered holder of any Registered Note as the absolute owner thereof (whether or not overdue and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft thereof) for all purposes but, in the case of any global Note, without prejudice to the provisions set out in the succeeding paragraph.

For so long as any of the Notes are represented by a global Bearer Note held on behalf of Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking S.A. (“**Clearstream, Luxembourg**”), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of Notes standing to the account of any person shall be conclusive and binding for all purposes, save in the case of manifest error) shall be treated by the Issuer, the Replacement Agent, any Transfer Agent, the Registrar, the Agent and any Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on the Notes, for which purpose the bearer of the relevant global Note shall be treated by the Issuer, the Replacement Agent, any Transfer Agent, the Registrar, the Agent and any Paying Agent as the holder of such Notes in accordance with and subject to the terms of the relevant global Note (and the expressions “Noteholder” and “holder of Notes” and related expressions shall be construed accordingly and these expressions shall include persons having a credit balance in the collective depots in respect of the Notes held by Euroclear Netherlands or one of its participants). Notes which are represented by a global Note held by a common depository or common safekeeper for Euroclear and/or Clearstream, Luxembourg will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be. Notes which are represented by a global Note held by Euroclear Netherlands will be delivered in accordance with the Dutch Securities Giro Transfer Act.

For so long as The Depository Trust Company (“**DTC**”) or its nominee is the registered holder of any Registered Global Notes, DTC or such nominee, as the case may be, will be considered the absolute owner or holder of the Registered Notes represented by such Registered Global Note for all purposes and

members of, or participants in, DTC (the “**Agent Members**”), as well as any other person on whose behalf the Agent Members may act will have no rights under a Registered Global Note. Owners of beneficial interests in a Registered Global Note will not be considered to be the owners or holders of any Registered Notes.

References to Euroclear, Clearstream, Luxembourg and/or DTC shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system (which may include Monte Titoli) approved by the Issuer and the Agent but shall not include Euroclear Netherlands.

If the Notes are represented by a permanent global note in bearer form without coupons (the “**Permanent Bearer Global Note**”) deposited in custody with Euroclear Netherlands, they will be subject to, and rights in respect of them will be exercised in accordance with, the Dutch Securities Giro Transfer Act. Rights in respect of the Notes represented by the Permanent Bearer Global Note take the form of co-ownership rights (*aandelen*) in the collective depots (*verzameldepots* as referred to in the Dutch Securities Giro Transfer Act) of the Notes with intermediaries (*intermediairs* according to the Dutch Securities Giro Transfer Act). The co-ownership rights with respect to the Notes will be credited to the account of the Noteholder with such intermediary. A holder of co-ownership rights in respect of the Notes will be referred to hereinafter as a “Noteholder” or a “holder of a Note”.

Unless the applicable Final Terms specify that the Permanent Bearer Global Note will be exchangeable upon notice, the right to demand delivery (*uitlevering*) under the Dutch Securities Giro Transfer Act is excluded.

The Polish Notes shall be regarded as Registered Notes for the purposes of these General Conditions, save to the extent the General Conditions are inconsistent with Polish laws, regulations and operating procedures applicable to and/or issued by the Polish central securities depository from time to time (*Regulamin Krajowego Depozytu Papierów Wartościowych* – the “**Polish CSD Rules**”). PNDS, together with its members (*uczestnik*), will be designated as a combined registrar for the Polish Notes in the applicable Final Terms (the “**Polish Registrar**”). No physical notes or certificates will be issued in respect of Polish Notes and the provisions relating to presentation, surrender or replacement of such bearer instruments shall not apply. In respect of Polish Notes, “**Noteholder**” and “**holder**” means the person in whose name a Polish Note is registered in the Register. In respect of the Polish Notes, the “**Register**” means the register maintained by the Polish Registrar on behalf of the Issuer in accordance with the Polish CSD Rules and title to Polish Notes shall pass in accordance with dematerialised and book-entry securities regulations contained under the Polish Act on Trading in Financial Instruments and the Polish CSD Rules. Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined above) of any Polish Note shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it and no person shall be liable for so treating the holder. The Issuer shall be entitled to obtain information from the Register in accordance with the Polish CSD Rules.

2. **Status of the Notes**

The Notes and the relative Receipts and Coupons are unsecured and unsubordinated obligations of the Issuer and rank *pari passu* among themselves and equally with all other unsecured and unsubordinated obligations of the Issuer from time to time outstanding, save as otherwise provided by law.

In respect of General Condition 2, reference is made to bail-in as referred to in the section entitled “Risk Factors” in this Securities Note under the heading “The Notes may be subject to mandatory write-down or conversion to equity, or other actions or measures, which may adversely affect the value of the relevant Notes or result in investors in the relevant Notes losing all or some of their investment”, and as

more fully described in the section entitled “Risk Factors” in the Registration Document, including without limitation, under the heading “Risks related to the regulation and supervision of the Group - The Issuer is subject to the EU recovery and resolution regime and several other bank recovery and resolution regimes that include statutory write-down and conversion as well as other powers, which remains subject to significant uncertainties as to scope and impact on it.” and “Description of ING Bank N.V - Regulation and Supervision - Bank Recovery and Resolution Directive”.

3. **Interest**

(a) ***Interest on Fixed Rate Notes***

Each Fixed Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest so specified payable in arrear on the Interest Payment Date(s) in each year.

Except as provided in the applicable Final Terms, and subject to the immediately following paragraph, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified. As used in these General Conditions, “**Fixed Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date. In respect of Fixed Rate Notes, “**Interest Payment Dates**” means the dates specified as such in the applicable Final Terms.

If “Interest Amount Adjustment” is specified to be applicable in the applicable Final Terms, (a) any Interest Payment Date otherwise falling on a day which is not a Business Day (as defined in General Condition 3(b) below) will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the applicable Final Terms (as described below) and (b) the amount of interest payable on such Interest Payment Date will be adjusted accordingly and the provisions of paragraphs (vi) (excluding the determination and notification of the Rate of Interest) and (vii) of General Condition 3(b) below shall apply, *mutatis mutandis*, as though references to “Floating Rate Notes” were to “Fixed Rate Notes” and references to “Interest Amounts” were to amounts of interest payable in respect of Fixed Rate Notes.

If “Interest Amount Adjustment” is specified as not to be applicable in the applicable Final Terms, and assuming a Business Day Convention has been specified, any Interest Payment Date otherwise falling on a day which is not a Business Day will be postponed or brought forward (as applicable) in accordance with the Business Day Convention set out in the applicable Final Terms (as described below) and there will be no corresponding adjustment of the amount of interest payable on such Interest Payment Date.

If interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to each Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms), multiplying the resulting sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If a Calculation Amount is specified to be applicable in the applicable Final Terms, the amount of interest payable in respect of a Note shall be calculated by multiplying the amount of interest (determined in the manner provided above)

for the Calculation Amount by the amount by which the Calculation Amount must be multiplied to reach the Specified Denomination of such Note without any further rounding. If, however, the applicable Final Terms specify that Aggregate Nominal Amount Determination is applicable, then, if interest is required to be calculated for a period other than a Fixed Interest Period, such interest shall be calculated by applying the Rate of Interest to the outstanding aggregate nominal amount of the relevant series of Notes, multiplying the resulting sum by the applicable Day Count Fraction, dividing the resultant figure by the number of such Notes, and rounding the resultant figure(s) down to the nearest sub-unit of the relevant Specified Currency.

In this General Condition 3(a), “**Day Count Fraction**” shall have the meaning set out in General Condition 3(b)(vi) below, with references to “Floating Rate Notes” being to “Fixed Rate Notes” and references to “Interest Periods” being to “Fixed Interest Periods”.

In these General Conditions:

“**Determination Date**” means the date specified as such in the applicable Final Terms or, if none is so specified, the Interest Payment Date;

“**Determination Period**” means each period from (and including) a Determination Date to but excluding the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date);

“**Interest Commencement Date**” means the Issue Date or such other date as may be specified in the applicable Final Terms;

“**Interest Determination Date**” means the date specified as such in the applicable Final Terms; and

“**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means 1 cent.

(b) ***Interest on Floating Rate Notes***

(i) Interest Payment Dates

Each Floating Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) (each an “**Interest Payment Date**”) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period. In these General Conditions, “**Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date (or such earlier date, if any, on which the Notes become due and payable).

(ii) Business Day Convention

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (1) in any case where Specified Periods are specified in accordance with General Condition 3(b)(i)(B) above, the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding day that is a Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls the Specified Period after the preceding applicable Interest Payment Date occurred; or
- (2) the Following Business Day Convention (Adjusted), such Interest Payment Date shall be postponed to the next day that is a Business Day; or
- (3) the Following Business Day Convention (Unadjusted), (i) for the purpose of calculating the amount of interest payable under the Notes, such Interest Payment Date shall not be adjusted and (ii) for any other purpose, such Interest Payment Date shall be postponed to the next day that is a Business Day; or
- (4) the Modified Following Business Day Convention (Adjusted), such Interest Payment Date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding day that is a Business Day; or
- (5) the Modified Following Business Day Convention (Unadjusted), (i) for the purpose of calculating the amount of interest payable under the Notes, such Interest Payment Date shall not be adjusted and (ii) for any other purpose, such Interest Payment Date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding day that is a Business Day; or
- (6) the Preceding Business Day Convention (Adjusted), such Interest Payment Date shall be brought forward to the immediately preceding day that is a Business Day; or
- (7) the Preceding Business Day Convention (Unadjusted), (i) for the purpose of calculating the amount of interest payable under the Notes, such Interest Payment Date shall not be adjusted and (ii) for any other purpose, such Interest Payment Date shall be brought forward to the immediately preceding day that is a Business Day.

In these General Conditions, “**Business Day**” means a day which is both:

- (A) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if New Zealand dollars, Auckland and Wellington) or (2) in relation to interest payable in euro, any day on which the real time gross settlement system operated by the Eurosystem, or any successor system (“**T2**”) is open for the settlement of payments in euro (the “**TARGET Business Day**”); and
- (B) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Additional Business Centre specified in the applicable Final Terms.

(iii) Rate of Interest

The Rate of Interest in respect of the Floating Rate Notes for each Interest Period shall be determined in the manner specified in the applicable Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending on which is specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this subparagraph (iii)(A), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under an interest rate swap transaction if it were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating (i) if “2006 ISDA Definitions” is specified in the applicable Final Terms, the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes and as published by the International Swaps and Derivatives Association, Inc. (“**ISDA**”) (the “**2006 ISDA Definitions**”)); or (ii) if “2021 ISDA Definitions” is specified in the applicable Final Terms, the latest version of the 2021 ISDA Interest Rate Derivatives Definitions as published by ISDA as at the Issue Date of the first Tranche of the Notes (the “**2021 ISDA Definitions**” and, together with the 2006 ISDA Definitions, the “**ISDA Definitions**”) and under which:

- (x) the Floating Rate Option is as specified in the applicable Final Terms;
- (y) the Designated Maturity is the period specified in the applicable Final Terms; and
- (z) the relevant Reset Date is either (i) if the applicable Floating Rate Option is based on the Euro-zone inter-bank offered rate (“**EURIBOR**”) for a

currency, the first day of that Interest Period or (ii) in any other case, the day as specified in the applicable Final Terms.

If the applicable Final Terms specify “2021 ISDA Definitions” as the applicable ISDA Definitions, “Administrator/Benchmark Event” (as defined in the 2021 ISDA Definitions) shall be disappplied.

For the purposes of this sub-paragraph (iii)(A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity” and “Reset Date” have the meanings given to those terms in the ISDA Definitions.

(B) *Screen Rate Determination for Floating Rate Notes (other than Floating Rate Notes referencing SOFR, SONIA or TONA)*

- (a) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate specified in the applicable Final Terms is not SOFR, SONIA or TONA, the Rate of Interest for each Interest Period will, subject as provided below, be either:
- (A) the offered quotation (if there is only one quotation on the Relevant Screen Page); or
 - (B) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the offered quotations,
- (expressed as a percentage rate per annum) for the Reference Rate which appears or appear, as the case may be, on the Relevant Screen Page as at 11.00 a.m. (Brussels time, in the case of EURIBOR) (or such other time as may be specified in the applicable Final Terms) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent or, if applicable, the Calculation Agent. If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent or, if applicable, the Calculation Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.
- (b) If the Relevant Screen Page is not available or if, in the case of sub-paragraph (iii)(B)(a)(A) above, no such offered quotation appears or, in the case of sub-paragraph (iii)(B)(a)(B) above, fewer than three such offered quotations appear, in each case as at the time specified in sub-paragraph (a) above, the Calculation Agent shall request each of the Reference Banks (as defined below) to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at approximately 11:00 a.m. (Brussels time, in the case of EURIBOR) (or such other time as may be specified in the applicable Final Terms) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded if necessary to the fourth decimal place with 0.00005 being rounded upwards) of such offered quotations plus or minus (as appropriate) the Margin (if any), all as determined by the Calculation Agent.
- (c) If on any Interest Determination Date one only or none of the Reference Banks provides the Calculation Agent with such offered quotations as provided in sub-paragraph (b) above, the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Calculation Agent

determines as being the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards) of the rates, as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered, at approximately 11:00 a.m. (Brussels time, in the case of EURIBOR) (or such other time as may be specified in the applicable Final Terms) on the relevant Interest Determination Date, deposits in the Specified Currency for the relevant Interest Period by leading banks in the relevant inter-bank market (which shall be the Euro-zone inter-bank market if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any) or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for the relevant Interest Period, or the arithmetic mean (rounded as provided above) of the offered rates for deposits in the Specified Currency for the relevant Interest Period, at which, at approximately 11:00 a.m. (Brussels time, in the case of EURIBOR) (or such other time as may be specified in the applicable Final Terms) on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) inform(s) the Calculation Agent it is quoting to leading banks in the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) plus or minus (as appropriate) the Margin (if any), provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph (c), the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period).

- (d) If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being other than EURIBOR, the Rate of Interest in respect of such Notes will be determined as follows:
- (A) if the Reference Rate is a composite quotation or customarily supplied by one entity, by the Agent or, if applicable, the Calculation Agent as the Reference Rate which appears on the Relevant Screen Page as at 11:00 a.m. in the principal financial centre of the relevant currency (such as London, or Amsterdam in respect of the Euro-zone (where Euro-zone means the region comprising of the countries whose lawful currency is the euro)) on the relevant Interest Determination Date;
 - (B) in any other case (other than referred to in sub-paragraph (iii)(B)(d)(C) below), by the Agent or, if applicable, the Calculation Agent as the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as at the time specified in the preceding paragraph on the relevant Interest Determination Date; or
 - (C) in the case of Exempt Notes only, in accordance with such other procedures as may be specified in the applicable Final Terms.
- (e) In this sub-paragraph (iii)(B), the expression “**Reference Banks**” means, in the case of sub-paragraph (iii)(B)(a)(A) above, those banks whose offered rates were used to determine such quotation when such quotation last appeared on the Relevant Screen Page and, in the case of sub-paragraph (iii)(B)(a)(B) above, those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared.

- (f) If the Reference Rate from time to time in respect of Floating Rate Notes is specified in the applicable Final Terms as being “**BBSW**”, the Rate of Interest in respect of such Notes for the relevant Interest Period shall be the sum of the Margin and the BBSW Rate (as defined below).
- In this sub-paragraph paragraph (iii)(B)(f), “**BBSW Rate**” means the Australian Bank Bill Swap Reference Rate administered by ASX Benchmarks Pty Limited (or any other person which takes over the administration of that rate) for a period equal to the relevant Interest Period displayed on the Refinitiv Screen BBSW Page (or any replacement page which displays that rate) at approximately 10:30 am (Sydney time) (or such other time at which such rate customarily appears on that page, including, if corrected, as recalculated and republished by the relevant administrator) (“**Publication Time**”) on the first day of that Interest Period.
- (g) Each Noteholder shall be deemed to acknowledge, accept and agree to be bound by, and consents to, such determination of, substitution for and adjustments made to the BBSW, as applicable, in each case as described above and in General Condition 3(c)(iv) (“**Benchmark Discontinuation (BBSW)**”) (in all cases without the need for any holder consent). Any determination, decision or election (including a decision to take or refrain from taking any action or as to the occurrence or non-occurrence of any event or circumstance), and any substitution for and adjustments made to the BBSW Rate, and in each case made in accordance with subparagraph (f) above and General Condition 3(c)(iv) Benchmark Discontinuation (BBSW), will, in the absence of manifest or proven error, be conclusive and binding on the Issuer, the Noteholders and each Agent and, notwithstanding anything to the contrary in these Conditions or other documentation relating to the Notes, shall become effective without the consent of any person.
- (h) If the Calculation Agent is unwilling or unable to determine a necessary rate, adjustment, quantum, formula, methodology or other variable in order to calculate the applicable Interest Rate, such rate, adjustment, quantum, formula, methodology or other variable will be determined by the Issuer (acting in good faith and in a commercially reasonable manner) or, an alternate financial institution (acting in good faith and in a commercially reasonable manner) appointed by the Issuer (in its sole discretion) to so determine.
- (i) All rates determined pursuant to this General Condition 3 shall be expressed as a percentage rate per annum and the resulting percentage will be rounded if necessary to the fourth decimal place (i.e., to the nearest one ten-thousandth of a percentage point) with 0.00005 being rounded upwards.

(C) *Screen Rate Determination for Floating Rate Notes referencing SOFR*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the relevant Series of Floating Rate Notes is specified in the applicable Final Terms as being “SOFR”, the Rate of Interest for an Interest Period will, subject as provided in General Condition 3(c), be equal to the relevant SOFR Benchmark plus or minus (as indicated in the applicable Final Terms) the applicable Margin (if any).

The “**SOFR Benchmark**” will be determined based on (as indicated in the applicable Final Terms) SOFR Arithmetic Mean, SOFR Compound or SOFR Index Average, as follows (subject in each case to General Condition 3(c)(iii)):

- (1) If SOFR Arithmetic Mean (“**SOFR Arithmetic Mean**”) is specified as being applicable in the applicable Final Terms, the SOFR Benchmark for

each Interest Period shall be the arithmetic mean of the SOFR rates for each day during the period, as calculated by the Calculation Agent, where, if applicable (as specified in the applicable Final Terms), the SOFR rate on the SOFR Rate Cut-Off Date shall be used for the days in the period from (and including) the SOFR Rate Cut-Off Date to (but excluding) the Interest Payment Date.

- (2) If SOFR Compound (“**SOFR Compound**”) is specified as being applicable in the applicable Final Terms, the SOFR Benchmark for each Interest Period shall be equal to the value of the SOFR rates for each day during the relevant Interest Period (where SOFR Compound with Lookback or SOFR Compound with Payment Delay is specified in the applicable Final Terms to determine SOFR Compound) or SOFR Observation Period (where SOFR Compound with SOFR Observation Period Shift is specified in the applicable Final Terms to determine SOFR Compound).

SOFR Compound shall be calculated by the Calculation Agent in accordance with one of the formulas referenced below depending upon which is specified as being applicable in the applicable Final Terms:

- (a) *SOFR Compound with Lookback:*

$$\left(\prod_{i=1}^{d_0} \left(1 + \frac{SOFR_{i-xUSBD} \times n_i}{360} \right) - 1 \right) \times \frac{D}{d}$$

with the resulting percentage being rounded, if necessary, to the nearest one hundred-thousandth of a percentage point, with 0.000005 being rounded upwards,

where:

“**d**” for any Interest Period, means the number of calendar days in the relevant Interest Period;

“**D**” is the number specified as such in the applicable Final Terms or, if no such number is specified, 360;

“**d₀**” for any Interest Period, means the number of U.S. Government Securities Business Days in the relevant Interest Period;

“**i**” means a series of whole numbers from one to **d₀**, each representing the relevant U.S. Government Securities Business Days in chronological order from (and including) the first U.S. Government Securities Business Day in the relevant Interest Period;

“**Lookback Days**” means the number of U.S. Government Securities Business Days specified in the applicable Final Terms;

“**n_i**” for any U.S. Government Securities Business Day “**i**” in the relevant Interest Period, means the number of calendar days from (and including)

such U.S. Government Securities Business Day “i” up to (but excluding) the following U.S. Government Securities Business Day (“i+1”); and

spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or

- (iii) (A) that determined at the last preceding Interest Determination Date (though substituting, where a different Margin is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin relating to the relevant Interest Period, in place of the Margin relating to that last preceding Interest Period) or (B) if there is no such preceding Interest Determination Date, the initial Rate of Interest (which would have been applicable to the Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin (if any) applicable to the first Interest Period).

In connection with the SONIA provisions above, the following definitions apply:

“London Banking Day” or **“LBD”** means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“Observation Period” means, in respect of each Interest Period, the period from (and including) the date falling a number of London Banking Days equal to the Observation Shift Days preceding the first day of such Interest Period to (but excluding) the date falling a number of London Banking Days equal to the Observation Shift Days preceding the Interest Payment Date for such Interest Period (or such earlier date, if any, on which the Notes become due and payable); and

“SONIA”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, in each case on the London Banking Day immediately following such London Banking Day.

(E) *Screen Rate Determination for Floating Rate Notes referencing TONA*

Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the relevant Series of Floating Rate Notes is specified in the applicable Final Terms as being “TONA”, the Rate of Interest for an Interest Period will, subject as provided below, be the rate of return of a daily compounded interest investment in Japanese Yen (with the daily rates of the day-to-day interbank JPY market in Tokyo as the reference rate for the calculation of interest) plus or minus (as indicated in the applicable Final Terms) the Margin (if any) and will be calculated by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms) on the

relevant Interest Determination Date, as follows, and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{TONA}_{i-p\text{TBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

For the purpose of this General Condition 3(b)(iii)(E):

“**d**” is the number of calendar days in the relevant Interest Period;

“**d₀**” is the number of Tokyo Banking Days in the relevant Interest Period;

“**i**” is a series of whole numbers from one to **d₀**, each representing the relevant Tokyo Banking Day in chronological order from, and including, the first Tokyo Banking Day in the relevant Interest Period;

“**n_i**” means, for any Tokyo Banking Day “**i**”, the number of calendar days from and including such Tokyo Banking Day “**i**” up to but excluding the following Tokyo Banking Day (“**i+1**”);

“**Observation Look-Back Period**” is as specified in the Final Terms;

“**p**” means, in relation to any Interest Period, the number of Tokyo Banking Days included in the Observation Look-Back Period, as specified in the Final Terms;

“**TONA**”, in respect of any Tokyo Banking Day, is a reference rate equal to the daily Tokyo Overnight Average Rate in respect of such Tokyo Banking Day as published by the Bank of Japan on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors, on the Tokyo Banking Day immediately following such Tokyo Banking Day; and

“**TONA_{i-pTBD}**”, means for any Tokyo Banking Day “**i**” falling in the relevant Interest Period, the TONA in respect of the Tokyo Banking Day falling “**p**” Tokyo Banking Days prior to the relevant Tokyo Banking Day “**i**”.

If, in respect of that Tokyo Banking Day falling “**p**” Tokyo Banking Days prior to the relevant Tokyo Banking Day “**i**”, the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the TONA is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, such TONA shall be the TONA in respect of the first preceding Tokyo Banking Day on which the TONA rate was published on the Relevant Screen Page (or otherwise published by the relevant authorised distributors).

Notwithstanding the paragraph above, if a Benchmark Event or a Benchmark Transition Event occurs in relation to TONA, General Condition 3(c) below shall apply.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the Final Terms), the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Period) or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Notes for the first Interest Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Period but ending on (and excluding) the Interest Commencement Date (but applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Period).

If the Notes become due and payable in accordance with the General Conditions, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Final Terms, be deemed to be the date on which such Notes became due and payable and the Rate of Interest on such Notes shall, for so long as any such Notes remains outstanding, be that determined on such date.

(iv) Linear Interpolation

Where Linear Interpolation is specified in the applicable Final Terms to be applicable in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where “Screen Rate Determination” is specified to be applicable in the applicable Final Terms) or the relevant Floating Rate Option (where “ISDA Determination” is specified to be applicable in the applicable Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available the next longer than the length of the relevant Interest Period, provided however, that if there is no such rate available for a period of time shorter or, as the case may be, longer than the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“**Applicable Maturity**” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

(v) Minimum and/or Maximum Rate of Interest

If the applicable Final Terms specify a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (iii) above is less than such Minimum Rate of

Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specify a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of paragraph (iii) above is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(vi) Determination of Rate of Interest and Calculation of Interest Amounts

The Calculation Agent will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Calculation Agent will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes in respect of each Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms), multiplying the resulting sum by the applicable Day Count Fraction and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If a Calculation Amount is specified to be applicable in the applicable Final Terms, the amount of interest payable in respect of a Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination of such Note without any further rounding. If, however, the applicable Final Terms specify that Aggregate Nominal Amount Determination is applicable, then each Interest Amount or any other amount of interest payable in respect of any Note for any period shall be calculated by applying the Rate of Interest to the outstanding aggregate nominal amount of the relevant series of Notes, multiplying the resulting sum by the applicable Day Count Fraction, dividing the resultant figure by the number of such Notes and rounding the resultant figure(s) down to the nearest sub-unit of the relevant Specified Currency.

“**Day Count Fraction**” means, in respect of the calculation of an amount of interest on any Floating Rate Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period, the “**Calculation Period**”) in accordance with this General Condition 3(b):

- (A) if “**Actual/Actual**” or “**Actual/Actual (ISDA)**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (i) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (ii) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (B) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365;

- (C) if “**Actual/365 (Sterling)**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (D) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360;
- (E) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“**Y₂**” is the year, expressed as a number, in which the day immediately following the last day included in the Calculation Period falls;

“**D₁**” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case **D₁** will be 30; and

“**D₂**” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and **D₁** is greater than 29, in which case **D₂** will be 30;

- (F) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“**Y₁**” is the year, expressed as a number, in which the first day of the Calculation Period falls;

(c) **Benchmark Discontinuation**

(These General Conditions 3(c)(i)-(iii) (inclusive) do not apply to Australian-dollar denominated Notes. General Condition 3(c)(iv) below applies to Australian-dollar denominated Notes.)

(i) Independent Adviser

If the Issuer determines that a Benchmark Event or Benchmark Transition Event (as applicable) occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to advise the Issuer in determining a Successor

Rate, Alternative Rate or SOFR Benchmark Replacement (as applicable) and the applicable Adjustment Spread or SOFR Benchmark Replacement Adjustment (as applicable) and any other amendments to the terms of the Notes (including, without limitation, any Benchmark Amendments), all in accordance with this General Condition 3(c)(i) in conjunction with:

- (a) if Benchmark Discontinuation (General) is specified in the applicable Final Terms, General Condition 3(c)(ii); or
- (b) if Benchmark Discontinuation (SOFR) is specified in the applicable Final Terms, General Condition 3(c)(iii).

In making such determination, the Issuer shall act in good faith and a commercially reasonable manner as an expert. In the absence of fraud, the Issuer and the Independent Adviser, as applicable, shall have no liability whatsoever to the Issuer, the Calculation Agent, the Noteholders or the Couponholders for any determination made by it or for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this General Condition 3(c)(i).

If the Issuer is unable to appoint an Independent Adviser in accordance with this General Condition 3(c)(i), the Issuer, acting in good faith, may still make any determinations and/or any amendments contemplated by and in accordance with this General Condition 3(c)(i) (with the relevant provisions in this General Condition 3(c)(i) applying *mutatis mutandis* to allow such determinations or amendments to be made by the Issuer without consultation with an Independent Adviser). Where this General Condition 3(c)(i) applies, without prejudice to the definitions set out herein, for the purposes of making any determination contemplated by this General Condition 3(c)(i), the Issuer will take into account any relevant and applicable market precedents and customary market usage as well as any published guidance from relevant associations involved in the establishment of market standards and/or protocols in the international debt capital markets.

- (vi) if “Pre-cessation Trigger” is specified as being applicable in the applicable Final Terms, a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is or will be (or is or will be deemed by such supervisor to be) no longer representative of its relevant underlying market,

provided that the Benchmark Event shall be deemed to occur (a) in the case of sub-paragraphs (ii) and (iii) above, on the date of the cessation of publication of the Original Reference Rate or the discontinuation of the Original Reference Rate, as the case may be, (b) in the case of sub-paragraph (iv) above, on the date of the prohibition of use of the Original Reference Rate and (c) in the case of sub-paragraph (vi) above (when applicable), on the date with effect from which the Original Reference Rate will no longer be (or will be deemed by the relevant supervisor to no longer be) representative of its relevant underlying market and which is specified in the relevant public statement, and, in each case if different, not the date of the relevant public statement (each such date, a “**Benchmark Replacement Date**”);

“**Benchmark Transition Event**” means the occurrence of one or more of the following events with respect to the then-current Relevant Benchmark:

- (i) a public statement or publication of information by or on behalf of the administrator of the Relevant Benchmark (or such component) announcing that such administrator has ceased or will cease to provide the Relevant Benchmark (or such component), permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Relevant Benchmark (or such component);
- (ii) a public statement or publication of information by the regulatory supervisor for the administrator of the Relevant Benchmark (or such component), the central bank for the currency of the Relevant Benchmark (or such component), an insolvency official with jurisdiction over the administrator for the Relevant Benchmark (or such component), a resolution authority with jurisdiction over the administrator for the Relevant Benchmark (or such component) or a court or an entity with similar insolvency or resolution authority over the administrator for the Relevant Benchmark (or such component), which states that the administrator of the Relevant Benchmark (or such component) has ceased or will cease to provide the Relevant Benchmark (or such component) permanently or indefinitely, provided that, at the time of such statement or publication, there is no successor administrator that will continue to provide the Relevant Benchmark (or such component); or
- (iii) a public statement or publication of information by the regulatory supervisor for the administrator of the Relevant Benchmark (or such component) announcing that the Relevant Benchmark (or such component) is no longer representative,

provided that the Benchmark Transition Event shall be deemed to occur (a) in the case of sub-paragraphs (i) and (ii) above, on the later of (x) the date of the public statement or publication of information referenced therein and (y) the date on which the administrator of the Relevant Benchmark permanently or indefinitely ceases to provide the Relevant Benchmark (or such component), or (b) in the case of sub-paragraph (iii) above, on the date of the public statement or publication of information referenced therein (each such date, a “**Benchmark Replacement Date**”);

“**Independent Adviser**” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer under this General Condition 3(c)(i).

“**Original Reference Rate**” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes.

“**Relevant Governmental Body**” means the Board of Governors of the Federal Reserve System and/or the NY Federal Reserve or a committee officially endorsed or convened by the Board of Governors of the Federal Reserve System and/or the NY Federal Reserve, or any successor.

(ii) Benchmark Discontinuation (General)

(A) Successor Rate or Alternative Rate

If the Issuer, following consultation with the Independent Adviser (if appointed), determines, acting in good faith and in a commercially reasonable manner, that:

- (a) there is a Successor Rate, then such Successor Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this General Condition 3(c)(ii)); or
- (b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate and the applicable Adjustment Spread shall subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this General Condition 3(c)(ii)).

(B) Adjustment Spread

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread) shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(C) Benchmark Amendments – Independent Adviser

If any Successor Rate or Alternative Rate and, in either case, the Adjustment Spread is determined in accordance with this General Condition 3(c)(ii) and the Issuer, following consultation with the Independent Adviser (if appointed), determines, acting in good faith and in a commercially reasonable manner, (i) that

amendments to these General Conditions are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and/or (in either case) applicable Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with General Condition 3(c)(ii)(D)), without any requirement for the consent or approval of Noteholders, vary these General Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

At the request of the Issuer, but subject to receipt by the Agent of a certificate signed by two authorised signatories of the Issuer pursuant to General Condition 3(c)(ii)(D), the Agent shall (at the expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments (including, *inter alia*, by the execution of an agreement supplemental to or amending the Agency Agreement), provided that the Agent shall not be obliged so to concur if in the opinion of the Agent doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent in these General Conditions or the Agency Agreement (including, for the avoidance of doubt, any supplemental agency agreement) in any way.

In connection with any such variation in accordance with this General Condition 3(c)(ii)(C), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(D) Notices, etc.

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this General Condition 3(c)(ii) will be notified promptly by the Issuer to the Agent, the Calculation Agent, the Paying Agents and, in accordance with General Condition 8, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Agent of the same, the Issuer shall deliver to the Agent a certificate signed by two authorised signatories of the Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) the applicable Adjustment Spread and (iv) the specific terms of the Benchmark Amendments (if any), in each case as determined in accordance with the provisions of this General Condition 3(c)(ii); and
- (b) certifying that the Benchmark Amendments (if any) are necessary to ensure the proper operation of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

The Agent shall be entitled to rely on such notice (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in

such notice will (in the absence of manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Agent's ability to rely on such notice as aforesaid) be binding on the Issuer, the Agent, the Calculation Agent, the Paying Agents and the Noteholders.

(E) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under General Condition 3(c)(i) and General Condition 3(c)(ii), (B), (C) and (D), the Original Reference Rate and the fallback provisions provided for in General Condition 3(b)(iii) will continue to apply unless a Benchmark Event has occurred and until the Calculation Agent has been notified of the Successor Rate or Alternative Rate (as the case may be), and any Adjustment Spread and Benchmark Amendments in accordance with General Condition 3(c)(ii)(D).

(F) Definitions:

As used in this General Condition 3(c)(ii):

“**Adjustment Spread**” means either (a) a spread (which may be positive, negative or zero) or (b) a formula or methodology for calculating a spread, in each case to be applied to the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate)
- (ii) the Issuer, following consultation with the Independent Adviser (if appointed), determines, is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate for the Original Reference Rate; or (if the Issuer, following consultation with the Independent Adviser, determines that no such spread is customarily applied)
- (iii) the Issuer, following consultation with the Independent Adviser (if appointed), determines is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be);

“**Alternative Rate**” means an alternative benchmark or screen rate which the Issuer, following consultation with the Independent Adviser (if appointed), determines in accordance with General Condition 3(c)(ii)(A) is customarily applied in the international debt capital markets transactions for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes.

“**Benchmark Amendments**” has the meaning given to it in General Condition 3(c)(ii)(C).

“**Relevant Nominating Body**” means, in respect of a benchmark or screen rate (as applicable):

- (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

(iii) Benchmark Discontinuation (SOFR)

This General Condition 3(c)(iii) shall only apply to U.S. dollar-denominated Notes and where so specified in the applicable Final Terms.

If Benchmark Discontinuation (SOFR) is specified in the applicable Final Terms and a Benchmark Transition Event and its related Benchmark Replacement Date occurs in relation to any Original Reference Rate when any Rate of Interest (or component thereof) remains to be determined by reference to such Original Reference Rate, then the following provisions shall apply.

- (A) Subject to paragraph (B) of this General Condition 3(c)(iii), if the Issuer (or its designee), following consultation with its Independent Adviser, no later than three Business Days prior to the Interest Determination Date or Reset Determination Date, as applicable, relating to the next Interest Period (the “**Determination Cut-off Date**”) determines the SOFR Benchmark Replacement for the purposes of determining the Rate of Interest applicable to the Notes for all future Interest Periods (subject to the subsequent operation of this General Condition 3(c)(iii) during any other future Interest Period(s)), then such SOFR Benchmark Replacement shall be the Original Reference Rate for all future Interest Periods (subject to the subsequent operation of this General Condition 3(c)(iii) during any other future Interest Period(s)).
- (B) Notwithstanding paragraph (A) of this General Condition 3(c)(iii), if the Issuer (or its designee), following consultation with its Independent Adviser, determines prior to the Determination Cut-off Date that no SOFR Benchmark Replacement exists then the relevant Rate of Interest shall be determined using the SOFR Benchmark last displayed on the relevant Page prior to the relevant Interest

Determination Date or Reset Determination Date, as applicable (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest specified in the applicable Final Terms is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the last preceding Interest Period).

This paragraph (B) shall apply to the relevant Interest Period only. Any subsequent Interest Period(s) shall be subject to the subsequent operation of, and adjustment as provided in, this General Condition 3(c)(iii).

- (C) Promptly following the determination of the SOFR Benchmark Replacement as described in this General Condition 3(c)(iii), the Issuer (or its designee) shall give notice thereof pursuant to this General Condition 3(c)(iii) to the Agent, the Calculation Agent, the Paying Agents and, in accordance with General Condition 15, the Noteholders.
- (D) No later than notifying the Agent of the same, the Issuer shall deliver to the Agent a certificate signed by two authorised signatories of the Issuer confirming;
 - (a) that a Benchmark Transition Event has occurred;
 - (b) the SOFR Benchmark Replacement; and
 - (c) where applicable, that the Issuer has determined that the waivers and consequential amendments to be effected pursuant to General Condition 3(c)(iii)(E) below are required to give effect to this General Condition 3(c)(iii),

in each case as determined in accordance with the provisions of this General Condition 3(c)(iii). The Agent shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The SOFR Benchmark Replacement specified in such certificate will (in the absence of manifest error or bad faith in the determination of the SOFR Benchmark Replacement and without prejudice to the Agent's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Agent, the Calculation Agent, the Paying Agents, the Noteholders and the Couponholders.

- (E) Subject to receipt by the Agent of a certificate signed by two authorised signatories of the Issuer pursuant to General Condition 3(c)(iii)(D) above, the Agent, the Calculation Agent, the Registrars, the Transfer Agents and the Paying Agents shall, at the direction and expense of the Issuer, effect such waivers and consequential amendments to the Agency Agreement, these General Conditions and any other document as the Issuer (or its designee), following consultation with its Independent Adviser, determines may be required to give effect to any application of this General Condition 3(c)(iii), including, but not limited to:
 - (a) changes to these General Conditions which the Issuer (or its designee), following consultation with its Independent Adviser, determines may be required in order to follow market practice (determined according to

factors including, but not limited to, public statements, opinions and publications of industry bodies and organisations) in relation to such SOFR Benchmark Replacement, including, but not limited to (A) the Business Day, Business Day Convention, Day Count Fraction, Interest Determination Date, Reset Determination Date, Reference Banks, Additional Business Centre, Relevant Screen Page and/or any relevant time applicable to the Notes and (B) the method for determining the fallback to the Rate of Interest in relation to the Notes if such SOFR Benchmark Replacement is not available; and

- (b) any other changes which the Issuer (or its designee), following consultation with its Independent Adviser, determines are reasonably necessary to ensure the proper operation and comparability to the Original Reference Rate of such SOFR Benchmark Replacement, which changes shall apply to the Notes for all future Interest Periods (subject to the subsequent operation of this General Condition 3(c)(iii)). None of the Agent, the Calculation Agent, the Paying Agents, the Registrars or the Transfer Agents shall be responsible or liable for any determinations, decisions or elections made by the Issuer with respect to any waivers or consequential amendments to be effected pursuant to this General Condition 3(c)(iii)(E) or any other changes and shall be entitled to rely conclusively on any certifications provided to each of them in this regard.
- (F) Subject to receipt by the Agent of a certificate signed by two authorised signatories of the Issuer pursuant to General Condition 3(c)(iii)(D) above, no consent of the Noteholders shall be required in connection with effecting the relevant SOFR Benchmark Replacement as described in this General Condition 3(c)(iii) or such other relevant adjustments pursuant to this General Condition 3(c)(iii), including for the execution of, or amendment to, any documents or the taking of other steps by the Issuer or any of the parties to the Agency Agreement (if required).
- (G) As used in this General Condition 3(c)(iii):

 - “**ISDA Fallback Rate**” means the rate to be effective upon the occurrence of a SOFR Index Cessation Event according to (and as defined in) the ISDA Definitions, where such rate may have been adjusted for an overnight tenor, but without giving effect to any additional spread adjustment to be applied according to such ISDA Definitions;
 - “**ISDA Spread Adjustment**” means the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero) that shall have been selected by ISDA as the spread adjustment that would apply to the ISDA Fallback Rate;

“**SOFR Benchmark**” has the meaning given to it in General Condition 3(b)(iii)(C);

“**SOFR Benchmark Replacement**” means the first alternative set forth in the order below that can be determined by the Issuer, following consultation with its Independent Adviser:

- (a) the sum of (a) the alternate rate of interest that has been selected or recommended by the Relevant Governmental Body as the replacement for the then-current SOFR Benchmark for the applicable Corresponding Tenor and (b) the SOFR Benchmark Replacement Adjustment;
- (b) the sum of (a) the ISDA Fallback Rate and (b) the SOFR Benchmark Replacement Adjustment; or
- (c) the sum of (a) the alternate rate that has been selected by the Issuer, in consultation with the Independent Adviser, as the replacement for the then-current SOFR Benchmark for the applicable Corresponding Tenor giving due consideration to any industry-accepted rate as a replacement for the then-current SOFR Benchmark for U.S. dollar-denominated floating rate notes at such time and (b) the SOFR Benchmark Replacement Adjustment;

“**SOFR Benchmark Replacement Adjustment**” means the first alternative set forth in the order below that can be determined by the Issuer, following consultation with its Independent Adviser:

- (a) the spread adjustment, or method for calculating or determining such spread adjustment (which may be a positive or negative value or zero) that has been selected or recommended by the Relevant Governmental Body for the applicable Unadjusted SOFR Benchmark Replacement;
- (b) if the applicable Unadjusted SOFR Benchmark Replacement is equivalent to the ISDA Fallback Rate, then the ISDA Spread Adjustment;
- (c) the spread adjustment (which may be a positive or negative value or zero) determined by the Issuer, following consultation with its Independent Adviser, giving due consideration to any industry accepted spread adjustment, or method for calculating or determining such spread adjustment, for the replacement of the then-current SOFR Benchmark with the applicable Unadjusted SOFR Benchmark Replacement for U.S. dollar-denominated floating rate notes at such time; and

“**Unadjusted SOFR Benchmark Replacement**” means the SOFR Benchmark Replacement excluding the applicable SOFR Benchmark Replacement Adjustment.

(iv) Benchmark Discontinuation (BBSW)

This General Condition 3(c)(iv) shall only apply to Australian dollar-denominated Notes and where so specified in the Final Terms.

If:

- (a) a Temporary Disruption Trigger has occurred; or
- (b) a Permanent Discontinuation Trigger has occurred,

then the Benchmark Rate for an Interest Period, whilst such Temporary Disruption Trigger is continuing or after a Permanent Discontinuation Trigger has occurred, means (in the following order of application and precedence):

- (i) if a Temporary Disruption Trigger has occurred with respect to the BBSW Rate, in the following order of precedence:
 - (A) first, the Administrator Recommended Rate;
 - (B) then the Supervisor Recommended Rate; and
 - (C) lastly, the Final Fallback Rate;
- (ii) where a determination of the AONIA Rate is required for the purposes of paragraph (i) above, if a Temporary Disruption Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required will be the last provided or published level of AONIA;
- (iii) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (i) or (ii) above, if a Temporary Disruption Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required will be the last rate provided or published by the Administrator of the RBA Recommended Rate (or if no such rate has been so provided or published, the last provided or published level of AONIA);
- (iv) if a Permanent Discontinuation Trigger has occurred with respect to the BBSW Rate, the rate for any day for which the BBSW Rate is required on or after the Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the BBSW Rate Permanent Fallback Effective Date, no AONIA Permanent Fallback Effective Date has occurred, the AONIA Rate;
 - (B) then, if at the time of the BBSW Rate Permanent Fallback Effective Date, an AONIA Permanent Fallback Effective Date has occurred, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Fallback Rate; and
 - (C) lastly, if neither paragraph (A) nor paragraph (B) above apply, the Final Fallback Rate;

- (v) where a determination of the AONIA Rate is required for the purposes of paragraph (iv)(A) above, if a Permanent Discontinuation Trigger has occurred with respect to AONIA, the rate for any day for which AONIA is required on or after the AONIA Permanent Fallback Effective Date will be the first rate available in the following order of precedence:
 - (A) first, if at the time of the AONIA Permanent Fallback Effective Date, an RBA Recommended Rate has been created but no RBA Recommended Rate Permanent Fallback Effective Date has occurred, the RBA Recommended Rate; and
 - (B) lastly, if paragraph (A) above does not apply, the Final Fallback Rate; and
- (vi) where a determination of the RBA Recommended Rate is required for the purposes of paragraph (iv) or (v) above, respectively, if a Permanent Discontinuation Trigger has occurred with respect to the RBA Recommended Rate, the rate for any day for which the RBA Recommended Rate is required on or after that Permanent Fallback Effective Date will be the Final Fallback Rate.

When calculating an amount of interest in circumstances where a Fallback Rate other than the Final Fallback Rate applies, that interest will be calculated as if references to the BBSW Rate or AONIA Rate (as applicable) were references to that Fallback Rate. When calculating interest in circumstances where the Final Fallback Rate applies, the amount of interest will be calculated on the same basis as if the Applicable Benchmark Rate in effect immediately prior to the application of that Final Fallback Rate remained in effect but with necessary adjustments to substitute all references to that Applicable Benchmark Rate with corresponding references to the Final Fallback Rate.

As used in this General Condition 3(c)(iv):

“Adjustment Spread” means the adjustment spread as at the Adjustment Spread Fixing Date (which may be a positive or negative value or zero and determined pursuant to a formula or methodology) that is:

- (a) determined as the median of the historical differences between the BBSW Rate and AONIA over a five calendar year period prior to the Adjustment Spread Fixing Date using practices based on those used for the determination of the Bloomberg Adjustment Spread as at 1 December 2022, provided that for so long as the Bloomberg Adjustment Spread is published and determined based on the five year median of the historical differences between the BBSW Rate and AONIA, that adjustment spread will be deemed to be acceptable for the purposes of this paragraph (a); or
- (b) if no such median can be determined in accordance with paragraph (a), set using the method for calculating or determining such adjustment spread determined by the Calculation Agent (after consultation with the Issuer where practicable) to be appropriate;

“Adjustment Spread Fixing Date” means the first date on which a Permanent Discontinuation Trigger occurs with respect to the BBSW Rate;

“Administrator” means:

- (a) in respect of the BBSW Rate, ASX Benchmarks Pty Limited (ABN 38 616 075 417);
- (b) in respect of AONIA (or where AONIA is used to determine an Applicable Benchmark Rate), the Reserve Bank of Australia; and
- (c) in respect of any other Applicable Benchmark Rate, the administrator for that rate or benchmark or, if there is no administrator, the provider of that rate or benchmark,

and, in each case, any successor administrator or, as applicable, any successor administrator or provider;

“Administrator Recommended Rate” means the rate formally recommended for use as the temporary replacement for the BBSW Rate by the Administrator of the BBSW Rate;

“AONIA” means the Australian dollar interbank overnight cash rate (known as AONIA);

(d) ***Interest on Variable Interest Rate Notes***

(i) Interest Payment Dates

Each Variable Interest Rate Note bears interest on its outstanding nominal amount from (and including) the Interest Commencement Date at the rate (expressed as a percentage) equal to the Rate of Interest, such interest will be payable in arrear on each Interest Payment Date specified in the applicable Final Terms.

Such interest will be payable in respect of each Interest Period (which expression shall, in these General Conditions mean the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, the Interest Payment Date shall be determined in accordance with the relevant Business Day Convention in accordance with General Condition 3(b) above.

(ii) Rate of Interest

The Rate of Interest applicable from time to time in respect of the Variable Interest Rate Notes will be determined in the manner specified in the applicable Variable Interest Rate Payout, as set out in General Condition 4 and supplemented by the applicable Final Terms.

(iii) Determination of Rate of Interest and Calculation of Interest Amounts

The Agent or the Calculation Agent, as specified in the applicable Final Terms, will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

The Agent or the Calculation Agent, as specified in the applicable Final Terms will calculate the Interest Amount payable on the Variable Interest Rate Notes in respect of each Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms) for the relevant Interest Period. Each Interest Amount shall be calculated by applying the Rate of Interest to the Specified Denomination (or the Calculation Amount if one is specified to be applicable in the applicable Final Terms), multiplying the resulting sum by the applicable Day Count Fraction (as defined in General Condition 3(b) above or, in the case of RBA Bond Basis, in General Condition 3(a) above) and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. If a Calculation Amount is specified to be applicable in the applicable Final Terms, the amount of interest payable in respect of a Variable Interest Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination of such Note without any further rounding. If, however, the applicable Final Terms specify that Aggregate Nominal Amount Determination is applicable, then each Interest Amount or any other amount of interest

payable in respect of any Variable Interest Rate Note for any period shall be calculated by applying the Rate of Interest to the outstanding aggregate nominal amount of the relevant series of Variable Interest Rate Notes, multiplying the resulting sum by the applicable Day Count Fraction, dividing the resultant figure by the number of such Notes and rounding the resultant figure(s) down to the nearest sub-unit of the relevant Specified Currency.

(e) ***Accrual of Interest***

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest (if any) from the date for its redemption unless, upon due presentation thereof, payment of principal is improperly withheld or refused. In such event, interest will continue to accrue until whichever is the earlier of:

- (1) the date on which all amounts due in respect of such Note have been paid; and
- (2) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given in accordance with General Condition 8 or individually.

(f) ***Interest Rates Positive***

Unless specified otherwise in the applicable Final Terms, the rate of interest payable in respect of the Notes shall never be less than zero. If the method for determining a rate of interest applicable to the Notes would result in a negative figure, the applicable rate of interest will be deemed to be zero.

4. **Rate of Interest for Variable Interest Rate Notes**

- (ii) payments in euro will be made by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee.

Payments will be subject in all cases to (i) any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of General Condition 9 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “**Code**”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or (without prejudice to the provisions of General Condition 9) any law implementing an intergovernmental approach thereto.

(b) ***Presentation of Notes, Receipts and Coupons***

Payments of principal in respect of definitive Bearer Notes will (subject as provided below) be made in the manner provided in General Condition 6(a) above only against surrender of definitive Bearer Notes, and payments of interest in respect of definitive Bearer Notes will (subject as provided below) be made as aforesaid only against surrender of Coupons, in each case at the specified office of any Paying Agent outside the United States (which expression, as used herein, means the United States of America (including the State and District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)).

Payments of instalments of principal in respect of definitive Bearer Notes (if any), other than the final instalment, will (subject as provided below) be made in the manner provided in General Condition 6(a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Receipt. Payment of the final instalment will be made in the manner provided in General Condition 6(a) above against presentation and surrender (or, in the case of part payment of any sum due, endorsement) of the relevant Bearer Note. Each Receipt must be presented for payment of the relevant instalment together with the definitive Bearer Note to which it appertains. Receipts presented without the definitive Bearer Note to which they appertain do not constitute valid obligations of the Issuer. Upon the date on which any definitive Bearer Note becomes due and repayable, unmaturing Receipts (if any) relating thereto (whether or not attached) shall become void and no payment shall be made in respect thereof.

Fixed Rate Notes in definitive bearer form (other than Long Maturity Notes (as defined below)) should be presented for payment together with all unmaturing Coupons appertaining thereto (which expression shall for this purpose include Coupons falling to be issued on exchange of matured Talons), failing which the amount of any missing unmaturing Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmaturing Coupon as the sum so paid bears to the sum due) will be deducted from the sum due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relative missing Coupon at any time before the expiry of 10 years after the Relevant Date (as defined below) in respect of such principal (whether or not such Coupon would otherwise have become void under General Condition 10) or, if later, five years from the date on which such Coupon would otherwise have become due, but in no event thereafter. Upon any such Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmaturing Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

As used herein, the “**Relevant Date**” means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Agent on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with General Condition 8.

Upon the date on which any Floating Rate Note in definitive bearer form becomes due and repayable, unmatured Receipts (having an Instalment Date falling on or after such due date), Coupons and Talons (if any) relating thereto (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof. A “**Long Maturity Note**” is a Fixed Rate Note (other than a Fixed Rate Note which on issue had a Talon attached) whose nominal amount on issue is less than the aggregate interest payable thereon, provided that such Note shall cease to be a Long Maturity Note on the Interest Payment Date on which the aggregate amount of interest remaining to be paid after that date is less than the nominal amount of such Note.

If the due date for redemption of any definitive Bearer Note is not an Interest Payment Date, interest (if any) accrued in respect of such Note from (and including) the preceding Interest Payment Date or, as the case may be, the Interest Commencement Date shall be payable only against surrender of the relevant definitive Bearer Note.

Payments of principal and interest (if any) in respect of Notes represented by any global Bearer Note will (subject as provided below) be made in the manner specified above in relation to definitive Bearer Notes and otherwise in the manner specified in the relevant global Bearer Note (in the case of a global Bearer Note not in New Global Note form, against presentation or surrender, as the case may be, of such global Bearer Note at the specified office of any Paying Agent outside the United States, and, in the case of a global Bearer Note in New Global Note form, by payment to or to the order of the common safekeeper for such global Bearer Note). A record of each payment made against presentation or surrender of any such global Bearer Note not in New Global Note form, distinguishing between any payment of principal and any payment of interest, will be made on such global Bearer Note by such Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made. If a global Bearer Note is in New Global Note form, the Issuer shall procure that details of each payment of principal and interest (if any) in respect of Notes represented by the New Global Note shall be entered *pro rata* in the records of the relevant clearing system and, in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the global Bearer Note will be reduced accordingly. Each payment so made will discharge the Issuer’s obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge.

Where a global Bearer Note is a New Global Note, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, shall be entered in the records of the relevant clearing systems and, upon any such entry being made, the nominal amount of the Notes represented by such global Bearer Note shall be adjusted accordingly.

The holder of a global Note (or in the case of a Registered Note, the registered holder) shall be the only person entitled to receive payments in respect of Notes represented by such global Note and the Issuer will be discharged by payment to, or to the order of, such holder of the global Note in respect of each amount so paid. Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or DTC as the beneficial holder of a particular nominal amount of Notes represented by such global Note must look solely to Euroclear, Clearstream, Luxembourg or DTC, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of such global Note. No person other than the holder of such global Note shall have any claim against the Issuer in respect of any payments due on that global Note.

In the case of Notes held by Euroclear Netherlands, payment of interest or principal or any other payments on or in respect of the Notes to the Noteholders will be effected through participants of Euroclear Netherlands (*aangesloten instellingen* according to the Dutch Securities Giro Transfer Act) (“**Participants**”) of Euroclear Netherlands. The Issuer shall deposit or cause to be deposited the funds intended for payment on the Notes in an account of Euroclear Netherlands. The Issuer will by such deposit be discharged of its obligations towards the Noteholders. No person other than the holder of the global Note shall have any claim against the Issuer in respect of any payments due on that global Note. Euroclear Netherlands will be discharged of its obligation to pay by paying the relevant funds to the Euroclear Netherlands Participants which according to Euroclear Netherlands’ record hold a share in the *girodepot* with respect to such Notes, the relevant payment to be made in proportion to the share in such *girodepot* held by each of such Euroclear Netherlands Participants. Euroclear Netherlands shall not be obliged to make any payment in excess of funds it actually received as funds free of charges of any kind whatsoever.

All amounts payable to DTC or its nominee as registered holder of a Registered Global Note in respect of Notes denominated in a Specified Currency other than U.S. dollars shall be paid by transfer by the Registrar to an account in the relevant Specified Currency of any Transfer Agent on behalf of DTC or its nominee for payment in such Specified Currency or conversion into U.S. dollars in accordance with the provisions of the Agency Agreement.

All payments in respect of the Polish Notes shall be made in accordance with the Polish CSD Rules and detailed operating rules and regulations of the Polish Registrar (for PNDS, *Szczegółowe zasady działania Krajowego Depozytu Papierów Wartościowych*). In particular, payment of principal, interest or any other payments on or in respect of the Polish Notes to the Noteholders will be effected through the direct member(s) of the Polish Registrar (for PNDS, *uczestnicy bezpośrednio* (“*podmiot wykonujący świadczenie z warrantów na rachunek emitenta*”)).

Prior to the clearing of the Polish Notes, the PNDS shall establish on the basis of its records the number of Noteholders entitled to receive a payment and inform either the Issuer or the direct member(s) of PNDS (*uczestnicy bezpośrednio*) (“*podmiot wykonujący świadczenie z warrantów na rachunek emitenta*”) about the amounts due to the Noteholders. The Issuer shall deposit or cause to be deposited the funds intended for payment on the Notes to an account of PNDS. The Issuer will by such deposit be discharged of its obligations towards the Noteholders.

Notwithstanding the foregoing, U.S. dollar payments of principal and interest in respect of Bearer Notes will be made at the specified office of a Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and the District of Columbia, its territories, its possessions and other areas subject to its jurisdiction)) if:

- (i) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment in U.S. dollars at such specified offices outside the United States of the full amount of principal and interest on the Notes in the manner provided above when due;
- (ii) payment of the full amount of such principal and interest at all such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions on the full payment or receipt of principal and interest in U.S. dollars; and

- (iii) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Subject as set out below, payments of principal in respect of Registered Notes (whether in definitive or global form) will be made in the manner provided in General Condition 6(a) above against presentation and surrender of such Notes at the specified office of the Registrar or at the specified office of any Paying Agent. Payments of interest due on a Registered Note will be made to the person in whose name such Note is registered at the close of business on, in the case of Registered Notes in definitive form, the fifteenth day (whether or not such fifteenth day is a business day (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located), and, in the case of Registered Notes in global form, the Clearing System Business Day (meaning Monday to Friday inclusive, except 25 December and 1 January) (the “**Record Date**”) immediately prior to the due date for payment. In the case of payments by cheque, cheques will be mailed to the holder (or the first named of joint holders) at such holder’s registered address on the due date. If payment is required by credit or transfer as referred to in General Condition 6(a) above, application for such payment must be made by the holder to the Registrar not later than the relevant Record Date.

(c) ***Payment Day***

Unless otherwise specified in the applicable Final Terms in relation to a Tranche of Notes, if the date for payment of any amount in respect of any Note, Receipt or Coupon is not a Payment Day, the holder thereof shall not be entitled to payment until the next following Payment Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. For these purposes (unless otherwise specified in the applicable Final Terms), “**Payment Day**” means any day which (subject to General Condition 10) is:

- (i) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if New Zealand dollars, Auckland and Wellington) or (2) in relation to any sum payable in euro, a TARGET Business Day;
- (ii) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in respect of Notes in definitive form, the relevant place of presentation; and
 - (B) any Additional Financial Centre specified in the applicable Final Terms; and
- (iii) in the case of any payment in respect of a Restricted Global Note denominated in a Specified Currency other than U.S. dollars and registered in the name of DTC or its nominee and, in respect of which an accountholder of DTC (with an interest in such Restricted Global Note) has elected to receive any part of such payment in U.S. dollars, not a day on which banking institutions are authorised or required by law or regulation to be closed in New York City.

Notwithstanding anything else in these General Conditions, in the event that an Interest Payment Date is brought forward under General Condition 3(b) through the operation of a Business Day Convention in circumstances which were not reasonably foreseeable by the Issuer, the relevant Payment Day shall be the first Payment Day after the Interest Payment Date as so brought forward.

(d) ***Interpretation of Principal***

Any reference in these General Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) the amount at which each Note will be redeemed on the Maturity Date of the Notes (“**Final Redemption Amount**”);
- (ii) the redemption amount in respect of Notes payable on redemption for taxation reasons or following an Event of Default (“**Early Redemption Amount**”);
- (iii) the Optional Redemption Amount(s) (if any) of the Notes;
- (iv) in relation to Instalment Notes, the Instalment Amounts;
- (v) in relation to Zero Coupon Notes, the Amortised Face Amount (as defined in General Condition 7(e)(iii)); and
- (vi) any premium and any other amounts (other than interest) which may be payable by the Issuer under or in respect of the Notes.

7. **Redemption and Purchase**

(a) ***At Maturity***

Unless previously redeemed or purchased and cancelled as specified below, each Note will be redeemed by the Issuer at its Final Redemption Amount or, in the case of an Instalment Note, at its final Instalment Amount, specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date.

(b) ***Redemption for Tax Reasons (Tax Call)***

If the Issuer, on the occasion of the next payment due in respect of the Notes, would be required to withhold or account for tax in respect of the Notes, then the Issuer shall forthwith give notice of such circumstance to Noteholders. In such event, the Issuer may, but shall not be obliged to, on giving not more than 30 nor less than 5 days’ notice to the Noteholders (or such other period of notice as is specified in the applicable Final Terms), and, upon expiry of such notice, redeem all but not some of the Notes at their Early Redemption Amount or, as the case may be, the Fair Market Value Early Redemption Amount.

Notwithstanding the foregoing:

- (i) if the applicable Final Terms provide for the Monetisation Option to apply and a Noteholder elects the Early Redemption Amount to be the Monetisation Early Redemption Amount as described in General Condition 7(e)(i) below, in accordance with General Condition 7(k) below, the Monetisation Early Redemption Amount will be payable by the Issuer to the relevant Noteholder on the Maturity Date and no other amounts will be payable to the Noteholder in respect of such Note from the expiry of the Redemption Notice to the Maturity Date; and

- (ii) if any of the taxes referred to above arises (A) by reason of any Noteholder's connection with any particular jurisdiction otherwise than by reason only of the holding of any Note or receiving or being entitled to principal or interest in respect thereof or (B) by reason of the failure by the relevant Noteholder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax, then, to the extent it is able to do so, the Issuer shall deduct such taxes from the amounts payable to such Noteholder and all other Noteholders shall receive the due amounts payable to them.

(c) ***Redemption at the Option of the Issuer (Issuer Call)***

If Issuer Call is specified in the applicable Final Terms, the Issuer may, having given:

- (i) not less than 5 nor more than 30 days' notice (or such other period of notice as is specified in the applicable Final Terms) to the Noteholders in accordance with General Condition 8; and
- (ii) not less than 1 day before the giving of the notice referred to in paragraph (i) above, notice to the Agent,

(both of which notices shall be irrevocable) redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s) specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date(s).

Any such redemption must be of a nominal amount not less than the Minimum Redemption Amount (if any) or not more than the Maximum Redemption Amount (if any), in each case as specified in the applicable Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion) and/or Euroclear Netherlands and/or, as the case may be, DTC, in the case of Redeemed Notes represented by a global Note, not more than 30 days prior to the date fixed for redemption (or such other period as is specified in the applicable Final Terms) (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with General Condition 8 not less than 5 days prior to the date fixed for redemption.

The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that such first mentioned nominal amount shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this General Condition 7(c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with General Condition 8 at least five days prior to the Selection Date.

(d) ***Redemption at the Option of the Noteholders (Investor Put)***

If Investor Put is specified in the applicable Final Terms, upon the holder of any Note giving to the Issuer in accordance with General Condition 8 not less than 15 nor more than 30 days' notice (or such other period of notice as is specified in the applicable Final Terms) (which notice shall be irrevocable), the Issuer will, upon the expiry of such notice, redeem, subject to, and in accordance with, the terms specified in the applicable Final Terms, in whole (but not in part), such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in the applicable Final Terms together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of this Note the holder of this Note must, if this Note is in registered form and held through DTC or in definitive form and held outside Euroclear and Clearstream, Luxembourg, or, if applicable, Euroclear Netherlands, deliver at the specified office of any Paying Agent, any Transfer Agent or, as the case may be, the Registrar at any time during normal business hours of such Paying Agent, Transfer Agent or Registrar falling within the notice period, a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent, any Transfer Agent or Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this General Condition 7(d) accompanied by this Note or evidence satisfactory to the Paying Agent concerned that this Note will, following delivery of the Put Notice, be held to its order or under its control. If this Note is represented by a global Bearer Note or is in definitive form and held through Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to exercise the right to require redemption of this Note, the holder of this Note must, within the notice period concerned, give notice of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg, or any common depositary for them or, if applicable, Euroclear Netherlands, to the Agent by electronic means), in a form acceptable to Euroclear and Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time and, at the same time, present or procure the presentation of the relevant Global Bearer Note to the Agent for notation accordingly.

Any Put Notice given by a holder of any Note pursuant to this General Condition 7(d) shall be irrevocable except where prior to the due date of redemption an Event of Default shall have occurred and be continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this General Condition 7(d) and instead to declare such Note forthwith due and payable pursuant to General Condition 11.

(e) ***Early Redemption Amounts***

For the purposes of General Condition 7(b) above and General Condition 11, each Note will be redeemed at the Early Redemption Amount calculated as follows:

- (i) if the Early Redemption Amount is being calculated for the purposes of General Condition 7(b) above and the applicable Final Terms provide for the "Monetisation Option" to apply, the Monetisation Early Redemption Amount or the Fair Market Value Early Redemption Amount, as elected by the Noteholders in accordance with General Condition 7(k) below, provided that if no valid election is made by the Noteholders in accordance with General

Condition 7(k) below, the Early Redemption Amount will be the Fair Market Value Early Redemption Amount, where:

“**Monetisation Early Redemption Amount**” means an amount determined by the Calculation Agent in good faith and in a commercially reasonable manner using the following formula:

$$(S + D) \times (1 + r)^n$$

where

“**S**” means the fair market value of the savings component of one Note on the Determination Date determined on the basis of a discount rate equal to “**r**”;

“**D**” means the fair market value of the derivative component of one Note on the Determination Date;

“**r**” means the Calculation Agent’s determination of the rate of interest per annum that would be offered on the Determination Date by the Issuer on a debt instrument issued by the Issuer with a maturity equal to the period from (and including) the Determination Date to (but excluding) the Maturity Date of the Note; and

“**n**” means the number of years from the Determination Date to the Maturity Date of the Note.

“**Fair Market Value Early Redemption Amount**” means the fair market value of the Note on the date upon which such Note becomes due and payable.

If this General Condition 7(e)(i) applies, then no additional cost (other than the ones that cannot be avoided to redeem the Notes) shall be charged to the Noteholders. In addition, the Early Redemption Amount calculated pursuant to this General Condition 7(e)(i) shall also include a reimbursement from the Issuer to the holder of each Note, *pro rata temporis* (calculated from the Determination Date to the Maturity Date), of the costs (in respect of such Note, such as the structuring costs), if any, initially paid by the Noteholders of such Note to the Issuer on the Issue Date via the Issue Price.

- (ii) if the Early Redemption Amount is being calculated for the purposes of General Condition 11 and/or the applicable Final Terms do not provide for the “Monetisation Option” to apply:
 - (A) in the case of a Note with a Final Redemption Amount equal to its nominal amount, at the Final Redemption Amount thereof, together with interest (if any) accrued to (but excluding) the date of redemption, unless otherwise specified in the applicable Final Terms; or
 - (B) in the case of a Note (other than a Zero Coupon Note or a Note to which paragraph (ii)(D) below applies but including an Instalment Note) with a Final Redemption Amount which is or may be less or greater than its nominal amount or which is payable in a Specified Currency other than that in which the Notes are denominated, at the amount specified in the applicable Final Terms or, if no such amount is so specified in the applicable Final Terms, at its nominal amount, together in each case with interest (if any) accrued to (but excluding) the date of redemption; or

- (C) in the case of a Zero Coupon Note (other than a Zero Coupon Note to which paragraph (ii)(D) below applies), at an amount (the “**Amortised Face Amount**”) equal to the sum of:
- (1) the Reference Price; and
 - (2) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date of the first Tranche of Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, it shall be made (A) in the case of a Zero Coupon Note other than a Zero Coupon Note payable in euro, on the basis of a 360-day year consisting of 12 months of 30 days each or (B) in the case of a Zero Coupon Note payable in euro, on the basis of the actual number of days elapsed divided by 365 (or, if any of the days elapsed falls in a leap year, the sum of (x) the number of those days falling in a leap year divided by 366 and (y) the number of those days falling in a non-leap year divided by 365) or (in either case) on such other calculation basis as may be specified in the applicable Final Terms; or

- (D) in the case of a Note for which the applicable Final Terms provide for the Early Redemption Amount to be equal to the Fair Market Value of the Note, the Calculation Agent shall calculate the Early Redemption Amount in its discretion by determining the fair market value of the Note two Business Days (or such other period as is specified in the applicable Final Terms) prior to (x) the date fixed for redemption or (y) (as the case may be) the date upon which such Note becomes due and payable (unless specified otherwise in the Final Terms, taking into account the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions).

(f) ***Purchases***

The Issuer or any of its subsidiaries may, whether in the context of market making or otherwise, purchase Notes (provided that, in the case of definitive Notes, all unmatured Coupons, Talons and Receipts appertaining thereto are purchased therewith) at any price in the open market or otherwise. Such Notes may be held, re-issued, resold or, at the option of the Issuer, surrendered to any Paying Agent for cancellation.

(g) ***Cancellation***

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Coupons, Talons and Receipts attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and the Notes purchased and cancelled pursuant to General Condition 7(f) above (together with all unmatured Coupons, Talons and Receipts cancelled therewith) shall be forwarded to the Agent and cannot be re-issued or resold.

(h) ***Late Payment on Zero Coupon Notes***

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to General Condition 7(a), (b), (c) or (d) above or, upon its becoming due and repayable as provided in General Condition 11, is improperly withheld or refused, the amount due and payable in respect of such Zero Coupon Note shall be the amount calculated as provided in General Condition 7(e)(ii) above as though the references therein to the date fixed for the redemption or the date upon which such Zero Coupon Note becomes due and payable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of such Zero Coupon Note have been paid; and
- (ii) five days after the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with General Condition 8.

(i) ***Redemption by Instalments***

If “Redemption by Instalments” is specified as applicable in the applicable Final Terms, unless previously redeemed or purchased and cancelled as specified in this General Condition 7, each Note shall be partially redeemed on each date specified in the applicable Final Terms (each an “**Instalment Date**”) at an amount determined by the Calculation Agent equal to the amount specified in the applicable Final Terms in respect of that Instalment Date (the “**Instalment Amount**”) (such Notes being “**Instalment Notes**”). The outstanding nominal amount of each such Note shall be reduced by the relevant Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly held or refused, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount. If a Calculation Amount is specified to be applicable in the applicable Final Terms, a partial redemption in accordance with this General Condition 7(i) shall cause the Calculation Amount to be reduced such that the Calculation Amount after such reduction as a proportion of the Calculation Amount prior to such reduction shall equal the proportion that the outstanding nominal amount of a Note after such redemption bears to the outstanding nominal amount of such Note prior to such redemption. For the purposes of determining the Interest Amount (if any) due on any subsequent Interest Payment Date, the Specified Denomination shall be deemed to be reduced by the relevant Instalment Amount.

(j) ***Redemption – Other***

(i) ***Redemption at the Option of the Issuer (Clean-Up Call)***

If “Clean-Up Call” is specified as applicable in the applicable Final Terms, the Issuer may at any time, on giving not less than 15 nor more than 30 days’ notice (or such other period of notice as is specified in the applicable Final Terms) to the Noteholders in accordance with General Condition 8, redeem all but not some of the Notes for the time being outstanding at their Optional Redemption Amount, together with interest (if any) accrued to (but excluding) the date of redemption, if, prior to the date of such notice, 75% (or such other percentage as is specified in the applicable Final Terms) or more in nominal amount of the Notes hitherto issued have been redeemed or purchased and cancelled.

(ii) *Other*

In addition, the Issuer may (i) at any time, on giving not less than 15 nor more than 30 days' notice (or such other period of notice as specified in the applicable Final Terms) to the Noteholders in accordance with General Condition 8, redeem the Notes for the time being outstanding on such other terms as may be specified in the applicable Final Terms and (ii) issue Notes which may be redeemed in other circumstances specified in the applicable Final Terms.

Unless specified otherwise in the applicable Final Terms, the Final Redemption Amount, each Instalment Amount or the Early Redemption Amount (as the case may be) payable in respect of the Notes shall be rounded to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Unless specified otherwise in the applicable Final Terms, the Final Redemption Amount, each Instalment Amount or the Early Redemption Amount (as the case may be) payable in respect of the Notes shall never be less than zero. If the formula or other method for determining the Final Redemption Amount, an Instalment Amount or the Early Redemption Amount (as the case may be) applicable to the Notes would result in a negative figure, the Final Redemption Amount, such Instalment Amount or the Early Redemption Amount (as the case may be) will be deemed to be zero.

(k) *Monetisation Option*

In the case of a Note for which (x) the applicable Final Terms provide for the "Monetisation Option" to apply and (y) the Issuer has served notice to the Noteholders of its intention to redeem all but not some of the Notes (the "**Redemption Notice**") at their Early Redemption Amount in accordance with General Condition 7(b) (the date of service of such Redemption Notice being the "**Determination Date**"), each Noteholder may elect that the Early Redemption Amount for a Note be either the Monetisation Early Redemption Amount or the Fair Value Early Redemption as described in General Condition 7(e)(i) above.

In order to make such election a Noteholder must provide notice of its election to the Issuer not later than the date specified in the applicable Final Terms (such date being the "**Monetisation Option Election Cut-Off Date**") (which notice shall be irrevocable). A valid election will be deemed to have been made in respect of a Note if, the Noteholder in respect of such Note, provides a notice of election to the Issuer on or before the Monetisation Option Election Cut-Off Date. For the avoidance of doubt, if a Noteholder fails to notify the Issuer of its election on or before the Monetisation Option Election Cut-Off Date, the Early Redemption Amount in respect of such Note will be the Fair Value Early Redemption Amount.

If a Noteholder validly elects that the Early Redemption Amount for a Note is the Monetisation Early Redemption Amount, such amount will be payable by the Issuer to the relevant Noteholder on the Maturity Date and no other amounts will be payable to the Noteholder in respect of such Note from the expiry of the Redemption Notice to the Maturity Date.

If the Notes are represented by a global Bearer Note or are in definitive form and held through Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands, to make an election under this General Condition 7(k), the holder of a Note must, within the notice period concerned, give notice of such election in accordance with the standard procedures of Euroclear, Clearstream,

Luxembourg or, if applicable, Euroclear Netherlands (which may include notice being given on his instruction by Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands by electronic means), in a form acceptable to Euroclear, Clearstream, Luxembourg or, if applicable, Euroclear Netherlands from time to time.

(l) ***TARN Redemption***

This General Condition 7(l) shall only apply if “TARN Redemption” is specified as “Applicable” in the applicable Final Terms.

(i) ***TARN Automatic Early Redemption Event***

Unless previously redeemed or purchased and cancelled, if a TARN Automatic Early Redemption Event occurs, then the Notes will be automatically redeemed in whole, but not in part, at their TARN Automatic Early Redemption Amount (together with any Interest Amount due in accordance with the following provisions) on the TARN Automatic Early Redemption Date.

(ii) ***Interest adjustment***

Notwithstanding the provisions of General Condition 3, General Condition 4 and General Condition 5, if Interest Payment Date(t) is the final Interest Payment Date (and the Notes are subject to redemption on such date pursuant to either General Condition 7(a) or General Condition 7(l)(i)), the Rate of Interest(t) for such Interest Payment Date(t) will be equal to:

- (A) the applicable TARN Redemption Rate (if “Target Rate Adjustment” is specified as “Applicable” in the applicable Final Terms); or
- (B) the Alternative Rate (if “Alternative Rate Adjustment” is specified as “Applicable” in the applicable Final Terms).

For the purposes of this General Condition 7(l):

“**Alternative Rate**” means, if applicable in respect of an Interest Payment Date, the rate specified as such in the applicable Final Terms.

“**Cumulative Rate of Interest**” means, in respect of a Note and on any date, the sum of each Interest Amount that has become payable on or prior to such date, expressed as a percentage of the Specified Denomination of the Note.

“**Target Rate**” means the rate specified as such in the applicable Final Terms.

“**TARN Automatic Early Redemption Amount**” means, in respect of a Note, its Specified Denomination.

“**TARN Automatic Early Redemption Date**” means the date specified as such in the applicable Final Terms.

A “**TARN Automatic Early Redemption Event**” will occur if on any Interest Payment Date the sum of (a) the Cumulative Rate of Interest as of the immediately preceding day and (b) the Rate of Interest determined in respect of such Interest Payment Date (ignoring any adjustment to be made in accordance with General Condition 7(l)(ii)) would be equal to, or would exceed, the Target Rate.

“**TARN Redemption Rate**” means, if applicable in respect of an Interest Payment Date, a rate expressed as a percentage equal to the Target Rate minus the Cumulative Rate of Interest immediately prior to such Interest Payment Date, subject to a minimum of zero.

8. Notices

All notices required to be given pursuant to the General Conditions regarding the Bearer Notes shall be published (i) in at least one daily newspaper of wide circulation in the Netherlands and (ii) if and for so long as the Bearer Notes are admitted to trading on the market of the Luxembourg Stock Exchange appearing on the list of regulated markets issued by the European Commission and the rules of such exchange so require, in a daily newspaper of general circulation in Luxembourg or on the website of the Luxembourg Stock Exchange (<https://www.luxse.com/>). It is expected that such publication will be made in *Het Financieele Dagblad* in the Netherlands and either in a daily newspaper of general circulation in Luxembourg (expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (<https://www.luxse.com/>). Any such notice will be deemed to have been given on the date of the first publication in all the newspapers and/or on the website in which such publication is required to be made.

All notices required to be given to holders of Registered Notes pursuant to the General Conditions will be valid if mailed to their registered addresses appearing on the register and published and, for so long as the Notes are admitted to trading on the market of the Luxembourg Stock Exchange appearing on the list of regulated markets issued by the European Commission in the Official Journal of the European Union and the rules of such exchange so require, either in a daily newspaper of general circulation in Luxembourg (expected to be the *Luxemburger Wort*) or on the website of the Luxembourg Stock Exchange (<https://www.luxse.com/>). Any such notice shall be deemed to have been given on the fourth day after the day on which it is mailed.

Until such time as any definitive Notes are issued, there may, so long as the global Note(s) is or are held in its or their entirety on behalf of Euroclear, Clearstream, Luxembourg, Euroclear Netherlands and/or DTC, be substituted for such publication in any newspaper or website by the delivery of the relevant notice to Euroclear, Clearstream, Luxembourg, Euroclear Netherlands and/or DTC (as the case may be) for communication by them to the holders of the Notes and, in addition, for so long as any Notes are listed or admitted to trading on a stock exchange and the rules of that stock exchange (or any other relevant authority) so require, such notice will be published in the manner required by the rules of that stock exchange (or such other relevant authority). Any such notice delivered on or prior to 4:00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Notes on such business day. A notice delivered after 4:00 p.m. (local time) on a business day in the city in which it is delivered will be deemed to have been given to the holders of the Notes on the next following business day in such city.

Notices to be given by any holder of the Notes shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a global Note, such notice may be given by any holder of a Note to the Agent and/or Registrar via Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, in such manner as the Agent and/or Registrar and Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, may approve for this purpose.

9. Taxation

The Issuer shall not be liable for or otherwise obliged to pay any tax, duty, withholding or other payment which may arise as a result of the ownership, transfer, presentation or surrender for payment or enforcement of any Note and all payments made by the Issuer shall be made subject to any such tax, duty, withholding or other payment which may be required to be made, paid, withheld or deducted.

Condition relating to Section 871(m) Withholding and FATCA

Notwithstanding any other provision in these General Conditions, the Issuer shall be permitted to withhold or deduct any amounts imposed or required (i) pursuant to Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (or any fiscal or regulatory legislation implementing such an intergovernmental agreement) (a “**FATCA Withholding**”); or (ii) pursuant to Section 871(m) of the Code (a “**Section 871(m) Withholding**”). Neither the Issuer nor any other person will be required to pay additional amounts to the Noteholders in respect of Section 871(m) Withholding or FATCA Withholding.

10. **Prescription**

Claims against the Issuer for payments in respect of the Notes, Receipts and Coupons will become void unless made within a period of five years of the date on which such payment first becomes due.

There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this General Condition 10 or General Condition 6(b) or any Talon which would be void pursuant to General Condition 6(b).

11. **Events of Default relating to Notes**

If any one or more of the following events (each an “**Event of Default**”) shall have occurred and be continuing in respect of Notes issued by the Issuer:

- (i) default is made for more than 30 days in the payment of interest or principal in respect of the Notes; or
- (ii) the Issuer fails to perform or observe any of its other obligations under the Notes and such failure has continued for the period of 60 days next following the service on the Issuer of notice requiring the same to be remedied; or
- (iii) the Issuer is declared bankrupt; or
- (iv) an order is made or an effective resolution is passed for the winding-up or liquidation of the Issuer unless this is done in connection with a merger, consolidation or other form of combination with another company, the terms of which merger, consolidation or combination (A) have the effect of the emerging or such other surviving company assuming all obligations contracted for by the Issuer in connection with the Notes or (B) have previously been approved by an Extraordinary Resolution of the Noteholders,

then any Noteholder may, by written notice to the Issuer at the specified office of the Agent, effective upon the date of receipt thereof by the Agent, declare the Note held by such Noteholder to be forthwith due and payable whereupon the same shall become forthwith due and payable at the Early Redemption Amount (as described in General Condition 7(e)), without presentment, demand, protest or other notice of any kind, provided that such right to declare Notes due and payable shall terminate if the situation giving rise to it has been cured before the relevant notice has become effective.

12. **Transfer and Exchange of Registered Notes and Replacement of Notes, Receipts and Coupons**

Registered Notes of each Tranche sold outside the United States in reliance on Regulation S under the United States Securities Act of 1933, as amended (the “**Securities Act**”) will be represented by a

permanent global Note in registered form, without interest coupons (the “**Reg. S Global Note**”) and Registered Notes of each Tranche sold inside the United States to qualified institutional buyers (“**QIBs**”) (within the meaning of Rule 144A under the Securities Act (“**Rule 144A**”)) in reliance on Rule 144A or to other U.S. persons in transactions exempt from the registration requirements of the Securities Act will be represented by a permanent restricted global Note in registered form, without interest coupons (the “**Restricted Global Note**” and, together with the Reg. S Global Note, the “**Registered Global Notes**”). Registered Notes which are represented by a Registered Global Note will be exchangeable and transferable only in accordance with the rules and operating procedures for the time being of DTC, Euroclear or Clearstream, Luxembourg, as the case may be (the “**Applicable Procedures**”).

Owners of beneficial interests in the Reg. S Global Note may transfer such interests, or may exchange such interests for either beneficial interests in the Restricted Global Note or Registered Notes in definitive form, and owners of beneficial interests in the Restricted Global Note may transfer such interests, or may exchange such interests for either beneficial interests in the Reg. S Global Note or Registered Notes in definitive form, in each case subject as provided below to the provisions of the relative Registered Global Note and to the Applicable Procedures. In addition, Registered Notes in definitive form issued in exchange for beneficial interests in the Reg. S Global Note may be exchanged for beneficial interests in the Restricted Global Note, subject as provided below and to the Applicable Procedures. Registered Notes in definitive form may also be transferred as provided below.

In the case of Registered Notes in definitive form issued in exchange for interests in the Restricted Global Note, such Registered Notes in definitive form shall bear the legend set forth on the Restricted Global Note (the “**Legend**”). Upon the transfer, exchange or replacement of Registered Notes bearing the Legend, or upon specific request for removal of the Legend, the Issuer shall deliver only Registered Notes that bear such Legend or shall refuse to remove such Legend, as the case may be, unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel, that neither the Legend nor the restrictions on transfer set forth therein are required to ensure compliance with the provisions of the Securities Act.

Interests in the Reg. S Global Note and the Restricted Global Note will be exchangeable for Registered Notes in definitive form if (i) Euroclear and/or Clearstream, Luxembourg or DTC, as the case may be, notifies the Issuer that it is unwilling or unable to continue as depository for such Registered Global Note, (ii) if applicable, DTC ceases to be a “Clearing Agency” registered under the Exchange Act or either Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces its intention permanently to cease business, and a successor depository or alternative clearing system satisfactory to the Issuer and the Agent is not available, (iii) an Event of Default (as defined in General Condition 11) has occurred and is continuing with respect to such Notes or (iv) a written request for one or more Registered Notes in definitive form is made by a holder of a beneficial interest in a Registered Global Note; provided that in the case of (iv) such written notice or request, as the case may be, is submitted to the Registrar by the beneficial owner not later than 60 days prior to the requested date of such exchange and the Applicable Procedures are followed. Upon the occurrence of any of the events described in the preceding sentence, the Issuer will cause the appropriate Registered Notes in definitive form to be delivered.

If a holder of a beneficial interest in the Reg. S Global Note deposited with the custodian in the United States wishes at any time to exchange its interest in such Reg. S Global Note for an interest in the Restricted Global Note, or to transfer its interest in such Reg. S Global Note to a person who wishes to take delivery thereof in the form of a Registered Note in definitive form, such holder may, subject to the rules and procedures of the Registrar in the United States, exchange or cause the exchange, or transfer or cause the

transfer of such interest for an equivalent beneficial interest in the Restricted Global Note upon compliance with the transfer requirements of the Registrar in the United States and certification to the effect that (i) the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Registered Notes under U.S. law and pursuant to and in accordance with Regulation S, where applicable, or (ii) such exchange or transfer has been made to a person which the transferor reasonably believes to be a QIB and is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A, in the case of the exchange of an interest in the Reg. S Global Note for an interest in the Restricted Global Note.

Transfers between participants in DTC will be effected in the ordinary way in accordance with the Applicable Procedures and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream, Luxembourg will be effected in the ordinary way in accordance with the Applicable Procedures.

Transfers by the owner of a beneficial interest in the Restricted Global Note to a transferee who takes delivery of such interest through the Reg. S Global Note will be made only upon receipt by the Registrar of a written certification from the transferor to the effect that such transfer is being made in accordance with Regulation S or, if available, that the interest in the Note being transferred is not a “restricted security” within the meaning of Rule 144 under the Securities Act. Investors holding a beneficial interest in a Restricted Global Note who propose any such transfer must notify the Registrar and, subject to compliance with the provisions of the Agency Agreement, the Registrar shall cause the transferor interest in the Restricted Global Note to be reduced in an amount equal to the aggregate nominal amount of Notes being transferred and shall take such other action as appropriate to register the transfer of the Notes to or for the account of the purchaser. The Issuer shall not permit any such transfers unless there is delivered to the Issuer such satisfactory evidence as may reasonably be required by the Issuer, which may include an opinion of U.S. counsel that such transfer is in compliance with the Securities Act; provided, however, that the restriction in this sentence shall not apply to any transfers of an interest in a Note pursuant to Regulation S or of an interest in a Note which does not constitute a restricted security, within the meaning of Rule 144 under the Securities Act.

Upon the terms and subject to the conditions set forth in the Agency Agreement, a Registered Note in definitive form may be transferred in whole or in part (in the nominal amounts set out in the applicable Final Terms) by the holder or holders surrendering the Registered Note for registration of the transfer of the Registered Note (or the relevant part of the Registered Note) at the specified office of the Registrar or any Transfer Agent (who will, as soon as practicable, forward such surrendered Registered Note to the Registrar and will give to the Registrar all relevant details to enable it to process the transfer), with the form of transfer thereon duly executed by, or accompanied by a written instrument of transfer in form satisfactory to the Issuer and the Registrar duly executed by the holder or holders thereof or its or their attorney or attorneys duly authorised in writing and upon the Registrar, after due and careful enquiry, being satisfied with the documents of title and the identity of the person making the request and subject to such reasonable regulations as the Issuer and the Registrar may prescribe, including any restrictions imposed by the Issuer on transfers of Registered Notes originally sold to a U.S. person. In addition, if the Registered Note in definitive form being exchanged or transferred contains a Legend, additional certificates, to the effect that such exchange or transfer is in compliance with the restrictions contained in such Legend, may be required. Subject as provided above, the Registrar will, within three business days of receipt by it (being for this purpose a day on which banks are open for business in the city where the specified office of the Registrar is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver at its specified office to the transferee or (at the risk of the transferee) send by mail to such address as the transferee may request a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case

of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

Exchanges or transfers by a holder of a Registered Note in definitive form to a transferee who takes delivery of such Note through a Registered Global Note will be made no later than 60 days after the receipt by the Registrar of the Registered Note in definitive form to be so exchanged or transferred and only in accordance with the Applicable Procedures, and, if applicable, upon receipt by the Registrar of a written certification from the transferor.

In the event of a partial redemption of Notes under General Condition 7(c), the Issuer shall not be required:

- (a) to register the transfer of Registered Notes (or parts of Registered Notes) during the period beginning on the 65th day before the date of the partial redemption and ending on the day on which notice is given specifying the serial numbers of Notes called (in whole or in part) for redemption (both inclusive); or
- (b) to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

The costs and expenses of effecting any exchange or registration of transfer pursuant to the foregoing provisions (except for the expenses of delivery by other than regular mail (if any) and, if the Issuer shall so require, for the payment of a sum sufficient to cover any tax or other governmental charge or insurance charges that may be imposed in relation thereto which will be borne by the Noteholder) will be borne by the Issuer. Registered Notes may not be exchanged for interests in Global Bearer Notes or definitive Global Notes.

If any Note (including a global Note), Receipt or Coupon is mutilated, defaced, stolen, destroyed or lost, it may be replaced at the specified office of the Paying Agent in Luxembourg, in the case of Bearer Notes, Receipts or Coupons, or the Registrar in New York City, in the case of Registered Notes, on payment by the claimant of such costs and expenses as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Receipts or Coupons must be surrendered before replacements will be issued.

13. **Agent and Paying Agents, Transfer Agents and Registrar**

The names of the initial Agent and the other initial Paying Agents, the initial Registrar and the initial Transfer Agents and their initial specified offices are set out below.

The Issuer is entitled to vary or terminate the appointment of the Agent, the Registrar, any Paying Agent or any Transfer Agent and/or appoint additional or other Paying Agents or Transfer Agents and/or approve any change in the specified office through which the Agent, the Registrar, any Paying Agent or any Transfer Agent acts, provided that:

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the penultimate paragraph of General Condition 6(b) if payments in U.S. dollars are then permitted to be made in the United States. Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 nor more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with General Condition 8.

14. **Exchange of Talons**

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet, including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of General Condition 10. Each Talon shall, for the purposes of these General Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

15. **Meetings of Noteholders, Modification and Waiver**

The Agency Agreement contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Notes, the Receipts, the Coupons or certain provisions of the Agency Agreement. Such a meeting may be convened by the Issuer or Noteholders holding not less than 5% in nominal amount of the Notes for the time being remaining outstanding. The quorum at any such meeting for passing an Extraordinary Resolution is one or more persons holding or representing not less than 50% in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes so held or represented, except that, at any meeting the business of which includes the modification of certain provisions of the Notes, Receipts or Coupons (including modifying the date of maturity of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate of interest payable in respect of the Notes or altering the currency of payment of the Notes, Receipts or Coupons), the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than 75%, or at any adjourned such meeting not less than a clear majority, in nominal amount of the Notes for the time being outstanding. An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on all the Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Agency Agreement also provides that (i) a resolution in writing signed by or on behalf of the holders of not less than 75% in nominal amount of the Notes outstanding or (ii) consents given by way of

electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75% in nominal amount of the Notes outstanding shall, in either case, for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Any such resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

The Agent and the Issuer may agree, without the consent of the Noteholders or Couponholders, to:

16. **Further Issues**

The Issuer shall be at liberty from time to time without the consent of the Noteholders or Couponholders to create and issue further notes having the same terms and conditions as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon, and so that the same shall be consolidated and form a single Series with the outstanding Notes.

17. **Substitution of the Issuer**

This General Condition 17 shall not apply when the Notes are offered to the public in Belgium which qualifies under the definition of “consumer” under the Belgian Code of Economic Law dated 28 February 2013 (as amended and/or supplemented from time to time) (the “CEL”).

 - (i) such documents shall be executed by the Substituted Debtor and the Issuer as may be necessary to give full effect to the substitution (together the “**Documents**”) and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder and Couponholder to be bound by the General Conditions and the provisions of the Agency Agreement as fully as if the Substituted Debtor had been named in the Notes and the relative Receipts and Coupons and the Agency Agreement as the principal debtor in respect of the Notes and the relative Receipts and Coupons in place of the Issuer and pursuant to which the Issuer shall guarantee, which guarantee shall be unconditional and irrevocable (the “**Guarantee**”), in favour of each Noteholder and each holder of the relative Receipts and Coupons, the payment of all sums payable in respect of the Notes and the relative Receipts and Coupons;

- (ii) the Documents shall contain a covenant by the Substituted Debtor and the Issuer to indemnify and hold harmless each Noteholder and Couponholder against all liabilities, costs, charges and expenses (provided that, insofar as the liabilities, costs, charges and expenses are taxes or duties, the same arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective) which may be incurred by or levied against such holder as a result of any substitution pursuant to this General Condition 17 and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, such liabilities, costs, charges and expenses shall include any and all taxes or duties which are imposed on any such Noteholder or Couponholder by any political subdivision or taxing authority of any country in which such Noteholder or Couponholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);

 - (iv) each stock exchange which has Notes listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor such Notes would continue to be listed on such stock exchange;
 - (v) the Substituted Debtor shall have delivered to the Agent or procured the delivery to the Agent of a legal opinion from a leading firm of local lawyers acting for the Substituted Debtor to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion to be dated not more than three days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders and Couponholders at the specified office of the Agent;

- (b) In connection with any substitution effected pursuant to this General Condition 17, the Issuer and the Substituted Debtor need not have any regard to the consequences of any such substitution for

individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and no Noteholder or Couponholder, except as provided in General Condition 17(a)(ii), shall be entitled to claim from the Issuer or any Substituted Debtor under the Notes and the relative Receipts and Coupons any indemnification or payment in respect of any tax or other consequences arising from such substitution.

- (c) Upon the execution of the Documents as referred to in General Condition 17(a)(i) above, and subject to the notification as referred to in General Condition 17(e) below having been given, the Substituted Debtor shall be deemed to be named in the Notes and the relative Receipts and Coupons as the principal debtor in place of the Issuer and the Notes and the relative Receipts and Coupons shall thereupon be deemed to be amended to give effect to the substitution. The execution of the Documents shall operate to release the Issuer as issuer from all of its obligations as principal debtor in respect of the Notes and the relative Receipts and Coupons, save that any claims under the Notes and the relative Receipts and Coupons prior to release shall ensure for the benefit of Noteholders and Couponholders.
- (d) The Documents shall be deposited with and held by the Agent for so long as any Notes, Receipts or Coupons remain outstanding and for so long as any claim made against the Substituted Debtor by any Noteholder or Couponholder in relation to the Notes or the relative Receipts and Coupons or the Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Issuer shall acknowledge in the Documents the right of every Noteholder and Couponholder to the production of the Documents for the enforcement of any of the Notes or the relative Receipts and Coupons or the Documents.

18. **Governing Law and Jurisdiction**

The Notes, the Coupons, the Talons and the Receipts, and any non-contractual obligations arising out of or in connection with them, are governed by, and shall be construed in accordance with, the laws of the Netherlands.

The Issuer submits for the exclusive benefit of the Noteholders and the Couponholders, to the jurisdiction of the courts of Amsterdam, the Netherlands judging in first instance, and its appellate courts. Without prejudice to the foregoing, the Issuer further irrevocably agrees that any suit, action or proceedings arising out of or in connection with the Agency Agreement, the Notes and the Coupons may be brought in any other court of competent jurisdiction of Member States in accordance with the Brussels Ia Regulation or of States that are parties to the Lugano II Convention.

In this General Condition 18:

“**Brussels Ia Regulation**” means Regulation (EU) No 1215/2012 of the European Parliament and of the Council of 12 December 2012 on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters, as amended; and

“**Lugano II Convention**” means the Convention on jurisdiction and the recognition and enforcement of judgments in civil and commercial matters, signed on 30 October 2007.

19. **Determinations by the Calculation Agent and/or the Issuer**

For the purposes of the Notes, any determinations, calculations or other decisions made by the Calculation Agent and/or the Issuer under or pursuant to the terms of the Notes shall be made in its/their discretion, acting in good faith and in a commercially reasonable manner. All such determinations, calculations or other decisions of the Calculation Agent and/or the Issuer shall (save in the case of manifest error) be final, conclusive and binding on all parties, and none of the Calculation Agent or the Issuer shall have any liability to any person therefor.

20. **FX and Benchmark Notes**

(a) ***FX Notes***

The following provisions of this General Condition 20(a) shall apply to the Notes if the FX Provisions are specified to be applicable in the applicable Final Terms.

(i) FX Market Disruption Event

If the Issuer determines that an FX Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of any amount which is to be determined by reference to the Primary FX Rate on such Scheduled Valuation Date or on such other date (for the purposes of this General Condition 20(a), the “**Relevant FX Amount**”) shall be postponed until the next Business Day on which there is no FX Market Disruption Event.

If, however, an FX Market Disruption Event is in existence for a consecutive number of calendar days as is specified as Maximum Period of Postponement in the applicable Final Terms following the relevant Scheduled Valuation Date or the other relevant date on which any amount is to be determined by reference to the Primary FX Rate, then the Fallback FX Rate (if one is specified in the applicable Final Terms) on the first Business Day following the expiry of that period shall be used to determine the Relevant FX Amount. However, if the Fallback FX Rate is not available on such Business Day, or if no Fallback FX Rate is specified in the applicable Final Terms, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its discretion.

(ii) Unscheduled Holiday

If the Issuer determines that an Unscheduled Holiday has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary FX Rate, the calculation of the Relevant FX Amount shall be postponed until the next Business Day on which no Unscheduled Holiday occurs, provided that no such postponement shall occur for a period longer than a consecutive number of calendar days as is specified as Maximum Period of Postponement in the applicable Final Terms following such Scheduled Valuation Date or such other date.

If an Unscheduled Holiday is in existence on the day that is the last day of such period following the relevant Scheduled Valuation Date or the other relevant date on which any amount which is to be determined by reference to the Primary FX Rate, then the Primary FX Rate (if available) or the Fallback FX Rate (if the Primary FX Rate is not available and a Fallback FX Rate is specified in the applicable Final Terms) on the first day following the expiry of that period that is a Business Day or would have been but for the Unscheduled

Holiday shall be used by the Calculation Agent to determine the Relevant FX Amount. However, if neither the Primary FX Rate nor (if a Fallback FX Rate is specified in the applicable Final Terms) the Fallback FX Rate is available on such day, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its discretion.

(iii) Cumulative Events

Notwithstanding anything herein to the contrary, in no event shall the period during which either (x) a calculation is postponed due to an Unscheduled Holiday or (y) a calculation is postponed due to an FX Market Disruption Event (or any combination of (x) and (y)) exceed the Maximum Period of Postponement. Accordingly, if, upon the lapse of the Maximum Period of Postponement, an Unscheduled Holiday or FX Market Disruption Event shall have occurred or be continuing, then the Primary FX Rate or (if the Primary FX Rate is not available) the Fallback FX Rate (if one is specified in the applicable Final Terms) on the first Business Day (including any day which would have been a Business Day but for the occurrence of an Unscheduled Holiday) following the expiry of the Maximum Period of Postponement shall be used by the Calculation Agent to determine the Relevant FX Amount. However, if neither the Primary FX Rate nor (if the Primary FX Rate is not available) the Fallback FX Rate (if one is specified in the applicable Final Terms) is available on that Business Day, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its discretion.

(iv) Relevant FX Rate Inappropriate

If, in the determination of the Calculation Agent (acting in its discretion), the Primary FX Rate or Fallback FX Rate used to determine the Relevant FX Amount in accordance with General Condition 20(a)(i), (ii) or (iii) above is inappropriate, the Calculation Agent shall determine the Relevant FX Amount as soon as reasonably possible in its discretion.

(v) Payment

The Relevant FX Amount will be payable two Business Days (or such other number of Business Days as is specified in the applicable Final Terms) following the day on which it is determined by the Calculation Agent in accordance with General Condition 20(a)(i), (ii) or (iii) or (iv) above. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this General Condition 20(a).

(b) ***Benchmark Notes***

(i) The following provisions of this General Condition 20(b) shall apply to the Notes if the Benchmark Provisions are specified to be applicable in the applicable Final Terms.

If the Issuer determines that a Benchmark Market Disruption Event has occurred or is continuing on a Scheduled Valuation Date or on any other date on which any amount is to be determined by reference to the Primary Benchmark, then:

- (x) if the Relevant Benchmark Amount Postponement Provisions are specified to be applicable in the Final Terms, the calculation of any amount which is to be determined by reference to the Primary Benchmark on such Scheduled Valuation Date (for the purposes of this General Condition 20(b), the “**Relevant**

Benchmark Amount”) shall be postponed to the next Business Day on which there is no Benchmark Market Disruption Event, unless, on each of the consecutive number of Business Days following such Scheduled Valuation Date or such other date as is specified as Maximum Period of Postponement in the applicable Final Terms, a Benchmark Market Disruption Event occurs. In that case, the Fallback Benchmark (if one is specified in the applicable Final Terms) on the first Business Day following the expiry of that period shall be used to determine the Relevant Benchmark Amount. However, if the Fallback Benchmark is not available on such Business Day, or if no Fallback Benchmark is specified in the applicable Final Terms, the Relevant Benchmark Amount shall be determined by the Calculation Agent as soon as reasonably possible in its discretion; and

(y) if the Relevant Benchmark Amount Postponement Provisions are not specified to be applicable in the Final Terms, the Relevant Benchmark Amount shall be determined as soon as reasonably possible by the Calculation Agent in its discretion.

(ii) Relevant Benchmark Inappropriate

If, in the determination of the Calculation Agent (acting in its discretion), the Primary Benchmark or Fallback Benchmark used to determine the Relevant Benchmark Amount in accordance with General Condition 20(b)(i) above is inappropriate, the Calculation Agent shall determine the Relevant Benchmark Amount as soon as reasonably possible in its discretion.

(iii) Payment

The Relevant Benchmark Amount will be payable two Business Days (or such other number of Business Days as is specified in the applicable Final Terms) following the day on which such amount is determined. For the avoidance of doubt, no additional amounts shall be payable in respect of the postponement of any payment in accordance with this General Condition 20(b).

(c) ***FX Convertibility Event and FX Transferability Event***

The following provisions of this General Condition 20(c) shall apply to the Notes if the FX Convertibility Event Provisions and/or FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms.

(i) If (x) the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms and the Issuer determines that an FX Convertibility Event has occurred or is continuing on any date on which the Issuer is required to make any payment in the Relevant Currency in respect of the Notes by the transfer and/or exchange of the Relevant Currency outside or within the Relevant Jurisdiction or the CNH Settlement Centre, as the case may be, or (y) the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms and the Issuer determines that an FX Transferability Event has occurred or is continuing on any date on which the Issuer is required to make any payment in the Relevant Currency in respect of the Notes by the transfer and/or exchange of the Relevant Currency outside or within the Relevant Jurisdiction or the CNH Settlement Centre, as the case may be, then in either such case the Issuer shall use reasonable

endeavours to pay such amount in the Relevant Currency to the Noteholder's Relevant Currency account or, in the absence of such account or in the case of the Noteholder's failure to notify the Issuer of the details of such account in a timely manner, to any other account as the Issuer may determine (including, for the avoidance of doubt, an account which is or may be subject to limitations on conversion and/or repatriation) in which account any such amount shall be held for the benefit of the Noteholder. Payment of any such amount by the Issuer shall discharge the Issuer of its remaining obligations under the Notes in respect of such payment in the Relevant Currency. Should any account be opened by the Issuer for the Noteholder, such account will be opened on the normal terms and conditions of the relevant institution, and, in the event any interest accrues on the amounts held in such account, such interest will be for the benefit of the Noteholder.

Any costs incurred by the Issuer in connection with the opening or maintenance of such account will be borne by the Noteholder, and the Issuer reserves the right to use the funds in such account to pay for such costs. The amount payable by the Issuer to the Noteholder in respect of the Notes shall be reduced by the amount of any such costs incurred by the Issuer. Such right of set-off is without prejudice to any additional right to claim such costs. In the event that the costs incurred by the Issuer in connection with the opening and/or maintenance of such account exceed the amount payable by the Issuer to the Noteholder in respect of the Notes or the amount held in such account for the Noteholder, the Issuer reserves the right to forego opening or to close such account.

- (ii) If the Issuer determines, in its discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following an FX Convertibility Event (if the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms) or FX Transferability Event (if the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms), then such payment shall be postponed until the next Payment Day on which such payment can, in the discretion of the Issuer, reasonably be made. For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of the postponement of any payment in accordance with this General Condition 20(c).

If the Issuer determines, in its discretion, that any payment due on the Notes cannot, or cannot reasonably, be made following an FX Convertibility Event (if the FX Convertibility Event Provisions are specified to be applicable in the applicable Final Terms) or FX Transferability Event (if the FX Transferability Event Provisions are specified to be applicable in the applicable Final Terms) for a period of five years (or such other period as may be specified in the applicable Final Terms) from the date on which payment was originally due to be made but for the FX Convertibility Event or the FX Transferability Event, as the case may be, then the Issuer shall be entitled to all amounts in any account opened by it pursuant to General Condition 20(c)(i) above, including accrued interest, if any, and no additional amounts shall be payable to the relevant Noteholder.

(d) ***Tax Event***

If the Tax Event Provisions are specified to be applicable in the applicable Final Terms, all payments made under the Notes will be subject to the deductions of any taxes, fees or costs that may be incurred or arise as a result of any Tax Event in relation to the Notes and any transactions associated with them subject to such amendments as may be set out in the applicable Final Terms. 3. **Delay in Publication**

For the purposes of the Notes, General Condition 7 (*Redemption and Purchase*) shall be amended by the addition of a new General Condition 7(m) as follows:

“(m) *Delay in Publication*

If the Calculation Agent determines that a Delayed Index Level Event has occurred with respect to any Determination Date, then the Index Level with respect to any Reference Month which is to be utilised in any calculation or determination to be made by the Calculation Agent and/or the Issuer with respect to such Determination Date (the “**Substitute Index Level**”) shall be determined by the Calculation Agent as follows:

- (i) if Related Bond is specified as applicable in the applicable Final Terms, the Calculation Agent shall determine the Substitute Index Level by reference to the corresponding index level determined under the terms and conditions of the Related Bond; or
- (ii) if (I) Related Bond is specified as not applicable in the applicable Final Terms, or (II) the Calculation Agent is not able to determine a Substitute Index Level under (i) above, the Calculation Agent shall determine the Substitute Index Level by reference to the following formula:

$$\text{Substitute Index Level} = \text{Base Level} \times (\text{Latest Level}/\text{Reference Level}).$$

The Issuer shall promptly give notice to the holders of the Notes in accordance with General Condition 8 (*Notices*) of any Substitute Index Level.”

4. **Successor Index**

For the purposes of the Notes, General Condition 7 (*Redemption and Purchase*) shall be amended by the addition of a new General Condition 7(n) as follows:

“(n) *Successor Index*

If the Calculation Agent determines that the level of an Index is not calculated and announced by the Index Sponsor for two consecutive months and/or the Index Sponsor announces that it will no longer continue to publish or announce the Index and/or the Index Sponsor cancels the Index then the Calculation Agent shall determine a successor index (a “**Successor Index**”) (in lieu of any previously applicable Index) for the purposes of the Notes as follows:

- (i) if the Index Sponsor announces that it will no longer publish or announce the Index but that it will be superseded by a replacement Index specified by the Index Sponsor, and the Calculation Agent

determines that such replacement Index is calculated using the same or a substantially similar formula or method of calculation as used in the calculation of the Index, such replacement index shall be designated a “Successor Index”;

- (ii) if (i) above does not apply and if Related Bond is specified as applicable in the Final Terms, the successor index (if any) designated pursuant to the terms and conditions of the Related Bond and such successor index shall be designated a “Successor Index”; or
- (iii) if (i) above does apply and if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, the Calculation Agent shall determine an appropriate alternative index and such index will be deemed a “Successor Index”; or
- (iv) if the Calculation Agent determines that neither (i), (ii) nor (iii) above apply, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

For the avoidance of doubt, the Calculation Agent shall determine the date on which the Successor Index shall be deemed to replace the Index for the purposes of the Notes. Notice of the determination of a Successor Index, the effective date of the Successor Index or the occurrence of an Index Cancellation will be given to holders of the Notes by the Issuer in accordance with General Condition 8.”

5. Adjustments

For the purposes of the Notes, General Condition 7 (*Redemption and Purchase*) shall be amended by the addition of a new General Condition 7(o) as follows:

“(o) *Adjustments and Currency*

(i) Successor Index

If a Successor Index is determined in accordance with this General Condition 7(o) (*Adjustments and Currency*), the Issuer may make any adjustment or adjustments (without limitation) to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with General Condition 8 (*Notices*).

(ii) Substitute Index Level

If the Calculation Agent determines a Substitute Index Level in accordance with General Condition 7(n) (*Successor Index*), the Issuer may make any adjustment or adjustments (without limitation) to (I) the Substitute Index Level determined in accordance with General Condition 7(n) (*Successor Index*) and/or (II) the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes, in each case, as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with General Condition 8 (*Notices*).

(iii) Index Level Adjustment Correction

(I) The first publication or announcement of the Index Level (disregarding estimates) by the Index Sponsor for any Reference Month shall be final and conclusive and, subject to General Condition 7(o)(iii)(II), later revisions to the level for such Reference Month will not be used in any calculations, save that in respect of the EUR-All Items-Revised Consumer Price Index, the ESP-National- Revised Consumer Price Index (CPI) and the ESP-Harmonised-Revised Consumer Price Index HCPI, revisions to the Index Level which are published or announced up to and including the day that is two Business Days prior to

any relevant Determination Date will be valid and the revised Index Level for the relevant Reference Month will be deemed to be the final and conclusive Index Level for such Reference Month. The Issuer shall give notice to the holders of the Notes of any valid revision in accordance with General Condition 8 (*Notices*).

- (II) If, within thirty days of publication or at any time prior to a Determination Date in respect of which an Index Level will be used in any calculation or determination in respect of such Determination Date, the Calculation Agent determines that the Index Sponsor has corrected the Index Level to correct an error which the Calculation Agent determines is material, the Issuer, acting in good faith and in accordance with reasonable market practice, may make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as the Calculation Agent deems appropriate as a result of such correction and/or determine the amount (if any) that is payable as a result of that correction. The Issuer shall give notice to the holders of the Notes of any such adjustment and/or amount in accordance with General Condition 8 (*Notices*).
- (III) If a Relevant Level is published or announced at any time after the Cut-Off Date in respect of a Determination Date in respect of which a Substitute Index Level was determined, the Calculation Agent may either (A) determine that such Relevant Level shall not be used in any calculation or determination under the Notes and that the Substitute Index Level shall be deemed to be the definitive Index Level for the relevant Reference Month, or (B) request the Issuer to make any adjustment to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes as it deems appropriate as a result of the announcement or publication of the Relevant Level and/or determine the amount (if any) that is payable as a result of such publication or announcement. The Issuer shall give notice to the holders of the Notes of any determination in respect of (A) or (B), together with any adjustment or amount in respect thereof, in accordance with General Condition 8 (*Notices*).

(iv) Currency

If the Calculation Agent determines that any event occurs affecting the Specified Currency (whether relating to its convertibility into other currencies or otherwise) which the Calculation Agent determines necessitates an adjustment or adjustments to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes (including the date on which any amount is payable by the Issuer), the Issuer may make such adjustment or adjustments to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent deems necessary. The Issuer shall give notice to the holders of the Notes of any such adjustment in accordance with General Condition 8 (*Notices*).

(v) Rebasing

If the Calculation Agent determines that the Index has been or will be rebased at any time, the Index as so rebased (the “**Rebased Index**”) will be used for purposes of determining the Index Level from the date of such rebasing; provided, however, that the Issuer may make (A) if Related Bond is specified as applicable in the applicable Final Terms, any adjustments as are made pursuant to the terms and conditions of the Related Bond, if any, to the past levels of the Rebased Index so that the Rebased Index levels prior to the date of rebasing reflect the same rate of inflation as before the rebasing, and/or (B) if Related Bond is specified as not applicable in the applicable Final Terms or

a Related Bond Redemption Event has occurred, the Calculation Agent may make such adjustments to the levels of the Rebased Index so that the Rebased Index levels reflect the same rate of inflation as the Index before it was rebased, and in each case the Issuer may make any adjustment(s) to the Final Redemption Amount, interest payable under the Notes (if any) and/or any other relevant term of the Notes (including the date on which any amount is payable by the Issuer) as the Calculation Agent may deem necessary. If the Calculation Agent determines that neither (A) nor (B) above would produce a commercially reasonable result, the Issuer may redeem each Note on a date notified by the Issuer to Noteholders in accordance with General Condition 8 (*Notices*) at its fair market value as determined by the Calculation Agent (unless otherwise provided in the applicable Final Terms) as at the date of redemption taking into account the rebasing, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any adjustment, redemption of the Notes or determination pursuant to this paragraph shall be given to Noteholders in accordance with General Condition 8 (*Notices*).

(vi) Index Modification

(I) If, on or prior to the Cut-Off Date in respect of any Determination Date, the Calculation Agent determines that an Index Modification has occurred the Issuer may (A) if Related Bond is specified as applicable in the applicable Final Terms, make any adjustments to the Index, any Index Level and/or any other relevant term of the Notes (including, without limitation, the Final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes (including the date on which any amount is payable by the Issuer)), consistent with any adjustments made to the Related Bond as the Calculation Agent deems necessary, or (B) if Related Bond is specified as not applicable in the Final Terms or a Related Bond Redemption Event has occurred, make only those adjustments to the Index, any Index Level and/or any other term of the Notes (including, without limitation, the Final Redemption Amount, interest payable under the Notes (if any) and/or any other term of the Notes (including the date on which any amount is payable by the Issuer)), as the Calculation Agent deems necessary for the modified Index to continue as the Index and to account for the economic effect of the Index Modification.

(II) If the Calculation Agent determines that an Index Modification has occurred at any time after the Cut-Off Date in respect of any Determination Date, the Issuer may determine either to ignore such Index Modification for the purposes of any calculation or determination made by the Calculation Agent with respect to such Determination Date, in which case the relevant Index Modification will be deemed to have occurred with respect to the immediately succeeding Determination Date such that the provisions of (I) above will apply, or, notwithstanding that the Index Modification has occurred following the Cut-Off Date, to make any adjustments as the Calculation Agent deems fit in accordance with (I) above.

(vii) Change in Law

If applicable in the applicable Final Terms, if the Calculation Agent determines that a Change in Law has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with General Condition 8 (*Notices*) at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Change in Law, less, unless

specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes shall be given to Noteholders in accordance with General Condition 8 (*Notices*).

(viii) Index Cancellation

If the Calculation Agent determines that an Index Cancellation has occurred, the Issuer may redeem each Note on the date notified by the Issuer to Noteholders in accordance with General Condition 8 (*Notices*) at its fair market value (as determined by the Calculation Agent) as at the date of redemption taking into account the Index Cancellation, less, unless specified otherwise in the Final Terms, the cost to the Issuer of amending or liquidating any financial instruments or transactions entered into by the Issuer in connection with the Note, together with any costs, expenses, fees or taxes incurred by the Issuer in respect of any such financial instruments or transactions. Notice of any redemption of the Notes pursuant to this paragraph shall be given to Noteholders in accordance with General Condition 8 (*Notices*).”

(ix) CEL compliance

For the avoidance of doubt, with respect to any Public Offer of Notes in Belgium any adjustment or adjustments made by the Issuer in accordance with this General Condition 7(o) (*Adjustments and Currency*), will be made in accordance with the Belgian Code of Economic Law dated 28 February 2013 (as amended and/or supplemented from time to time).

USE OF PROCEEDS

The net proceeds from each issue of Notes will be applied by the Issuer for its general corporate purposes or for such other purpose as specified in the applicable Final Terms.

Green Bonds

Notes may be issued as Green Bonds and the applicable Final Terms will indicate if the Notes are intended to constitute Green Bonds.

An amount equal to the net proceeds from any issue of Green Bonds will be used to finance and/or refinance, in part or in whole, a portfolio of green loans (the “**Eligible Green Loan Portfolio**”) in accordance with the relevant eligibility criteria (the “**Eligibility Criteria**”) as set out below or amended from time to time under the Issuer’s Global Green Funding Framework, as amended from time to time (the “**ING Global Green Funding Framework**”).

Pending the full allocation of an amount equal to the net proceeds of the Notes to the Eligible Green Loan Portfolio, the Issuer will hold and/or invest the balance of net proceeds not yet allocated to the Eligible Green Loan Portfolio within a separate account of its treasury department, at its own discretion, in cash and/or other liquid instruments in its liquidity portfolio.

With the ING Global Green Funding Framework, the Issuer intends to support the growth in green residential and commercial buildings and renewable energy categories.

The Issuer’s Global Green Funding Framework describes the process for evaluation and selection of loans, the management of proceeds and information regarding reporting and external review and aligns with the 2021 edition (with June 2022 Appendix I) of the Principles. The Issuer’s Global Green Funding Framework will be updated from time to time and is published on the Issuer’s website: www.ing.com. This website URL is an inactive textual reference only and neither the Issuer’s Global Green Funding Framework nor any part of the Issuer’s website is incorporated by reference in and, therefore, does not and will not form part of this Securities Note or the relevant Final Terms and has not been scrutinised or approved by the AFM.

For a description of the Issuer’s sustainability efforts, please see “*Double materiality assessment*” in “*Sustainability Statement*” in ING Group’s 2025 annual report, which is incorporated by reference into the Registration Document.

As at the date of this Securities Note, the Eligibility Criteria are summarised below as:

1. **Renewable Energy:** financing or refinancing of production of renewable energy, including:
 - (a) Solar energy
 - (b) On- and offshore wind energy
2. **Green Buildings:** financing or refinancing new or existing buildings:
 - (a) Buildings built before 31 December 2020 with Energy Performance Certificate (“**EPC label**”) \geq ‘A’
 - (b) Buildings built before 31 December 2020 belonging to the top 15% of the national building stock based on primary energy demand (“**PED**”)
 - (c) Buildings built after 31 December 2020 with energy performance at least 10% better than the threshold for Nearly Zero-Energy Buildings in the local market

Details of such green loans meeting the Eligibility Criteria and of any third party agency appointed to monitor compliance with such arrangements (if any) will be detailed in the applicable Final Terms.

Contribution to the EU Taxonomy Regulation

The Issuer intends that the Eligibility Criteria will enable the Eligible Green Loan Portfolio funded under the Issuer's Global Green Funding Framework to make a substantial contribution to the achievement of the EU "environmental objectives" set out in the EU Taxonomy Regulation.

The Eligibility Criteria take into account the EU Taxonomy Regulation and Commission Delegated Regulation (EU) 2021/2139 "substantial contribution" criteria ("**EU Taxonomy Criteria**"). The current Eligibility Criteria aim to enable the Eligible Green Loan Portfolio to make a substantial contribution to the objective "Climate Change Migration" set out in the EU Taxonomy Regulation.

The Issuer's internal eligibility criteria are applied for activities where the EU Taxonomy Criteria are not fully available or not practical based on current market practices and available data or pre-existed the EU Taxonomy Regulation. The internal eligibility criteria are supported by a sustainable asset and liability classification scheme, which is developed in light of regulations, such as the EU Taxonomy Regulation and market standards such as the Principles, Climate Bond Standards and LMA / LSTA / APLWA's Green Loan Principles.

No assurance is provided that the Eligibility Criteria or use of proceeds of the Notes is or will be aligned with the EU Taxonomy Regulation, EU Taxonomy Criteria, associated legislation or any other sustainability taxonomy or criteria, any of which may also be subject to change and amendment.

*Contribution to the UN Sustainable Development Goals ("**UN SDG**")*

In alignment with the Issuer's sustainability ambitions and support of the wider UN SDG 2030 agenda, the Eligible Green Loans under the Issuer's Global Green Funding Framework aim to contribute to the achievement of the following UN SDGs and related sub-targets:

- SDG 7 – Affordable and Clean Energy
- SDG 9 – Industry, Innovation and Infrastructure
- SDG 11 – Sustainable Cities and Communities
- SDG 13 – Climate Action.

Process for project evaluation and selection

Projects financed and/or refinanced through proceeds from any issue of Green Bonds are evaluated and selected based on compliance with the Eligibility Criteria. When identifying loans to be included in the Eligible Green Loan Portfolio, the Issuer may rely on external consultants and their data sources.

Environmental and social risk management policy

Loans included in the Eligible Green Loan Portfolio are expected to comply with official national and international environmental and social standards and local laws and regulations on a best effort basis. It is part of the Issuer's environmental and social risk management approval process to assess the compliance of all loans included in the Eligible Green Loan Portfolio against internal environmental and social standards, as well as external frameworks such as the equator principles, including those financed with the proceeds of the Green Bonds. These eligibility criteria and minimum requirements and ESG related matters are continuously developed and renewed in its external and internal policy frameworks. The implementation of these minimum ESG requirements helps to mitigate the environmental and social risks associated with the Eligible Green Loan Portfolio.

Management of proceeds

The proceeds from any issue of Green Bonds will be managed by the Issuer in a portfolio approach. The Issuer intends to allocate an amount equivalent to any proceeds from the Green Bonds to the Eligible Green Loan Portfolio, in accordance with the Issuer's Global Green Funding Framework.

The Issuer strives, over time, to achieve a level of allocation for the Eligible Green Loan Portfolio that matches or exceeds the balance of net proceeds from its outstanding Green Bonds. According to available allocation reports (please see "*Reporting*" below), this was the case in previous years. Unallocated net proceeds from Green Bonds will be held in the Issuer's treasury liquidity portfolio, in cash or other short term and liquid instruments, at the Issuer's own discretion.

Reporting

The Issuer will publish an annual allocation report on the Issuer's website detailing both the allocation and environmental benefits of the net proceeds allocated to each eligible project category and on an aggregated basis for all of the Issuer's Green Bonds outstanding. Where feasible, and on a best-effort basis, the Issuer intends to report on the environmental impact of the Eligible Green Loan Portfolio financed by Green Bonds. The allocation report will be made available on the Issuer's website: www.ing.com.

External review

Second party opinion

The Issuer's Global Green Funding Framework has been reviewed by ISS Corporate Solutions who has issued a second party opinion (such second party opinion together with any other second party opinions provided from time to time, the "**Second Party Opinion**"). Any Second Party Opinion as well as the Issuer's Global Green Funding Framework will be made available on the Issuer's website www.ing.com.

Verification

The Issuer may request on an annual basis a limited assurance report of the allocation of the bond proceeds to eligible assets, provided by an auditor at such time.

Notice to prospective investors of Green Bonds

Neither the Issuer nor any Dealer makes any representation as to the suitability for any purpose of any Second Party Opinion or whether any Green Bonds fulfil the relevant environmental criteria or standards. Prospective investors should have regard to the Eligibility Criteria and/or Eligible Green Loan Portfolio described in the applicable Final Terms. Each potential purchaser of Green Bonds should determine for itself the relevance of the information contained in this Securities Note and in the applicable Final Terms regarding the use of proceeds and its purchase of any Green Bonds should be based upon such investigation as it deems necessary. No Dealer will verify or monitor the proposed use of proceeds of Notes issued under the Programme. Furthermore, potential investors should be aware that any Second Party Opinion will not be incorporated by reference into, and will not form part of, this Securities Note or the relevant Final Terms. Any such Second Party Opinion may not reflect the potential impact of all risks related to the structure of the relevant Green Bonds, their marketability, trading price or liquidity or any other factors that may affect the price or value of the Green Bonds. Any such Second Party Opinion is not a recommendation to buy, sell or hold securities and is only current as of its date of issue.

See "*Risk Factors – Risks related to the nature of a particular issue of Notes – Notes issued as Green Bonds may not be a suitable investment for all investors seeking exposure to green assets. Any failure to use the net proceeds of any Series of Green Bonds in connection with green loans, and/or any failure to meet, or to continue to meet, the investment requirements of certain environmentally focused investors with respect to such Green Bonds may affect*

the value and/or trading price of the Green Bonds, and/or may have consequences for certain investors with portfolio mandates to invest in green assets” for further detail.

TAXATION

The following section applies to Notes issued by the Issuer. The information in this section does not address the tax consequences in connection with the purchase of the Notes in any other jurisdiction than the jurisdictions mentioned below. Any prospective purchaser of Notes should consult his or her own tax adviser regarding the tax consequences of acquiring, holding, redeeming and/or disposing of Notes. In particular, Noteholders should be aware that the tax legislation of any jurisdiction where a Noteholder is resident or otherwise subject to taxation (as well as the jurisdictions discussed below) may have an impact on the tax consequences of an investment in the Notes including in respect of any income received from the Notes.

Tax Warning

Potential investors and sellers of Notes should be aware that they may be required to pay stamp taxes or other documentary taxes or fiscal duties or charges in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In addition, payments of interest on the Notes, or income derived from the Notes, may be subject to taxation, including withholding taxes, in the jurisdiction of the Issuer, in the jurisdiction of the holder of Notes, or in other jurisdictions in which the holder of Notes is required to pay taxes. Any such tax consequences may have an impact on the net income received from the Notes.

Prospective investors should carefully consider the tax consequences of investing in the Notes and consult their own tax adviser about their own tax situation. Finally, potential investors should be aware that tax regulations and their application by the relevant taxation authorities change from time to time, with or without retroactive effect. Accordingly, it is not possible to predict the precise tax treatment which will apply at any given time.

DUTCH TAXATION

The following summary of certain Dutch taxation matters is based on the laws and practice in force as of the date of this Securities Note and is subject to any changes in law and the interpretation and application thereof, which changes could have retroactive effect. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to acquire, hold or dispose of Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which may be subject to special rules.

For the purpose of the paragraph "Taxes on Income and Capital Gains" below, the term "entity" means a corporation as well as any other person that is taxable as a corporation for Dutch corporate tax purposes.

For the purpose of the paragraph "Taxes on Income and Capital Gains" below, it is assumed that a holder of Notes, being an individual or a non-resident entity, neither has nor will have a substantial interest (aanmerkelijk belang) or, in the case of the holder being an entity, a deemed substantial interest in the Issuer and that a connected person (verbonden persoon) to the holder neither has nor will have a substantial interest in the Issuer.

Generally speaking, an individual has a substantial interest in a company if (a) the individual, either alone or together with the individual's partner, directly or indirectly has or is deemed to have, or (b) certain relatives of the individual or the individual's partner directly or indirectly have or are deemed to have, (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5% or more of either the total issued and outstanding capital of the company or the issued and outstanding capital of any class of shares of the company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5% or more of either the annual profit or the liquidation proceeds of the company.

Generally speaking, a non-resident entity has a substantial interest in a company if the entity directly or indirectly has (i) the ownership of, a right to acquire the ownership of, or certain rights over, shares representing 5% or more of either the total issued and outstanding capital of the company or the issued and outstanding capital of any class of shares of the company, or (ii) the ownership of, or certain rights over, profit participating certificates (winstbewijzen) that relate to 5% or more of either the annual profit or the liquidation proceeds of the company.

Generally, a non-resident entity has a deemed substantial interest in a company if the entity has disposed of or is deemed to have disposed of all or part of a substantial interest on a non-recognition basis.

Where this summary refers to a holder of Notes, an individual holding Notes or an entity holding Notes, such reference is restricted to an individual or entity holding legal title to as well as an economic interest in such Notes or otherwise being regarded as owning Notes for Dutch tax purposes. It is noted that for purposes of Dutch income, corporate, gift and inheritance tax, assets legally owned by a third party such as a trustee, foundation or similar entity, may be treated as assets owned by the (deemed) settlor, grantor or similar originator or the beneficiaries in proportion to their interest in such arrangement.

Where the summary refers to "the Netherlands" or "Dutch" it refers only to the European part of the Kingdom of the Netherlands.

Investors should consult their professional advisers as to the tax consequences of acquiring, holding and disposing of Notes.

1. Withholding Tax

All payments by the Issuer under the Notes can be made without withholding or deduction of any taxes of whatever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, save that Dutch withholding tax may apply on certain (deemed) payments of interest made to an affiliated (*gelieerde*) entity of the Issuer if such entity (i) is considered to be resident (*gevestigd*) in a jurisdiction that is listed in the annually updated Dutch Regulation on low-taxing states and non-cooperative jurisdictions for tax purposes (*Regeling laagbelastende staten en niet-coöperatieve rechtsgebieden voor belastingdoeleinden*), or (ii) has a permanent establishment located in such jurisdiction to which the interest is attributable, or (iii) is entitled to the interest payable for the main purpose or one of the main purposes to avoid taxation for another person, or (iv) is not considered to be the recipient of the interest in its jurisdiction of residence because such jurisdiction treats another (lower-tier) entity as the recipient of the interest (a hybrid mismatch), or (v) is not treated as resident anywhere (also a hybrid mismatch), or (vi) is a reverse hybrid whereby the jurisdiction of residence of a participant that has a qualifying interest (*kwalificerend belang*) in the reverse hybrid treats the reverse hybrid as tax transparent and that participant would have been taxable based on one (or more) of the items in (i)-(v) above had the interest been due to the participant directly, all within the meaning of the Withholding Tax Act 2021 (*Wet bronbelasting 2021*) and provided that the Notes do not qualify as debt effectively functioning as equity within the meaning of article 10, paragraph 1, sub d, of the Corporate Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*).

2. Taxes on Income and Capital Gains

Residents

Resident entities

An entity holding Notes which is or is deemed to be resident in the Netherlands for Dutch corporate tax purposes and which is not tax exempt, will generally be subject to Dutch corporate tax in respect of income or a capital gain derived from the Notes at the prevailing statutory rates (up to 25.8% in 2026).

Resident individuals

An individual holding Notes who is or is deemed to be resident in the Netherlands for Dutch income tax purposes will generally be subject to Dutch income tax in respect of income or a capital gain derived from the Notes at the prevailing statutory rates (up to 49.5% in 2026) if:

- (i) the income or capital gain is attributable to an enterprise from which the holder derives profits (other than as a shareholder); or

- (ii) the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) as defined in the Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).

If neither condition (i) nor (ii) applies, the individual will in principle be subject to Dutch income tax on the basis of a deemed return, regardless of any actual income or capital gain derived from the Notes. For 2026, separate deemed return percentages for savings, debts and investments apply, 6% for the category investments (including the Notes), as at the beginning of the relevant calendar year. The applicable percentages should be updated annually on the basis of historic market yields.

However, if the individual demonstrates that the actual return – calculated in accordance with Counterevidence Act (*Wet tegenbewijsregeling box 3*) – is lower than the applicable deemed return, the taxable basis should be that lower amount.

The individual's taxable income from savings and investments (including the Notes) will be taxed at the prevailing statutory rate (36% in 2026).

Non-residents

A holder of Notes which is not and is not deemed to be resident in the Netherlands for the relevant tax purposes will not be subject to Dutch taxation on income or a capital gain derived from the Notes, unless:

- (i) the income or capital gain is attributable to an enterprise or part thereof which is either effectively managed in the Netherlands or carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) taxable in the Netherlands and the holder derives profits from such enterprise (other than by way of the holding of securities); or
- (ii) the holder is an individual and the income or capital gain qualifies as income from miscellaneous activities (*belastbaar resultaat uit overige werkzaamheden*) in the Netherlands as defined in the Income Tax Act 2001 (*Wet inkomstenbelasting 2001*), including, without limitation, activities that exceed normal, active asset management (*normaal, actief vermogensbeheer*).3. **Gift and Inheritance Taxes**

Dutch gift or inheritance tax will not be levied on the occasion of the transfer of Notes by way of gift by, or on the death of, a holder of Notes, unless:

- (i) the holder is or is deemed to be resident in the Netherlands for the purpose of the relevant provisions; or
- (ii) the transfer is construed as an inheritance or gift made by, or on behalf of, a person who, at the time of the gift or death, is or is deemed to be resident in the Netherlands for the purpose of the relevant provisions.

4. **Value Added Tax**

There is no Dutch value added tax payable by a holder of Notes in respect of payments in consideration for the issue or acquisition of Notes, payments of principal and interest under the Notes, or payments in consideration for a disposal of Notes.

5. **Other Taxes and Duties**

There is no Dutch registration tax, stamp duty or other similar tax or duty payable in the Netherlands by a holder of Notes in respect of or in connection with the acquisition, holding or disposal of Notes, the execution, delivery and/or enforcement by legal proceedings (including any foreign judgment in the courts of the Netherlands) of the Notes or the performance of the Issuer's obligations under the Notes.

6. **Residence**

A holder of Notes will not be and will not be deemed to be resident in the Netherlands for Dutch tax purposes and, subject to the exceptions set out above, will not otherwise become subject to Dutch taxation by reason only of acquiring, holding or disposing of Notes or the execution, performance, delivery and/or enforcement of the Notes.

BELGIAN TAXATION

General

The following summary describes the principal Belgian tax considerations with respect to the holding of the Notes.

This information is of a general nature and does not purport to be a comprehensive description of all Belgian tax considerations that may be relevant to a decision to acquire, to hold or to dispose of the Notes. In some cases, different rules can be applicable. Furthermore, the tax rules can be amended in the future, possibly implemented with retroactive effect, and the interpretation of the tax rules may change.

This summary is based on Belgian tax legislation, treaties, rules, and administrative interpretations with respect to Belgian income taxes and some indirect taxes, as well as similar documentation, in force as of the date of this Securities Note, without prejudice to any amendments introduced at a later date, even if implemented with retroactive effect.

Each prospective holder of Notes should consult a professional adviser with respect to the tax consequences of an investment in the Notes, taking into account the influence of each regional, local or national law.

Belgian residence rules

For the purpose of the following general description, a Belgian resident is: (a) an individual subject to Belgian personal income tax (“*Personenbelasting*”/“*Impôt des personnes physiques*”) (i.e., an individual who has his domicile in Belgium or has his seat of wealth in Belgium, or a person assimilated to a Belgian resident), (b) a legal entity subject to Belgian corporate income tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”) (i.e., a company that has its principal establishment or place of effective management in Belgium and which is not excluded by law of the Belgian corporate income tax), (c) an Organisation for Financing Pensions subject to Belgian corporate income tax (i.e., a Belgian pension fund incorporated under the form of an Organisation for Financing Pensions) or (d) a legal entity subject to Belgian legal entities tax (“*Rechtspersonenbelasting*”/“*Impôt des personnes morales*”) (i.e., an entity other than a legal entity subject to corporate income tax having its principal establishment or its place of effective management in Belgium). A Belgian non-resident is any person or entity that is not a Belgian resident.

Taxes on income and capital gains

Resident individual private investors

Individuals who are Belgian residents for tax purposes, i.e. individuals subject to the Belgian individual income tax (“*Personenbelasting*”/“*Impôt des personnes physiques*”), and who hold the Notes as a private investment are subject to the following income tax treatment in Belgium with respect to the Notes. Other tax rules apply to Belgian resident individuals holding the Notes not as a private investment but in the framework of their professional activity or when the transactions with respect to the Notes fall outside the scope of the normal management of their own private estate or are speculative in nature.

Under Belgian tax law, “interest” income includes: (i) periodic interest income, (ii) any amount paid by the Issuer in excess of the issue price (whether or not on the maturity date), and (iii) if the Notes qualify as “fixed income securities” (in the meaning of article 2, §1, 8° Belgian Income Tax Code 1992), in the case of a realisation of the Notes prior to repurchase or redemption by the Issuer, the income equal to the *pro rata* of accrued interest corresponding to the detention period. “Fixed income securities” are defined as bonds, specific debt certificates issued

by banks (“kasbon”/“bon de caisse”) and other similar securities, including securities where income is capitalised or securities which do not generate a periodic payment of income but are issued with a discount corresponding to the capitalised interest up to the maturity date of the security. Furthermore, on 25 January 2013, the Belgian tax authorities issued a circular letter on the tax treatment of income from structured products the (uncertain) return of which is linked to an underlying value (share basket, index, etc.). According to the circular letter, such structured products qualify as fixed income securities if their terms and conditions include one or more of the following features: (a) a (conditional) minimum return; (b) capital protection; (c) a periodic coupon payment; or (d) determination of income during the lifetime of the securities using a “ratchet” system.

Payments of interest on the Notes made through a paying agent in Belgium will in principle be subject to a 30% withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). The Belgian withholding tax constitutes the final income tax for Belgian resident individuals. This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided Belgian withholding tax was levied on these interest payments. They may nevertheless elect to declare interest in respect of the Notes in their personal income tax return.

If the interest is paid outside Belgium without the intervention of a Belgian paying agent, the interest received (after deduction of any non-Belgian withholding tax) must be declared in the personal income tax return.

Interest income which is declared in the annual personal income tax return will in principle be taxed at a flat rate of 30% (or at the progressive personal tax rate taking into account the taxpayer’s other declared income, whichever is more beneficial). No local surcharges will be due. If the interest payment is declared, any Belgian withholding tax retained may be credited against the income tax liability and any excess amount will in principle be refundable, all in accordance with the applicable legal provisions.

Capital gains realised upon the sale of the Notes, are in principle tax exempt, except if the capital gains are realised outside the scope of the management of one’s private estate or are speculative in nature (in which case the capital gain will be taxed at 33% *plus* local surcharges) or except to the extent that the capital gains qualify as interest (as defined above). Capital losses realised upon the disposal of the Notes held as non-professional investment are in principle not tax deductible. The new Belgian government announced, however, the introduction as of income year 2026 of a new capital gains tax of 10% on realised capital gains on financial assets (such as the Notes) accrued as from the date of entry into force of the contribution, subject to an exemption for the first €10,000 of capital gains. As at the date of this Securities Note, a draft bill has been submitted to the Belgian federal parliament with respect to this new capital gains tax but has not been adopted yet.

Capital losses would in principle be deductible from gains on similar financial assets realised in the same year.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Tax treatment of Belgian resident corporations

Corporations that are Belgian residents for tax purposes, i.e. corporations subject to Belgian Corporate Income Tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”) are subject to the following income tax treatment in Belgium with respect to the Notes.

Interest derived by Belgian resident corporations on the Notes and capital gains realised on the Notes will be subject to Belgian corporate income tax at the ordinary rate of currently 25%. Furthermore, small and medium-sized companies (as defined by Article 1:24, §1 to §6 of the Belgian Companies and Associations Code, as amended from time to time) are taxable, subject to conditions, at the reduced corporate income tax rate of currently 20% for the first tranche of €100,000 of their taxable base. Capital losses on the Notes are in principle tax deductible.

Payments of interest (as defined in the section “*Resident individual private investors*” above) on the Notes made through a paying agent in Belgium will in principle be subject to a 30% withholding tax in Belgium (calculated on the interest received after deduction of any non-Belgian withholding taxes). However, the interest on the Notes (except Zero Coupon Notes and other Notes which provide for the capitalisation of interest) can under certain circumstances be exempt from Belgian withholding tax, provided a special certificate is delivered. The Belgian withholding tax that has been levied is, subject to certain conditions, creditable and refundable in accordance with the applicable legal provisions.

Other tax rules apply to investment companies within the meaning of article 185bis of the Belgian Income Tax Code 1992.

Tax treatment of Organisations for Financing Pensions

Belgian pension fund entities that have the form of an Organisation for Financing Pensions within the meaning of the Law of 27 October 2006 on the activities and supervision for occupational retirement provision (“*Wet van 27 oktober 2006 betreffende het toezicht op de instellingen voor bedrijfspensioenvoorzieningen*”/“*Loi du 27 octobre 2006 relative au contrôle des institutions de retraite professionnelle*”) (“**OFP**”) are subject to Belgian Corporate Income Tax (“*Vennootschapsbelasting*”/“*Impôt des sociétés*”). OFPs are subject to the following tax treatment in Belgium with respect to the Notes.

Interest derived on the Notes and capital gains realised on the Notes will not be subject to Belgian Corporate Income Tax in the hands of OFPs. Capital losses on the Notes are not tax deductible. Subject to certain conditions, any Belgian withholding tax that has been levied on interest payments on the Notes is creditable and refundable in accordance with the applicable legal provisions.

Other resident legal entities

Legal entities that are Belgian residents for tax purposes, i.e. that are subject to Belgian tax on legal entities (“*Rechtspersonenbelasting*”/“*Impôt des personnes morales*”), are subject to the following income tax treatment in Belgium with respect to the Notes.

Payments of interest (as defined above in the section “*Resident individual private investors*” above) on the Notes made through a paying agent in Belgium will in principle be subject to a 30% withholding tax in Belgium and no further tax on legal entities will be due on the interest. However, if the interest is paid outside Belgium, i.e. without the intervention of a Belgian paying agent and without deduction of the Belgian withholding tax, the legal entity itself is required to declare and pay the Belgian 30% withholding tax to the Belgian treasury.

Capital gains realised on the sale of the Notes are in principle tax exempt, unless and to the extent that they qualify as interest (as defined above). Capital losses on the Notes are in principle not tax deductible. The new Belgian government announced, however, the introduction as of income year 2026 of a new capital gains tax of 10% on realised capital gains on financial assets (such as the Notes) accrued as from the date of entry into force of the contribution, subject to an exemption for the first €10,000 of capital gains. As at the date of this Securities Note, a draft bill has been submitted to the Belgian federal parliament with respect to this new capital gains tax but has not been adopted yet.

Tax treatment of Belgian non-residents

The interest income on the Notes paid to a Belgian non-resident outside of Belgium, i.e. without the intervention of a professional intermediary in Belgium, is not subject to Belgian withholding tax.

Interest income on the Notes paid through a Belgian professional intermediary is subject to a 30% Belgian withholding tax, unless the holder of Notes is resident in a country with which Belgium has concluded a double taxation agreement and delivers the required attestation.

Non-resident holders that have not allocated the Notes to business activities in Belgium can also obtain an exemption of Belgian withholding tax on interest if the interest is paid through a Belgian credit institution, a Belgian stock market company or a Belgian clearing or settlement institution and provided that the non-resident (i) is the legal owner or usufructuary of the Notes, (ii) has not allocated the Notes to business activities in Belgium and (iii) delivers an attestation confirming his non-resident status and the fulfilment of conditions (i) and (ii).

If the holder of a Note is a Belgian branch of a foreign company to which the Notes are attributable, the rules applicable to Belgian corporations (see above) will apply. Non-resident holders of Notes who do not allocate the Notes to a professional activity in Belgium are not subject to Belgian income tax, save, as the case may be, in the form of withholding tax.

Tax on the stock exchange transactions

A tax on the stock exchange transactions (“*Taks op beursverrichtingen*”/“*Taxe sur les operations de bourse*”) will be levied on the purchase and sale in Belgium of the Notes on the secondary market through a professional intermediary. The rate applicable for sales and purchases on the secondary market in Belgium through a professional intermediary is 0.12%, with a maximum amount of €1,300 per transaction and per party. A separate tax is due from each of the seller and the purchaser, both collected by the professional intermediary.

The tax on the stock exchange transactions also applies to secondary market transactions of which the order is directly or indirectly made to a professional intermediary established outside of Belgium by (i) a private individual with habitual residence in Belgium or (ii) a legal entity for the account of its seat or establishment in Belgium (both referred to as a “**Belgian Investor**”). In such case, the tax on the stock exchange transactions is, according to the Belgian tax administration, due by the Belgian Investor unless the Belgian Investor can demonstrate that the tax on the stock exchange transactions has already been paid by the professional intermediary established outside Belgium. In the latter case, the foreign professional intermediary also has to provide each client (which gives such intermediary an order) with a qualifying order statement (“*bordereel*”/“*bordereau*”), at the latest on the business day after the day on which the relevant transaction was realised. The qualifying order statements must be numbered in series and duplicates must be retained by the financial intermediary. A duplicate can be replaced by a qualifying agent day-to-day listing, numbered in series. Alternatively, professional intermediaries established outside Belgium can appoint a stock exchange tax representative in Belgium, subject to certain conditions and formalities (a “**Stock Exchange Tax Representative**”). Such Stock Exchange Tax Representative will then be liable towards the Belgian Treasury for tax on stock exchange transactions and to comply with the reporting obligations and the obligations relating to the order statement (“*bordereel*”/“*bordereau*”) in that respect. If such a Stock Exchange Tax Representative has paid the tax on stock exchange transactions due, the relevant Belgian Investor will, as per the above, no longer be the debtor of the tax on stock exchange transactions.

However, the tax referred to above will not be payable by exempt persons acting for their own account, including investors who are not Belgian residents, provided they deliver an attestation to the financial intermediary in Belgium confirming their non-resident status, and certain Belgian institutional investors as defined in article 126.1,2° of the Code of miscellaneous duties and taxes (“*Wetboek diverse rechten en taksen*”/“*Code des droits et taxes divers*”).

Annual Tax on Securities Accounts

Pursuant to the Belgian Law of 17 February 2021 on the introduction of an annual tax on securities accounts, an annual tax is levied on securities accounts with an average value, over a period of twelve consecutive months starting on 1 October and ending on 30 September of the subsequent year, higher than €1 million.

The tax is equal to 0.15% of the average value of the securities accounts during a reference period. The reference period normally runs from 1 October to 30 September of the subsequent year. The taxable base is determined

based on four reference dates: 31 December, 31 March, 30 June and 30 September. The amount of the tax is limited to 10% of the difference between the taxable base and the threshold of €1 million.

The tax targets securities accounts held by resident individuals, companies and legal entities, irrespective as to whether these accounts are held with a financial intermediary which is established or located in Belgium or abroad. The tax also applies to securities accounts held by non-resident individuals, companies and legal entities with a financial intermediary established or located in Belgium. Belgian establishments of Belgian non-residents are however treated as Belgian residents for purposes of the annual tax on securities accounts so that both Belgian and foreign securities accounts fall within the scope of this tax. Note that pursuant to certain double tax treaties, Belgium has no right to tax capital. Hence, to the extent the tax on securities accounts is viewed as a tax on capital within the meaning of these double tax treaties, treaty protection may, subject to certain conditions, be claimed.

Each securities account is assessed separately. When multiple holders hold a securities account, each holder is jointly and severally liable for the payment of the tax and each holder may fulfil the declaration requirements for all holders.

There are various exemptions, such as securities accounts held by specific types of regulated entities for their own account.

A financial intermediary is defined as (i) the National Bank of Belgium, the European Central Bank and foreign central banks performing similar functions, (ii) a central securities depository included in Article 198/1, §6, 12° of the Belgian Income Tax Code, (iii) a credit institution or a stockbroking firm as previously defined by Article 1, §3 of the Law of 25 April 2014 on the status and supervision of credit institutions and investment companies (currently defined by, respectively, Article 1, §3 of the law of 25 April 2014 on the status and supervision of credit institutions and Article 2 of the law of 20 July 2022 on the status and supervision of stockbroking firms and containing various provisions) and (iv) the investment companies as defined by Article 3, §1 of the Law of 25 October 2016 on access to the activity of investment services and on the legal status and supervision of portfolio management and investment advice companies, which are, pursuant to national law, admitted to hold financial instruments for the account of customers.

The annual tax on securities accounts is in principle due by the financial intermediary established or located in Belgium. Otherwise, the annual tax on securities accounts needs to be declared and is due by the holder of the securities accounts itself, unless the holder provides evidence that the annual tax on securities accounts has already been withheld, declared and paid by an intermediary which is not established or located in Belgium. In that respect, intermediaries located or established outside of Belgium could appoint an annual tax on securities accounts representative in Belgium. Such a representative is then liable towards the Belgian Treasury (“*Thesaurie*”/“*Trésor*”) for the annual tax on securities accounts due and for complying with certain reporting obligations in that respect. If the holder of the securities accounts itself is liable for reporting obligations (e.g. when a Belgian resident holds a securities account abroad with an average value higher than €1 million), the deadline for filing the tax return for the annual tax on securities accounts is 15 July of the year following the end of the relevant reference period. In the latter case, the annual tax on securities accounts must be paid by the taxpayer on 31 August of the same year, at the latest.

A rebuttable general anti-abuse provision applies. Investors should note that the Belgian federal parliament has also adopted a bill providing for two rebuttable presumptions of abuse in case of (i) conversion of dematerialised financial instruments into registered instruments (provided that, prior to the conversion, the value of the securities account exceeded EUR 1,000,000), or (ii) transfer of (part of) financial instruments to another securities account held (alone or jointly) by the same person (provided that, prior to the transfer, the value of the securities account exceeded EUR 1,000,000). The taxpayer can however rebut these presumptions by demonstrating that such conversion or transfer was principally justified by motives other than tax avoidance.

Prospective investors are strongly advised to seek their own professional advice in relation to the annual tax on securities accounts.

FRENCH TAXATION

This summary is based on tax laws and taxation practice, as in effect and applied as at the date of this Securities Note and is intended to provide general information only. This section does not address all French tax considerations that may be relevant to an investor. In some cases, different rules and specific exemptions can be applicable, depending, in particular, on the characterisation of the Notes for French tax purposes or on the specific tax situation of the investor. Tax laws, taxation practices and their interpretation are constantly under change, which changes may sometimes have a retroactive effect and may change, wholly or partly, the conclusions set out in this summary. In particular, this summary may be affected by the Finance Bill for 2026 (Loi de finances pour 2026), a draft of which is currently being discussed before the French Parliament, and any subsequent legislative or regulatory measures. Investors should seek professional advice with respect to the tax consequences of an investment in the Notes, taking into account the particular aspects of their situation.

This summary assumes that the Notes will be treated as debt securities under French tax law and that the income and gains from the Notes do not have a French source. It does not discuss the taxation of derivatives, or instruments deemed to be derivatives, neither does it determine the conditions under which an instrument could be treated as equity rather than debt. It also assumes that the Issuer is not a tax resident for French tax purposes and do not act through a permanent establishment in France in relation to the Notes. Finally, it is based on the assumption that there will be no substitution of the Issuer and does not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the terms and conditions of the Notes).

Withholding tax

Income paid or accrued on Notes by the Issuer, to the extent such Notes are not issued through a French permanent establishment of the Issuer, is not subject to withholding tax in France.

Individual resident Noteholders

Taxation of income

The income deriving from the Notes, including redemption premiums are generally treated as interest from a French personal income tax perspective.

Interest and other income received by French resident holders of Notes, who do not hold their Notes in connection with a business they carry on, are liable in the hands of the investor to income tax and social contributions following a two-step process.

Interest and other similar revenues received by French tax resident individuals are first subject to a non-discharging withholding tax (“*prélèvement forfaitaire non libératoire*” or PFNL) withheld at a flat-rate of 12.8% as well as 17.2% of social contributions. The PFNL is considered to be an advance payment on the final tax liability. The PFNL must be withheld and reported by the Paying Agent if such agent is established in France. If the Paying Agent is established outside of France, the taxpayer is responsible for paying the PFNL to the French tax authorities no later than the 15th day of the month following the payment of interest and other similar revenues. If the Paying Agent is established in an EU or EEA member state, it can however be appointed by the taxpayer to withhold and report the PFNL.

Upon final taxation, the income paid to a French tax resident individual is then in principle taxed at a flat rate of 31.4% (12.8% of income tax and 18.6% of social contributions – together referred to as the “*prélèvement forfaitaire unique*” or PFU) or, upon election, under the ordinary progressive brackets of income tax (the election would apply on all investment income and capital gains) at a standard progressive rate of up to 45%. If the French tax resident

individual elects for the application of the ordinary progressive brackets, a 6.8% portion of the aforementioned social contributions should be deductible from the taxable income of the following tax year.

Should the amount of the PFNL exceed the final tax liability, the difference would be refunded to the French resident individual.

If the French resident individual receives income subject to a withholding tax in the Issuer's jurisdiction, a French tax credit may be available under the applicable tax treaty (up to the amount of the relevant French tax liability).

Taxation of capital gains

Capital gains derived from the disposal of the Notes should be in principle subject to the PFU, at a global rate of 31.4% (12.8% of personal income tax and 18.6% of social contributions). If the French tax resident individual elects for the application of the ordinary progressive brackets, a 6.8% portion of the aforementioned social contributions should be deductible from the taxable income of the following tax year.

If French tax resident holders of Notes dispose of the Notes at a loss, capital losses can in principle be offset against capital gains recognised during the same year and having the same nature, the excess being carried forward for a maximum of 10 years. Conversely, capital losses will not be otherwise deductible for income tax purposes.

In case of settlement, redemption or other forms or repayment by way of physical delivery of shares, the taxation of the corresponding income may, in certain circumstances, be deferred until the disposal of the received shares. French resident individuals should consult their advisors regarding these aspects.

Exceptional contribution on high income ("Contribution exceptionnelle sur les hauts revenus")

An exceptional contribution on high income may be applicable to French tax resident holders of Notes where their "reference tax income" exceeds €250,000 for a single person or €500,000 for a couple taxed on a joint basis.

The "reference tax income" for the relevant fiscal year would include income and gains realised in relation to the Notes.

This contribution is equal to 3% of the fraction of the "reference tax income" above €250,000 for a single person (or €500,000 for a couple) and, 4% on the "reference tax income" over €500,000 for a single person (or €1 million for a couple).

Gift and inheritance taxes

Subject to the provisions of the relevant bilateral tax treaty, French gift or inheritance taxes would be levied on the transfer of the Notes by way of gift by, or on the death of, French tax resident Noteholders, if:

- (a) the holder of Notes is a resident in France; or
- (b) the beneficiary is resident in France and has been so resident for at least six years over the ten preceding years; or
- (c) if both the holder of Notes and the beneficiary are non-French residents, the transferred assets are located in France.

Assets considered as located in France would include receivables and other forms of debt instruments over a debtor which is established in France.

The amount of tax depends, in particular, on the kinship between the individuals concerned, together with any available tax exemptions.

Corporate resident holders of Notes

Corporate income tax and additional contribution – general aspects

As a general rule, income or capital gains in relation to the Notes are subject to corporate income tax at the standard rate of 25% (or to specific rates applicable depending on a corporate taxpayer's turnover and the level of its taxable profits) on an accruals basis. A so-called social contribution may also apply to the corporate income tax at a 3.3% rate, assessed on the corporate income tax liability exceeding €763,000 per financial year, subject to certain exemptions.

Capital losses are generally treated as ordinary losses which may be set off against operational profits. The remaining losses may be carried forward indefinitely but their use is limited, for a given year, to €1 million plus 50% of the taxable profit of the relevant financial year exceeding this amount. Besides, an option can be made by the holders of Notes in order to carry back the losses against their prior taxable result up to the limit of €1 million.

If the French corporate resident holder of Notes receives income subject to a withholding tax in the Issuer's jurisdiction, a French tax credit may be available under the applicable tax treaty (up to the amount of the relevant French tax liability).

Taxation of interest and redemption premiums

In principle, interest payments are taxed at the above-mentioned standard corporate income tax rate (or the reduced rate applicable to small companies where the relevant conditions are met) on the basis of accrued interest.

Any redemption premium would be taxed at the above-mentioned standard corporate income tax rate (or to specific rates applicable to small and medium companies meeting certain requirements). However, if the estimated value of the redemption premium exceeds the purchase value of the Notes by 10% or more and the average issue price of the Notes is less than 90% of the estimated redemption value, such premium is spread according to the actuarial method so as to be taxed until the maturity on an annual basis (special rules being applicable in case of so called indexed instruments).

If the French corporate resident holder of Notes receives income subject to a withholding tax in the Issuer's jurisdiction, a French tax credit may be available under the applicable tax treaty (up to the amount of the relevant French tax liability).

Taxation of Capital gains

Capital gains derived from the disposal of the Notes by corporate resident holders should be taxable at standard rate. The taxable gain should be reduced by the amount of the fraction of interest and redemption premiums taxed under the actuarial method.

In case of settlement, redemption or other forms or repayment by way of physical delivery of shares, the taxation of the corresponding income may, in certain circumstances, be deferred until the disposal of the received shares. French corporate resident holders of Notes should consult their advisors regarding these aspects.

Non-resident holders of Notes

Income and capital gains derived from the Notes, received by individuals who are not residents for tax purposes in France and any corporate investors which have neither their corporate seat nor their effective place of management in France, are not taxable in France unless the Notes form part of the business property of a permanent establishment in France.

Transfer Taxes

The subscription, purchase or subsequent sale of Notes is not in principle subject to transfer tax in France. However, the following may be relevant in connection with Notes which are settled or redeemed by way of physical delivery of French shares:

- (a) The settlement, redemption or other forms or repayment by way of physical delivery of outstanding shares in French companies should generally give rise to French transfer taxes pursuant to administrative guidelines. The conversion or exchange of Notes against shares issued by a public company whose registered office is located in France for consideration is, in principle, subject to a 0.1 % transfer tax³⁹ (the “**French Transfer Tax**”), provided, in the case of shares listed on a recognised stock exchange, that the transfer is evidenced by a written deed or agreement.
- (b) A financial transactions tax (the “**French Financial Transactions Tax**”) is imposed, subject to certain exceptions, on certain acquisitions of French shares (or certain assimilated securities) which are listed on a recognised stock exchange where the Issuer’s stock market capitalisation exceeds €1 billion (on 1st December of the previous calendar year). The rate of the French Financial Transactions Tax is 0.4% of the acquisition price of the transaction. There are a number of exemptions from the French Financial Transactions Tax and investors shall revert to their counsel to identify whether they can benefit from them.
- (c) If the French Financial Transactions Tax is effectively due in respect of a transaction that would normally trigger the payment of the French Transfer Tax, an exemption in respect of the French Transfer Tax is applicable.

GERMAN TAXATION

The following is an overview addressing only the German compulsory withholding tax treatment of income arising from the Notes. This overview is based on the laws and regulations in full force and effect in Germany as of the date of this Securities Note, which may be subject to change in the future, potentially with retroactive effect. The summary does not deal with any other German tax implications of acquiring, holding or disposing of the Notes. Investors should be aware that the comments below are of a general nature and do not constitute legal or tax advice and should not be understood as such. Prospective investors are therefore advised to consult their own qualified advisers so as to determine, in the light of their individual situation, the tax consequences of the purchase, holding, redemption or sale of the Notes.

Residents of Germany

On the date of this Securities Note, there is in the Federal Republic of Germany no statutory obligation for the Issuer to withhold or deduct any German withholding tax (*Kapitalertragsteuer*) from payments of interest and repayment of capital on the Notes as well as gains from the disposal, redemption, repayment or assignment of the Notes.

However, if the Notes are kept or administered in a domestic securities deposit account by a German credit institution (*Kreditinstitut*), financial services institution (*Finanzdienstleistungsinstitut*) or securities institution (*Wertpapierinstitut*) (or with a German branch of a foreign credit institution, financial services institution or securities institution) (altogether a “**German Disbursing Agent**”) and such German Disbursing Agent credits or pays out the earnings, the German Disbursing Agent will withhold the tax in an amount of 25% *plus* a 5.5% solidarity surcharge thereon (resulting in a total withholding tax charge of 26.375%) on payments of interest. The same withholding applies

³⁹ Other rates and specific rules may apply in specific circumstances (e.g. a 3% rate if the shares have been issued by a French private company or a French partnership, or a 5% rate if the shares have been issued by a real estate company for French transfer tax purposes).

to any gains from the disposal, redemption, repayment or assignment of Notes except for any gains derived by German resident corporate holders and upon application by individual holders holding the Notes as business assets. If the Notes were disposed, redeemed, repaid or assigned after being transferred to another securities deposit account, the 25% withholding tax (plus a 5.5% solidarity surcharge thereon) would be levied on 30% of the proceeds from the disposal, redemption, repayment or assignment, as the case may be, unless the investor or the previous depository bank was able to prove evidence for the investor's actual acquisition costs to the new current German Disbursing Agent.

The applicable withholding tax rate is in excess of the aforementioned rate if church tax is collected for an individual investor by way of withholding which is provided for as a standard procedure unless the Noteholder has filed a blocking notice (*Sperrvermerk*) with the German Federal Central Tax Office (*Bundeszentralamt für Steuern*) or if the savings income forms part of income from trade business, self-employment, agriculture and forestry, or letting and leasing. In such cases, the investor has to include the savings income in the tax return and will then be assessed to church tax.

Non-residents of Germany

In general, non-residents of Germany are not subject to German withholding tax, subject to meeting certain further requirements. However, withholding tax may nevertheless be applicable in certain exceptional cases, e.g. if the Notes are presented for payment or credit at the offices of a German Disbursing Agent (over-the-counter transaction) or if the income from the Notes qualifies for other reasons as taxable German source income.

ITALIAN TAXATION

The following is a summary of certain Italian tax consequences of the purchase, the ownership and the disposal of the Notes. The statements herein are based on the laws and/or practices in force as of the date of this Securities Note, which are subject to any changes occurring after such date, even with retroactive effects. The Issuer will not update this summary to reflect changes in law and/or practice. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or commodities) may be subject to special rules.

Prospective investors are advised to consult their own tax advisors concerning the overall tax consequences of their interest in the Notes.

Tax Changes

Law No. 111 of 9 August 2023, published in the Official Gazette No. 189 of 14 August 2023 (“**Law 111**”), delegated the Italian Government to enact, within twenty-four months from its publication, one or more legislative decrees implementing the reform of the Italian tax system (the “**Tax Reform**”). Law No. 120 of 8 August 2025 has recently amended certain provisions of Law 111 and extended the deadline for the enactment of the legislative decrees implementing the tax reform to thirty-six months from the publication of Law 111 (i.e. until 29 August 2026), allowing additional time for the implementation of such reform. The Government will in any case retain delegation to adopt corrective and supplementary provisions to such legislative decrees implementing the tax reform until 29 August 2028.

According to Law 111, the Tax Reform is expected to significantly change the tax regimes of income deriving from financial instruments and to introduce various amendments in the Italian tax system at different levels.

The aim of the Tax Reform is, *inter alia*, to harmonise the tax treatment of financial instruments, by introducing a single category of financial income that includes both capital income and other income of a financial nature and allowing for the possibility of offsetting income and losses and carrying forward any excess losses to subsequent fiscal years.

The nature, extent, and impact of these changes cannot be foreseen and/or assessed with certainty at the date of this Securities Note. As a result, the information provided in this Securities Note may not comply with the future tax landscape.

Prospective purchasers of the Notes should be aware that the prospective changes to the tax regime of interest income and capital gains could lead to an increased tax cost for the prospective purchasers of the Notes and, consequently, result in a lower return on their investment.

Prospective purchasers of the Notes should consult their own tax advisors regarding the tax consequences described above.

Tax treatment of the Notes

The Notes may be subject to different tax regimes depending on whether:

- (a) they represent derivative financial instruments or bundles of derivative financial instruments, through which the Noteholders purchase indirectly underlying financial instruments; or
- (b) they represent a debt instrument implying a “use of capital” (*impiego di capitale*), through which the Noteholders transfer to the Issuer a certain amount of capital, for the economic exploitation of the same, subject to the right to obtain a (*partial or entire*) reimbursement of such amount at maturity.

Notes representing derivative financial instruments or bundles of derivative financial instruments

Italian resident Noteholders

Where the Italian resident Noteholder is (i) an individual not engaged in an entrepreneurial activity to which the Notes are connected, (ii) a partnership (other than a *società in nome collettivo* or *società in accomandita semplice* or similar commercial partnership) or a de facto partnership not carrying out commercial activities or professional associations, or (iii) a private or public entity other than company, trust not carrying out mainly or exclusively commercial activities, the Italian State and public and territorial, payments in respect of Notes qualifying as securitised derivative financial instruments as well as capital gains realised on any sale or transfer for consideration or exercise or redemption thereof are subject to a 26% substitute tax (*imposta sostitutiva*). Said recipients may opt for one of the following three taxation regimes:

- (a) Under the “*regime della dichiarazione*” (the “**Tax Declaration Regime**”), which is the standard regime for taxation of capital gains, the 26% *imposta sostitutiva* on capital gains will be chargeable on a cumulative basis, on all payments in respect of Notes and all capital gains, net of any incurred capital loss, realised pursuant to all disposals of the Notes carried out during any given tax year. The overall capital gains realised in any tax year, net of any relevant incurred capital loss, must be reported in the annual tax return and the *imposta sostitutiva* must be paid on such gains together with any balance income tax due for such year. Capital losses in excess of capital gains may be carried forward against capital gains realised in any of the four succeeding tax years.
- (b) As an alternative to the Tax Declaration Regime, Noteholders as listed above may elect to pay under the “*risparmio amministrato*” regime provided for by Art. 6 of Legislative Decree 21 November 1997, No. 461 (“**Decree No. 461**”) (the “**Administrative Savings Regime**”) the *imposta sostitutiva* separately on payments received in respect of Notes and capital gains realised on each sale or redemption of the Notes. Such separate taxation of capital gains is allowed subject to (i) the Notes being deposited with Italian banks, “*società di intermediazione mobiliare*” (“**SIMs**”) or certain authorised financial intermediaries and (ii) an express election for the Administrative Savings Regime being timely made in writing by the relevant Noteholder. The depository is responsible for accounting for *imposta sostitutiva* in respect of capital gains realised on each sale or redemption of the Notes (as well as in respect of capital gains realised upon the revocation of its

mandate), net of any incurred capital loss, and is required to pay the relevant amount to the Italian tax authorities on behalf of the taxpayer, deducting a corresponding amount from the proceeds to be credited to the Noteholder or using funds provided by the Noteholder for this purpose. Under the Administrative Savings Regime, where a sale or redemption of the Notes results in a capital loss, such loss may be deducted from capital gains subsequently realised, within the same securities management, in the same tax year or in the following tax years up to the fourth. Under the Administrative Savings Regime, the Noteholder is not required to declare the capital gains in the annual tax return.

- (c) Any payments received and any capital gains accrued by the Noteholder as listed above who have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the so-called “*risparmio gestito*” regime provided for by Art. 7 of Decree No. 461 (the “**Asset Management Regime**”) will be included in the computation of the annual increase in value of the managed assets accrued, even if not realised, at year end, subject to a 26% *imposta sostitutiva*, to be paid by the managing authorised intermediary. Under the Asset Management Regime, any depreciation of the managed assets accrued at year end may be carried forward against increase in value of the managed assets accrued in any of the four succeeding tax years. Under the Asset Management Regime, the Noteholder is not required to declare the capital gains realised in the annual tax return.

Any gain realised from the sale or redemption of the Notes would be treated as part of the taxable income subject to the general Italian corporate tax regime (corporate income tax, “**IRES**”, is generally applicable at 24%, possibly increased to 27.5% in case the Noteholder is a credit or a financial institution other than a management company of an undertaking for collective investment or a SIM) or to personal income taxation (as business income), as the case may be, according to the ordinary rules (personal income tax, “**IRPEF**”, is generally applicable at progressive rates between 23% up to 43% plus regional and municipal surtaxes) and, in certain circumstances, depending on the tax “status” of the Noteholders, also as part of the net value of production for purposes of regional tax on productive activities (“**IRAP**”, generally applicable at 3.9% - 6.65% and 7.90% in case, respectively, of banks and other financial institutions and insurance companies - and possibly varied up to 0.92% by certain Italian regions) if realised by: (i) an Italian resident company or a similar commercial entity; (ii) an Italian resident commercial partnership or similar commercial entity; (iii) an Italian permanent establishment of a foreign entity to which the Notes are effectively connected; or (iv) an Italian resident individual engaged in an entrepreneurial activity to which the Notes are connected.

Subject to certain limitations and requirements (including a minimum holding period), capital gains in respect of Notes realised upon sale, transfer or redemption by Italian resident individuals holding the Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26% *imposta sostitutiva*, if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Italian law, as subsequently amended and restated from time to time.

Under the current regime provided for by Law Decree 25 September 2001, No. 351, converted with amendments by Law 23 November 2001, No. 410, any capital gain realised by a Noteholder which is an Italian resident real estate investment fund established pursuant to Article 37 of Legislative Decree 24 February 1998, No. 58, as amended and supplemented, and Article 14-bis of Law 25 January 1994, No. 86 or an Italian SICAF to which the provisions of Legislative Decree 4 March 2014, No. 44, applies (the “**Real Estate UCIs**”) is subject neither to *imposta sostitutiva* nor to any other income tax in the hands of the Real Estate UCI. The income of the Real Estate UCI, depending on the status and percentage of participation by the unitholders/shareholders, is (i) directly subject to tax in their hands or (ii) subject to a withholding tax at the rate of 26% upon redemption or disposal of the units/shares.

Any capital gain realised by a Noteholder which is an Italian resident open-ended or closed-ended collective investment fund, a SICAV and/or a SICAF not mainly investing in real estate assets and not governed by Legislative

Decree 4 March 2014, No. 44 (the “UCIs”) will neither be subject to *imposta sostitutiva* nor to any form of taxation in the hands of the UCIs. A withholding tax may apply in certain circumstances at the rate of 26% on distributions made by the UCI to certain categories of Noteholders.

Any capital gain realised by a Noteholder which is an Italian pension fund (subject to the regime provided for by Article 17 of the Legislative Decree 5 December 2005, No. 252, as subsequently amended, “**Decree No. 252**”) will be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to a 20% annual substitute tax (the “**Pension Fund Tax**”).

Non-Italian resident Noteholders

Any capital gain realised by a non-Italian resident Noteholder without a permanent establishment in Italy to which the Notes are effectively connected from the sale or redemption of the Notes is not subject to Italian taxation, provided that the Notes (i) are transferred on regulated markets in Italy or abroad, or (ii) (a) are not transferred on regulated markets but are held outside of Italy and (b) are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of capital gains on such Notes, to the extent that, the Noteholder timely files with the Italian bank or other intermediary a self-declaration stating that it is not resident in Italy for tax purposes.

Moreover, even if the Notes are held in Italy, no Italian *imposta sostitutiva* applies on any capital gains realised upon sale for consideration or redemption of the Notes if the non-Italian resident beneficial owner of the Notes with no permanent establishment in Italy to which the Notes are effectively connected is resident for tax purposes in a State or territory which allows an adequate exchange of information with the Italian tax authorities and is listed in the Italian Ministerial Decree dated 4 September, 1996 as amended and supplemented from time to time (last amendment being made by Italian Ministerial Decree dated 23 March 2017) (the “**White List**”). According to Article 11, par. 4, let. c) of Decree 239 the White List will be updated every six months period. The same exemption applies where the beneficial owners of the Notes are (i) international entities or organisations established in accordance with international agreements ratified by Italy; (ii) certain foreign institutional investors established in countries included in the White List, even if they do not have the *status* of taxpayers in their own country of residence; or (iii) Central Banks or entities which manage, *inter alia*, the official reserves of a foreign State. Under these circumstances, if non-Italian residents without a permanent establishment in Italy to which the Notes are effectively connected elect for the Asset Management Regime or are subject to the Administrative Savings Regime, exemption from Italian capital gains tax will apply upon condition that they provide in time with the authorised financial intermediary an appropriate self-declaration (*autocertificazione*) stating that they meet the requirement indicated above. Additional statements may be required for non-Italian resident Noteholders who are institutional investors.

A non-Italian resident individual or an entity without a permanent establishment in Italy to which the Notes are connected that may benefit from a double taxation treaty with the Republic of Italy providing that capital gains realised upon the sale or redemption of Notes and is taxed only in the country of tax residence of the recipient, will not be subject to the *imposta sostitutiva* in the Republic of Italy on any capital gain realised upon the sale or redemption of Notes. In such a case, in order to benefit from this exemption from Italian taxation on capital gains, a non-Italian resident Noteholder who holds the Notes with an Italian authorised financial intermediary and elects to be subject to the Asset Management Regime or is subject to the Administrative Savings Regime, may be required to produce in due time to the Italian authorised financial intermediary appropriate documents which include, *inter alia*, a statement from the competent tax authorities of the country of residence.

Please note that for a non-Italian resident Noteholder, the Administrative Savings Regime shall automatically apply, unless it is expressly waived, where the Notes are deposited in custody or administration with an Italian resident authorised financial intermediary or permanent establishment in the Republic of Italy of a foreign intermediary.

Notes representing debt instruments implying a “use of capital” – Notes having 100% capital protection guaranteed by the Issuer

Taxation of interest

Italian Resident Noteholders

Legislative Decree 1 April 1996, No. 239 (“**Decree No. 239**”), as subsequently amended, regulates the tax treatment of interest, premiums and other income (including the difference between the redemption amount and the issue price) (hereinafter collectively referred to as “**Interest**”) from Notes issued, *inter alia*, by non-Italian resident entities. The provisions of Decree No. 239 only apply to those Notes which qualify as *obbligazioni* or *titoli similari alle obbligazioni* (securities similar to bonds) pursuant to Article 44 of Presidential Decree 22 December 1986, No. 917 (“**Decree No. 917**”). In accordance with Article 44 of Decree No. 917, for securities to qualify as *obbligazioni* or *titoli similari alle obbligazioni*, they must (i) incorporate an unconditional obligation to pay at maturity an amount not less than that indicated therein, and (ii) attribute to the holders no direct or indirect right to control or participate to the management of the Issuer.

Where the Italian resident Noteholder, who is the beneficial owner of the Notes, is (i) an individual holding Notes otherwise than in connection with entrepreneurial activity, or (ii) a partnership (other than a *società in nome collettivo* or a *società in accomandita semplice* or a similar partnership) or a de facto partnership not carrying out commercial activities or a professional association, or (iii) a private or public entity other than a company, or a trust not carrying out mainly or exclusively commercial activities, the Italian State and a public and territorial entity, or (iv) an investor exempt from Italian corporate income taxation, Interest payments relating to the Notes are subject to a tax, referred to as *imposta sostitutiva*, levied at the rate of 26% (either when Interest is paid or when payment thereof is obtained by the holder on a sale of the Notes). Such investors are qualified as “net recipients” (unless the Noteholders referred to under (i), (ii) and (iii) above have entrusted the management of their financial assets, including the Notes, to an authorised intermediary and have opted for the Asset Management Regime).

Where the resident holders of the Notes described above under (i), (ii) and (iii) above are engaged in an entrepreneurial activity to which the Notes are connected, the *imposta sostitutiva* applies as a provisional income tax. Interest will be included in the relevant beneficial owner’s Italian income tax return and will be subject to Italian ordinary income taxation and the *imposta sostitutiva* may be recovered as a deduction from Italian income tax due.

Subject to certain conditions (including a minimum holding period), Interest in respect of Notes issued by the Issuer that qualify as *obbligazioni* or *titoli similari alle obbligazioni*, received by Italian resident individuals holding the aforesaid Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26% *imposta sostitutiva*, if such Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) pursuant to Italian law, as subsequently amended and restated from time to time.

Where an Italian resident Noteholder is an individual who has not been tax resident of Italy for at least 9 of the past 10 years, who transferred his/her tax residence in Italy and opted for the application of the substitute tax regime provided for by Article 24-bis of Decree No. 917, any foreign-sourced income, including Interest in respect of Notes held out of Italy, would be globally subject to a substitute tax of €300,000.00 which is substitutive of any Italian income tax due on such foreign-sourced income.

Pursuant to Decree No. 239, the 26% *imposta sostitutiva* is applied by banks, SIMs, fiduciary companies, *società di gestione del risparmio* (“**SGRs**”) stock brokers and other qualified entities identified by a decree of the

Ministry of Finance (“**Intermediaries**” and each an “**Intermediary**”) resident in Italy, or by permanent establishments in Italy of a non-Italian resident Intermediary, that intervene, in any way, in the collection of Interest or, also as transferees, in transfers or disposals of the Notes. For the purpose of the application of the *imposta sostitutiva*, a transfer of securities includes any assignment or other act, either with or without consideration, which results in a change of the ownership of the relevant securities or in a change of the Intermediary with which the securities are deposited.

Where the Notes are not deposited with an authorised Italian Intermediary (or with a permanent establishment in Italy of a foreign Intermediary), the *imposta sostitutiva* is applied and withheld by any Italian Intermediary paying Interest to the Noteholder. If Interest on the Notes are not collected through an Intermediary or any entity paying interest and as such no *imposta sostitutiva* is levied, the Italian resident beneficial owners qualified as “net recipients” will be required to include Interest in their yearly income tax return and subject them to a final substitute tax at a rate of 26%. The Italian resident Noteholder may elect instead to pay IRPEF at the applicable progressive rates in respect of the Interest; if so, the Noteholder should generally benefit from a tax credit for withholding taxes applied outside of Italy, if any.

Where an Italian resident Noteholder is a company or similar commercial entity pursuant to Article 73 of Decree No. 917 or a permanent establishment in Italy of a foreign company to which the Notes are effectively connected and the Notes are deposited with an authorised Intermediary, Interest from the Notes will not be subject to the *imposta sostitutiva*, but must be included in the relevant Noteholder’s income tax return and are therefore subject to IRES, levied at the rate of 24% (27.5% in case the Noteholder is a credit or a financial institution other than a management company of an undertaking for collective investment or a SIM) and, in certain circumstances, depending on the tax status of the Noteholders, also to IRAP - generally levied at the rate of 3.9%, or at the increased of 6.65% and 7.90% for the categories of companies indicated, respectively, under Article 6 (banks and other financial institutions) and Article 7 (insurance companies) of Legislative Decree 15 December 1997, No. 446, even though Italian regions are entitled to vary the IRAP rates up to 0.92%.

Italian resident individuals, non-commercial partnerships or entities holding Notes not in connection with entrepreneurial activity who have opted for the Asset Management Regime are subject to the 26% *imposta sostitutiva* on the increase in value of the managed assets accrued at the end of each tax year (which increase would include Interest accrued on the Notes). The 26% *imposta sostitutiva* is applied on behalf of the taxpayer by the managing authorised Intermediary.

If a Noteholder is an Italian resident Real Estate UCI and the Notes are deposited with an authorised intermediary, Interest accrued during the holding period will not be subject to the *imposta sostitutiva* but must be included in the management result of the Real Estate UCI. The income of the Real Estate UCI, depending on the status and percentage of participation by the unitholders/shareholders, is (i) directly subject to tax in their hands or (ii) subject to a withholding tax at the rate of 26% upon redemption or disposal of the units/shares.

If a Noteholder is an Italian resident UCI and the Notes are deposited with an authorised Intermediary, Interest accrued during the holding period will not be subject to *imposta sostitutiva* but must be included in the management result of the UCI. A withholding tax may apply in certain circumstances at the rate of 26% on distributions made by the UCI to certain categories of unitholders or shareholders.

Where an Italian resident Noteholder is a pension fund pursuant to Decree No. 252 and the Notes are deposited with an authorised Intermediary, Interest (including the difference between the redemption amount and the issue price) relating to the Notes and accrued during the holding period will not be subject to *imposta sostitutiva*, but must be included in the result of the relevant portfolio accrued at the end of the tax period, to be subject to the Pension Fund Tax. Subject to certain conditions, Interest in respect to the Notes may be excluded from the taxable base of the Pension Fund Tax pursuant to Article 1, paragraph 92, of Law No. 232 if Notes that qualify as *obbligazioni* or *titoli*

similari alle obbligazioni are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) pursuant to Italian law, as subsequently amended and restated from time to time.

Non-Italian resident Noteholders

No Italian *imposta sostitutiva* or withholding tax is applied on payments of Interest relating to the Notes issued by the Issuer that qualify as *obbligazioni* or *titoli similari alle obbligazioni* or “atypical securities” (*titoli atipici*) to a non-Italian resident Noteholder not having a permanent establishment in Italy to which the Notes are effectively connected.

If the Notes issued by a non-Italian resident issuer and beneficially owned by non-Italian residents are deposited with an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or are sold through an Italian bank or other resident intermediary (or permanent establishment in Italy of foreign intermediary) or in any case an Italian resident intermediary (or permanent establishment in Italy of foreign intermediary) intervenes in the payment of Interest on such Notes, to ensure payment of Interest without application of Italian taxation a non-Italian resident Noteholder may be required to produce to the Italian bank or other intermediary a self-declaration stating that he/she is not resident in Italy for tax purposes.

Notes not having 100% capital protection guaranteed by the Issuer – Taxation of Interest

Italian Resident Noteholders

In case Notes representing debt instruments implying a “use of capital” do not guarantee the total reimbursement of the principal, under Italian tax law they should qualify as “atypical securities” (*titoli atipici*) pursuant to Law Decree 30 September 1983, No. 512 (“**Decree No. 512**”) and payments in respect of such Notes received by Italian resident individual Noteholders would be subject to the following regime:

- (a) if the Notes are placed (*collocati*) in Italy, payments made to individual investors holding the Notes not in connection with an entrepreneurial activity will be subject to a 26% final withholding tax. This withholding tax is levied by the entrusted Italian resident bank or financial intermediary, if any, that is involved in the collection of payments on the Notes, in the repurchase or in the transfer of the Notes;
- (b) if the Notes are not placed (*collocati*) in Italy or in any case where payments on the Notes are not received through an entrusted Italian resident bank or financial intermediary (that is involved in the collection of payments on the Notes, in the repurchase or in the transfer thereof) and no withholding tax is levied, the individual beneficial owners will be required to declare the payments in their income tax return and subject them to a final substitute tax at a rate of 26%. The Italian individual Noteholder may elect instead to pay ordinary IRPEF at the progressive rates applicable to them in respect of the payments; if so, the Italian individual Noteholder should generally benefit from a tax credit for withholding taxes applied outside Italy, if any.

The 26% withholding tax does not apply to payments made to an Italian resident Noteholder which is (i) an Italian resident commercial partnership, (ii) an Italian resident company or a similar Italian resident commercial entity (including the Italian permanent establishment of foreign entities to which the Notes are effectively connected) and (iii) a commercial private or public institution. In particular, in such cases, payments must be included in the relevant Noteholder’s annual income tax return to be therefore subject to ordinary Italian business income taxation (and, in certain circumstances, depending on the status of the Noteholder, also to IRAP) and the beneficial owners should be generally entitled to a tax credit for any withholding tax applied outside Italy.

Subject to certain conditions, Italian resident individuals not acting in connection with an entrepreneurial activity may be exempt from any income taxation, including the withholding tax on interest, premium and other income relating to the Notes not falling within the category of *obbligazioni* or *titoli similari alle obbligazioni* and

qualifying as “atypical securities” pursuant to Article 5 of Decree No. 512 if the Notes are included in a long-term individual savings account (*piano individuale di risparmio a lungo termine*) pursuant to Italian tax law as subsequently amended and restated from time to time.

Non-Italian Resident Noteholders

Please refer to paragraph “Notes representing debt instruments implying a “use of capital” – Notes having 100% capital protection guaranteed by the Issuer – Non-Italian resident Noteholders” for the applicable regime.

Notes representing debt instruments implying a “use of capital” – Capital gains tax

Italian resident Noteholders

The relevant capital gains regime applies under similar rules to those described above under the caption “Notes representing derivative financial instruments or bundles of derivative financial instruments – Italian resident Noteholders”.

Subject to certain conditions, capital gains in respect of the Notes issued by the Issuer that qualify as *obbligazioni* or *titoli similari alle obbligazioni* and “atypical securities” (*titoli atipici*) realised upon sale, transfer or redemption by Italian resident Noteholder holding the Notes not in connection with an entrepreneurial activity may be exempt from taxation, including the 26% *imposta sostitutiva*, if the Notes are included in a long-term savings account (*piano individuale di risparmio a lungo termine*) pursuant to Italian law, as subsequently amended and restated from time to time.

Non-Italian resident Noteholders

The relevant capital gains regime applies under similar rules to those described above under the caption “Notes representing derivative financial instruments or bundles of derivative financial instruments – Non-Italian resident Noteholders”.

Inheritance and gift tax

Pursuant to Law Decree 3 October 2006, No. 262, converted with amendments by Law 24 November 2006, No. 286, as subsequently amended, transfers of any valuable assets (including the Notes) as a result of death (*mortis causa*) or *inter vivos* gift (or other transfers for no consideration) and the creation of liens on such assets for a specific purpose (*vincoli di destinazione*) are taxed as follows:

- (a) 4% if the transfer is made to spouses and direct descendants or ancestors; in this case, the transfer is subject to tax on that part of the value that exceeds €1,000,000 (per beneficiary);
- (b) 6% if the transfer is made to brothers and sisters; in this case, the transfer is subject to the tax on that part of the value that exceeds €100,000 (per beneficiary);
- (c) 6% if the transfer is made to relatives up to the fourth degree (*parenti fino al quarto grado*), to persons related by direct affinity as well as to persons related by collateral affinity up to the third degree (*affini in linea retta nonché affini in linea collaterale fino al terzo grado*); and
- (d) 8% in all other cases.

If the transfer is made in favour of persons with severe disabilities, the tax applies on that part of the value that exceeds €1,500,000.

Moreover, an anti-avoidance rule is provided for by Article 16 of Law 18 October 2001, No. 383 in the case of a gift of assets, such as the Notes, whose sale for consideration would give rise to capital gains to be subject to the *imposta sostitutiva* provided for by Decree No. 461, as subsequently amended. In particular, if the donee sells the

Notes for consideration within five years from their receipt as a gift, the latter is required to pay the relevant *imposta sostitutiva* as if the gift had never taken place.

The *mortis causa* transfer of financial instruments included in a long-term savings account (*piano individuale di risparmio a lungo termine*), that meets the requirements set forth in by Italian law, as subsequently amended and restated from time to time.

Stamp Duty

Pursuant to Article 13, paragraph 2-ter, of the Tariff Part I attached to Presidential Decree 26 October 1972, No. 642, as subsequently amended, a proportional stamp duty applies on an annual basis to the periodic reporting communications sent by financial intermediaries to their clients and relating to securities and financial instruments. The stamp duty applies at a rate of 0.20%; this stamp duty is determined on the basis of the market value or – if no market value is available – the nominal value or redemption amount of the securities held. The stamp duty cannot exceed the amount of €14,000 if the recipient of the periodic reporting communications is an entity (i.e., not an individual).

The statement is considered to be sent at least once a year, even for instruments for which is not mandatory nor the deposit nor the release or the drafting of the statement. In case of reporting periods of less than 12 months, the stamp duty is payable based on the period accounted.

Based on the wording of the law and the implementing decree issued by the Italian Ministry of Economy on 24 May 2012, the stamp duty applies to any investor who is a client (as defined in the regulations issued by the Bank of Italy on 20 June 2012) of an entity that exercises in any form a banking, financial or insurance activity within the Italian territory.

The stamp duty applies both to Italian resident and non-Italian resident investors, to the extent that the Notes are held with an Italian-based financial Intermediary.

Wealth Tax

Pursuant to Law Decree 6 December 2011, No. 201 converted with amendments by Law 22 December 2011, No. 214, as subsequently amended, Italian resident individuals, non-commercial entities and partnerships and similar entities holding the Notes abroad are required to pay in its own annual tax returns a wealth tax (“**IVAFE**”) at a rate of 0.20% for each year. Pursuant to Article 19 (20-*bis*) of Decree No. 201 of 6 December 2011, starting from 2024, the IVAFE rate is increased to 0.40% in case of financial products held in states or territories listed as having a privileged tax regime under Ministerial Decree of 4 May 1999. This tax is calculated on an annual basis on the market value of the securities at the end of the relevant year or – if no market value is available – the nominal value or the redemption value of such financial assets held abroad. Taxpayers are entitled to an Italian tax credit equivalent to the amount of any wealth tax paid in the State where the financial assets are held (up to an amount equal to the IVAFE due). The maximum wealth tax amount due is set at €14,000 per year for taxpayers other than individuals. The financial assets held abroad are excluded from the scope of the wealth tax, if such financial assets are administered by Italian financial intermediaries pursuant to an administration agreement.

Financial Transaction Tax (“FTT”) depending on the features of the Notes

Pursuant to Law 24 December 2012, No. 228, FTT applies to (a) transfer of ownership of shares and other participating securities issued by Italian resident companies or of financial instruments representing the aforementioned shares and/or participating securities (irrespective of whether issued by Italian resident issuers or not) (the “**Relevant Notes**”), (b) transactions on financial derivatives (i) the main underlying assets of which are the Relevant Notes, or (ii) whose value depends mainly on one or more Relevant Notes, as well as to (c) any transaction

on certain securities (i) which allow to mainly purchase or sell one or more Relevant Notes or (ii) implying a cash payment determined with main reference to one or more Relevant Notes.

Notes could be included in the scope of application of the FTT if they meet the requirements set out above. On the other hand, Notes falling within the category of *obbligazioni* or *titoli similari alle obbligazioni* are not included in the scope of the FTT.

The FTT on derivative instruments is levied at a fixed amount that varies depending on the nature of the relevant instrument and the notional value of the transaction, and ranges between €0.01875 and €200 per transaction. The amount of FTT payable is reduced to 1/5 of the standard rate in case the transaction is performed on regulated markets or multilateral trading facilities of certain EU and EEA Member States. The FTT on derivatives is due by each of the parties to the transactions. FTT exemptions and exclusions are provided for certain transactions and entities.

The FTT is levied and paid by the subject (generally a financial intermediary) that is involved, in any way, in the execution of the transaction. Intermediaries which are not resident in Italy but are liable to apply the FTT can appoint an Italian tax representative for the purposes of the FTT. If no intermediary is involved in the execution of the transaction, the FTT must be paid by the taxpayers.

Investors are advised to consult their own tax advisers also on the possible impact of the FTT in its particular circumstances.

Tax monitoring obligations

Pursuant to Italian Law Decree 28 June 1990, No. 167, converted with amendments by Law 4 August 1990, No. 227, as amended from time to time, Italian resident individuals, non-commercial entities, non-commercial partnerships and similar entities, who are the beneficial owners of investments abroad or of foreign financial assets (including the Notes), are required to report in their yearly income tax return – for tax monitoring purposes – the amount of Notes held abroad (or beneficially owned abroad under Italian anti-money laundering provisions). This also applies in the case that at the end of the tax year, Notes are no longer held by the above Italian resident individuals and entities.

However, the above reporting obligation is not required with respect to Notes deposited for management with qualified Italian financial intermediaries and with respect to contracts entered into through their intervention, provided that the same intermediaries apply a withholding tax or *imposta sostitutiva* on any income derived from the Notes.

LUXEMBOURG TAXATION

Holders of Notes who are either tax residents of the Grand-Duchy of Luxembourg or have a permanent establishment, a permanent representative or a fixed base of business in the Grand-Duchy of Luxembourg with which the holding of the Notes would be connected will be hereafter referred to as the “Luxembourg holders of Notes”.

Holders of Notes do not become tax residents of the Grand-Duchy of Luxembourg or create a taxable presence therein by merely subscribing, acquiring or holding Notes unless their holding is connected with a permanent establishment or a fixed base of business they have in the Grand-Duchy of Luxembourg.

The statements herein regarding taxation in Luxembourg are based on the laws in force in the Grand Duchy of Luxembourg and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations which may be relevant to a decision to purchase, own or dispose of the Notes. It does not discuss the taxation of derivatives, neither does it determine the conditions under which an instrument could be treated as equity rather than debt. The latter issue should specifically (but not exclusively) be analysed in the case of capital securities. The developments below will therefore limit themselves to the case where Notes qualify

as debt under Luxembourg tax legislation. Each prospective holder or beneficial owner of Notes should consult its tax adviser as to the Luxembourg tax consequences of the ownership and disposition of the Notes.

Withholding tax

Under Luxembourg tax law currently in effect and subject to the exceptions below, there is no Luxembourg withholding tax on payments of interest (including accrued but unpaid interest) or repayments of principal.

Luxembourg taxation on interest payments made to individual Luxembourg residents

In accordance with the Luxembourg law of 23 December 2005, as amended, interest payments made by Luxembourg paying agents, with respect to debt instruments listed and admitted to trading on a regulated market, to Luxembourg individual residents are subject to a 20% withholding tax (“**Relibi**”). Responsibility for withholding such tax will be assumed by the Luxembourg paying agent.

In case the individual does not hold the instrument as part of his private wealth, but as part of a commercial (or independent) undertaking, the interest is fully taxable. The current top income tax rate is at 45.78 % (i.e., maximum 42% plus a solidarity surcharge of currently up to 9% on the 42%). The 20% Relibi withheld would in that case not be treated as final tax but can be credited against the Luxembourg personal income tax liability.

Taxation of the holders of Notes

Taxation of the Luxembourg individual taxpayers

General

Luxembourg holders of Notes will not be liable to any Luxembourg income tax upon repayment of principal of the Notes, except if the repayments include accrued interest. Income relating to the disposal of a Note may qualify as a capital gain for the part not relating to accrued interest.

Taxation of interest

If the Relibi is not withheld, the interest is in principle fully taxable and reportable in the income tax return.

However, for interest paid or credited by foreign paying agents located inside the EU or EEA (but outside Luxembourg) the Luxembourg resident taxpayer may opt for the 20% self-applied income tax via a specific tax form, the deadline being 31 December of the following year. This tax is final and the interest is not reported in the individual’s annual tax return. If the option is not exercised, the individual has to report the interest income in his annual tax return. In case the option is not exercised the interest is subject to the standard tax rates. The current top income tax rate is at 45.78 % (i.e., maximum 42% plus a solidarity surcharge of currently up to 9% on the 42%).

Taxation of capital gains

Capital gains (i.e. not including accrued interest) realised by a Luxembourg resident individual in the context of his private wealth are not subject to taxation unless they qualify as speculation gains (as described below) or capital gains on a substantial shareholding (as described below).

In case the Notes are held as part of the commercial (or independent) undertaking, the capital gains are in general fully taxable as these capital gains qualify as fully taxable professional income and not as gains from private wealth. Specific tax rates may apply if these instruments are sold when such commercial (independent) activity ceases or is sold.

(i) Speculation gains

Pursuant to article 99bis of the Luxembourg income tax law (“**LITL**”), a gain is treated as a “speculation gain” when the Note is sold by a Luxembourg resident individual in the context of his private wealth before

the acquisition of this instrument or within a 6 month-period after the acquisition of such Note. Such “speculation gains” are subject to income tax at the normal progressive rate, with a current maximum rate at 45.78 % (i.e., maximum 42% plus a solidarity surcharge of currently up to 9% on the 42%).

No taxation will arise if the total amount of capital gains (i.e. “speculation gains”) realised by a Luxembourg resident individual in the context of his private wealth over the year is less than €500.

(ii) Substantial shareholding

In case the Notes could be considered as equity tainted or converted into equity, specific provisions regarding substantial shareholding should be considered. These points are not further developed as only the scenario of a Note qualifying as a debt is considered hereunder.

Net wealth tax

Luxembourg individual taxpayers are not subject to net wealth tax.

Taxation of Luxembourg resident companies

Corporations

In the case of a fully taxable corporation, the Relibi on interest income is not applicable because payments are made to a legal entity which is subject to corporate income tax, municipal income tax and net wealth tax. The combined rate for corporate income tax and municipal income tax is 23.87% in 2026 (for a company located in Luxembourg City).

The net wealth tax at a rate of 0.5% is applicable on the tranche up to €500,000,000 of the unitary value which corresponds to the net assets of the corporation with some potential adjustments to be made. The tranche exceeding €500,000,000 is subject to a rate of 0.05%. A minimum net wealth tax liability is levied on companies having their statutory seat or central administration in Luxembourg, which ranges from €535 to €4,815, depending on the total balance sheet of the Luxembourg company.

The difference between the sale price (including accrued but unpaid interest) and the lower of the cost or book value of the Notes sold must be included in the Luxembourg companies’ (*sociétés de capitaux*) corporate tax return.

Partnerships (non-incorporated form)

In case of non-incorporated partnerships having business activities, the partnership may be subject to Luxembourg municipal business tax. For income and net wealth tax, such partnerships are considered as tax transparent (subject to the application of anti-hybrid rules, as the case may be). Hence, the partners will be subject to income tax and net wealth tax (if any) on their individual profit share.

Taxation of gifts and inheritances

Inheritance tax

Inheritance from all “inhabitants” of Luxembourg is subject to inheritance duties. An “inhabitant” is defined as an individual who at the time of his/her death has established his/her domicile or the centre of management of her/her fortune in Luxembourg.

Inheritance duties are based upon the net worth of the estate, which includes all assets (including the Notes) except real estate assets located outside Luxembourg. Direct line inheritance may be exempted from inheritance duties (if conditions are met).

Gift tax

Gift taxes may be levied depending on the nature of the gift, the parties concerned and/or the location where the gift is done and/or registered.

Value-added tax

No value-added tax will be due in Luxembourg in respect of payments made in consideration for the issue of the Notes, whether in respect of payments of interest and principal or in respect of the transfer of a Note.

Other taxes

There is no compulsory Luxembourg registration tax (as long as the Note is considered not submitted for registration), stamp duty or any other similar tax or duty payable in Luxembourg by Luxembourg holders of Notes as a consequence of the issuance of the Notes, nor will any of these taxes be payable as a consequence of a subsequent transfer of the Notes or redemption of the Notes.

POLISH TAXATION

The following summary outlines certain principal Polish tax law consequences resulting from investing in the Notes. It does not purport to be a comprehensive description of all potentially relevant Polish tax considerations. This summary is not tax advice; it is intended as general information only, and each prospective investor should consult a professional tax adviser with respect to the tax consequences of an investment in the Notes.

This summary has been prepared on the basis of the tax legislation, published case law, treaties, regulations, and published official interpretations of Polish tax law in force as at the date of this Securities Note, and does not take into account any developments or amendments thereto after that date, whether or not such developments or amendments operate retroactively.

The nature of income tax in Poland is that it is imposed on income of all natural persons and corporate bodies. Polish tax system differentiates unlimited and limited tax liability that applies to Polish tax resident and Polish non-tax resident, respectively. Unlimited tax liability means that taxpayers are subject to taxation in Poland on their entire worldwide income (revenue). Limited tax liability applies to taxpayers without a place of residence for tax purposes in Poland and who shall be subject to tax liability only in respect of their income earned from Polish sources.

Please note that a reference to Polish income tax encompasses personal income tax (podatek dochodowy od osób fizycznych) and corporate income tax (podatek dochodowy od osób prawnych) generally. Natural persons are generally subject to personal income tax. Corporate income tax applies to legal persons, companies under organisation some of the partnerships and some of the organisations with no legal personality.

Tax treatment of Polish tax resident individuals

This summary does not address the Polish tax consequences where it concerns Notes that are redeemable by settlement in kind (physical delivery of the underlying assets).

Taxation of income gained outside the scope of business activity

The income from the sale of the Notes by a Polish tax resident outside the scope of business activity is subject to Polish personal income tax at a flat rate of 19%. The taxable income is the positive difference between income obtained from the sale of the Notes and the costs of obtaining that income as defined in the relevant provisions of the Personal Income Tax Act. Additional solidarity surcharge at the rate of 4% applies to annual income in excess of PLN 1m per year (this threshold covers income also from certain other sources, e.g. employment, business income, other capital gains). The losses may be set off against the income from the sale of other financial instruments. The same rules apply to an exercise of the Notes by cash settlement.

Incomes from sale and exercise of financial instruments received by a taxpayer in Poland and abroad are as a rule aggregated and non-Polish tax is deducted from tax calculated on aggregated amount of income. Generally, deduction cannot exceed the part of tax calculated before the deduction and proportionally corresponding to the income earned abroad.

Taxation of income gained within the scope of business activity

The income from the sale of the Notes by a Polish tax resident within the scope of his business activity is subject to Polish personal income tax either at a 19% flat rate or at progressive rates of 12% (up to PLN 120,000 p.a.; PLN 30,000 tax free amount p.a.) and 32% on top, depending on the individual decision of the investor made by the 20th day of the month following the month in which the first income from such transactions is realised in the tax year, or by the end of the tax year if the first such income is realised in December of that year (hence typically, the deadline is 20 February of a given tax year). Attributable costs are tax-deductible. Additional solidarity surcharge at the rate of 4% applies to annual income in excess of PLN 1m per year (this threshold covers income also from certain other sources, e.g. employment, business income, other capital gains). The losses may be set off against the income resulting from the business activity. The same rules apply to an exercise of the Note by cash settlement.

Foreign-sourced income is accumulated with the income earned within the territory of Poland unless such income is exempted from taxation in Poland on the basis of the provisions of the relevant double tax treaty. Non-Polish tax is deducted from tax calculated on aggregated amount of income. Generally, deduction cannot exceed the part of tax calculated before the deduction and proportionally corresponding to the income earned abroad.

Tax treatment of Polish tax resident legal persons

This summary does not address the Polish tax consequences where it concerns Notes that are redeemable by settlement in kind (physical delivery of the underlying assets).

The income from the sale of the Notes obtained by legal entities with their registered office or place of management in Poland is recognised as income generated from capital gains and is subject to corporate income tax levied at the rate of 19% (the lower tax rate of 9% provided for small or newly established taxpayers does not apply to capital gains). Attributable costs are tax deductible. The losses may be set off against other income generated from capital gains. The same rules apply to an exercise of the Notes by cash settlement.

Foreign-sourced income is accumulated with the income earned within the territory of Poland unless such income is exempted from taxation in Poland on the basis of the provisions of the relevant double tax treaty. Non-Polish tax is deducted from tax calculated on aggregated amount of income. Generally, deduction cannot exceed the part of tax calculated before the deduction and proportionally corresponding to the income earned abroad.

Tax treatment of Polish non-tax residents

As a general rule, a holder of Notes, who is either natural or legal person and is not treated as being a tax resident of Poland will not be subject to income tax on benefits derived from the Notes, unless such non-Polish tax resident is entitled to a share in the profits of a tax transparent Polish partnership which directly holds the Notes. The exception to the above rule is applicable when Notes are admitted to public trading in Poland as part of the regulated stock exchange market. In such cases, the holder of Notes will be subject to income tax on the disposal of these Notes, or upon exercising the rights resulting from them. However, the above exception may be excluded by the provisions of the applicable treaty on avoidance of double taxation.

Withholding tax

Income paid or accrued on the Notes is not subject to withholding tax in Poland, provided that interest paid under the Notes do not constitute Polish source income.

Civil law transactions tax

A civil law transactions tax at the rate of 1 per cent applies to a sale or exchange of property rights, including Notes as a type of financial instrument, provided that the right attached to the Notes is exercisable in Poland, or that the right is exercisable outside of Poland but the civil law transaction was concluded in Poland and the purchaser has its registered office or place of residence in Poland. Civil law transactions tax may apply exclusively in the case of sale or exchange of Notes. In the case of Notes that are exercised by its holder or ones that exercise automatically following a certain date, civil law transactions tax does not apply as long as these Notes are not subject to sale or exchange transaction.

If at least one party is subject to VAT or VAT-exempt in relation to the transaction, such transaction is outside the scope of civil law transactions tax.

If the transaction is generally subject to civil law transactions tax in the light of the above rules, it still may be exempted. Exempt from civil law transactions tax is, among other things, the sale of property rights that are financial instruments (e.g. securities or investment certificates):

- 1) to investment firms and foreign investment firms,
- 2) effected through investment firms and foreign investment firms,
- 3) effected as a part of organised trading,
- 4) effected outside organised trading by investment firms and foreign investment firms if such rights had been acquired by such firms as a part of organised trading, within the meaning of relevant regulations of the Polish Act on Trading in Financial Instruments.

Donation and inheritance tax

Gift and inheritance tax is charged in the case of a donation or inheritance of property rights exercisable in Poland if, at the time of the donation or the inheritance, either the donor/decedent or donator/heir being an individual was a Polish resident or had a permanent place of residence in Poland, and also in the case of property rights exercisable outside the territory of Poland where, at the time of the donation or inheritance, the acquirer was a Polish resident or had a permanent place of residence in Poland. The amount of such tax depends on the relationship between donor and beneficiary, and on the value of the gift and value of the other gifts received from the same donor within the recent five years. Polish tax law on donations and inheritance also provides for certain exemptions from donation and inheritance tax, in particular for certain close family donations/inheritance as provided in the Polish Donation and Inheritance Tax Act.

ROMANIAN TAXATION

This section on taxation contains a brief description of the Issuers' understanding with regard to certain important principles which may be of significance in connection with the purchase, holding or sale of the Notes by Romanian tax residents. This general description does not purport to exhaustively describe all possible tax aspects and does not deal with specific situations which may be of relevance for certain potential investors. The following comments are rather of a general nature and included herein solely for information purposes. These comments are not intended to be, nor should they be construed to be, legal or tax advice. This description furthermore only refers to investors which are subject to unlimited corporate or income tax liability in Romania, and it is based on the tax legislation in force as at the date of this Securities Note.

It is recommended that potential investors in the Notes consult with their legal and tax advisers as to the tax consequences of the purchase, holding or sale of the Notes. Tax risks resulting from the Notes shall in any case be borne by the investors.

The summary below assumes that Notes will be treated as debts under Romanian tax legislation and does not cover the situation in which Notes are treated as derivatives, or instruments deemed to be derivatives, neither does it determine the conditions under which an instrument could be treated as equity rather than debt. The summary also assumes that the Issuer of the Notes is not a tax resident of Romania and that the Notes are not issued through a Romanian branch or permanent establishment of the Issuer and therefore the income and gains from the Notes do not have Romanian source.

General remarks

Romanian tax legislation defines interest as any amount that must be paid or received for the use of money, whether payable or receivable under a debt, in connection with a deposit, or pursuant to a financial lease, instalment sale, or any deferred payment sale.

Additionally, for individuals, Romanian tax legislation specifically considers the following, without limitation, as interest income: a) interest earned from bonds; b) interest earned on current accounts, escrow accounts, demand deposits, collateral and term deposits, including certificates of deposit; c) amounts received as interest on loans granted; d) interest earned from alternative investment instruments such as structured products (structured deposits) where a derivative instrument is linked to a deposit; e) other income earned from holding debt securities.

Romanian withholding tax on interest payments

Romanian interest withholding tax applies to certain payments if they originated from a Romanian source. On the basis that the Issuer is not a tax resident of Romania and does not have a permanent establishment in Romania, the payments made by the Issuer in respect of interest, premiums, principal, and capital gains related to the Notes will not be considered as having a Romanian source.

Taxation of Romanian tax resident individuals

A Romanian tax resident individual will be subject to personal income tax on the income or gains resulting from the holding, redemption, sale or any other transaction with the Notes. Depending on the nature of the income (interest or gains derived from transfer of the Notes), the rate of taxation is different, more specifically:

- Interest and /or premiums is subject to 10% tax rate.
- Capital gain is subject to 16% tax rate.

A reduced income tax rates apply for transfer of Notes should they qualify as participation title and financial instruments under the applicable legislation of the state in which they were issued and the transfer of Notes are carried out through intermediaries, as defined by the relevant legislation, investment management companies, self-managed investment companies and alternative investment fund managers, whether Romanian tax residents or non-residents with a permanent establishment in Romania acting as an intermediary (hereinafter referred to as “Romanian intermediaries”). The reduces rate are as follows:

- (i) 1% on each gain from the transfer of Notes that were acquired and disposed of in a period longer than 365 days, inclusive, from the date of acquisition;
- (ii) 3% on each gain from the transfer of Notes that were acquired and disposed of in a period less than 365 days from the date of acquisition;

For computation of personal income tax, the gains/losses from transfer of Notes are determined as the positive/negative difference between selling/redemption price of Notes and their fiscal value (i.e., acquisition price) which includes the costs related to the transactions (sustained by proper documentation).

As a general rule, the losses incurred from transactions with Notes are carried forward chronologically, depending on the age of the loss, in the next 5 consecutive years within the limit of 70% of the annual net gains from the same income. However, the annual net losses coming from abroad are carried forward in the next 5 consecutive fiscal years and compensated by the taxpayer within the limit of 70% of the annual net gains of the same nature and from the same country. Note that the losses incurred from transactions with Notes that are carried out through Romanian intermediaries cannot be carried forward.

Relief for withholding tax paid in another country than Romania in relation with Notes may be available, if Romania has a double tax treaty in place with the country where the tax was withheld. The relief is granted under the form of tax credit from and within the limit of the personal income tax due in Romania on the same income.

The obligation to declare and pay tax in relation to any income and/or gains obtained from abroad by a Romanian tax resident individual stay with that individual. An exception is in the case of transactions with Notes carried out through Romanian intermediaries, when the income tax is declared, withheld at source and paid by the Romanian intermediary.

The Romanian tax resident individual has the obligation to declare and pay contribution to the state health insurance fund, if the income and gains obtained by this individual from Notes together with other income obtained by the individual (other than salaries and income from independent activities) exceed a fixed threshold of 6 gross monthly minimum salaries (i.e., the gross monthly salary in force at the date of submitting the relevant tax declaration) without exceeding however 24 gross monthly minimum salaries. In such case the value of the contribution due to the state health insurance fund is computed on the fixed threshold base multiplied with the contribution rate of 10%.

More specifically, for 2026, based on the current information, the minimum income threshold triggering the obligation to pay the social health insurance contribution is as follows:

- (i) RON 24,300, for individuals obtaining income between 6 and 12 times the gross monthly minimum salary. In this case, the minimum health insurance contribution is RON 2,430;
- (ii) RON 48,600, for individuals obtaining an income between 12 and 24 times the gross monthly minimum salary. In this case, the minimum contribution for social health insurance is RON 4,860;
- (iii) RON 97,200, for individuals obtaining an income higher than 24 times the gross monthly minimum salary. In this case, the minimum contribution for social health insurance is RON 9,720.

Taxation of legal entity tax resident in Romania

Legal entities tax resident in Romania will be subject to corporate income tax on any income resulting from the holding, redemption, sale or any other transaction with the Notes. The applicable corporate income tax rate is 16%.

The taxable base for corporate income tax purpose is computed as the difference between revenues and expenses registered by entities as per the accounting rules, adjusted with tax items. Therefore, the corporate income tax implication deriving from holding, redemption, sale or any other transaction with the Notes is dependent also on the accounting treatment applied to such Notes, especially as regards the recognition of the related revenues and expenses.

The Romanian fiscal legislation, states that the losses incurred by a company from selling receivables are deductible within certain limits (i.e., 70% in case of credit institutions and 30% for other companies). However, these provisions do not apply in the case of assignments of government securities, bonds, and other debt instruments that grant the holder a contractual right to receive cash – in such cases the expenses recorded from such assignments are deductible when calculating the taxable basis for corporate income tax purposes.

Romanian resident legal entities meeting certain criteria (including total revenues exceeding EUR 50,000,000 or being part of a tax group meeting certain conditions) are subject to a minimum turnover tax of 0.5% of turnover (the turnover for the purpose of this tax include total revenues with certain adjustments, but no deduction is allowed for expenses). More specifically, such legal entities, who in the current year, determine a cumulative profit tax due from the beginning of the fiscal year to the end of the quarter/calculation year lower than the minimum turnover tax (including in case they are in a tax loss) are obliged to pay a profit tax at the level of the minimum turnover tax. The income resulting from the holding, redemption, sale or any other transaction with the Securities is included in the taxable basis.

In addition, credit institutions are subject to a supplementary tax on their turnover. If Romanian legal entities qualify as microenterprise taxpayers (such as entities with an income lower than the RON equivalent of EUR 100,000, but additional conditions apply) they are subject to 1% tax on their income (no expenses are allowed for deduction). The income resulting from the holding, redemption, sale or any other transaction with the Securities is included in the taxable basis.

Relief for tax paid in a non-Romanian country in connection with the Notes may be available if Romania has a double tax treaty in place with the country where the tax was paid. The relief is granted either under the form of tax credit from and within the limit of the corporate income tax due in Romania on the same income. The tax credit is subject to the availability of supporting documentation proving the tax paid in the non-Romanian country.

Taxation of legal entity that are not tax residents in Romania

Legal entities that are not tax residents of Romania will be subject to corporate income tax in Romania on income derived from holding, redeeming, selling, or otherwise transacting with the Notes only if they have a permanent establishment in Romania and the transactions with the Notes are attributable to that permanent establishment.

Taxation of Romanian tax transparent entities

Romanian tax-transparent entities (such as associations, joint ventures, associations based on joint operation agreements, economic interest groups, civil partnerships, or any other entity that is not a separate taxable person such as certain pension funds) obtaining income or gains from holding, redeeming, selling, or otherwise transacting with the Notes will not themselves be subject to taxation. However, each associate/participant in such Romanian tax-transparent entities will be subject to taxation in Romania, provided they are Romanian tax resident individuals, Romanian tax resident legal entities, or non-Romanian legal entity investors that have a permanent establishment in Romania.

UNITED KINGDOM TAXATION

The comments below are of a general nature based on current United Kingdom law as applied in England and Wales and HM Revenue & Customs published practice (which may not be binding on HM Revenue & Customs), in each case as at the latest practicable date before the date of this Securities Note. They relate only to United Kingdom withholding tax and certain information requirements and are not intended to be exhaustive. They assume that interest on the Notes does not have a United Kingdom source, and in particular that the Issuer is not resident in the United Kingdom for tax purposes and do not act through a permanent establishment in the United Kingdom in relation to the Notes. They also assume that there will be no substitution of the Issuer and do not address the consequences of any such substitution (notwithstanding that such substitution may be permitted by the terms and conditions of the Notes). Any holders of the Notes who are in doubt as to their own tax position should consult their professional advisers.

References in this part to “interest” shall mean amounts that are treated as interest for the purposes of United Kingdom taxation.

Payments in Respect of the Notes

Payments of interest on the Notes by the Issuer may be made without withholding or deduction for or an account of United Kingdom income tax.

SINGAPORE TAXATION

The statements below are general in nature and are based on certain aspects of current tax laws in Singapore and administrative guidelines and circulars issued by the IRAS and the MAS in force as at the date of this Securities Note and are subject to any changes in such laws, administrative guidelines or circulars, or the interpretation of those laws, guidelines or circulars, occurring after such date, which changes could be made on a retroactive basis. These laws, guidelines and circulars are also subject to various interpretations and the relevant tax authorities or the courts could later disagree with the explanations or conclusions set out below. Neither these statements nor any other statements in this Securities Note are intended or are to be regarded as advice on the tax position of any holder of the Notes or of any person acquiring, selling or otherwise dealing with the Notes or on any tax implications arising from the acquisition, sale or other dealings in respect of the Notes. The statements made herein do not purport to be a comprehensive or exhaustive description of all the tax considerations that may be relevant to a decision to subscribe for, purchase, own or dispose of the Notes and do not purport to deal with the tax consequences applicable to all categories of investors, some of which (such as dealers in securities or financial institutions in Singapore which have been granted the relevant Financial Sector Incentive(s) or hold a specified licence) may be subject to special rules or tax rates. The statements should not be regarded as advice on the tax position of any person and should be treated with appropriate caution. Prospective holders of the Notes are advised to consult their own professional tax advisers as to the Singapore or other tax consequences of the acquisition, ownership or disposal of the Notes, including, in particular, the effect of any foreign, state or local tax laws to which they are subject. It is emphasised that none of the Issuer, the Arranger, the Dealer and any other persons involved in the Programme accepts responsibility for any tax effects or liabilities resulting from the subscription for, purchase, holding or disposal of the Notes.

In addition, the disclosure below is made on the assumption that IRAS regards each Tranche of the Notes, which are intended to be “qualifying debt securities” for the purposes of the ITA, as “debt securities” for the purposes of the Income Tax Act and that distribution payments made under each Tranche of the Notes will be regarded as interest payable on indebtedness and holders thereof may therefore enjoy the tax concessions and exemptions available for qualifying debt securities, provided that the conditions for the qualifying debt securities scheme are satisfied. If any tranche of the Notes is not regarded as “debt securities” for the purposes of the Income Tax Act, or any distribution payment made under any Tranche of the Notes is not regarded as interest payable on indebtedness or holders thereof are not eligible for the tax concessions under the qualifying debt securities scheme, the tax treatment to holders may differ. No assurance, warranty or guarantee is given on the tax treatment to holders of any Tranche of Notes in respect of the distributions payable to them. Investors and holders of any Tranche of the Notes should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding and disposal of any tranche of the Notes.

Interest and Other Payments

Generally, interest and other payments derived by a holder of the Notes who is not resident in Singapore and who does not have any permanent establishment in Singapore is not subject to tax, as such income is likely to be regarded as arising from a source outside Singapore, given that the Issuer is issuing the Notes outside Singapore and not through a branch, permanent establishment, or otherwise in Singapore. However, even if such interest and payments are regarded as sourced in Singapore, such interest and other payments may also be exempt from tax, including withholding of tax, if the Notes qualify as “qualifying debt securities” as discussed below.

Subject to the following paragraphs, under Section 12(6) of the Income Tax Act, the following payments are deemed to be derived from Singapore:

- (a) any interest, commission, fee or any other payment in connection with any loan or indebtedness or with any arrangement, management, guarantee, or service relating to any loan or indebtedness which is (i) borne, directly or indirectly, by a person resident in Singapore or a permanent establishment in Singapore (except in respect of any business carried on outside Singapore through a permanent establishment outside Singapore or any immovable property situated outside Singapore) or (ii) deductible against any income accruing in or derived from Singapore; or
- (b) any income derived from loans where the funds provided by such loans are brought into or used in Singapore.

Such payments, where made to a person not known to the paying party to be a resident in Singapore for tax purposes, are generally subject to withholding tax in Singapore. The rate at which tax is to be withheld for such payments (other than those subject to the 15% final withholding tax described below) to non-resident persons (other than non-resident individuals or a Hindu joint family) is currently 17%. The applicable rate for non-resident individuals or a Hindu joint family is currently 24%. However, if the payment is derived by a person not resident in Singapore from sources other than from its trade, business, profession or vocation carried on or exercised by such person in Singapore and is not effectively connected with any permanent establishment in Singapore of that person, the payment is subject to a final withholding tax of 15%. The rate of 15% may be reduced by applicable tax treaties, subject to certain conditions being met.

However, certain Singapore-sourced investment income derived by individuals from financial instruments is exempt from tax, including interest, discount income (not including discount income arising from secondary trading), early redemption fee and redemption premium from debt securities, except where such income is derived through a partnership in Singapore or is derived from the carrying on of a trade, business or profession.

In addition, where more than half of the Notes issued under a tranche of the Programme are distributed by one of more of the following entities holding the relevant licenses (collectively, “**specified licensed entities**”):

- (a) any bank or merchant bank licensed under the Banking Act 1970 of Singapore;
- (b) any finance company licensed under the Finance Companies Act 1967 of Singapore;
- (c) a person who holds a Capital Markets Services Licence under the Securities and Futures Act 2001 of Singapore to carry on a business in any of the following regulated activities:
 - (1) advising on corporate finance; or
 - (2) dealing in capital market products; or
- (d) such other person as may be prescribed by rules made under section 7 of the Income Tax Act,

such tranche of Notes (the “**Relevant Notes**”) issued as debt securities under the Programme during the period from the date of this Securities Note to (and including) 31 December 2028 would be “qualifying debt securities” pursuant to the Income Tax Act and the MAS Circular FDD Cir 08/2023 entitled “Qualifying Debt Securities and Primary Dealer Schemes – Extension and Refinements” issued by the MAS on 31 May 2023 (the “**MAS Circular**”), to which the following treatments shall apply:

- (i) subject to certain prescribed conditions having been fulfilled (including the submission to the MAS of a return on debt securities in respect of the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as

the MAS may require and the inclusion by the Issuer in all offering documents relating to the Relevant Notes of a statement to the effect that where interest, discount income, early redemption fee or redemption premium from the Relevant Notes is derived by a person who is not resident in Singapore and who carries on any operation in Singapore through a permanent establishment in Singapore, the tax exemption for qualifying debt securities shall not apply if the non-resident person acquires the Relevant Notes using funds from that person's operations through the Singapore permanent establishment), interest, discount income (not including discount income arising from secondary trading), early redemption fee and redemption premium (collectively, the "**Qualifying Income**") from the Relevant Notes, derived by a holder who is not resident in Singapore and who (aa) does not have any permanent establishment in Singapore or (bb) carries on any operation in Singapore through a permanent establishment in Singapore but the funds used by that person to acquire the Relevant Notes are not obtained from such person's operation through a permanent establishment in Singapore, are exempt from Singapore tax;

- (ii) subject to certain conditions having been fulfilled including the furnishing by the Issuer, or such other person as the MAS may direct, to the MAS of a return on debt securities for the Relevant Notes in the prescribed format within one month of the date of issue of the relevant debt securities or such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require to MAS and such other relevant authorities as may be prescribed, Qualifying Income from the Relevant Notes derived by any company or body of persons (as defined in the Income Tax Act) in Singapore is subject to income tax at a concessionary rate of 10% (except for holders of the relevant Financial Sector Incentive(s) or other special tax incentives who may be taxed at different rates) under section 43H(1) of the Income Tax Act; and
- (iii) subject to:
 - (a) the Issuer including in all offering documents relating to the Relevant Notes a statement to the effect that any person whose interest, discount income, early redemption fee or redemption premium derived from the Relevant Notes is not exempt from tax shall include such income in a return of income made under the Income Tax Act; and
 - (b) the furnishing by the Issuer, or such other person as the MAS may direct, to the MAS of a return on debt securities in respect of the Relevant Notes in the prescribed format within such period as the MAS may specify and such other particulars in connection with the Relevant Notes as the MAS may require,

payments of Qualifying Income derived from the Relevant Notes are not subject to withholding of tax (if applicable) by the Issuer.

However, notwithstanding the foregoing:

- (A) if during the primary launch of any tranche of the Relevant Notes, the Relevant Notes of such tranche are issued to less than four persons and 50% or more of the issue of such Relevant Notes is beneficially held or funded, directly or indirectly, by related parties of the Issuer, such Relevant Notes would not qualify as "qualifying debt securities"; and
- (B) even though a particular tranche of Relevant Notes are "qualifying debt securities", if, at any time during the tenure of such tranche of Relevant Notes, 50% or more of the issue of such Relevant Notes which are outstanding at any time during the life of the issue is beneficially held or funded, directly or indirectly, by any related party(ies) of the Issuer, Qualifying Income derived from such Relevant Notes held by:

- (i) any related party of the Issuer; or
- (ii) any other person where the funds used by such person to acquire such Relevant Notes are obtained, directly or indirectly, from any related party of the Issuer,

shall not be eligible for the tax exemption or concessionary rate of tax as described above.

The term “**related party**”, in relation to a person, means any other person who, directly or indirectly, controls that person, or is being controlled, directly or indirectly, by that person, or where he and that other person, directly or indirectly, are under the control of a common person.

The terms “**early redemption fee**” and “**redemption premium**” are defined in the Income Tax Act as follows:

“**early redemption fee**”, in relation to debt securities, qualifying debt securities or qualifying project debt securities, means any fee payable by the issuer of the securities on the early redemption of the securities; and

“**redemption premium**”, in relation to debt securities, qualifying debt securities or qualifying project debt securities, means any premium payable by the issuer of the securities on the redemption of the securities upon their maturity or on the early redemption of the securities.

References to “**early redemption fee**” and “**redemption premium**” in this Singapore tax disclosure have the same meaning as defined in the Income Tax Act.

All foreign-sourced income received in Singapore on or after 1 January 2004 by Singapore tax-resident individuals will be exempt from income tax, provided such foreign-sourced income is not received through a partnership in Singapore.

Where interest, discount income, early redemption fee and redemption premium (i.e. the Qualifying Income) is derived from any of the Relevant Notes by any person who is not resident in Singapore and who carries on any operations in Singapore through a permanent establishment in Singapore, the tax exemption available for qualifying debt securities under the Income Tax Act (as mentioned above) shall not apply if such person acquires such Relevant Notes using the funds and profits of such person’s operations through a permanent establishment in Singapore. Any person whose interest, discount income, early redemption fee or redemption premium derived from the Relevant Notes is not exempt from tax (including for the reasons described above) shall include such income in a return of income made under the Income Tax Act.

Capital Gains

Subject to the disclosure in the next paragraph, any gains considered to be in the nature of capital made from the sale of the Notes will generally not be taxable in Singapore. However, any gains derived by any person from the sale of the Notes which are gains from any trade, business, profession or vocation carried on by that person, if accruing in or derived from Singapore, may be taxable as such gains are considered revenue in nature.

Under section 10L of the Income Tax Act, gains received in Singapore by an entity of a relevant group from the sale or disposal of any movable or immovable property outside Singapore will be treated as income chargeable to tax under section 10(1)(g) of the Income Tax Act under certain circumstances. Debt securities will be deemed to be located outside Singapore if the issuer thereof is incorporated outside Singapore or in the case of registered debt securities, the register or principal register (if there is more than one register) is located outside Singapore regardless where the issuer is incorporated. If the Instruments are deemed to be foreign assets, gains from their disposal will be subject to tax if an entity of a relevant group (other than an excluded entity) disposed of the Instruments on or after 1 January 2024. An entity is a member of a group of entities if its assets, liabilities, income, expenses and cash flows are (a) included in the consolidated financial statements of the parent entity of the group; or (b) excluded from the

consolidated financial statements of the parent entity of the group solely on size or materiality grounds or on the grounds that the entity is held for sale. A group is a relevant group if (a) the entities of the group are not all incorporated, registered or established in Singapore; or (b) any entity of the group has a place of business outside Singapore. An excluded entity is defined in section 10L of the Income Tax Act to include a pure equity-holding company or any other entity with adequate economic substance in Singapore taking into account factors enumerated in section 10L of the Income Tax Act.

Holders of the Notes are advised to consult their own tax advisors on the applicable tax treatment if they received gains in Singapore from the disposal of the Notes.

Holders of the Notes who apply or are required to apply Singapore Financial Reporting Standards 109 (“**FRS 109**”) or Singapore Financial Reporting Standards (International) 9 (“**SFRS(I) 9**”) may for Singapore income tax purposes be required to recognise gains or losses (not being gains or losses in the nature of capital) on the Notes, irrespective of disposal, in accordance with FRS 109 or SFRS(I) 9 (as the case may be) (as modified by the applicable provisions of Singapore income tax law). Please see the section below on “*Adoption of FRS 109 or SFRS(I) 9 Treatment for Singapore Income Tax Purposes*”.

Adoption of FRS 109 or SFRS(I) 9 Treatment for Singapore Income Tax Purposes

FRS 109 or SFRS(I) 9 (as the case may be) is mandatorily effective for annual periods beginning on or after 1 January 2018. Section 34AA of the Income Tax Act requires taxpayers who comply or who are required to comply with FRS 109 or SFRS(I) 9 for financial reporting purposes to calculate their profit, loss or expense for Singapore income tax purposes in respect of financial instruments in accordance with FRS 109 or SFRS(I) 9 (as the case may be), subject to certain exceptions. The IRAS has also issued a circular entitled “Income Tax: Income Tax Treatment Arising from Adoption of FRS 109 – Financial Instruments”.

Holders of the Notes who may be subject to the tax treatment under 34AA of the Income Tax Act should consult their own accounting and tax advisers regarding the Singapore income tax consequences of their acquisition, holding or disposal of the Notes.

Estate Duty

Singapore estate duty has been abolished with respect to all deaths occurring on or after 15 February 2008.

UNITED STATES FEDERAL INCOME TAXATION

The following is a summary of certain U.S. federal income tax consequences of the acquisition, ownership and disposition of Notes by a U.S. Holder (as defined below). This summary does not address the material U.S. federal income tax consequences of every type of Note which may be issued under the Programme, and the applicable Final Terms and/or relevant pricing term sheet may contain additional or modified disclosure concerning the material U.S. federal income tax consequences relevant to such type of Note as appropriate. This summary deals only with initial purchasers of Notes that acquire the Notes in an offering at their initial offering price that are U.S. Holders and that will hold the Notes as capital assets. The discussion does not cover all aspects of U.S. federal income taxation that may be relevant to, or the actual tax effect that any of the matters described herein will have on, the acquisition, ownership or disposition of Notes by particular investors (including consequences under the alternative minimum tax or the net investment income tax), and does not address state, local, non-U.S. or other tax laws (such as estate or gift tax laws). This summary also does not discuss all of the tax considerations that may be relevant to certain types of investors subject to special treatment under the U.S. federal income tax laws (such as certain financial institutions, insurance companies, individual retirement accounts and other tax-deferred accounts, tax-exempt organisations, dealers in securities or currencies, traders in securities that elect to use a mark-to-market method of accounting for their securities holdings, investors that will hold the Notes as part of straddles, hedging transactions or conversion

transactions for U.S. federal income tax purposes, investors that purchase or sell the Notes as part of a wash sale for U.S. federal income tax purposes, persons that have ceased to be U.S. citizens or lawful permanent residents of the United States, investors holding the Notes in connection with a trade or business conducted outside of the United States or investors whose functional currency is not the U.S. dollar). Moreover, the summary deals only with Notes with a term of 30 years or less. The U.S. federal income tax consequences of owning Notes with a longer term may be discussed in the applicable Final Terms and/or relevant pricing term sheet.

As used herein, the term “**U.S. Holder**” means a beneficial owner of Notes that is, for U.S. federal income tax purposes, (i) an individual citizen or resident of the United States, (ii) a corporation created or organised under the laws of the United States, any state thereof or the District of Columbia, (iii) an estate the income of which is subject to U.S. federal income tax without regard to its source or (iv) a trust, if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or the trust has validly elected to be treated as a domestic trust for U.S. federal income tax purposes.

The U.S. federal income tax treatment of a partner in an entity or arrangement treated as a partnership for U.S. federal income tax purposes that holds Notes will depend on the status of the partner and the activities of the partnership. Prospective purchasers that are entities or arrangements treated as partnerships for U.S. federal income tax purposes should consult their tax adviser concerning the U.S. federal income tax consequences to them and their partners of the acquisition, ownership and disposition of Notes by the partnership.

This summary is based on the tax laws of the United States including the Code, its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as of the date hereof and all subject to change at any time, possibly with retroactive effect.

Bearer Notes are not being offered to U.S. Holders. A U.S. Holder who owns a Bearer Note may be subject to limitations under United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Code. The remainder of this discussion does not address Bearer Notes.

THE SUMMARY OF U.S. FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING THE NOTES, INCLUDING THEIR ELIGIBILITY FOR ANY APPLICABLE TREATY, THE APPLICABILITY AND EFFECT OF U.S. FEDERAL, STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

U.S. Federal Income Tax Characterisation of the Notes

The following discussion addresses Notes that will be treated as debt for U.S. federal income tax purposes. However, the matter is not always entirely clear. Depending on the restrictions that may apply to payments of interest on and principal of Notes in a particular Series and certain other terms (e.g. tenure, level of subordination), it is possible that those Notes may be treated as equity or as some other form of instrument. The tax treatment of Notes that have a significant likelihood of being characterised as other than debt may be discussed in the applicable Final Terms and/or relevant pricing term sheet. Even if Notes in a Series are treated as debt, features of the Notes, including restrictions on payments may cause the Notes to be treated as Contingent Notes, which are subject to special rules described below under “*Contingent Payment Debt Instruments*”. No rulings will be sought from the U.S. Internal Revenue Service (the “**IRS**”) regarding the characterisation of any of the Notes issued hereunder for U.S. federal income tax purposes. Each U.S. Holder should consult its own tax adviser about the proper characterisation of the Notes for U.S. federal income tax purposes, and the consequences to the holder of acquiring, owning or disposing of the Notes.

Payments of Interest

General

Interest on a Note, whether payable in U.S. dollars or a single non-U.S. dollar currency (a “**foreign currency**”), other than interest on a “Discount Note” that is not “qualified stated interest” (each as defined below under “*Original Issue Discount — General*”), will be taxable to a U.S. Holder as ordinary income at the time it is received or accrued, depending on the U.S. Holder’s method of accounting for U.S. federal income tax purposes, reduced by the allocable amount of any amortizable bond premium, as further described below. Interest paid by the Issuer on the Notes and original issue discount (“**OID**”), if any, accrued with respect to the Notes (as described below under “*Original Issue Discount*”) generally will constitute income from sources outside the United States and will generally be passive income for purposes of the rules regarding the foreign tax credit limitation applicable to a U.S. Holder. Prospective purchasers should consult their tax advisers concerning the applicability of the foreign tax credit, deductibility and source of income rules to income or any non-U.S. tax attributable to the Notes, including the impact of any applicable tax treaty.

Pre-Issuance Accrued Interest

If a portion of the price paid for a Note is attributable to an amount of interest accrued prior to the date the Note is issued (the “**pre-issuance accrued interest**”), the Issuer intends to treat a portion of the first interest payment on the Notes equal to the amount of the pre-issuance accrued interest as a non-taxable return of the pre-issuance accrued interest. This discussion assumes that the first interest payment on Notes with pre-issuance accrued interest will be so treated, and references to interest in the remainder of this discussion exclude pre-issuance accrued interest. This discussion assumes that in determining the issue price of a Note, there will be excluded an amount equal to the pre-issuance accrued interest. Pre-issuance accrued interest not included in income should not form part of any amortisable bond premium (as described below under “*Notes Purchased at a Premium*”). A U.S. Holder’s tax basis in a Note will be reduced by any non-taxable return of pre-issuance accrued interest. This discussion does not otherwise address the treatment of pre-issuance accrued interest, and U.S. Holders should consult their tax advisers concerning the U.S. federal income tax treatment of pre-issuance accrued interest.

Original Issue Discount

General

The following is a summary of the principal U.S. federal income tax consequences of the ownership of Notes issued with OID.

A Note, other than a Note with a term of one year or less (a “**Short-Term Note**”), will be treated as issued with OID (a “**Discount Note**”) if the excess of the Note’s “stated redemption price at maturity” over its issue price is equal to or more than a *de minimis* amount (generally 0.25% of the Note’s stated redemption price at maturity multiplied by the number of complete years to its maturity). An obligation that provides for the payment of amounts other than qualified stated interest before maturity (an “**installment obligation**”) will be treated as a Discount Note if the excess of the Note’s stated redemption price at maturity over its issue price is equal to or greater than 0.25% of the Note’s stated redemption price at maturity multiplied by the weighted average maturity of the Note. A Note’s weighted average maturity is the sum of the following amounts determined for each payment on a Note (other than a payment of qualified stated interest): (i) the number of complete years from the issue date until the payment is made multiplied by (ii) a fraction, the numerator of which is the amount of the payment and the denominator of which is the Note’s stated redemption price at maturity. Generally, the issue price of a Note will be the first price at which a substantial amount of Notes included in the issue of which the Note is a part is sold to persons other than bond houses, brokers, or similar persons or organisations acting in the capacity of underwriters, placement agents, or wholesalers. The stated redemption price at maturity of a Note is the total of all payments provided by the Note that are not payments

of “qualified stated interest”. A qualified stated interest payment generally is any one of a series of stated interest payments on a Note that are unconditionally payable at least annually at a single fixed rate (with certain exceptions for lower rates paid during some periods), or a variable rate (in the circumstances described below under “*Variable Interest Rate Notes*”), applied to the outstanding principal amount of the Note. Solely for the purposes of determining whether a Note has OID, the Issuer will be deemed to exercise any unconditional call option that has the effect of decreasing the yield on the Note, and the U.S. Holder will be deemed to exercise any unconditional put option that has the effect of increasing the yield on the Note. If it was deemed that any call or put option would be exercised but was not in fact exercised, the Note would be treated solely for the purpose of calculating OID as if it were redeemed, and a new Note were issued, on the presumed exercise date for an amount equal to the Note’s adjusted issue price on that date.

If a Note has *de minimis* OID, a U.S. Holder must include the *de minimis* amount in income as stated principal payments are made on the Note, unless the U.S. Holder makes the election described below under “*Election to Treat All Interest as Original Issue Discount*”. A U.S. Holder can determine the includible amount with respect to each such payment by multiplying (i) the total amount of the Note’s *de minimis* OID by (ii) a fraction equal to the amount of the principal payment made divided by the stated principal amount of the Note.

U.S. Holders of Discount Notes must include OID in income calculated on a constant-yield method before the receipt of cash attributable to the income, and generally will have to include in income increasingly greater amounts of OID over the life of the Discount Notes. The amount of OID includible in income by a U.S. Holder of a Discount Note is the sum of the daily portions of OID with respect to the Discount Note for each day during the taxable year or portion of the taxable year on which the U.S. Holder holds the Discount Note. The daily portion is determined by allocating to each day in any “accrual period” a *pro rata* portion of the OID allocable to that accrual period. Accrual periods with respect to a Note may be of any length selected by the U.S. Holder and may vary in length over the term of the Note as long as (i) no accrual period is longer than one year and (ii) each scheduled payment of interest or principal on the Note occurs on either the final or first day of an accrual period. The amount of OID allocable to an accrual period equals the excess of (a) the product of the Discount Note’s adjusted issue price at the beginning of the accrual period and the Discount Note’s yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period) over (b) the sum of the payments of qualified stated interest on the Note allocable to the accrual period. The “adjusted issue price” of a Discount Note at the beginning of any accrual period is the issue price of the Note increased by (x) the amount of accrued OID for each prior accrual period and decreased by (y) the amount of any payments previously made on the Note that were not qualified stated interest payments.

Acquisition Premium

A U.S. Holder that purchases a Discount Note for an amount less than or equal to the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, but in excess of its adjusted issue price (any such excess being “acquisition premium”) and that does not make the election described below under “*Election to Treat All Interest as Original Issue Discount*”, is permitted to reduce the daily portions of OID by a fraction, the numerator of which is the excess of the U.S. Holder’s adjusted basis in the Note immediately after its purchase over the Note’s adjusted issue price, and the denominator of which is the excess of the sum of all amounts payable on the Note after the purchase date, other than payments of qualified stated interest, over the Note’s adjusted issue price.

Short-Term Notes

In general, an individual or other cash basis U.S. Holder of a Short-Term Note is not required to accrue OID (as specially defined below for the purposes of this paragraph) for U.S. federal income tax purposes unless it elects to do so (but may be required to include any stated interest in income as the interest is received). Accrual basis U.S.

Holders and certain other U.S. Holders are required to accrue OID on Short-Term Notes on a straight-line basis or, if the U.S. Holder so elects, under the constant-yield method (based on daily compounding). In the case of a U.S. Holder not required and not electing to include OID in income currently, any gain realised on the sale or retirement of the Short-Term Note will be ordinary income to the extent of the OID accrued on a straight-line basis (unless an election is made to accrue the OID under the constant-yield method) through the date of sale or retirement. U.S. Holders who are not required and do not elect to accrue OID on Short-Term Notes will be required to defer deductions for interest on borrowings allocable to Short-Term Notes in an amount not exceeding the deferred income until the deferred income is realised.

For purposes of determining the amount of OID subject to these rules, all interest payments on a Short-Term Note are included in the Short-Term Note's stated redemption price at maturity. A U.S. Holder may elect to determine OID on a Short-Term Note as if the Short-Term Note had been originally issued to the U.S. Holder at the U.S. Holder's purchase price for the Short-Term Note. This election will apply to all obligations with a maturity of one year or less acquired by the U.S. Holder on or after the first day of the first taxable year to which the election applies, and may not be revoked without the consent of the IRS.

Fungible Issue

The Issuer may, without the consent of the holders of outstanding Notes, issue additional Notes with identical terms. These additional Notes, even if they are treated for non-tax purposes as part of the same series as the original Notes, in some cases may be treated as a separate issue for U.S. federal income tax purposes. In such a case, the additional Notes may be considered to have been issued with OID even if the original Notes had no OID, or the additional Notes may have a different amount of OID than the remaining OID on the original Notes. These differences may affect the trading price of the original Notes if the additional Notes are not otherwise distinguishable from the original Notes.

Market Discount

A Note purchased after its original issuance or at original issuance for a price other than the issue price, other than a Short-Term Note, generally will be treated as purchased at a market discount (a "**Market Discount Note**") if the Note's stated redemption price at maturity or, in the case of a Discount Note, the Note's "revised issue price", exceeds the amount for which the U.S. Holder purchased the Note by at least 0.25% of the Note's stated redemption price at maturity multiplied by the number of complete years to the Note's maturity (or, in the case of a Note that is an installment obligation, the Note's weighted average maturity). If this excess is not sufficient to cause the Note to be a Market Discount Note, then the excess constitutes "*de minimis* market discount". For this purpose, the "revised issue price" of a Note generally equals its issue price, increased by the amount of any OID that has accrued on the Note and decreased by the amount of any payments previously made on the Note that were not qualified stated interest payments. Additionally, for this purpose the "stated redemption price at maturity" (as defined above) is decreased by the amount of any payments previously made on the Note that were not qualified stated interest.

Any gain recognised on the sale or retirement of a Market Discount Note (including any payment on a Note that is not qualified stated interest) generally will be treated as ordinary income to the extent of the accrued market discount on the Note. Alternatively, a U.S. Holder of a Market Discount Note may avoid such treatment by electing to include market discount in income currently over the life of the Note. This election applies to all debt instruments with market discount acquired by the electing U.S. Holder on or after the first day of the first taxable year for which the election is made. This election may not be revoked without the consent of the IRS. A U.S. Holder of a Market Discount Note that does not elect to include market discount in income currently may be required to defer deductions for interest on borrowings incurred to purchase or carry a Market Discount Note. Such interest is deductible when paid or incurred to the extent of income from the Market Discount Note for the year. If the interest expense exceeds such income, such excess is currently deductible only to the extent that such excess exceeds the portion of the market

discount allocable to the days during the taxable year on which such Market Discount Note was held by the U.S. Holder.

Market discount will accrue on a straight-line basis unless the U.S. Holder elects to accrue the market discount under a constant-yield method. This election applies only to the Market Discount Note with respect to which it is made and is irrevocable.

The application of the foreign tax credit rules to non-U.S. taxes imposed on any income attributable to market discount is not clear and U.S. Holders should consult their tax advisers regarding the application of the foreign tax credit rules to any non-U.S. taxes imposed on such income in their particular circumstances.

Variable Interest Rate Notes

Notes that provide for interest at variable rates (“**Variable Interest Rate Notes**”) generally will bear interest at a “qualified floating rate” and thus will be treated as “variable rate debt instruments” under Treasury regulations governing accrual of OID. A Variable Interest Rate Note will qualify as a “variable rate debt instrument” if (a) its issue price does not exceed the total noncontingent principal payments due under the Variable Interest Rate Note by more than a specified *de minimis* amount, (b) it provides for stated interest, paid or compounded at least annually, at (i) one or more qualified floating rates, (ii) a single fixed rate and one or more qualified floating rates, (iii) a single objective rate, or (iv) a single fixed rate and a single objective rate that is a qualified inverse floating rate, and (c) it does not provide for any principal payments that are contingent (other than as described in (a) above).

A “qualified floating rate” is any variable rate where variations in the value of the rate can reasonably be expected to measure contemporaneous variations in the cost of newly borrowed funds in the currency in which the Variable Interest Rate Note is denominated. The product of a fixed multiple and a qualified floating rate will constitute a qualified floating rate only if the multiple is greater than 0.65 but not more than 1.35. A variable rate equal to the product of a qualified floating rate and a fixed multiple that is greater than 0.65 but not more than 1.35, increased or decreased by a fixed rate, will also constitute a qualified floating rate. In addition, two or more qualified floating rates that can reasonably be expected to have approximately the same values throughout the term of the Variable Interest Rate Note (e.g., two or more qualified floating rates with values within 0.25% of each other as determined on the Variable Interest Rate Note’s issue date) will be treated as a single qualified floating rate. Notwithstanding the foregoing, a variable rate that would otherwise constitute a qualified floating rate but which is subject to one or more restrictions such as a maximum numerical limitation (i.e., a cap) or a minimum numerical limitation (i.e., a floor) may, under certain circumstances, fail to be treated as a qualified floating rate.

Under U.S. Treasury regulations, Notes referencing an IBOR that are treated as having a qualified floating rate for purposes of the above will not fail to be so treated merely because the terms of the Notes provide for a replacement of the IBOR in the case of a Benchmark Event. In particular, under the regulations, the IBOR referencing rate and the replacement rate are treated as a single qualified rate.

An “objective rate” is a rate that is not itself a qualified floating rate but which is determined using a single fixed formula and which is based on objective financial or economic information (e.g., one or more qualified floating rates or the yield of actively traded personal property). A rate will not qualify as an objective rate if it is based on information that is within the control of the Issuer (or a related party) or that is unique to the circumstances of the Issuer (or a related party), such as dividends, profits or the value of the Issuer’s stock (although a rate does not fail to be an objective rate merely because it is based on the credit quality of the Issuer). Other variable interest rates may be treated as objective rates if so designated by the IRS in the future. Despite the foregoing, a variable rate of interest on a Variable Interest Rate Note will not constitute an objective rate if it is reasonably expected that the average value of the rate during the first half of the Variable Interest Rate Note’s term will be either significantly less than or significantly greater than the average value of the rate during the final half of the Variable Interest Rate Note’s term.

A “qualified inverse floating rate” is any objective rate where the rate is equal to a fixed rate minus a qualified floating rate, as long as variations in the rate can reasonably be expected to inversely reflect contemporaneous variations in the qualified floating rate. If a Variable Interest Rate Note provides for stated interest at a fixed rate for an initial period of one year or less followed by a variable rate that is either a qualified floating rate or an objective rate for a subsequent period and if the variable rate on the Variable Interest Rate Note’s issue date is intended to approximate the fixed rate (e.g., the value of the variable rate on the issue date does not differ from the value of the fixed rate by more than 0.25%), then the fixed rate and the variable rate together will constitute either a single qualified floating rate or objective rate, as the case may be.

A qualified floating rate or objective rate in effect at any time during the term of the instrument must be set at a “current value” of that rate. A current value of a rate is the value of the rate on any day that is no earlier than 3 months prior to the first day on which that value is in effect and no later than 1 year following that first day.

If a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof qualifies as a variable rate debt instrument, then any stated interest on the Note which is unconditionally payable in cash or property (other than debt instruments of the Issuer) at least annually will constitute qualified stated interest and will be taxed accordingly. Thus, a Variable Interest Rate Note that provides for stated interest at either a single qualified floating rate or a single objective rate throughout the term thereof and that qualifies as a variable rate debt instrument generally will not be treated as having been issued with OID unless the Variable Interest Rate Note is issued at a “true” discount (i.e., at a price below the Note’s stated principal amount) equal to or in excess of a specified *de minimis* amount. OID on a Variable Interest Rate Note arising from “true” discount is allocated to an accrual period using the constant-yield method described above by assuming that the variable rate is a fixed rate equal to (i) in the case of a qualified floating rate or qualified inverse floating rate, the value, as of the issue date, of the qualified floating rate or qualified inverse floating rate, or (ii) in the case of an objective rate (other than a qualified inverse floating rate), a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note.

In general, any other Variable Interest Rate Note that qualifies as a variable rate debt instrument will be converted into an “equivalent” fixed rate debt instrument for purposes of determining the amount and accrual of OID and qualified stated interest on the Variable Interest Rate Note by substituting any qualified floating rate or qualified inverse floating rate provided for under the terms of the Variable Interest Rate Note with a fixed rate equal to the value of the qualified floating rate or qualified inverse floating rate, as the case may be, as of the Variable Interest Rate Note’s issue date. Any objective rate (other than a qualified inverse floating rate) provided for under the terms of the Variable Interest Rate Note is converted into a fixed rate that reflects the yield that is reasonably expected for the Variable Interest Rate Note. In the case of a Variable Interest Rate Note that qualifies as a variable rate debt instrument and provides for stated interest at a fixed rate in addition to either one or more qualified floating rates or a qualified inverse floating rate, the fixed rate is initially converted into a qualified floating rate (or a qualified inverse floating rate, if the Variable Interest Rate Note provides for a qualified inverse floating rate). Under these circumstances, the qualified floating rate or qualified inverse floating rate that replaces the fixed rate must be such that the fair market value of the Variable Interest Rate Note as of the Variable Interest Rate Note’s issue date is approximately the same as the fair market value of an otherwise identical debt instrument that provides for either the qualified floating rate or qualified inverse floating rate rather than the fixed rate. Subsequent to converting the fixed rate into either a qualified floating rate or a qualified inverse floating rate, the Variable Interest Rate Note is converted into an “equivalent” fixed rate debt instrument in the manner described above.

Once the Variable Interest Rate Note is converted into an equivalent fixed rate debt instrument pursuant to the foregoing rules, the amount of OID and qualified stated interest, if any, are determined for the equivalent fixed rate debt instrument by applying the general OID rules to the equivalent fixed rate debt instrument and a U.S. Holder of the Variable Interest Rate Note will account for the OID and qualified stated interest as if the U.S. Holder held the

equivalent fixed rate debt instrument. In each accrual period, appropriate adjustments will be made to the amount of qualified stated interest or OID assumed to have been accrued or paid with respect to the equivalent fixed rate debt instrument in the event that these amounts differ from the actual amount of interest accrued or paid on the Variable Interest Rate Note during the accrual period.

If a Variable Interest Rate Note, such as a Note the payments on which are determined by reference to an index, does not qualify as a variable rate debt instrument, then the Variable Interest Rate Note will be treated as a contingent payment debt obligation. See “*Contingent Payment Debt Instruments*” below for a discussion of the U.S. federal income tax treatment of such Notes.

Notes Purchased at a Premium

A U.S. Holder that purchases a Note for an amount in excess of its principal amount, or for a Discount Note, its stated redemption price at maturity, may elect to treat the excess as “amortisable bond premium”, in which case the amount required to be included in the U.S. Holder’s income each year with respect to interest on the Note will be reduced by the amount of amortisable bond premium allocable (based on the Note’s yield to maturity) to that year. Special rules may limit the amount of bond premium that can be amortised during certain accrual periods in the case of Notes that are subject to optional early redemption. Any election to amortise bond premium will apply to all bonds (other than bonds the interest on which is excludable from gross income for U.S. federal income tax purposes) held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and is irrevocable without the consent of the IRS. See also “*Original Issue Discount — Election to Treat All Interest as Original Issue Discount*”.

Election to Treat All Interest as Original Issue Discount

A U.S. Holder may elect to include in gross income all interest that accrues on a Note using the constant-yield method described above under “*Original Issue Discount – General*”, with certain modifications. For purposes of this election, interest includes stated interest, OID, *de minimis* OID, market discount, *de minimis* market discount and unstated interest, as adjusted by any amortisable bond premium (described above under “*Notes Purchased at a Premium*”) or acquisition premium. This election generally will apply only to the Note with respect to which it is made and may not be revoked without the consent of the IRS. If the election to apply the constant-yield method to all interest on a Note is made with respect to a Market Discount Note, the electing U.S. Holder will be treated as having made the election discussed above under “*Market Discount*” to include market discount in income on a constant-yield basis currently over the life of all debt instruments with market discount that the U.S. Holder acquires on or after the first day of the first taxable year to which the election applies. If the Note has amortisable bond premium, the U.S. Holder would be deemed to have made an election to apply amortisable bond premium against interest for all debt instruments with amortisable bond premium, other than debt instruments the interest on which is excludable from gross income, that the U.S. Holder holds as at the beginning of the taxable year to which the election applies or thereafter. U.S. Holders should consult their tax advisers concerning the propriety and consequences of this election.

Contingent Payment Debt Instruments

Certain Series or Tranches of Notes may be treated as “contingent payment debt instruments” for U.S. federal income tax purposes (“**Contingent Notes**”). Under applicable U.S. Treasury regulations, interest on Contingent Notes will be treated as OID, and must be accrued on a constant-yield basis based on a yield to maturity that reflects the rate at which the Issuer would issue a comparable fixed-rate instrument (the “**comparable yield**”), in accordance with a projected payment schedule. This projected payment schedule must include each non-contingent payment on the Contingent Notes and an estimated amount for each contingent payment, and must produce the comparable yield.

If a Series is subject to the contingent payment debt instrument rules, the Issuer will provide information regarding the comparable yield and the projected payment schedule for the Series. The use of the comparable yield

and the calculation of the projected payment schedule are based upon a number of assumptions and estimates and are not a prediction, representation or guarantee of the actual amounts of interest that may be paid to a U.S. Holder or the actual yield of the Notes. A U.S. Holder will generally be bound by the comparable yield and the projected payment schedule determined by the Issuer, unless the U.S. Holder determines its own comparable yield and projected payment schedule and explicitly discloses such schedule to the IRS, and explains to the IRS the reason for preparing its own schedule. The Issuer's determination, however, is not binding on the IRS, and it is possible that the IRS could conclude that some other comparable yield or projected payment schedule should be used instead.

A U.S. Holder of a Contingent Note generally will be required to include OID in income pursuant to the rules discussed in the final paragraph under "*Original Issue Discount – General*", above, applied to the projected payment schedule. The "adjusted issue price" of a Contingent Note at the beginning of any accrual period is the issue price of the Note increased by the amount of accrued OID for each prior accrual period, and decreased by the projected amount of any payments on the Note. No additional income will be recognised upon the receipt of payments of stated interest in amounts equal to the annual payments included in the projected payment schedule described above. Any differences between actual payments received by the U.S. Holder on the Notes in a taxable year and the projected amount of those payments will be accounted for as additional interest (in the case of a positive adjustment) or as an offset to interest income in respect of the Note (in the case of a negative adjustment), for the taxable year in which the actual payment is made. If the negative adjustment for any taxable year exceeds the amount of OID on the Contingent Note for that year, the excess will be treated as an ordinary loss, but only to the extent the U.S. Holder's total OID inclusions on the Contingent Note exceed the total amount of any ordinary loss in respect of the Contingent Note claimed by the U.S. Holder under this rule in prior taxable years. Any negative adjustment that is not allowed as an ordinary loss for the taxable year is carried forward to the next taxable year, and is taken into account in determining whether the U.S. Holder has a net positive or negative adjustment for that year. However, any negative adjustment that is carried forward to a taxable year in which the Contingent Note is sold, exchanged or retired, to the extent not applied to OID accrued for such year, reduces the U.S. Holder's amount realised on the sale, exchange or retirement.

Substitution of Issuer

The terms of the Notes provide that, in certain circumstances, the obligations of the Issuer under the Notes may be assumed by another entity. Depending on the circumstances, any such assumption might be treated for U.S. federal income tax purposes as a taxable deemed or actual disposition of Notes by a U.S. Holder in exchange for new notes. As a result of this deemed or actual disposition, a U.S. Holder could be required to recognise capital gain or loss for U.S. federal income tax purposes equal to the difference, if any, between the issue price of the new notes (as determined for U.S. federal income tax purposes), and the U.S. Holder's tax basis in the Notes and could be subject to certain other adverse tax consequences. U.S. Holders should consult their tax advisers concerning the U.S. federal income tax consequences to them of any such assumption with respect to the Notes.

Purchase, Sale and Retirement of Notes

Notes other than Contingent Notes

A U.S. Holder generally will recognise gain or loss on the sale or retirement of a Note equal to the difference between the amount realised on the sale or retirement and the U.S. Holder's adjusted tax basis in the Note. A U.S. Holder's adjusted tax basis in a Note generally will be its cost, increased by the amount of any OID or market discount included in the U.S. Holder's income with respect to the Note, and reduced by (i) the amount of any payments that are not qualified stated interest payments, and (ii) the amount of any amortisable bond premium applied to reduce interest on the Note.

The amount realised does not include the amount attributable to accrued but unpaid interest, which will be taxable as interest income to the extent not previously included in income. Except to the extent described above under

“*Original Issue Discount – Market Discount*” or “*Original Issue Discount – Short Term Notes*” or attributable to changes in exchange rates (as discussed below), gain or loss recognised on the sale or retirement of a Note will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder’s holding period in the Notes exceeds one year. Long-term capital gain of certain non-corporate U.S. Holders generally is taxable at reduced rates. The deductibility of capital losses is subject to limitations. Gain or loss realised by a U.S. Holder on the sale or retirement of a Note generally will be U.S. source.

Contingent Notes

Income from the sale or retirement of a Contingent Note will be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. Holder’s total interest inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. Holder took into account as ordinary loss, and any further loss will be capital loss. Income or ordinary loss realised by a U.S. Holder on the sale or retirement of a Contingent Note generally will be foreign source.

A U.S. Holder’s tax basis in a Contingent Note generally will be equal to its cost, increased by the amount of interest previously accrued with respect to the Note (determined without regard to any positive or negative adjustments reflecting the difference between actual payments and projected payments), increased or decreased by the amount of any positive or negative adjustment that the Holder is required to make to account for the difference between the Holder’s purchase price for the Note and the adjusted issue price of the Note at the time of the purchase, and decreased by the amount of any projected payments scheduled to be made on the Note to the U.S. Holder through such date (without regard to the actual amounts paid).

Effect of Foreign Taxes

Except with respect to disposition gains attributable to Contingent Notes or accrued market discount, gain or loss on the disposition of Notes will generally be U.S. source. Therefore, a U.S. Holder may have insufficient foreign source income to utilise foreign tax credits attributable to any non-U.S. taxes imposed on a sale or disposition. The application of these rules is very complex, and recent changes have imposed additional requirements and limitations which may further limit a U.S. Holder’s ability to claim foreign tax credits. IRS guidance provides temporary relief from some of these recent additional requirements and limitations, subject to certain conditions being met, until further notice by the IRS. Prospective purchasers should consult their tax advisers regarding the U.S. federal income tax consequences if any non-U.S. taxes are imposed on disposition gains, including their ability to credit or deduct any non-U.S. tax against their U.S. federal income tax liability, the determination of the amount realised and the proper application of the foreign tax credit rules to income attributable to market discount as well as the potential impact of any applicable tax treaty.

Foreign Currency Notes

Interest

If an interest payment is denominated in, or determined by reference to, a foreign currency, the amount of income recognised by a cash-basis U.S. Holder will be the U.S. dollar value of the interest payment, based on the exchange rate in effect on the date of receipt, regardless of whether the payment is in fact converted into U.S. dollars.

An accrual-basis U.S. Holder may determine the amount of income recognised with respect to an interest payment denominated in, or determined by reference to, a foreign currency in accordance with either of two methods. Under the first method, the amount of income accrued will be based on the average exchange rate in effect during the interest accrual period (or, in the case of an accrual period that spans two taxable years of a U.S. Holder, the part of the period within the taxable year).

Under the second method, the U.S. Holder may elect to determine the amount of income accrued on the basis of the exchange rate in effect on the last day of the accrual period (or, in the case of an accrual period that spans two taxable years, the exchange rate in effect on the last day of the part of the period within the taxable year). Additionally, if a payment of interest is actually received within five business days of the last day of the accrual period, an electing accrual-basis U.S. Holder may instead translate the accrued interest into U.S. dollars at the exchange rate in effect on the day of actual receipt. Any such election will apply to all debt instruments held by the U.S. Holder at the beginning of the first taxable year to which the election applies or thereafter acquired by the U.S. Holder, and will be irrevocable without the consent of the IRS.

Upon receipt of an interest payment (including a payment attributable to accrued but unpaid interest upon the sale or retirement of a Note) denominated in, or determined by reference to, a foreign currency, the accrual-basis U.S. Holder may generally recognise U.S.-source exchange gain or loss (taxable as U.S.-source ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

OID

OID for each accrual period on a Discount Note that is denominated in, or determined by reference to, a foreign currency, will be determined in the foreign currency and then translated into U.S. dollars in the same manner as stated interest accrued by an accrual-basis U.S. Holder, as described above. Upon receipt of an amount attributable to OID (whether in connection with a payment on the Note or a sale or retirement of the Note), a U.S. Holder may generally recognise U.S.-source exchange gain or loss (taxable as U.S.-source ordinary income or loss) equal to the difference between the amount received (translated into U.S. dollars at the spot rate on the date of receipt) and the amount previously accrued, regardless of whether the payment is in fact converted into U.S. dollars.

Market Discount

Market discount on a Note that is denominated in, or determined by reference to, a foreign currency, will be accrued in the foreign currency. If the U.S. Holder elects to include market discount in income currently, the accrued market discount will be translated into U.S. dollars at the average exchange rate for the accrual period (or portion thereof within the U.S. Holder's taxable year). Upon the receipt of an amount attributable to accrued market discount, the U.S. Holder may generally recognise U.S.-source exchange gain or loss (which will be taxable as ordinary income or loss) determined in the same manner as for accrued interest or OID. A U.S. Holder that does not elect to include market discount in income currently will recognise, upon the sale or retirement of the Note, the U.S. dollar value of the amount accrued, calculated at the spot rate on that date, and no part of this accrued market discount will be treated as exchange gain or loss.

Bond Premium

Bond premium (including acquisition premium) on a Note that is denominated in, or determined by reference to, a foreign currency, will be computed in units of the foreign currency, and any such bond premium that is taken into account currently will reduce interest income in units of the foreign currency. U.S.-source exchange gain or loss is realised with respect to the bond premium described in the previous sentence by treating the portion of the premium taken into account currently as a return of principal. On the date bond premium offsets interest income, a U.S. Holder may generally recognise U.S. source exchange gain or loss (taxable as ordinary income or loss) equal to the amount offset multiplied by the difference between the spot rate in effect on the date of the offset, and the spot rate in effect on the date the Notes were acquired by the U.S. Holder. A U.S. Holder that does not elect to take bond premium (other than acquisition premium) into account currently will recognise a U.S.-source capital loss when the Note matures.

Foreign Currency Contingent Notes

Special rules apply to determine the accrual of OID, and the amount, timing, source and character of any gain or loss on a Contingent Note that is denominated in, or determined by reference to, one or more foreign currencies (a “**Foreign Currency Contingent Note**”). The discussion below is limited to a Foreign Currency Contingent Note that is denominated in a single foreign currency. Additional special rules will apply to a Foreign Currency Contingent Note that is denominated in more than one single foreign currency. The rules applicable to Foreign Currency Contingent Notes, including the additional rules applicable to Foreign Currency Contingent Notes denominated in multiple foreign currencies, are complex, and U.S. Holders of Foreign Currency Contingent Notes are urged to consult their tax advisers concerning the application of these rules.

Under these rules, a U.S. Holder of a Foreign Currency Contingent Note generally will be required to accrue OID in the foreign currency in which the Foreign Currency Contingent Note is denominated (i) at a yield at which the Issuer would issue a fixed rate debt instrument denominated in the same foreign currency with terms and conditions similar to those of the Foreign Currency Contingent Note, and (ii) in accordance with a projected payment schedule determined by the Issuer, under rules similar to those described above under “*Contingent Payment Debt Instruments*”. The amount of OID on a Foreign Currency Contingent Note that accrues in any accrual period will be the product of the comparable yield of the Foreign Currency Contingent Note (adjusted to reflect the length of the accrual period) and the adjusted issue price of the Foreign Currency Contingent Note. The adjusted issue price of a Foreign Currency Contingent Note generally will be determined under the rules described above under “*Contingent Payment Debt Instruments*”, and will be denominated in the foreign currency of the Foreign Currency Contingent Note.

OID on a Foreign Currency Contingent Note will be translated into U.S. dollars under translation rules similar to those described above under “*Foreign Currency Notes - Interest*”. Any positive adjustment (i.e. the excess of actual payments over projected payments) in respect of a Foreign Currency Contingent Note for a taxable year will be translated into U.S. dollars at the spot rate on the last day of the taxable year in which the adjustment is taken into account, or if earlier, the date on which the Foreign Currency Contingent Note is disposed of. The amount of any negative adjustment on a Foreign Currency Contingent Note (i.e. the excess of projected payments over actual payments) that is offset against accrued but unpaid OID will be translated into U.S. dollars at the same rate at which the OID was accrued. To the extent a net negative adjustment exceeds the amount of accrued but unpaid OID, the negative adjustment will be treated as offsetting OID that has accrued and been paid on the Foreign Currency Contingent Note, and will be translated into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Note was issued or, if later, acquired. Any net negative adjustment will be carried back to the extent of accruals in the relevant foreign currency in earlier years and, to the extent of any excess, will be carried forward to reduce interest accruals in subsequent years in the relevant foreign currency.

Sale or Retirement

Notes other than Foreign Currency Contingent Notes

As discussed above under “*Purchase, Sale and Retirement of Notes*”, a U.S. Holder generally will recognize gain or loss on the sale or retirement of a Note equal to the difference between the amount realized on the sale or retirement and its tax basis in the Note. A U.S. Holder’s tax basis in a Note that is denominated in a foreign currency will be determined by reference to the U.S. dollar cost of the Note. The U.S. dollar cost of a Note purchased with foreign currency generally will be the U.S. dollar value of the purchase price on the date of purchase, or the settlement date for the purchase, in the case of Notes traded on an established securities market, as defined in the applicable Treasury Regulations, that are purchased by a cash-basis U.S. Holder (or an accrual-basis U.S. Holder that so elects).

The amount realized on a sale or retirement for an amount in foreign currency will be the U.S. dollar value of this amount on the date of sale or retirement, or the settlement date for the sale in the case of Notes traded on an

established securities market, as defined in the applicable Treasury Regulations, sold by a cash basis U.S. Holder (or an accrual basis U.S. Holder that so elects). Such an election by an accrual basis U.S. Holder must be applied consistently from year to year and cannot be revoked without the consent of the IRS.

A U.S. Holder will recognise U.S.-source exchange gain or loss (taxable as ordinary income or loss) on the sale or retirement of a Note equal to the difference, if any, between the U.S. dollar values of the U.S. Holder's purchase price for the Note (as adjusted for amortised bond premium, if any) (i) on the date of sale or retirement and (ii) the date on which the U.S. Holder acquired the Note. Any such exchange rate gain or loss will be realised only to the extent of total gain or loss (including any exchange gain or loss with respect to the receipt of accrued but unpaid interest (including OID)) realised on the sale or retirement. Any excess gain or loss recognised will be capital gain or loss.

Foreign Currency Contingent Notes

Upon a sale or retirement of a Foreign Currency Contingent Note, a U.S. Holder generally will recognise taxable gain or loss equal to the difference between the amount realised on the sale or retirement and the U.S. Holder's tax basis in the Foreign Currency Contingent Note, both translated into U.S. dollars as described below. A U.S. Holder's tax basis in a Foreign Currency Contingent Note will equal (i) the cost thereof (translated into U.S. dollars at the spot rate on the issue date, or, if later, the date in which the Foreign Currency Contingent Note was acquired by the U.S. Holder), (ii) increased by the amount of OID previously accrued on the Foreign Currency Contingent Note (disregarding any positive or negative adjustments and translated into U.S. dollars using the exchange rate applicable to such OID) and (iii) decreased by any non-contingent payments and the projected amount of all prior payments in respect of the Foreign Currency Contingent Note. The U.S. dollar amount of the projected payments described in clause (iii) of the preceding sentence is determined by (i) first allocating the payments to the most recently accrued OID to which prior amounts have not already been allocated and translating those amounts into U.S. dollars at the rate at which the OID was accrued and (ii) then allocating any remaining amount to principal and translating such amount into U.S. dollars at the spot rate on the date the Foreign Currency Contingent Note was issued, or if later, acquired by the U.S. Holder. For this purpose, any accrued OID reduced by a negative adjustment carry-forward will be treated as principal and translated at the spot rate on the date the Foreign Currency Contingent Note was issued, or if later, acquired by the U.S. Holder.

The amount realised by a U.S. Holder upon the sale or retirement of a Foreign Currency Contingent Note will equal the amount of cash and the fair market value (determined in foreign currency) of any property received. If a U.S. Holder holds a Foreign Currency Contingent Note until its scheduled maturity, the U.S. dollar equivalent of the amount realised will be determined by separating such amount realised into principal and one or more OID components, based on the principal and OID composing the U.S. Holder's basis, with the amount realised allocated first to OID (and allocated to the most recently accrued amounts first) and any remaining amounts allocated to principal. The U.S. dollar equivalent of the amount realised upon a sale or unscheduled retirement of a Foreign Currency Contingent Note will be determined in a similar manner, but will first be allocated to principal and then any accrued OID (and will be allocated to the earliest accrued amounts first). Each component of the amount realised will be translated into U.S. dollars using the exchange rate used with respect to the corresponding principal or accrued OID. The amount of any gain realised upon a sale or unscheduled retirement of a Foreign Currency Contingent Note will be equal to the excess of the amount realised over the U.S. Holder's tax basis, both expressed in foreign currency, and will be translated into U.S. dollars using the spot rate on the payment date. Income from the sale or retirement of a Foreign Currency Contingent Note generally will be treated as interest income taxable at ordinary income (rather than capital gains) rates. Any loss will be ordinary loss to the extent that the U.S. Holder's total OID inclusions to the date of sale or retirement exceed the total net negative adjustments that the U.S. Holder took into account as ordinary loss, and any further loss will be capital loss. Gain or loss realised by a U.S. Holder on the sale or retirement of a Foreign Currency Contingent Note generally will be foreign-source.

A U.S. Holder will also recognise U.S.-source exchange rate gain or loss (taxable as ordinary income or loss) on the receipt of foreign currency in respect of a Foreign Currency Contingent Note if the exchange rate in effect on the date the payment is received differs from the rate applicable to the principal or accrued OID to which such payment relates.

Effect of Foreign Taxes

Except with respect to disposition gains attributable to Contingent Notes or accrued market discount, gain or loss on the disposition of Notes will generally be U.S. source. Therefore, a U.S. Holder may have insufficient foreign source income to utilise foreign tax credits attributable to any non-U.S. taxes imposed on a sale or disposition. The application of these rules is very complex, and recent changes have imposed additional requirements and limitations which may further limit a U.S. Holder's ability to claim foreign tax credits. IRS guidance provides temporary relief from some of these recent additional requirements and limitations, subject to certain conditions being met, until further notice by the IRS. Prospective purchasers should consult their tax advisers regarding the U.S. federal income tax consequences if any non-U.S. taxes are imposed on disposition gains, including their ability to credit or deduct any non-U.S. tax against their U.S. federal income tax liability, the determination of the amount realised and the proper application of the foreign tax credit rules to income attributable to market discount as well as the potential impact of any applicable tax treaty.

Disposition of Foreign Currency

Foreign currency received as interest on a Note or on the sale or retirement of a Note will have a tax basis equal to its U.S. dollar value at the time the foreign currency is received. Foreign currency that is purchased generally will have a tax basis equal to the U.S. dollar value of the foreign currency on the date of purchase. Any gain or loss recognised on a sale or other disposition of a foreign currency (including its use to purchase Notes or upon exchange for U.S. dollars) will be U.S.-source ordinary income or loss.

Backup Withholding and Information Reporting

In general, payments of interest and accruals of OID on, and the proceeds of a sale or retirement of, the Notes, payable to a U.S. Holder by a U.S. paying agent or other U.S. intermediary will be reported to the IRS and to the U.S. Holder as may be required under applicable regulations. Backup withholding will apply to these payments, including payments of accrued OID, if the U.S. Holder fails to provide an accurate taxpayer identification number or certification of exempt status or otherwise fails to comply with applicable certification requirements. Certain U.S. Holders (including, among others, corporations) are not subject to backup withholding or information reporting. The amount of any backup withholding from a payment to a U.S. Holder will be allowable as a credit against U.S. federal income tax liability and may entitle the U.S. Holder to a refund, provided that the required information is timely provided to the IRS. U.S. Holders should consult their tax advisers about these Notes and any other reporting obligations that may apply to the ownership or disposition of Notes, including requirements related to the holding of certain specified foreign financial assets.

Reportable Transactions

A U.S. taxpayer that participates in a "reportable transaction" is required to disclose its participation to the IRS. Under the relevant rules, if the Notes are denominated in a foreign currency, a U.S. Holder may be required to treat a foreign currency exchange loss from the Notes as a reportable transaction if this loss exceeds the relevant threshold in the Treasury regulations (U.S.\$50,000 in a single taxable year, if the U.S. Holder is an individual or trust, or higher amounts for other non-individual U.S. Holders, and to disclose its investment by filing IRS Form 8886 with the IRS). A penalty in the amount of up to a maximum of U.S.\$10,000 in the case of a natural person and U.S.\$50,000 in all other cases generally is imposed on any taxpayer that fails to timely file an information return with the IRS with

respect to a transaction resulting in a loss that is treated as a reportable transaction. Prospective purchasers are urged to consult their tax advisers regarding the application of these rules.

FOREIGN ACCOUNT TAX COMPLIANCE WITHHOLDING

Certain non-U.S. financial institutions must comply with information reporting requirements or certification requirements in respect of their direct and indirect U.S. shareholders and/or U.S. accountholders to avoid becoming subject to withholding at a rate of 30% on certain payments. The Issuer and other non-U.S. financial institutions may accordingly be required to report information to the IRS regarding the holders of Notes and to withhold on a portion of payments under the Notes to certain holders that fail to comply with the relevant information reporting requirements (or hold Notes directly or indirectly through certain non-compliant intermediaries). However, under proposed US Treasury regulations, such withholding would generally not apply to payments made before the date that is two years after the date on which final regulations defining foreign passthru payments are published in the U.S. Federal Register. In the preamble to the proposed regulations, the US Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of final regulations. Moreover, such withholding generally would only apply to Notes that are characterised as debt (or which are not otherwise characterised as equity) for U.S. federal income tax purposes and have a fixed term that are issued at least six months after the date on which final regulations implementing such rule are filed with the U.S. Federal Register, or to Notes issued on or before such grandfathered date that are materially modified after such date. Holders of Notes are urged to consult their own tax advisers and any banks or brokers through which they will hold Notes as to the consequences (if any) of these rules to them. In the event any withholding would be required pursuant to FATCA or an intergovernmental agreement between a non-US jurisdiction and the United States, with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

ERISA AND CERTAIN OTHER U.S. CONSIDERATIONS

Section 406 of ERISA and Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the “Code”) (such section, “**Section 4975**”) prohibit certain transactions involving the assets of a Benefit Plan and persons (referred to as “parties in interest” or “disqualified persons”) having certain relationships to such Benefit Plan Investors, unless a statutory or administrative exemption applies. Prohibited transactions under such provisions of ERISA or Section 4975 may arise if any Notes are acquired by a Benefit Plan Investor as to which the Issuer, the Arranger, or the Dealers or the Calculation Agent, or any of their respective affiliates, are a party in interest or a disqualified person. However, certain exemptions from such prohibited transaction provisions may apply depending in part on the type of Plan fiduciary making the decision to acquire Notes and the circumstances under which such decision is made, such as Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code (relating to certain transactions between a plan and a non-fiduciary service provider), Prohibited Transaction Class Exemption (“PTCE”) 95-60 (relating to investments by insurance company general accounts), PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 84-14 (relating to transactions effected by a “qualified professional asset manager”), PTCE 90-1 (relating to investments by insurance company pooled separate accounts) and PTCE 96-23 (relating to transactions determined by an in-house asset manager). There can be no assurance that any exception or exemption from the prohibited transaction rules will be available with respect to any particular transaction involving the Notes, or that, if an exemption is available, it will cover all aspects of any particular transaction. Governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA), non-U.S. plans (as described in Section 4(b)(4) of ERISA) and other employee benefit plans that are not subject to the prohibited transaction provisions of ERISA or Section 4975, may nevertheless be subject to other federal, state, local or non-U.S. laws that are substantially similar to such provisions of ERISA and Section 4975 (“**Similar Law**”).

Any person who makes a recommendation relating to the acquisition, holding or disposition of a Note (or any interest therein) by any Benefit Plan Investor could be alleged to have provided “investment advice” and thereby constitute a “fiduciary” (in each case as defined for purposes of Section 3(21) of ERISA) subject to the fiduciary responsibility requirements of ERISA and the prohibited transaction provisions of ERISA or Section 4975. For avoidance of doubt, none of the Issuer, the Arranger, the Dealers or the Calculation Agent, or any of their respective affiliates, has acted as a fiduciary on behalf of or provided or undertaken to provide any such investment advice, impartial or otherwise, to any Benefit Plan Investor or any agent or representative thereof as to the acquisition, holding or disposition of any Note (or interest therein), including by reason of any statement in the Prospectus or any supplement thereto, or has received any compensation for any such services.

Benefit Plan Investors and any plans subject to Similar Law should consult with their fiduciaries who are independent of the Issuer, the Arranger, the Dealers and the Calculation Agent, and their respective affiliates, and counsel before purchasing any Notes regarding the applicability of ERISA, Section 4975 or Similar Law.

Unless otherwise stated in the Final Terms, each purchaser and transferee of any Registered Notes issued pursuant to Rule 144A will be deemed to have represented and agreed either that (i) it is not and for so long as it holds a Note (or any interest therein) will not be a Benefit Plan Investor or a governmental, church, non-U.S. or other employee benefit plan which is subject to Similar Law, or (ii) its acquisition, holding and disposition of the Notes will not constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or a violation of Similar Law, to the extent applicable and, in the case of any Benefit Plan Investor, none of the Issuer, the Arranger, the Dealers or the Calculation Agent, or any of their respective affiliates, has acted as a “fiduciary” or has provided or undertaken to provide any investment advice within the meaning of Section 3(21) of ERISA as to the acquisition, holding or disposition of any Note (or any interest therein). Any purported purchase or transfer of any Note or interest therein that does not comply with these requirements shall be null and void *ab initio*.

Unless otherwise stated in the applicable Final Terms, each purchaser and transferee of Notes other than Registered Notes issued pursuant to Rule 144A will be deemed to have represented and agreed either that (i) it is not and for so long as it holds a Note (or any interest therein) will not be a Benefit Plan Investor or a governmental, church, non-U.S. or other employee benefit plan which is subject to Similar Law, or (ii) its acquisition, holding and disposition of the Notes will not constitute or result in a prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or a violation of Similar Law, to the extent applicable, and, in the case of any Benefit Plan Investor, none of the Issuer, the Arranger, the Dealers or the Calculation Agent, or any of their respective affiliates, has acted as a “fiduciary” or has provided or undertaken to provide any investment advice within the meaning of Section 3(21) of ERISA, as to the acquisition, holding or disposition of any Note (or any interest therein). Any purported purchase or transfer of any Note (or any interest therein) that does not comply with these requirements shall be null and void *ab initio*.

The foregoing discussion is general in nature and not intended to be all-inclusive. Any fiduciary who proposes to cause a Benefit Plan Investor or plan subject to Similar Law to purchase any Notes should consult with its counsel regarding the applicability of the fiduciary responsibility and prohibited transaction provisions of ERISA and Section 4975 or provisions of Similar Law to such an investment, and to confirm that such investment will not constitute or result in a non-exempt prohibited transaction or any other violation of an applicable requirement of ERISA, Section 4975 or Similar Law.

The sale of Notes to a Benefit Plan Investor or other plan is in no respect a representation by the Issuer, the Arranger or the Dealers that such an investment meets all relevant requirements with respect to investments by, or is an appropriate investment for, Benefit Plan Investors or other plans generally or any particular Benefit Plan Investor or other plan.

SUBSCRIPTION AND SALE

On 13 September 2005, ING Bank N.V. and ING Financial Markets LLC signed a Programme Agreement (as amended, supplemented or restated from time to time, the “**Programme Agreement**”), and ING Financial Markets LLC was appointed as a Dealer in respect of Note issues by the Issuer under the Programme.

One or more other Dealers may be appointed under the Programme in respect of issues of Notes by the Issuer in the future. The Issuer may also issue Notes directly to purchasers thereof.

The Issuer has prepared the Programme Agreement to which any Dealer to be appointed in connection with issues of Notes by the Issuer under the Programme will be required to accede, and pursuant to which any such Dealer may from time to time agree to purchase Notes issued by the Issuer. In the Programme Agreement, the Issuer has agreed to reimburse the relevant Dealers for certain of their expenses in connection with the Programme and the issue of Notes by the Issuer under it.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings assigned to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed that it will not offer, sell or, in the case of bearer Notes, deliver Notes of any Series (i) as part of its distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of an identifiable tranche of which Notes are a part, as determined by the relevant Dealer or, in the case of an identifiable tranche of Notes sold on a syndicated basis, the relevant lead manager, within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 of Regulation S or Rule 144A under the Securities Act. Each Dealer has further agreed that it will have sent to each dealer to which it sells Notes during the distribution compliance period (other than resales pursuant to Rule 144A) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Any offer or sale in the United States will be made by affiliates of the Dealers who are broker-dealers registered under the Exchange Act. Until 40 days after the completion of the offering of any identifiable tranche of Notes, an offer or sale of Notes within the United States by any dealer whether or not participating in the offering may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A. Terms used in this paragraph have the meanings given to them by Regulation S of the Securities Act.

Notes in bearer form

Notes in bearer form having a maturity of more than one year (taking into account any unilateral right to extend or rollover the term) are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a U.S. person, except in certain transactions permitted by U.S. treasury regulations.

Notes in bearer form having a term of more than one year (taking into account any unilateral right to extend or rollover the term) will be issued in accordance with the provisions of United States Treasury regulation section 1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form as such rules for purposes of Section 4701 of the Internal Revenue Code of 1986, as amended (the “**Code**”)) (the “**TEFRA D Rules**”), unless the relevant Final Terms specify that the Notes will be issued in accordance with the provisions of United States Treasury regulation section 1.163-5(c)(2)(i)(C) (or any successor rules in substantially the same form as such rules for purposes of Section 4701 of the Code) (the “**TEFRA C Rules**”).

In respect of Notes in bearer form issued or to be issued in accordance with the TEFRA D Rules, each Dealer has represented and agreed (and each further Dealer appointed under the Program will be required to represent and agree) that:

- (a) except to the extent permitted under the TEFRA D Rules, (i) it has not offered or sold, and during the restricted period will not offer or sell, Notes to a person who is within the United States or its possessions or to a United States person, and (ii) such Dealer has not delivered and will not deliver within the United States or its possessions definitive Notes that are sold during the restricted period;
- (b) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the TEFRA D Rules;
- (c) if such Dealer is a United States person, it represents that it is acquiring the Notes for purposes of resale in connection with their original issuance and, if such Dealer retains Notes for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. § 1.163-5(c)(2)(i)(D)(6) or any successor provision for purposes of Section 4701 of the Code;
- (d) with respect to each affiliate (if any) that acquires from such Dealer Notes for the purposes of offering or selling such Notes during the restricted period, such Dealer either (i) hereby represents and agrees on behalf of such affiliate (if any) to the effect set forth in sub-paragraphs (a), (b) and (c) of this paragraph or (ii) agrees that it will obtain from such affiliate (if any) for the benefit of the Issuer the representations and agreements contained in sub-paragraphs (a), (b) and (c) of this paragraph; and
- (e) such Dealer will obtain for the benefit of the Issuer the representations and agreements contained in sub-paragraphs (a), (b), (c) and (d) of this paragraph from any person other than its affiliate with whom it enters into a written contract, as defined in U.S. Treas. Reg. § 1.163-5(c)(2)(i)(D)(4) or any successor provision for purposes of Section 4701 of the Code, for the offer and sale of Notes during the restricted period.

Terms used in the above paragraph have the meanings given to them by Code and regulations thereunder, including the TEFRA D Rules.

Notes issued pursuant to the TEFRA D Rules and any receipts, coupons or talons appertaining thereto will bear the following legend:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

Where the TEFRA C Rules are specified in the relevant Final Terms as being applicable in relation to any issue of Notes in bearer form, such Notes must be issued and delivered outside the United States and its possessions in connection with their original issuance. Accordingly, each Dealer has represented and agreed (and each additional Dealer appointed under the Program will be required to represent and agree) in respect of such Notes that it has not offered, sold or delivered, and will not offer, sell or deliver, directly or indirectly, any such Notes within the United States or its possessions in connection with the original issuance. Further, each Dealer has represented and agreed (and each further Dealer appointed under the Program will be required to represent and agree) in connection with the original issuance of such Notes, that it has not communicated, and will not communicate, directly or indirectly, with a prospective purchaser if such Dealer or such purchaser is within the United States or its possessions and will not otherwise involve the U.S. office of such Dealer in the offer and sale of Notes. Terms used in this paragraph have the meanings given to them by the Code and regulations thereunder, including the TEFRA C Rules.

Registered Notes

Offers, sales, resales and other transfers of Registered Notes in the United States (including offers, resales or other transfers made or approved by a Dealer in connection with secondary trading) shall be effected pursuant to an exemption from the registration requirements of the Securities Act.

Offers, sales, resales and other transfers of Registered Notes in the United States will be made only to Accredited Investors upon the delivery of an investment representation letter substantially in the form set out in Exhibit I to Appendix B of the Programme Agreement or, in the case of Registered Notes resold or otherwise transferred pursuant to Rule 144A, to institutional investors that are reasonably believed to qualify as QIBs.

Registered Notes will be offered in the United States only by approaching prospective purchasers on an individual basis. No general solicitation or general advertising (as such terms are used in Rule 502 under the Securities Act) will be used in connection with the offering of the Notes in the United States and no directed selling efforts (as defined in Regulation S) shall be used in connection therewith.

No sale of Registered Notes in the United States to any one purchaser will be for less than U.S.\$150,000 principal amount or, in the case of sales to Accredited Investors, U.S.\$250,000 principal amount and no Registered Note will be issued in connection with such a sale in a smaller principal amount. If the purchaser is a non-bank fiduciary acting on behalf of others, each person for whom it is acting must purchase at least U.S.\$150,000 or, in the case of sales to Accredited Investors, U.S.\$250,000 principal amount of Registered Notes.

Each Registered Global Note shall contain a legend stating that such Registered Global Note has not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States, that any resale or other transfer of such Registered Global Note or any interest therein may be made only:

- (a) to a Dealer;
- (b) to a qualified institutional buyer in a transaction which meets the requirements of Rule 144A;
- (c) outside the United States pursuant to Regulation S under the Securities Act; or
- (d) pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available),

and, in the case of a sale pursuant to (c) above, upon receipt by the relevant Dealer or the Issuer, as the case may be, of certification as to compliance therewith by the parties to such transfer. Resale or secondary market transfer of Registered Notes in the United States may be made in the manner and to the parties specified above. The following legend will be included on each Registered Note:

“The Notes represented by this certificate have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**” or with any securities regulatory authority of any state or other jurisdiction of the United States), and may not be offered, sold, pledged or otherwise transferred in the United States or to, or for the account or benefit of, U.S. persons except pursuant to an effective registration statement under the Securities Act or an exemption from registration under the Securities Act. The transfer of this Note is subject to certain conditions, including those set forth in the form of transfer letters available upon request from the Registrar, The Bank of New York Mellon (the “**Registrar**”). The holder hereof, by purchasing this Note, agrees for the benefit of the Issuer and the Dealers that (A) this Note may be resold only (1) to a Dealer, (2) to a qualified institutional buyer (as defined in the said Rule 144A) in a transaction that meets the requirements of Rule 144A under the Securities Act, (3) outside the United States pursuant to Rule 903 or Rule 904 of Regulation S under the Securities Act in a transaction meeting the requirements set forth in the applicable certification available from the Registrar or (4) pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available) and in each case

in accordance with any applicable securities laws of any State of the United States or any other jurisdiction and (B) the holder will, and each subsequent holder is required to, notify any purchaser of this Note from it of the transfer restrictions referred to in (A) above. No representation can be made as to availability of the exemption provided by Rule 144 under the Securities Act for resales of this Note. Any resale or other transfer, or attempted resale or other transfer, of Notes made other than in compliance with the foregoing restrictions shall not be recognised by the Issuer, the Registrar or any other agent of the Issuer.”

Furthermore, any resale or other transfer, or attempted resale or other transfer, of Registered Notes made other than in compliance with the foregoing restrictions shall not be recognised by the Issuer or any agent of the Issuer and all Registered Notes will bear a legend to this effect.

By its purchase of any Registered Notes, each investor in the United States purchasing Notes pursuant to Rule 144A shall be deemed to have agreed to the above restrictions and each such purchaser shall be deemed to have represented to the Issuer, the seller and the Dealer, if applicable, that it is a qualified institutional buyer who is aware that the sale to it is being made in reliance on Rule 144A.

In connection with its purchase of Registered Notes, each Accredited Investor shall deliver to the relevant Dealer(s) or Issuer, as applicable, a letter stating, among other things, that:

- (a) it is an Accredited Investor or, if the Notes are to be purchased for one or more institutional accounts (“investor accounts”) for which it is acting as fiduciary or agent (except if it is a bank as defined in section 3(a)(2), or a savings and loan association or other institution as described in section 3(a)(5)(A), under the Securities Act whether acting in its individual or in a fiduciary capacity), each such account is an institutional investor and an accredited investor on a like basis;
- (b) in the normal course of business, it invests in or purchases securities similar to the Notes, and it has such knowledge and experience in financial and business matters and that it is capable of evaluating the merits and risks of purchasing any of the Notes; and
- (c) it is aware that it (or any investor account) may be required to bear the economic risk of an investment in each Note for an indefinite period of time, and it (or such account) is able to bear such risk for an indefinite period. The letter will also acknowledge that the Notes have not been registered under the Securities Act and are being sold in a transaction exempt therefrom.

Each prospective purchaser of Notes offered in reliance on Rule 144A or Section 4(a)(2) of the Securities Act (“**Restricted Notes**”), by accepting delivery of the Prospectus, will be deemed to have represented and agreed as follows:

- (a) Such offeree acknowledges that the Prospectus is personal to such offeree and does not constitute an offer to any other person or to the public generally to subscribe for or otherwise acquire Notes other than pursuant to Rule 144A or Section 4(a)(2) of the Securities Act or in offshore transactions in accordance with Regulation S. Distribution of the Prospectus, or disclosure of any of its contents to any person other than such offeree and those persons, if any, retained to advise such offeree with respect thereto is unauthorised, and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited.
- (b) Such offeree agrees to make no photocopies of the Prospectus or any documents referred to herein.

Each purchaser of an interest in a Restricted Note offered and sold in reliance on Rule 144A will be deemed to have represented and agreed as follows (terms used in this paragraph that are defined in Rule 144A or in Regulation S are used herein as defined therein):

- (a) the purchaser (i) is a QIB, (ii) is aware and each beneficial owner of such Notes has been advised that the sale of such Notes to it is being made in reliance on Rule 144A and (iii) is acquiring Notes for its own account or for the account of a QIB;
- (b) the purchaser understands that such Restricted Note is being offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, such Restricted Note has not been and will not be registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold, pledged or otherwise transferred in the United States or to, or for the account or benefit of, U.S. persons except pursuant to an effective registration statement under the Securities Act or an exemption from registration under the Securities Act; and that (i) if in the future the purchaser decides to offer, resell, pledge or otherwise transfer such Restricted Note, such Restricted Note may be offered, sold, pledged or otherwise transferred only (A) to a person who the seller reasonably believes is a QIB purchasing for its own account or for the account of a QIB in a transaction meeting the requirements of Rule 144A, (B) in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S or (C) pursuant to an exemption from registration under the Securities Act provided by Rule 144 thereunder (if available) and in each of such cases in accordance with any applicable securities laws of any state of the United States or any other jurisdiction and that (ii) the purchaser will, and each subsequent holder of the Restricted Notes is required to, notify any purchaser of such Restricted Note from it of the resale restrictions referred to in (i) above and that (iii) no representation can be made as to the availability of the exemption provided by Rule 144 under the Securities Act for resale of Notes;
- (c) the purchaser understands that the Issuer, the Registrar, the Dealers and their affiliates (if any), and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements. If the purchaser is acquiring any Notes for the account of one or more qualified institutional buyers it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of each such account; and
- (d) the purchaser understands that the Notes offered in reliance on Rule 144A will be represented by the Restricted Global Note. Before any interest in the Restricted Global Note may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in the Reg. S Global Note, it will be required to provide a written certification as to compliance with applicable securities laws.

Each purchaser of Notes outside the United States pursuant to Regulation S and each subsequent purchaser of such Notes in resales prior to the expiration of the distribution compliance period, by accepting delivery of the Prospectus and the Notes, will be deemed to have represented, agreed and acknowledged that:

- (a) the purchaser is, or at the time Notes are purchased will be, the beneficial owner of such Notes and (a) it is not a U.S. person and it is located outside the United States (within the meaning of Regulation S) and (b) it is not an affiliate of the Issuer or a person acting on behalf of such an affiliate;
- (b) the purchaser understands that such Notes have not been and will not be registered under the Securities Act and that, prior to the expiration of the distribution compliance period, it will not offer, sell, pledge or otherwise transfer such Notes except (a) in accordance with Rule 144A under the Securities Act to a person that it and any person acting on its behalf reasonably believe is a QIB purchasing for its own account or the

account of a QIB or (b) in an offshore transaction in accordance with Rule 903 or Rule 904 of Regulation S, in each case in accordance with any applicable securities laws of any State of the United States;

- (c) the purchaser understands that such Notes, unless otherwise determined by the Issuer in accordance with applicable law, will bear a legend as follows:

“The Notes represented by this certificate have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States, and may not be offered, sold, pledged or otherwise transferred in the United States or to, or for the account or benefit of, U.S. persons except pursuant to an effective registration statement under the Securities Act or an exemption from registration under the Securities Act. This legend shall cease to apply upon the expiry of the period of 40 days after the completion of the distribution of all the Notes of the Tranche of which this Note forms part.”

- (d) the purchaser understands that the Issuer, the Registrar, the Dealers and their affiliates (if any), and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements; and
- (e) the purchaser understands that the Notes offered in reliance on Regulation S will be represented by the Reg. S Global Note. Prior to the expiration of the distribution compliance period, before any interest in the Restricted Global Note may be offered, sold, pledged or otherwise transferred to a person who takes delivery in the form of an interest in the Reg. S Global Note, it will be required to provide a written certification as to compliance with applicable securities laws.

Prohibition of Sales to EEA Retail Investors

If the Final Terms in respect of any Notes include a legend entitled “*Prohibition of Sales to EEA Retail Investors*”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by the Prospectus as completed by the Final Terms in relation thereto to any retail investor in the EEA. For the purposes of this provision:

- (A) the expression “**retail investor**” means a person who is one (or more) of the following:
- (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or
 - (ii) a customer within the meaning of the Insurance Distribution Directive, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
 - (iii) not a qualified investor as defined in the Prospectus Regulation; and
- (B) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

If the Final Terms in respect of any Notes do not include a legend entitled “*Prohibition of Sales to EEA Retail Investors*”, in relation to each Member State of the EEA (each a “**Member State**”), each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of the offering contemplated by the Prospectus as completed by the final terms in relation thereto to the public in that Member State except that it may make an offer of such Notes to the public in that Member State:

- (a) if the final terms in relation to the Notes specify that a Public Offer of those Notes may be made, following the date of publication of a prospectus in relation to such Notes which has been approved by the competent

authority in that Member State or, where appropriate, approved in another Member State and notified to the competent authority in that Member State, provided that any such prospectus has subsequently been completed by the final terms contemplating such Public Offer, in accordance with the Prospectus Regulation, in the period beginning and ending on the dates specified in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of that Public Offer;

- (b) at any time to any person or legal entity which is a qualified investor as defined in the Prospectus Regulation;
- (c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an “**offer of Notes to the public**” in relation to any Notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes.

Prohibition of Sales to UK Retail Investors

If the Final Terms in respect of any Notes include a legend entitled “*Prohibition of Sales to UK Retail Investors*”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of this Prospectus as completed by the Final Terms in relation thereto to any retail investor in the UK. For the purposes of this provision:

- (A) the expression “**retail investor**” means a person who is neither:
 - (i) a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA; nor
 - (ii) a qualified investor as defined in paragraph 15 of Schedule 1 to the POATR; and
- (B) the expression an “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes.

If the Final Terms in respect of any Notes do not include a legend entitled “*Prohibition of Sales to UK Retail Investors*”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not made and will not make an offer of Notes which are the subject of this Prospectus as completed by the final terms in relation thereto to the public in the UK except that it may make an offer of such Notes to the public in the UK:

- (f) at any time to any legal entity which is a qualified investor as defined in paragraph 15 of Schedule 1 to the POATR;
- (g) at any time to fewer than 150 persons (other than qualified investors as defined in paragraph 15 of Schedule 1 to the POATR) in the UK subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (h) at any time in any other circumstances falling within Part 1 of Schedule 1 to the POATR.

For the purposes of this provision, the expression “**an offer of Notes to the public**” in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to buy or subscribe for the Notes.

Australia

No prospectus or other disclosure document (as defined in the Corporations Act 2001 of the Commonwealth of Australia (“**Australian Corporations Act**”)) in relation to the Programme or any Notes has been or will be lodged with the Australian Securities and Investments Commission (“**ASIC**”) or the Australian Securities Exchange operated by ASX Limited (“**ASX**”). Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, unless the applicable Final Terms (or a supplement to the Prospectus) otherwise provides, it:

- (a) has not (directly or indirectly) offered or invited applications, and will not offer or invite applications, for issue, sale or purchase of Notes in Australia (including an offer or invitation which is received by a person in Australia); and
- (b) has not distributed or published, and will not distribute or publish, any base prospectus or other offering material or advertisement relating to any Notes in Australia,

unless the offeree or invitee is a “wholesale client” (within the meaning of section 761G of the Australian Corporations Act) and (i) the aggregate consideration payable by each offeree is at least A\$500,000 (or its equivalent in an alternate currency) (disregarding moneys lent by the offeror or its associates) or the offer otherwise does not require disclosure to investors under either Part 6D.2 or Chapter 7 of the Australian Corporations Act, (ii) such action complies with applicable laws and directives (including, without limitation, the financial services licensing requirements of Chapter 7 of the Australian Corporations Act) and (iii) such action does not require any document to be lodged with ASIC or the ASX.

Austria

Each Dealer has represented, warranted and agreed that it has not and will not offer, sell or otherwise make available any Notes to the public in Austria, except that an offer, sale or otherwise effectuation of availability of the Notes may start to be made to the part of the public not qualifying as EEA Retail Investors in Austria:

- (a) in the case of bearer Notes:
 - (i) after or simultaneously with the publication of the approved and, if applicable, modified Prospectus including any supplements and of any duly filed Final Terms, all in accordance with the Prospectus Regulation; and
 - (ii) relating to first-time offers of the Notes in Austria, after the date of filing of a notification with the notification office of the Oesterreichische Kontrollbank, all as prescribed by the Capital Market Act 2019 (“**CMA**”, *Kapitalmarktgesetz 2019*), or
- (b) in the case of bearer Notes otherwise in compliance with the Prospectus Regulation and the CMA.

Each Dealer is aware that no key information document required by the PRIIPs Regulation for offering or selling the Notes or otherwise making them available to Retail Investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any Retail Investor in Austria is unlawful under the PRIIPs Regulation.

Further, each Dealer represents, warrants and agrees that it will always act in compliance with the legend “MiFID II Product Governance” included in the Final Terms in respect of any Notes and any other MiFID II product governance and marketing rules applying to distributors of Notes towards investors in Austria (without regard whether

such distributors are qualifying in addition as manufacturers or not under such rules). Finally, each Dealer represents, warrants and agrees that it has not and will not offer any registered Notes in Austria, neither by private placement nor to the public in Austria.

For the purposes of this provision, the expression “an offer of the Notes to the public” means the communication to the public in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Notes issued by the Issuer. The expression “an offer, sale or otherwise effectuation of availability of the Notes to the part of the public not qualifying as EEA Retail Investors in Austria” means any activity enabling availability of the Notes for investors in Austria that neither qualify as (i) a retail client as defined in point (11) of Article 4(1) MiFID II nor as (ii) a customer within the meaning of the Insurance Distribution Directive where such customer would not qualify as a professional client as defined in point (10) of Article 4(1) MiFID II nor as (iii) not a qualified investor as defined in the Prospectus Regulation (see “*IMPORTANT NOTICES– PROHIBITION OF SALES TO EEA RETAIL INVESTORS*” above).

Belgium

Unless the Final Terms in respect of any Notes specifies “*Prohibition of Sales to Belgian Consumers*” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold or otherwise made available and that it will not offer or sell or otherwise make available the Notes to consumers (*consumenten/consommateurs*) within the meaning of the Belgian Code of Economic Law (*Wetboek economisch recht/Code de droit économique*), as amended.

In Belgium, Notes shall not be physically delivered, except to a clearing system, a depository or another institution for the purpose of their immobilisation in accordance with article 4 of the Belgian law of 14 December 2005 abolishing bearer securities.

France

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that:

(i) Non-Exempt PR Notes:

it has only offered and will only offer Non-Exempt PR Notes in France and it has distributed or caused to be distributed and will distribute or cause to be distributed to the public in France, the Prospectus, the relevant Final Terms or any other offering material relating to the Non-Exempt PR Notes in the period (i) beginning on the date of publication of the Prospectus in relation to those Non-Exempt PR Notes which has been notified to the *Autorité des Marchés Financiers* in France and (ii) ending at the latest on the date which is twelve (12) months after the date of approval of the Prospectus, all in accordance with applicable French law or regulation; or

(ii) Private placement:

unless the Final Terms in respect of any Notes specify France as Public Offer Jurisdiction, it has only offered or sold and will only offer or sell, directly or indirectly, any Notes to qualified investors (*investisseurs qualifiés*) in France as referred to in Article L.411-2 of the French *Code monétaire et financier* and defined in Article 2(e) of Prospectus Regulation, and it has only distributed or caused to be distributed to such qualified investors in France, the Prospectus, the relevant Final Terms or any other offering material relating to the Notes.

Canada

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that, with respect to the Notes issued by the Issuer:

- (a) the sale and delivery of any such Notes to any purchaser who is a resident of Canada or otherwise subject to the laws of Canada or who is purchasing for a principal who is a resident of Canada or otherwise subject to the laws of Canada (each such purchaser and principal, a “**Canadian Purchaser**”) by such Dealer shall be made so as to be exempt from the prospectus requirements of all applicable securities laws in the provinces and territories of Canada (the “**Canadian Securities Laws**”);
- (b) any resale of Notes acquired by a Canadian Purchaser must be made in accordance with Canadian Securities Laws, which may vary depending on the relevant jurisdiction, may require resales to be made in accordance with Canadian prospectus requirements or exemptions therefrom and such resale restrictions may under certain circumstances apply to resales of the Notes outside of Canada;
- (c) each Canadian Purchaser, or any ultimate purchaser for whom such purchaser is acting as agent, is entitled under applicable Canadian Securities Laws to purchase the Notes without the benefit of a prospectus qualified under Canadian Securities Laws, was not created or used solely to purchase or hold the Notes as an “accredited investor” as described in paragraph (m) of the definition of “accredited investor” in section 1.1 of National Instrument 45-106 *Prospectus Exemptions* (“NI 45-106”), and without limiting the generality of the foregoing is purchasing or deemed to be purchasing as principal and is: (a) is an “accredited investor” as defined in section 1.1 of NI 45-106 or in Ontario, subsection 73.3 (1) of the Securities Act (Ontario); and (b) is a “permitted client” as defined in section 1.1 of National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations* (“NI 31-103”); and
- (d) each individual purchaser of Notes will be deemed to have represented to and agreed with the Issuer, and the Dealer from whom such purchase confirmation was received, that the Issuer may be required to file reports with applicable securities commissions or other securities regulatory authorities regarding the offering of the Notes and the purchaser acknowledges that such reports will require the Issuer to disclose the purchaser’s full legal name, residential address, telephone number and email address (where available), the number of Notes that the purchaser has purchased, the total purchase price of such Notes, the date of trade and specific details of the prospectus exemption relied upon under Canadian Securities Laws to complete such trade, including how the purchaser qualifies for such exemption. The purchaser consents to the disclosure of such information and acknowledges that, where required by applicable Securities Laws, such information may be made available to the public.

Certain Relationships and Related Transactions

Pursuant to section 3A.3 of National Instrument 33-105 *Underwriting Conflicts* (“NI 33-105”), any offerings under the Prospectus will be conducted in reliance upon an exemption from the disclosure requirements that may otherwise apply to underwriter conflicts of interest under subsection 2.1(1) of NI 33-105.

Rights of Action for Damages or Rescission

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if the Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

Enforcement of Legal Rights

The Issuer is organised under the laws of the Netherlands. All or substantially all of the Issuer's directors and officers, as well as certain of the experts named herein, may be located outside of Canada and, as a result, it may not be possible for Canadian Purchasers to effect service of process within Canada upon the Issuer or such persons. All or a substantial portion of the assets of the Issuer and such other persons may be located outside of Canada and, as a result, it may not be possible to satisfy a judgement against the Issuer or such persons in Canada or to enforce a judgement obtained in Canadian courts against the Issuer or persons outside of Canada.

Upon receipt of this document, each Canadian Purchaser hereby confirms that it has expressly requested that all documents evidencing or relating in any way to the sale of the securities described herein (including for greater certainty any purchase confirmation or any notice) be drawn up in the English language only. *Par la réception de ce document, chaque investisseur canadien confirme par les présentes qu'il a expressément exigé que tous les documents faisant foi ou se rapportant de quelque manière que ce soit à la vente des valeurs mobilières décrites aux présentes (incluant, pour plus de certitude, toute confirmation d'achat ou tout avis) soient rédigés en anglais seulement.*

Hong Kong

In relation to each Tranche of Notes issued by the Issuer, each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

- (i) it has not offered or sold and will not offer or sell in Hong Kong, by means of any document, any Notes (except for Notes which are a "structured product" as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the "**SFO**")) other than (a) to "professional investors" as defined in the SFO and any rules made under the SFO; or (b) in other circumstances which do not result in the document being a "prospectus" as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong (the "**C(WUMPO)**") or which do not constitute an offer to the public within the meaning of the C(WUMPO); and
- (ii) it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue, whether in Hong Kong or elsewhere, any advertisement, invitation or document relating to the Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" as defined in the SFO and any rules made under the SFO.

IMPORTANT NOTICE TO CAPITAL MARKET INTERMEDIARIES (INCLUDING PRIVATE BANKS) PURSUANT TO PARAGRAPH 21 OF THE HONG KONG SFC CODE OF CONDUCT

This notice to CMIs (including private banks) is a summary of certain obligations the SFC Code imposes on CMIs, which require the attention and cooperation of other CMIs (including private banks). Certain CMIs may also be acting as OCs for the relevant CMI Offering and are subject to additional requirements under the SFC Code. The application of these obligations will depend on the role(s) undertaken by the relevant Dealer(s) in respect of each CMI Offering.

Prospective investors who are the directors, employees or major shareholders of the relevant Issuer, a CMI or its group companies would be considered under the SFC Code as having an Association with the relevant Issuer, the CMI or the relevant group company. CMIs should specifically disclose whether their investor clients have any Association when submitting orders for the relevant Notes. In addition, private banks should take all reasonable steps

to identify whether their investor clients may have any Associations with the relevant Issuer or any CMI (including its group companies) and inform the relevant Dealers accordingly.

CMIs are informed that, unless otherwise notified, the marketing and investor targeting strategy for the relevant CMI Offering may include institutional investors, sovereign wealth funds, pension funds, hedge funds, family offices and high net worth individuals, in each case, subject to the selling restrictions and any MiFID II product governance language or any UK MiFIR product governance language set out elsewhere in this Offering Circular and/or the applicable Final Terms.

CMIs should ensure that orders placed are *bona fide*, are not inflated and do not constitute duplicated orders (i.e. two or more corresponding or identical orders placed via two or more CMIs). CMIs should enquire with their investor clients regarding any orders which appear unusual or irregular. CMIs should disclose the identities of all investors when submitting orders for the relevant Notes (except for omnibus orders where underlying investor information may need to be provided to any OCs when submitting orders). Failure to provide underlying investor information for omnibus orders, where required to do so, may result in that order being rejected. CMIs should not place “X-orders” into the order book.

CMIs should segregate and clearly identify their own proprietary orders (and those of their group companies, including private banks as the case may be) in the order book and book messages.

CMIs (including private banks) should not offer any rebates to prospective investors or pass on any rebates provided by the relevant Issuer. In addition, CMIs (including private banks) should not enter into arrangements which may result in prospective investors paying different prices for the relevant Notes. CMIs are informed that a private bank rebate may be payable as stated above and in the applicable Final Terms, or otherwise notified to prospective investors.

The SFC Code requires that a CMI disclose complete and accurate information in a timely manner on the status of the order book and other relevant information it receives to targeted investors for them to make an informed decision. In order to do this, those Dealers in control of the order book should consider disclosing order book updates to all CMIs.

When placing an order for the relevant Notes, private banks should disclose, at the same time, if such order is placed other than on a “principal” basis (whereby it is deploying its own balance sheet for onward selling to investors). Private banks who do not provide such disclosure are hereby deemed to be placing their order on such a “principal” basis. Otherwise, such order may be considered to be an omnibus order pursuant to the SFC Code. Private banks should be aware that placing an order on a “principal” basis may require the relevant affiliated Dealer(s) (if any) to categorise it as a proprietary order and apply the “proprietary orders” requirements of the SFC Code to such order and will result in that private bank not being entitled to, and not being paid, any rebate.

In relation to omnibus orders, when submitting such orders, CMIs (including private banks) that are subject to the SFC Code should disclose underlying investor information in respect of each order constituting the relevant omnibus order (failure to provide such information may result in that order being rejected). Underlying investor information in relation to omnibus orders should consist of:

- The name of each underlying investor;
- A unique identification number for each investor;
- Whether an underlying investor has any “Associations” (as used in the SFC Code);

- Whether any underlying investor order is a “Proprietary Order” (as used in the SFC Code);
- Whether any underlying investor order is a duplicate order.

Underlying investor information in relation to omnibus order should be sent to the Dealers named in the relevant Final Terms.

This Securities Note is confidential. It is addressed solely to and is for the exclusive use of the person to whom it is given, and must not, without the prior written consent of the offeror, be issued, circulated or distributed in Singapore, to any other person in Singapore. Nevertheless, investors should take into consideration that the Issuer has not verified the information published by third parties. Therefore, the Issuer does not guarantee or assume any responsibility for the accuracy of the data, estimates or other information taken from sources in the public domain. Calculation of Yield

The yield for any particular Series of Fixed Rate Notes will be specified in the applicable Final Terms and will be calculated on the basis of the compound annual rate of return if the relevant Notes were to be purchased at the Issue Price on the Issue Date and held to maturity. Set out below is the formula for the purposes of calculating the yield of Fixed Rate Notes.

$$\text{Issue Price} = \text{Rate of Interest} \times \frac{1 - \left(\frac{1}{(1 + \text{Yield})^n}\right)}{\text{Yield}} + \left[\text{Final Redemption Amount} \times \frac{1}{(1 + \text{Yield})^n} \right]$$

Where:

“**Rate of Interest**” means the Rate of Interest expressed as a percentage as specified in the applicable Final Terms and adjusted according to the frequency i.e. for a semi-annual paying Note, the Rate of Interest is half the stated annualised Rate of Interest in the Final Terms;

“**Yield**” means the yield to maturity calculated on a frequency commensurate with the frequency of interest payments as specified in the applicable Final Terms; and

“**n**” means the number of interest payments to maturity.

Set out below is a worked example illustrating how the yield on a Series of Fixed Rate Notes could be calculated on the basis of the above formula. It is provided for purposes of illustration only and should not be taken as an indication or prediction of the yield for any Series of Notes; it is intended merely to illustrate the way which the above formula could be applied.

Where:

n = 5

Rate of interest = 3.00%

Issue Price = 104.71%

Final Redemption Amount = 100%

$$104.71 = 3.00 \frac{1 - \left[\frac{1}{(1 + \text{Yield})^5} \right]}{\text{Yield}} + \left[100 \times \frac{1}{(1 + \text{Yield})^5} \right]$$

Yield = 2.00% (calculated by iteration)

The yield specified in the applicable Final Terms in respect of a Series of Fixed Rate Notes will not be indication of future yield.

Description of the Groenregeling

As of 1 July 2024, the Dutch tax authorities have qualified the Issuer as a ‘green bank’ (*groenbank*) for Dutch tax purposes. As a result of this qualification, Notes issued under the Programme for which it is so indicated may provide Noteholders resident in the Netherlands with certain potential tax advantages under the Groenregeling. The Groenregeling is a combination of tax measures that stimulate investments which are important for the protection of the environment, including nature and forest. The regulations came into force on 1 January 1995. As of 2001, the tax measures that simulate these investments are incorporated in Articles 5.13, 5.14 and 8.19 of the Dutch Income Tax Act 2001 (*Wet inkomstenbelasting 2001*). Since the introduction of the Groenregeling, a substantial number of sustainable environmental projects have been established.

In essence, the Dutch government wishes to stimulate investments in “green projects” (*groene projecten*) through the Groenregeling. Therefore, the objective of the Groenregeling is to stimulate private savers and investors to support green projects, by offering a beneficial tax treatment for individuals in Box I (income from labour and owned housing (*inkomsten uit werk en woning*)) and Box III (the benefits from savings and investments (*voordeel uit sparen en beleggen*)). This benefit for private individuals consists of a levy rebate (*heffingskorting*) in Box I and a maximised exemption of the yield basis (*rendementsgrondslag*) in Box III. Investors are, therefore, willing to accept

a lower return on their investment and the Issuer can offer lower interest rates for certified green projects. In this way, the Groenregeling stimulates the development of green projects, which offer a positive return, but which are considered less attractive, because returns are normally less than the market return. The fiscal relief is designed to give investors an incentive to invest in green projects.

However, as part of the Tax Plan 2025 (*Belastingplan 2025*) the Groenregeling will be abolished as a result of which the tax benefits currently available to investors under this regime will no longer apply as from 1 January 2027.
